VOLUME VI

ARCATA, CALIFORNIA, NOVEMBER 23, 1933

NUMBER 6

## A CAPPELLA CHOIR TO SING TOMORROW

CHOIR WILL MAKE FIRST  
1933 PUBLIC APPEARANCE  
AT REGULAR ASSEMBLY

The A Cappella Choir, with Edmund Jeffers, director, will make its first appearance this year, robed, on Friday, November 24, when Tully C. Knowles, president of the College of the Pacific, will speak to the students in the regular 10 o'clock assembly.

They will sing three numbers: "The Darkeyed Sailor," an English folk song, arranged for four voices by Vaughan Williams; the "Cherubim Song," by Gunbea, an eight-voice composition adapted from the music of the Russian church, and "I Dream of Jeanie," the original music written by Stephan Foster, but freely arranged and harmonized by Joseph Clokey.

This year, according to Mr. Jeffers, the choir is preparing a more interesting and difficult program, of which these three numbers are a part, than last year. They will sing a group of English folk songs, madrigals, sacred compositions, mottets of Brahms and Bach, and modern compositions arranged in four to eight part harmony.

Last year the choir made a four-day tour, singing at Berkeley in St. John's Presbyterian

(Continued on Page Two)

## New Hockey Manager Named at Banquet

The hockey season was ended by a banquet on November 20 at the College Commons from 5:30 to 8:00. Delores Henders was in charge.

All the girls who were out for hockey this semester were invited. Eleanor Renfro was selected as new hockey manager.

The upper-class team was the champion this year, and for the first time since they were freshmen their position was threatened. This year's freshmen team tied the upper-class in one game.

The freshmen won both games they played with the sophomores. They made a very good showing this year, according to Miss Monica Wright.

## Art Department Has New Spenser Lantern

The art department has a new Spenser lantern, which can be used either with slides or as a reflector, housed in a cabinet-table designed by Stella Sankey Little, professor of art, and made by a student in the wood working shop. The art room has been wired for the lantern and provided with a screen and dark shades for the windows to facilitate use of the lantern by Mrs. Little's classes.

Phone 272-R

## Faculty Club Creates Student Loan Fund

The Faculty Women's Club has created a student loan fund for the upperclass women, to aid those who have shown themselves deserving and who need financial aid to continue school. The loans will be issued to students with a "C" average or better. The fund, to which the faculty women contribute certain yearly amounts, is intended as a permanent institution. Applications for loans are to be made to the Dean of Women, Miss Ellen Johnson.

## MEN'S DANCE SET FOR DECEMBER 8

President Arthur S. Gist has given the Men's Association the privilege of using the gymnasium for a dance on Friday, December 8, at 9 p. m.

Although it has not been customary to use the gym for giving dances to which admission is charged, the exception has been made in this case because the affair is not primarily a money-making proposition.

The discussion came up in the Men's meeting recently, concerning some method of entertaining the students from the high schools in the vicinity who might be prospective students at Humboldt State. As there was little money in the treasury, it was decided to give a dance and charge a small sum for admission to cover expenses. If any profit is realized it will be used to make some improvement about the college.

To keep this from being a public dance it has been decided to run the dance as are the student body dances with two exceptions: each student of Humboldt State may bid as many friends as he wishes and it will not be necessary for the bidders to pay for the bids at the time he gets them. The price of admission for both students and guests has been set at 25 cents, payable at the door.

## New Committee for Assemblies Appointed

The work of conducting the assemblies has been divided among members of the student body. An assembly committee has been appointed to see that the auditorium is in order for each assembly.

Oliver Viale has been appointed general chairman of this committee aided by Ione Hamilton and Clara Taubman to arrange the songs, Wilson Woodcock and Helen Marks to mimeograph song-sheets, John Van Duzer and Dave German to arrange the stage, and Thomas "Barney" Bland and Julius Hooven to distribute and collect the song-sheets.

## NEW BOOKS IN LIBRARY

New books on the rental shelf in the library this week are: "My Battle" by Adolph Hitler; "Oil for the Lamps of China" by Alice Tisdale Hobart; "Junipero Serra" by Agnes Repplier; "Poor Splendid Wings" by Frances Winwar; and "The Siamese Twin Mystery" by Ellery Queen.

