

SAC GAME POSTPONED

The Humboldt State-Sacramento State football game, scheduled here for Saturday night has been postponed because of the flu. The game tentatively has been reset for either Nov. 23 or 25.

After confering with Phil Sarboe, HSC athletic director, Dr.

Cornelius H. Siemons, college president, talked by telephone with Dr. Guy West, president of Sacramento State Thursday afternoon.

After meeting with Johnny Baker, Sacramento athletic director, Dr. West said the school would agree to play the game on either Nov. 23 or 25 "pro-

viding we can get air transportation." The Sacramento officials told Dr. Siemons they were doubtful they could get air travel for Nov. 23.

Humboldt has a game scheduled with Hamilton Air Force Base here Nov. 23. Dr. Siemons said this game either would be rescheduled or Humboldt would

play games on both Nov. 23 and 24 "a sort of doubleheader affair."

Humboldt's request for a postponement came after Dr. George C. Schoppeler, Humboldt State health officer, said "only a few" squad members were fit to play following the team's bout with the flu bug.

All but one member of the team, Chuck McAlinch, either had the flu Thursday or was recovering from it.

(See sports page for an earlier story and more complete details on the flu situation on the football team and for details on the HSC-Sacramento game.)

Charles T. Duncan To Be Featured Speaker At Annual Journalism Day

Charles T. Duncan, dean of the School of Journalism at University of Oregon, will be featured speaker in the third annual Journalism Day program here Friday, Oct. 25.

He will speak to more than 100 high school journalists from throughout the Redwood Empire and Humboldt State Journalism students at a luncheon in Nelson Hall at 1:30 p. m. in the featured program of the day-long affair.

Journalism Day is sponsored by the college and the Eureka News-Papers, Inc. Previous Journalism days were held in the springs of 1955 and 1956.

Prof. Duncan is a former working newsmen with experience in Minnesota, Iowa and Nevada papers. He taught at the University of Minnesota, from which he received his B. A. and M. A. degrees, and the Universities of Nebraska and Nevada before joining the faculty at Oregon in 1950. He has been dean since 1955.

Dr. Cornelius H. Siemons, college president, will give the address of welcome at the luncheon. The day's program will open at 10:15 a. m. in the college auditorium, following registration, with a discussion by a panel of professional newspapermen on "The Genuine Glamour of Journalism." The short talks by each newsmen will be followed by a question-answer session.

This program will be followed by a slide exhibit by Jim Turk, (Continued on Page 3)

Six Candidates Vying For Queen

Six Humboldt State College beauties are vying for the crown of the Student Queen who will reign over this year's Homecoming festivities scheduled to begin Friday morning in the Women's Gym at 11 with the coronation assembly.

Candidates are Jo Ann Deffen, junior elementary education major, sponsored by Newman Club; Kris Church, physical education major, sponsored by Ozark Club; Jacquie McLeod, elementary education major, sponsored by Circle K; Evelyn Horn, elementary education major, sponsored by Nelson Hall men and women; Roberta Johnson, senior elementary education major, sponsored by Conservation Unlimited; Judy Ferguson, junior business education major, sponsored by Inter-Collegiate Knights and Spurs.

Voting will be held Wednesday, Oct. 16 in the main hall of the administration building with a run-off vote, if necessary, Thursday.

The Alumni Association Banquet will be Friday evening in the Home Economics Building at Redwood Acres, Eureka. This year Roy "Duke" Harrison, elected to the HSC Hall of Fame, will be honored guest.

CHARLES T. DUNCAN

Annual Dad's Day Registration Begun

Registration for Dad's Day, a traditional event at Humboldt State college scheduled for Nov. 8, began last week. Each student is invited to bring his or her father to the HSC campus.

The purpose of Dad's Day is to acquaint the fathers with the campus layout, buildings, academic divisions and social life. The Dads will be able to meet division heads and discuss the academic aspects of HSC.

Dad's Day will be culminated by a dinner held in the Women's (Continued on Page 4)

High Schoolers To Visit Campus

Some 375 juniors and seniors from eight high schools in the HSC area will participate in the first Natural Sciences Visitation Day here next Tuesday.

The Visitation Day will be the first in a series of departmental meetings for high school students through the course of the school year, replacing Senior Day, an event formerly held in spring.

Students will begin arriving at 9 a. m. and early arrivals will see science films in the Green and Gold room, Administration building, and main auditorium.

General orientation meetings will be held from 10 a. m. to 10:30 a. m. in both the Green and Gold room and auditorium, with Dr. Chester Collins, admission officer, explaining general campus admissions policies and Dr. Joseph C. Trainor, curriculum evaluator, outlining the college's general education program. Dr. Renée Peithman, acting chairman of the Division of Natural Sciences, will be chairman of one session and Dr. Daniel Brant, associate professor of biological sciences, will be chairman of the other.

