

YEARBOOK PORTRAIT TAKING IS SCHEDULED TO BEGIN OCT. 14

Individual portraits of students and new faculty members for the 1958 HSC yearbook, the Sempervrens, will be taken the week of Oct. 14 on campus.

Hugh Monda, Sempervrens editor, announced that students in all classes, freshmen through graduate, are eligible to have a portrait in the book.

Portraits will be taken by a professional portrait studio, Swanlund Studio of Eureka, in room 201, student coop. Price will be the same as last year's, \$1.75, which must be paid at time of the sitting.

No appointment will be required, but Monda said portraits would be taken according to the following schedule of last name initials.

Monday, Oct. 14, A through D; Tuesday, E through I; Wednesday, J through M; Thursday, N through R; and Friday, S through Z. Faculty members will be taken at any time during the week. The photographer will work from 8 a. m. to noon and from 1 p. m. to 5 p. m.

Students who have free time during the afternoon on campus are urged to come during afternoon hours.

All portraits used in the book will be retouched. The studio will have a representative on campus to contract with individuals for studio sized portraits at a rate to be announced, but students and faculty are under no obligation to buy extra portraits. The \$1.75 will constitute payment in full for the picture that will appear in the book.

"We feel very fortunate in having a local firm do the work this year without raising the price we paid last year to have a San Mateo company come up," Monda pointed out.

Women should wear a pastel sweater with plain neckline if possible. Men should wear a white shirt, tie and suit or sport coat. The yearbook staff emphasized that the week of Oct. 14 would be the only opportunity for students and new faculty members to have individual portraits taken for the book.

Proofs of each pose will be distributed to students and faculty through campus mailboxes about two weeks after the portrait taking on campus is completed.

Lumberjack

OF HUMBOLDT STATE COLLEGE

VOL. XXII

ARCATA, CALIF., FRIDAY, OCT. 4, 1957

No. 3

Roy (Dobe) Harrison, third from left in front row, will be third member of the Humboldt State College Hall of Fame. Here he appears with his teammates and the first intercollegiate football team fielded by HSC in 1927. Front, left to right, are Donald Gishner, Lewis Fleckenstein, Harrison, Harold Hunter, Pat Gallagher. Second row are Donnie Wallis, George Hale, Al Calogrove, Duran Devlin, Walter Delfino. Back row, Cliff Brombert, Adrian Anderson, Al McKee, Earl Holm. "Grease" Memphis, Rose Clary and Coach Fred Telesich, now professor of biological sciences here.

Enrollment Climbs To All-Time High Of 1606 Students

Figures released from the office of the registrar, Mrs. Mary Ann Smith, indicate an increase of 184 students over last year, with a total of 1606, an all-time record.

Registration closed Monday, Sept. 30, at 4 p.m.

Approximately 280 veterans are attending HSC. Statistics showed a 14 percent increase in the freshman class.

Fifteen evening extension courses will be offered for the fall semester according to Dr. Ivan Milhouse, dean of extended services. Registration for these classes will be completed Oct. 11, in most classes. All students are eligible for the classes providing they do not exceed the maximum load per semester.

The list of courses and instructors for classes to be held in Eureka Junior high school includes: Principles of Money and Banking, Mondays from 7:10 p.m. to 9:30 p.m.; Dr. Phillip McCoury; Choral Conducting, Wednesdays from 7:0 p.m. to 9:30 p.m.; Professor Paul Menges; Elementary Arithmetic Methods, Tuesdays from 7:30 p.m. to 9:30 p.m.; Dr. La Mar Holmes; Social and Intellectual History of the United States, Wednesdays from 7:30 p.m. to 9:30 p.m.; Dr. Archie Jones; Speech for the Teacher, Wednesdays from 7:30 p.m. to 9:30 p.m.; Professor Milton Dobkin; Great Books, Thursdays from 7:30 p.m. to 9:30 p.m.; Dr. John Wagner; Interviewing Techniques, Thursdays from 7:30 p.m. to 9:30 p.m.; Professor Alvin Sessions. A course in the Pre-natal child will be conducted Wednesdays from 7:30 p.m. to 9:30 p.m. in the Child Care Center Auditorium, Henderson and Garland streets. Professor Emilia Tachan will teach the course.

Courses to be offered on campus will be Oil Painting, Tuesdays from 7:10 p.m. to 9:30 p.m.; Professor Glenn Bevy; Shortland, Tuesdays, 7:10 p.m. to 9:30 p.m.; Dr. Robert Woodward; Business Machines, Wednesdays, 7:30 p.m. to 9:30 p.m.; Professor Imogene Platt; Audio-Visual Radio Education, Wednesdays, 7:30 p.m. to 9:30 p.m.; Professor Lillian Miller. A workshop in Public School Music will be taught by Professor Floyd Glende, Mondays from 7:30 p.m. to 9:30 p.m. in the South Bay Elementary school, Highway 101 near Fields Landing.

A course in Child Growth and Development will be taught on Thursdays from 7:30 p.m. to 9:30 p.m. by Dr. Donald Browles at the Fortuna Elementary school, 343 L street. Students unable to enroll next week may reserve a place by calling the office of Dean Milhouse.

FACULTY EXHIBIT OPENS MONDAY

The tenth annual Faculty Art Exhibit will be held in the Humboldt State college art gallery starting Monday and running through Oct. 31.

The gallery, which is located in the upper and lower lobbies of the new art and home economics building will be open daily from 9 a.m. to 5 p.m. and will stay open from 7 p.m. to 10 p.m. on Tuesday.

This showing, which is the first art exhibit of the 1957-58 school year, is sponsored by the HSC student body. The purpose of the exhibit is to allow students to view the work done by the instructors in the preceding year.

Included in the exhibit will be portraits done in oil paint by Mr. Glenn Berry; pottery by Mr. Ross Bullen; water color and oil painting by Mr. Leonard Kamelgarn; photography and water color paintings by Mr. Thomas Knight and sculpture, drawings, water color and oil paintings by Mr. Melvin Schuler.

'LARGE, GRAND' HOMECOMING PLANS SAID TO BE 'WELL UNDERWAY'

Plans are now well underway for what promises to be the "largest and grandest" Homecoming in the history of Humboldt State College.

Plot to get underway will be the coronation of a Student Henry who will reign over 3-day Shower of Stars, theme of this year's Homecoming.

Wallace Named Business Manager

Bill Wallace, junior, has been named business manager of the Lumberjack for 1958.

A group make (English Art Journalism). Wallace returned to campus this year after working in the bay area as an insurance adjuster. He is a 1947 graduate of Eureka High school and a graduate of St. Mary's Junior College in Santa Rosa.