Herbert Moore and Archie Forson are making a pair of standard-sized ping pong tables in the woodworking shop for the College Y. M. C. A.

## BIG AIRPLANE TRIP TONIGHT IN GYM

THE C. R. C. AIRPLANE WILL  
TAKE OFF AT 7:30 P. M.  
EVERYTHING FREE

The C. R. C. airplane will take-off from the gymnasium at 7:30 this evening, but just where this flight will take its passengers no one knows, except the pilots. The only way to find out is to join the ship. Tickets are free to all students and their friends, so all that anyone has to do is to join the party.

The pilots say that they will conduct a tour through the land of fun and laughter, where studies are forgotten and bring their plane back to the hangar in time for all to get in bed for a full night's sleep.

"This tour will take the place of the Cord and Cotton Capers held last year, and is under the direction of Lucille Winter, general chairman, and Coach Fred Telonicher, who will preside as mayor."

## REHEARSALS FOR COMEDY UNDER WAY

Rehearsals for the new comedy, "The Butter and Egg Man" to be given December 18, which were interrupted by the "Interference" tour were resumed Monday.

It is planned to have rehearsals of the whole play six days a week and individual rehearsals so that this play will be even better than "Interference". There is still a chance for a man to act the part of A. J. Patterson, attorney-at-law. Eight of the cast that are new have their lines. This play, a comedy, will probably be toured around Humboldt in the near future.

## Combined Concert to Be Given December 13

The first combined concert of the Humboldt State Glee Clubs, orchestra and A Cappella Choir, will be given on the night of December 13, in the college auditorium. A wide variety of different types of music will be presented, each organization giving a group of numbers. There will be about one hundred students taking part in the concert. A small admission will be charged, the program lasting one and one-half hours.

## Robert Poultny to Head Kiwanis Club

Robert H. Poultny, professor of science, has been elected president of the Arcata Kiwanis Club and will take over the duties of these offices January 1, 1934, succeeding Maurice Hicklin, professor of English, who is the 1933 Kiwanis president.

Leo G. Schussman, professor of education, now in his second year as secretary of the club, has been chosen again as secretary for 1934.

## SPEAKER FOR ASSEMBLY

Dr. Tully C. Knoles, president of Pacific College of Stockton, will speak in the auditorium under the auspices of the University Club at 10 a. m. Friday.

## Tom Elliott to Speak At Assembly Tuesday

Tom Elliott, who spent ten years in China as secretary of the International Y. M. C. A. will speak in the auditorium at 10 a. m. Tuesday, November 28 on some phase of the current far eastern situation, under the auspices of the local Y. M. C. A. 10 o'clock classes will be excused for the occasion.

## RETURN FROM GOOD-WILL TOUR

The cast of "Interference" sleepily resumed their studies Monday, after a good-will tour to San Francisco and Ukiah, that every member considered enjoyable and successful.

Five private cars arrived in the bay region Wednesday, November 15. The cast spent the night going to theatres and the beach. The stage was set for the play in the auditorium of San Francisco State Teachers College and a short rehearsal held Thursday afternoon. The casts of the Humboldt State play and the San Francisco State had supper together in the social unit of the college. A full house saw the play.

After shopping, seeing the newest moving pictures and the sights of the city, the cast had supper with the cast of the play, "Outward Bound." Then, after

(Continued on Page Two)

## Scholastic Systems Of Awards Created

Two new systems of scholastic awards which are controlled by an honors award committee appointed at the first of each semester by President Arthur S. Gist, have been created at Humboldt, according to J. Wendell Howe, assistant professor of biological science, faculty advisor for the honor societies.

Under the first system "semester honors" will be awarded to those students who receive grades of A or B in all subjects giving one or more units of credit. No honors will be conferred on any student who receives an "F" or a "withdrawal" in any course, credit or otherwise. Students who have made up an "incomplete" may receive honors credit.

Under the second system "class honors" will be conferred at commencement on all students who have received "semester honors" both semesters.

## Bert Wilson Talks To Arcata Students

Bert F. Wilson, professor of commerce, talked to the Arcata High School Excalibur Club last Tuesday on the commercial courses at H. S. T. C. He explained the aims, objects and contents of each course offered, and discussed the value of each.

## PROFESSOR IN PULPIT

Leo G. Schussman, professor of education, spoke from the pulpit of the Arcata Methodist Church last Sunday morning on "The Place of Religion in the present crisis."

