This is a page from the Humboldt State basketball team's season review. The text includes highlights from the team's games, particularly the game against the Sierra College. The text also mentions the Humboldt State basketball team's upcoming schedule and the annual dance highlight of the HSC holiday season. There are also mentions of theart faculty, students, and staff involved in various activities, such as the annual dance and the basketball season. The text is written in a narrative style, providing a vivid account of the team's activities and the community's responses to them.
Dick's Dungeon — It Didn't Exactly Squish — By Dick Wassmoth

My good friend Casper Stag horn and I were strolling along observing the finer points of the campus the other day. In fact we were walking just ahead of the dorms, as we knew she was being examined by the scrutiny eyes of two of the best analysts on campus.

Staghorn whistled. "If you have ever heard a leaky hose on a three-dollar vacuum cleaner, you know what it sounded like. It was the kind of question turned around when but she caught a glimpse of what was behind her. She just kept right on turning and went on her way.

Now I'm not saying that Old Stagg is ugly. It's just that most people aren't used to seeing faces, like his without the bars of a cage between them.

We left this cultural pursuit of Knowledge (!) don't know what his first name is! and headed for the Coop. We were so much halfway across the parking lot when a great big bug came running out from between two cars and headed right at me. No one was looking at us, so I just did what any normal, young, red-blooded, American bug-hater would have done. I stepped on it.

It had a hard shell but I stomped and trampled until it was an oily pulp. It didn't smell, but just sort of lay there dead — you didn't even wiggle any legs at me. It was kind of a disappointment.

I would have walked on any other bug without giving it thought except that it kept me wondering what a noise like a car horn blaring might sound like. A car horn making a gaffaws laughter. Heh. Heh. — It was a car horn blowing. Truth be known I was making the funniest thing I've ever heard.

"Man you goddam, you did it!" That's no bug you stepped on, ma'am! I've been at that kind of noise before. I think it's a Mark XVEVH. KL758-452U. There are more of them, I know. It's a cool sound. I used to get a good laugh at it and it would have a voice. "Go Didd. Didd. Didd."

I tried putting it in the fall of a squirrel in the book. But he was examining the bug.

"Foometh Dad," he said. "We'll never get you a bug here. We'll have to get some somewhere, somehow, somehow!"

"Foroddeth Dad," he said. "We'll never get you a bug here. We'll have to get some somewhere, somehow, somehow!"

I turned to Old Stagg and said. "But there's someone in there. We'd better give him a chance to make out for himself."

So saying, he picked up the remains in a Chomax sack. etc. (Continued on Page 4)

WHAT TO DO TILL THE PSYCHIATRIST COMES

Once upon a time at the University of Virginia there was a revolt, and the college was divided into two factions, the pro-library and the anti-library. They were divided on the issue of whether to give the library more funds.

Oddly enough, this faction was divided on the issue of whether to give the library more funds. Oddly enough, this faction was divided on the issue of whether to give the library more funds. Oddly enough, this faction was divided on the issue of whether to give the library more funds. Oddly enough, this faction was divided on the issue of whether to give the library more funds.

Minutes of The Student Council

The meeting was called to order by James Smith, President.

Mr. Johnson moved that the agenda be approved by the members present.

The motion was seconded by Mr. Brown and carried by a show of hands.

Then the minutes of the last meeting were read and approved.

The following officers were elected for the current term:

President: James Smith
Vice President: John Doe
Secretary: Jane Doe
Treasurer: John Johnson

The meeting adjourned.

Frosh To Decorate Christmas Tree

The freshman class of Humboldt State will sponsor and decorate the Christmas tree in the library this holiday season. It was recently announced by John Payne, freshman class president.

The idea of the tree was first suggested to Payne through ITS and later presented to the faculty and students of the freshman class. At that meeting, the idea was an excellent one.

Payne then appointed Nyshla Elmer of Eau Claire and Gallant Chinlun of decorating the tree. The tree chosen by the group was the cypress located on the west parking lot by the library.

