FROSH PLANNING FOR BIG BRAWL

HOPE TO MASTER SOPHS IN FIRST BRAWL AT HUMBOLDT

The Freshman - Sophomore Brawl was the main topic of discussion at the freshman men's meeting Wednesday, October 18, in the assembly. With the "battle" only a few weeks away, the freshmen are making plans by which they hope to stop the sophomores.

Many different contests will be put on by the two classes. The program will consist of a greased pole contest, tug of war, boxing matches, and a basketball game. With both classes able to present many powerful men, evenly matched contests should be the result.

The president of the class, Wilson Belloni, has appointed men to look into the matter of getting men for the different contests, so the class will be able to take care of itself in the forthcoming "brawl."

W. A. A. Play Day Goes Over Big

The committee chairman of the 8th annual Play Day conducted by W. A. A. on Saturday, October 21, met Tuesday noon to list a few suggestions for making the next event even more successful than last Saturday's affair. Lucile Winter, general chairman, presided at the meeting.

A suggestion of apparent value is one that concise explanation of the game or games which are exhibited be given. Also a list of equipment used in the play day and the cost of this equipment would be very valuable to high school coaches.

That the squad competition idea was successful was pointed out at the meeting Tuesday, and a further suggestion that in the future years definite plans be made to make the two-color competition a tradition was stated. This year the Reds won from the Blues, 51-37. Other minor suggestions were made by various committee chairmen.

"Our Play Day this year was rated by the visiting coaches and girls, as the best play day ever put on at H. S. T. C." Miss Ann Craig told the Play Day committee Tuesday noon. "Of course," she went on to say, "that is the ideal toward which we are all striving—that Play Days be better each succeeding year."

Former College Coed Enters Matrimony

Miss Norma Minor, former Humboldt College student, was married to Otis Timmons, of Essex, Sunday afternoon at the home of the bride's parents in Glendale. Mr. Timmons is the uncle of Charles Timmons, Humboldt College student.

New Science Lecture Room to Be Made

Room 116, formerly the first grade room of the college elementary school before the latter was moved to the new building, is to be built into a regularly equipped science lecture room, according to J. Wendell Howe, assistant professor of biological science.

The room will be equipped with window shade, projection lantern, screen, demonstration desk, running water and gas. The work on the room will be done on Saturdays and between classes.

TOURNAMENTS ARE PLANNED BY CLUB

The Archery Club is arranging for a series of telegraphic tournaments to be shot against other college and universities during the year.

The University of California, Southern California, Stanford, the University of Arizona, Santa Barbara State Teachers College, the Arizona State Teachers College and the University of Oregon, are among the schools with whom Humboldt will probably compete.

In telegraphic archery tournaments each team's score is shot on its own range under regular tournament rules and the results are exchanged by wire.

Gordon Hadley is president of the H. S. T. C. Archery Club, Gene Lytell, vice president, and Ruth Carroll, secretary-treasurer.

Radio Talk Heard By College Y. M. C. A.

"The Young Man in Radio," was the subject of a talk given by C. G. Dippell before the college Y. M. C. A. at their meeting held Tuesday noon, October 24, in Mrs. Marie Clark Ostrander's music class room.

Mr. Dippell was one of the many American amateur radio operators whose services were drafted by the government at the time of the Byrd Polar Expedition for making contacts with the expedition through the short wave receiving set.

Mr. Dippell brought out the point that there was still a great field open to young men interested in radio reception. He also brought out the fact that the short wave radio would be valuable in the next war, and that all those who were acquainted with this type of reception would play an important part.

Mr. Dippell is the proprietor of Sea View Motocourt, opposite the Arcata Golf Club.

Harry MacGinitie Visits Humboldt

Harry D. MacGinitie, assistant professor of physical science at the Humboldt State Teachers College, and who is now on a leave of absence, visited the Humboldt College last week. Mr. MacGinitie is studying for his Ph. D. degree at the University of California.

Darol Fielding and Ernest Turner, former Humboldt State students, accompanied MacGinitie to Arcata. Mr. Fielding is enrolled in the school of Commerce, and Mr. Turner is enrolled in the school of Forestry. Both are going to the University of California.

