

# Humboldt Lumberjack

HUMBOLDT STATE COLLEGE in the REDWOOD EMPIRE

HUMBOLDT LUMBERJACK, WEDNESDAY, JANUARY 14, 1942

## FINALS LOOM----START SATURDAY

### FRED SLACK BECOMES NEW PRESIDENT

FRED SLACK

Pictured above is Fred Slack, sophomore honor student who automatically became student body president with the resignation of Tom Hansen last Wednesday. Hansen, who enlisted in the Army, (ordnance work), formally resigned Wednesday, at a special meeting of the Executive Council.

When Slack is officially installed, he will set a record of being the third student body president to take office at Humboldt State in one semester.

The position of student body vice-president is now open, and Slack has announced that the council is considering several students for the job. The appointment will be made after finals are over.

### Council Slashes Budget To Eliminate \$600 Deficit; Submits New Allotments

With the books of the Associated Students showing the amount of six hundred dollars on the wrong side of the ledger, the Executive Council completed last week their re-vision of the student body budget. On January 7th, the council submitted the new budget to the departments concerned, with the following statement: (quote)

"To date our budget faces an actual deficit of \$600. Since it would be unwise to expect to make up this deficit out of the receipts of the spring semester, the Executive Council has passed a resolution pro-rating this deficit to the various departments according to their original appropriations in the budget.

Following is a list of allotments and reductions.

### One-Act Plays To Be Presented At Thursday Assembly

Two experimental one-act plays are to be the feature of tomorrow's assembly sponsored by the Department of Speech — Drama. These plays are the product of theses. Students in the Play Production and Technique of Acting classes. Students in the Play production class are directing the plays.

The first of the two short plays is "The Midnight Guest" by Ralph Whittaker, and will be directed by Stan Roscoe. The cast includes: Spike ..... Gaylord Moxon  
Daisy Busby ..... Marilyn Brown  
Ada Busby ..... Lucille Carroll  
Glory Busby ..... Marolla White  
Mrs. Busby ..... Fern Cox

The second of the two plays is "Lima Beans," a fantasy by Alfred Kreymsborg. Barbara Bird will direct. The cast includes:

She ..... Edith Rambo  
He ..... Les Brazelton  
Huckster ..... Gaylord Moxon

### Home Nursing, New Course, Will Train For Hospital Jobs

A course for college women in Home Nursing, which will include 15 hours of work, will begin sometime during the spring semester.

Those who take this course may become hospital aides. Mrs. James Hunter is expected to have charge of this course.

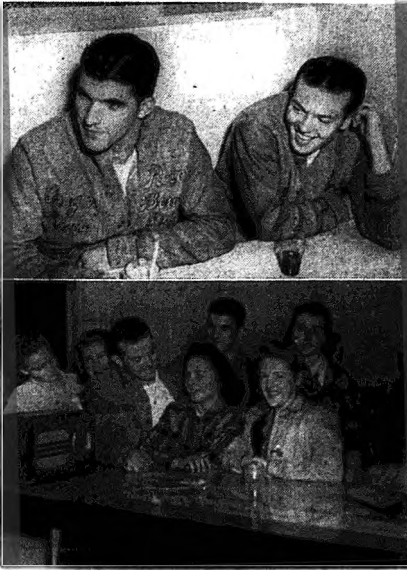

Vivienne Nelson, president of the A. W. S., stated this week: "It is my hope that every woman in school will participate wholeheartedly in some form of defense work at Humboldt State. Let's do our part and make it a big success."

Department	Reduction
Men's Athletics	\$ 365.00
Women's Athletics	12.30
Music Department	48.80
Dramatics Department	60.48
Lumberjack	50.34
Year Book	56.88
Dance Fund	6.60
<b>Total Reduction</b>	<b>\$ 600.00</b>
Original Allotment	\$10,603.00
Balance	\$10,003.00

### DON MALONE

Don Malone, who visited the campus this week, is a transfer to Fresno State. At Humboldt, he took the C.A.A. course, and after transferring and taking his Secondary at Fresno, he achieved the highest rank in his class.

