HUMBOLDT STATE COLLEGE

sempervirens

JOHN P. C. McMURRAN
Editor

EDITOR'S MESSAGE

THE "SEMPERVIRENS," LIKE HUMBOLDT STATE COLLEGE, IS in a period of growth and development. It has been our aim this year to enlarge the quality rather than the quantity. The book is divided into the typical college day, with the appropriate activities under each section. It is an attempt to tell the story of the year in a well-balanced and interesting manner so that your "Sempervirens" will be a reference of the events of your college days in this academic year.

We would not be able to publish a yearbook if it was not for the financial support of the business and professional men of Humboldt County. Special credit should go to the Art Department of H.S.C. for the line cuts throughout the annual and Lanore Cady for the cover design. Contributing artist on special effects is Virginia Anderson. Our official photographers are Mrs. Dolly Handley and Mr. David Valencia of Redwood Studios, Arcata, California. On behalf of the staff of the "Sempervirens 1951," I wish to thank everyone whose generous help and co-operation has made this yearbook possible.

DR. CORNELIUS SIEMENS
President of Humboldt State College

OUR PRESIDENT

OUR NEW PRESIDENT, DR. CORNELIUS H. SIEMENS . . . CAPAble . . . aggressive . . . well-liked . . . was appointed by the State Board of Education to guide the destinies of Humboldt State College as it begins the second half of the 20th Century.

Dr. Siemens has a broad background of training and experience. His record shows that he has held positions as a teacher in high school . . . junior college . . . and college. He has been a science supervisor . . . teacher trainer . . . and college professor . . . and was director of Compton College for a total of four years. Compton College has an enrollment of 5,500 students. Dr. Siemens has taken his three academic degrees at the University of California . . . Berkeley . . . with a major in mathematics, physics, and school administration. At the age of 39 . . . Dr. Siemens becomes the youngest college president in the State of California.

During his first year at Humboldt State College, President Siemens has launched a vigorous program of improvements and expansion . . . including such "little" things as painting the halls, to such "big" things as turning Varsity Hall into a Student Union. The adoption of the Campus Master Plan will call for thirteen additional buildings with an expenditure of $5,000,000. Programs of student recruitment and retention were launched to build a larger enrollment at H.S.C. Student Body organizations and activities have increased in scope . . . spirit . . . and quality.

Dr. Siemens has made a profound impression upon this college and its community. His strength . . . determination . . . vigor . . . keen interest . . . and appreciation of the problems involved have been felt in every phase of college life . . . where his concrete and worthwhile suggestions and programs have improved these same phases to a high degree. Dr. Siemens . . . a good speaker and writer . . . holds the confidence and admiration of the students of his college. His growing popularity extends from the college to the community . . . where he has won the respect of the people of Humboldt County.

Our president is an educational leader . . . having served on the State Advisory Committee on Technical Education and on the Board of Trustees of the California Society of Secondary Education. While at Compton, he was active in many phases of community life . . . and continues to lend his support to such activities here at Humboldt State College.

Dr. Siemens is more than just a president to the students of H.S.C. . . . he is a friend . . . advisor . . . confidant . . . counselor . . . patient listener to the problems of youth. Humboldt State College is going forward . . . forward on a keynote of improvement and expansion . . . from such tangibles as new buildings to such intangibles as spirit and feeling . . . students . . . teachers . . . administrators . . . employees stand solidly behind this program and our president.

KRIS BROWN
SEMPERVIRENS SWEETHEART

MR. JON WHITCOMB

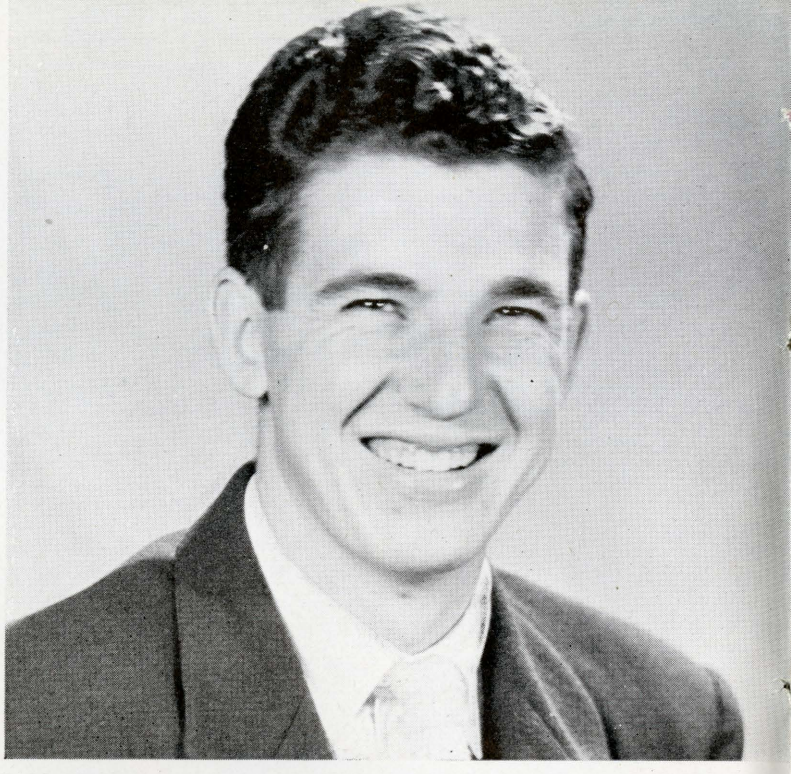
THE CHOOSING OF A "SEMPERVIRENS SWEETHEART" IS A tradition that is only two years old . . . yet in this short span it has attained an honored and respected place at Humboldt State College. The annual staff selects thirteen girls, whom they consider to be the most glamourous attending H.S.C., to be contestants for the title. The girls then have their pictures taken and the photos are sent to our "expert of the year" to be judged. The "Sweetheart" is crowned at the annual "Sempervirens Coronation Assembly."

