Message From The President

Much has been said and written of the impact a university has on the lives of its students.

Certainly, a university does make an imprint upon the lives of all who come to it in quest of learning. It is also true, however, that every student leaves an imprint upon the university.

So it is that for whatever reason you came to Humboldt and stayed on — whether it was the physical environment, the academic qualities, or the quality of the people — something of your own spirit and your own character remains behind, always to be a part of what this University shall stand for in the eyes of everyone who will come to know its name.

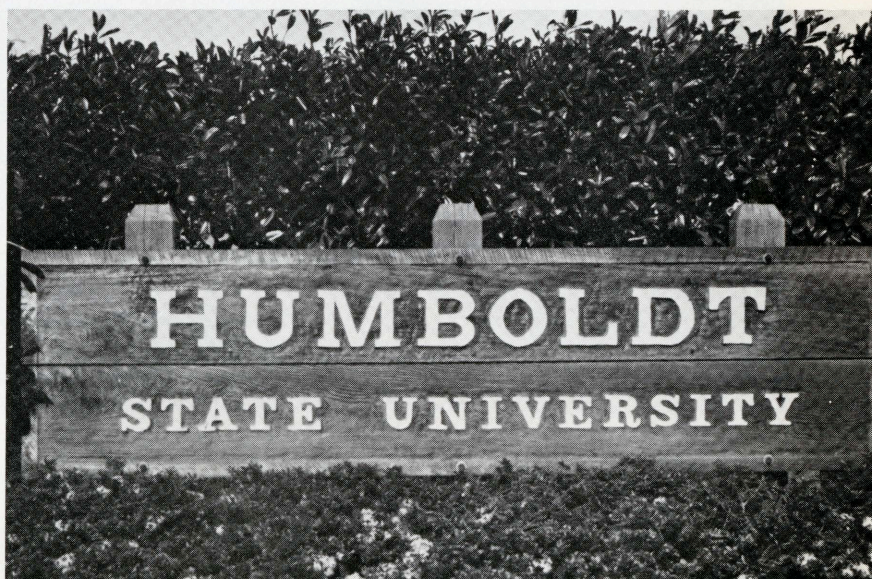

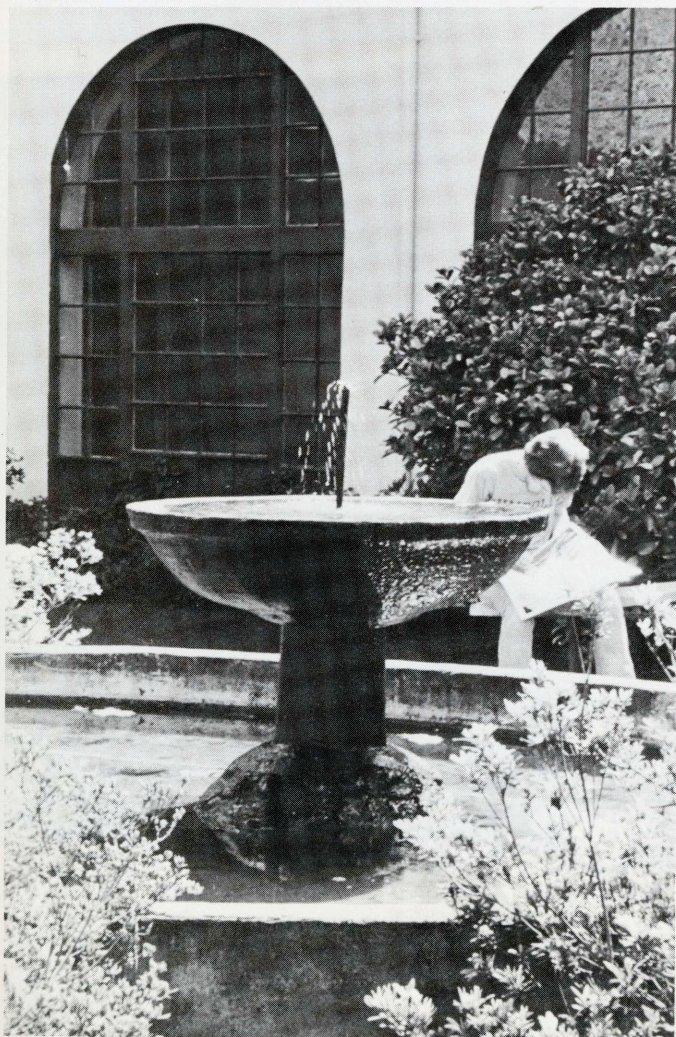

The beauty of this yearbook is that it further preserves in photos and text a portion of our spirit. As you turn the pages and look back on our days as a student here at Humboldt, I sincerely hope that your reflections and both joyful and warm.

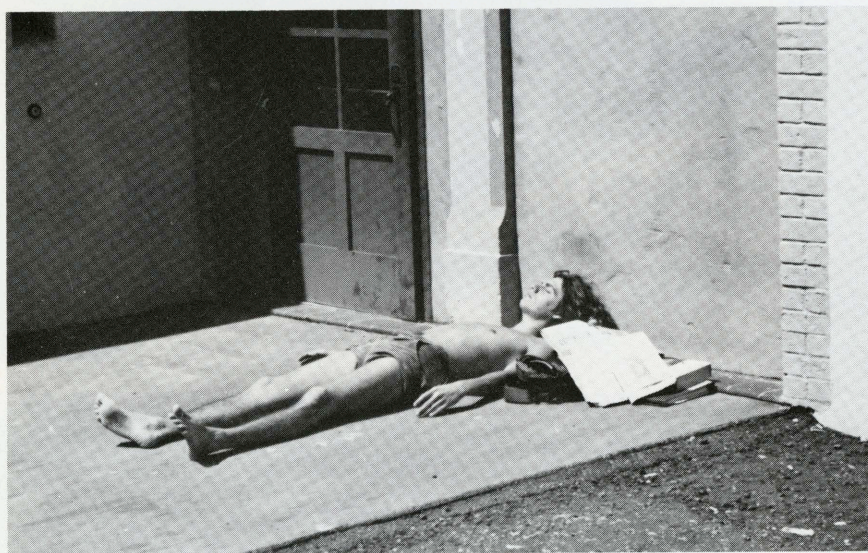

May you flourish in your life's work. May good health be your constant companion, and may you return often to Humboldt.

Alistair W. McCrone

Alistair W. McCrone
President

The serenity of Founders Hall courtyard . . . the solitude of a dorm room offer retreats for study.