From 10:30 a. m. to 12:30 p. m., various scientific demonstrations will be held. Biological sciences demonstrations are scheduled in the Science Building, wildlife conservation forestry demonstrations in the Wildlife Building and physics-chemistry-mathematics engineering on the lower floor of the Administration Building.

Major department orientation meetings will be held after lunch, beginning at 1:30 p. m. Faculty members conducting these sessions to explain the college program and requirements in area will be Dr. Warren Housh, biological sciences, Green and Gold room; Dr. George Allen, wildlife and forestry, wildlife auditorium; E. Charles Parke and Henry Trapp, mathematics and physics, main auditorium; Charles Buncce, engineering, CES auditorium; and Dr. Arthur McSmith and Dr. John Russell, chemistry, choral room Music Building.

High schools represented will be Del Norte, Fortuna, South Fork, Hopma, Eureka, Ferndale, Arcata and St. Bernard's.

SID FAUERBACH

SID FAUERBACH NAMED EDITOR OF HILLTOPPER

Sid Fauerbach, senior psych major, will edit Hilltopper, campus general-interest magazine, this year.

He was appointed this week, subject to confirmation by the student council, by Dr. Milton Holzman, publications adviser.

Fauerbach will head a staff that will produce the second issue of the periodical. The first issue was produced last spring as a project of the journalism laboratory and quickly sold out.

Plans call for a December publication date, with another issue to appear in the spring.

Hilltopper was begun as a type of magazine comparatively rare on campuses. Composed entirely of non-fiction, pictures and artwork, the magazine will be devoted to the feature article, rather than strictly to college humor.

Fauerbach, a transfer student, is a graduate of Fortuna High School. He was a member of the Hilltopper and Lumberjack staffs last year and is serving as publicity chairman of the Homecoming committee.

Although included in the student body budget as a publications expense, Hilltopper is not subsidized. It will be entirely self-supporting through sales and advertising. Copies will cost 25 cents.

Yearbook Portrait Taking To Begin Here On Monday

(See Photo Page 3)

Yearbook portrait taking here Monday in room 311, Student Co-op.

The photographer will be on campus through Friday, and all students who wish to be pictured in the 1958 Semperparva should make certain they have pictures taken this week, said Hugh Morita, Semperparva editor.

Students with surname initials A through D will be taken Monday, E through I, Tuesday, J through M Wednesday, N (Continued on Page 5)

O. MEREDITH WILSON

Five New Buildings To Be Dedicated Saturday, Oct. 19

Dedication ceremonies for five new buildings on the college campus will be held Saturday, Oct. 19, at 7:40 p. m. preceding the HSC-Cal Aggies game at Redwood Bowl.

Festivities will get underway at 1 p. m. when open house will be held in the Gymnasium, Wildlife Building, Music Building, Art and Home Economics Building and the Home Economics Cottage.

With the exception of the Wildlife Building, all of the buildings were completed this summer and first used this semester. The Wildlife Building was completed last year but the adjacent outdoor facilities were not ready for use until this fall. The pheasant pens and fish hatchery facilities were not ready for use until this summer.

Following the open house a Dedication Dinner will be held in the new gym for approximately 400 business and professional leaders of Northern California who have been invited to attend the dedication.

Dr. O. Meredith Wilson, president (Continued on Page 4)

Devery Attends 'Cafeteria Confab'

Mr. Frank Devery, business manager of HSC, conferred in Sacramento and San Francisco Oct. 1 and 2 about the new college cafeteria which is to be financed in next year's budget. Plans for a cafeteria with seating capacity for about 400 were approved.

This conference was primarily to get information concerning the equipment list for the new cafeteria which includes steam tables, refrigerators and stove.

Flu Hits Humboldt State Campus; Peak Is Passed By Middle Of Week

A "moderate epidemic" of a flu-type disease hit the campus in the past week, but it appeared to be passing its peak of mid-week.

Dr. George C. Schoppeler, college health officer, said that "we're having a moderate epidemic of upper respiratory type infection, a good portion of which is influenza in nature."

The Health Cottage was jammed early this week at sick call, with about 50 students reporting daily. This was a higher incidence of illness than the campus has known for many years and about three or four times the number of students who ordinarily report at sick call.

Public health officers have estimated that about 20 per cent of the population will have influenza at one time or another within the next few weeks. Using this prediction as a measurement, Dr. Schoppeler said Humboldt State could expect about 300 cases of influenza, "and we've probably had closer to that many already."

The flu has a relatively short

duration, about 48 hours, and is comparatively mild. Dr. Schoppeler pointed out.

