## PINAFORE OPENS OPERA SEASON

Gilbert and Sullivan Opera  
Opens April 16 in  
College Auditorium

Arcata, April 16.—According to a recent announcement by Francis McKay of the music department, we of Humboldt State Teachers College are to witness a typical Gilbert and Sullivan opera, namely the H M S Pinafore, which is to be a display of student talent from the college orchestra, music appreciation classes, and choral classes. The first performance is to be given in the college auditorium on the 15th of May, with tickets selling at 50 cents apiece.

The plot of the opera is primarily a burlesque of the English navy, and revolves the story of a lass who loved a sailor. Mr. McKay is the director over the entire affair. Miss McLane will coach the dramatic action; and Miss Johnson is to have charge of the costuming. A pre-sale of tickets will be held, starting May 1st.

The principals of the cast, as now arranged, are as follows:

The Rt. Hon. Sir Jas. Porter.....	Dale Merriam
Captain Cocoran.....	George Gregory
Ralph Rackstraw.....	George Crichton
Dick Deadeye.....	MacDougal Armstrong
Bill Bobstay.....	Orman Oak
Bob Becket.....	Herbert Inskip
Tom Tucker.....	Marian McFarland
Sergeant of Marines.....	Evan Akins
Josephine.....	Lois Hepler
Hebe.....	Katherine Duffy
Little Buttercup.....	Clara Taubman

The remainder of the cast of twenty-one members will take singing parts only.

o o o

## JUNIOR PROM SET FOR FRIDAY

Dance Event Postponed to  
Friday, April 24

The first Junior Prom which was scheduled originally for last Friday night has been temporarily postponed to the following Friday evening, April 24. The dance was postponed for obvious reasons, namely, the ball game with Ashland and the other numerous dances in the section.

According to Committee Chairman Lloyd Dolf, the affair is to be one of the most popular events of the season, it being the first Junior Prom offered in this institution. The newly organized Junior class plans to make the Prom a regular annual event just preceding the big Senior Formal.

The Prom however will be quite an informal affair in every way. The Junior class wants the members of the college to come and enjoy themselves to the utmost. They also extend hearty welcome to all alumni and urge them to be present at this affair.—Quote—"Come and get acquainted, the Juniors aren't so bad." The Juniors "so mighty" guarantee a thrill in every dance even if you do have to drag a Frosh—come anyway—So here's to the Seniors so mighty, Juniors so mighty, Freshies and Sophomores—all come, come, and come!

And remember you'll hear and see the Honorable George Gregory and his shoe strings and box at the hop. Yes George and the Red Birds will furnish the tantalizing melodies.

## PROFESSOR SHOLTY TO TEACH IN HAWAII

Miss Sholty is sailing June 6, for Hawaii where she will teach for the summer in the Territorial Normal and Training School at Honolulu. She will teach readings in elementary school and an activity program, from June 15th to July 24th, but plans to return here for the fall semester.

o o o

## MARTHA CLARK ENTERTAINS AT ASSEMBLY

Gives Interesting Original  
Characterizations in  
Monologue

Four Original characterizations were presented to an assembly held Monday morning by Martha Clark, author-dramatist. Clarence Milotte of the college speech department introduced her.

The following numbers were given by Mrs. Clark: "Every Wise Woman Building Her House," "Mrs. Cohen at the Opera," "Operations and Everything," and "An Old Lady." The first number dealt with the actions of a married couple who were supervising the building of their first house. The second number, "Mrs. Cohen at the Opera" was the portrayal of an elderly Jewish couple at the Opera. Many amusing situations are brought about when Mrs. Cohen discovers that one of her friends has a box while she is seated in a cheaper seat. "Operations and everything" was the characterization of a small red-headed boy who has recently recovered from an operation for appendicitis. The concluding number, "An Old Lady" was of an old lady, who is something of a gossip.

The assembly was concluded by community singing of Humboldt States "Alma Mater."

o o o

## ARCHERY TOURNAMENT TO OPEN

An archery tournament under the direction of "Jack" Frost will get under way here at the college next week when three teams will compete for a prize unknown. Fred Telonicher is getting a team from the archery class. Thursday afternoon has been set as a probably date.

o o o

"Say you saw it in the Lumberjack."