Wallace served briefly as Lumberjack business manager in the spring of 1956.

The Lumberjack staff is filling out but reporters, photographers and ad salesmen are still welcome to participate by signing up for Journalism 27 or 127, Journalism workshop, which carry one or two credit units.

Heading the staff is Jewell Hyman, editor in chief. Don Harris is sports editor, assisted by Tom Fay, Don Nielson and Gene Smith. Jack Geary has been named features editor and Lois Havelin, photographer. Smith is circulation manager. Reporters are Bill Livingston, Linda Doff, Janis Williams, Stan McDaniel, Carol Kirby, Dick Wasmouth and Tony Vanzor.

Yearbook Staff Is Appointed

Staff members were appointed this week for the 1958 Sempervrens.

Hugh Monda, editor, announced that appointments would be Susan Swans and Barbara Poulson; layout editors Mary Lou Buzan and Karen Dillard; Women's sports editor Belle Hammond, and Photographers Jim Davis Jr. and Lois Harvey. A men's sports editor is yet to be appointed.

The staff has scheduled regular weekly meetings and work on the book is well underway. Monda said.

ROY 'DOBE' HARRISON SELECTED FOR HSC ALUMNI HALL OF FAME

Roy (Dobe) Harrison, four year baseball and football letterman during the infancy of intercollegiate sports at Humboldt State, has been named the third member of the HSC Alumni Hall of Fame.

Hawaii Gridders Have 'Adventures' While in Humboldt

It would appear that the University of Hawaii football players will not soon forget their visit to the land of the redwoods. Their experiences varied from rallies to sightseeing trips to road maintenance and finally to an auto accident.

The Rainbows got through their sightseeing tours safe and sound. It was not until after the game had passed and Rainbows were preparing to go home that a severe note was sounded.

Two University of Hawaii football players received minor injuries Sunday morning when four cars piled up in a heavy fog. The accident took place on Highway 101 near the Indio area.

The injured players were Julius Cambers, 15, and Kim Kaugawa, 15. Henry George, one of "three" George brothers, was the driver of the vehicle. He escaped without injury.

Earlier in the week, while on a jaunt into the western region of Humboldt County, the football players formed a work party and cleared the road of debris which was hindering traffic.

New Health Unit Plans In Progress

One of the biggest programs at work now in the health unit is compiling a preliminary equipment list for a new health unit which is due in the near future. Dr. George Scheppler, college physician, and Mrs. Beverly Gird, college nurse, are going through catalogue now and making out the order to meet the deadline.

Services of the health unit are to be greatly expanded. It is anticipated that ten beds or a 24-hour open infirmary will be available. (Continued on page 3)

He will be guest of honor at the annual Alumni Association banquet Friday, Oct. 18, in the Home Economics Building at Redwood Acres, Eureka. He also will be honored in a special ceremony during half time of the homecoming football game the following night in Redwood Bowl.

Harrison, joins Earl Menow, first halfback of the football teams of the late 1930's, and Dr. William Channing (Billy) Lee, football, basketball and baseball star of the early 1940's, in the Hall of Fame. Menow was the selection when the Hall of Fame was inaugurated by the Alumni Association two years ago.

Harrison is described by Prof. Fred Telesich, first coach of Humboldt intercollegiate football, as "one of those dedicated young fellows who played for Humboldt when we were just getting started in sports and when we had very little in physical resources."

He entered Humboldt State in 1925 after graduating from Fortuna High School and excelled as a second baseman on the baseball squad, the first of Humboldt's teams to engage in intercollegiate competition. He was headful man and an excellent hitter.

In 1927, when Humboldt embarked on intercollegiate football by taking on Southern Oregon, (Continued on Page 3)

Bettiga Drawings Exhibited Here

A showing of 16 drawings and sketches by Floyd Bettiga of Ferndale, California, is now being presented in the colloquium gallery of the HSC library.

The exhibit, which began Monday, will continue through Oct. 27.

Mr. Bettiga received a degree in art education from HSC in 1954 and did one year of post graduate work here in 1955. Army Band in Germany. He is now with the U.S.

1957-58 Budget

The budget for the school year 1957-58 was passed in May by the Student Executive Council.

This budget was the result of a great amount of study and hard work on the part of Jim Callison and the Board of Finance, and several hard fought meetings of the Council. The budget must also be approved by the president of the college.

Any monies which are spent by the student body must be approved by the Board of Finance and the Council. There is an account in the budget known as Unallocated Reserve which may be tapped if any emergencies arise.

This presentation shows the major categories of budget planning and gives the major sources of income and activities that receive ASB support. Several of the accounts, such as athletics, are broken down into many different items. I think it is important to point out that football not only carries the athletic part of the student body budget, but represents the largest section of the ASB operations. If there is a very poor season along with a lot of rain, the income of the ASB will fall short and many cutbacks would have to be made in other accounts. Fortunately, we have been having very successful years and good weather which has meant that almost none of the ASB card money was needed for athletics.

The purpose of presenting the budget to the student body is to give you a better idea of the workings of the financial business of the ASB.

If there is any question that I might answer concerning the present budget, please let me know.

— Jim Ely, ASB Treasurer

Minutes of the Student Council

Sept. 26, 1957

The meeting was called to order by Vice President Roberta Johnson. Those present were Dale Callahan, Jim Ely, Joe Chappelle, Pat Duffy, Joyce Hedberg, Don Peterson, Jon Mitts, Warren Baker, Tony Vasquez, Larry Westlake, Howard Goodwin, Dr. Karshner and Diane Johnson.

CORRESPONDENCE
A memorandum concerning financial cuts in the budget was received from Phil Sarbon. Executive Secretary of the Athletic Advisory Committee and was referred to the Board of Finance.

Conservation Unlimited's report on the concessions was read. It stated that they received a net of \$137.43 on the last game and expect to net \$250 on each of the next two games.

COMMITTEE REPORTS
The Athletic Advisory Committee has decided to leave the decision of whether an athlete should receive an award up to the discretion of the coach. The student directory committee reported three alternatives for handling the directory. The first is to leave it to individuals by bids, the second is to let the clubs bid on it and the third is to have the Student Council produce it and let clubs bid on the selling of it. After much discussion, it was decided to let the clubs produce it and sell it. The bidding will be publicized in the daily bulletin and the committee will select the club to do it.

A pre-planning session for the Leadership Conference was held with three representatives from each high school present with the exception of Del Norte. They contributed ideas which will be

used in planning the conference. Jim Messinger, PSFA president and Student Body President of Stanford, will be the key note speaker. This is a Student Council sponsored conference and will require the work of the whole council.

