Eureka's fishermen need **BETTER DOCKING FACILITIES**

TO THE EUREKA FISHERMEN:

The fishermen provide Eureka with its second largest industry. As such, the Mayor and the City Council should be interested in furthering the fishing industry. But what has the present Mayor and Council done to help develop the fishing industry in Eureka?

Other cities have provided the fishermen with suitable docking space, but in Eureka the Fishermen have a makeshift dock, dangerous to the boats in rough weather, and providing a fire hazard that might prove disastrous where boats lay together three and four deep.

The City could have dredging done at very little cost which would allow boats to come in and out of the inside of the dock in low water. A survey could be made of the cost of building a bulkhead on the shoreline, arrangements made for permission or a lease from the NWP, and plans worked out for the improvement of the fishing dock. But the present Mayor and Council will not do things, according to their past record.

There are other issues in this campaign that are of interest to the fishermen, many of whom are local residents and home owners. Playgrounds and swimming pools for the children through the use of funds and land which could be used for that purpose. More equal taxes for the small home owner. Improved streets, sidewalks, and transportation systems by the use of PWA and WPA grants for the lowest possible cost to the taxpayers.

Labor's fundamental rights must be guaranteed to the fishermen. This right to the union fishermen is also to the interest of the Co-op fishermen, because the price paid to the union fishermen will to a great extent determine the price that the Co-op fishermen will receive. The present Mayor and City Council will not protect these rights. Mc Dade, Larson, and Schulze were in office in 1935 when civil rights completely broke down, and they did nothing to guarantee the fundamental rights to union men in the City.

Albert J. "Mickie" Lima will work for the interests of the Eureka fishermen, and will work to improve the docking facilities of the fish wharf.

VOTE FOR ALBERT J. "MICKIE" LIMA

CANDIDATE FOR CITY COUNCIL, 5TH WARD

QUALIFICATIONS:

Age 31. Born in Mendocino County, he came to Humboldt with his family in 1915. He has resided in Eureka for the past four years. Received his education at Humboldt State and at the University of California where he studied economics and business administration.

Lima is familiar with the Ordinances of the City of Eureka, having worked in the City Hall on a WPA project, rewriting, revising and reindexing the Ordinances. He helped draw up a new license ordinance which would have eliminated the inequalities existing in the present one, but which was turned down by the Mayor.

Believing that strong trade unions are one of the best guarantees of preserving democratic government, Lima has been active in union affairs, having helped organize several locals of the lumber workers and the Workers Alliance.

Lima has been a member of the Communist Party since 1936.