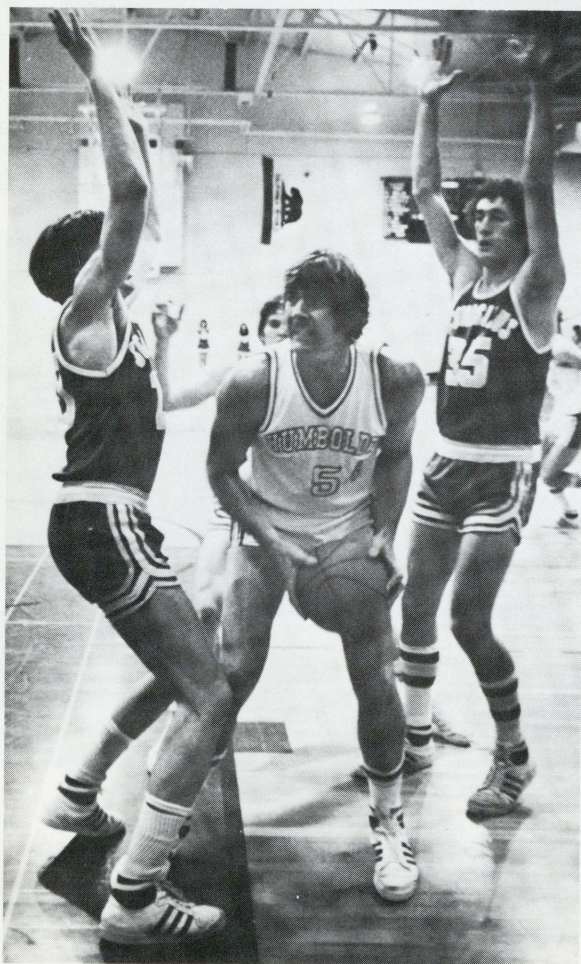

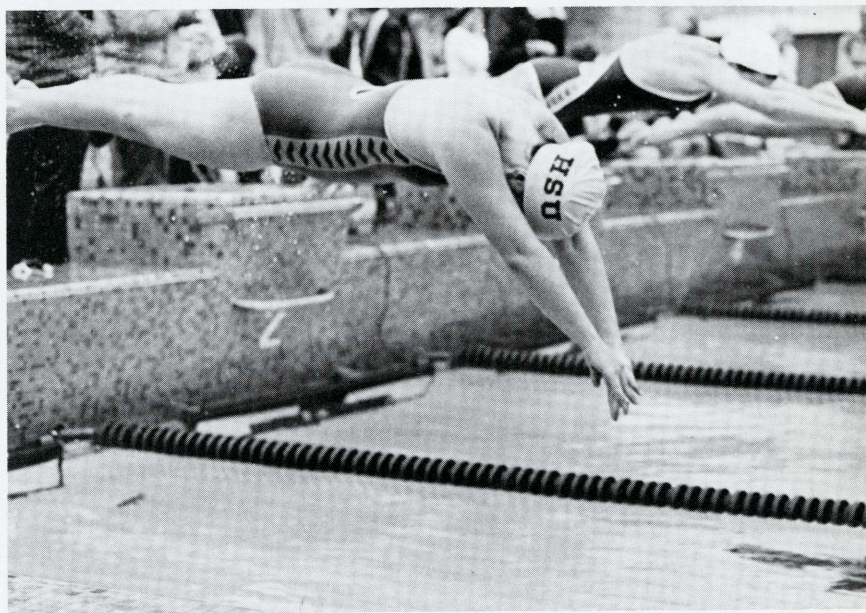

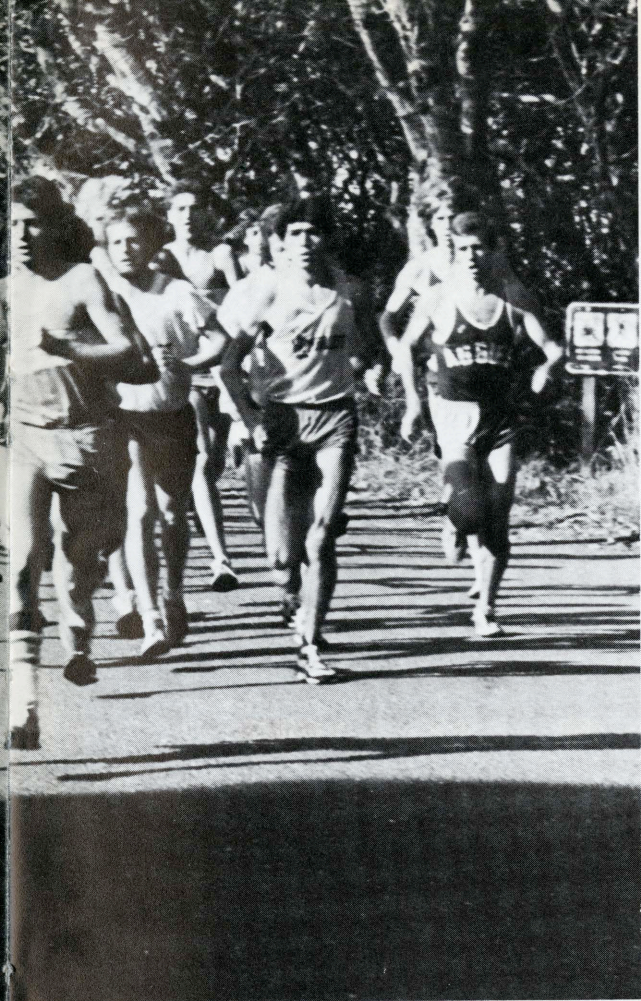

Out of the East rose something
foreign to Humboldt Staters . . .
A wise man from L.A. called it
the sun and lay down beneath it.