When it came time to decide who would be qualified to be the 1951 "expert," following in the footsteps of Mr. John Robert Powers, the staff unanimously wanted to ask Mr. Jon Whitcomb if he would consent to make the decision. Mr. Whitcomb is one of America's foremost artists and illustrators . . . and his work is to be found in such "slick" magazines as McCalls, and the Ladies Home Journal. He is decidedly the top illustrator in his field today . . . and is ranked among the seven best artists in America. In his profession, he must be able to judge beauty . . . he is and must be an expert on the subject.

Our thirteen contestants for 1951 were Peggy Lou Hunt, Marsha Bartlett, Betty Walter, Helen Gross, Nancy Balabanis, Nancy Ford, Ella Guthridge, Dawn English, Pat McKinnon, Ann Colosimo, Helen Brumfield, Kris Brown, and Virginia Anderson. Our "Sempervirens Sweetheart of 1950" was Miss Nancy Jacobsen. Contestants of 1950 now attending H.S.C. are Rita Prudeck, Barbara Hackett, Carol Mae Jackman, and Pat Crowe. Participation in this contest is limited to one year.

THE MAN OF THE YEAR

Carl Jensen has been chosen the "Sempervirens" Man of the Year in recognition of his service to his college and community, leadership, citizenship, and scholarship. A junior at Humboldt State College, Jensen has been very active in the field of journalism. He is past co-editor and business manager of the "Lumberjack." He has also served on the Student Council, and was chairman of the 1950 Homecoming Committee, a job that entails much organizational ability. Jensen, who attended Columbia University during his sophomore year, is a member of the Greater Humboldt Committee, and the World Government Discussion Group.



CARL JENSEN

SEMPERVIRENS HONOR AWARDS

CAROL BECK

THE WOMAN OF THE YEAR

Elected the Woman of the Year by the staff of the "Sempervirens," Carol Beck is one of the busiest women on the campus. She is president of the women of Nelson Hall, a member of the honorary dramatic society, Alpha Psi Omega, Literary Editor of the "1951 Sempervirens," and is a past president of the Women's Athletic Association. Carol has played leading roles in most of the major college dramatic productions, the latest of which was "All My Sons." In her third year at Humboldt State College, she is also a member of C.S.T.A. and the Greater Humboldt Committee.

MISS KATE BUCHANAN

A TRIBUTE TO KATE

A SMILE . . . LIKE THE REFLECTIONS OF THE MORNING SUN in a thousand little raindrops. A smile . . . that lights from within the tremendous heart beneath that lapel pin . . . ready at the sight of a need . . . ready to dance forth two twinkling eyes that say . . . I want to know you because I'll like you.

A keen insight . . . into the wondrous mechanism of the human mind and into the technique of the human heart.

An understanding . . . of despair and the spot to place a helping hand.

Knowledge . . . deep as from a spring-fed pool of droplets of experience, spilling over with the balm of kindness.

Love of living and sharing:

A picnic on a hill and the smell of an open fire.

Games and laughter shared with youth.

The art of make believe in a quaint straw hat, painted freckles and a blacked-out tooth.

The quiet appreciation of music.

The genuine enjoyment of skillfully and artfully placed daubs of paint on a canvas.

The thrill in line and movement of sculpture she knows and loves.

Swept along on the wings of her spontaneity rides her skill of interpretation of words in black and white on the pages of her poetry books.

From her heart comes the love and understanding of one human being to another . . . of our friend for us . . . our Dean of Women, Kate Buchanan . . . to her this book is dedicated

THE PRESIDENT'S INAUGURATION

May 3 and May 4, 1951

Highlighting this college year was the inauguration of our President, the Hon. Cornelius H. Siemens. Preceding the official ceremonies was a meeting of the Presidents of the State Colleges of California, the first time that such a meeting has ever been held on the campus of Humboldt State College. The Humboldt State College Advisory Board was also installed at this time. Many official and honored guests came to the campus to honor Dr. Siemens upon this occasion.

