Number 18

Local Gridders to Meet S. O. N.

With several players on the injured list, Humboldt's football team will journey to Ashland Thursday to resume their feud with the Southern Oregon Normal.

Last year the game was played at the Albee Stadium, and the local team took a 19 to 6 beating. However, with more men out, the boys are practicing hard and hope to take their northern opponents into camp.

The backfield has been hard hit this week with Don Gould out with a sore back and Guthridge and Guintini unable to play because of injured legs. Guthridge will be out for the rest of the season, but Gould and Guintini will probably be in shape to play against Ashland.

Coach Telonicher will probably start the following men on the line: Captain Leo Sullivan and Nellist, ends; Derby and Johnston, tackles; Gregory and Penn, guards; and either Gregersen or Kaski at center. In reserve he will probably hold Nielsen, Hazelwood, Heeney, and Hanck.

In the backfield, Wayne Simpson will start at quarter, with Ralph Buxton as his understudy. Moore and Tatman will start at halves, with Gould at full. Murphy, Guintini and Henry will also see service during the game.

College Play at Blue Lake This Friday

"Grumpy", a mystery play in four acts, will be presented at Blue Lake this Friday night. Several other performances will be given various other Humboldt County audiences.

"Grumpy", a grand old character of the English and American stage, created by Cyril Maude, has left a stamp in the minds and hearts of New York theatre goers since it was produced in 1913.

The plot centers around the mysterious disappearance of the famed "Lawson Diamond" which has been stolen from "Grumpy's" home. This lovable old "grouch", who had been one of the greatest criminal lawyers of London, clears the mystery.

In "Grumpy" the college players will guaranty their audience an evening of genuine entertainment.

The cast for the play, which is being directed by Lucy Neely McLane, is as follows:

Grumpy	James Usher
Ernest Herron	Irving Jepsen
Ruddock	Clyde Patenaude
Mr. Jarvis	Chester Groom
Mr. Isaac Wolfe	Louis Tallman
Dr. MacLaren	Lester Dedini
Mrs. MacLaren	Ione Hamilton
Virginia	Dixie Lee Starkey
Susan	Harriet Finne
Keble	Dale Merriam
Dawson	Reuel Fick
Merridew	Clarence Milotte

MISS HERRON SENDS LETTER TO W. A. A. FROM TEMPE, ARIZONA

Sunday Morning

Dear Members of the W.A.A.:

Many thanks for your kind telegram, with its accompanying good wishes. It was good of you to think of a former member, and I assure that your kindness was appreciated. The telegraph messenger arrived just at breakfast time the first day of school with your message to cheer me on to a new job, which is full of interesting problems and a challenge to hard work.

We have a big, bustling college here with a proportionately large physical education department. I have about seventy major students, more than half of whom are men. I hope that it will be possible to organize a department club, in which we can have professional discussions as well as a good time. You would probably all be interested in our W.A.A., which was organized for the first time last year. Its constitution is very similar to that of the one we have at Humboldt, except that a girl must earn a certain number of points in order to become an active member. Every girl in college, by virtue of her registration, is an inactive member. We have asked the student body for over a thousand dollars to defray W.A.A. expenses this year, and I hope that we will be able to put a little bit of the 'old Humboldt pep into our girls' athletics down here. What I wouldn't give to have a few of you here to show them what a real girl athlete looks like. Unless my first impressions are wrong, there is a terrible dearth of athletic talent among the girls here.

Miss Marten's classes are proving to be about the most popular in college. Everyone seems crazy to learn how to tap. She has over 200 students registered, and I am afraid will soon have to hang out the "standing room only" sign. The other woman in our department is a Miss Becker, who has just finished her graduate work at Columbia. Before that she was an instructor at Purdue University. Her long suit is swimming, and believe me, these hot days I wouldn't object at all if I could spend all my time in her classes.

I am doing part of the tennis coaching myself, and having a hard time making anyone believe I know anything about the game. The high altitude and the hot air causes a ball to bounce so high that I haven't been able to even get my racket on one yet.

