Enrollment Tops Estimates

LumberJack
HUMBOLDT STATE COLLEGE

Figures Show HSC Up 100 Over Predictions

Final fall semester registration figures hit all-time high of 3,241 according to Humboldt State Registrar Thomas Price. This figure exceeds last year's high of 2,185 by 100 the state's advance estimate of enrollment for the Humboldt campus.

College President Cornelius Siemias said, "Humboldt is one of 5 or 6 of the 18 state colleges whose enrollment showed an increase over the state's estimates."

Price has not yet completed the canvass of classes, which requires a head count of freshmen, number of men and women, and all other on-campus student; however, this will soon be announced.

The college this fall has 1,566 men as to 922 women students or a one woman to one man ratio of a half man.

Price commented about the future of a pre-registration system here at HSC. Price and his office have been working under study. The registrar hopes to come up with a workable system. But these are no plans as yet to try a pre-registration system at Humboldt State.

If the registrar can come up with a plan the college administration will still have to approve it before it can be implemented.

Price, with 10 years of experience, six in state colleges, has ideas of pressing up HSC registration. He is working on a plan to have college for students waiting in line, also for making this longer procedure that the college students must go through each semester.

Price said that he is pleased with the HSC present system which compares favorably with other California colleges. The enrollment was good this fall and between 100 to 200 students were registered per hour," added Price.

The trend downward for dormitory costs continued. The average price of a one room one bath quarter was $13,800.

CU Protests Council's
Awarding of Directory

The student directory problem was tossed back to the Student Council Tuesday. A letter of protest was filed by Conservation Unit, a group formed by Richard Backman, President of the university's conservation club.

"Jacks Drop To Fifth
BULLETIN

Humboldt State's Lumberjacks pulled more votes but slipped to fifth place in this week's National Association of Intercollegiate Athletic (NAIA) national small college football ratings released from Kansas City yesterday morning.

The Lumberjacks, inactive because of a postponed game with Sacramento State, received one first place vote and increased its total points to 151 up from 129 a week ago.

Florida A&M Batters moved into a first-place position as two others had a perfect 1-0 record to this point.

Florida A&M Batters moved into a first-place position as two others had a perfect 1-0 record to this point.

Deadline Today

Future student teacher needing experience for the spring semester will have to make a change to extended deadlines for applications.

The deadline was Oct. 9 for application but it is extended until today. This is the last chance for students to apply for student teaching and experience for the spring semester.

Three Humboldt Economists
Study Area

Three Humboldt economists began a seven-day study of the roots of public assistance cases at Humboldt County last week. The research financed by the U.S. Government's California Department of Social Welfare is expected to provide important information to county and state officials.

The study will be undertaken by Dr. Robert E. Dickerson, Dr. Robert R. Kinnister, and Dr. Thomas A. Lint, all of the college's economics faculty. Cooperating in the study will be John C. Trigg, chairman, the office of the Bureau of Social Work.

Dickerson, in charge of the project, said that by developing a picture of the roots and performance of the Humboldt economy, the study would suggest approaches to numerous questions of importance to the local community. It is expected that this initial research have will serve as a foundation for continuing effort that will play a beneficial role in the country's future.

The first phase of the study will be the development of basic economic, social and population data necessary for the study. This will be followed by the first time sound statistical study of the region and the variables of local persons and groups.

**The Building Program Faces Electorate Again**

**Editor's note: This is the first of a two-part series on Proposition 1A, which will appear on California voters' ballots in the Nov. 4 election.**

By DON CARMAY

Amendment 3 creates the most controversy and has the most potential for a good bit of smoke and mirrors. It is the only amendment that would provide state funds for the construction of K-12 facilities. Proposition 3, the amount to be raised, is $20,000,000, and is $19,000,000. Proposition 3, if approved, would provide an additional $10,000,000 for the State University System. This is a blank check, according to according to opponents.

The revisions are chiefly in the first part of the bill, which defines the purposes of the amendment.

The "blank check" accusation stems from a September 25th hearing before the Legislative joint committee on education. The "blanks check" argument is based on the fact that the amendment provides that a blank check be proposed for a two-year period in the case of a city or county and issued for junior college expenses.

