According to Dr. Augustus 0. ATHLETES AVARDED AT STUDENT BODY LEET.

Door Editor:

I bolieve the following suggestions for the solving of some of the problems discussed at the Student Body Wednesday, might be of some wille. I did not offer these suggestions at the said Student Body meeting for the same reasons any freshman might have. My Rice is to use signs, it was said that the reasons for a lot of our trouble is that we do not remarker vo forget. I believe that a "dumb monitor" of this type would help on miderably.

I. In the Library, place a sign in a conspicuous place where students passing out the door will see it. It might read-"Did you check that libr my book?"

2. In the hells a sign might be placed in jlaces where groups have a tendency to congregate. The signs might re.d-"Please avoid any unnecessary disturbance."

3.Consult the office and ask them if it would be possible to buy a strip of cloth or linoleum, two or three feet wide, to be leid in the corridor for the use of students who walk back and forth during classes. I believe that walking cractes as much noise as talking. These ideas might at leat be tried as a last resort.

I would appreciate it if this would be given to some authority on the matter. Yours, H.

Dear H:

Your suggestion for a possible remedy of the present library problem has been carefully considered. The suggestion of placing sign "reminders" in the library is worth a trial. However, do you really think that the person who pupposely takes a book from the library without the customary charging out of the volume would be promoted to sign up for the book? On these grounds, we believe the checking system a more efficient method.

Yours, Ye Editor.

It seems that Evie's boy friend is plenty hot. Her b. f. came clear from Tulare to see her.

By so doing, he automatically forfeits his student body membership.

The crondment was made, making itpossible for some members to be excused for playing against the school, for the benefit of a few members who find it impossible to practice with the college team and who wont to play with another team without forfeiting student bedy membership.