## BASKETBALL SEASON OPENS FRIDAY NITE

FIRST PRACTICE GAMES TO  
BE PLAYED AT ARCATA  
HIGH

The basketball season will open for both reserve and varsity teams next Friday, November 24, with practice games in the Arcata High School gym.

Upon that date the reserves are scheduled to meet "Anderson's Arcata Puritans" at 6:30 p. m., and the varsity will play the Arcata High School heavy-weight team about 8:30. There will be a game between light-weight high school teams at 7:30 p. m. Frank Mendes and Bert Munther will officiate.

The varsity squad consists of nine veterans who have had one or more years experience at Humboldt, and three new recruits. The veterans with the number of years they have played basketball here follow: Ugo Giuntini 3, Wayne Simpson 2,

(Continued on Page Three)

## How the Turkey Became So Popular

Next Thursday, many Humboldt students will sit at their tables, and watch a ritual performed from which brave men shrink in fright—that of carving the turkey.

Meleagris gallopava — turkey to the consumer — is peculiar to America where it is found in all parts of the United States except the extreme northwest.

When the pilgrims landed at Plymouth December 20, 1620, all that they found were Indians, trees, snow and turkeys. Wild turkeys were the only food that they had the first year that they were in America. During the second year, they had some grain and vegetables—and more turkeys.

When the ship came from England, bringing food and more colonists, the Pilgrims gave a thanksgiving banquet. To have a banquet, one must have food, so the fathers used what they had — turkeys.

The first feast was the beginning of a custom. The turkeys were the first Thanksgiving dinner, and they are still the blemish in a perfect day (in the opinion of a man who carves one).

## Rural Education Class Visits Many Schools

The class in rural education conducted by Leo G. Schussman, professor of education, has recently visited a number of rural schools taught by Humboldt graduates including Mildred Mitts at Doves Prairie, Mae Cloney at the Canal School in Arcata Bottoms, Kenneth Brantley at Gledale, and Jimmy Spiering and Eleanor Cloney at Korb.

## SIGN ALL COMMUNICATIONS

Yes, we want everyone to write something or other for this paper, but it will be necessary that all such articles be signed by the writer. This policy has always been followed. Please sign all communications. Let's have your opinions on different matters, we want them.

GORDON HADLEY,  
Editor.

## More Dances!

Another noon-dance was held last Friday, the third one this semester. Why not have one every Friday noon? The Y. M. C. A. has one noon-period a week set aside for their meetings; so why not set aside one noon-period a week for the student body as a whole?

The student affairs committee has been spending a great deal of time discussing dancing etiquette, with the view of eliminating the large number of students, both girls and boys, who are sitting around at the regular student body dances. This committee does not seem to be making much progress; may be we could help them by seeing that all the students of Humboldt became acquainted at these noon dances.

By this plan no one will be harmed and many students will enjoy themselves.

## 10 Minutes to 3?

## ANONYMOUS

What great event happened at Humboldt some two or three weeks ago which caused every time piece in the place to stall at 10 minutes to 3? Surely a monkeywrench in the mechanism (which I am inclined to believe is responsible) is not worthy of being commemorated by letting the clocks remain so forever.

Where is Humboldt NRA patriotism of Armistice Day? We are keeping some worthy worker from a repair job by letting our clocks remain worthless ornaments upon the wall.

The silent clocks set a bad example for the students. What would teachers and visitors think if we stopped dead at ten to three?

Let it never be said that Humboldt is a college of clock watchers. We aren't! But some of us are not yet quite immune to glancing at them once in a while.

Thursday and Friday—Thanksgiving.

## Dial Telephones Prove Mystery To Student

That Humboldt students who are going to the Big Game should learn beforehand how to use a dial phone is the advice of one member of the cast of "Interference," which last week played in San Francisco.

Finding it necessary to get some information, he had to phone a "frat" house. After reading the directions carefully he dialed. Hearing only a loud noise, he dialed again.

Success. The voice, however, was Chinese. Instead of a house-boy, it was a laundry. The second try was the Berkeley Hardware Company. The third try engaged him in conversation with some housekeeper.

Giving up dialing on the third try, he dialed for the operator who immediately got him the Frat house.