Chariots of fire — Mark Conover
kicked off an exciting year of
HSU sports by capturing a
national championship in
cross country

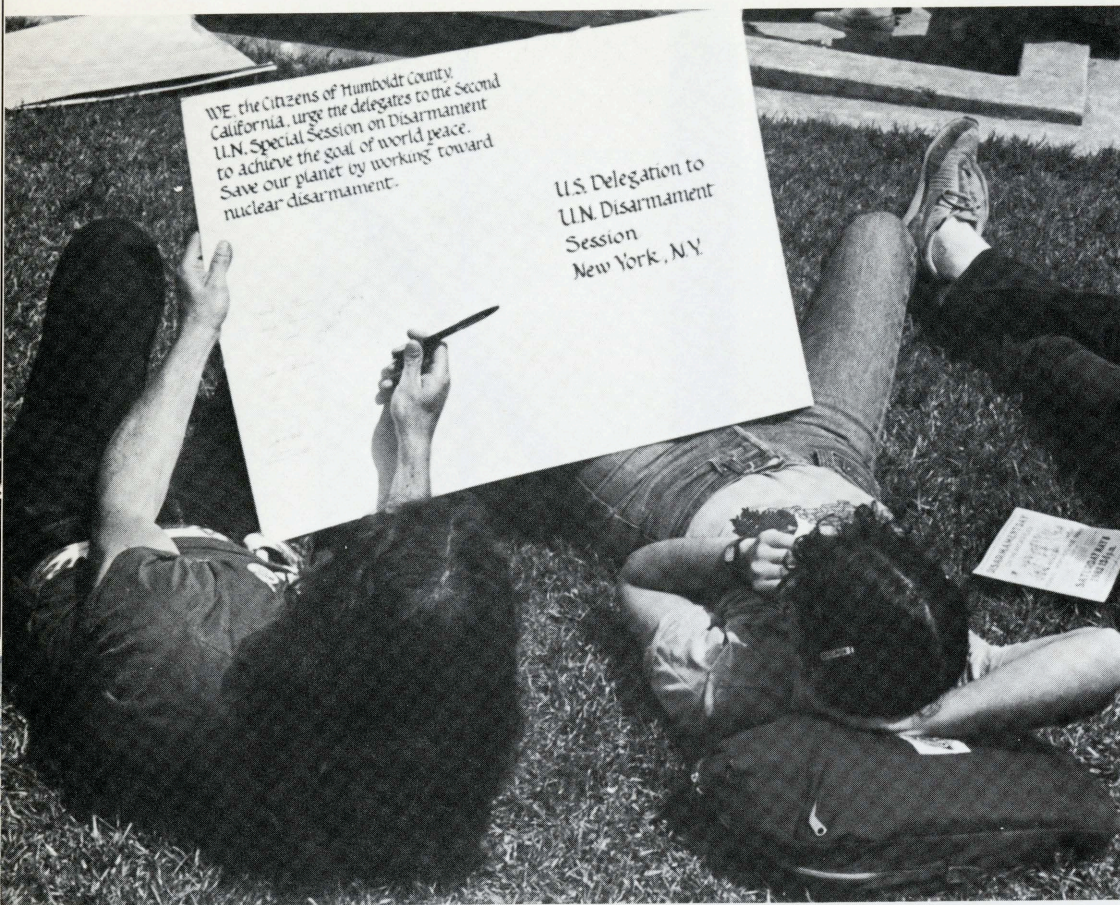

Bluegrass to ballet —
performances ranged from
laid-back coffee house concerts
to the Hartford's touring
company on stage in the
Van Duzer Theatre