Democracy In Every Day Life

Few people realize what a tremendous job the Student Council does at Humboldt State College. Advised by Mr. Hickman and Dr. Christensen and presided over by Merwyn Rickey, Student Body President, the council is responsible for handling all the business of the Associated Students.

One of the big projects this year was the re-writing of the constitution, closely followed by a balancing of the budget directed by Don Bouey, Student Body Treasurer. A Co-Ordinating Council under Kent Merrill was set up to assist in the activity program. Student body cards were sold on a deferred payment plan, and special forums were held to acquaint the freshmen with Student Council procedure.

CARL JENSEN AND CHARLOTTE MARKS

The "Lumberjack" has been published bi-weekly by the Associated Students of H.S.C., and run by Carl Jensen and Charlotte Marks. Miss Marks has been editor for two semesters, while Mr. Jensen has served as co-editor and business manager. Their combined talents plus an active staff produced one of the best "Lumberjack" seasons that we have ever had at Humboldt. The publication is advised by Mr. W. Thurston Womack.

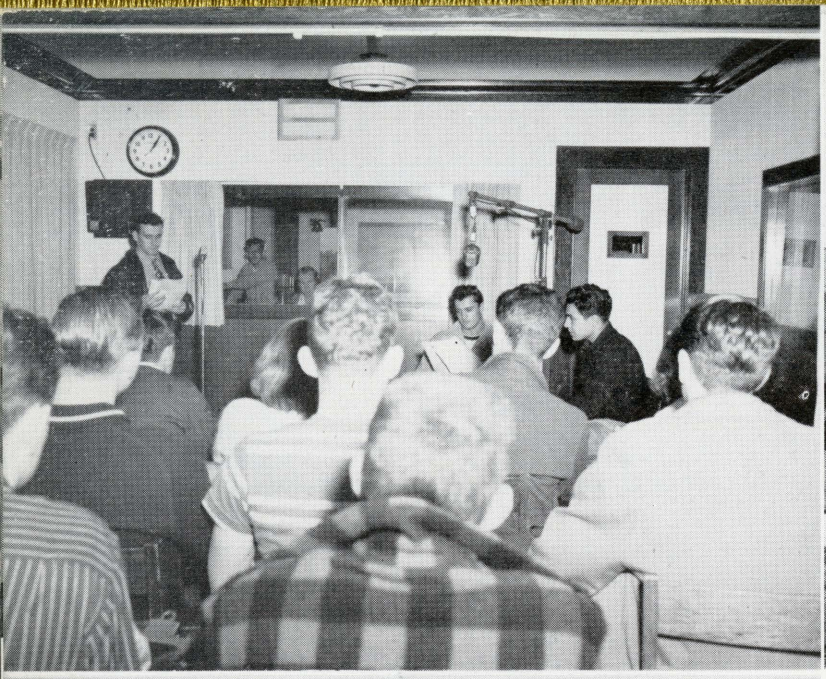
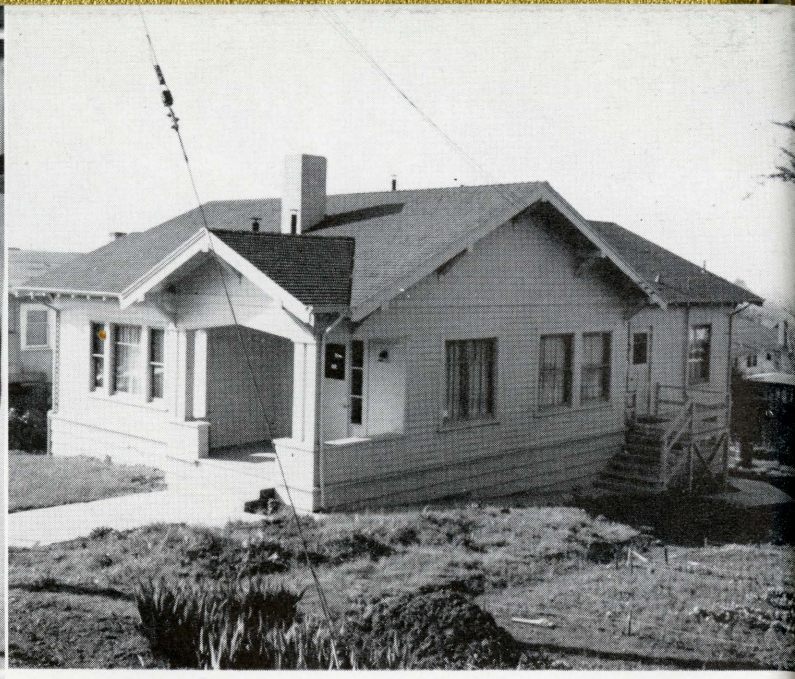
DONNA COLE
FRESHMEN SWEETHEART