He said the health service staff was doing its best with its limited manpower and lack of indemnity to cover the college community over the hump. "All hard residents of living groups in standing orders as to what to do when one of their students becomes ill, and someone from the health service makes calls at least once a day to all students in on-campus residence halls," Dr. Schoppeler pointed out. "As in case for the general public, we're having to do the best we can to care for all persons in their own residences."

Of the 50 or so students who reported to sick call Tuesday, "probably 30" were actually ill, the (Continued on Page 5)

Minutes of the Student Council

Oct. 2, 1957

The meeting was called to order by Vice President Robert Johnson. Roberts requested that the council be present at 5:00 on Wednesdays so that the meeting can start promptly.

CORRESPONDENCE

The acting secretary, Sandi Wahlund, read a letter from Santa Rosa Junior College asking if we had any type of show that we would like to put on for them at an assembly at their college. Tony Vasquez is to take the matter to the Public Relations Committee to see if they would like to act on it.

A letter was read from U. C. regarding a NASA Conference to be held on the Berkeley Campus, on November 29th and 30th.

COMMITTEE REPORTS

Jim Ely reported on the administrative fund. After talking with President Siemens, he recommended that the money not be budgeted for, but that the fund consist of the surplus of the budget as it has this year.

No bids have been submitted for the student directory. Joyce Hedberg is to see if she can get a bid. The matter was tabled until next week.

Tony Vasquez reported that the as should be up next week. The Leadership Conference planning committee will meet on Tuesday evening at 7:30. Members of the council appointed to this committee are Roberts Johnson, Dale Callihan, Warren Baker, Joyce Hedberg and Diane Johnson.

OLD BUSINESS

Jim Ely reported that the parking for the band during football games has been taken care of. A letter was read from Dr. Hol-

stein regarding the fact that the Juke Box should not be too loud as it interferes with classes and office work being carried on upstairs. Jim Ely is to talk to Dr. Hollstein and see when his classes are held. Diane Johnson will type a note to place on the juke box designating the class time that it will be turned down. Dale Callihan reported that he received a letter from Van Tonkins stating that a group can come up on Oct. 14 if we want them. It was moved, seconded and passed to have Dale phone Van Tonkins and tell him that due to lack of time we will be unable to sponsor the group. We would be interested in a spring date.

Sandi Wahlund explained about the new roofing section for students only.

COMMISSIONERS REPORTS

Activities — Inter Club Senate has planned their agenda. For next week they will discuss the problem of a routing section and club membership problems.

Board of Finance — Jim Ely reported that the first meeting will be at 8 on Thursday evening and everyone can come. It was moved, seconded and passed to take \$25 out of Leadership Conference and put it back into unallocated.

Warren Baker brought up the question of why we must pay \$1 to go to Eureka High School games when we let them in for 75c. Dale is to go to the Eureka High School Student Council about this.

Respectfully submitted,
Roberta Johnson,
ASB Vice President
Sandi Wahlund
Acting Secretary

Forensics Workshop For High Schools Will Be Held On Campus Today

A forensics workshop for northwestern California high schools will be held on campus today. The event is sponsored by the varsity forensics team.

The purpose of the practice is to prepare the high school teams for the high school forensics tournament to be held at Humboldt in March.

The day's activities will begin with a lecture on the high school discussion topic "What Should the Foreign Aid Policy of the United States be?" by Dr. Max Fletcher, assistant professor of economics. A discussion on the topic will follow.

From 11 a. m. to 12 noon, a demonstration debate will be held on the resolution "All United States Foreign Aid Should Be Administered by the United Nations." On the affirmative team will be Gary Brennan and Jim

Shaver. Arguing for the negative will be Phil Arnot and John Mayfield. All are experienced debaters from HSC. Following the debate a critique will be made by Dr. Edward Steele, assistant professor of speech.

The afternoon events will begin with original oratory by Don Price of HSC plus one student from Eureka High and one from Arcata High. Graduate student at HSC, Herb McLeellan and Senior Wallace Sinclair will participate in the oral interpretation event as will one Eureka student. Extemporaneous speaking will be done by John Payne of HSC and

DICK'S DUNGEON

By Dick Wassmuth

Everyone at Humboldt State College has strong legs.

It's not a matter of choice. I mean all these people don't take exercises to make their legs strong. Not intentionally, that is. It's just that if they didn't have strong legs they wouldn't be able to make it around the campus.

Not that there are an awfully lot of hills here, it's just that Humboldt has more hills than any other campus in the county. Whether or not there are any other colleges in the county is beside the point.

Even with all the hills it wouldn't be bad if there were escalators, stairways, chair-lifts or some such device to make it a little easier to get from one level to another.

It's especially tough at the first of the semester because most of us are out of shape from a long summer of practice on the Matterhorn Everest and Pike's Peak. I was grasping my way up Sierra's slope the other day when I met the mule train on the way down with supplies for the bookstore.