THEATRE GROUP IS AIM OF G. WILSON

DRAMATIC HEADS HOPE TO BUILD REPERTORY THEATRE GROUP

Garff B. Wilson, new director of dramatics at Humboldt State Teachers College, hopes to build up at Humboldt College a repertory theatre group which will produce current drama—a group composed not only of college people, but of Humboldt County residents as well.

"I should like to see built up at the college," Mr. Wilson said, "a repertory theatre which would produce current drama, not only for Arcata and Eureka, but for the many surrounding communities."

"This, of course, would take

(Continued on Page Two)

349 STUDENTS IN HUMBOLDT

The enrollment of the Humboldt State Teachers College has reached the total of 349 students according to Miss Imogene Platt, registrar.

The freshmen lead the list with 35 last semester students and 85 new, for a total of 117 students. The sophomores are next with 62, juniors 47, seniors 46, special 48, extension 26, and post-graduates 3. There are 279 regular enrolled students.

Oliver Viale Helps Immigrant Students

All six immigrant students in the Americanization class which Oliver Viale, senior social science major, has been teaching at the Freshwater Grange hall two evenings a week the past year, passed the recent examination given by the United States government for applicants for citizenship.

The subjects taken up in Mr. Viale's class and covered in the examination included the Constitution of the United States and its history, reading, writing and spelling in English.

The class consisted of a Swiss-Italian, former sailor in the Italian merchant marine; a Swiss-Italian dairyman from the Alps; an Italian farmer from the plains of Tuscany; a Milanese stevedore, and two Portuguese truck gardeners. These men, from 25 to 40 years of age, had received common school educations in their native tongues before coming to America.

Three High School Coaches From H.S.T.C.

An interesting sidelight of the W. A. A. Play Day last Saturday was the fact that three high school coaches of the seven represented were graduates of Humboldt. These include Miss Evelyn Fielding, Arcata; Miss Hazel Christensen, Ferndale, and Miss Kathryn Nellist, Eureka.

All three women have themselves been active in organizing Humboldt Play Day.

The C. R. A. is going to sponsor an airplane trip on a gigantic air liner in the near future. If you are interested and want to go along, watch for further itineraries in the bulletin boards and in the columns of the Lumberjack.

"Cinch" Notices Due To Make Appearance

"Cinch" notices will be turned in to the office of Miss Imogene Platt, registrar, by the faculty members this week.

Students who have been doing work or have been failing will be among those whose names are turned in. Conferences with President Gist will be arranged for those students doing poor work.

The "cinch" notices are a customary action taken by the office of the Registrar at the end of the ninth week of each semester.

PI ALPHA PI TO SPONSOR ASSEMBLY

Pi Alpha Pi, local social science fraternity, will pledge its fall semester list of new members at a special assembly program Friday, October 27.

Those to be honored at that time by receipt of the orange and brown pledge ribbons are Valeria Del Ponte, Louise Johnston, Mildred Green, Alice Porter, Elva Quarneheim, Louis Tallman, Jessie Hinch, Evelyn Renner, Harlan Still and Alma Ruth Sweet.

Pi Alpha Pi was organized March 5, 1933, by the junior and senior science majors at Humboldt, namely Ruth Carroll, Paul Ely, James Hemphill, Jack Frost, Dale Merriam, Oliver Viale and Glenn Waldner to discuss economic, social and political problems of both national and international scope.

Dr. Homer P. Balabanis, vice-president and professor social science, and Miss Monica Wright, associate professor of physical education, are honorary members of the fraternity.

Election to Pi Alpha Pi is made from the junior and senior classes upon the basis of scholastic standing and apparent interest in social, political and economic problems. There are at present but 28 students enrolled at Humboldt who are eligible to membership in Pi Alpha Pi, and 19 of these are either members or pledges.

The officers of Pi Alpha Pi are, Jack Frost, president; Wayne Keltner, vice president; and Lucile Winter, secretary-treasurer.

The program Friday morning will consist of talks, music and the pledging of the new members.

College Professor Heads New Class

A class in bank organization and operation is being conducted by Dr. Homer P. Balabanis, vice president of Humboldt State Teachers College, on Monday and Wednesday evenings at 7:30 at the Eureka High School for the local chapter of the American Institute of Banking. It is open only to the members of this organization. The first meeting of this class was held on October 16.