## Commercial Class Visits Courthouse

The Secretary-Training and Beginning Shorthand classes visited the county recorder's office in the Humboldt County Court House in Eureka last week. The method of filing were shown as well as records that dated back as far as the year of 1850. The trip was made possible by B. F. Wilson, head of the commercial department.

## A Cappella Choir to Sing (Continued from Page One)

Church, at San Jose State Teachers College, Santa Rosa Junior College and Ukiah High School. This year the tour will probably take five days and touch the bay region, San Francisco State Teachers College and Mills College.

The choir has a number of freshmen members, which insures a good foundation for next year's choir, according to Mr. Jeffers, as so many of the members will have one year's experience. The members are:

Sopranos, Jane Woodcock, Katherine Cloney, Alice Person, Ethel Carrol, Barbara Stewart, Marie Nordquist, Peggy Gregory, Claire Speier.

Altos: Dorothy Nelson, Elva Posic, Mrs. Margery Hamilton, Mary Emily Speier, Emmy Lou Grove, Beryl Fleckenstein, Lena Brambini.

Tenors: James Hemphill, Leonard Hartman, Joe Paul, Victor Wiesel, Don Parker.

Basses: Richard Meade, Herbert Inskip, William Morehouse, Clark Gilman, Floyd Wasmuth, George Hugo, George Inskip, Irving Manson, Leslie Linser. The choir has an increase of ten members over the 22 of last year.

## Return From Goodwill

(Continued from Page One)

seeing "Outward Bound", at San Francisco Teachers College, the cast of "Interference" went to the home of President Alexander Roberts of San Francisco State and had a party.

Saturday the troupe went to Ukiah, where after a short rehearsal, the play was given in the evening before approximately 550 people in the high school auditorium. Sunday the cast arrived home.

## The Presidents :- Column :-

## ARE WE A SUCCESS IN COLLEGE?

As students we are as anxious to be successful in college as our parents and the general public are desirous that we shall be. What tests may we apply to college students to analyze their successes? In this and in several subsequent articles our attention will be directed along this line. As stated by the President in our first assembly this fall, our social problems are so involved that intelligent effort is necessary to plan adequate or tentative solutions for them. While a college education is not absolutely essential in planning the future destinies of a nation, such experience and training are most valuable aids. A knowledge of past civilizations and their struggles broaden our visions, enrich our judgments and tends to humanize our points of views toward our present problems. A college student is thus well equipped to solve social problems and to contribute to social improvement. Do we know most of the world's major social problems? Are we able to analyze these problems in terms of great world movements? Do we find that our thinking is somewhat clarified each year?

The great social problems will be solved only by intelligent and unselfish effort. College students have much to contribute toward our social welfare.

Signed:

ARTHUR S. GIST,  
President of Humboldt State Teachers College.

## Elementary School Has Clean-Up Committee

The Humboldt College Elementary School has organized a clean up committee to dispose of papers, peelings or any waste that may be around or through the building. Each grade elected a pupil to serve on the committee. The following were elected from the following grades:

First grade, Junior Hunt; second grade, Neil Frost; third grade, Gene Orland; fourth grade, James Smith; fifth grade, Clyde Saddler; sixth grade, Imogene Elmore; seventh grade, Ruth Sequist; eighth grade, Dorothea Laursen.

Dorothea Laursen is general chairman and she tells the different grades when they are to clean up. H. T. Cluxton of the faculty, is the supervisor in charge of this committee.

## Iron Stakes Being Made for Classes

Frank Look has made the wooden patterns from which iron stakes will be cast for use in the jewelry classes taught by Horace R. Jenkins, professor of industrial arts. The stakes made from Mr. Look's patterns will cost the department \$2.50 and are identical with factory-made stakes listed at \$17.25. Metal-working "stakes" are cast iron anvils of special shapes used in hammering out copper, brass and silver bowls, trays and similar problems.

Marian Logan and Claire Morgan, both former Humboldt College students, are now attending the University of California.

## EXCHANGES

By W. H. K.

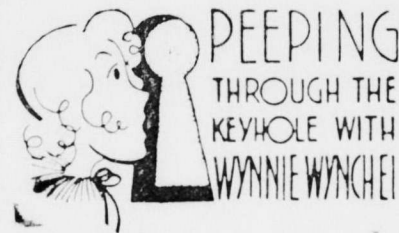

Students at Chico State College are considering the advisability of a dating agency, in which the names of the eligibles of both sexes would be catalogued according to numbers. The applicants for dates would select a number and then hold their breath in nervous anticipation until the results of their gamble were known.