Needing a new pencil, I halted him. "Hold man, you've got a sale."

"Be cool, Dad. I got no license to peddle. I'm just the courier for these priceless items. You'll have to get yours at the bookstore."

"The late man," I replied. "I got 'mine' at the bookstore the first of the semester."

I adjusted my pillow, set my clamps on and took off for the top once more.

It wasn't raining at the top. It hadn't stopped raining. It was just that I was above the rain clouds. It never really stops raining in Humboldt County.

In fact it not only had stopped raining but the sun was shining. It was real spooky, man.

I aquired, put on my sun

Parking Situation To Be Eased

The parking situation on the Humboldt campus should be eased by next fall with a new lot west of Sequoia Ave., according to Dr. Cornelius H. Siemens, college president.

The lot, which is now occupied by private homes, will be large enough to accommodate approximately 250 cars, and is expected to be completed by the fall semester, 1958.

Dr. Siemens said that in a meeting of all state college presidents with the state Department of Finance, the biggest problem at hand was the problem of student parking on campus. He stated that the problem was so serious that the state has asked for an overall policy on which to proceed.

The policy is as yet undecided upon, but will probably include some form of student parking fees, parking stickers and control gates at the entrance to the lots. The new policy will not be determined soon enough to alleviate the present problem however.

Acquaint Yourself With The Library

Have you acquainted yourself with the library at HSC? It is ready to give you that added help you may need in your studies.

The main library contains almost 60,000 books and bound magazines, including recent fiction; reference books; 600 magazines and over 3,000 phonograph records which include plays, music, poetry, readings, short hand and American bird songs. There are 18 newspapers with the current news as well as old newspapers reproduced on microfilm.

The library has two branches in the College Elementary School. One is the CES library which contains 800 children's books and records and plays. The other is the Curriculum Library which contains class room material, teaching material, texts and studies.

A very interesting service rendered by the library is the maintaining of the HSC history collection. This includes "ancient" copies of the Lumberjack, catalogues and newspaper clippings. HSC students will find some very enjoyable readings in this section of the library. Mrs. Helen Everett, librarian, urges all organizations to submit any publications for the historical record.

Parking

CONSERVATION UNLIMITED

President Dave Maxon welcomed new members to C. U. at the meeting of Oct. 2, and at the same time extended a special welcome to the three lady wild-lifers.

Members were told of expected participation in coming events. Sign up for intramural sports was started with football being first on the list. Slides, movies and refreshments followed the well attended meeting.

INTERCOLLEGIATE KNIGHTS

The I. K.'s recently elected two new officers for the coming semester due to resignations. Dick Feuerbach was elected worthy scribe and Rich Machado Chancellor of the Eschequer.

Herman Bonniksen and Mike Stone, co-chairmen for Homecoming activities, reported that final plans have been completed and work started on the float. Last year the I. K. float won first place in the Homecoming Parade. Judy Ferguson was enthusiastically selected to represent the I. K.'s in the Homecoming Queen contest. Judy was chosen for her outstanding popularity and because of her participation in the many and varied activities of HSC.

The informal party held after the Hawaii game was quite successful and a good time had by all. It was decided to continue these excursions after unparking cars after the remaining football games.

Squads and it is expected that by Jan. 1, work can be started to clear the lot. The college maintenance crew will do the work of taking the houses off in the spring and the lot should be completed by September.

According to Dr. Siemens, the master plan calls for an eventual circling of the entire campus with parking lots. The main lot will be in back of the gym, across from the baseball field, south of the elementary school and north of Nelson Hall in the Jolly Giant Creek gully.

Pledges will be initiated the week following Homecoming. Activities will start Sunday, Oct. 20 with the informal initiation at College Cove and terminate the following Saturday night, Oct. 26, with the formal initiation and dinner.

All members are urged to show up for parking at the Sacramento State game this coming Saturday night.

PHYSICS CLUB

The Physics Club held its meeting for the election of officers Thursday, Oct. 3. The new officers for the fall semester are: Jim Freibert, president; Bob Tiller, vice president; Lonnie Cupe, secretary; Linwood Price, treasurer.

Guest speaker for the meeting was Mr. John Simeroth, electrical engineer from the National Bureau of Standards Field Laboratory, located at the Arcata Airport. His presentation was based upon the work that the Bureau is doing in visual landing aids at the airport.

The Physics Club cordially invites all who are interested in the field of physics, chemistry, math or engineering to attend their meetings.

STUDENT WIVES

The HSC Student Wives Club cordially invites all student wives as well as alumnae of the club to our Mad Hatters party. This autumn evening, part of our new format, will be devoted to getting acquainted, games and judging of your hats. Refreshments will be served, also.