## RALPH RACKSTRAW

THE H. M. S. PINAFORE STARS  
GEORGE CRICHTON AS  
RALPH RACKSTRAW

## DR. SWETMAN GUEST AT ASSEMBLY

Dr. Swetman, who is president of Tempe Teachers College in Arizona and former president of Humboldt State, was present at an assembly held Friday, April 3rd. Dr. Swetman in a short address compared the building of a college to the building of a skyscraper. He said that he felt as if he had built the first story and that Dr. Gist was building the second story. He complimented the students on their friendliness and made the statement that he believed that making of friends was as important as classes since a person would be unable to succeed in his life work no matter what it might be.

Dr. Swetman who had just returned from a conference of Teacher's college presidents held in Chicago and was making a tour of the coast on his return to Tempe stopped over to renew acquaintances in Arcata.

o o o

## PATRONIZE OUR ADVERTISERS

Remember that without the kind aid of the business men of this section, the Lumberjack could not be a printed one. It is only just that we show our appreciation for their support, and they also would like to know if their ads with us really pay. So let's tell them about it—Just say you saw it in the Lumberjack.

## CIVIC CLUB POOL WELL UNDERWAY

The Civic Club is still working to raise money for the pool in the inner court. So far they have raised nearly half the amount needed from two food sales, one candy sale and class dues. Another food sale will be held on May 2nd at Todd's store, in Arcata. This is going to need student body support also. In the near future, a tag day will be held. Another candy sale is contemplated. With the return from these activities the Civic Club expect completion of the pool.

## ALPHA PSI OMEGA FOR DRAMATISTS

Honor to Dramatic Organizations Anticipated

The pleasure of the acceptance of Humboldt dramatic organizations into the national Alpha Psi Omega Fraternity is anticipated by Miss Lucy McLane, director of Speech Arts, due to her former affiliations with larger colleges. Miss McLane is now in correspondence with the Grand Cast and hopes soon to be able to give a report of an amiable decision.

## Grumpy Well Under Way

Due to the appreciation of "Dolly," Miss McLane reports that the neighboring communities desire to accept the responsibility of advertising Grumpy. The cast is working hard to put over the biggest hit of the season and the outlook is favorable. Miss McLane is delighted with the enthusiasm and earnestness of the cast and predicts a splendid production.

## Three One Act Plays To Be Presented Soon

The advanced class in Dramatic Arts, and the Dramatic Workshop have enlisted their combined efforts to produce three excellent one act plays. The plays chosen are widely recognized as being among the better one act plays, and some good work is expected of the casts. These plays afford the cast an opportunity for character work. Watch this paper and the bulletin board for dates and further information.

o o o

## Ely Elected Sergeant-at-Arms

Paul Ely was elected sergeant-at-arms at the regular executive committee meeting held last Tuesday. His immediate duties will be to take charge of the door at all college dances.

It was also announced that the volley ball net will be repaired immediately.

The baseball team was granted a sum of money not to exceed \$25.00 to help defray expenses for the teams trip to Ashland.

## HIGH SCHOOL FESTIVAL FOR MAY 7

Annual High School Music  
Festival is Scheduled  
For May 7 and 8

The annual music festival of Humboldt State Teachers College for high schools will be held on Thursday evening, May 7 and Friday, May 8 at the College. Most of the high schools of Humboldt and Del Norte Counties have already accepted the invitation to attend.

The music festival is under the direction of Mrs. Ostrander and the music department, and a full program has been prepared.

On Thursday evening at 8 o'clock the band and orchestra program of all the schools will be held at the Eureka Junior High School auditorium.

A program of instrumental and vocal solos will be held Friday morning at the college. In the afternoon there will be a program of choral ensembles, choruses, glee clubs, and quartets.

Supper will be served cafeteria style at 5:00 p. m., and at 5:45 a hijinks and dance will be given for the entertainment of all the guests.