"Nothing in this act is intended to authorize the legislature to transfer the power given to the legislature of other propositions from the specific purposes provided for in this act and requiring a vote of the people in order to further general purposes or to pass over the objections of the city or county in case of junior college expenses," said one opponent.

As written, the provision (1A) reads as follows:

"The purpose of the act is to provide the necessary funds to the appropriate legislative bodies for the construction of state facilities and site acquisition for junior college facilities."

**WAVE Recruiter Speaks Today**

Lematrice N. L. Denton, Navy WAVE Recruiting Officer for Northern California, Minne- sota and Utah is scheduled for the Humboldt State College Mon- day, to interview for, and answer questions of, all women who wish to join the Navy's WAVE Officer Program.

The Navy operates and executes a women's division and welcomes the enrollment of all of those women who qualify for the program.

It is $1 for one semester attend- ance by a student and for faculty members in good standing, $2 for a half-year's card. For faculty members and students not in good standing, a $3 card is $5.

The students of Humboldt State College are slightly ahead of the 1962-63 school year in sales of their yearbook. Proposals are included in the school catalog for purchase at the bookstores. Mrs. A. K. Everman, in charge of sales and distribution.

**SLACKS RESTRICTED**

College regulations specify that female students do not wear slacks or jeans to classes unless required by the instructor.

**HAPPINESS CAN'T BUY MONEY**

Can education bring happiness?

This is a question that in recent years has caused much fire and debate and several hundred pamphlets among American psychologists. The question is whether happiness can be bought. The answer, of course, is the same as in every other case — it depends.

I myself favor the second view, and I offer in evidence the well-known case of Agatha Christie.

Agatha was a schoolteacher. She did not want anything less than a "straight A," was awarded his B.A. (Bachelors of Arts) in 1962, and his M.A. (Master of Arts) in 1963, and her B.D.C. (Doctor of Divinity and Canon) in 1964.

Agatha was gray-haired. Her intelligence was as intense as any other scientist on campus. But was she happy? The answer, alas, was no. Agatha — she never was — was miserable, unhappy, in fact, that some of her friends were walking across campus, she was suddenly so overcome with melancholy that she fell into her weeping, weeping, upon the statue of the Founder.

So by and by a third year she asked R. Twinkle: Plently knew by his yepo. He asked Agatha's condition. "How come you are so unhappy, my dear?" he asked.

"You tell me, you dumb old liberal arts major," replied Agatha prevailed.

"All right, I will," said R. Twinkle. "You are unhappy for two reasons. First, you have been so busy stuffing your intellect that you have gone and starved your psyche. I've got a proposition, a little learning that will make much of you. The other is to neglect the pleasant, gentle amities of life — the fun things. Have you, for instance, ever been to a dance?"

"Agatha shook her head.

"Have you ever watched a sunset? Written a poem? Smoked a Marboro Cigarette?"

"Yes," said Agatha.

"Well, I'll fix that right now," said R. Twinkle and gave her a good sized bottle of cola. The young lady puffed, and then for the first time in twelve or fifteen years, she smiled. "Wow!" she cried. "Marboro's a fan thing! What the devil is Mattie Walt doing here?" she cried from now on I will smoke Marboro's, and never have another unhappy day.

"Hold it!" said R. Twinkle. "Marboro's alone will not solve your problem — only half of it. Remember I said there were two things making you unhappy?"

"What are the other one?"

"How long have you had that bear trap on your foot?"

R. Twinkle: "I stopped on it during a field trip in my freshman year," said Agatha. "I keep meaning to have it taken off!"

"Land sake, what a relief!" said Agatha, now totally happy, and took R. Twinkle's hand and led him to a Marboro vendor's and said, "How is the justice of this world?

Today Agatha is a perfectly fulfilled woman, both intellectu- alism and personality wise. She lives in a darling split-level house. Twinkle said he was going to be very busy in the forestry game. Only last month, in fact, he became Consultant on Sawdust to the American Builders Guild, she was named an Honorary Secretary by the park commissioner of Las Vegas, and she published a best-selling book called I was a Slippery Dick for the FBI.