Hallowe'en Party Planned by Girls

A Hallowe'en party has been planned for Tuesday, October 31, by the members of Sunset Hall, at the dormitory. The following were chosen for committees:

Leora Hunter, general chairman; decorations: Anna Brandt, Evelyn Renner; entertainment: Alice Carr, Janet Robinson; refreshments: Edith Reback, Marjory Brenner.

BOARD OF CONTROL RAPS ATHLETES

BOARD USES POWER TO PUNISH MEN AS EXAMPLE

Two members of the football squad have been found guilty by the Board of Control of conducting themselves in a manner injurious to their best physical condition the night before the San Francisco State football game.

These two members of the football squad were seen the evening before the game, or rather the morning of the game, in a public dance pavilion in Eureka and were asked by a member of the Board of Control to go home but the boys refused.

One of the boys, a sophomore, lost the letter that he had earned this year along with his unit toward his honor sweater; while the other, a freshman, had his letter withheld until the end of the 1934 football season, when he will receive it provided he follows the rules set down by the Board of Control. The board dealt more harshly with the sophomore than with the freshman because the sophomore was better acquainted with precedents connected with football training.

Humboldt State has never had a definite set of training rules concerning athletes, but rather the tendency has been to depend upon the integrity of the athlete himself; however, Coach Fred Telonicher, is very much in favor of this step which has been taken by the Board of Control in punishing those who break the precedents set of football training.

Library Association To Meet Saturday

The annual dinner program of the Seventh District of the California Library Association will take place on Saturday evening, October 28, at 6:30 in the College Commons.

The program will consist of talks by Miss Jasmine Britton, president of the California Library Association, whose position is that of Supervisors of School Libraries in Los Angeles, President Gist and Dr. Puryear. Miss Britton will speak on the subject of more adequate library publicity. President Gist on school libraries and Dr. Puryear will tell of his experiences in European libraries, with special reference to the difference in method between European and American libraries.

C. Edward Graves, Humboldt College Librarian, is president of the Seventh District of the California Library Association.

Former Student Wins Two High Awards

Miss Marseille Spetz, last year's Humboldt State Teachers College student, is attending the college of Pharmacy in San Francisco. Miss Spetz won the Chi Sigma Epsilon medal for being the most outstanding student in the freshman class, and also the \$10 award given annually by the Arcata Kiwanis Club to the Arcata High School graduate who has the highest average grade as a freshman at Humboldt.

Ethel Bjorklund, Humboldt State Teachers College student for the past two years, is teaching school in Scranton, North Dakota.

Success

Success, yes; that is just what we are going to say about the play "Interference" given last Thursday night. It was one of the most successful plays ever presented at Humboldt. The audience enjoyed it; that is why it was a success. Not only that, but it was a success financially. Approximately \$130 was taken in by pre-sales and at the door.

What made the play a success? Organization did it. Every student connected with the play worked and you saw the results. Congratulations, Mr. Wilson, and may you always have the same success with all your plays.

H

Success Again

Speaking of success, we might tell you how successful the W. A. A. Eighth Annual Play Day was. The committees worked and planned before the play day, and what was the result? It is another event that we might say was one of the most successful that ever took place at Humboldt. Every activity took place on schedule time and every one enjoyed doing her share. Why? because there was real organization. All right, students, let's remember some of these successful events and follow suit when it is our turn to do something; or maybe we can get the dramatics department and the W. A. A. to give us a few lessons. Do you think we need them? Perhaps we will next football season or perhaps this basketball season. Just remember this formula: A little ambition, the will to organize and the will to work. We might call all three the "Real Humboldt College Spirit."

H

The sixth grade of the College Elementary School is making a survey of newspapers. They are studying the types of makeup, kinds of stories, the newspaper office and the kinds of paper on which newspapers are printed.

Presidents
ColumnWHO SHOULD ATTEND
HIGHER INSTITUTIONS?

This question has been asked since the first higher institution was established. Formerly such education was planned for those entering the ministry and some of the professions. Now as we see the opportunities extended beyond the mere occupational aims, we may say all who can benefit by higher advantages should attend if financial arrangements can be provided.

How do we attempt to determine who will benefit by such training and education? What are the necessary characteristics of the prospective student to qualify him for these benefits?

First, there must be a deep-seated desire for a college education. We will benefit by opportunities only to the extent that we desire to be benefited. Colleges and universities are for only those who wish to attend.