## SUNSET HALL PLAN SECOND CARD PARTY

At the regular meeting of the Sunset Hall girls on Tuesday evening, April 14, reports of the arrangements for the public card party were given by the committee chairmen. The party will be held on Thursday, April 23 at 8 p. m. in the College Commons. Prizes will soon be put on display at the Delta, and there will be, in addition, a valuable door prize and a chair prize. Refreshments of sandwiches, cake, and coffee will be served. All those who attended our last card party will surely want to come again; and for those who missed it, here is a chance to see how enjoyable a public card party really can be.

The committees are as follows: General Chairman, Zelma Tomlinson, assisted by Helen Foster; Publicity, Marion Diedrichsen, chairman, Dick Derby, Natalie Thornton, Elna Gries, Mary Tosti; Refreshments, Marjorie Kausen, chairman, Rigmor Vinum, Bonita Hughes, Anita Calanchine; Prizes, Geraldine Wilson, Carmenita Alward, Maxine Belloni, Esther Genzoli; Cards and Card Tables, Letha Robinson, Elma Biasca, Harriet Finne, Alyce Finne, Oliva Torgersen, Gertrude Hunter, Wilhemina Etter, Louise Johnston.

A new name was added to the roll of Sunset Hall, that of Agnes Combs, whom the girls are glad to welcome to the Hall.

The new Majestic Radio is proving itself very satisfactory and we are enjoying it thoroughly. Plans are now being made to redecorate the social unit.

## PROFESSOR HOWE GIVES LECTURES

Professor Howe recently made another of his series of lectures of the state, visiting Napa, Clear Lake, Ukiah and Willits. Dr. Morrow of the Y. M. C. A. accompanied Mr. Howe on his recent trip which was one for the purpose of letting the State know that there is such a place as Humboldt State. Mr. Howe offered his lecture on Yosemite during which time pamphlets and reading material on the activities of the college were handed to the prospective students of Humboldt State.

Humboldt offers many recreational opportunities not possible in any other summer school in the United States. Our college is located in the famous Redwood area, on the ocean and near beautiful mountains. Wonderful rivers and the famous lagoons furnish fishing and swimming. During the summer session, afternoon and week-end trips to these scenic points are scheduled under the leadership of Miss Laura Herron.

## "THAT MASCOT"

It was not long ago that an announcement was made to the effect that Humboldt State Teachers College was to have a mascot contest. A contest was held, alright, but the results were not quite as satisfactory as might be expected, none of the names submitted having a majority of the votes cast. Another election was planned but before it could be held the Student Council announced that they had selected "Highlanders" as our mascot. Now, we ask you, is "Highlanders" a mascot? Could we put a "Highlander" on a chain and lead him around at games and rallies? No. It couldn't be done and it is time for the students to take up the matter and select a MASCOT.

## "THE BIG H"

Everyone knows that, as this paper goes to press our baseball team is in Ashland, Oregon, playing a pair of diamond tilts with Southern Oregon Normal School outfit. From anywhere in the city of Ashland our boys may look out across the houses and buildings on the side of a hill several miles away and see a large O, announcing to the world at large that Southern OREGON Normal School is situated at the foot of the hill. The O is large enough to be plainly seen at a great distance and is either painted or plowed on the hill side. Other colleges have similar emblems on the hills about and why could not Humboldt State Teachers College have a large H placed in some conspicuous spot around here. Our buildings on the top of the hill are easily visible from Eureka on a clear day but no one knows just what is here. A large H somewhere around would make it much plainer that there was a college, a college proud of itself, situated on the hill overlooking the rest of the country below.

## HUMBOLDT KARNIVAL

Now that Humboldt has had its "Fool's Day" with paramount success, it seems only proper that the college venture another day of glorious entertainment. We propose none other than a carnival day. Carnival Day should be one of wholly club and class participation in which school organizations should have a chance to do something in which school organizations should have a chance to do something to make them known to the world. Clubs and classes, student teachers and professors should compete on this day of circus merit. Compete for the best side-show performance of the day. Tables of foods and good things to eat should cram the halls while the rooms should be filled with mirth and entertainment featuring a wide variety of side show stuff presented by the college clubs. A din of tin horns and the Spieler's Megaphone should add to the color of the day.