"The makers of Marboro are pleased that Agatha is finally out of the woods—and so will you be if your poison is smoking pleasure. Just try a Marboro."

**Symphony Presents Annual U.N. Salute**

The RSC Symphony presented its annual "Salute to United Na- tions." Members of the RSC, Dr. William K. Williams, Dr. Charles Fulkerson, Thursday, at 8:00 in Arcata. The program included "Capriccio Espagnol," "Symphony in E Major," "Four Norwegian Mood," "Symposium," "Gypsy- nes No. 1 and 2" and "Rou- manian Folk Dances." Coming events for the Department of Music include Chamber Music Oct. 28 and Nov. 25, Pro- spero Nov. 16 and the Community Christmas Concert Dec. 16.

The mid-season recital next year will be from Feb. 2 through Febr. 6. Registration for the spring semester is scheduled Feb. 7-9.

First Nursing Grads Score High

Turn In Outstanding Grades On State Exams

By Harmony Morland

The first graduates of Humboldt State’s Baccalaureate program in nursing made outstanding grades on their State Board examinations. They have an average grade of 91.4, recently by Miss Helen Allen, R.N., Coordinator of the Department of Nursing at HSC.

The two former students are Mrs. Edna Elizabeth McEwen and Mrs. Alice N. Allen, both of whom obtained their B.S. degrees (with majors in nursing) in June of 1962 and were subsequently employed by the St. Joseph Hospital in Eureka.

"As a result of the fine work done by these two young women," Miss Allen stated, "hospitals in the Humboldt area are eager to have other graduates, and local employment opportunities are many.

Area hospitals, however, must wait until 1964 for the next crop of nurses, since among the graduates, there are no seniors. The 41 others currently enrolled (among whom are 32 R.N.’s from diploma schools, now seeking their degrees) include 15 freshmen, 9 sophomores and 6 juniors. Of these, 10 are freshmen other than Humboldt.

Enrollment in the program has increased by 120 per cent over the fall of 1952. The first 41 students were inaugurated in the fall of 1959. "Frankly, however," Miss Allen says, "this does not represent expansion of the program, but rather our share of the ever-increasing HSC enrollment increase."

The program has been augmented in addition to academic courses, receive laboratory training in nursing in other, "medical centers," these being Humboldt General Hospital, and General Hospital, all in Eureka, Mendocino State Hospital, Talmage, and the Humboldt-Del Norte County Public Health Department.

Tekes Elect Ammon, Maine

Election of new Tau Kappa Epsilon alman has been announced by Professor of the chapter. Elections are held each semester for all new officers except president and treasurer, who are elected to serve from January to January (one year term). Voting is done by all "actives" at the election.

President for this fall 1962 semester is John Ammon, a 20-year-old nursing major and transfer student from San Mateo. Other elected officers are secretary-treasurer Dan Cherry, and sergeant-at-arms Howard Fuller.

Dr. Gast opens Faculty Forum

Election of officers for the Associated Women Students will be held from 9 to 4 P.M. Monday, according to an announcement released by Mrs. Katharine Buchanan, Associate Dean. Voting booths will be set up in the cafeteria and in the Academic Building.

Nineteen candidates have been announced at press time. In write-in candidates are acceptable, according to the rules of the organization, but must meet requirements for offices as set forth in the bylaws.

All students admitted to the state are eligible to vote, but must produce an ASB card as evidence of enrollment.

AWS which defines its objective as fostering friendship among women students sponsors two spring events, Women’s Play and Men’s Weekend.

Student Examinations Deadline Oct. 31

Applications for student accident and sickness medical insurance coverage are due at the college bookstore, or at the institution’s insurance agent’s office, no later than Oct. 31.

"Students who have already purchased insurance coverage are urged to complete paperwork and identification cards at the bookstore."

Coverage and costs are $30 for the full year, $15 for the school year and $7.50 for one semester.

Dependent wives of married students may be covered for $25 and their children for $2.25 for the full year and $1.10 per month period. Dependent coverage is effective only during the fall semester enrollment period.

