The general area covered by this checklist includes Walker Ridge, Indian Valley, and Bear Valley in Lake and Colusa counties. The original Walker Ridge checklist was compiled by J. P. Smith and J. O. Sawyer for a North Coast Chapter, California Native Plant Society, field trip. To this we have added collections made by the Advanced Plant Taxonomy students at HSU and plants from these sources:

Clark, G. M. & D. L. Magney. 1994. Vascular plants of Bear