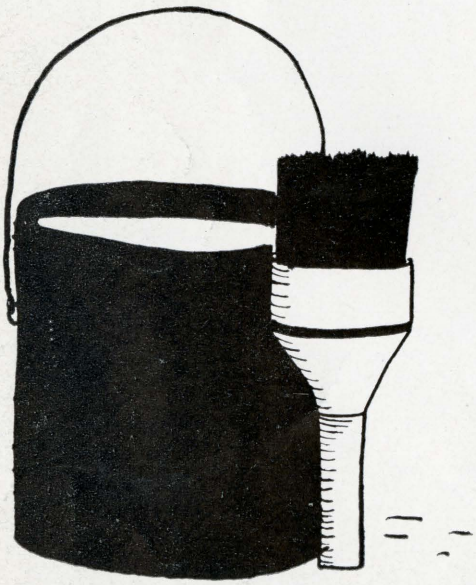


KHSC

KHSC, the voice of Humboldt, is one of our most remarkable campus institutions. Directed by Rod Shepherd, it has developed into one of the best "college" radio stations in California, coupled with a progressive educational program in radio techniques. This is a student-operated enterprise . . . rendering public service to H.S.C. and the community at large. Much of the credit for the smooth operations should go to Myrell Parry, who did an exceptional job as head engineer.

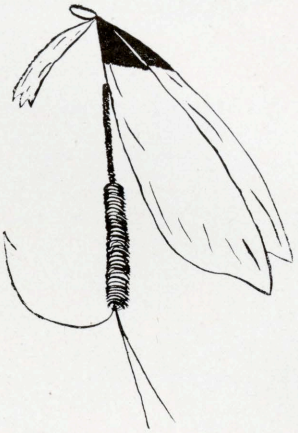
A house near the campus was bought by the state to take the place of the condemned studio formerly outside the administration building. Hours of work and planning turned this house into a real radio station . . . complete with record rooms and files, offices, stage and auditorium, control room, etc. The pictures you see on this and the opposite page show some of the work that is being done and the equipment used. You see a sampling of the audience participation shows . . . Mr. Shepherd at the "mike" with the control room in the background . . . an outside shot of the building . . . record sorting . . . a shot of the control board, etc.

Here at KHSC students have the opportunity to learn all phases of radio, from announcing to engineering. In fact, several are now working at commercial radio stations. One of the most popular courses offered at Humboldt is Radio Workshop, which may be taken for either one, two, or three units. In this class students have the opportunity to work on special problems. This department, which is still growing, is an outstanding success in educating to live and to learn.