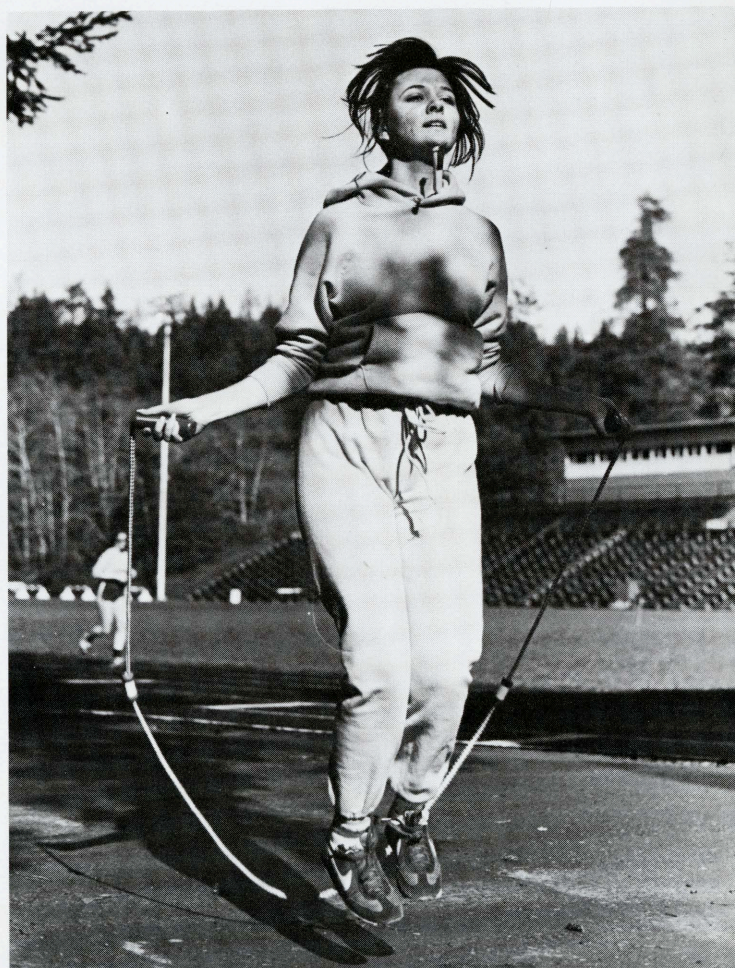

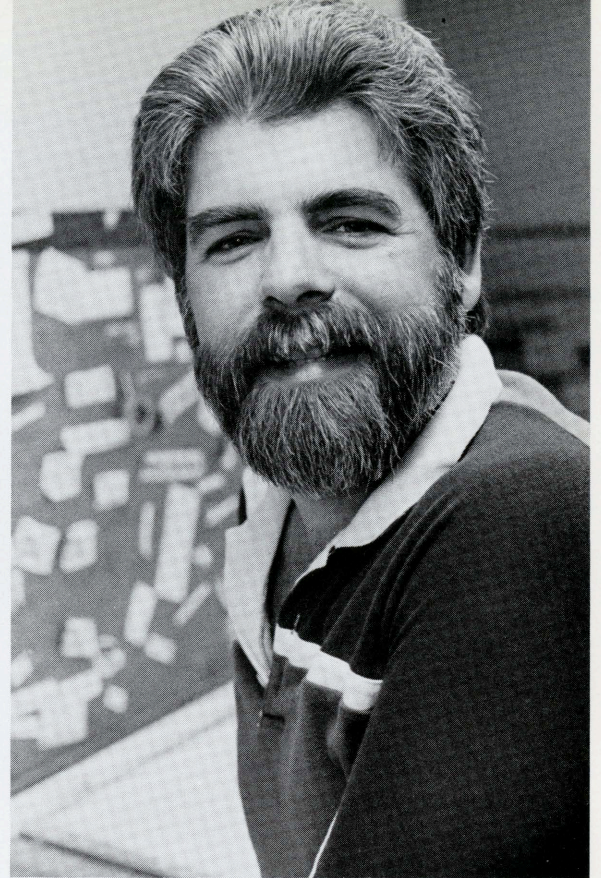

We the people of Humboldt —
shaping our lives and the
lives of others

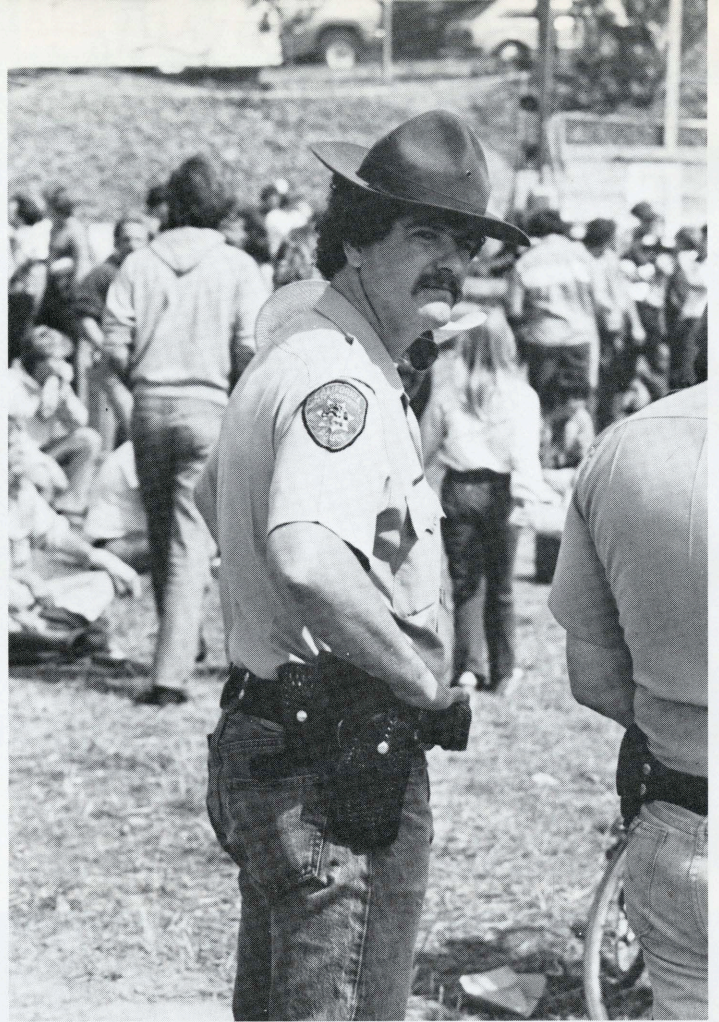

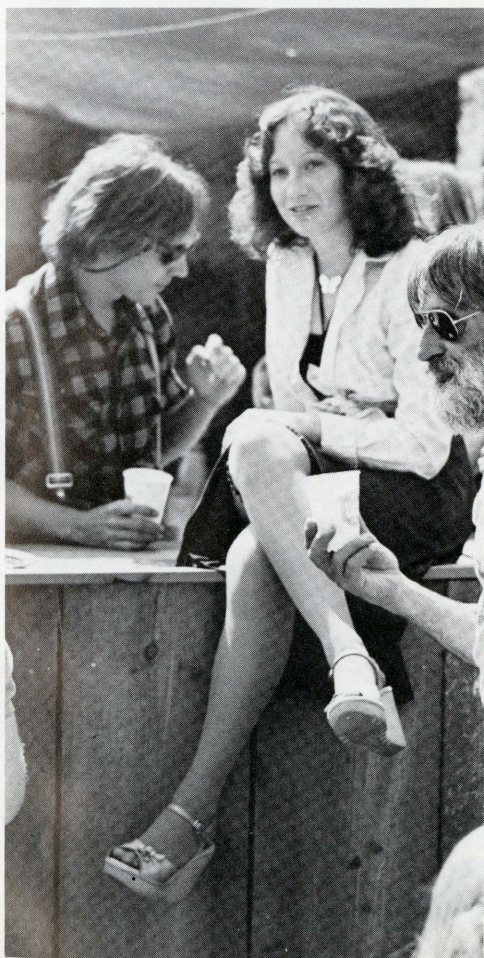

Diversions . . . What we did when
we weren't doing what we
came to Humboldt to do.

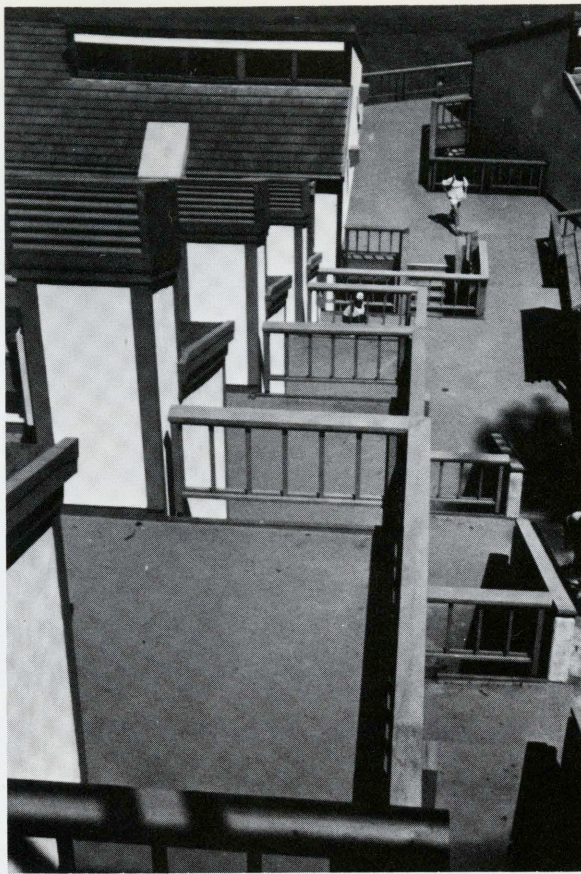

Spring — The rhodies bloom
the sun returns and south
campus is littered with the
casualites of
Lumberjack Days