You can create your chapeaus with anything from pots to umbrellas. Your imagination and ingenuity, together with odds and ends that are around the house, will surely produce some spectacular results. The judging will be made along the following lines: prettiest, funniest and most original.

We are looking forward to seeing you all Thursday, Oct. 17 at 8 p. m. in the Green and Gold room of the Ad building. Most of all, we're anticipating the results of your work as "MAD HATTERS".

WAA

Tomorrow the WAA will go on its first camping trip of the year. This is an annual event, and old members always look forward to it. The party is scheduled to leave from the gym after lunch, and the last, hardest campers will be back in by 4 p. m. Sunday afternoon. Those who wish to come out later Saturday evening so that they can stay for the Sacramento State-HSC game may do so.

By the way, this particular club has been very busy this year, and plans to be even busier. WAA has had a Fun Nite for all the women on campus, and the club worked on the Hawaii after-game dance. Together with the Comus Club, they will work long and hard on Homecoming, as they plan to have the concessions and decorate for the Homecoming Dance.

CSTA

Humboldt State's representatives to the eighth annual CSTA Leaders Conference left Wednesday evening for Los Angeles.

Marilyn Wright, president and Ed Hakama, vice president flew to Los Angeles, where they are being joined by Mr. Charles McDermaid, the organization's sponsor, and his wife Claire.

The theme of the conference is "Where To Go and How To Get There." Several goals will be set up for the statewide organization. Among the projects under consideration are: a better understanding of professionalism in the education field, stronger affiliation with the National Education Association, promotion of the moral and economic welfare of teachers, raising of professional standards and increasing membership throughout the state.

After two days of conferences the group will drive back to Arcata.

Officers unable to attend were Ann Stevenson, secretary and Virginia Mulinley, treasurer.

CES STUDENTS EVALUATING TRIP

An evaluation program of their camping trip to Camp Ravencliff is now being participated in by sixth, seventh and eighth grade students of the College Elementary School and their teachers.

A regular teachers' meeting was held on Wednesday while the camping trip was evaluated from the standpoint of how successful the trip was this year, and in what ways it could be improved for next year.

While in the class room, evaluation programs are also taking place. The students are also continuing some of the nature studies they participated in. For example, the sixth grade, under the direction of Miss Helen MacPherson, has divided into groups under the different titles, such as animal tracks, live animals, mounted insects, live insects, leaves and aquariums. In these groups they will work with specimens which they collected while they were at camp.

In the seventh and eighth grades, whose teachers are Mrs. Helen Grilley, and Mr. Charles McDermaid, the students are writing poetry about things they saw and did while at Ravencliff. They are also doing charcoal, water color and crayon drawings to accompany the themes of the poetry they are writing.

According to Mrs. Grilley, the

FACULTY PICNIC SET TOMORROW

The annual fall picnic for faculty families will be held tomorrow from 11 a. m. until dark at Camp Bauer.

The affair will get underway with sports and games at 11 a. m. with refreshments being served at approximately 1 p. m. Those attending should bring their own lunch and eating utensils, and coffee, milk and ice cream will be served.

This may be the last chance for an outdoor get-together before the winter rains set in, and all faculty are urged to attend.

evaluation segment of the camping trip ranks in importance right along with the camping trip itself.

tion, said that "if this is the first Christian Science lecture you have attended there will be a seat saved for you until ten minutes before the lecture. Just mention this to an usher when you arrive."

The HSC group was started as an informal organization in the fall of 1955. In 1956 it received official recognition from the college as a campus club.

Korean Incidents Woven Into Pattern Of Stage Drama In 'Barberic Scalpel'

By DIANE ANDERSON

Somewhere on the front lines during the war in Korea, incidents occurred which changed lives, and with a tragic irony, destroyed lives. These actualities, due not so much to war itself, but rather to the incompetency of individuals, the mistakes of educational institutions, and the protocol of regimentation, have been woven into a tight, colorful pattern of stage drama in the form of "The Barberic Scalpel," which will be presented Oct. 25 and 26 in the college auditorium, curtain time being 8:15 p.m.

According to playwright Herbert B. McLellan, who is also directing the play as part of his Master's thesis, the events in the play actually happened to men who lived - and died - at the front lines, and also, that such an individual as about whom the conflict arises is alive and is somewhere continuing his major practice.

McLellan, son of Dr. and Mrs. J. A. MacPherson of Eureka, is no stranger to this area. After graduating from Eureka High school, he entered HSC. After a two year absence for military service, he returned and last year received his Bachelor of Arts degree in Speech Drama. During his undergraduate years he played the lead and feature roles in "The Imaginary Invalid," "The Time of Your Life," "The Beggar's Opera," "Playboy of the Western World," "Caine Mutiny Courtmartial," "My Sister Ellen," and "The Silver Whistle."