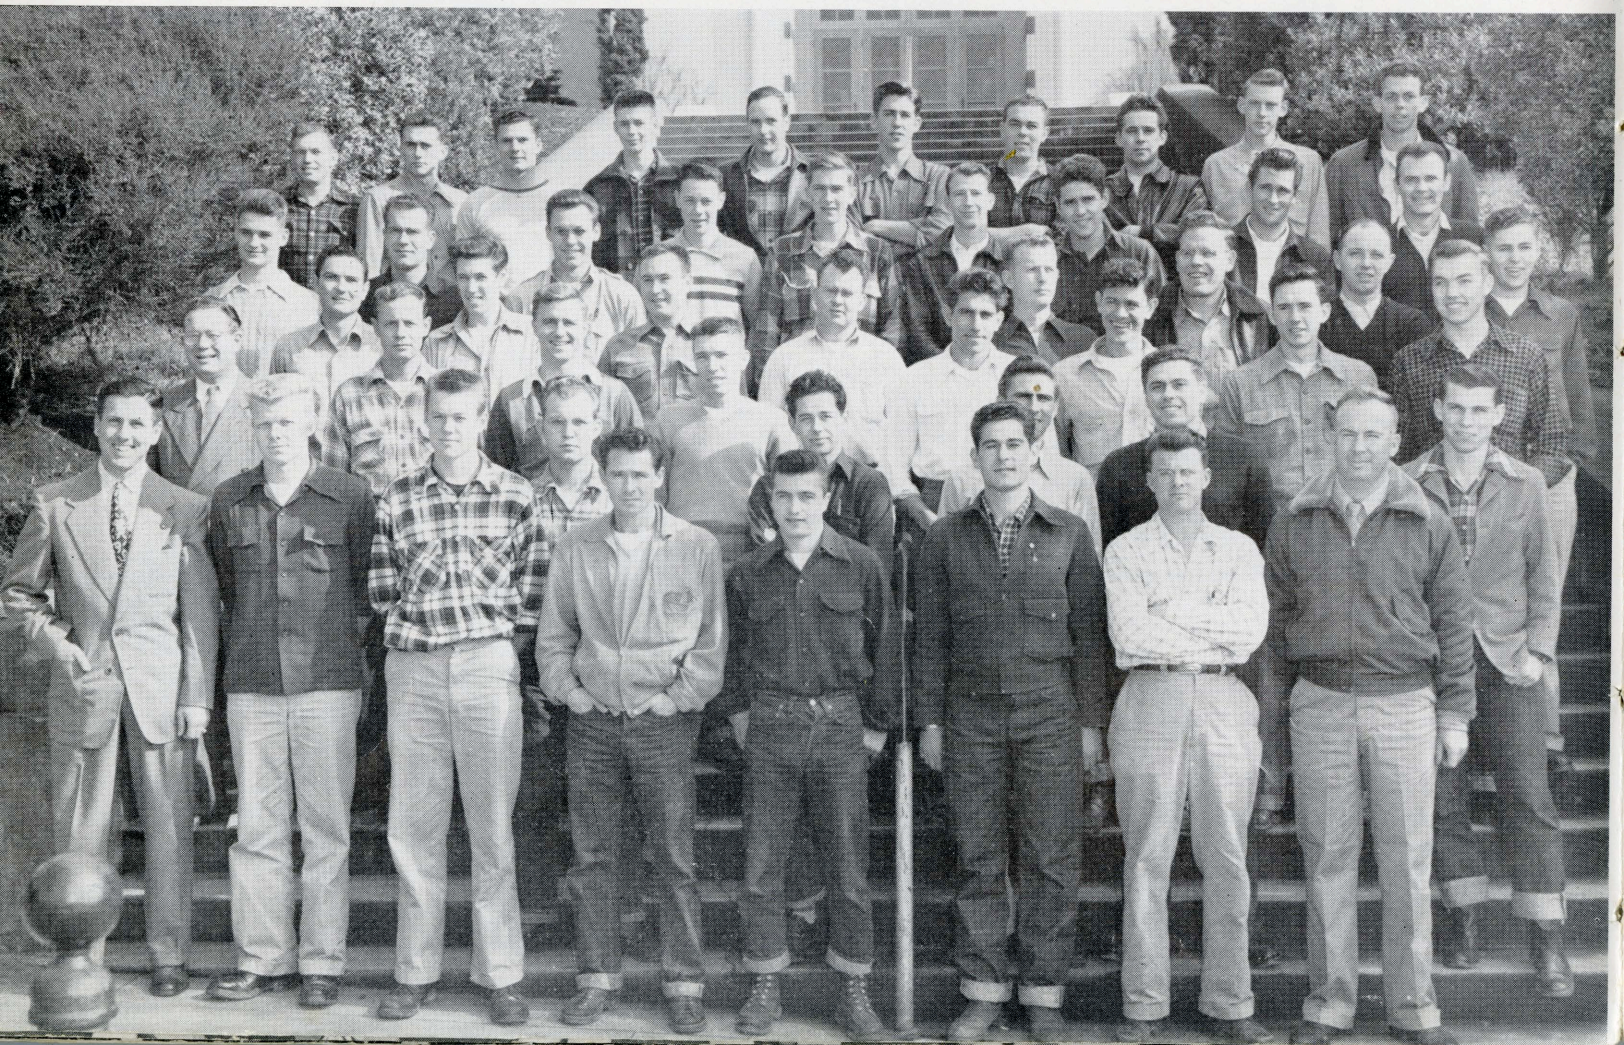


The Voice of Humboldt

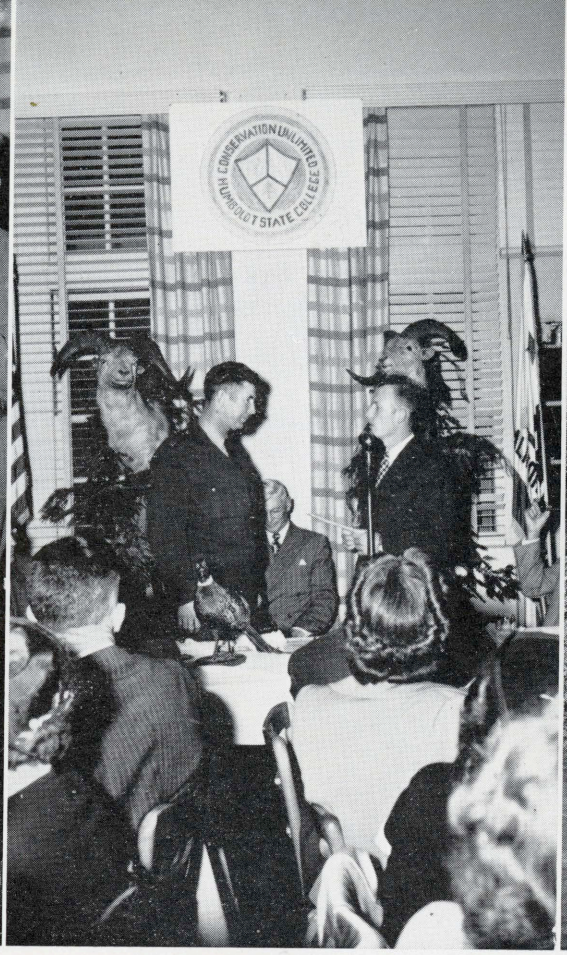
Conservation Unlimited barn dance at Homecoming.