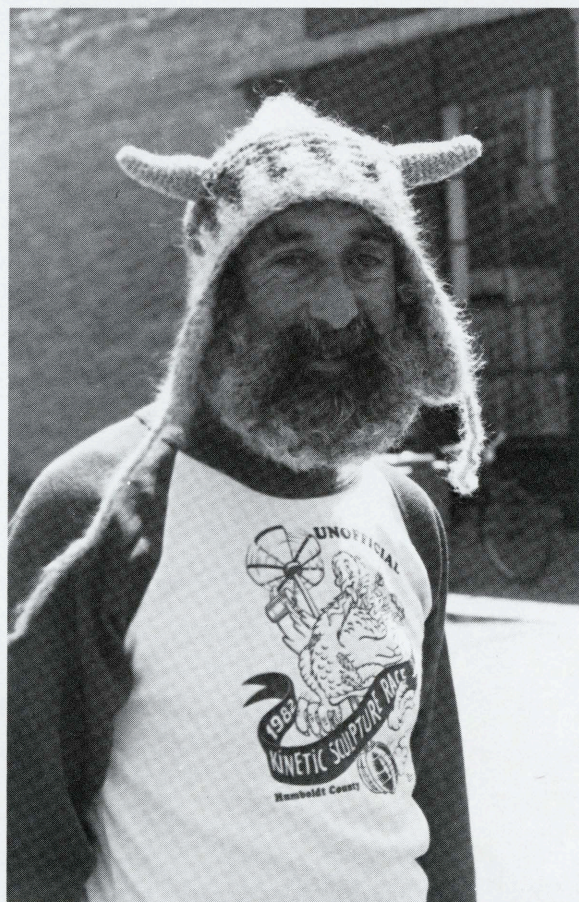

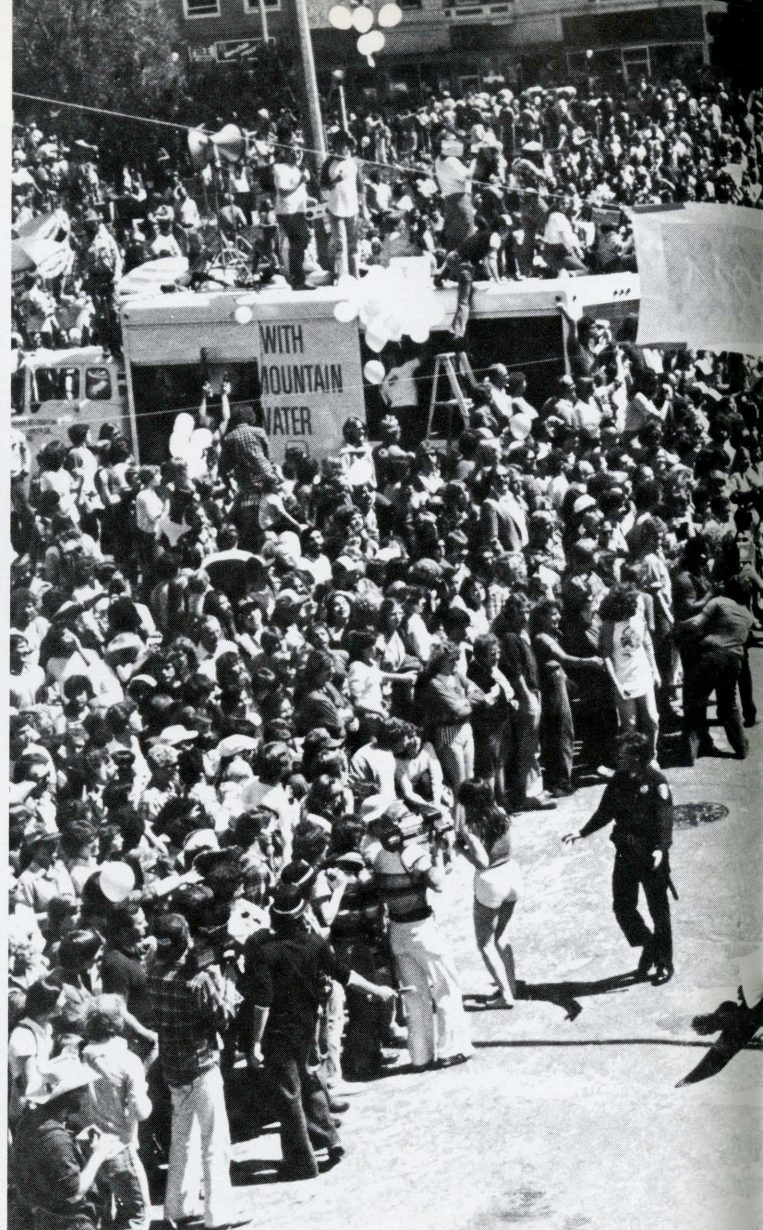

White water rafting, an
Activities Fair on the Quad,
A Mat Day celebration —
something was always beckoning
us to come out-of-doors.