NEW BUSINESS
Jon Mitts requested five or 10 parking spots to be reserved for the band near the Music Building. He suggested trying it for one game to see if they will take advantage of it. Jon will work on it with Dr. Karshner.

Convertibles will be used for the Homecoming pre-game ceremony. "Parade" to introduce the thirty officials, including the Governor and Superintendent of Schools—Jon Mitts requested drivers, preferably from the Council.

COMMISSIONER'S REPORTS
Activities—KCS met on Tuesday but not all clubs were present since they have not all had meetings yet.
Assemblies—Larry Westlake reported that he has met with the faculty in another short meeting in which possibilities for assemblies were discussed.

Board of Finance—The first meeting will be held next week. Representatives at large—the juke box is not loud enough. Mr. Goodwin will have it turned up. Season ticket holders have complained about having to walk too far. Dr. Karshner suggested that they come earlier as the parking lots are filled later.

Respectfully submitted,
Roberta Johnson,
ASB Vice President
Diane Johnson,
ASB Secretary

Three Attending State Meeting

Dr. John P. Pauley, chairman of the Division of Language Arts, Dr. Homer P. Balabanis, dean of instruction and Dr. William Ladd, audio visual and radio and TV coordinator, left Wednesday morning to attend a meeting of the State committee on the use of TV in state colleges of California yesterday and today in the CTA building in San Francisco.

The committee consists of two representatives from each state college and meets twice a year.

Such problems as occupational curricula in TV, use of closed circuit TV in instruction, use of open circuit in instructional broadcasting, relationship of TV to audio visual and college faculty and consideration of types of TV equipment to be used are on the agenda.

YEARBOOK AVAILABLE

A few copies of last spring's Sempervirens are still available. Students may pick them up at the Sempervirens office, room 201, Student Co-op. Students who hold a full year's or both semesters activity cards are entitled to a book free. Those with one semester cards pay \$4 and those with no cards \$6.

Dr. Samuelson's Story Published

A short story by Dr. Ralph Samuelson, assistant professor of English, was published this summer in "New Campus Writing No. 2," a collection of the best in short stories and poetry from American universities.

The paper-backed book, published by Bantam Books, New York, is available in the college book store for 50 cents.

Dr. Samuelson's story, "Day of Rest," concerns a hospital orderly and his reaction to a situation. It was written about a year and a half ago.

Other stories by Dr. Samuelson have appeared in university publications. He is now completing his first novel.

Dr. Samuelson and Dr. James I. McNeill, assistant professor of English, are directors of the HSC creative writing workshop and Dr. Samuelson is adviser to Trypan the campus literary magazine.

Claramae Turner To Give Concert

A concert by Eureka's own Claramae Turner, contralto, will be given in the Eureka Junior High School Auditorium Oct. 10 at 8:15 p.m.

It is being sponsored by the Eureka Business and Professional Women's Club. Tickets are on sale at the Eureka Junior High School office for \$2.00, including tax.

Miss Turner, a star of the Metropolitan Opera, also performed in the motion picture "Carnegie," and is currently appearing at the San Francisco Opera.

Miss Turner is the daughter of Mr. and Mrs. Reed Haas who reside in Eureka.

42 Humboldt Men Fight Gasquet Fire

Two weekends ago found a group of 42 Humboldt State College men traveling to Gasquet to fight a 600-acre fire.

A crisis arose in the critical fire area and the college was notified for volunteers. These men quickly gathered together and left Friday afternoon. They fought the fire almost continuously until Sunday night. The group worked almost 40 hours during the weekend. They returned late Sunday evening in order to attend their Monday classes.

The crew worked so well that there are rumors of keeping them organized as a standby fire fighting contingent during the rest

of the fire season. A salute should go to all the boys who participated in the fire fighting at this crucial time.

CORRECTION

In a picture caption accompanying the review of the Alexander Schreiner organ concert in last week's Lumberjack, James T. Mesra, associate professor of music, was incorrectly identified as Paul Johnson, assistant professor of music. The Lumberjack sincerely regrets the error and extends an apology to the professor.

(By the Author of "Rally Round the Flag, Boys!" etc.)

WHAT EVERY YOUNG COED SHOULD WEAR

Gather round, girls. Flip open a pack of Marlboro, light up, enjoy that fine flavor, that good filter, relax and listen while Old Dad tells you about the latest campus fashions.

The key word this year is casual. Be casual. Be slapdash. Be rakish. Improvise. Invent your own ensembles—like ski pants with a peek-a-boo blouse, like pajama bottoms with an ermine stole, like a hockey sweater with a dimid.

(Dirdl, incidentally, is one of the truly fascinating words in the English language. The word originated on June 27, 1846, when Dusty Sigdson, the famous scout and Indian fighter, went into the Golden Nugget Saloon in Cheyenne, Wyoming, to see Lily Langtry. Miss Langtry did her dance in pink tights. Dusty had never seen anything like that in his life and he was much impressed. He thought about her all the way home. When he got

home his wife Feldspar was waiting to show him a new skirt she had made for herself. "How do you like my new skirt, Dusty?" asked Feldspar. He looked at the large, voluminous garment, then thought of the pink tights on Lily Langtry. "Your skirt is darn dull," said Dusty. "Darn dull," was later shortened to dirdl, which is how dirdls got their name.)

But I digress. We were smoking a Marlboro and talking about the latest campus styles. Casual, we agree, is the key word. But casual need not mean drab. Live up your outfit with a touch of glimmer. Even the lowly dungaree and man-shirt combination can be made exciting if you'll adorn it with a simple necklace of 120 matched diamonds. With Hermuda shorts, wear knee-cymbals. Be guided by the famous poet, Cusmo Sigdson (whom cousin Dusty invented the dirdl), who wrote:

Sparkle, my beauty,
Shimmer and shine,
The night is young,
The air's like wine,
Cling to a boy,
Hang on a vine,
Crawl on your belly,
It's time to dine.

(Mr. Sigdson, it should be explained, was writing about a glowworm. Insects, as everyone knows, are among Mr. Sigdson's favorite subjects for poetry. Who can ever forget his immortal *Ode To a Bull Wasp* or his *Tumbling Along with the Tumbling Tumblebug*? Or his *Fly Chorus*, *Swamp Aphid*? Mr. Sigdson has been inactive since the invention of DDT.)