A Georgia Tech. student unnecessarily repeated a course in the same room under the same professor without either of them realizing the fact. (From Trail Blazer, Morehead College, Ky.)

When questioned by a reporter from their college paper, seven out of eight San Francisco S. T. C. football players attributed their success in athletics to their coach, David Cox. The eighth athlete questioned said his success was due to keeping in condition throughout the year. When shown the answer of the other seven, he accounted for his originality by the fact that he "wasn't taking Cox's phys. ed. class this semester."

Chico State College opened its new student lounge recently when members of the Associated Women Students entertained the students and faculty at a formal gathering. May they have better luck than Humboldt students did with their Social Unit.

# HUMBOLDT SPORTING NEWS

## HOME COURT IS NOT AVAILABLE

The Humboldt State basketball teams will have to play their first practice games on the Arcata High School gymnasium floor as our floor is so badly warped.

Due to improper drainage from the shower rooms the floor under the east basket has a raise in it several inches high and about fifteen feet long.

It would be too dangerous to try and play on it as someone might get seriously hurt. Several times during basketball practice, men have tripped over it and have received hard falls.

## Basketball Season Opens

(Continued from Page One)

Earl Hemenway 1, Francis Moore 1, Herb Moore 1, Earl Tatman 1, Harry Zook 1, Harold Brogan 1, and Charlie Timmons 1. New men on the varsity squad are Earnie Brownlow whose previous experience was at Ferndale High School, Wilson Belloni from Fortuna High School, and William Henders who formerly played for Eureka High School.

The reserve squad with the number of years each has played at H. S. T. C. follows: George Inskip 1, Tommy Tinker 1, Louis Canepa 1, Richard Brown, Geo. Burwell, Everett Watkins, Joe Walsh, Gene Thompson, Curt Rusie and Sam Eastburn.

According to Fred Telonicher, basketball coach, H. S. T. C. will enter the Independent League whose season will start the second or third week in January. Other teams in the league will be the Samoa Blue Devils, the Sparklers and Ferndale. Three games will be played with each other team in the league.

Student thinkers in other colleges are weighing the possibilities of America's entry into another European war. Some claim that they would refuse to take part in a war of aggression. What do you think about that?

## Bench Talk

By Lin Hartman

With a game in store for the boys Friday night, against the Arcata High School, it should be in the bag for the College, that is, if the student body will get out and cheer them on to victory.

It looks as though a tidal wave has struck the basketball court, and left one of its waves behind. Perhaps the student body can't pay for having the floor fixed, but maybe they can buy some knee pads for the varsity.

Coach Telonicher seems to be all smiles this year, he knows he has a smooth running basketball team, that should go places this season.

The fellows on the basketball team are all pepped up for the San Francisco State game, after hearing what a perfect time the Dramatics class had on their trip.

## SECOND ROUND OF TOURNAMENT ENDS

The second round of the volley schedule has been finished. Following are the scores of the games up to this date.

Herb Nelson's team took a close victory over Schmeder's team. Schmeder and Davis were the stars.

Timmon's and Woodcock's teams put up a very good game with former's team winning 19 to 17.

Dave Nielson's team took a 33 to 23 victory over Cedric Jasper's outfit. Eastburn and Jasper were the high scorers.

Mark Ely's team had just a little too much teamwork for Nelson's team and won the game 35 to 13. Henders, Burwell and Crosby were outstanding.

Piling up the largest score so far this season, Woodcock's team snowed under Jasper's team 50 to 15. Tinker and Woodcock did most of the winning team's scoring.

## Seeing the "Fire-Fall" Is Reward for Boys

Seeing the fire-fall was ample reward for a foodless all-day hike in the opinion of three boys, the oldest under 15, who appeared after moon-rise in the camp of C. Edward Graves, librarian, on top of Half Dome in the Yosemite Park last August, according to a story by Mr. Graves, entitled "A Night on Half Dome" in the October number of the magazine Yosemite Nature Notes.

The fire-fall is a nightly spectacle during the Yosemite Park tourist season and is produced by pushing a roaring bonfire from the brink of Glacier Point into the bare rocky gorge below.