### Durdan, Simas Sip Cokes As New Co-op Opens At Humboldt

DON DURDAN, LEFT, AND WARREN SIMAS.

Humboldt students who enthusiastically approved the newly remodeled and enlarged college Co-op and Bookstore last week were joined by two widely-published Oregon State College footballers, Don "Bunky" Durdan, and Warren Simas, (pictured above.)

Durdan and Simas, "the local boys who really made good," spent last Thursday afternoon on the campus talking with the many Humboldt students whom they know. Both visited their respective families in Eureka and Arcata for a several days stopover, while en route to Oregon State from the "Rose Bowl" game with Duke University in North Carolina.

### NEW FEATURES

Notable features of the Co-op included: Large booths, a long-widened counter, metal furniture, Radio record player and record-

ings, fountain facilities and the same book-store set-up as before. With permission just granted by the Executive Council, coffee is now served, and new ash trays have been purchased now that smoking is allowed.

Sincere student appreciation goes to state engineer Jack Verdun, and those "unsung" campus maintenance men who worked during the recent holidays to complete the remodeling: Bill Johnson and William Lamb, carpenters; Alke Relac, plumber; Homer Handie and Pete Petrovich, painters; Fred Ogilvy, superintendent of Buildings.

Nor is the student body forgetting the members of the college administration who "worked behind the scenes with ways and means not for publication" to make the new Co-op possible.

Rebecca Redwood.

### Kindergarten Club Doing Their Part

Taking their part in the defense effort, the college Kindergarten club, sponsored by Miss Ruth Bestor, will begin a day nursery next semester. Any woman who is interested is asking to submit her name to Dorothy Hunt, president of the club, or Miss Bestor.

Patronize Lumberjack Advertisers.

### New Business Manager Needed For Lumberjack

With the resignation of Ledo Matteoli as business manager of the Humboldt Lumberjack Monday, the Executive Council has announced that applications for the job will be considered Thursday at a special meeting.

Applicants must have a minimum of 21 units of work completed, and must not be on probation. The position pays a salary of \$6 per issue.

### Finals Schedule Posted In Hall

The schedule of final examinations has been posted on the bulletin boards and in the glass cases in the front hall.

Examinations will begin Saturday, January 17, and continue through Wednesday, January 21. The exams will be two hours in length. If it is found that this period is not long enough the professors have been requested to begin finals in their last class periods.

### REGISTRATION WILL BEGIN JANUARY 26

Registration for the Spring semester of 1942 will begin Monday, January 26. The English tests will be given on Monday at 9 a. m., and the College Aptitude Test will be given Monday afternoon at 2 p. m. Seniors and second-semester freshmen (with last-name initials from A to M) will register Monday, 9 a. m. to noon. Sophomores will register from 1 to 4 p. m. Monday afternoon.

Juniors will register Tuesday from 9 a. m. until noon. Entering freshmen and second-semester freshmen (last-name initials N to Z) will register Tuesday afternoon from 1 to 4.

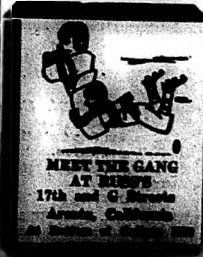

Classes will begin at 8 a. m. Wednesday, January 28.

### Former HSC Students Win Silver Wings

Two former Humboldt students, Don Turner and Merwyn Riddle, received their silver wings and commissions in the U. S. Army Air Corps January 8 at Luke Field, Phoenix, Arizona.

Both Turner and Riddle completed the C.P.T. flight course offered at Humboldt before entering the Army. Riddle was also a member of Chi Sigma Epsilon, upper division honor society at Humboldt.

If you want to write, or act, take Radio Production (upper division) next semester. This course is timely!

## Humboldt Lumberjack

 GENERAL STAFF ..... William Fiedler, Dolores Lightfoot, Edith Rambo, Ruby St. John, Dolly Toole, Nick Nickerson, Margaret Hayfield, Jack Kellogg, Thurston Womack, Bernice Brown, Jack Kellogg, Eleanor Mathews.

The Humboldt Lumberjack strives at all times to serve the best interests of Humboldt State College.  
 Editorials express solely the views of the writer, and do not claim to express the views of the editor, or the Associated Students of Humboldt State College. All unsigned editorials are by the editor.