Second, intelligent, energetic effort is essential to success in college. We will not benefit by absorptions; effort is necessary. Willingness and ability to work are necessary qualities to success in college and in life.

Third, the ability to do college work is another qualification which is analyzed in determining who will benefit by a college education. This ability is analyzed in two ways: by the type of work accomplished in the high school before entrance and by that done in college after matriculation. At Humboldt and the other teachers colleges in California "twelve recommended units" is the requirement for clear admission from the high school. This means that the students must have secured twelve units of A or B grades in high school. We admit some students with less than 12 recommended units on a provisional basis. About half of these provisional students seem to benefit by their college experience as evidenced by the quality of work done. Rarely do students with less than six recommended units profit by college attendance.

Higher education is one of America's greatest opportunities for certain students. Who are these students?

ARTHUR S. GIST,
President.

College Student Is
Leader of 4-H Club

The Freshwater-Indianola 4-H Club directed by its leader, Oliver Viale, Humboldt senior, recently gave two plays at the Freshwater school house. The first of the plays was a two-act comedy "The Venerated Savage," and the other a one-act farce "A Hectic Week End."

The net profit of \$12.50 earned by the plays will be used to further the club's fall program.

GERMANY IS DISCUSSED

Germany's withdrawal from the League of Nations was the subject of discussion at the regular bi-weekly meeting of Pi Alpha Pi, social science fraternity, in the Social Unit Tuesday, October 17.

ARE YOU THE
CAUSE OF THIS?

There have been complaints regarding the use of the Social Unit during the present semester. Rather than close the room to further use the committee in charge is posting this notice. Further complaint will result in closing the room permanently. Following are the complaints which came before the Student Affairs Committee:

That certain students have been playing the piano and thus disturbing the library.

That certain students have deliberately placed their feet on the upholstered furniture. Note: Student body is responsible for furniture.

That students have jimmied the locks on the doors and entered at times when rooms were not open to students.

That students have entered the rooms and locked themselves in.

Students are requested to refrain from entering the rooms when the class in Recreational Reading is in session on Tuesday and Thursday during the 7th hours.

Your co-operation is needed in maintaining this social room at Humboldt.

STUDENT AFFAIRS
COMMITTEE.

J. Wendell Howe, Chairman; Oliver Viale, May Emily Speier, Student Members.

Theatre Group is Aim

(Continued from Page One)

time and work. It would require a large group of trained actors who could produce plays quickly and well. It would also require funds sufficient to insure production costs and an efficient technical and business staff.

"Finally, it would require community support. By support I do not mean merely attending a play. I should hope in time to draw actors and technicians from the faculty and from the townspeople. Co-operation between these mature persons and the students would be beneficial to both.

"Such a theatre intelligently and artistically managed would provide no end of entertainment and education."

Mr. Wilson, who came to the college faculty this fall, participated in dramatics in high school and at the University of California. For two years he was production manager for the Greek Theatre plays at the university and last summer was assistant director of the university summer session plays.

Twenty-Seven Women
Staying at Dormitory

With 16 of the girls back from last year plus 11 more the Sunset Hall is about filled to its capacity.

Officers of Sunset Hall who were elected last year are: Dorothy McGovern, president; Janet Robison, vice president; Annabelle Stockton, secretary; Eleanor Renfro, house manager; Miss Ellen O. Johnson is head resident.

The girls who are living at the "dorm" are: Dorothy McGovern, Scotia; Carmenita Alward, Pepperwood; Elma Biasca, Anita Calanchini and Elna Gries, Ferndale; Blanche Charles, Cal-exico; Louise Johnstone, Petaluma; Eleanor Renfro, Kelseyville; Louise Parker, Clear Lake Highlands; Leora Hunter, Fortuna; Janet Robinson, Bandon, Oregon; Margaret Burchell, Marysville; Edith Reback, Holmes; Mary Shinn, Honeydew; Annabelle Stockton, Shively.

Freshman girls who are residing at Sunset Hall are: Elizabeth Ferril, Fort Dick; Bessie March, Potter Valley; Marie Goff, Lydia Biasca, Ferndale; Mary Jane Yuill, Chescant City; Marjorie Brenner and Emy Lou Grove, Scotia; Margaret McCammon, Petaluma; Evelyn Renner, Ferndale; Alice Carr, Rhonerville, and Doris Clark of Potter Valley had been students at Humboldt but have not previously lived at the "dorm." Alma Lois Gallagher of Fortuna, transferred from Occidental College in Los Angeles, and Anna Brandt also of Fortuna, transferred from Long Beach Junior College.