## ANOTHER COUNTRY HEARD FROM

In reading over the Road Runner, Santa Barbara State's paper, we find that another former Humboldt Stater is making good. Lewis Fleckenstein won Santa Barbara's only first place in a recent duel meet with Fresno State. Lew's event is the pole vault.

Saint Mary's was host to the Deans of men of the California universities and colleges at a three day educational meet held last week.

A very good editorial was in the last Collegian from Saint Mary's. The object of discussion was the cords worn by college student's. They point out that the wearing of dirty (but not too dirty) cords preserve some of the masculinity which is being lost by so many men of the present day.

KARNIVALKOINSKOOLKASH. No students it isn't more typographical errors. It is merely the headline of the "Poison Oak," goofy edition of the Oak Leaf, Santa Rosa J. C.'s paper. This was a very interesting paper through-out on account of the way the material was handled.

It was also hard to find news in the Santa Barbara State's paper this time, as it also put out it's "goofy" edition. Their regular paper, The Roadrunner, gave way to the name of "Roadhog" when the staff members hurt their "funny-bone." This paper was just as humorous as the "Poison Oak," which is saying a lot.

## FORUM

Mr. Editor:

It is indeed an unusual occurrence when I take my pen in hand to expostulate against any action of a fellow student, but my gentle and humane feelings have been thoroughly upset by the barbarous and daftly outrageous committed on the persons of certain meek, lowly, and unassuming members of that upright and indispensable class of society called Freshmen. Why, my dear Editor, the outrages I speak of were horrible acts of unspeakable cruelty and I was going to say carnage, however, I, personally, did not see any blood and gore; so, though I am sure there was abundance of both, I will not use that word. And there was much weeping and wailing and nashing of teeth for the flower of the land had been humiliated. I will not go into detail, Mr. Editor, I will merely mention one or two of the more "humish" incidents.

(This bit of history brings tears to my eyes just to relate it) Twelve huge brutes stealthily entered a serene and peaceful class in H. S. T. C. and creeping up on two innocent and unsuspecting freshmen, abducted them. Oh, the horror of it all! After being removed from class, these two honest youths were pinioned to the ground by force, each held down by four hairy monsters; and then, while the poor marters lay helpless in this body-racking condition, the remaining two orges leaped up and down in the most fiendish glee on the bravely struggling freshmen's torsos. Of course, the wretched law-breakers were brought before the Board of Control and modern justice administered. But, Mr. Editor, every ounce of justice in my entire being revolts against the deceptions, humiliation, and frenzied cruelties to which freshmen are still subjected.

Yours for reformation,  
R. D.

## Blue Lake Plans Much Recreation

### Golf Course, Dance Floor and Pool in Building Program

How many people in this college regard the peaceful town of Blue Lake a few miles east of here as just a quaint old fashioned village where nothing ever happens and the inhabitants are all dead from the neck up? We'll wager that a good many believe so. However, it has been brought to our attention that the Firemen's Association of that "one-horse village" have purchased a large tract of land and have several improvements planned for the spring and summer.

This tract is located south of town and the ball diamond is situated on it. Many people know where this is since Blue Lake's powerful ball club last year won the championship of the county, defeating every team of importance around here.

The Firemen's association plan to build a dance pavilion capable of accommodating at least a thousand couples at once, with a dining room and kitchen nearby. A six-hole golf course is being constructed and a large swimming pool on the river side of the property will be built before long. The entire piece of land will be fixed up for picnic purposes and will soon surpass the famous Camp Bauer, now closed.

The president of the Firemen's Association of Blue Lake is none other than our own football star, Ellis "Duke" MacMillan. Two other college student's Harold "Sue" Brundin and Buster DeMotte are members of the association.

The Lumberjack heartily endorses these projects being attempted by the

## IN THE PARK

Gee, its hard to get a parkin' place in Eureka! Clarence Millotte has to park way down on Two Street. Good ole Carrie!

We surely like to encourage Freshmen romances. Keep up the good work, Marion and Lee.

## Warning:

We wish the H. S. T. C. boys could have seen our popular Freshmen girls at E. H. S. Boy! can they take 'em!