"The Barberic Scalpel" took two and one-half years to write, and forms part of the work required for the Master of Arts degree. In addition to the actual writing of it, McLellan is directing "The Barberic Scalpel." This, incidentally, is the first time in HSC history that a student has not only written a major production, but is directing it, as well.

In addition to the work required by "The Barberic Scalpel," McLellan is also student teaching, and plans to later teach drama on the college level.

Playing feature roles in "The Barberic Scalpel" are Wally Sinclair as Corporal Haney, Bob Lloyd as Captain Siselove, John Smith as Major Cowen, and Larry West as Lieutenant Mac, with a supporting cast of 14.

Tickets for the play may now

be obtained at 50 cents. Student body card holders will be admitted free, and all seats for both performances are reserved.

Teachers who pass these tests may use this toward fulfilling their requirements for renewal of their teacher certification. Further information about the tests may be obtained from the office Dr. Spaid.

Author-director Herb McLellan, right, instructs Larry West, left, and John Smith in evening rehearsals for "The Barberic Scalpel," to be held Oct. 25 and 26 in the HSC auditorium. McLellan, a graduate drama major, is producing the play as part of his work for the M. A. degree. "The Barberic Scalpel" is based on true incidents during the Korean war.

U. S. History Test Scheduled Oct. 19

Dr. Stanley S. Spaid, chairman of the division of social science, has announced that a comprehensive test covering United States history, United States government and California state and local government will be given at 9 a.m., Saturday, Oct. 19, in Room 115 in the Administration building.

These tests carry no college credit, but are designed so that students who pass the tests may be excused from taking the course.

Teachers who pass these tests may use this toward fulfilling their requirements for renewal of their teacher certification. Further information about the tests may be obtained from the office Dr. Spaid.

Four Scholarships In Music Awarded

The Federated Women's Clubs of Humboldt County awarded four music scholarships to HSC students after an audition held here recently.

Winners were Dawn Waxmouth, piano; Keith Anderson, clarinet; Carl Lehman, voice and Joe Chapelle, trombone.

Receiving faculty awards were Vernon Ludwick, Martin Glende Memorial grant in violin; Don Moehnk, Daniel Beckman viola scholarship; and Barbara Soultigny, Charles Fulkerson scholarship in piano.

Claudine Ray West was awarded the Margaret Dickson scholarship in voice.

Weather Delays Completion Of Baseball Field

Humboldt's new baseball field, which was scheduled to be completed this fall before school started, has been delayed by weather and structural problems and will now be ready in a few months, reported Dr. Joseph Forbes, chairman of the division of health and physical education.

One of the big problems, according to Dr. Forbes, has been the retaining wall, which has had its design altered because of technical difficulties. Also the drainage situation has been a big obstacle and required some changes.

However, Dr. Forbes said, if the rains had not set in as early as they did, the field would have been completed according to schedule. The plumbing for the restrooms is completed and the cement retaining wall is to be poured soon.

A fence is yet to be built around the area as is the landscaping work, which has not been started. The landscaping plans call for a very elaborate layout and will include aspen, maple and dogwood trees in its makeup.

The present contract calls for permanent bleachers with a seating arrangement of from 250-500 people. However Dr. Forbes said that portable bleachers for additional seating will be used until more permanent seats are built.

The baseball area includes two diamonds; one for practice sessions and the other to be used as the regular playing field. The practice area will be turfed and the other diamond will have a dirt surface, which is easier to keep up in wet weather.

Because of the several changes in the original plans the cost of the project was increased from \$73,917 to \$99,500, said Dr. Forbes. The parking area will be located across the street from the field which is situated south of Redwood Hall, east of B street and north of 17th street.

The contractor for the job is Steven Vistica Company of San Mateo.

Currently showing in the HSC art gallery in the upper and lower lobbies of the art and home economics building, is the tenth annual faculty art exhibit. This exhibit of pottery, sculpture, water and oil paintings, drawings and photography, done by HSC art instructors during the 1956-57 school year, will continue through Oct. 31, 1957.

Frosh Discuss Bonfire Plans

Publicity plans for the Bonfire rally, being sponsored by the freshman class were discussed at a recent meeting of the publicity committee.

The bonfire rally, part of the "Shower of Stars" Homecoming festivities will be held Friday, Oct. 18. The site of the bonfire has not been disclosed. It is reported that Ron Siemens, vice president of the class is the only one who knows the location of the fire. Following the bonfire rally a variety show put on by

students and alumni will be presented.

Publicity committee members are Ella Jean Selvaggi, Arlene Donne, Jeanette Enberg, Pat Waters, Larry Holmes, Carol Johnson, Jack Richardson, Sandra Lawrence, Carol Kirkby and John Payne.

