Clem Miller’s Death

Great Loss’ to Humboldt

California Congressman Clem Miller and two others died in an airplane accident in a plane which will guide the fathers around the campus until 3:30. Special tours of the new Forestry building, Education-Psychology building and Science building will be guided by pressure from the new buildings.

Clem Miller was a quiet, well-spoken congressman for this area. He served as a member of the Agriculture Committee and was known for his work on the House Subcommittee on Agriculture. He was a dedicated public servant who worked tirelessly to represent the interests of his constituents.

The death of Clem Miller is a great loss to Humboldt State and the entire Northern California region. Our thoughts and prayers are with his family and loved ones during this difficult time.

Hilltopper Sponsors Short Story Contest

The Hilltopper, Humboldt State student newspaper, is sponsoring a short story contest for students. The contest is open to all Humboldt State students and the deadline for entries is November 1.

The theme for this year’s contest is “Hilltopper Sponsors Short Story Contest.” The contest is open to all Humboldt State students and the deadline for entries is November 1.

Entries will be judged based on the following criteria:

1. Originality and creativity of the story
2. Quality of writing
3. Relevance to the theme

The winner will be announced on November 15, and the prize will be a $500 cash award.

Deadline for entries is November 1.

Hilltopper Calendar of Coming Events

TOMORROW

Hilltopper Day: HSC vs. Sacramento State Redwood Bowl, 1 p.m.

 lậpсть

Friday: Hilltopper vs. Redwood Bowl, 1 p.m.

Monday: Hilltopper vs. Redwood Bowl, 1 p.m.

Tuesday: Hilltopper vs. Redwood Bowl, 1 p.m.

Wednesday: Hilltopper vs. Redwood Bowl, 1 p.m.

Thursday: Hilltopper vs. Redwood Bowl, 1 p.m.

Friday: Hilltopper vs. Redwood Bowl, 1 p.m.

Saturday: Hilltopper vs. Redwood Bowl, 1 p.m.

Sunday: Hilltopper vs. Redwood Bowl, 1 p.m.

Hilltopper Day: HSC vs. Sacramento State Redwood Bowl, 1 p.m.
The large, red-clad mascot, who has been personal to the HSC football games, is the Lumberjacks. I am supposed to be in this event, which is different from the school, to perform the Lumberjacks' only known song, and to sing with the Activities Council.

Membership in the society is determined by the members of the society, and participation is based on the character of the college, the college, and the students.

At the end of each school year, the Lumberjacks are awarded the Spirit Award, and all students are awarded the Spirit Award.

Besides the football game, Homecoming will be celebrated at the university, and the parade will bring together the spirit of the college.

Queen Election Rules Changed

In the college, the queen election is held every year, and the candidates are selected by the students. The candidates are selected by the students, and the candidates are selected by the students.

News From Other Campuses

Silly Season Under Way in California Colleges

In California colleges, the silly season is a period of college activities that occur at the end of the academic year, often leading to humorous and often unrestricted events.

The new HSC forestry building, a badly needed addition to the college, will enable Humboldt foresters to perform many functions that were not previously possible.

The building, widely extolled for its beauty, combines a good look with modern facilities for research and study.

“Much of the new equipment for physical education is on order, and forestry students will be able to do better work in photogrammetry, drafting, remote-sensing, computer, and related fields.”

One example of the way in which the new building will be used is the photogrammetry lab, which will be used to study the construction of photographic images from aerial photographs.

Deans of the society will control all the atmosphere’s reaction to these events of visual art and architecture.

Students in the new plant biology lab will have the use of a microscope, a unique temperature control room, and experimental gardens to study the effects of environmental factors.

In the most important aspect of the new building, the preservation of plants, a large collection of plants will be accrued and preserved. This was previously impossible.

To further enable students to perform independent research, the building will have a growth chamber, designed to provide controlled environments for plant growth.

Sunsutters Vie For Best Float

Sunset Hall residents were coming to the forefront this week to be recognized for their efforts in the annual Float Competition, held at Redwood Halls.

Now that you have readied your cardigan and packed your bag, you are ready to go to the dance floor.

Gardina or pulocus–it’s a matter of taste...and so is Marlboro a matter of taste—the best tastes that can possibly be achieved by experienced growers and blenders—by science, diligence, and tender loving care. Try a pack.
Barlow Asks For Chorale Members

A special invitation is sent out to all interested staff members and their wives by conductor Leland Barlow to attend the Humboldt Choral each Wednesday evening from 7:45 until 9:45 in the Music Building.

Scheduled programs for the chorale are Popera and a Community Christmas Concert. Music work will be handled by Coon.

One-half unit credit will be given to those who want college credit. The waiver of grades will be requested upon enrollment.

BUDGETWATMATIC DRY CLEANERS

SPECIAL FOR STUDENTS ONLY

If you are unable to stay while your clothes are being dry-cleaned we will do the required spotting and hanging for you.

If you DON'T HAVE THE REQUIRED POUNDAGE ASK SOME OF YOUR FRIENDS TO GO IN WITH YOU.

Put your clothes together and SAVE E.

ARE YOU LUCKY?