Children's Art Displayed In HSC Art Gallery Receives Adult Values

Appropriately holding the title emblazoned the above two visitors were viewing the current exhibit in the HSC Art Gallery. "But that's for kids. Why would anyone want to see it?" And after reading the identification card, more softly she said, "Oh Kindergarten!! How she could view them with dis- tinction and without reservation. The was said and had matured beyond such dis- tinction to point.

Children's art is not adult art. Obviously the child does not possess the intellectual maturity to deal with adult values. But this show will be presenting primarily to those who see children's art and is on display because it is felt that there are qualities in these paintings which are in a creative and worthy of adult appreciation.

At the turn of the century artists were rebelling against the sterility of academic art which had induced the modernist Rene

Copyright Board, as previously reported, was sent to the other high schools in Humboldt State.

For Western Conference Meet-Representatives from all the Fat Western Conference Schools will meet at Humboldt this year for their annual meeting in December. However, the meeting this year was requested that the Associated Students contribute $100 toward it. This money was raised by the Associated Students. By a corner, the Associated Students and Department of Public Information was kept. He will speak at the annual meeting of the Associated Students.

Awards -- Warren Baker suggested that the Associated Student's allocate such a year to the Athletic Advises on the part of the Associated Student's. This award came up for the Fat Western Conference Meet.

In addition, there has been a bid for handball which has come up. A handball tournament will be held during the spring. The Associated Students will be in charge of the tournament and the Associated Students will receive $100 for the tournament.

Howard Goodwin reported that he and the Associated Students will go to a Board of Directors' meeting in Fair Park.

Respectfullysubmitted,

Robert Jones
Secretary

Mrs. Everett Council Member

Mrs. Helen Everett, college librarian, has been appointed a member of the Advisory Council of the University of California School of Librarianship for a three-year term, Jan. 1, 1956 to Dec. 31, 1958.

The Advisory Council, composed of ten selected representatives of the professional library, is also charged with the task of interpreting the School's program to the state to interpret professional needs of librarians in the state to the School; and to perform and perform all other duties required by the School.

Mrs. Everett is an alumna of the University of California, School of Librarianship, having completed her first graduate library degree in 1939, and has served as an associate professor for two years of the Master's degree in librarianship.
Hilltopper, Campus Feature Magazine, To Make Its Appearance Dec. 16

Bringing with pictures and feature articles, the year's first issue of Hilltopper magazine will be on campus Monday, Dec. 16, according to Sid Fenstermacher, editor.

A feature magazine modeled on the best of the general-interest magazines, Hilltopper will be printed on "desk" paper, and will have both a professional look and professional tone. Hilltopper was originated last spring as a journalism laboratory project and sold out at 25 cents a copy. The 25 cent price will be retained this year despite increased production costs. Fenstermacher said. He pointed out that Hilltopper is not subsidised. Production cost is about 50 cents a magazine, with advertising revenue making up the difference between sail price and cost.

Fenstermacher said the staff had solicited material from several fields of interest. All articles, photography and layout have been done by students. Writers represent several majors.

Consistent with the magazine's policy of presenting controversial subjects in an objective manner, the fall issue will include a de-

U. S. Public Health Service Awards
Prof. DeWitt S2000 Research Grant

John W. DeWitt, associate professor of fisheries, has been awarded a $2000 research grant from the U. S. Public Health Service.

The grant will apply on a study project now under way to determine the effects of waste pollution on aquatic insects important on fish food.

Most of the work will be done by Prof. De Witt in the HSC laboratory with a special closed circulation apparatus. The term of the project will extend until Sept. 30, 1956, and the work is designed to shed some light on what might happen in aquatic insects under conditions of pollution in a stream.

The physiology work in the laboratory will be correlated with data gathered in the field from polluted streams.

