FACULTY MEMBER ILL

Miss Flore Walker one of the Science instructors of the college, has been confined to her home the last two days due to illness. Her absence has been felt strongly by her classes.
LITERATI JINX?

Is it possible that there is a jinx on the office of Literati president? Many people are wondering, because last semester Lanita Jewett was forced to quit college on account of ill health, and now Harry Bell, her successor, has to quit too.

Ellas Woolner, vice president of Literati, will take the president's office for the remainder of the semester. Ellas has already proved herself a good leader as program chairman last semester, when she always put on a fine entertainment.

The next program for Literati is scheduled for March 20. Luella Henningsen is in charge of the affair and promises to have a good time for everyone. The St. Patrick's motif is to be used and undoubtedly green will be much in evidence.

Among other things, there will be an initiation of new members, an "Irish" program, and refreshments. All Literatians are urged to come and enjoy themselves.

DANCE FRIDAY NIGHT!!!
WILLY THEY THINK.

Each week we have decided to print the various opinions of the prominent students on the questions of the day. The question for today is "Should a girl who is going steady with a fellow step out on him?"

Opinions on this topic are varied. Alan McDonald says, "Sure, why not? They're not married!" On the other hand, with equal emphasis the anthesis is expressed, "I don't see why they should. No, I dont think so."

Ed Nix.

Jo Dolfini is decidedly opposed to a girl stepping out on her man. She sums up her position on the question by, "hey not be true and lovable."

Annie Louise Helums takes sides neither way. She contends that it just depends upon what you want to do. "Let your conscience be your guide."

Co-ed Sal adds "Variety is the spice of life."

REVISED HISTORY OF CALIFORNIA
(continued from last week)

San Francisco is renowned for its fisheries, sharks, suckers and goldfish. They also have the most patriotic fish in the world. On most any sunny afternoon, from the rocks by the Cliff House, the Red Snapper, White Fish, and the Blue Fish may be seen parading by in undulating lines.

The City of Los Angeles is a seaport situated eighteen miles from the sea. The only wonder is that they haven't run it through to the Atlantic.

Owing to the late Volstead disaster, they ran short of water, so they ran a subway up into Canada somewhere and tapped the Arctic Ocean. Then they had so much water they didn't know what to do with it. According to their constitution, they could not use it outside of the city limits, so they annexed another county to use up the water; the result being that Los Angeles is the largest city in the world—in the point of farm acreage. Although it is never referred to natives, Los Angeles has a most wonderful climate. You can melt, freeze, and drown in the same spot on the same day. They have two kinds of weather—perfect and UNUSUAL.

(continued next week)
**Frosh Down Sophs in Girls Volleyball Tournament.**

Yesterday afternoon during the eighth period the Freshmen girls defeated the Sophomore girls two out of three games of 15 points each in a hard fought volleyball game in the college gym. This was the first game of the interclass tournament which will be finished within the next week. So far the Fresh girls have won everything in interclass athletics. Whether they will still be able to hold that record will be proven by the results of the volleyball tournament which will be followed by the interclass baseball games.

The Sophomores won the first game by a close score of 16-14 after both teams had tied it 14 all. The Freshmen rallied in the next two games and won both with scores of 15-8 and 15-4. The Line-ups were as follows:

Mr. Hollister: You don't chew tobacco, do you?
Ivy Cartwright: No, but I could let you have a cigarette.
Humboldt State All-College Football Schedule Planned.

Five definite and one tentative game have been drawn up by Coach Telonicher for the fall season of football. This schedule has been passed by vote in the student body of the college.

So far only one game has been scheduled for the home gridiron, which will be played when Ashland invades our territory. All other games will be played away from Arcata.

Three State Teachers college men will be lost by graduation this year in the persons of Brantley, Harrison, and Branstetter. Three of our first string backfield men will be gone when the locals set out to tackle the other teams; these men are Brantley, Harrison, and Pederson who was our mainstay last year. It is rumored that Pete will be back, though, and the whole college is ready to welcome him. Dick Derby one of our last years linemen is expecting to be back in the old fight with Humboldt, too.

It is expected that Hogan, Stringfellow, and Exton will be in the starting lineups for the coming season.

The last year of college football was the first ever seen in the county. Out of six games played the lumberjacks won one, tied one, and lost four. With last years experience playing college teams to our advantage, we feel that we will get an altogether different score this coming season, and in the end we will find Humboldt on top!

Pennant Stickers for Humboldt

Now Humboldt has its pennant stickers for windshields, binders, etc., just like other big colleges. The stickers, designed by Joe Stringfellow, have a gold background with Humboldt State in green. They may be purchased at the bookstore for the price of three for ten. Sure, we're getting more collegiate every day.

Katherine Nellist Makes Hit With Dancing.

The dancing of Kas Nellist has proved such a hit on this years Collegians' program, that Carl Bowman, Director, will include a tap dance number by her when the Collegians give their radio program over KPO in San Francisco on April 12.

The dance numbers of Miss Nellist and her partner, Cob McMillian, have been especially well received. Miss Nellist also is featured in a solo dance in one of the jazz orchestra numbers.

St. Patrick's Dance Enjoyed By Humboldt College Students

The student body of the Humboldt State Teachers College danced to melodies played by the Collegians orchestra last Friday evening in the college library which was decorated in green. Streamers were hung across the ceiling from which dangled many green shamrocks to favor St. Patrick's birthday.

Much credit should go to the committees who worked so hard to make the dance a success. Those on the decoration committee were: Marjorie Small (chairman) Helen Foster, Alyce Finne, Lewis Ehrlich, Dave Hartley, and Denny Willis. The lighting effects were made possible by the efforts of Paul Ely and Ruel Ficke.