Of all the fine things at Humboldt that I shall miss, the W.A.A. will come first and foremost. I will miss all of you individually; and collectively I will miss your enthusiasm, originality, and spirit of helpfulness. I will even miss the rough and tumble initiations, and the chance to bake beans for forty-nine banquets.

Accept once more my thanks and appreciation for your telegram. I would love to hear from any of you at any time the spirit moves. With every good wish to the W.A.A. and to Miss Craig and Miss Wright, for a successful year in sports and physical education, I am

As ever your old side-kicker,
Laura

VETERAN HOCKEY TEAM TURNS OUT FOR SOPHOMORES

The sophomores have a veteran team back but are having trouble getting their forward offense to click. Probably Vance, McKeown, Finne, Robinson, Quarnheim, and Cochrane will take over the task with Hughes, and Biasca ready to assist them at any time. Carroll, Cannam and Carson, the Soph "C's", will be the danger zone of their team. Squeal Winter will defend the Soph goal with Janet Stewart, Elna Greer, and Melba Daugherty assisting her. The girls are working on a new type of fullback defense, and will bear watching.

About thirty frosh girls are out for the first year team, and competition is very keen. Only a few players stand out as probable starters.

Neilsen, Quigley, both Ivanciches, Hunter, and Rassmussen are players with lots of experience from Fortuna High. Di Henders is rapidly developing, as are fifteen or twenty others.

The Lumberjack wishes now to bet on the frosh to upset both the upperclassmen and the sophs! More power to Miss Craig's Babes!

J. Wendell Howe Tells of Trip to Hawaiian Islands

The weekly assembly was held Friday with Dr. Balbanis officiating. The assembly was opened with singing, led by Clara Taubman, our pretty little song leader. The students responded to her leadership with great gusto.

Dr. Balbanis then introduced the speaker of the day, Professor J. Wendell Howe, whose topic was "The Hawaiian Islands."

Professor Howe told the audience of his summer trip to the Hawaiian Islands. In this speech he stressed the simple life of the natives and their hospitality. According to Professor Howe, the Islands are of volcanic origin, hence only part of them are under cultivation. The natives are great fishermen and lovers of the sea which is very beautiful in this district. He witnessed a native dance in which the spirits were taken from their graves to slow music, then returned three days later to jazz. The Islands are very lonesome between boats which come weekly. For this reason the natives are very happy and sing "Aloha" when they arrive, but weep and sing "Aloha" again when they leave. Professor Howe tasted many native dishes when he was on the Islands, including Boiled Dog and Fermented Coconuts.

After Professor Howe's highly interesting talk a vote was held among the students as to whether the San Francisco State Teachers' College eleven would be brought here on the afternoon of the eleventh or not. It was decided by the students that they would be brought providing all the students would promise to buy a ticket and attempt to sell some.

The girls were then dismissed and the boys stayed and received a lecture on the care of the Students' Smoking Room which has been neglected in the past. This room has had some rough treat-

Tennis Players Start Tournament

Student tennis players will swing into action Wednesday, October 7, when play in the first round of men's championships in singles and mixed doubles begins. Of course, Harold Brogan is favored to capture the men's event rather handily, unless Ugo Guintini should spring an upset. The mixed double championship should fall between Brogan and Lucille Winter, and Amelia Vance and Guintini, with the former pair a slight favorite. Brogan recently returned from the Pacific Coast Championships where he was eliminated by Gregory Mangin, sixth ranking national player, 6-2, 6-2.

Twelve men have entered singles play, four of whom drew byes. First round pairings of the other eight and the men the winners meet in the second round are as follows:

Haven Howatt vs Aarne Sundbert

—Brogan to meet the winner

Frank Mendes vs Dwight May

—Guintini to meet the winner

Leo Sullivan vs Ed Johnson

—Ed Samons to meet the winner

Clyde Patenaude vs Orman Oak

—Buster DeMotte to meet the winner

Pairings in the mixed doubles have not been announced, but the eight teams entered are as follows: Ernest Turner and Louise Johnstone, Harold Brogan and Lucille Winter, Amelia Vance and Ugo Guintini, Clyde Patenaude and Audrae Warren, Ed Johnson and Lois Cottrell, Wilson Woodcock and Alice Renfroe, Buster DeMotte and Grace Cochrane, and Haven Howatt and Evelyn Swanson.