But I digress. We were smoking a Marlboro and discussing fashions. Let us turn now to handwear. The motif in hats this year will be familiar American scenes. There will be models to fit every head—for example, the "Empire State Building" for tall, thin heads; the "Jefferson Memorial" for square heads; "Niagara Falls" for dry scalps. Feature of the collection is the "Statue of Liberty," complete with a torch that actually burns. This is very handy for lighting your Marlboro, which is terribly important because no matter how good Marlboros are, they're nowhere unless you light them.

What ever you wear, girls—and men too—guarantee that the perfect accessory is Marlboro, whose makers take pleasure in bringing you this column throughout the school year.

Eyewitness Gives Account Of Fire On Gasquet Mt.

(The following is an eyewitness account of the Gasquet Mountain forest fire, which 42 Humboldt State wildlife and forestry students helped control.)

BY DAVE FOSTER

I had the thrill of helping to fight the forest fire on Gasquet Mountain, about five miles outside Crescent City, on the weekend of Sept. 21 and 22.

The fire season was still on, and the area was quite dry. It is covered with heavy areas of brush, with widespread stands of pine and fir trees. On our first night we were transported to the blaze in army trucks. We bounced over the old mining road, and as the fire came into view we could see the orange tongues of flame leaping over the highest trees. The fire seemed to extend all the way down the ridge to the canyon bottom.

An excitement seemed to grip the whole crew as we waited for our orders.

When we were issued our different tools we filed down the mountain, stopping along the way to put out spot fires. When we reached the bottom of the cut trail we had been walking for about 30 minutes we got our first look at the real fire.

Fierce flames were shooting up everywhere. The heat was tremendous. The sweat rolled off my face and body. As we tried to build a hard line in the path of the blaze the wind shifted and the fire was on us.

Defeated at first try, we raced up the hill, where we began another line. Before the fire could reach us we had the line completed.

Now we scattered into the fire itself, spraying it with soil, scraping it and chopping away brush and trees. As I swung my ax into the tree each bite drew the building sap from the bark. The sap oozed down the tree and onto the ground.

Time raced on and as dawn neared each weary fighter plodded up the hill. We all turned and looked down on the job we had done. Tired as I was, my chest swelled with pride to know that I had been a part of the crushing force that had smothered the forest's No. 1 enemy.

Freshmen Women To Be Interviewed

The latter part of October, Freshmen women will begin receiving invitations to appear for an interview with Miss Kate Buchanan, associate dean of activities.

Each year, Dean Buchanan talks with the freshmen women to "get acquainted." She feels that the interviews have paid off in good will and security for the women.

Miss Buchanan said the women appreciate the fact that they have a place to go to talk over their problems. She often refers them to other officers for special help.

When the invitations are mailed the receiver can then sign up and choose a time which is convenient for the interview.

In past years about 90 percent of the classes have responded to the opportunity to "talk things over," stated Miss Buchanan.

Charles Fulkerson Spends 15 Months In Europe On Sabbatical Leave

By JAMES WILLIAMS

Charles Fulkerson, associate professor of music at Humboldt State College, has been in Europe for the past 15 months on sabbatical leave. He and his family spent the majority of this time in Vienna, where they were enrolled in the State Academy of Music. Mr. Fulkerson and his wife Jean studied and performed chamber literature, while their daughter Julie took ballet classes through the academy.

There were 1500 students at the Academy, representing countries throughout the world. Some classes were conducted in English because of a preponderance of English-speaking students, and rehearsals were conducted in German. The Fulkersons found their study of that language worthwhile for a good deal of time was spent in rehearsal.

Chamber music may be defined as music arranged for a small number of instruments to be performed in a smaller room. Because of the informal atmosphere in which it may be performed, chamber music sometimes tends to be less formal than general "concert music."

Mr. Fulkerson plays the piano and Mrs. Fulkerson plays the cello. Two integral and important parts of most chamber literature. While in Vienna the Fulkersons performed in different groups. They played trios, together with a young Yugoslavian violinist or another violinist from South Africa. Mr. Fulkerson did some piano and violin sonatas with a boy from England who was Concert Master of the Covent Garden Orchestra.

ATTENDED REHEARSALS

They felt fortunate to be able to attend rehearsals of the Vienna Symphony, the Vienna Philharmonic Orchestra and some of the chamber orchestras. Alex Mr. Fulkerson "had a chance to practice the piano for the first time in many years."

Having seen pictures and movies of Europe, things were just as the Fulkersons expected in appearance. There were very few refrigerators and central heating was uncommon. The cost of living was low, for they found that they could eat their evening meal at a better restaurant for 40 cents per person, including the tip (the tip was included in the bill). They attended 15 opera performances, where prices ranged from 14 cents to \$2.00 per seat. It was possible to go to concerts for eight or ten cents.

One standard American convenience, naturally missing was "hot, running water."

The Fulkersons were constantly being asked, "How do you Americans live at such a speed?" A custom throughout Europe is "siesta" time, a two-hour break in the day for lunch and rest. All shops close at this time, and if one

wishes to purchase anything, he is just out of luck.

Many concerts are sold out a season in advance. There are always full-house audiences at public music performances. Mr. Fulkerson noticed especially that "There were more men than women present, and many, many young people." In every respect the opposite is true of American concert audiences.

SAW HUNGARIAN REVOLT

The Fulkersons apartment overlooked the Scharenberg Square, and when the Hungarian revolt was in progress they watched the student anti-communist demonstrations from their windows.

"These demonstrations were for the most part, orderly. The Austrian government was intent on keeping the neutrality of the country, so all the Vienna police were on hand to keep the crowds in order. Austria was very careful not to give the Russians any excuse for taking action against their country. They protected the Soviet Embassy and places where Embassy workers lived. Still they (the student demonstrators) broke up the Communist party headquarters and burnt the files."

The Fulkerson family went on to Yugoslavia, Italy, Germany and Switzerland after the school year at the Academy had ended. In Switzerland they stopped in the town where Mr. Fulkerson's grandmother was born, took pictures of the old family house and looked up their family tree, which was obtained from the church records.

Dr. Fulkerson said, "We left Vienna with the feeling that Vienna is still the musical center of the world and we look forward to the time when we can return and renew our acquaintances with the wonderful Viennese musicians with whom we played."

Health Unit

(continued from page 1)

able. Also there will be adequate X-ray and lab facilities and an increase in the staff with an additional doctor, nurse and technicians. The new unit will have three doctor's offices and six treatment rooms, a small pullman type kitchen and a large multi-purpose room.

When this unit is in use services will be more adequate and will better meet the needs of the growing student body.