### HOW ABOUT IT?

According to the grapevine, the council recently considered the Wednesday evening that finals end as a possible date for the Senior Ball. But later they discarded the idea, deciding that night would be a poor date for such an event.

We agree. Psychologically speaking, the mood of the student body would be all wrong for a formal affair. N'est-ce pas? In short, we're crusading for an all-out strictly-sport dance the night that finals end. No frills. No decorations. Dispense with an orchestra too, if necessary. Just a phonograph and a three-hour supply of recordings and a P. A. system.

As for a sponsor, why couldn't the student body back it? Let the Rally Committee take over. There could be a small admission price to cover the charge for the gym, and any incidental expenses. We're appealing to the program chairman. How about it, Jack? Let's "get rolling" right away, with the formal application necessary, committees needed (if any), etc. If the student body won't back it, let's find an organization that can and will.

Why wait until February? —Ed.

### Defense Courses For Credit Soon

Classes in which students may receive college credit, and still do defense work, are Home Economics IA and IB (Sewing, for 3 units; Art 08 (Knitting, Craft), I, II and 2 units; P. E. I (First Aid), for 1 unit. Those taking first aid will be eligible to receive the Red Cross certificate.

### Coming Events

**THURSDAY, JANUARY 15**—Assembly-One Act Plays. Staff Meeting, Office.  
**FRIDAY, JANUARY 16**—Community Concert, Eureka. Erno Balogh, Pianist.  
**SATURDAY, JANUARY 17**—THROUGH WED., JAN. 21. FINALS.  
**FRIDAY, SATURDAY, JANUARY 23, 24**—HSC vs. San Jose State, Basketball, gym, Arcata.  
**MONDAY, TUESDAY, JANUARY 24, 25**—REGISTRATION.  
**WEDNESDAY, JANUARY 25**—Spring Semester Classes Begin.

### Rifle Club Now Tentatively Set For Humboldt

Annie Oakley won't have a thing on Humboldt trails, and Deadeye Dick will be a piker alongside Humboldt men when and if tentatively plans for organizing a unit of the Redwood Rifle Club at the college materialize.

**"IF THREAT"**  
 If the Executive Council votes "yes" on the proposition, Humboldt sharpshooters may soon challenge Vassar or Yale to telegraphic "shoots."  
 If the physical education department votes "yes," students may receive credit in marksmanship.

If Mr. Jack Frost says, "Yes," Humboldt students will have a capable and enthusiastic instructor in bulleey-hitting.

Provided the triple "if-threat" is removed, all men and women—students and faculty—who are sixteen years of age and American citizens will be eligible for membership. Although it will be desirable for members to use their own guns, weapons will be provided those unfortunates whose ger-mails, tennis rackets or pitch forks, and kitchen utensils or brass knuckles.

**CREDIT DUE**  
 Although such master-shots as Harry Manning, Henry Frank and Clark Nellist have not heard of the proposition, their names are bandied about by the plotters for the organization of this recreational and functional activity. The Japanese won't find it "easy pikens" to practice Ju-Jitsu in Humboldt's halls.  
 —G. M. ("Spud")

### Additions Will Be Made To Next Semester's Staff

With today's issue of the Lumberjack marking the final one of this semester, Helen Hartsook announces that there will be "room" for several additional students on next semester's staff.

Certain changes will be made in positions now held. A new Business manager and assistant business manager will be needed. Several more reporters will be "acceptable" and two typists. Any student interested is asked to inquire at the Lumberjack office.

### Out Of The Fog

Scene—New Coop.  
 Hi, la Belle. 'Siddown. What gives?  
 Me? Aw, I dunno—just lookin' the place over. How bout a tubba java?  
 Yeah, on me.  
 Well, heee, we finally got a decent place. (and java) in "Out of the Fog," last issue. Score one for the Lumberjack!  
 Not bad, eh? I hope to heck these studies have sense enough to take it easy in here. Sure is a set-up for a repitition of what happened in the social unit—Well, maybe they've grown up since then.  
 Hope so.  
 And we can smoke in here now that the ash trays are here. Ain't that something? Seems to me I read some sort of a plug for that privilege (and java) in "Out of the Fog," last issue. Score one for the Lumberjack!