Rules for the play have been announced as follows by Miss Monica Wright, tennis instructor:

All results of matches must be posted by the winner within twelve hours after the completion of the match.

First round matches must be run off by Friday of this week, second round matches must be run off by Tuesday of next week, semi-final matches must be played by Friday of next week, and the finals must be played before Tuesday of week after next.

JUNIOR CLASS ORGANIZES

Last Friday noon the Junior Orientation class met for the purpose of electing officers. Jack Simpson was unanimously elected president. The other officers elected were:

Vice President ----- Alice Renfroe

Secretary and Treasurer -----

----- Hazel Christensen

Sergeant at Arms -- Clyde Patenaude

FICK RESIGNES FROM CRADLE ROLL

So Reuel and Margery Torp are trying to make a go of it! You must have gotten tired of Junior High School girls, Reuel. More power to you!

ment in the past by about six of the students, all of which are KNOWN TO THE WRITER! !

Wet Hands and No Towels

What are we entitled to in the way of paper towels? It seems that every day towels in the mens' rest room run short at about the end of the second period or the third at the latest. Now there are approximately 150 men entering the smoker every day and the towel box is replenished just once a day. There are in the neighborhood of 100 towels in a pack and it is necessary to use more than one towel to thoroughly dry our hands and face. Boiled down in cold words, it just means that if any man student expects to dry his hands after the third period he will be compelled to use something other than the specified towel, unless he wishes to keep his hands wet.

We do not think that the towels are at all wasted and we hope we will fare better in the future in the way of paper towels for the men of the college.

Intra Mural Tennis

Matches to Start Soon

Plans for a college tennis tournament are being made by Miss Monica Wright, tennis instructor at H. S. T. C. Twenty students have signed up to take part and play will start this week.

There will be three classes of play: Ladies singles, Mens singles, and mixed doubles. The following women have signed up for singles: Amy Vance, Lucille Winter, Al Renfro, Ruth Carroll, Sarah Hartley and Audrey Warren.

The men who have signed for singles are: Ugo Guintini, Wilson Woodcock, Harold Brogan, Buster DeMotte, Ed Johnson, Clyde Patenaude, Dick Derby, David Nielsen, Aarne Sundberg, Eddie Samons, John Davitt and Chet Groom.

The players have paired for mixed doubles as follows: Guintini and Vance, Woodcock and Renfro, Patenaude and Warren, Brogan and Winters, DeMotte and Cochran, and Johnson and Cottrell.

BOTANY "7" HAS QUEER EXPERIMENT

To an outsider, the Botany 7 laboratory looks as if the class had gone into the well known bootlegging business. But to one of the class it is just the results of much hard work. The rows of bottles and distilling apparatus means to them that an experiment in "The Nutrient Requirement of Plants" is at last set up. This is an experiment which is of

much value to the plant scientist as it will tell him just what a healthy plant requires for food. Plants are grown in different solutions, each being minus an essential element. The amount of growth is then calculated by weighing each plant after a period of the days.

DR. TULLY C. KNOWLES PRINCIPLE SPEAKER AT Y.M.C.A. BANQUET

Dr. Tully C. Knowles, president of the College of Pacific and a noted educator all over the United States, gave an interesting talk on "The Youth Movement of Europe" at a banquet in the Commons Tuesday evening. 125 people attended the banquet which was sponsored by the Y. M. C. A. Dr. Knowles also spoke before the College Hi-Y group Tuesday noon and told of the relative chances of American boys in foreign countries.

SEND-OFF PLANNED FOR FOOTBALL TEAM

A short rally to send off the football team for the game with Ashland, will be held Thursday morning on the front steps at the college according to an announcement by student body president, George Gregory.

Speeches will be given by various members of the football team and by Coach Telonicher, and the student body will give yells and songs.

Damsels' Derby a Huge Success

September 24th! M'm—what a night! I even wore one of those new-fangled good-for-nothings that shows a pug behind for good measure, shows two pink ears, and leaves a lot for the imagination.