Letters to the editor may be submitted to room 205, upstairs in the Coop or box 581 in the Administration Building. Names will be withheld upon request.

May Cancel Jacks-Hornet Clash

Pioneers Lose To Willamette

The Lewis and Clark Pioneers were beaten by the Willamette University Bearcats 25-14 last weekend in a Northwest Conference game. LC will play Humboldt State here on Thanksgiving Day.

The Pioneers held a 14-12 lead at the half before the Bearcats rallied to win going away.

If you hear of anyone down with the "mongolian bug," don't be too surprised. It's just another name for the Asiatic flu.

SPORTS

HARD HIT BY FLU, JUNIOR JACKS TO PLAY GAME IN CC

Handicapped by severe flu losses, the Humboldt State College Junior Jacks, are slated to meet the Southern Oregon Red Raider Junior Varsity tomorrow at 2 p. m. at Crescent City.

The Junior Jacks, who have had well over half of their 30 players stricken with the flu during the past week, will be shooting for their 3rd straight win of the year.

Coach Henry Cooper stated Tuesday evening, that all plans call for the game to be played despite the condition of the team.

There is a possibility that some of the players may be called upon to serve double duty, performing in the jayvee game in the afternoon in Crescent City and then returning to Arcata to suit up for the varsity game.

This would be done only if the varsity players who have been ill are not ready for the game and some of the Junior Jacks would be needed to bolster the varsity.

CHUCK McANINCH

Most versatile player on the 1957 Lumberjack football squad is Chuck McAninch. An All-Conference end last season, he has playing time recorded at end, quarterback, halfback and fullback for Humboldt this season. In addition McAninch is a spark plug on the HSC defensive unit.

Cal Aggies Lose To Long Beach

The Cal Aggie Mustangs lost to Long Beach State 12-6 in a practice contest last weekend as quarterback Jimmy Coon flipped a 12 yard pass in the last quarter for the winning score.

The Mustangs were unable to field a quarterback because of injuries and finally got permission to play Dick Downey, a student coach.

FLU CAUSES PRESIDENT TO ASK FOR POSTPONEMENT OF TOMORROW'S GAME

(For latest developments . . . See Page 1)

Negotiations were underway late Wednesday evening between Humboldt State College and Sacramento State on the possibility of canceling tomorrow night's scheduled FWC football game between the two schools.

Due to the flu outbreak among Humboldt State College gridgers, College President Cornelius H. Siemens, contacted Sacramento late Wednesday on the possibility of postponing the game.

Siemens said at press deadline time, "We have proposed two alternative dates to play the game if it is cancelled Saturday. If Sacramento State can accept either date the game will be postponed. If they are unable to take either one, we will try to decide to tomorrow (Thursday) morning if we can play it at all."

Coach Phil Sarboe reported as of Wednesday that it didn't seem possible that the Jacks would be able to field a team for the game.

If Sacramento is unable to accept either alternate date and the game remains scheduled for tomorrow night, but Humboldt is unable to field a team, it is uncertain what action will be taken by the conference. School administrators were uncertain as to whether a forfeit would be called in favor of Sacramento because the present situation is a unique one and would probably require a conference decision.

Two opponents, the flu bug and the Sacramento State Hornets, will face the Humboldt State College Lumberjacks tomorrow night at Redwood Bowl as they attempt to break into the win column.

At the first pair of practice sessions this week only a handful of varsity Lumberjack gridgers were physically capable to take part.

In fact only six out of 35 players were suited up for Monday's and Tuesday's sessions.

Although it was uncertain at press time, Coach Phil Sarboe had expressed hope that enough of the squad would be present Wednesday and yesterday to enable the team to get in at least two days of contact before the crucial Far Western Conference battle.

Even assuming that all, or the greater part, of the squad has shaken off the bug by kickoff time, they still will undoubtedly still be feeling the effects of their bout with the flu.

This, coupled with the fact that the Sacramento State school has its best squad in its short football history, makes the picture anything but bright for the Jacks as they seek to snap a four game losing string and get into the win column the first time this year.

Coach Sarboe, himself a victim of the flu, was unable to attend practice Monday. On Tuesday, with six varsity and about 15 Junior Jacks on hand, the two patch work squads ran through play drills.

HORNETS STRONG

Word from Sacramento is that the Hornets have their strongest team since they started football a few seasons ago. Coach John Baker, in his first year at SSC, is the former line coach at the University of Washington.

