Stayin' Safe

By Jaren Powell

If they're outside your circle, stay six feet apart.
If they're outside your circle, six feet is very smart.

Stay inside, unless to get food
Spreading germs is very rude!

If they're outside your circle, stay six feet apart.
If they're outside your circle, six feet is very smart.

Stay inside unless to pick up meds.
Getting well quickly, and resting in our beds.

If they're outside your circle, stay six feet apart.
If they're outside your circle, six feet is very smart.

Stay inside, unless for exercise and fresh air.
Explore our rivers and our forests, they don't compare.

If they're outside your circle, stay six feet apart.
If they're outside your circle, six feet is very smart.