Once again the W. A. A. strutted forward to start the new year off with a real peppy banquet and dance.

Sixty-three found all in the Social Unit with clever identification derbies and banquet tickets, making new friends, trying hard to kid the old ones, and making the faculty women and wives as perfectly foolish as we could.

Sixty-five:—What a break those cooks got! At seven fifteen not a speck of cream chicken was left. Darn good thing that the cooks and waitresses got to eat first.

Throughout the banquet, our clever Ione Russell had a program going that would even make Miss McLane sit up and remark remarks. Deever Stewart had to start things off with songs that "made my mother weep". Donnie Ivancich took to yells that kept Mr. Hollister at his window wondering where the cats were. Flip Theophilis flipped a couple of "solers" on the piano—too high classed for us commons, but they went over fine. L. Cottrell bored us with a history of W. A. A. until she looked at Mrs. Gist and saw a "Sap", so took the hint and sat down. The two crutches of the women's Physical Education department, namely, Craig and Wright, tried to make big, impressive talks, but amid yells and songs we impressed them that they had already unpressed us, so for the rest of our good time, we didn't recognize our dignitaries. (Oh, oh!) oh yes! Ukiah seems to have overdeveloped her gum trees this summer—why? Well the way Harry Finne demonstrated her favorite pastime was a disgrace to our college. Last, Christy gave a big speech that all the new members didn't hear or didn't want to hear, (too bad she couldn't have waited until the dessert was served) and the old ones took for granted.

The group stunts were terribly disgraceful. The volleyball group gave a funeral that was almost humorous—tennis group played a game of love—wonder how they knew the tricks so well—; the archer group had a wedding (can you imagine Melpha and Gook together?) Hockey group tried to show us a real game; the basketball group thought Al Barnes slipped a peg, but he's got real sense. He trains his animals. The baseball group showed us what they thought was a game—wasn't so bad until they started the song.

Say, that Anne Craig almost had to buy shoe leather for the gang after her famous grand march.

Did we dance—?! Even the lullaby had a tune. With "Goodnight Ladies" we finished a grand and glorious W. A. A. good time.

—A Nonny Mouse

NEW WATER BUCKET FOR STATE GRIDDERS

At last Humboldt State football teams will be able to drink from a bucket of their own when they call time out during a gridiron contest. After using borrowed buckets for some time, Glenn Waldner, Athletic Manager, purchased a shiny new water bucket for the football boys. The bucket is appropriately decorated in college colors and letters.

COLLEGE ARCHERS AWAIT CHALLENGE

Archers among both faculty and students have intimated their willingness to meet the golfers of H. S. T. C. in an Archery-Golf tournament for the championship of the College, but believe that the challenge to such a contest should come from the golfers as the latter have an organized club with dues, and officers, and membership cards, an' everything. The Archers, however, are as yet unorganized.

ECOLOGISTS TO DREDGE SEA AT TRINIDAD

This coming Friday, the animal Ecology class, under the supervision of Robert Poultney, will dredge off the Trinidad head for the purpose of collecting sea life. All specimens of vertebrate and invertebrate life will be collected and classified. The study of sea life is a very deep and varied subject, and the "embryo" ecologists will be busy identifying and classifying various specimens.

Parton, Silva, Turn Out For College Team

Humboldt State football aspects assumed formidable proportions Tuesday when Val Parton and George Silva, former Arcata High school gridders, enrolled in school and turned out for the team. Parton was a member of last year's Humboldt squad and also was a member of the Nevada University backfield two years ago.

Besides being star pigskin toters, Parton and Silva are also track stars of note, Parton excelling in the dashes and Silva in the 440.

Both of these men are backfield material and should add much power to the local squad.

Telonicher, college coach, will spend much time this week getting these players in shape for the opening game Friday at Ashland, Oregon, against the Southern State Oregon Normal School team.

REGARDING AN H.S.T.C. TRACK TEAM

"Let's have a track team this coming spring." This statement comes to me as the most significant of all among the din and clamor of those who want to be heard.