H

Eureka Leads
In Registration

Of the 349 students enrolled at Humboldt State Teachers College there are 117 freshmen. The freshmen who enrolled last January total 35 and 82 who enrolled this fall. Eureka, as in the past years, leads the list for new students, with 31. Arcata high school is next with 22. Fortuna has 10, Ferndale 6, Del Norte 2, Santa Anna 2, Willits 1, Ukiah 1, Hillyard high, Spokane, Washington, 1, Modoc high school, Alturas 1, Sequoia high school, Redwood City, 1, North Bend, Oregon 1, University high school, Oakland 1, South Fork high school 1, and Potter Valley high school, Mendocino County 1.

HUMBOLDT SPORTING NEWS

FRESHMEN TO HAVE BASKETBALL TEAMS

The Freshmen of Humboldt State have organized two basketball teams for the coming season. Ugo Guintini has been appointed coach of the teams.

Both a lightweight and heavy-weight team will represent the frosh class. The teams will play the county high school teams and any others who wish games.

Many former high school stars are among the men who have turned out for the teams. The tentative personnel of the teams is as follows: Clyde Brownlow, Wilson Belloni, Everett Watkins, Joe Walsh, William Henders, Collis Mahan, Terry Myers, Robert Coons, Roy Ivancich, George Burwell, Sam Davis, Harold Merriam, Lyle Thompson, Harry Zook, Joe Paul and Richard Mead.

Specimens Are Gift Of Game Commission

A museum case containing specimens of mammals from the southwestern part of the United States has been given to the Natural History Museum at Humboldt State Teachers College by the State Fish and Game Commission. This gift is in line with its program of co-operation in teaching wild life conservation with the state teachers colleges, according to Robert H. Poultney, professor of biological and physical sciences at Humboldt State. The case contains kangaroo rats, Weasels, wood rats and mice, as well as several specimens of birds from the southwest.

Professor Poultney will be glad to receive, either as gifts or loans, specimens of birds and animals. They will be well cared for and stored in zinc-covered insect and vermin-proof cases in the museum for the use of the general public, and for college students, especially those who are preparing to teach in Humboldt County.

The museum which at present consists of four large zinc cases, and six or seven glass cases containing mounted specimens of birds, is in Room 114.

Three New Books On Rental Shelf

New books on the rental shelf in the library this week are "No Second Spring," by Janet Beith, "Two Black Sheep" by Warwick Deeping, and "One More River" by John Galsworthy.

Upperclass Meets Frosh on Monday

Next Monday afternoon, October 30, the women's Hockey Schedule will get under way with the Sophs playing the Upperclass team on the Athletic Field. Wednesday, November 1, the Frosh will play the Sophs; Friday, November 3, the Frosh will play the Upperclass; Monday, November 6, the Frosh will play the Upperclass team again; Wednesday, November 8, the Frosh will play the Sophs; and Friday, November 10, the Sophs will play the Upperclass. In case of bad weather for any of these dates, the games will be played the week following.

Both the Upperclass and the Soph teams have had some previous experience in hockey in former seasons, but according to the Frosh coaches the freshman team has shaped up surprisingly well, and will give the Sophs and Upperclass a good work-out.

Herbert Nelson Is Singles Champion

Two Humboldt State Teachers College students, Harold Brogan and Herb Nelson, battled five hard sets to determine the men's tennis singles championship of Northwestern California recently. Mr. Nelson finally won the championship. The scores were: 1-6, 6-4, 9-7, 3-6, 6-1.

Nelson is also co-holder of the men's doubles championship with his brother, Eric, and is co-holder of the mixed doubles championship with Clara Dillon of Fortuna. The Nelson brothers defeated Harold Brogan and Harry Zook for the men's doubles championship. Miss Dillon and Nelson won the mixed doubles championship from Lucille Winter and Harold Brogan by default.

The tournament was played on the college courts the last three Sundays.

Football Men to Take Basketball

Coach Fred Telonicher wants all football men to understand that the end of the present season they must turn out for the basketball squad to get credit for athletics.