## Dear Cedric:

I'm sorry you can't kiss me tonight, but my mouth is all covered with fever-blisters

## Love:

We see our old friend, Gert McKeown is out for a baseball man. How's "Uncle Jim?"

Al Renfro and Archie Forson are certainly making headway, even if it did start on a tennis court.

We wonder why Melpha sort of hangs around Hinks Shoe Department. It might be on account of that curly headed boy called Bill. Huh, Melpha, Huh?

You can't go wrong in an Austin—there isn't room. (Experience and knowledge offered by Hon. Rev. H. B. P. D. "Mistuki" Lester "Claudius" Dedine, M. D.)

Ugo—"The population of that one horse town Clam Beach (or was it Dows Prairie?) hasn't gotten ahead for the last fifty years."

Spiering—"How come?"

Ugo—"Everytime someone is born, someone else leaves town."

Spiering—"I guess I'd better stick around awhile."

Firemen and feel certain that the so-called "dead city" of Blue Lake will be revived in the eyes of every "outdoor minded" person in the county.

## H. S. T. C. NINE Takes Fast 8-3 Game

Brantley Homes to take early  
Lead Over Locals

Staging a first inning rally which scored four runs and tallying four runs during the rest of the game the H. S. T. C. baseball team won from the Arcata high nine by a score of 8 to 3 in a 5 inning game played Tuesday night on the high school diamond. Both teams showed a marked improvement in their showing over a preceding game.

Bob Murphy and Jimmy Hemphill the first two men up for the college drew walks, and then "Buster" Brantley stepped to the plate and socked the first ball over the trees in right field for a home run. Giuntini came up next and took first on Dubrovich's error, and stole second. Quintrell was safe at first on an error and Jack Simpson drew a walk to fill the bases. Giuntini scored on Wayne Simpson's sacrifice and Brundin was thrown out at first to end the inning.

Brundin pitched the first three innings for the college shutting out the high school. Quintrell took the mound in the fourth inning and after allowing four hits, which scored three runs, settled down and pitched hitless ball for the rest of the game.

Brantley was the hitting star of the game getting a home run and a single in two trips to the plate. Cruz of the high school gathered two hits in as many times at bat. "Nip" Clark umpired the game and Buster DeMotte kept score.

This is the interesting

### PSEUDO-MERMAN WINS DOUBTFUL FAME AT MEET

This is the interesting predicament a former quarterback of ours—a couple of years ago. As received from an ex-Humboldt man of Stanford University.

Some unknown here is probably cursing himself today and hoping that the next time an interclass swimming meet is held in Encina pool, he will be notified ahead of time.

The aforesaid hero, unaware of the fact that the University's mermen were vying for class honors before an audience that contained more than a fair share of the Five Hundred, ambled nonchalantly out from the gym to the pool, clad only in nature's raiment. He had proceeded some five steps, witnesses report, before the dawn came, and with it an about face. The feminine screams almost spoiled Pete Desjardens' exhibition dive.

o o o

### SOPHOMORES LEAD IN S. B. MEMBERSHIPS

At a meeting of the Sophomore orientation class Friday, April 10th, a committee reported on the number of student body members by classes and the percentage of Student Body Cards held by each class. It is as follows:

Members	Percentage
Frosh ..... 102	75 1/2 %
Soph ..... 60	80 %
Juniors ..... 55	71 %
Seniors ..... 24	45 %

#### EDWARD C. GRAVES IN BAY REGION

Edward C. Graves, Humboldt State Teachers' College librarian is now in the bay region on business pertaining to library work. Mr. Graves had just attended a convention of the Library Association at the Hotel Del Monte, Monterey, April 13-15.

On Thursday, April 16, Mr. Graves offered a lecture at the Sequoia Club on libraries and their problems. The president of the organization is Harr Wagner, San Francisco publisher, who recently spoke at the Humboldt State Teachers' College. Among other business matters Graves will confer with representatives of various national parks concerning national park libraries, the committee on which Graves is chairman. The conference is to be held in Ansel hall, San Francisco.

Mr. Alan MacDonald has been substituting for Mr. Graves during his absence.