Humboldt College is blessed with material which can, if given half a chance, give competition to the various high school teams around the county and a collegiate schedule could be arranged if enough interest is aroused.

There has been considerable talk about turning out a team for the past two or three years, but nothing has been done about it. The cinder path artists have been almost entirely ignored.

There is the possibility of financial difficulty, but that proposition can be handled after we decide whether we want a team or not.

The situation seems to me as one for the students to decide. If we want a track team, and the fellows turn out in good fashion, there is no reason to hold us back. I am sure the fellows up here will represent the college in as good a fashion as is in them.

Discuss the possibility of a team with your fellow students, and see what their idea is on the subject.

WHAT DO YOU THINK?

Humboldt Takes Practice Tilt

Led by Don Gould, hard hitting full-back, the H. S. T. C. football team swept to a 20 to 0 victory over the smaller and inexperienced Ferndale high school eleven in a game played on the Ferndale field recently.

The first Humboldt score came after a series of line plunges, Gould totting the ball over the line. Lee Nellist, college end made the next score when he took a long pass from Wayne Simpson over the line. During the latter part of the game Gould again planted the ball between the Ferndale goal posts.

Coach Telonicher gave everybody out for the team a chance to play and the player showed up quite well. Gould and Simpson looked good on offense, while Frannie Moore, Leo Sullivan, and Dick Derby were a tower of strength on defense.

GEOLOGY CLASSES TAKE FIELD TRIP

The Geology class under the guidance of J. Wendell Howe took a field trip last Saturday along the immediate bay and coast sections. The purpose of the trip was to study some of the exposed formations. The group first studied the movements of the sand dunes on the Little River beach. They then came back to a high point near Bella Vista and from there studied the Mad River valley formation. After that a short trip was taken to Brainard's Cut, where the stratified formation was studied. The trip as a whole was very successful, and the class is looking forward to more in the future.

NEWS FLASHES

By Leo F. Schussman

Adam Schenk fell off the runway at the Fernholtz lumber yard on Monday forenoon and landed on his back at a point near his kidneys on a stake on the wagon, breaking the stake off.

Last night I sat in a gondola on Venice's Grand Canal, drinking it all in, and life never seemed so full before.

The Leyland liner Antelope was torpedoed and sunk on June 28 by a German Submarine. The vessel carried 1,444 mules, which were consigned for the port of Avonmouth. A large number of the missing are American citizens.

While Harold Green was escorting Miss Violet Wise from the Church social last Saturday night, a savage dog attacked them and bit Mr. Green several times on the public square.

His heart is of pure gold, pure 14-carat gold, all wool, and dyed a yard long.

She was taking her folks out riding near Logansport and on going down the Davis hill she put her foot on the exhilarator instead of the brake.

IANE COTTER HOSTESS TO COLLEGE GROUP

A delightful evening was spent at the home of Miss Jane Cotter who was the hostess to a group of college students. The evening was spent in playing various card games, after which refreshments were served.

Zoology 1A Class Takes Field Trip

The Zoology 1A class took a field trip last Tuesday afternoon to the Eureka docks where some excellent samples of sea life were taken. The class hopes to make an aquarium where good examples of sea life might be kept and studied. A fresh water aquarium will also be attempted. These will be of much value to the Zoology classes, and success is hoped for.

Marcus Roe Enters Ring

Marcus Roe, one of our fellow students, won a hard earned decision over Cecil Alves of Santa Rosa, in a four round preliminary boxing match at Eureka on September 26. Marcus had a little trouble in the first couple of rounds, but he came back strong in the last two to win a decision. It will be remembered that Roe trained with Archie Forson here last spring. Roe has possibilities of becoming an excellent boxer. He is at present working out here at the College in preparation for a return bout this Saturday with Alves. Here's hoping you have luck, "Marc".

H. S. T. C. STUDENTS TO HOLD RALLY

What is to be one of the largest bonfires ever held at H. S. T. C. will be staged a week from Thursday at a rally preceding the game with the San Francisco State Teachers' College.

The frosh will start work early next week, and, under the capable direction of the upper classmen, should have everything ready by Thursday night.