Jeez, wasn't that a kick about Grant Ferguson's car catching on fire? Five fire extinguishers they tried before they found one that worked. Yeah, they got them from around the school. That's hot. Aren't there supposed to be laws covering "adequate fire fighting equipment"?

What? Naw I hadn't heard. Rico Bengio and Mart Stockel booted out of the House of Wiley? The dorm kids were moanin about their accordian playing eh? That's a laff. I suppose they'll have to pitch a tent somewhere out in the wide open spaces. But that's the way it goes—a couple more martyrs to the muses.

Just casually what was the new combo that was seen round and about after the recital Monday Night? I told Nick I wouldn't mention it because of his interest in the south nut, don't let it get around, but it seems Look and Nickerson were boom'n' around with Jane Mahoney and G. G. Hill—How come? What about the Hill-Lansing team? She's been wearin' his ring for months. This younger generation.

Yeah, I know lotta flu going around. Bernice Brown's been down since darn near Xmas. No wonder the staff is lost—no galley slave to do their typin'.  
 She will? Be back next week, eh? Good.  
 Well, here we go again—another Vice-Prexy after finals Wonder who it'll be this time?  
 Say, I think you've got something there.  
 Yeah, Dan Pezzotti—he could really handle a job like that. Yeah. Man! Ain't that some session over in the corner? Solid! But howin'heck can a guy think?  
 That's true too—hain't supposed to.

Well, babe, I gotta trilly Zoo job.  
 Okeh Seeya later

## Dean Of Men Asks College Men To Stay In School; Reports Army Asks It Too

(Ed note: Mr. George Murphy, Dean of Men at Humboldt State, interviewed many army officers and men in the service during the recent Christmas holidays. His message is directed at the bewildered student—the student who debates between a war job and college. Mr. Murphy's statement speaks for itself.)

**"Tell your students that the BEST WAY they can help their country right now is to STAY IN SCHOOL."**

**President Roosevelt says that; army men say it and we say it.**

No, of course you don't have to pay any attention to what President Roosevelt or the army men or we say. That's one of the beauties of a Democracy. You can still say, "Nuts to President Roosevelt, the army and schoolpuppies; I'm agoin', maw." And the FBI won't get you.

**But think, Brother, think before you quit.**

Think of the length of time the war may last, think, too, of the length of time you will be living AFTER the war. Think of the kind of work you will be trained for if you quit to get into production of war supplies, and think of the kind of training you will need for the job you will have after the war is over. Go ahead dream of the high wages you may get; but dream, too, about effect of those wages on you.

**WONT IT?**  
 These high wages will undoubtedly be spent in paying high board bills, buying clothes (Maury Ayala can advise you) a radio, a car—And then suddenly the war will be over; and your clothes will go unpressed; your radio will be sold for a couple of dollars (you'll buy overalls) and your car will revert to the finance company. And you will be—**DISSATISFIED** with everything—MAYBE even LIFE. There have been people like that.

Sure we're painting it black—but don't say we didn't tell you. We feel pretty bad when boys like Jake come around. Jake stopped in to tell us that he was quitting to go "down below" where he could work for big money. We tried to tell Jake what he was letting himself in for. "Ah, I'm flunkin' anyhow," he said. "Well," we said, "many people flunk the first semester, and still they get through college." "Besides," we said, "are you going to quit every time the going gets a bit rough?"

**AN OLD STORY**  
 Then Jake pulled the old one about coming back later. He said

that his mother wanted him to go through college but the REAL reason he wanted to go, he said, was to get away from home and have himself some excitement.

**KIDDING HIMSELF**  
 So here was Jake kidding himself and everyone who would listen to him. He seemed to be patriotic, but he wasn't. He was just plain selfish. He wanted some excitement for HIMSELF. It made no difference to him that President Roosevelt has told us that the BEST way to win this war is to keep cool, live as we have been living as long as we can, plan for the future (and where can you do that better than in school?) and cooperate with civil and military authorities.