Prof. De Witt returned to the HSC campus this fall after a two-year's leave of absence spent under a two-year teaching fellowship in the Department of Fish and Game Management of Oregon State College. He first joined the HSC faculty in 1940 to undertake the development of the fisheries program which was begun that year.

During his two years at Oregon State, Prof. De Witt, working toward his doctorate, carried out research on the effects of stream pollution on the aquatic life, with special emphasis on pollution by pulp mill waste products.

This work was done under the supervision of one of the nation's foremost pollution experts.

George Christophor, mayor of Arcata, spoke in assembly room during the recent Religious Emphasis Week activities. The three-day program, which began Nov. 24, included a panel of faculty discussion "This I Believe," the showing of Vita major's great religious film strip and a talk by Dr. Leland B. Shurtleff, chairman of the Division of Fine and Applied Arts, on the subject entitled "Renaissance."

DUNGEON

and bounced gaily off toward the lab building.

When we reached the lab we laid the mangled mess of mutilated Mousermonkeys on the table and started to extract the man from inside.

"Hello, we're so engrossed," I asked him who he was. "I'm Lawrence Well," he replied. "Drunken and get me out of here, I only have a few seconds left."

By the time we got him out he was dead. No sooner did we lay him on the table then the police came rushing in, searched me of his murder and hastened forth with to arrest me to ye oldie bail box.

"Now this is just too much," I thought. I kept waiting for the dream to end so I could wake up and laugh the whole thing off. Fantastic things like this only happens in dreams - never real life.

A few 17 days later they electrified me.

Russ Char, HSC 'Aspiring Businessman,' Is Creator Of Christmas Cards

Russ Char, aspiring businessman-on-campus, won being interviewed about his current venture, "Character," when it was discovered there is an untold story behind the story.

In a report of Rosalba, Hawaii, and has lived almost all his life in the Hawaiian Islands. He graduated from Punahou High School in Honolulu in 1953. He has spent his junior year at the University of Southern California after high school graduation as a Fine Arts major.

The story of "Character," begins at this point. Russ enlisted in the Army and became the chief illustrator for a psychological warfare unit.

"A funny thing sometimes happens in the Army, I had four men under me, one with a Master's degree in Fine Arts, one with a Master's degree in Commercial Art, a graduate of an Art Institute, and one who had completed two years at an art institute. I heard the Army you find yourself in charge of people who know more about the specific field than you do. However, we all benefited. We critiqued each other's work and made suggestions. All I had to do was simply make assignments."

Often Russ went to the studio and worked on different projects for his own amusement. The first "Character" was Russ own creation. "Insanity in the mother of Invention." And Russ claimed that this was true of his Christmas card last year. Later, friends advised him to sell the design to a large card company, but he decided not to, because by not doing so, he could gain a little knowledge of the printing, selling and advertising processes and have a little fun with the idea as well."

Russ met Dr. C. H. Simses, president of HSC, while Dr. Simses was lecturing in Oregon, and during conversation with him discovered he could enter HSC in the fall semester instead of waiting until the spring, which he might have had to do had he applied for entrance to another school.

This year, there are two "Character" designs, which have been made up first as ink line drawings, then photographed, engraved by a chemical process, and printed by offset presses. The price of "Character" cards is 25 cents each, or 15 for 25 cents.

Russ may be reached at Nevada Hall, east wing first floor telephone or through his box No. 30.

Pi Kappa Pledges To Be Initiated

Eight pledges will be initiated into the honorary forensics society, Pi Kappa Delta, next Thursday at 8:00 P.M., in the Green and Gold Room.

The new members will be: Ed Spencer, Larry Wood, Wallace Simses, Gary Brennan, Jim Harber, Bob Berche, and Marcel Brede. Dr. Ed Spencer, assistant dean of the School of Fine Arts, will deliver the address of the initiates.

The following officers of the Pi Kappa Delta are the following: Fred Mrazek, president; Jim Vorhees, vice-president; and Evelyn Lepkin, secretary.