Plans are under way to hold the game either Friday afternoon or Friday night. If the game is held in the afternoon, the students, in all probability will have the afternoon off to attend. Also if it is held in the afternoon, the freshmen return dance will be held Friday night. However, if the game is played Friday night the dance will not be held until October 30.

W. A. A. Holds Regular Meet

The second meeting of the Women's Athletic Association was held Tuesday afternoon, October 1. The purpose of the meeting was to give an opportunity to the new freshmen to see how W. A. A. meetings are carried on and to give them a chance to join the organization.

Plans for the Sixth Annual Play Day to be held Saturday, October 31, were discussed. It is a custom for the W. A. A. to hold a fall play day each year. About 25 girls from each High School in the county are invited. The schools are Eureka, Eureka Junior Hi, Ferndale, Fortuna, Arcata, Crescent City, and South Fork.

Committee chairmen for the Play Day are: General Chairman, Ione Russell; Publicity and Invitations, Alice Renfroe; Registration and Information, Edith Cameron; Reception, Agnes Combs; Checking, Letha Robinson; Orchestra, Ruth Carroll; Luncheon, Mary Ivore Carter; Program, Marie Adams; Games, Sports, and Posture Parade, Hazel Christiansen.

Miss Craig made the announcement that interclass hockey games will begin the first week in November.

A letter from Laura Herron to the W. A. A. was read at the meeting, which was concluded by community singing led by "Deever" Stewart.

Officers for the W. A. A., elected at a meeting of the group recently, are as follows:

President	Hazel Christiansen
Vice President	Edith Cameron
Secretary	Dixie Lee Starkey
Treasurer	Grace Cochrane
Publicity Manager	Alice Renfroe
Point Chairman	Evelyn Fielding
Yell Leader	Donna Ivancich
Song Leader	Janet Stewart

Sport managers for the entire year were selected at the same meeting as follows:

Basketball	Alice Renfroe
Volleyball	Edith Cameron
Tennis	Amelia Vance
Hockey	Lucille Winter
Baseball	Evelyn Fielding

Harry R.: If you refuse to marry me, I'll take to strong drink!

Hazel C.: All right then, I'll marry you.

Harry: Darn, the luck!

Say, Cedric, is your nose out of joint? Daral's the leading man now. Good ole

names were not put down by the owners, but by others who think it is a good joke. Instructors or students do not intend to see their notices so regarded, and it is rather disheartening, to say the least. That is all that is necessary to say right now, but more drastic action ought to be taken in the matter. Perhaps it will. Who knows?

Full House at Sunset Hall

Every available room in Sunset Hall, Humboldt State girls' Dormitory, is occupied this semester, for thirty-two Humboldt State women are now making their home at the hall.

The dormitory women are very fortunate this semester in having with them as their head resident, Miss Lillian Mohr of Pasadena. Miss Mohr is superintendent of music in the Pasadena city schools and is continuing studies at Humboldt on a year leave of absence. In 1929 and 1930 Miss Mohr had charge of the music department during summer session at Humboldt State.

Many activities are being planned for the fall semester by the group. The first activity of the semester was the Japanese party given in honor of Miss Platt on September 23rd. Other plans and activities, which include plans for redecorating the dormitory social room, were discussed at the house meeting held this week.

The officers for the fall semester are: Marjorie Kausen, president; Rigmor Vinum, vice-president; Gertrude Hunter, secretary; Zelma Tomlinson, treasurer; and Esther Genzoli, house manager.

The college women making their home at the dormitory are: Zelma Tomlinson, Orick Wand Wright and Agnes Combs, Lakeport; Elma Biasca, Anita Calanchini, Rigmor Vinum, Marion Diedrickson, Grace Shaw, Jeanette Petersen, Evelyn Renner, Gertrude Hartley, Marjorie Kausen, Elne Gries, Letha Robinson, and Hazel Christiansen, Ferndale; Olivia Torgersen, Eureka; Mary Tosti, Esther Genzoli, and Bernice Rassmussen, Loleta; Marcia Smith and Marion Cutler, Crescent City; Vada Hall, Willits; Harriet and Alyce Finne, Ukiah; Evelyn Fielding, Arcata; Louise Johnstone, Petaluma; Carmen Alward, Pepperwood; Annabel Stockton, Shively; Bonita Hughes, Potter Valley; Leora Hunter, Gertrude Hunter, and Maxine Belloni, Fortuna.