Along with the Opera and Music Festival of this season, the A Cappella Choir of the College of Pacific is paying its annual visit to Eureka and the college in Arcata. The choir will be remembered as "the finest choir on the coast" and was greatly enjoyed by the students of this college during the last season. The A Cappellans again offered their selected program again at the Junior High School auditorium in Eureka, Calif., Thursday April 16 at 8 p. m. A varied program of beautiful selections was offered.

The chair was entertained in the college Commons of the Humboldt State Teachers' College by a banquet in their honor on April 16.

### W. A. A. OPENS 1931 Baseball Season

#### Many Vets Return to Coach Herron's Call for Material

Wednesday the girls' athletic class started the baseball season. Many veterans from last year's varsity team are back again. Winter, catcher; Renfro, pitcher and first base; Huber, pitcher and infielder; Delaney, 2nd base; Feilding, outfielder and several others are among the veterans. New faces include Henders, infielder; Carroll, 1st base; Cochran, 1st base; Ivancich, catcher; Carson, outfielder; and a few others. The girls will prepare for the annual frolic with the faculty and with the local service clubs.

The service clubs as you remember, rather cleaned up on the Collegians during last year's season, and according to all indications the Kollege Ko-Eds are out to take a little of that rub off this year. With that famous battery combination of Renfro or Huber on the mound and the "Great Winters" behind the plate, the college is bound to come out with a successful season with several easy victories under their belts.

The W. A. A. Collegians will also probably try to arrange several ball games with the training school nines, which should prove to be quite close contests. With the loss of the training school pitching wizard Gene Oak, the H. S. T. C. Midgets will be greatly handicapped for an able chucker. The Midgets will be well remembered by the girls for defeating them in two or three straight games last season. "Better luck this time W. A. A."

o o o

CRESCENT CITY, April 16—Bruce Burtshell was chairman of the meeting of the Key Club held yesterday noon at the high school.

Robert Jackson gave an interesting talk on the "Dairying Industry." He told about the different kinds of milking machines and just what they meant to the dairy industry. He mentioned a very large milking machine that was on a dairy ranch in Iowa where he visited last summer. This machine milked 250 cows an hour.

Those visiting from the Kiwanis Club were John L. Childs, Howard Griffin, Paul Brunk, Leo Ward and Ed. Fraser.

### SUMMER SESSION INTERESTS MANY

According to the latest reports "fresh" from the Registrar's office, Humboldt's Summer School is a most popular one. Diversified inquiries have come into the Registrar's concerning the next summer session from nearly every corner of the United States. Several inquiries have poured into the office from California, Oregon, Arkansas, Washington, Georgia, Colorado, Idaho, Montana, T. H. Hawaii, Michigan and Nebraska. Besides this nationwide correspondence, with our College, we find inquiries coming in from remote corners of California and Oregon such as:

Salinas, Klamath, Visalia, Long Beach, Fresno, San Jose, Fellows, Kingsbury, Marysville, Oakland, San Francisco, Alturas, Santa Isabel, Wolf Point, Montana; Pueblo, Colorado; Hawaii, Roseville, San Dimas, Blocksburg, Crockett, Pasadena, Cottage Grove, Oregon, Coeur d'Alene, Idaho; Berkeley, Green View, Los Angeles, Grizzly Bluff, Bakersfield, Selma, Martinez, Buena Park, Selma, Oregon; La Grande, Piedmont, Ellensburg, Washington; Sacramento, Astoria, Oregon; Corvallis, Oregon; West Riverside, Martinsdale, Montana; Calpine, Conway, Arkansas, Obrien, Oregon; Petaluma, White Swan, Washington, Hazelhurst, Georgia; Marshville, Oregon; Pixley, Redlands, Stockton, Redding, Orland, Ironwood, Michigan and Hersley, Nebraska.

Everyone has a good time at summer session—and of course they work too—"Tell your friends about it."