Conservation Unlimited



Betty Walter, Conservation Unlimited's Homecoming Queen candidate.



Leslie Lahr is presented with an honorary membership.

Wildlife Week display in the main hall.

Conservation Unlimited, an organization for those taking work in fish and game management . . . advised by Mr. John DeWitt and Dr. Fred Glover . . . led by Jim Yokum, president . . . is the largest and most active organization on the campus. Activities for the year included pheasant checking in the Sacramento and San Joaquin valleys with 32 men taking part . . . fish and game field trips . . . annual party with the Home Economics club . . . running the fish hatchery and raising more pheasants . . . stream clearance at Squaw Creek and duck banding at Arcata Bottom. The highlight of the year was Wildlife Week and the annual Conservation Unlimited banquet and a visit from Dr. Starker A. Leopold, internationally known expert from the University of California.

Humboldt State College is in a unique position to embark upon an ambitious wildlife management program. Our natural terrain is exceptionally suited for this kind of work. The courses offered here on our campus draw students from all parts of the United States. This department is a great asset to the community, and besides co-operating with the Division of Fish and Game, has offered training to the Boy Scouts in ornithology and taxidermy. Assisting the president were Ned Dollahite, vice president, Ken Teberg and Howard Cramblet, secretaries, and Roland Desrosiers, treasurer.

Dr. Fred Glover, Dr. Starker A. Leopold, and Dr. Cornelius Siemens after the Wildlife Week assembly.

GAY AND GLORIOUS HOMECOMING

FESTIVE HOMECOMING . . . THE BIG WEEK END ON THE LUMberjack calendar . . . highlighted by the return of our alumni to their hillltop Alma Mater . . . enthusiastic . . . well-planned . . . traditional.

The program was filled with exciting events . . . Friday featured registration and open house managed by the C.S.T.A. . . . the Freshman Class and the Rally Committee sponsored a bonfire rally and entertainment . . . the Homecoming Assembly was held in the C.E.S. Auditorium directed by the Division of Fine and Applied Arts . . . Conservation Unlimited put on a barn dance complete with a hay ride.

Saturday the gaiety continued . . . the annual bean feed was held in the hall of the Administration Building sponsored by the Home Economics girls . . . a large caravan of cars, starting at the parking lot, went to Eureka for a rally . . . Redwood Bowl was the scene of the football game between Southern Oregon and Humboldt State, with the Red Raiders as winners . . . to top the evening off, the Homecoming Dance was held in the gym . . . beautiful . . . and fun.

Queen of Homecoming was Helen Gross . . . graduate of Arcata High School, sophomore at Humboldt State where she is majoring in art. Maid of Honor, Kris Brown, also graduated from Arcata and is a freshman majoring in nursing . . . both girls are song queens . . . were chosen by an alumni committee of five at a college assembly. Court composed of twelve girls.

Contestants were as follows . . . Eileen Silva, Choir . . . Carol Luster, Sempervirens . . . Verdine Waight, Block H Society . . . Beverly Matthews, Nelson Hall . . . Marrianne Merrick, Sophomore Class . . . Shirley Pitlock, Mu Epsilon Psi . . . Yvonne Morrison, Choir . . . Betty Walter, Conservation Unlimited . . . Kris Brown, Knights . . . and Helen Gross, Art Society . . . President Siemens crowned the Queen.

The week end was very successful . . . alumni greeted old friends and visited on campus . . . students had a wonderful time . . . keynote of the entire affair was co-operation . . . it was co-operation given willingly by students, administration, faculty, and alumni that made this Homecoming possible.

Faculty cavorts at Bonfire Rally.

Finale to Homecoming Skit at assembly.

As we near our publication date we have received word of the official resignation of Mr. Ted Staffler as head football coach at Humboldt State College. Mr. Staffler, who has been with us for two years, has resigned to accept a public relations post with the lumber industry.

Replacing Mr. Staffler as head football coach, is Mr. Phil Sarboe, former head coach and an alumnus of Washington State College. Mr. Sarboe comes to Humboldt with a number of years of experience in the athletic field at various institutions and has a very enviable record. He also is serving as coach of the baseball and golf teams during the spring semester.

A "warm-up" practice in the gym.

Minor Sports

Humboldt State College offers a fine program of intermural sports for women and men. The program for men includes boxing, golf, bowling, tumbling, trampoline, tennis, archery, wrestling, badminton, swimming, and the opportunity to play on the junior varsity teams. An excellent body-building and weight-lifting program has been developed by Mr. Jack Norton. The two main spring sports, track and baseball, are given major attention, but we miss them because of our deadline. One of the remarkable features of this program is the individual attention that is given to the students by all instructors.