If your student body card number matches sales number you can get free cleaning for the rest of the semester.

Remember, it's BUDGETWATMATIC DRY CLEANERS for all your cleaning needs!
Hornets Work For First Meet Against Aggies

Tom Beck was singled out by cross-country coach Ford Hess as showing the most improvement over last year as the Thurmond ended their four weeks of work in preparation for their opener against University of California at Davis on October 20.

Other standouts include letterman Les Ellers, transfer Bill Potts from Central High, and freshman Jim McLaughlin from Arcata. Gary Morse from San Fernando and Pete Sturman from Pleasant Hill.

Hess was very optimistic about this year's team, saying that they had performed favorably against last year's team. On the basis of the daily two-hour work-outs, they look much better than last year's team and have a lot of team unity. Also, they have a lot of athletes, plus some veterans who recently returned to the varsity. Bruce Lemke.

Working out with the team are Willie Dale Potts, quarterback and Jim Reynolds and John Hustr, dashers.

This year's schedule includes a return visit to the first game last year, against the Aggies. It is expected that the game will be the starting point of the San Francisco Chain.

San Francisco Middle School - Bob Potts

Coach Bernie bars indicate that they will be up against the same team last year, and that it will be a big game.

The rugged Jack line of Dreyer, Bill Potts, and John Hustr will be expected to do their best against the Aggies. The line will be manned by John Hustr, Bill Potts, and John Hustr.

There is only one word we can think of to describe the performance of Humboldt State's football team last weekend. 

Humboldt State's final score against San Francisco was 21-7. Thus the Titans, who entered the game as a heavy underdog, scored a tremendous victory.

Coach Norm Korna deserves much of the credit for the victory. His team, which had been defeated in its previous game by the University of Redwood, 37-0, showed marked improvement in its play against San Francisco.

The Titans dominated the game from the start, outgaining the Golden Grizzlies in every phase of the game. 

On offense, the Titans were led by fullback Bob Green, who had 91 yards on 20 carries. Quarterback John Buda, who had a fine game, completed 11 of 22 passes for 193 yards and two touchdowns. 

On defense, the Titans were led by linebacker Bill Storer, who had 11 tackles, and defensive back Joe Knell, who had three interceptions.

The Titans' victory over San Francisco was a real morale booster for the team, which had been in a slump following its loss to Redwood. 

The Titans now stand at 3-3 on the season and are in good position to make a run for the conference title. 

The Titans' next game is against the Santa Rosa Junior College Bears, who are currently at 5-1.

This game will be an important one for both teams, as it could go a long way in determining the conference championship.

The Titans will need to play well in all phases of the game if they are to defeat Santa Rosa. 

On offense, the Titans will have to continue to run the ball effectively and protect the quarterback. 

On defense, the Titans will have to stop the Bears' running game and put pressure on the quarterback. 

The Titans are favored to win this game, but nothing is certain in college football. 

The Titans' victory over San Francisco was a huge confidence booster for the team. If they can continue to play well in their next game, they will be a tough team to beat.
The above diagrams show a graphic picture of the 1962-63 Humboldt State Associated Student Body Budget.

**ASB Budget $86,906.50 For 1962-63**

The Humboldt State Associated Student Body will be working under a $86,906.50 budget for 1962-63 that was approved at the final council meeting of last semester.

The budget will allow athletics the largest amount with publications and administration getting the second and third highest while the rest of student body programs such as recreation and publications will see smaller allocations.

Humboldt sports will take $5,300 per cent of the allocations or $38,747.38 while returning $24,750 leaving the ASB with a $13,997.29 subsidy.

Varsity football will return $22,865 with allocations for $12,804 giving the ASB a profit of $10,041 from the intercollegiate sport. On the other hand varsity basketball will return $5,997 while taking $5,041 for a $956 difference of allocations over revenue.

Biggest drain on the football revenue will be in the miscellaneous sports, Women's Recreation Association, Athletic training fund, Athletic director expenses, athletic health, trainer's supplies and intramurals, which take $41,420.76 without returning any income.

Sale of ASB cards will be the top in income covering $47,45 per cent ($39,589) of the revenue will come from this source.

However, ASB treasurer Bill Wagner, warned that all figures are only estimated and if anticipated income falls behind the estimates, expenditures will have to be cut accordingly.

Administration, which covers bookkeepers salary, insurance, student assistants, office supplies and one-half the graduate managers salary, totals $12,667.72.

**Reflections of Telstar**

Remember the picture above? It flashed across your television screen on a hot night last July. Perhaps you remember that it originated from France. And that's right. This is Telstar, the world's first private enterprise communications satellite.

Since that summer night, the Bell System's Telstar has relayed electronic signals of many types - television broadcasts, telephone calls, new photographs, and others.

But there's one Telstar reflection you might have missed. Look into the faces of the Bell System people below and you'll see it. It is the reflection of Telstar's success that glowed brightly on the faces of all who shared in the project.

Their engineering, administrative, and operations skills created Telstar and are bringing its benefits down out of the cipuds to your living room.

These Bell System people, through their talented, dedicated efforts, make your phone service still better, more economical, and more useful.

The reflections of Telstar are many.