Mr. Graves' article describes his experiences during a leisurely one day and two nights camping trip undertaken for the purpose of viewing the park under the light of the full moon from the top of Half Dome, and was inspired by memories of a similar bivouac on the top of Moro Rock in the Sequoia National Park a year before. The hike up Half Dome was made in two stages, the first night's camp being near the top of Nevada Falls where a friendly deer spent the night grazing almost within reach, and the second on top of Half Dome.

Miss Agnes Johnson, graduate student at Humboldt, taught last week at Bald Mountain School in place of Mrs. Lois Crawford, another Humboldt graduate.

## BASKETBALL MEN ARE SHOWING MUCH SPEED

The men that are out for basketball are fast rounding into condition, showing an abundance of speed and ability at handling the ball for such a short period of practice.

This year competition is keener than in previous years and Coach Telonicher is still undecided as to his first team. Every man is scrapping for his position and there seems to be no one fellow that is sure of a berth on the varsity.

## Inter-Class Volley-Ball Season Opens

The girls inter-class volleyball season has opened, and practice starts November 20. Inter-class games will be held from December 11-18.

Six practices are required for one to be eligible for a team. Noon games count as practices.

## Freshman Class Hears Club Heads

The freshmen were informed as to the aims, purposes, and requirement for membership of the various extra-curricular clubs and fraternities of Humboldt State Teachers College during the orientation class held Wednesday, November 15.

Members of the various organizations spoke briefly concerning the organization he or she represented. Barbara Stewart spoke for the Kindergarten - Primary Club, Louis Tallman for Alpha Psi Omega, Elva Quarnheim for Chi Sigma Epsilon, Mildred Green for the College Civics Club, Jack Frost for Pi Alpha Pi, Len Hartman for the Men's Association, Gordon Hadley for the Archery Club and the Lumberjack, Herbert Moore for the Y. M. C. A., Ruth Carroll for the W. A. A., Elva Baumgartner for the Women's Hospitality Committee, Dorothy McGovern for Sunset Hall, Dorothy Williams for Pro Musica, Marie Nordquist for A Cappella Choir, and James Hemp-hill for the Student Body.

## Student Teachers to Give Dramatization

The student teachers of the College Elementary School are going to give a dramatization of the "Elves and the Shoemaker" at an assembly to be held November 23, 1933, in the elementary school auditorium. The cast is as follows:

Elves—Ruth Carson, Blanche Charles, Melba Daugherty.  
Shoemaker—Harlan Still.  
Shoemaker's wife—Dixie Lee Starkey.

## School Children Make Their Own Supplies

Four work benches and a field protractor have been made by the sixth, seventh and eighth grade manual training classes in the Korbel schools under direction of the principal, E. J. "Jimmy" Spiering, Humboldt, 1932.

The benches are for use of the classes in woodworking, and the protractor for those in arithmetic.

## SEES FOOTBALL GAMES

Miss Ellen Johnson of the College Faculty, spent the week end at Portland, Oregon, where she saw the Oregon State-Oregon U. football game.

A year's subscription to the World Unity Magazine has been given to the library by Alan C. Harris of 60 Dreilinden Street, Lucerne, Switzerland.

## FIREPLACE IS NEAT PROJECT OF CLUB

The College Civics Club will build a fire-place on Council-Crest as its project for this semester, according to plans made at a meeting at the home of Leo G. Schussman, professor of education, last Wednesday evening.

The building of the fire-place will be financed by the proceeds from a candy sale which the club will hold today. The candy offered for sale at this time was made by members of the Civic Club at Mr. Schussman's home the preceding day beginning at 7:30 p. m.

Harlan Still is president, Mildred Green vice president, Oliver Viale secretary-treasurer, and Mr. Schussman, faculty advisor of the College Civics Club.

## CLASS GATHERING MAP DATA

The class in surveying, taught by Homer L. Arnold, professor of mathematics, is becoming oriented in the principles of field work in surveying, running level lines and traverses, and gathering data for a map of the campus before undertaking more extensive projects.

## "APPRECIATION OF NATURE" TO BE OFFERED AT HUMBOLDT STATE

A one-unit course in "Appreciation of Nature" which has never before been offered by any college will be taught by C. Edward Graves, librarian, next semester. The class is open only to juniors, seniors, special and extension students, and will meet the sixth period Wednesday and Friday at Council Crest in good weather and in the social unit in bad weather.