Miss Kay Gott is in charge of the physical education program for women, which is just as extensive as that for the men. One of the highlights is the complete set of dancing courses offered, both ballroom, folk, and modern. The girls can participate in a variety of sports, including ping-pong, badminton, basketball, volleyball, tennis, bowling, tumbling, trampoline, golf, archery, swimming, and many others. The Women's Athletic Association, guided by president Irma Watts, has been sponsoring a program of intermural sports with play-offs at noon.

Hampered by injuries, enlistments, and the draft, Humboldt State College was lucky to have any basketball season at all in 1950-1951. However, directed by Coach Jack Whetstone, who is also Director of Athletics, the Lumberjacks got off to a good start with practice held almost as soon as school was in session at the start of the fall semester. Everything was going fine until the Korea emergency and the need for men in the armed services. The men who had to drop out could not be replaced with experienced reserves. The team went to the California State College basketball tournament held in Los Angeles, December 19-21, where Ken Dunaway, senior Humboldt forward, set a new tournament scoring record with 28 points to his credit.

Yell Leaders

Pat Shaffer and Jo Meyerhoffer

Our yell leaders and song queens have done much to raise the spirit of the H.S.C. Student Body and have provided "color" at the athletic events. Holding one of the most thankless jobs in student government, these students have done their work remarkably well. Snappy uniforms . . . yells . . . formations . . . have been the keynote of the season.

Song Queens

Helen Gross, Kris Brown, Bernice Helm, and Donna Cole

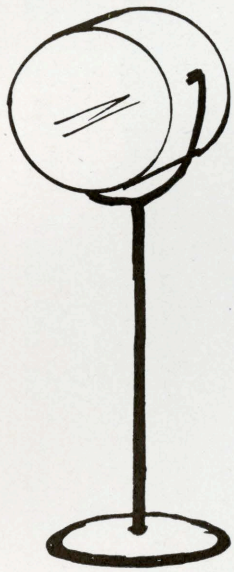
"The Play Is the Thing"

Humboldt State College is fortunate in possessing such a complete program for students interested in speech, radio, and drama. Training is available in almost any specialized field within this division. The auditorium and stage have recently been completely renovated and space has been provided for adequate costume and set storage. Facilities for lighting have been vastly improved, an indispensable part of any production.

The program here is headed by Dr. Don Karshner, Chairman of the Division of Fine and Applied Arts, while Mr. John Van Duzer is technical director. The major production of the 1950-51 season was the very successful play by Arthur Miller, "All My Sons," directed by Mr. Rod Shepherd, with Alfred Braun as student director. During the past few years, Humboldt State College has instituted a program of studio productions, whereby graduate and undergraduate students of speech and drama get experience in producing plays for the college and the community. Recent three-act graduate productions have been "Candida," directed by Zatha Tallman, and "The Silver Whistle," directed by Jane Morgan. The college plans to present a series of five one-act productions during the spring semester.

A highlight of the year is the drama festival in the spring. This is attended by high schools of Northern California and many community groups. Chico State College and Humboldt State College regularly send a production to each other's campus. This semester, "All My Sons" will travel to Chico. "All My Sons" was voted the best play of 1947 and has been produced in movie form.