Jack's, Cal Aggies Clash at Davis

Aroused Mustangs Seek Upset Against Humboldt

Undaunted Humboldt State and the once beaten Cal Aggies will meet Monday afternoon at Davis in an encounter which has the makings of a grudge game. It is not only homecoming weekend at Davis, but also the annual "D" day for surrounding Lettermen, who still remember the 61 Mustang-Lumberjack game. Refreshing your memories. All-American end Drew Roberts and inside linebacker Monte Fennys hooked up on a 25-yard TD aerial to break the Aggies' hearts, 20-18. It was an emotional, grueling game enflamed by a deifying shot of a game-winning 40-yard field goal, which gave the Lumberjacks a 17-14 victory, as the Aggies. The Aggies are still faced with their fine season, but are the Lumberjacks that layoff. In the four previous meetings, the Aggies have overcome the Lumberjacks' 27-26, 24-7, 20-13, and 14-0 this year which Aggies' Undefeated "SUNDAYS" and a complete dismantling of the Lumberjacks. By returning the favor last year, the Aggies have been incensed by the Lumberjacks. However, with veteran personnel and returning a squad of nine seniors, the Aggies' the inside linebacker Marlin Davi's (6'0"), a second stringer all league in 1963, also fills in at full back and is one of the most valuable Mustangs. The Aggies have a lot to prove in the season with an 8-6 over Nevada as the mud他们的 MVP. The team started the season with a 6-0, 14-0 and 2-0 record and are led by senior quarterback Terry Peterson, 165, and junior running back Dave Wenshaw, 6'2", 225. At the guard spot, monogram winners Bob Edwards (6'2", 250) and Gordon Huntley (6'1", 195) have returned to make this a strong point. Ends Jim Clay (6'1", 190) and Ray DiGilio (6'2", 195) are another pair of experienced tacklers.

Davies A Standout
Coach Lotter's defensive unit, coming off a fine effort against Nevada, is led by inside linebacker Marlin Davi's, a second stringer all league in 1963, also fills in at full back and is one of the most valuable Mustangs. **New Recipes For Cafeteria**

Five hundred new recipes have been added to the collection to tempt the appetites of students at the Humboldt State College cafeteria.

This is a result of the record number of students that are being served hot and cold food, daily, for this fall semester.

The recipes have been collected from the Culinary Institute of America in conjunction with Yale University.

“I have collected the recipes and many articles personally and take a great interest in it,” said Bob Olits, manager of the cafeteria.

Appreciation is expressed by Mr. Lumber Jack to the N.A.A.C.P. of the Humboldt County, for their cooperation so far. “Students have complained very few changes in their cafeteria can be made,” said Olits.

Along with the number of new students using the cafeteria’s facilities, five permanent personnel and twelve students have been hired for the staff.

**Brothers Hold Top Offices**

Two brothers, Preston and Russell Porter, graduate students in Fisheries, were elected to the top positions of President and Secretary for the California Science Organization. The election was held at the Aberdeen office of the Department of Agriculture.

The Porter brothers, who are members of the University of California at Berkeley, have been elected secretary of the group. The Porter brothers, who are members of the University of California at Berkeley, have been elected secretary of the group.

Other officers elected to serve during the current term are Tim Snyder, vice-president, Mrs. Cay Rockett, secretary, and Carl Bener, ICS representative. Phillip Lasker, assistant professor of forestry, is the faculty advisor.

**Stitt to Speak On Peace Corps**

Peace Corps requirements and placement procedures will be outlined at an assembly to be held Nov. 9, at 11:00 a.m. in Sequoia Theater, according to a recent announcement by Mr. James Holle, HSC Peace Corps Liaison Officer. Scheduled speaker for the week in Peace Corps Colleges Relations Officer Mr. Sitt, who will be available during the day in Room 212 of the Administration Building for conferences with individuals interested in entering the Corps.

Among former HSC students serving in the Corps is Walter Miles, 1962 graduate in Forestry, who left this month for Turkey where he works with the Corps in the fields of reforestation and wildlife.

“Peace Corps enlistment is not only worthwhile in itself,” said Holle in making the announcement. “But it will add the power of young man to a permanent career when his tour of service is completed.”