Four Full-Length Plays To Be Presented During HSC's 1957-58 Drama Season

Four full-length plays are scheduled for production during the upcoming 1957-58 drama season at Humboldt. The opening offering is to be "The Barbaric Scapels", an original two-act play written by Herb McLellan, HSC drama major for his Member's thesis. The play will be presented on Oct. 25 and 26 at 8:15 p.m. in the HSC auditorium. McLellan, a veteran actor at Humboldt, will also direct the play.

The second presentation of the Humboldt Players will be "The Rivals", a classic eighteenth century comedy by Richard Brinsley Sheridan. Play dates are Dec. 5, 6, 7, 13 and 14.

"The Glass Menagerie", a drama by Tennessee Williams, one of America's top contemporary playwrights, will be presented

on Feb. 28, and March 1, 7 and 8, 1958.

A Gilbert and Sullivan opera, "The Yeoman of the Guard", is slated for production on May 9, 10, 15, 16 and 17, 1958, by the HSC players.

Several original one-act plays by members of the playwrighting class will be presented on March 26 and 29, 1958.

The annual faculty play reading is scheduled for Jan. 26, 1958. The name of the play to be offered has not yet been released.

Admission prices this year will be \$1 for adults and 50 cents for high school students. Reservations may be made by phoning Vandye 2-1771, Ext. 74.

Season tickets are now on sale by members of the Drama Club or may be ordered by phoning Vandye 2-1771, Ext. 74, or writing Box Office, Room 120, Administration building, Humboldt State College. The box office will be open on the Monday preceding each show and every afternoon thereafter from 1 to 5 p.m., until performance.

Humboldt's Delta Sigma Phi Holds First Social Function Of Year

Humboldt State College's one and only national fraternity, Delta Sigma Phi, held its first social function of the year at the home of Dr. James Walsh, DDE, on Compton Road in Eureka. The party was a luau and was held Sunday, Oct. 28, the day after the Hawaii games.

Approximately 50 people were in attendance at the elaborate function which came complete with an 80 pound roast pig. The pig held an apple in its mouth in the true tradition of roast pigs. Rice and pineapples were also served. Hawaiian punch was served throughout the night.

Entertainment for the night included dancing to Hawaiian music and swimming in the heated pool which was located in the middle of the patio. A highlight of the evening was the individual dance performances by the boys to Hawaiian music.

The Delta Sigma Phi Fraternity which came into being last year is finally reaching its stage of full reality. The fraternity house has been procured and is now in the process of being made ready for occupation. It is located at 464 12th street.

The officers of the fraternity are Gordon Moore, president; Jim Ennis, vice-president; Wally Chase, treasurer; and Neil Metcalf, secretary.

Other officers are Jack Menzies, house manager; Tony Vasquez, historian; Jim Colwell, pledge-master; Ben Crabbs, scholarship; Dean McCollum, steward; Jim Palmer, alumni; and Dick Sorenson is handling the advertising.

Of the original group, 16 men have pledged and been initiated into the national fraternity. These 16 men traveled to Chicago last spring and were initiated by our sponsoring group at Chico State College. These men are Pete Carpio, Wally Chase, Richard Wilde, Neil Metcalf, Dave Shank, Bob Swede, Jack Menzies, Roy Escareaga, Ralph Johnson, Nick Zupp, Ben Crabbs, Gordon Moore, Larry Westlake, Jim Colwell, Jay

Garr and Myron Robb.

Jay Carr is elaborating Chico State College this year and Myron Robb failed to return to HSC.

In addition to these are approximately 34 members pledging toward the national. The initiation is tentatively scheduled for December 10.

The Delta Sigma Phi fraternity has been granted the last four home football game concessions. This will help them over the rocky financial road which lies ahead of them.

ASIAN FLU FACTS ARE PRESENTED

By STANLEY K. McDANIEL

We hear so much today about Asian Flu that we thought a word from our health unit would be of interest to all.

Dr. George Scheepeler, the college physician says at the present Asian flu is not a serious disease. Most of the death connected with it have been people who have had a chronic disease such as heart trouble and they couldn't take the added load upon their bodies. This flu is very sudden in its onset. The person will experience a high fever, aching joints and muscles much like regular flu. There is no specific medicine that is effective against this virus, but plenty of rest and avoiding exposure will go a long way to help the body kill the invading virus.

At the present there is not enough serum to have a program of inoculation for the general public. The supply is very limited and only those such as have critical jobs like hospital personnel, firemen, police, or any elderly people with chronic diseases will have opportunity at the present to be inoculated.

There is a serious warning that all college students should give an earnest ear. Don't let your classes and jobs fatigue you so your resistance is lowered to the point of real danger. Get your rest.

Initiation Set For Chi Sigma

Initiation for Chi Sigma Kappa, the upper-division honor society, has been set for Sunday, Oct. 13 at 2 p.m.

New members will be elected next week. Candidates must have a grade point average of 2.3 or better plus the recommendation of their division chairmen.

Officers of Chi Sigma Kappa were elected Monday. They are Carolyn Falkenberg, president; Ralph Holberg, vice president; and Jerry Long, secretary-treasurer.

Campus Spotlight

BY JEWELL

Greetings and salutations as we start another school year with "Campus Spotlight." As per usual, we'll pass on a little chit-chat, a little gossip and the latest campus fashions and happenings from Eureka's biggest and best department store, Daly's.

Quotable quotes: You'd hardly think that the Daily Bulletin would serve as a source of inspiration. But last week as JIM MAYO was reading it, he ran across a notice run by a cleaning establishment wanting an experienced wool presser. So Jim brilliantly philosophized, "We've got plenty of cotton pickers around here, but no wool pressers."

Also in the quotable vein: DIANE JOHNSON was heard mumbling to herself in class the other day. (This is no unusual affliction, but is common to all HSC students). However, when she was saying WAS a little different. It goes something like this: "Heres sweet, men perspire and women glow." Wherever, apparently feeling a little warm, she turned to BETTY FAULKNER and suddenly inquired, "Am I glowing?"

As any Humboldt student knows by now "parking problems" is an especially mild term for what greets those who drive cars to school. What is especially distressing is for some poor unsuspecting student, behind the wheel of a big Buick or Oldsmobile, to spot an "empty" space and find that some microscopic sports car is already occupying it. While on the subject of sports cars, have you ever noticed that most of their drivers seem to sport Car Coats? Seems like the latest craze. But for those who do not have sports cars, but would like to make people THINK you do, all you have to do is buy a car coat! The best selection of these are found in Daly's Sportswear department. Any color of the rainbow is available in wool, poplin or twill for you gals! The hood is one of the main features of the car coat and Daly's have them with orlon pile or convertible hoods. \$10.95 to \$29.95.