Men who do not go out for basketball must enroll in a physical activities class or they will not be given a passing grade according to Mr. Telonicher.

Credit in athletics will be given only to men who go out for both football and basketball. If one joins a physical activities class after football season one receives only the amount of credit given for physical activities and not for the athletic course.

Plan to Construct Clay Egyptian House

The fourth grade boys of the College Elementary School have been making sun-dried bricks. The molds are made out of wood, and the clay used is found back of the Humboldt State Teachers College. The clay is moistened and placed in the molds to dry. From these bricks the boys are going to construct an Egyptian house. Harold Brogan is the student teacher in charge.

Bench Talk

By RIP AND TEAR

Yes, football is finally over. We played all of two games this year, one with the Eureka Alumni and with San Francisco. About \$500 was spent this year for football and approximately \$150 was turned back through gate receipts leaving a total of \$350 spent. Not so bad considering the expense of bringing a squad of football men 300 miles and also for football material.

Basketball has started earlier this year than any year previous. Why, because so many men have been hollering for it, but, why don't those men turn out. Talking basketball and practicing are two different things, eh what?

There is one person in our midst who suffered a great disappointment this year. The San Francisco game was only three weeks away and this person was practicing hard every day so that he would be in condition for the "big" game, and how he worked. Everyone was looking forward to see this person in action and he felt it. But that night game when the college played the alumni and everything looked fine until the whistle blew and Franny Moore had to leave the game on account of an injured shoulder. Yep, and it was that injured shoulder that kept Franny out of that "big" game. Tough break Franny, but maybe we will have two "big" games next year.

Fine student body meeting we had last Friday, I would say. Yes, and about five people expressed their opinions (all except Bill Ott and he wasn't present). How about more of you so-called active members doing a little talking at the meetings? You pay \$5 per semester and the floor is yours as long as you can hold it, except when your argument doesn't hold water, says Wayne.

BASKETBALL MEN GETTING WORKOUT

By L. H.

Coach Telonicher is going right after the fellows already, starting from the bottom and working up. He has the men dribbling, passing, shooting and pivoting. The fellows seem to like it because they're sure going after it, and there isn't any fooling around.

Coach wants a passing and cutting team, working the ball into the bucket for short shots, and believe me, he is going to have it if the fellows keep up their good work.

The fellows that are out from last year's varsity are: Hadley, Hemenway, Simpson, F. Moore, Sullivan, and the men from the reserves, are Zook, Brogan, H. Moore, Guintini, Timmons, and Hartman.

Baseball Team Elects Captain

James Hemphill was elected captain of the 1934 Humboldt State Teachers College baseball team at a joint meeting and dinner of the squad which was held at Bella Vista inn recently. Those who attended the dinner were: Louis Canapa, Len Hartman, Benjamin (Buzz) Marshall, Ugo Guintini, Wayne Simpson, Charles Timmons, Melvyn Christopher, Carl Penn, Francis Moore, Wilson Woodcock, John Davitt, Coach Fred Telonicher and Billie Roberts of Eureka.

After the dinner the boys went to Eureka to the Arcata-Eureka football.

School Council Is Organized by Pupils

An Elementary School Council composed of Humboldt College Elementary School pupils has been organized. Each room elected a pupil to be a member. This council makes arrangements for all assemblies and helps solve problems that may arise in the school. Beverly Roberts is chairman and Imogene Elmore, secretary. The following pupils are members of the council:

Grade Two: Helen Rebeiro; Grade Three: Wilma Tonini; Grade Four: Betty Arnsen; Grade Five: Ross Roberts; Grade Six: Imogene Elmore; Grade Seven: Beverly Roberts; Grade Eight: James Griffin.

Miss Maxine Belloni, college senior, was elected by the student teachers to be faculty advisor.

FOUND—A SUEDE COAT

W. A. A. CONFERENCE PROVES INVALUABLE

That health work is a field in which the Women's Athletic Association can make a definite contribution was one major conclusion drawn from the four-day conference between Humboldt, Mills, San Jose, and San Francisco Colleges held at Humboldt last week end. It was reported that from the entire platform of the Athletic Federation of College Women, probably the health phase is most neglected. The group decided that each college would have to meet its own problem in its own way, since very little experimentation had been carried on in other colleges.