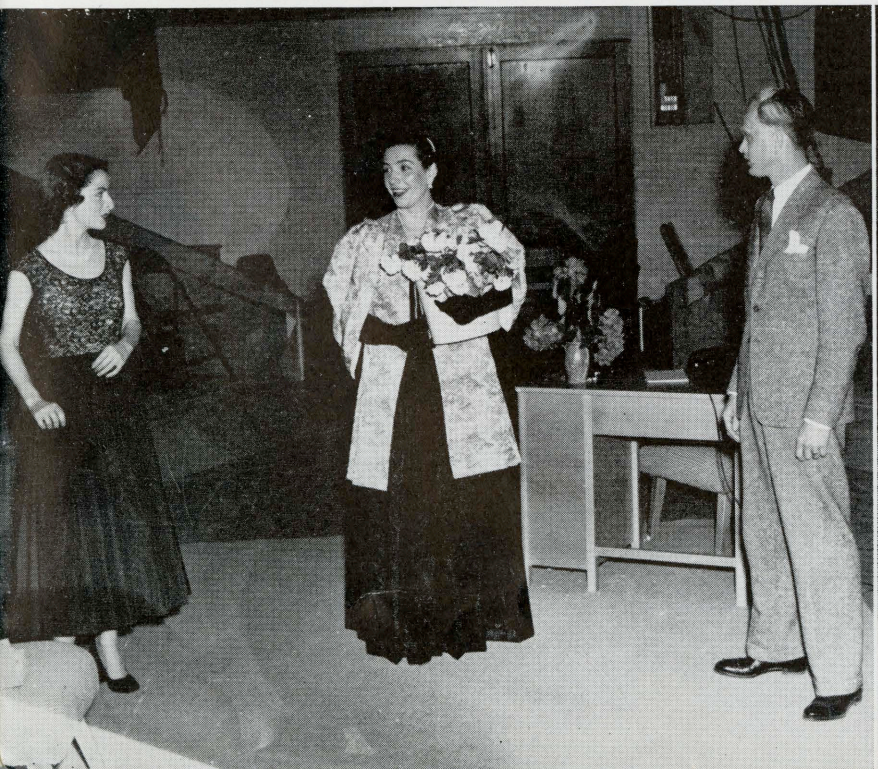
Drama



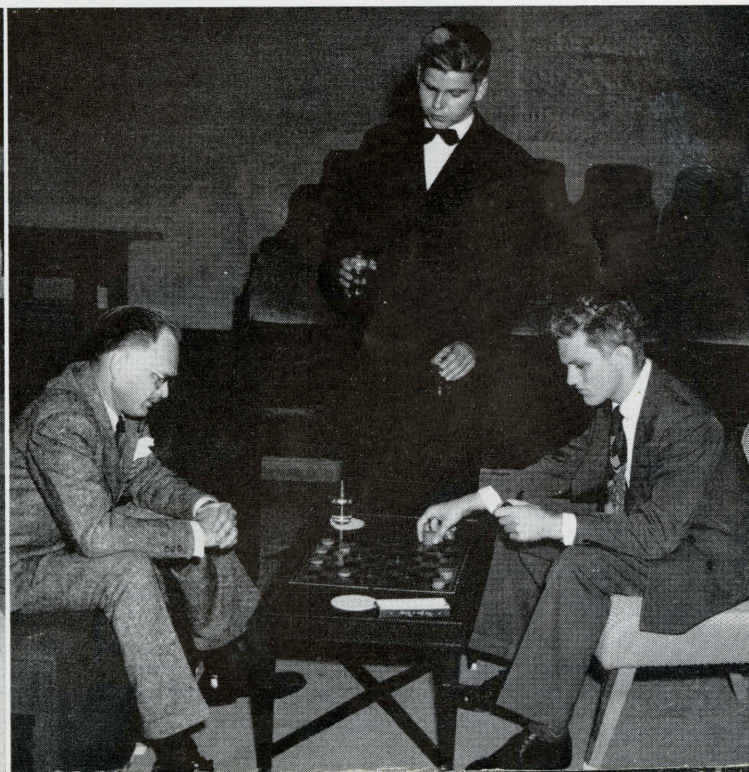
DR. DON KARSHNER
Director

One of the major accomplishments of the Drama Department was the presentation of the two road shows that traveled to all the high schools in the C.I.F. League, Oregon and Northern California under the sponsorship of the Greater Humboldt Committee. These variety shows did much to publicize Humboldt State College and were well received wherever they went. The repairs on the stage and in the auditorium have done much to improve the lighting and facilities of the department. The cast of "All My Sons," the major production of the year, traveled to Chico State College in the spring to present our annual exchange performance. While at Chico, they were entertained by the Chico chapter of Alpha Psi Omega, national honorary dramatic society.

Ann Kavanaugh makes a dramatic entrance greeted by Maureen Murphy and Lloyd Yount in an arena production, "Accent on Youth," directed by Leon Pike.



Lloyd Yount, Dick West, and Locke McCorkle engaged in a game of checkers in "Accent on Youth," held in the gymnasium with the seats arranged in a circle.



STUDENT DIRECTORS
LEFT TO RIGHT: C. McNaughton, A. Braun, C. Beck, J. Masters, L. Jones, W. Nicol.

Behind the Scenes

A work crew getting the sets for "All My Sons" ready, wears the new "uniforms" of the department. The stage and set-construction, lighting, and all technical arrangements are under the direction of Mr. John Van Duzer.

Stewart, C. Mosley, W. Crane, A. Stockhoff, J. Palmer, P. Jensen, C. Luster, J. Loeb, K. Brown. THIRD ROW: D. Haines, H. Fleischer, K. Poifaire, B. Crane, Mr. Barlow, D. Dolf, H. Rubner, C. Sorem, A. Mendes. FOURTH ROW: J. Beck, C. Bosch, B. Stone, D. Clough, J. Smith, E. Solenberger, G. Attaway, B. Jones.

Many

THE HUMBOLDT CHOIR AND CHORUS

Humboldt State College has an excellent choir and chorus, directed by Leland Barlow and Charles Fulkerson, respectively. Membership in the choir is gained by tryouts and admittance to the class, while the only qualification to belong to the chorus is the ability to carry a tune. The choir goes on an annual trip through California, and the chorus takes part in the spring music festival, besides many other activities. Full college credit is given for both groups.