Baker has instituted a split T formation in place of the single (continued on page 8)

LUMBERJACKS DROP FWC OPENER

GOLDEN GATORS RALLY TO STOP HUMBOLDT BY A 28-14 SCORE

Humboldt State's hopes for a successful beginning to their 1957 Far Western Conference season took a fast nosedive last Friday when the San Francisco State Golden Gators spotted the Lumberjacks to a 14 point lead and then came back strong to post a 28-14 win at Cox Stadium in San Francisco.

The Jacks held a 14-6 halftime edge, but the superior power and speed of the Gators' ground game soon began to take its toll on the Jacks.

Reserve fullback Henry Marshall carried for the big ones in the second half after Bob Puccetti had been injured. Regular fullback Bob Rodrigo was hurt during the week previous to the game and his playing was limited to a pair of running plays and kicking a field goal.

Humboldt scored first late in the opening period after Gordon Moore had recovered a San Francisco fumble on the Gator 35. Warren Baker connected for a pair of aerials to the 5 and Chuck McAninch pounded over from that point. McAninch then booted the conversion attempt good.

Late in the second quarter Earl Barnum and Darol Foster teamed up on a 37 yard punt return which set up the second score. Barnum took the ball on his own 27, lateraled to Foster on the 35, and Foster churned his way to the Gator 16 where he was brought down from behind. Two plays later Baker hit end Pete Cengia in the end zone for the score. McAninch again made the PAT and the Jacks lead 14-0.

With two minutes left in the half, Jim Sochor threw to end Monte Hess on the HSC 7 and Hess scampered in for the touchdown. The whole play covered a total of 54 yards.

The second half was practically a repetition of the Hawaiian game as the Golden Gators completely dominated play. With only two minutes gone, Sandy Mainick intercepted a Baker pass and went to the Humboldt 25. A 15 yard penalty gave the Gators the ball on the 10. Three plays later Marshall went over from a yard out. Jim Sochor passed to Hess for the extra point.

Minutes later the Gators started their third drive from the HSC after a punt had put the ball at that point. They stayed almost completely on the ground as Marshall scored from the one foot line with two minutes gone in the fourth quarter.

In the remaining 13 minutes

the Gators scored almost at will. When the Jacks stopped them on the 19 the next series, Rodrigo kicked the field goal that put San Francisco ahead 22-14.

After the ensuing kickoff, Humboldt had the ball for only two plays when Jim Sochor intercepted Fred Whitmore's pass on the Lumberjack 5. After a pair of penalties had put the ball back to the 24, Sochor passed to his brother John in the end zone for the final touchdown.

Wildcats Nudge Wolfpack, Take FWC Opener

Chico State's Wildcats opened their Far Western Conference season with a 20-19 victory over the University of Nevada Wolfpack last weekend in Reno.

The losers almost came out with a tie as they rammed over a touchdown with 30 seconds left but missed the extra point try.

Halfback Jim Eaglin sparked the Chico ground game while quarterback Carl Blum carried the air attack, throwing one touchdown pass and scoring another himself.

Ken Fujii, veteran Nevada quarterback, completed 13 out of 22 passes for 161 yards to spark the losers.

BASKETBALL PRACTICE TO BEGIN FOR HSC TUESDAY

Although football is presently in the sports highlight, Humboldt State's basketball players will begin to share the spotlight soon, as basketball coach Franny Givins will give the call for the first 1957 practice session next Tuesday.

The Jacks ended the 1956-57 season tied for third place in the FWC but finished strong with five wins in their last six league contests. That helped give Humboldt a better seasonal record after a shaky start to make it 12-13 for the season.

This year Givins has probably one of the toughest schedules in the school's history to test the strength of his squad. Six games against three of the top teams in the Pacific northwest are on tap, including a pair against Pacific Lutheran College, which won the Evergreen Conference title and placed third in the national NIA's finals in Kansas City.

Givins is greeted with twelve returning lettermen plus Jerry Hathaway, who had a terrific year as a Junior Jack last year due to eligibility rulings and Joe Handy, a transfer from Stockton JC. Larry Taylor who was a regular two year's ago, is back after a year's absence.

Warren Baker is the only football player who also plays basketball, so Givins will be able to work with practically his whole squad from the beginning, and not like previous years when half of the basketballers also played football.

All in all, Givins should be in good shape for the season. Baker, Bob Lawson, Don Robinson, Grant Erhart, all regulars from last year's team are back and Hathaway and Taylor are expected to give them plenty of competition.

Other returning lettermen are Jack Evans, Joe Miller, Tom

Linfield Blasts Red Raiders

The Linfield College Wildcats topped the Southern Oregon Red Raiders 14-9 last weekend in an interconference contest.

SOCE will play the Lumberjacks in Redwood Bowl Nov. 16. George Stavros kicked a field goal and Chuck Randall rambled 12 yards to paydirt to account for the Red Raider points.

Schubert, Eddie Thomas, Billy Caver and Jim Babcock.