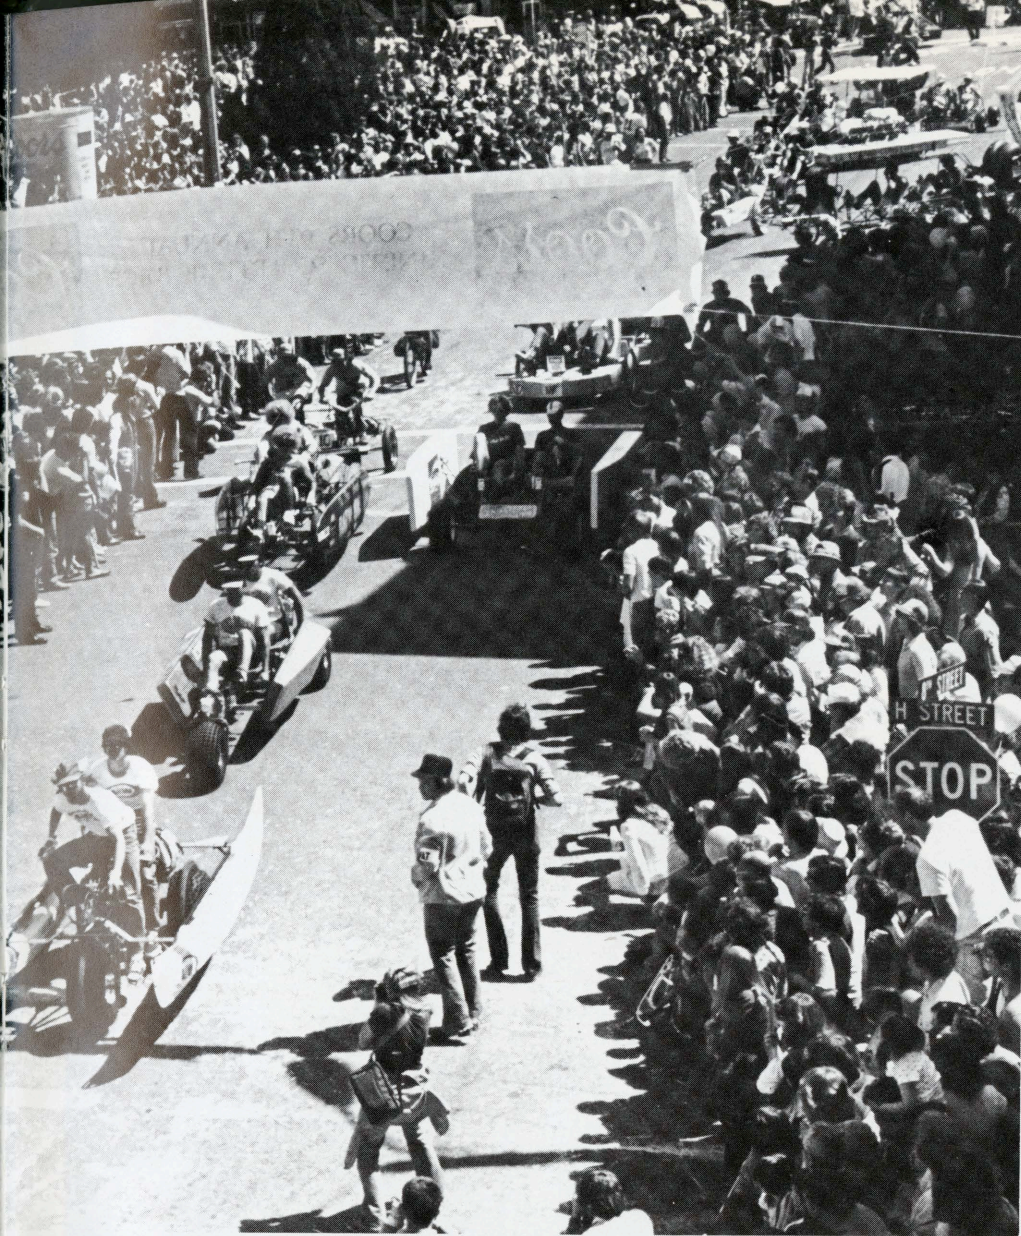

Cramming for midterms, watching
the new Science Building take
shape, or hiking up to Founders . . .
seems like we did this
a thousand times.