This conference was held following a breakfast served by the W. A. A. Board at the Ostrander out-door fireplace Sunday morning at which time Miss Marjorie McLaren of Mills College, Miss Pat Pace of San Jose, and Miss Margaret Mareek of San Francisco were guests of the local organization. Miss Ruth Carroll, president of W. A. A. at Humboldt, presided at a most informal discussion of W. A. A. problems.

Miss McLaren, who was a delegate to the national conference of A. C. A. C. W. (now A. F. C. W.) discussed at length the last conference at Austin, Texas. She explained the platform of the A. F. C. W. concisely, and congratulated Humboldt upon joining the national organization last week. Miss Pace explained the "Noon-day Bracer" a noon recreation period at San Jose, as well as the function of the Hiking Club, the working of the new club unit organization of the W. A. A. in that college, and the results of the elimination of the awards system.

Miss Mareek, San Francisco's representative, told the high points of the coming San Francisco Play Day for High School girls and some of the problems confronting her group at present.

Humboldt's contribution to the conference was in explaining how Humboldt W. A. A. interests the freshmen in joining W. A. A. and in the W. A. A. Play Day.

Practice Teachers Visiting Schools

Miss Myrtle Sholty, director of training at Humboldt, through the co-operation of Mrs. Bertha Murry, county superintendent of schools, has made it possible for all practice teachers of the College Elementary School to visit two days in a rural school during the week of October 23 to 27.

The practice teachers will observe the school environment, the program for four to six grades in a room and the methods used by rural teachers. The practice teachers are assigned to the different nearby schools: Freshwater, Worthington, Bayside, Canal and James schools.

"The rural teachers are rendering service to the college by giving the student teachers the opportunity to visit their schools, and it is considered quite a privilege to the student teachers," Miss Sholty said today.

Volley Ball Will Start Games Soon

The list of teams for the coming volleyball series is on the Physical Education section of the bulletin boards. There are eight teams picked by the community recreation class, with talent divided as evenly as possible.

Teams are expected to practice together some before the start of the regular games next week. Francis Moore and Mary Neilson are conducting volleyball this year.

More Time Given On Reserve Books

C. Edward Graves announces that non-reserved books can be taken out for two weeks instead of one this semester. The rental fees are also less: Five cents for three days instead of two days, and five cents for four days on a non-fiction book. Mr. Graves recently talked to the orientation classes on rules for the library.

Satan Will Appear In Near Future

Satan himself with hoofs, horns, tail and glowing pitchfork may soon be seen by visitors to the industrial art's department amidst flames as hot, if not as eternal, as those of the hereafter.

Horace R. Jenkins, professor of industrial arts, who will have charge of the exhibit, states that he cannot at present give the exact date of his Infernal Majesty's arrival, but that it will be announced by loud roarings in the kiln room and dense clouds of oily black smoke pouring from the chimney. Mr. Jenkins states that spectators will be fully protected.

Lest anyone be prevented, by conscientious scruples, from viewing the captive, it should be explained that the "Devil" is one of the grotesque clay statuettes molded by Lloyd Wasmuth in the pottery class. The figure will be visible through the isinglass covered peep-holes in the kiln door, amidst flames from the crude oil burner.

"Interference" to Be Shown at S. F. S. T. C.

The play, "Interference," will be taken to San Francisco, where it will be presented at a play festival at the San Francisco State Teachers College Thursday evening, November 16.

"The main object of the tour," states Garff Wilson, director of the play, "is to create still better relations between San Francisco State and Humboldt. Another object is, of course, to give the cast the experience of giving a play before a new audience on a different stage."

Humboldt will present their play on the first night of the festival, and San Francisco State will present "Outward Bound" the following evening.

The Clumsy Wit Column

Mistress (to new maid): We have breakfast generally at 8 o'clock.

Maid: Well, mum, if I ain't down to it, don't wait.

Wayne: Shall I bring my brother when I come next time.

Jessie: Sure, bring your brother and you stay at home.

Leo: Try this cigar I got for my birthday. They are the best out.

Earl: How are they lighted?

Carl: If I tried to pet you in front of your father how far would I get?

Ione: As far as he could kick you.

Bells wake us up in the morning. Bells lull us to sleep at night. It's Bells that keep us from starving, and it's Bells that make us recite. In years to come it is certain that whenever we hear a Bell, the old grudge will still be hurtin' and we'll damn that damn Bell well.

