Message From The President

Much has been said and written of the impact a university has on the lives of its students.

Certainly, a university does make an impact upon the lives of all who come to it in quest of learning. It is also true, however, that every student leaves an imprint upon the university.

For whatever reason you came to Humboldt and stayed on - whether it was the physical environment, the academic qualities, or the quality of the people - something of your own spirit and your own character remains behind, always to be a part of what this University shall signify in the eyes of everyone who will come to know it.

The beauty of this yearbook is that it preserves in photos and text the manifestation of our common spirit. As you turn the pages and look back on your days as a student here at Humboldt, I sincerely hope that your reflections will be both joyful and heartwarming.

May you flourish in your life's work. May good health be your constant companion; and may you return often to Humboldt. You made the University a pleasant place while you were here, and your return will make it more so.

A handwritten signature in cursive script that reads "Alistair W. McCrone". The signature is written in dark ink and is positioned to the left of the printed name.

M. BRUCE

Welcome, Alumnus!

Recently you completed an important educational passage that took you from the ranks of students into the legions of alumni. It also made you eligible for membership in the Humboldt State University Alumni Association.

For over three decades, the association has advanced the welfare of the University, promoted the common interests of alumni and students, and served as a liaison between the University, the alumni, and the community.

It sponsors such alumni events as trips abroad, the Homecoming banquet, a reception following graduation and the publication of a senior class yearbook.

It provides scholarship assistance to students and supports University development. It also offers its members a variety of discounts, publications and other privileges.

I sincerely hope that you will become an active member of our association, and thereby join us in building an even greater Humboldt State University.

On behalf of the HSU Alumni Association, I wish you good fortune and good health.

A handwritten signature in cursive script, reading "Majorie J. Rodgers". The signature is fluid and elegant, with a large, stylized initial 'M'.

Humboldt

*Amid the giant redwood trees,
rainy days and misty morns,*

*With backpacks weighted by the
tools of the trade,*

We've met the challenges of learning.

*To some it's been a privilege, for others a duty,
for some a time for growing up...
each person's gain unique.*

*We take what we have learned here
and go forward,
on with our lives...
new challenges to meet.*

*And each of us will take
a bit of the magic
of this place...
called Humboldt.*
