1957-58 Budget

The budget for the school year 1957-58 was passed in May by the Student Executive Council. This budget was the result of a great amount of study and hard work on the part of Jim Callison and the committee, and several hard fought meetings of the Council. The budget must also be approved by the president of the college.

Any monies which are spent by the student body must be approved by the Board of Finance and Council. There is an account in the budget known as Unallocated Reserve which may be tapped if any emergencies arise.

The presentation shows the major categories of budget planning and gives the major sources of income and activities that receive ASB support. Each of the accounts, such as athletics, are broken down into many different items. It is important to point out that football and basketball are the athletic part of the student body budget, but represents the largest section of the ASB operations. If there is a very poor season along with a lot of rain, the income of the ASB will fall short and many cutsbacks would have to be made in other accounts. Fortunately, we have been having very successful years and good weather which has meant that almost none of the ASB card money was needed for athletics.

The purpose of presenting the budget to the student body is to give you a better idea of the workings of the financial business of the ASB. If there is any question that I might answer concerning the present budget, please let me know.

Minutes of the Student Council
Sept. 30, 1957

The meeting was called to order by Vice President Roberta Johnson. President Jon Mitts was not present as he is ill.

A memorandum concerning financial data in the budget was laid by the Committee on Finance. The President was referred to the Board of Finance.

Tonight we will make an important decision on the concessions. It was agreed that they receive a net of $11.57 on the first night and not to set up until the first meeting of each of the new groups.

COMMITTEE REPORTS

The Committee on Finance has decided to leave the decision of whether an athlete should receive an award up to the discretion of the coach. Jon will work on this with the Athletic Advisory Committee.

Eyewitness Gives Account Of Fire On Gasquet Mt.

(The following is an eyewitness account of the fire that swept through the Gasquet Mountain area last week, as told by a young student who was present during the fire at the time.)

BY DAVE FOSTER

I had the thrill of helping to defend the living communities of Humboldt State College from the constant threat of a raging fire. As I looked down from the top of the hill, I saw flames approaching us from all directions, and I knew that there was no escape. I turned to my friend and said, "This is it, my friend. We are facing our final battle."

As we worked together, I saw the students and faculty members around us running eagerly to help in the fight against the flames. I saw them carrying water and trying to put out the fires, and I knew that they were doing their best to save our beloved college.

In the end, we were successful, and the fire was contained. I was relieved to see the sun rise over the horizon, and I knew that we had done our best. I looked around me and saw the faces of my friends, and I knew that we had done the right thing.

HUMBOLDT STAGES BRILLIANT STAND FOR THREE QUARTERS BEFORE FLEET HAWAII BACKS RIP CONTEST OPEN

The University of Hawaii Rainbow Golden Gators lived up to advance notices in handing the Lumberjacks of Humboldt State College their third straight defeat. By 26-0, before a packed house at rain-sodden Redwood Bowl last Saturday night.

Actually the game was closer than the final score indicates. For three full periods the Jacks held the powerful visitors from Honolulu pretty well in check before a group of Fleet Rainbow backs broke open the contest in the fourth quarter.

It was the third straight loss of the season for Humboldt, and for the third week in a row the Jacks won a "moral victory." HSC topped Hawaii in first downs and in yards gained in the air, carried most of the load for the visitors all through the first three periods. And Botelho, a thorn in HSC's greatest scoring threat and his South Fork Cubs Home coming tilt. Coach Bill McMillan paid high tribute to the big factor in their win and his usual outstanding form, as Botelho's thorn in HSC's recent two upsets with two more first downs. He averaged 5 yards per carry, while surrendering the running game of the Hawaiians was rough and tough football last season. Among the Jacks, the brother combination of John and Jim Sochor will start for the Gators, and are rated very highly by 5 F's head coach Joe Verduccl. Countering against their high-ly touted aggregation with some pretty fine talent of its own, Humboldt wants this first league game of the season, which is currently rated as a toss up HSC pretty fine talent of its own. Three experienced centers who played lots of "rough and tough" football poll, the two picks for Co-Championship of the Far Wester n conferences. HSC's Lumberjacks and the Golden Gators from S. F. State, will thump pads tonight under the lights of Cox Stadium in San Francisco.

The following week when HSC faces the Cal Aggies in the Homecoming tilt, Coach Bill McMillan and his South Park Cubs will be in the stands. (Continued on Page Seven)

Three Far Western Conference teams captured victories last weekend while HHC's two other circuits met with defeat at the same time the Lumberjacks were falling at the hands of the University of Hawaii.

Posting triumphs were the gridiron squads of Chico State, the Cal Aggies and Sacramento State. San Francisco State, the Jacks opponents tonight, lost a close one while the University of Nevada also suffered a defeat.

The Wildcats used a time-consuming ground game and a muddied defense to defeat George Pepperdine College of Angles, 10-13. Chico State twice in the second period as quarterback Carl Bloom went over from yard line for the first and fullback Jim Eglin skirted right for 25 yards to the other door. Bloom culminated an 80-yard drive in the third period to put yard goal in the third period.

The Cal Aggies routed the Cal Golden Bears. Sacramento State downed Long Beach 19-12, while San Diego Tech piled up 0-33 points. Winfield played last Friday night.

COMUS SAYS

Old comus has some big news for HSC... He is allowing a representative of Venus to participate in the Homecoming activities on this campus. Kris Church is that representative and the candidate put forth by the followers of Comus to reign as queen of the Homecoming celebration. Kris not only has the unanimous support of all comusites but also the WAA (female group adopted by Comus). While on the subject of the WAA, Comus officially acknowledged their help in the Aloha Nui Laura dance and mentioned that these female women are also aiding his followers in the designing and construction of a vehicle to transport Kris before the eyes of her admiring public.

The mention of beauty calls to mind these six stars of loveliness which the Comus Club spawns no response to bring from the fabulous Pacific Isles to entertain the spectators at the Hawaiian game. Due to the seductive beauty of this acrobatic noon will be allowed to view a rumored exuberant engagement. Comus posed one question to the floor ending his latest press conference... Why isn't "Dear Abby" included in the survey courses of modern literature at HSC???