## COLLEGE NINE Downed in Samoa Tilt

Kavackovich stars on the Mound  
for Samoa to take the tilt 4-1

Minus the services of Brantley and Brundin, the Highlander ball tossers journeyed to Samoa last Wednesday afternoon and tasted its first defeat in five starts at the hands of the Sawmillers. The score of 4-1 does not tell the story of the game, as only one of the winners runs was earned. Humboldt scored in the initial canto when Murphy led off with a double. Hemphill and Penn were put out but Giuntini was given a free pass to first base and then Merriam came through with a bingle to tally our lead-off man. That ended the scoring for Humboldt, while Samoa aided by several questionable decisions from the umpire, and by a costly error by one of our outfielders, tallied enough runs to win the contest.

Charlie Kavackovich hurled fine ball for the college in the absence of our two chuckers and let his own team mates down with but few scattered hits.

### Bird Study Presented to Grade Schools

Mr. Poultny, accompanied by Dorothy Johnson and Ben Leese went to Freshwater where Grace Long is teaching and to the Garfield school in Eureka where Leno Moll is teaching. They gave a presentation on the water birds in Humboldt. They also studied birds in Dr. Marshall's office at Eureka.

## DO YOU KNOW THAT?

By "Pal" and "Doggie"

That the hottest place on earth is the town of Azizia, in Tripoli? In the summer of 1924 a temperature of 136.4 degrees Fahrenheit was registered.

That in the library at the British Museum there are over thirty two miles of shelves filled with books?

What the highest registered temperature in Death Valley is? 134.1 degrees Fahrenheit was recorded at the Greenland Ranch, July 10, 1913.

That in 1865 it took from \$800 to \$1000 in Confederate money to buy a one-dollar greenback?

How much H. S. T. C. (including buildings and grounds) is valued at? The buildings, including grounds and equipment is valued at \$600,000. Not including new proposed training school building which is valued at \$170,000.

That some prickly pears have as many as 50,000 spines? Imagine the sensation you would get from sitting on this plant.

That 7 1/4 inches of rain fell in eight minutes on July 7, 1889, at Curtea de Weges, in Roumania? The records were compiled by Prof. Alexander McAdie.

That insects cause a damage of \$1, 100,000,000 in the United States yearly?

## WHAT IF!

(From What the Colleges Are Doing)

It isn't often that a college professor will fall down one of his students, but when it does happen the student grumbles to himself just as though the professor were at fault.

On the other hand, football coaches spend much time in finding fault with their proteges in a verbal manner all their own. What if coaches were professors? Perhaps if they were, the classroom dialogue would sound thus:

"What's the matter with you bunch of hoboes? I want you to put some pep in to the recitation this morning. You're not at any pink tea. All you've done this year is to stall around, and I'm one guy that won't stand for it, see? Yeah, I mean you Billings, and you too, Hart.

There's one thing that I don't like about you, Hart, and that is you're too d—cocky. Can you recite the lines of Shakespeare that I assigned for today? You can't do it? That's about the class of work that you've been doing all year.

"Hay, you dizzy blonde in the front row, can you come out of the coma and give it? All right, that's not bad. You're showing better form, blonde.

"Wake up, Smith, and tell me where Shakespeare was born. What? Why, you half-wit, you dumb cluck, gowan to the showers. I mean it, don't stand there with that far-away look in your eyes, git.

"I don't know what you'll do when you meet the semester exams. I can't drill any knowledge through your phony domes. I give up. Get out of here now and don't show up again until you study your lessons.

The Daily Iowan.

## PIN DESIGN DECIDED ON

In a regular meeting of the student body on Friday, April 17, President Gist turned the meeting over to the student body for the discussion of student affairs. assembly opened with community singing and ended in a near fight. Mr. Waldner opened the four-round go between the

That some orchid seed pods contain over 500,000 seeds? The seeds are dust-like and take much care during germination.

That an inquiry by experts of the Mayo Foundation indicates that rheumatic persons can "sense" the approach of rain?

That cactus candy made from the hearts of barrel cacti would have the same characteristics if made from squash.

That the "Order of the Garter" is the highest order of English knighthood? It was instituted by Edward III, April 23, 1349. A garter is the official badge and is worn below the knee on the left leg.

That orchids grown from seeds seldom flower in less than five years after planting? Very often up to ten years are required. Is it any wonder that the cost per orchid is high since they cannot be imported.