JON MITTE, this year's Homecoming chairman, was a little surprised to see his picture in the Lumberjack last week. He said, "Don't you know that everytime something like this happens, I get lined in Circle K?"

Jon, by the way, as so many of the men on campus, was wearing one of those smart new bulky knit sweaters. These are really all-new for fall. And talk about good looking! Daly's Mens' Store in Eureka has them in imported wool by Towne & King. They are distinguished by the crew neck and smart shades - charcoal green being one of the newer ones. They sell for \$41.95. An even later line in at Daly's is the bulky knit sweater with the shawl collar. Drop in, fellows, and see them.

Well, that's about "this" for this time. More next month.

Jewell

Dale Anderson Plans New Things For Radio Dept.

A variety of shows and something for everybody is the aim of the new head of the radio and television workshops, Dale N. Anderson, as he views plans for this years programming on the HSC radio station, KHSC.

The 32 year old instructor takes up his duties with a varied background in commercial radio and T.V. He has worked with radio stations KSHB in Iowa and KOIL in Omaha, Nebraska and with KPIX TV in San Francisco. He has also worked on the University of Michigan educational T.V. station. Mr. Anderson says that he has done most kinds of radio work from sports reporting to drama work as well as directing and programming.

His college education was received at the University of Nebraska where he earned his Bachelor of Arts and Master of Arts degrees in speech, radio and television. He is now working for a Doctorate from the University of Michigan, specializing in T.V. Mr. Anderson is a veteran of World War II, having served in the Army Air Force. He now resides in Sunny Brae with his wife and daughter.

Forty-Two Students Earn Places On President's List

Forty-two HSC students were named to the President's list of scholars on the basis of last Spring's semester grades.

To be eligible for the President's list, a grade point average of 3.3 or better is necessary.

Following are those who are on the present list:

UPPER DIVISION

Jack Brewer, pre-med; Joan Bratt, elementary education; Carolyn Falkenberg, business education; Emily Glines, life science; Daniel Gottlieb, fisheries; Ralph Heilberg, art; Upton Henderson, game management; Louis Holson, fisheries; Leslie Holgerman, mathematics; Richard Holmes, game management; Ruth Holmes, English; Marian Holwerman, English; Gene Housholder, business administration; Darrell Johnson, business administration; Kay Killinger, social science; Louise Lawrence, English; Jerry Long, physics; Margaret McFarland, elementary education; Dian Muehke, elementary education; James Namoth, business education; Barbara Parke, elementary education; Jack Pearce, conservation education; Laura Pethman, social science; Sylvia Platori, elementary education; Jean Richards, elementary education; Carol Semell, elementary education; Norma Shreve, elementary education; Rodney Shelton, elementary education; Archie Weathers, social science.

LOWER DIVISION

Martha Anderson, social science; Lynn Cannon, mathematics; Bruce Chetty, physics; Helen Dunning, elementary education; Harriet Jo Marsh, chemistry; Gayle Melvin, business administration; Harmony Moreland, English; Karlene Movius, physics; Donald Peterson, social science; John Phlegley, elementary education; Bryan Robber, physics; John H. Smith, psychology; Mary Stewart, business administration.

DALE ANDERSON

'Coketail' Party Held By AWS

Associated Women Students started off their year with their "Big n' Little Sister's 'Coketail Party'" held last Wednesday night.

The party combined business and pleasure and gave the "Big Sisters" an opportunity to meet the freshmen women. It also gave the freshmen a chance to meet the AWS cabinet.

Entertainment was provided by a feminine vocal trio. The New Notes, Ellen Sebeck also gave a talent twirling performance.

General chairman was Barbara Brown. Others were Betty Rea,

'Barbaric Scalpel' Scores A 'First'

It has been said there's nothing new under the sun, but there's something new under the roof of the HSC auditorium. For the first time, a full length play, both written and directed by a student, will be presented. In the past, students have directed someone else's play, but Herb McLellan, graduate drama major, this season has combined both the writing and directing operations of a major production.

McLellan's work, "The Barbaric Scalpel," will be presented in the main auditorium on October 25 and 26 at 8:15 p.m. Included in the all male cast are Buck Downward, Larry West, Hal Lewis, Sandy Wilbur, Wally Sinclair, John Smith, Bob Lloyd, John McCadden, Phil Swartzell, Walter Beebe, Bill Livingston, Harman Bonniksen, Dion Wright, Casey Conner, Winford Teasley, Truman Worlich, Jeri Predin, and Jerry Flora.

"The Barbaric Scalpel" combines plenty of dramatic elements to give you a full evening's entertainment, as it is based on real life experiences dealing with the war in Korea. All seats are reserved, with tickets at 50 cents, and activity card holders admitted free. Season tickets will also be honored.

refreshments; Karen Fraser, decorations; Mona Armstrong, entertainment and Fran Singleton, publicity.

Station KENL Has HSC Program

Radio station KENL of Arcata is now presenting on Sundays from 10 a.m. to 12 noon "The Hum-boldt State Hour."

It is a program of music, interviews and news about HSC. It stars guest panelists Jim Mayo, senior; Kirby Morgan, junior and Joan Perry, freshman.

This Sunday the panel will interview Dr. Joe Forbes on the Homecoming dedication of the new gymnasium. Elizabeth Locke, physical education major and other students will be guests also.

Last Sunday the panel interviewed Dr. Cornelius H. Siemens, president, on the "HSC Master Plan."

CLUB PRESIDENTS MEETING HELD

Joe Chappelle, activities and organizations commissioner, held a special meeting Tuesday Sept. 24 for all club presidents and advisors.

Club problems were discussed and suggestions were made by the various officers as to solutions and new ideas. Kate Buchanan, dean of activities, gave the officers booklets explaining the various contacts they had to touch in the process of carrying out their activities.

Jon Mills gave a report on Homecoming and a new idea in club activity. The local merchants have offered to supply four clubs with \$25 each to decorate the Plaza. The winner of the contest would receive \$50 from the merchants as their prize.

JACKS MEET GATORS TONIGHT

JACKS FOES WIN THREE, LOSE TWO IN WEEKEND PLAY

Three Far Western Conference teams captured victories last weekend while HSC's two other circuit foes met with defeat at the same time the Lumberjacks were falling at the hands of the University of Hawaii.

Posing triumphs were the gridiron squads of Chico State, the Cal Aggies and Sacramento State. San Francisco State, the Jacks opponents tonight, lost a close one while the University of Nevada also suffered a defeat.