**ANYWAY**  
 Maybe we're selfish too. Maybe we're just preaching to that we can have some company when, comes February, we get our crutches and hobble over to Eureka to tell Uncle Sam that if he needs a broken-down potato peeler or a has-been bobo, by cracky here's one.

How about it, Baddy, can you spare the time?  
 —George Murphy

## NEW COURSES PLANNED FOR SPRING SEMESTER

New courses to be offered next semester at Humboldt State include:

**Radio Production**, a new course offered by Mr. Donald Karshner, will be the "laboring" end of the new H.S.O. radio shows, to be released through KHSB next semester. This class is open-division, and will provide training in script writing, dramatic presentation and the preparation of radio programs.

**Child Care and Training**, a three unit course taught by Mrs. Ellen Walters, is a course designed to study the development of the child from the prenatal period and birth through the pre-school age. The prerequisite is Ed. III (Growth and Development of Child) but this may be taken concurrently.

**Clothing Design and Textile** may be taken for either two or three units, and is a course recommended for all girls especially commercial students. This course covers what to wear, and when to wear it, with emphasis on the clothing budget.

### METAL ARTS AGAIN

Metal Arts will be offered again by "Pop" Jenkins, and due to the national shortage of certain metals, metal spinning will be covered during the course. Metal Arts is the application and use of various metals, including hammering of copper, grinding of stones, casting, silver plating, soldering, and enameling. Three units.

### FIRST AID IMPORTANT

A number of first aid classes will be offered by Coach Hoos, in line with the present war preparedness program. Every student is urged to take one class of first aid, for this information is not only valuable in this critical period, but, as there is an increase in automobile accidents, everyone should have some instruction as to the proper procedure in event of an accident.

### NEW RCOR COURSE

A new course in World Resources and World Population (Economics 196) will be offered by Dr. Homer Balabanus during the spring semester. The course, will carry three semester hours of credit. This is a study which examines the distribution of natural res-

## Four One-Act Plays To Be Presented February 4, 5

The four one-act plays that the Drama Department will present on February 4 and 5 have resumed rehearsals which were started before Christmas vacation.

**HERE WE ARE**, with Donna Garland and Bill McMillan, is the story of newly married couple on their honeymoon. The entire action takes place aboard a train. The dialogue is clever and humorous.

**DAVID'S RETURN** is an anti-anti play dealing with the persecution of the Jews in Germany. Loy Montgomery, Bob Oliver, Marilyn Brown, Beverly Wintler, Lillian Granich, Ed Burfigs make up the cast in this timely play.

**STORM IN A PENTHOUSE** is the story of two actors, married and approaching middle age. The storm occurs when the wife outperforms her husband and seemingly falls in love with another actor, a younger and more attractive man. Ellen Petersen, Pat Bartlett, Jack Sutherland and Stan Roscoe are the principals.

**IN THE ZONE**, by Eugene O'Neill, will be remembered as part of the movie "The Long Voyage Home." It is a story of the sea and all the action takes place in the forecastle of an ammunition ship in a submarine zone.

The all-male cast includes Ernie Caro, Dean Galloway, Sheldon Reume, Nick Nickerson, Oscar Sequist, Don Hurst, Hobart Davis and Thurston Womack.

## Seven Humboldt Men Named On Mythical Teams

Seven Humboldt footballers were honored with positions on the mythical All-Far-Western Conference teams recently.

Bill Lee, quarterback, and Harvey Del Fatta, tackle, were selected on the first team for their outstanding work at those positions. Fred Ilen, end, and Len Longblood, halfback, received positions on the second team. Art MacGrath, end, Ernie Caro, center, and Jack Piersall, halfback, received honorable mention.

Ernie Caro was also given honorable mention as guard on the mythical Little All-Coast team.

ources and population the world over. It discusses the present and prospective population trends; the relation between resources and population pressure as fundamental to international conflict. It analyzes the claims of "have" and "have not" nations, and suggests bases for world reconstruction on a peaceful basis.

The instructor has taught this course at Fresno State College in the summer of 1940, and at Miami University in the summer of 1941.

Students are asked to see Mrs. Myrtle McGittrick, registrar, if any questions arise concerning the new courses.