According to Mr. Graves the course should not be confused with nature study. The object is not to learn to identify various forms of nature, though a certain amount of ability in that direction might develop, as a by-product, but to record and study the impressions made on the individual by certain experiences and situations in the world of nature.

Trips on the college trails will be used to a large extent to furnish experience for class discussion and individual expression. Special field trips to other points of interest may occasional-

ly be taken; also trips at unusual times of day, such as sunrise, sunset and moonlight trips.

The works of the best nature writers will be studied. John Muir, being a California writer, will be studied in some detail. Thoreau, Bradford Torrey, William Henry Hudson, John Van Dyke and others, will be given some attention. The use of the various senses in nature appreciation, will be given especial study.

The greatest emphasis, however, will be placed on the development of the consciousness of beauty in nature on the part of the individual and the effort to give expression to that consciousness. The student's proficiency in the course will be measured by the improvement in his ability to appreciate nature, as evidenced in written notes and oral statements describing trips taken and various experiences in the world of nature. Students are advised not to register unless they have a real interest in nature.

### Art Class Taught To Meet Requirements

The class in elementary design taught by Stella Sankey Little, professor of art, is designing all over patterns to meet the requirements of commercial shops where textiles are printed in endless rolls by copper rollers. The designer's problem is to make the pattern fit at all points so that it appears on the cloth without a visible break or joint anywhere. According to Mrs. Little, Harmon Minor and Ray Hudson are doing outstanding work in this class. Several of their designs are on exhibit in the art room.

#### ELVA QUARNHEIM HOSTESS

The members of Chi Sigma Epsilon, local scholastic honor fraternity, were dinner guests at the home of their president, Elva Quarnheim, in Eureka last Tuesday.

## CLUMSY WIT

Tatman: I don't see how you got such a cake in your pipe. You never buy any tobacco.

Hartman: Heck, man, that's sponge cake.

Miss Folsom: Eastburn, what is meant by emphasis?

Sam Eastburn: Emphasis is putting more distress in one place than another.

The bullfrog is a funny thing. He's not like other folks! He often lives for many years After the time he croaks!!-

Mr. Schussman: Mr. Still, will you run up that shade.

Harlan Still: Sir, I'm no monkey.

Mr. Hicklin: What's a literary aspirant?

Marcus Roe: I guess it's what an author takes for a headache."

The sternest man I ever knew was a coxswain.

L. Sullivan: Give me a cigarette.

Joe Walsh: I'll see you inhale first.

Dr. Puryear: Do you know what happened in 1776?

Wayne-Biord: 1776? I can't even remember what happened last night.

Bill: I hope you'll dance with me tonight.

Ruth: Oh, certainly. I hope you don't think I came down here merely for pleasure.

What Is He?  
Freshman Girl: Who's on the board of control?

U. Guintini: Two men, two women and myself.

Harold Brogan and Louis Tallman entering office of Mrs. Kathryn Zane of the Eureka Junior High School, to report for their practice teaching.

Mrs. Zane: Just a minute, gentlemen, I'll be right with you.

A few minutes later, Mrs. Zane: Well, gentlemen, what can I do for you?

Brogan: We came over to do our practice teaching.

Mrs. Zane: Oh! I thought you were book salesmen and I was trying to get rid of you.

#### TO BE WORTHY PATRON

Leo G. Schussman, professor of education, is to be installed Worthy Patron of the Arcata Chapter Order of Eastern Star at its next monthly meeting.

### Violet G. Stone Back From Fresno Conference

Miss Violet Stone, supervisor of grades 5 and 6 of the college Elementary School attended a conference at Fresno last week, where the publication of a Nature Study Bulletin by the State Department of Education was discussed. All the teacher colleges were represented and three members from the state department of education were present at this meeting.

The discussion was led by Helen Hefferman, director of elementary studies for the state of California. The Fresno Teachers College faculty entertained those at the conference at a luncheon meeting, where Miss Hefferman talked on "Characters of Progressive Schools."

### Even Goats Like To Go to School

And then there was the goat who seemed to crave a college education last week. Quite innocently he approached Alma Matter, and just as he entered he met Mrs. Jessie Woodcock, financial secretary. Mrs. Woodcock hurried off one way and the goat the other way.