What the "Cardon forests" are? They are extensive groups of tree like cruscacti, found in the drainage basin of the Gulf of California.

The difference between a boat and a ship? Webster tells us that a boat is "a small open vessel usually moved by oars but sometimes by a sail" while a ship is "any large vessel, especially one with three masts and square rigging."

College Conservatives and the Campus Liberals. The round opened with Crichton's report on the new college ring design. After explaining the design, Crichton was showered with objections from the conservatives who put up a great fight for the mere omission of a T, while the Liberals backed by George Gregory and Crichton, finally succeeding to sway and railroad the crowd into the usual "aye."

The prices of rings, as reported by J. Mariner, are \$6.50 and \$7.50 for women's and men's rings respectively, while the pins and U guards empty the wallet to the tune of \$4.50. The policy of Josten and Company was finally adopted and the meeting cooled down considerably. No one was hurt in the rush for the door.

A committee of two was appointed to look into the "wearing of the green" in the form of arm stripes, for college athletes.

## FOUR-HUNDRED DOLLAR PRIZE OFFERED

The School of Speech and Theatre Arts of Northwestern University offers full tuition (\$400.00) for a year of study in play writing and allied subjects to the author of the best play submitted under the following contest rules of contest:

1. Contestant must be a student (graduate or undergraduate) in a college or university.

2. He must submit a one-act play (a three-act play will be accepted) on or before August 1, 1931, mailing the manuscript to The Play Contest Committee, School of Speech, Evanston, Illinois.

For further information address Dean Ralph Dennis, School of Speech and Theatre Art, Evanston, Illinois.

ooo

Overheard when MacDougal Armstrong got up to sing at the banquet in honor of the Capella choir. "Hasn't he the innocent look?"

Frosh, "What do you mean by beastly weather?"

Senior, "When it rains cats and dogs."

"You look hollow chested and thin," said the air pump to the inner tube, "what seems to be the matter?"

"Income taxes," wearily responded the inner tube.

## Rough Work On Decline at Stanford

Improvement in Scholarship and Conduct Noted by Dean Culver

(Special to The Chronicle)

STANFORD UNIVERSITY, March 28—Stanford "roughs" ain't what they used to be. Not only are they getting more "respectable," but they are even beginning to look with favor on Phi Beta Kappa, national scholastic honor fraternity.

These, in effect, are the conclusions of George B. Culver, dean of men at "The Farm."

## Conduct Much Better

Dean Culver states in his annual report just issued that "student conduct has been unusually satisfactory throughout the year," there being only fifteen cases involving nineteen men handled by the men's council, as compared with thirty-one cases involving fifty-one men for preceding year. The number of men dismissed for reasons other than scholastic was seven last year, against thirteen the year before.

The fraternity situation is also improved, Dean Culver reports, the membership now being "decidedly more democratic" than heretofore.

## Interest in Scholarship

In calling attention to the "greatly changed attitude among men students in general, regarding scholarship honors," Dean Culver says the traditional "aversion" toward "Phi Beta" is giving away to an interest in scholarship that is "sound and full of encouragement for the future of our graduates." This change he attributes to scholastic honors won by men prominent in campus activities, especially varsity athletics.

## MURPHY TAKES VOLLY LEAGUE PENNANT

The volley ball series was closed Thursday noon. It looks like Murphy's aggregation has first place cinched, with Guintini running him a close second. The winning combination ran up the highest score in the league, that of 40 points. Guintini with a 39 came next. With Murphy having but 174 total points scored, Guintini holds that title with a total of 190. The members of the winning combination are Murphy, (Captain) Waldner, Carroll, Bronson, Armstrong, and Cochrane. The runners-up are Guintini (captain), Renfro, Forson, Brogan, Fielding and Munther. Other players in the league were: Akins, Todd, Brundin, Nellist, Cottrell, Carson, Monroe, Jasper, Sullivan, Moore, Delaney, Kausen, Pate-naude, Hazelwood, MacMillan, Endert, Christensen, Russell, Woodcock, Samons, Gutheridge, Cooperrider, Ivancich, Small, Dolph, Gregerson, Simpson, Keltner, Winter, Henders, Vance, Merriam.