## College Receives Check For \$500 By Anonymous Giver

A check for \$500 was anonymously bestowed upon Humboldt State during the Christmas holidays, according to President Arthur Gist.

From a list of suggestions by the Administration as to the best uses for the money, the giver requested that the funds be spent to reconstruct the furniture in the College Social Unit.

### COMMITTEE AT WORK

President Gist has appointed a committee of Mrs. Gist, Mrs. Jessie Woodcock and Mrs. Stella Little to select patterns for the new upholstery.

The work is expected to be completed early next semester. President Gist stated that when the Social Unit was ready, it would be opened again for restricted use only. The restricted use would apply to less, special lectures, etc. The newly completed Co-op is to become the informal social center for the student body from now on, replacing the Social Unit in this respect.

## Dance Routines, Scripts Begun For Student Show

Humboldt State's Student Show, to be presented this spring, has laid its foundation and is under way.

George Murphy's creative writing class has begun writing the script; Miss Prue Hillingworth and Mrs. Monica Hadley have started working out their dance routines. Mr. John Van Duzer looked at cloth samples in San Francisco during Christmas for use in staging.

Joan Roth and other students have started writing music. Jack Sutherland and Mr. Charles Fulkerson are organizing a twelve piece orchestra.

### THEME DECIDED

The general theme for the show has been laid out and the different groups are concentrating on the details. Mr. Karshner states that there is still plenty of opportunity for students to turn in their orange sheets. Student managers will be chosen after final week. All students interested in Senior-managerships see Mr. Karshner before the close of exam week.

## FOUR NIGHT CLASSES STARTED AT HUMBOLDT; PART OF DEFENSE PLAN

### Many HSC Men Going Into U. S. Service Now

Since the outbreak of the war on December 7, many Humboldt State men have gone into the service, or will be going at the end of this semester.

Those who will leave at the end of the semester are: Bill Fiedler (into the army air corps); Don LeMasters (will enlist); Harvey Del Fatta (will join the marines); Ted Scott (will be drafted); Wally Scott (going into the Navy); Bob Hollen, army; Lee Briggs, home guard; and Zane Nichols, navy.

## Faculty Committee Planning Special Defense Courses

Women students at Humboldt State will all be given an opportunity to participate in important defense work while continuing their studies in college, according to Mrs. Monica Hadley, dean of women.

Mrs. Hadley heads a faculty committee composed of Mrs. Stella Little, Mrs. Ellen Walter, Mrs. Alice Griffith, and Miss Helen Garvin. They have been working on the organization of various projects, so that every college woman will be able to take a part in at least one project by the beginning of the spring semester.

First of the various projects is Sewing, with Mrs. Walter as sponsor, assisted by Mrs. Vernon Talle. Headquarters for materials and instructions will be in the Home Economics room at the College Elementary School. Articles to be made include: Boy's and men's hospital pajamas, girls' and women's nightgowns, besides surgical gowns, operation gowns, pneumonia jackets, wool and cotton dresses, wool skirts, and part-wool shirts for boys.

### KNITTING CLASSES

Another project available will be knitting with Mrs. Little as sponsor, assisted by Mrs. Alice

Approximately 200 men and women of this community have registered to take the Red Cross First Aid course which is being conducted here as part of the war emergency program.

The response of the people in signing up for the courses was considered outstanding by officials.

First classes in the Standard Red Cross first aid course were held Monday, Tuesday, Wednesday and Thursday evening of last week at Humboldt State College. One hundred and seven people enrolled. **WARDENS TAKE COURSE**

In addition to the classes at the college 40 Arcata Firemen and Fire Warden started first aid courses last Monday evening at the Fireman's clubrooms.

Another class will be organized for Humboldt State College students. A special "refresher" course for nurses will be conducted by Dr. Harry L. Jenkins.

Instructors of the night classes at the college are Coach Earl Hoos and Miss Prue Hillingworth of the physical education department.

Griffith. Headquarters will be in Room 204 at the college. Yarn and instruction will be given daily and navy sleeveless sweaters, adult sweaters, sock, army and navy mufflers, mittens and beanies will be crocheted.