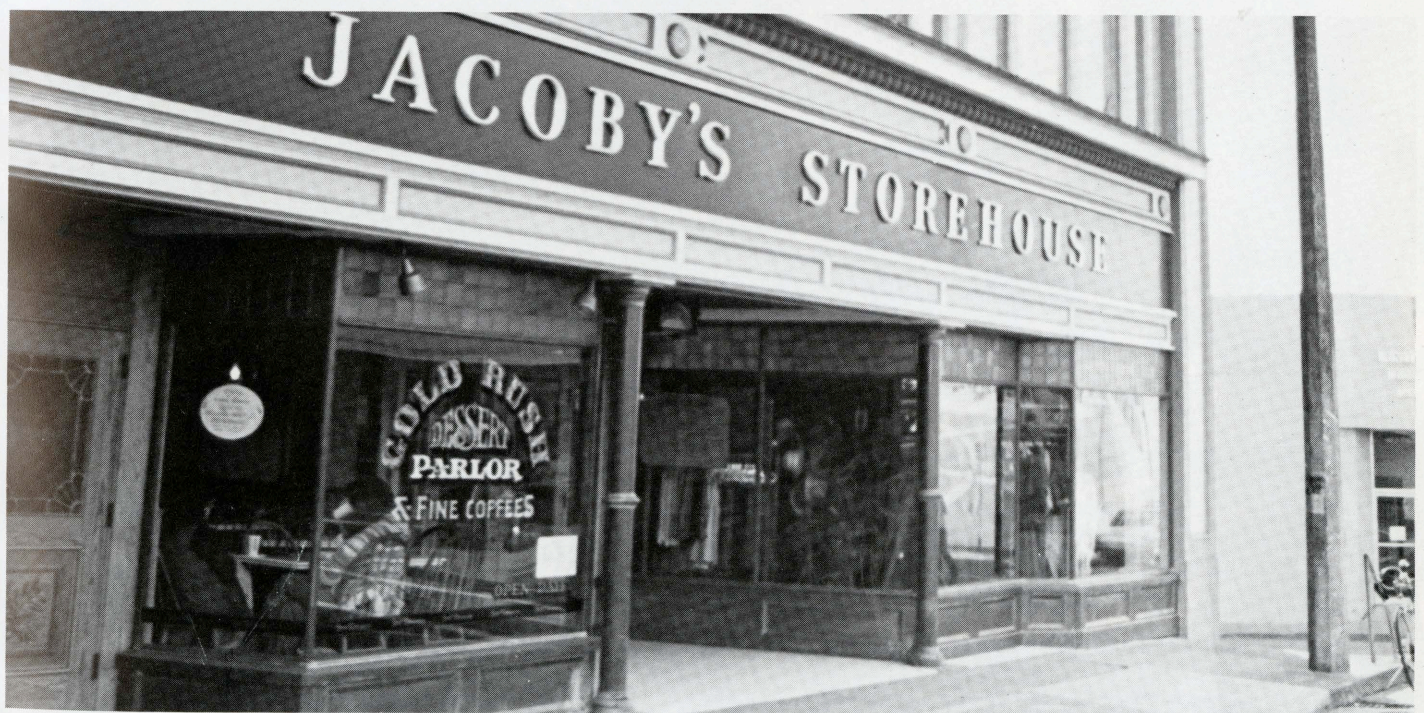

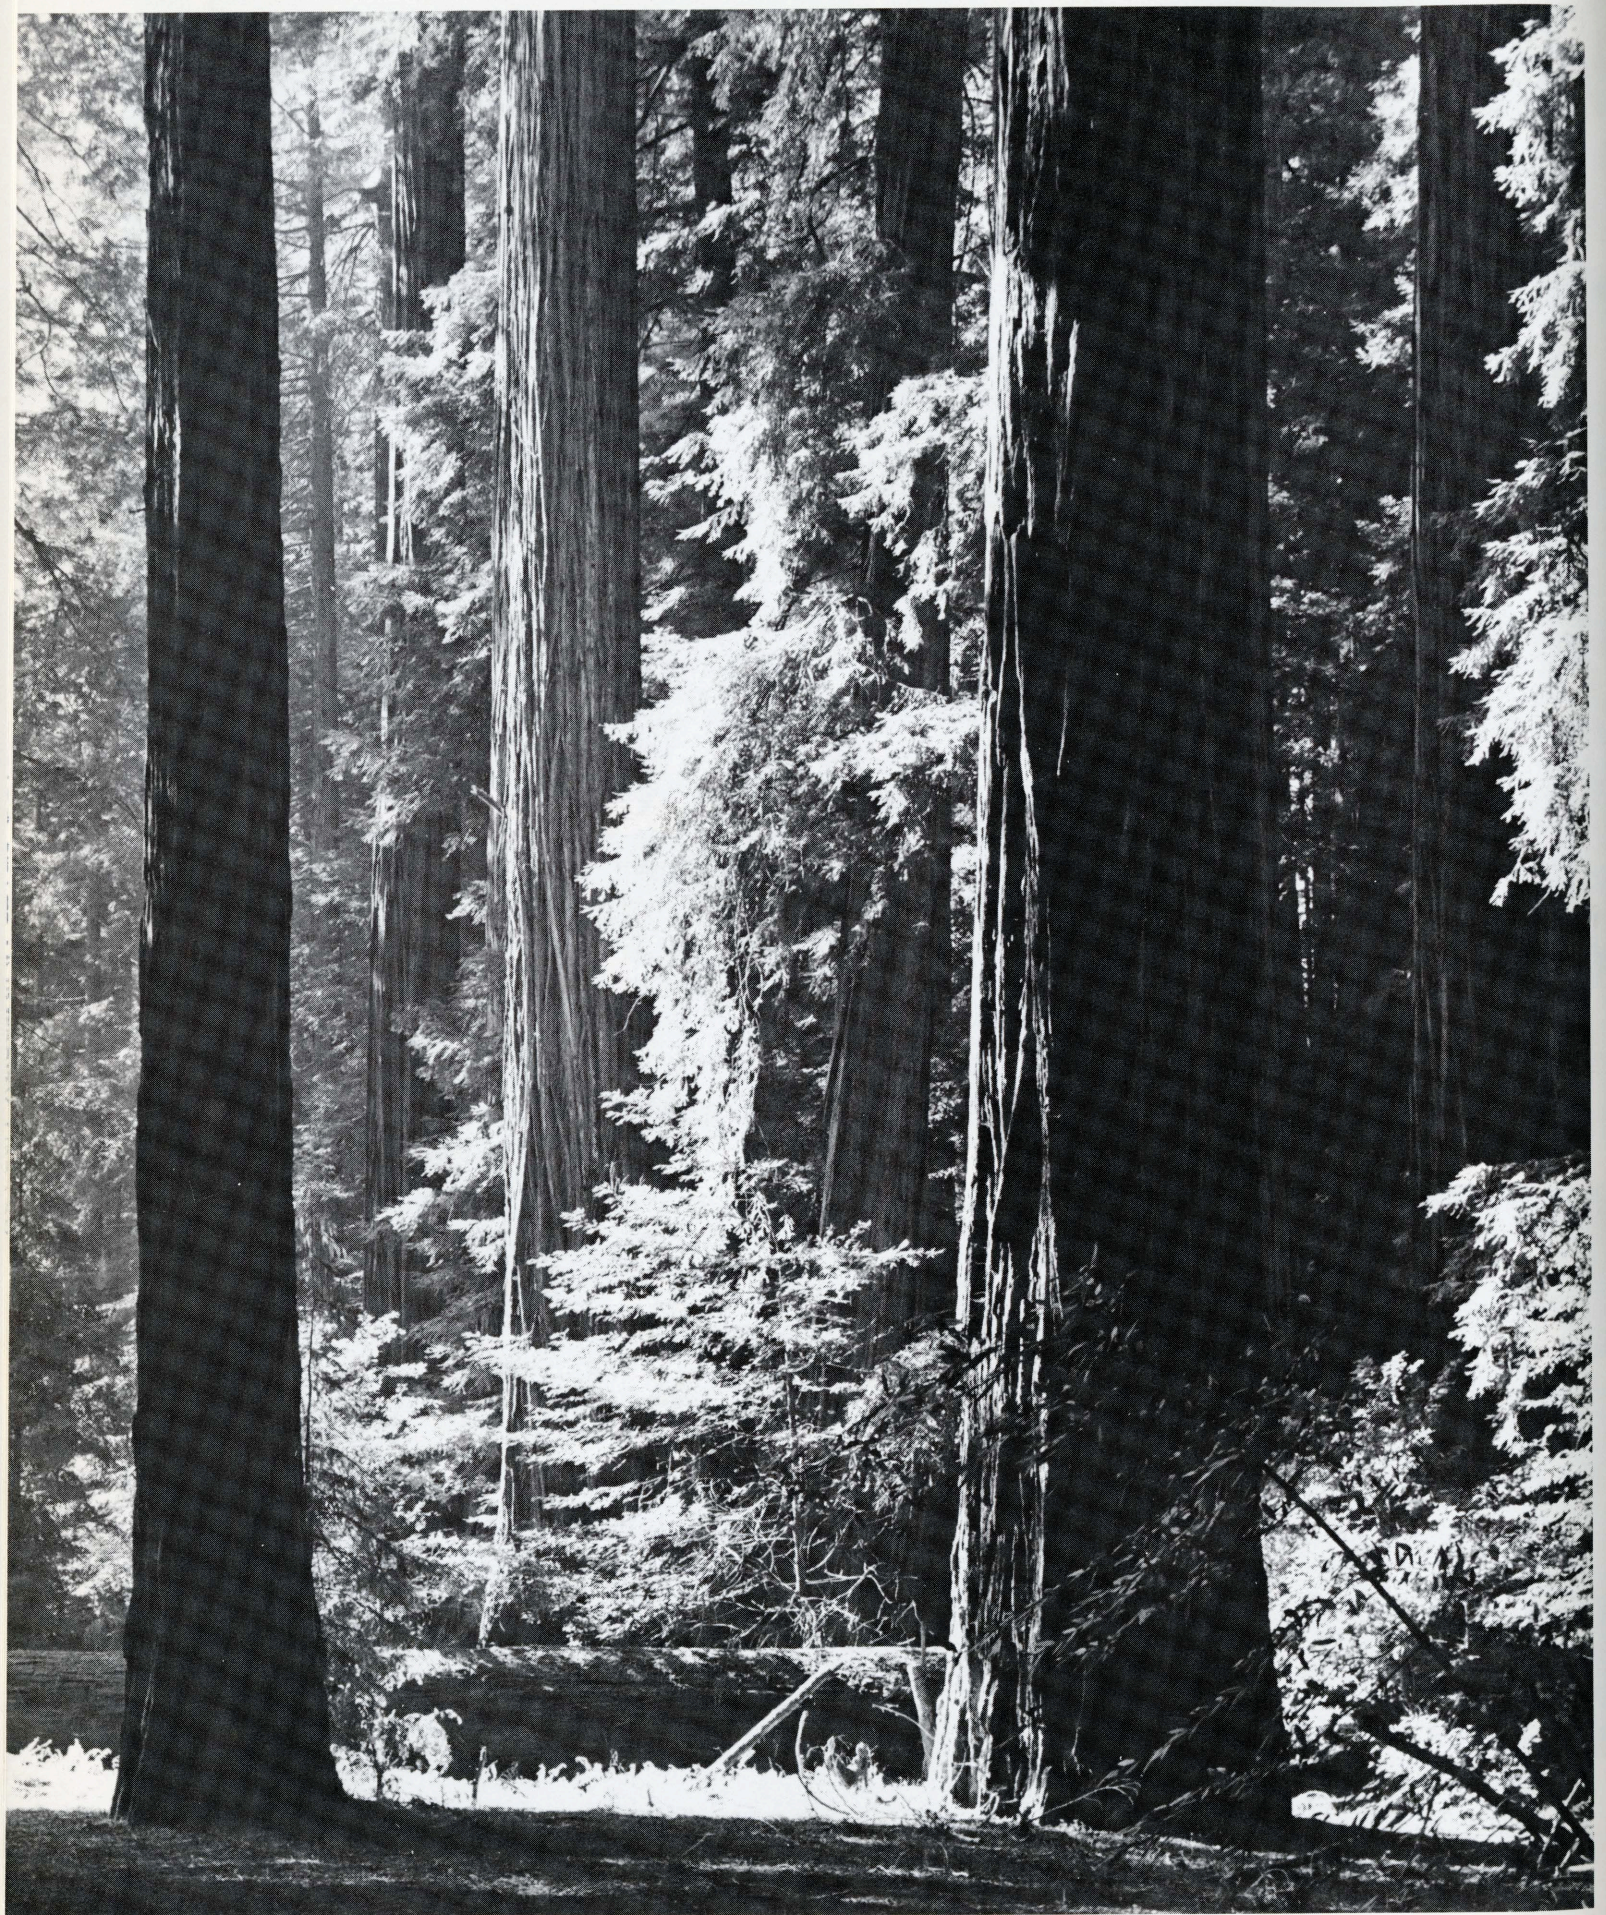

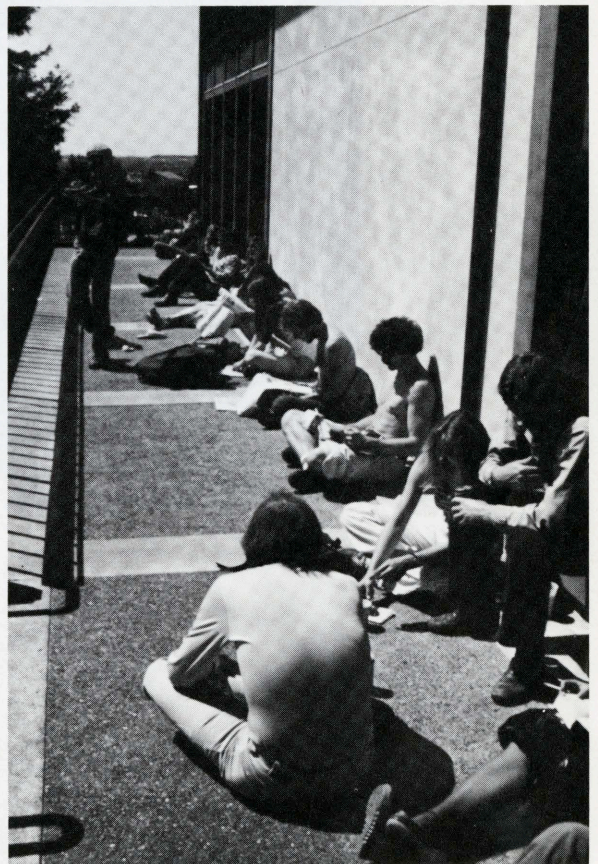

A normally quiet Friday turned into a lesson in how to wreak havoc — combine a few thousand people and a small town square, and add general mayhem. Result: kinetic madness.

We learned the people were
casual and the climate cool ...
the forests breathtaking
and equal to none.

Welcome Alumnus

Recently you completed an important educational passage that took you from the ranks of students into the legions of alumni. It also made you eligible for membership in the Humboldt State University Alumni Association.

For over three decades, the association has advanced the welfare of the University, promoted the common interests of alumni and students, and served as a liaison between the University, the alumni, and the community.

It sponsors alumni events such as trips abroad, the Homecoming banquet, a reception following graduation and the publication of a senior class yearbook.

It provides scholarship assistance to students and supports university development. It also offers its members a variety of discounts publications and other privileges.

I sincerely hope that you will become an active member of our association, and thereby join us in building an even greater Humboldt State University.

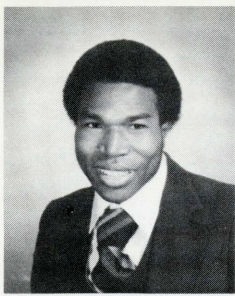

On behalf of the HSU Alumni Association, I wish you good fortune and good health.

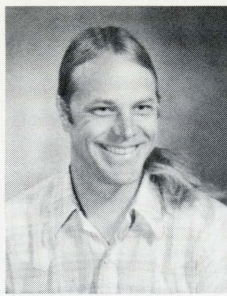

Marjorie J. Rodgers
President
HSU Alumni Association