The Wildcats used a time-consuming ground game and a rock-ribbed defense to defeat George Pepperdine College Waves of Los Angeles, 19-13.

Chico struck twice in the second period as quarterback Carl Bloss went over from one yard out for the first one and fullback Jim Englin skirted end for 25 yards to the other one. Frank Enos culminated an 80-yard drive in the third period with a 10-yard gallop in the third period.

The Cal Aggies trounced the Cal Ramblers, 21-0 and Sacramento State downed Long Beach 19-12 in two other non-conference tilts played last Friday night.

Idaho State frolicked to a 46-6 verdict over the University of Nevada. Nevada's lone score came late in the game on a 44-yard pass-run play from Ken Fujii to Tom Whitaker.

JUNIOR JACKS TOP CAL AGGIES ELEVEN

Racking up their second straight victory of the season, the Humboldt State College's Junior Jacks blasted the Cal Aggie Junior Varsity 13-6 last Saturday night at Anton Stadium in Ukiah.

Two weeks ago the Jayvees romped to a 44-0 triumph over Lassen JC. A game with the San Jose JC, eleven slated for tomorrow night has been canceled. The Junior Jacks held control of the ball during much of the first half, making use of a powerful running game.

In the early minutes of the second quarter Humboldt recovered an Aggie fumble on the 18 yard line. Fullback Randy James scored the tally on a handoff from quarterback Ron Reynolds, who later passed to James for the extra point.

Just minutes later the Junior Jacks drove deep into the Cal Aggie territory for their second score. A 15 yard penalty put the ball on the four and from there fullback Ernie Jennings rammed it over.

SPORTS

The new men's gymnasium for the HSC campus is now completed and is in use. The formal dedication is planned for later this month.

NEW MEN'S GYMNASIUM NOW IN USE; DEDICATION IS PLANNED FOR OCT. 19

Formal dedication of the recently completed HSC gymnasium is scheduled for Oct. 19, Homecoming Day. It has been announced by Dr. Joseph Forbes, chairman of the Division of Health and Physical Education.

The new gym, which has held classes for the past two weeks, is complete except for some equipment which is expected to arrive in a short time, said Dr. Forbes.

The present building includes all the physical education instructor's office, basketball court, training, boxing and wrestling room, showers, locker rooms and several storage rooms. It also contains one class room. The original layout called for a radio and TV shop, however, funds were cut off and this room was not built.

The basketball floor has six hoop courts, four badminton courts and two volleyball areas. The bleachers in the gymnasium will seat 1800 people and fold up flat against the wall, taking up very little space when not in use.

Dr. Forbes also announced that bids for the scheduled swimming pool and field house will be accepted soon. The building of these projects will be started together with the contract to be let some time in January.

The swimming pool will be located where the quonset hut and training quarters are presently located. The field house will sit in the northwest corner of the parking lot.

PATRONIZE OUR ADVERTISERS THEY PATRONIZE US!

INTRAMURAL AXE THEFT REPORTED

The traditional axe between Nelson Hall and Redwood Hall has been stolen from the hand resident's office at Nelson Hall.

The axe, which is given annually to the dorm that wins the intramural football game between the two dorms, is green and gold.

It is believed to have been taken Saturday night during the University of Hawaii and Humboldt State football game.

No possible solution was offered by the head resident, who was amazed by the spectacular theft.

High School

(Continued from Page 5A)

When the Jacks host the University of Nevada Wolfpack Saturday, Nov. 3, there will be two prep teams visiting. They will be the St. Bernard's Grizzlies, coached by Ernie Cunningham and the Arcata Tigers, coached by Eddie Oliviera.

Coach Dick Benito and the Eureka High Loggers will be the guests of the Lumberjacks Saturday, Nov. 16 when the Southern Oregon Red Raiders are in town.

TWO TEAMS COLLIDE IN BAY CITY IN OPENING CONTEST OF FWC GRIDIRON SEASON

By DON NIELSEN

Lumberjack Sports Writer

With the aid of three tough prep-season games under their belt, Humboldt State's Lumberjack football squad travels to San Francisco today to tangle with the Golden Gators of San Francisco State at Cox Stadium at 8 p.m. The battle of two of the three defending co-champions of the Far Western Conference will open the 1957 conference season, since the game is the only one scheduled for Friday.

Saturday, Chico goes to Nevada to complete the first weekend of play. The Jacks will leave for the bay area city by plane around noon today.

Football Coach Phil Sarboe had only one injury come out of the Hawaii game, and that was tackle Ralph Johnson, who is suffering from a knee injury and may not make the trip.

The Gators finished with the Lumberjacks and the Cal Aggies in a three place tie for the FWC championship last year. San Francisco must be rated as one of the strongest teams this season and possibly the team to beat.

Sarboe has not had a chance to see SF play this year and has little information on them. However, it is known that the Gators have one of their top ends back from three years in the service for his last year.

George Wehner, who set three pass catching records in 1953 will be back to finish his college career.

PERRY GONE

San Francisco has lost their top quarterback, Manuel Perry, but Jim Socher, who played almost as much last year as a freshman, is back and should give the Gators a top signal caller.

Halfback John Socher, Jim's older brother, returns, along with fullback Bob Rodrigue. These two played regularly last season and give State a well experienced backfield.

One of the top linemen on the coast, Floyd Peters, has been moved to guard from tackle, due to an overabundance of good tackles. Peters was an All-Conference and Little All-American last season at his tackle spot. He is one of the fastest linemen on the team and the shift should not hurt him.

BACIES STRONG

As far as the Jacks chances are concerned, Sarboe has his strong point in his backfield, which is nearly the same as it was last year. Earl Barum, all conference halfback and Chuck McAninch, all conference end, are back and McAninch has been moved to the fullback spot.

In the line, the center has been the same spot. The loss of Caesar

Fiamma, Jim Evans and Dennis Collieran gave the Jacks a real problem. However, first year men Zeke Van Deventer and Dick Donley have come along well and will improve as they gain further experience.

The loss of all conference tackle Phil Huff created a big whole to fill. Bill Hicks, Arcata High star, who has been in the service for two years, has moved into the starting left tackle spot and is coming along very well.

As far as the guards are concerned, the squad is in good shape. Jim Ennis, Gordon Moore and Roy Escarcaga are back to give the Jacks a strong point.

At the other tackle, Jerry Bartlett, Dennis Cahill and Tiny Hubler are all to make it nearly the same personnel as last year.

Ends are in good hands. Dave Thomas, Jim Colwell, Pete Cengia, Bernard Mouton and others make it three deep.