A senior (to garage mechanic): Have you anything that will stop knocking?

G. M.: Certainly.

Senior: Well, please pour five gallons of it down Martha Sunnari's throat.

Mystery Play Draws Capacity Attendance

"Interference," the first play produced at Humboldt College by Garff Wilson, new director of dramatics, cleared about \$80 when a full house attended it in the college auditorium last Thursday evening.

Mr. Wilson stated that he wished to thank the faculty for their assistance with stage properties, and the people for their interest in the play. He was pleased with the able performance of the cast and considered the play a very good beginning.

He hoped for a more stimulated interest in dramatics here. More interest will make better chances for future success, he said.

He announced that "The Butter and Egg Man," a three-act comedy, will probably be his next play.

Pupils Under Former Student Win Trophy

Pupils under Mae Cloney, 1927 Humboldt graduate, won a silver trophy for the exhibit sent to the State Fair.

In response to a request by a Lumberjack reporter Miss Cloney has written the full details. Parts of her letter as follows:

"Our Rural Supervisors collected the materials we had made during the term and took them to the State Fair. Our exhibit won the silver trophy. We sent in the best of our work from all eight grades which included Nature Study notebooks, music notebooks, toy ducks, dogs, bear, elephants, airplanes and boats, bird sticks, oil cloth tie-backs, and memo pads, a crepe paper boudoir doll, and silhouette pictures painted on glass with crushed cellophane paper and water-wash backgrounds. These were the main features of our exhibit.

"This last term I have tried to have the pupils make more practical things because they need things of that sort at home. We sent in two full-sized quilts and four small quilts for baby beds. Also Yo-Yo pillows, woven hot-dish mat sets, oil cloth sewing kits, glass pictures, toy animals, bird houses and jazz birds made of pine cones."

Miss Cloney is teaching in the Canal District School.

Weekly dancing classes have been established on the campus of Pomona College to enable all students to become proficient in simple ballroom dancing.

Students Ask for Revised Constitution

A Constitutional Committee was appointed by President James Hemphill to revise the present student body constitution of the Humboldt State Teachers College at a meeting of the Associated Students last Friday. The committee appointed is composed of Elva Baumgartner, Ugo Giuntini, Bill Ott and Ruth Carroll.

It was also moved and passed, to add three members of the recreational class to the Recreational Commission of the college.

A motion was made to add \$50 to the guarantee for the San Francisco football team trip. It was passed.

A musical program was presented before the meeting opened for business. A number of songs were sung by the students under the direction of Miss Ione Hamilton, accompanied by Mary Emily Speier. Wayne Simpson played two banjo solos, "When Day is Done", followed by an encore.

James Hemphill presided.

Miss Ella Woolner Marries Eureka

Mrs. Wayne S. Hallinan, formerly Ella Woolner, has returned from her honeymoon and is now making her home in Eureka.

Mrs. Hallinan is a graduate of the Arcata Union High School and attended Humboldt State Teachers College for two years. She was a member of the famous Humboldt Collegian and participated in dramatics and social activities.

She is the daughter of Mrs. Chester Bronson, of Moclips, Washington.

Robert Poultney Talks to Scouts

Robert Poultney, professor of biology at Humboldt State Teachers College, talked to the members of troop 9, Boy Scouts, at their regular meeting held Monday night, October 23, at 7:30 in the Scout room of the Legion hall in Arcata. Professor Poultney exhibited mounted birds and animals to the boys. He told them some easy ways of identifying birds in the field. Poultney is the examiner for the merit badge in bird study.

J. Wendell Howe, assistant professor of Biological Science, is the troop scoutmaster.

Committee Formed By Sunset Officers

The Sunset Hall officers have formed an executive committee to carry on business and take up new problems.

The officers are: Dorothy McGovern, president; Janet Robison, vice president; Mary Shinn, secretary; Annabelle Stockton, treasurer; Eleanor Renfro, house manager; Leora Hunter, social chairman; Miss Ellen O. Johnson, advisor.

Horace R. Jenkins Entertains Class

Horace R. Jenkins, professor of industrial arts, gave a party in the Social Unit for his students and their friends Wednesday evening October 18.

Stories, games and refreshments featured the program.

Smoking in corridors and classrooms is an accepted custom in many colleges and universities.