The goat munched at the lawn in front of the Commons, and then leisurely strolled through the halls. One felt as if at any minute he might hear a clatter of hoofs and suddenly feel the impact of a somewhat disgruntled animal.

The goat was extremely interested in the library, standing by the window for some time watching the students.

Ho, hum; wonder if the Commons will be serving lamb chops?

### Plans for Card Party Discussed by Y. M. C. A.

Plans for giving a card party were discussed by the college Y. M. C. A. at their regular meeting held Tuesday noon November 14 in Mrs. Clark Ostrander's music class room.

Myron Schussman was appointed general chairman to be assisted by Harold Welch, Archie Forson and Gerald Henry. The program will be handled by William Slade, the tickets by Robert Coons, and the refreshments by Richard McCoy.

The date has not been set.

### New Drum Sander For Industrial Dept.

Horace R. Jenkins, professor of industrial arts, is having a drum sander built for use in the college shop. Archie Forson is making the wooden frame, top, and drum; Frank Look is making the patterns from which the metal parts will be cast in the foundry in Eureka, and the machine shop work will be done in the Arcata High School shop by high school boys under direction of J. R. Boggess, teacher of auto-mechanics and machine shop practice.

### Dr. Puryear Talks To Arcata Rotary

"War Guilt" was the subject of a talk given by Dr. Vernon J. Puryear, associate professor of social science, at Humboldt State Teachers College, before the Rotary Club Friday noon November 17.

Dr. Puryear summed the historical events which lead up to the World War, and added to the historical facts, information which he collected after the war while doing research in several of the countries which took part in the war.

Courses in leadership training are being taught by Leo G. Schussman, professor of education, and Homer L. Arnold, professor of mathematics, under the auspices of the National Council for Religious Education, at Eureka and Fortuna.

## PLANS FOR SENIOR DANCE COMPLETED

The senior dance, a formal, will be held Tuesday evening, December 19, so the alumni of Humboldt, who are now teaching, may attend. This date also makes it possible for the friends of students at Humboldt, who are attending other colleges and will be home for the Christmas Holidays at that time, to attend.

Bertel Munther, senior class president, says that this dance is going to be one of the best ever held at Humboldt, and that the committees for the affair are working hard to uphold his words.

The committees for the dance are as follows:

General chairman, Ruth Carroll.

Decoration and theme: Carmen Alward, Wilson Woodcock; co-chairmen: Dolores Henders, Frances Thompson, Ruth Carson, Maxine Belloni, Harlan Still, Louise Johnstone, Jack Frost, Amy Vance, Carl Penn, Mary Elizabeth Cronin, Lucille Winter.

Dance Programs: Mildred Green, chairman; Zydenka Poscic, Janet Stewart, Alice Person, Oliver Viale.

Program and entertainment: Harold Brogan, chairman; Harriet Finne, Louis Tallman, Alice Carr, Dixie Lee Starkey.

Punch: Elna Gries, chairman; Bonita Hughes, Ada Sears, Drucilla Runner, Melba Daugherty.

Patrons and patronesses: Wayne Biord, chairman; James Hemphill, Alice Porter, Ugo Giuntini, Elva Quarnheim, Bertel Munther.

### College Orchestra to Go to Crescent City

The Humboldt State orchestra under the direction of Edmund V. Jeffers, has a full program this semester. Saturday, November 11, it played for the Arcata American Legion Armistice Day, program at the Arcata Legion building. Tuesday night, November 14, it played in Eureka at the Little Theatre production, "Hell Bent For Heaven."

Toward the middle of December the orchestra will go to Crescent City to present a 45 minute program in the afternoon.

### Memberships to Club Now Open to Alumni

The College Civic Club is to be a permanent organization rather than a club consisting of just those students who are taking Principles of Education at any given time.

Until now the College Civics Club was a club to which a student belonged only as long as he was taking a course in the Principles of Education; but, as one of the aims of this club is to foster civic interest between students and civic affairs, it was decided to change the membership requirements in order to include more members.

From now on all members of the student body or the alumni who have taken Principles of Education will be eligible for membership.

at Del Norte High School. The members, who will go in private cars, will leave in the morning and return the same night.