Tonight's game will be a big test for the Jacks. From their performance, it should tell whether or not the three games against top flight competition has done Humboldt any good. After three losses, it would be good to see the Jacks start a win streak that might last a while.

San Francisco State has played two games. Two weeks ago they played at San Quentin and won over the prison team. The main reason that the game was played at the prison is that they are not allowed to play any road games for obvious reasons.

Last week the Gators traveled to San Diego to play San Diego State and lost. As a result of the places where those games were played, none of the Humboldt coaches have been able to see San Francisco play this season, and are somewhat in the dark as to what is expected.

Science Three, biological science class taught by Dr. Daniel Brent, assistant professor of biological science, traveled to Trinidad Bay recently to explore marine life in that area. During this semester trips to Prairie Creek State Park, Willow Creek and several other places are planned. The guided tours are sponsored by HSC along with the North Coast Math and Science Association. Led by Dr. Warren Heuck, assistant professor of biological science, and Dr. Don Brent, students, along with their families and friends, spent more than two hours finding and discussing various forms of life found in the intertidal zone along the ocean shore.

the lookout

The Asiatic Flu, or the Chinese answer to the Spanish Plague, will affect one out of five people in the U.S. during the coming winter months according to authorities.

It seems rather illogical that this disease reached an epidemic stage and roamed uncontrolled throughout the world without anyone being aware of it. Could it be possible that we just got tired of the name "cold" and found a more attractive and romantic denomination for it?

AL PAGLIARI, A. STATE TIMES

As an all time record high of some 1,538 students registered at San Jose J.C., officials announced that the parking problem has been linked. A new parking area costing \$80,000 has just been completed.

Since there are adequate parking facilities available, violations will be held responsible for violations and late suspension and possible disqualification.

THE SCRIBE, SAN JOSE J.C.

The Business office reports that the statistics on enrollment as of Sept. 17 exceeded the 1956-57 figures by 275. Regularly enrolled students for the fall semester of 1957 as of Sept. 20 total 2549 with 105 limited students.

THE CHICO STATE WILDCAT

The use of IBM machines has speeded red tape and enabled the Registrars office to enroll a record high of 1954 full time students this week. Previously

Ruth Susmitch Is New ICS Secretary

Ruth Susmitch, junior physical education major, was elected secretary of the Inter-club Senate at the group's second meeting of the year Tuesday in the Radio Hut.

The meeting was conducted by Joe Chappelle, activities commissioner.

The meeting was concerned generally with establishing the semester's activities calendar for ICS. It was decided the subjects of club membership and the football rooting section be considered by the group immediately.

Members voted to present to each club president a questionnaire that would seek to learn exactly what the club's objectives are and whether each club is accomplishing its stated objectives.

Harrison

(continued from page 1)

Harrison was the quarterback on offense, calling the signals and played defensive halfback.

While in college and for several years after, Harrison played semi-pro baseball in the Redwood League.

He took a teaching job in the elementary school at Hayfork, a small mountain community in Humboldt County, and taught until World War II. After service as a Navy Seabee, he entered the construction trades. He is now a building contractor in Hayfork.

The Hall of Fame selection was made by a committee of Prof. Telonicher and Dr. Harry Griffith, representing the faculty and Franny Glivins and Bob Bryan representing the Alumni Association. The idea for a Hall of Fame was conceived by Mr. William B. McKillop, of Arcata and Mrs. McKillop, who retired last year as HSC registrar.

A commemorative Hall of Fame exhibit is being planned for the new gymnasium.

It took three girls a full working day to arrive at this statistic: this year it took only 1 hour.

COMUS SAYS

Old comus has some big news for HSC. He is allowing a representative of Venus to participate in the Homecoming activities on this campus. Kris Church is that representative and the candidate put forth by the followers of Comus to reign as queen of the Homecoming celebration. Kris not only has the unanimous support of all comusites but also the WAA (a female group adopted by Comus).

While on the subject of the WAA, Comus gratefully acknowledged their help in the Aloha Nui Loa dance and mentioned that these female women are also aiding his followers in the designing and construction of a vehicle to transport Kris before the eyes of her admiring public.

The mention of beauty calls to mind these six visions of loveliness which the Comus Club spared no expense to bring from the fabulous Pacific Isles to entertain the spectators at the Hawaii game. Due to the seductive beauty of this sextet no freshmen will be allowed to view a rumor, ed return engagement.

Comus posed one question before ending his latest press conference. Why isn't "Dear Abby" included in the survey courses of modern literature at HSC???

A note might be added in answer to a recent batch of queries. That magnificent prize awarded to Dr. Ned Girard will not be on display in the main hall.

Art Department Has Added Two Faculty Members

The art department at HSC has added two members to the faculty this semester. They are Mr. Max Butler of Ardmore, Oklahoma, who will teach commercial art, design, color and art education for secondary schools and Mr. Leender Kameigarm of Rotterdam, The Netherlands, who will teach art education, crafts and will supervise practicing art teachers.

Mr. Butler received his undergraduate degree at the University of Oklahoma and his graduate degree from the University of Southern California. He taught art for two years in the Corona, California, public schools, then spent two years in Europe studying at the University of Florence and the Royal Academy of Madrid. Before coming to HSC Mr. Butler taught at Texas Christian University in Fort Worth, Texas. He is presently exhibiting paintings in the Texas Painters exhibit circulated by the American Federation of Artists National Tour and the Southwestern Painters exhibit, Museum of Santa Fe, Santa Fe, New Mexico.

Mr. Kameigarm studied art at the City College of New York; the Art Museum School, Portland, Oregon; California School of Fine Arts, San Francisco; the Escuela De Pintura, Escultura, Mexico

Club News Column To Be Set Up

All campus organizations including living groups will be given space in future issues of the Lumberjack.

This will be an opportunity to publicize coming events as well as reporting past activities. It is desired that specific news items be written, but a copy of the club's minutes will suffice although much may be left out in the rewriting of the story.

In order to organize and correlate all news items in time for publication it will be necessary to establish a deadline of 12 noon on Monday for the issue published Friday. All club secretaries and publicity chairmen are asked to cooperate in this respect. Copy should be left in the Lumberjack office, room 205 upstairs in the Coop or box 425.

City; and at the Corona School of Fine Arts, Corona, California. He received his B.A. degree at San Francisco State College and his M.A. degree in art education at Stanford University. For the past three years Mr. Kameigarm has been the art supervisor at the University of Hawaii Teachers College. Prior to that he was supervisor of art for public schools in Redding, California. While in Hawaii Mr. Kameigarm exhibited in the Artists of Honolulu exhibit and the Honolulu Art Association exhibit.
