# Affirmations for a Virtual Semester

## affirmations AS WE MOVE INTO DISTANCE LEARNING

The best I can do is my best.

How human of me to feel nervous about trying  
something new.

I will give myself the same grace I give others.

I may not be able to control this situation, but I  
have control over my attitude.

This is only temporary.

I can do difficult things.

I don't have to have it all figured out to move  
forward.

I will make mistakes, and that is okay.

### Forest Service Temporarily Closes All National Forests in California

**VALLEJO, Calif., September 9, 2020** – Due to unprecedented and historic fire conditions throughout the state, the USDA Forest Service Pacific Southwest Region is announcing a temporary closure of an additional ten National Forests, meaning all eighteen National Forests in California are now closed. The closure of the additional ten forests will be effective at 5:00 pm today. These additional forests include the Eldorado National Forest, Klamath National Forest, Lassen National Forest, Mendocino National Forest, Modoc National Forest, Six Rivers National Forest, Plumas National Forest, Shasta-Trinity National Forest, Tahoe National Forest, and Lake Tahoe Basin Management Unit. This decision will be re-evaluated daily as conditions change.

We had closed eight National Forests on Monday evening, Sept. 7, 2020. Explosive growth of fires throughout California during the day and late evening of Sept. 8th led to this updated decision.

"The number of large fires and extreme fire behavior we are seeing across the State is historic," said Regional Forester Randy Moore. "These temporary closures are necessary to protect the public and our firefighters, and we will keep them in place until conditions improve and we are confident that National Forest visitors can recreate safely. I ask all Californians and visitors to take these closures and evacuations seriously for their own safety and to allow our firefighters to focus on the mission of safely suppressing these fires."

The Forest Service thanks our partners and the public for their cooperation and understanding of this monumental fire threat. It is critical that all Californians and national forest visitors follow these important closures and restrictions for their own safety and the safety of our firefighters. Citizens with specific questions within their area may call their local forests for more information.

The Forest Service manages 18 National Forests in the Pacific Southwest Region, which encompasses over 20 million acres across California, and assists forest landowners in California, Hawaii and the U.S. Affiliated Pacific Islands. National forests supply 50 percent of the water in California and form the watershed of most major aqueducts and more than 2,400 reservoirs throughout the state. For more information, visit [www.fs.usda.gov/RS](http://www.fs.usda.gov/RS).

**hsucaps** Experiencing feelings/lack of feelings around loss in your life? Loss of a loved one? Loss of a relationship, partnership or friendship? Grief about losing your in-person classes, community, plans and activities? This is a group where we can openly connect and share about loss, grief and the tidal wave of emotions that can come with either (or the tidal wave that doesn't come, but you can tell it's in there waiting to crash). LET'S TALK  
ABOUT THE  
MIDDLE EAST

Film series and discussion with HSU professor  
Leena Dallasheh

# FOR SAMA

(SYRIA, 2019)

In this moving and heartbreaking documentary, Waad al-Kateab documents the reality of shattered lives amidst the conflict in Syria. Starting from the early demonstrations against the Assad regime in 2012, it follows Aleppo as it falls under siege and turns into rubble. But amidst this devastation, the film also tells a story of life, love, and glimpses of hope.

# Resources Available for our Student Leaders this Virtual Semester

# *ON Campus Printing Options*

When face-to-face instruction begins, we will have 6 print kiosks open in the following locations:

- JGC (Klamath room)
- KA
- FOR
- NR
- SciA
- GH

Unfortunately, we do not have any on-campus printing available for these first two weeks, which is causing quite a problem. Housing is working on moving the JGC print kiosk to the Klamath room. These printing kiosks are mainly for students when they are on campus, and we encourage students to avoid coming to campus, unless they live on campus or it is for a class

# Eviction Prevention Program

There are two programs providing rent and mortgage assistance. One is through the City of Eureka, and one is through the county. If you live in the city limits, you apply to the city program. If you live outside of Eureka city limits, you use the County Program.

The contact person for the City of Eureka program is Kristen @ 707-441-4209. You don't have to provide a social security number to apply. You do have to prove a decrease in hours/pay due to COVID. You also have to show proof of employment which could be a pay stub or a letter from the employer. They have applications in Spanish. To have an appointment in Spanish you need to schedule in advance to ensure interpretation services are available. This program offers up to \$2500.

The number for the County of Humboldt Program is 1-877-410-8809. It is through social services. This program provides up to \$5000.