Regarding Bulletin Boards

There are a few students in this institution who delight in defacing any notice which may be posted on the bulletin boards in the main hall. Whether this is done in a spirit of braggadocio, or whether that individual doesn't know any better, is unknown to the writer. But whatever it is, it does not correspond with the manners of college men and women. I refer you to a recent notice which was put up to the effect that any interested person who wished to participate in a tennis tournament should sign and indicate in which event he or she would rather play. Immediately men's names were written in the women's singles and doubles column. The

Do You Know?

By Doggie Waldner and
Clyde Patenaude

—That a modern gas has been invented that is so deadly that one pint of it will cover and destroy all vegetation on a piece of land a quarter of a mile square?

This gas is much more deadly than the well known "mustard gas" used in the World War.

—That the muzzle velocity of a modern sporting rifle is over three thousand feet per second?

—That scientists are able to photograph bullets as they are leaving the muzzle of a gun?

—That the codfish lays nine million, three hundred and forty-four thousand eggs during its lifetime, and only a small portion of these develop into fish?

—That the Rural Free Delivery costs the Post Office Dept. \$100,000,000 annually?

—That helium to fill the new navy dirigible, Akron, will cost \$74,550. Sixteen years ago it would have cost \$16,000,000,000?

—That it is not unusual for an Hopi Indian to run 40 miles across the burning desert, hoe a field of corn and return home in 24 hours?

—The man in the Pueblo Indian family frequently made his wives clothes?

—The president can commit murder and yet escape punishment?

—Clyde Patenaude, frog-eating Frenchman from Korbelt, has a severe case on a certain Fortuna red head who attends our institution?

—Cossack archers used composite horn bows in the battle in Western Europe in 1818?

—That in order to hit a modern military pursuit plane flying at its ceiling at full speed, anti-aircraft batteries must be aimed at a point in the sky over five miles in front of the plane's position at the moment of firing?

—During the Western Archery Association tournament, held in Portland in July 1931, five men made flight shots of more than four hundred yards? The winner of this event, Homer Prouty of Portland, made a shot of four hundred and sixty-six yards and ten inches. This is the modern world's record for distance shot with a wooden bow.

Brogan Meets National Star

Harold Brogan, star racquet wielder of Humboldt State, returned from San Francisco last week after participating in the Pacific Coast Championships. Brogan ran into tough luck, drawing Gregory Mangin, 6th ranking national player, in the first round and being eliminated 6-2, 6-2. Although defeated, Brogan looked good, making many fine returns of Mangin's hard smashes, and displaying a lightning like serve, taking a love game from his opponent on his service. The match with Mangin was the feature match of the opening morning's play and was played on the center court, the surrounding grandstand being full of spectators, who cheered for the fine play done by Brogan as well as Mangin.

Besides participating in the tournament, Brogan visited many former friends and also attended the U. C. Santa Clara football game. Brogan witnessed several exhibition matches of nationally known stars and was also given some advice by some of them.

Have You Noticed--

There are several couples in our dear Alma Mater who should be awarded records for record breaking non-stop endurance, etc.

Carmen and Lee—

Swanney and Haven—

Peggy and Doggie—

Lydia and Marion—

We think these should receive the largest medals.

It looks to us as if Barb Stewart and Hal Brogan were going to start another one of those record breaking romances. It all depends on you, Barb!

Did you know that Muriel Thorne has Ralph Goodwin's ring?

Bill Moorehouse is getting to be quite a shiek. If you don't believe it, ask Bonita Hughes.

That Evie Fielding and Ward Nelson have got it bad?

M. E. Cronin and Lee Nellist are certainly going strong. At's the old pepper! At's a way we like to see you act.

That bold, bad Ugo has a case on Max Moore?

Can't you rule your little "Sunshine" any better Dave? We understand she wouldn't go walking when you wanted to last Sunday.