Senior Football Dinner Thursday

The annual Senior Football Dinner will be held next Thursday evening for those seniors who have met all their eligibility requirements. The six inductees are quarterback Ed Spencer, halfback Jim Vorhees, and backfield John Coor, Russell, Baker and Joe Mrazek, fullback Michael Guinn, and Dave Thomas, tackle Jerry Bogen and guard Jim Ennis.

Pepperdine Debate Is Improvement

A marked improvement over the Sacramental State debate was the observation of forensics advisor William Bublitz, following last week's meet at Pepperdine College in Los Angeles.

The single team in the upper division received no bonuses during the meet. In the lower division, the top HSC team was that of Carl Hauser and Doug Kemo, who won three out of four rounds of debate. After vindication of points, this team placed 17th among the more than 100 debate teams participating.

Two presidentances from Humboldt reached the semi-finals in individual events. Both of them were in the lower division. Ed Spencer entered the semi-finals in extemporaneous speaking and Don Price reached them in the impromptu speaking event.

The next event of the forensics calendar is the Pentathlon to be held Jan. 10 and 11 here.

PIONEERS TAKE THRILL OVER HSC

Jacks Drop 31-27 Decision In Season Finale To Lewis And Clark In Heart-Stopping Finish

Although Humboldt State's Lumberjacks went down to defeat, 31-27, in their season finale on one of the most exciting and dramatic afternoons in the history of Humboldt State, the game was certainly one of the finest athletic contests ever staged on the field or in the gymnasium.

The game was not decided until a few moments after the final whistle of the second period, when a last-minute touchdown was scored by the Jacks, making the final score 31-27.

The Lumberjacks, who had been leading by a 14-7 margin at halftime, were down 27-14 early in the second half when a long pass from quarterback Jim Ennis to halfback Joe Smith set up a touchdown.

With 25 seconds left on the clock, Ennis kicked the extra point to tie the score at 27-27.

Then, with 11 seconds left, Ennis kicked another field goal to give the Lumberjacks a 30-27 lead.

But with 2 seconds left, the Jacks pulled off their second touchdown of the day, a 2-yard run by fullback Larry Groves, to set the final score at 31-27.

The Lumberjacks were led by quarterback Jim Ennis, who passed for 157 yards and 2 touchdowns, and fullback Larry Groves, who rushed for 105 yards and a touchdown.

The Humboldt State defense was led by halfback Joe Smith, who intercepted 3 passes and forced a fumble.

The game was played in front of a record crowd of 5,000 fans and was a fitting finale for the Lumberjacks, who finished the season with a record of 6-3-1.

Cal Tjader’s Jazz And Latin Group
To Give Performance Here Dec. 16

Cal Tjader’s Jazz and Latin Group will be at Humboldt State College Dec. 16. The concert will commence at 8 p.m. in the Varsity Gymnasium. Admission for students will be 50 cents, with activity cards and $1.50 will be charged for general admission. High school cards will be honored.

The group will consist of Cal Tjader on trumpet, with Humboldt State students Chet Brown, Bob Kanzel, and other students in the group. Tjader said the group will play a variety of Latin and jazz music.

Out of his own band consists the Tjader Octet, which has just played at San Francisco’s famed Fillmore Club. Tjader, who has studied with Joe Hampson, has played with several famous jazz musicians, including Frank Sinatra and Ella Fitzgerald.

He has also performed with Pete Rugolo's Big Band, the Los Angeles No Jazz Orchestra, and with his own groups. Tjader has just completed a recording session for Capitol Records and is scheduled to perform at the Winter Jazz Festival in New York City.

The group will perform a variety of Latin and jazz standards, including Tjader's own compositions. The concert will be a fundraiser for the Associated Student Body, with all proceeds going to support the students' activities.

The concert will feature a variety of Latin and jazz music, including Tjader's own compositions. The group will perform in the Varsity Gymnasium at 8 p.m., with admission for students at 50 cents and $1.50 for general admission. High school cards will be honored.
