NUMBER 10

## CHICO GAME MAY DRAW EXCURSION

STUDENT BODY ROOTERS TO  
GO WITH TEAM IF PLAN  
SUCCEEDS

Interest aroused in a recent assembly because of the excellent record of Humboldt State's basketball team may result in the taking members of the student body to the Chico basketball games March 1 and 2. Plans to accommodate students who wish to attend the games were being made here today by various faculty members and students.

One plan is to charter a bus to make the trip. However, the plan that will probably be used, according to persons making arrangements, is the second one which is to go in private cars.

Several students and faculty members have already promised to take their cars provided that a number of students will go. Additional information will be posted on the bulletin boards, and anyone particularly interested may see Gillis Courtwright at the bookstore.

The transportation for the 300-mile trip will probably be less than \$5 for each person. There is also the possibility of free or low lodging rates at a Chico dormitory which has not been in use for the last semester. A letter inquiring as to the possibilities of this lodging has been sent to Chico.

Opinions expressed by parties who would be interested in seeing the student body make the trip were as follows:

**PRESIDENT GIST:** I heartily approve of the student body in its attempt to send students with the team. I hope that it will be possible for me to be among those making the trip. The team and the coach both deserve our hearty support. Furthermore, it will be good to show Chico the loyalty of Humboldt.

**GARFF WILSON:** I believe that Humboldt State should give its students an opportunity to make a trip at least once each semester with their team, therefore, I am heartily in favor with the plans to make the Chico trip.

**CHARLES TIMMONS:** It is a good idea; it will bolster the team spirit. The other rooting section, cheering for its own

(Continued on page four)

## Schubert Program For March Meeting

The next meeting of the Pro Musica Club, to be held some time in March, will be given over to Schubert and his music. The entire program will consist of Schubert's compositions.

According to present plans, Mrs. Marie Clarke Ostrander will sing a group of songs, Harry D. MacGinitie will play several piano numbers, and Dorothy Williams will play a group of cello solos.

## L. Stinson

Independent Richfield  
Dealer

Foot of College Hill

## Like Myths? Here's One About a Siren

When a well-known student, a prominent athlete, was a little late for the basketball game the other night, he stepped on the gas coming across the marsh. A siren—not the kind you're thinking of, however—induced him to stop.

"Sixty," said the officer.

"Why, officer, I was only doing—"

"Tell it to the judge," interrupted the officer.

Moral: When you are late, start earlier.

## STRONG CHICO FIVE AWAITS HUMBOLDT

Humboldt State will face its toughest competition of this season when the Humboldt State Teachers College varsity meets the Chico "Wild Cats" at Chico on March 1 and 2.

Chico and Fresno State are fighting for the leadership of the Far Western Conference with San Jose State a close second. Chico lost to U. C. L. A. by two points at the beginning of the season. The power of the Chico offense is shown by their victories of 61 to 45, and 43 to 31 over the strong San Francisco State Teachers College team.

Ernie Lambrecht, Chico forward, is Coach Art Aukers' big scoring machine. He gathered 38 points against Fresno State in the two games, and scored 26 points in one game against San Jose State.

## Purveyor Will Teach In Ohio This Summer

Dr. Vernon J. Puryear, professor of Social Sciences, will teach upper division history courses at the Ohio State University, summer session from June 17 to July 26. He will probably teach two three-unit courses: "Europe Since 1914," and "Europe 1500-1815."

Dr. Puryear will leave Humboldt shortly after the end of the present semester and will return before the beginning of the fall semester.

## Photo 'Dark Room' To Be Constructed

A photographic dark room for the science department of Humboldt State will be constructed soon in a now unused room beneath the college library. The photographic room will be a modern one, containing all of the necessary equipment to develop and enlarge pictures.

Although the room will be equipped for the use of the science department, it is expected that anyone will be allowed to use it.

## U. C. Dean to Speak At Science Assembly

Dean B. M. Woods, former vice-president of the University of California, now head of the mechanical engineering department of that school, will be the speaker at the Science Club assembly at 10 a. m. tomorrow morning.

Dean Woods is a professor of aeronautical engineering, and will speak on that phase of his work.

### TAKES TEACHING POST

Miss Ada Sears, class of '34, has accepted a position teaching in the eighth grade in the Fortuna Elementary School.

## TRAVEL COURSE IS PLAN FOR SUMMER

HARRY MACGINITIE OFFERS  
CHOICE OF THREE  
GEOLOGY TRIPS

Plans for a special field course in Geology and Forest Botany to be given in connection with the Humboldt State College summer school were announced yesterday by Harry D. MacGinitie of the faculty, who will teach the course and have charge of the trip.

Mr. MacGinitie has arranged details for three possible trips. Only one of these trips will be taken, the choice to rest upon the desire of those who enroll for the course. Three to six units of college credit will be given, depending upon which trip is taken. The shortest trip planned would take about two weeks and cost about \$75; the longest would take at least four weeks and cost approximately \$125. Each figure, incidentally, includes registration fees.

To make any one of the trips economical, Mr. MacGinitie said, at least 20 persons should sign

(Continued on page four)

## Miss Craig Chosen Health Group Head

Miss Ann V. Craig, professor of physical education, was elected president of the local unit of the California Association of Health, Physical Education and Recreation at their organization meeting in Eureka last week. The purpose of the club is to secure closer contact between local workers in the field of health, physical education and recreation and to promote projects along these lines.

The local organization is a part of the state association whose program aims to awaken a wide and intelligent interest in school health, physical education and recreation; to acquire and disseminate accurate information concerning these subjects; to assist in promoting adequate programs in these fields throughout the state, and to affiliate with state and national educational associations.

## H. Jenkins Addresses Arcata Kiwanis Club

"How to Ride a Hobby Horse" was the subject of a talk by Horace A. Jenkins, professor of industrial arts, before the Arcata Kiwanis Club recently.

Mr. Jenkins discussed hobbies which could be carried on in a man's leisure time, in each case naming local men who were interested in that hobby. Among the avocations which he recommended were photography, copper and metal working, book binding, grinding stones, tooling leather and using woodworking tools and machinery.

Phone 272-R

## Opalescent Optic Onerous to Owner

The usual stories of "Oh, I stumbled and hit a door knob" were being told recently by the affable manager of a certain sport at Humboldt State.

Stories to the effect that causes other than that mentioned above were responsible for the condition of the orb were being circulated by the friendly enemies of the victim.

The stories, however, were without foundation, except that the eye was in rather bad shape, to say the least.

## TOMORROW'S DANCE "CARNIVAL NIGHT"

"Carnival Night" will be the theme used at the student body dance tomorrow evening. The dance will be sponsored by the Rousers, sophomore honor society. The Rousers chose "Carnival Night" as the theme of their dance because of their desire to have a novel evening.

The dance will feature booths with fortune tellers, clown entertainers, and other carnival features. Refreshments also will be served.

The affair, which is being directed by the chairman, Joseph Walsh, will be a regular student body dance, and will use the bid system. It will be in the college gymnasium from 9 until 12 o'clock and will be informal. Herbert Inskip's orchestra will play. Assisting Walsh on the committee are the other Rousers and J. Wendell Howe, assistant professor of biological science, who is advisor for the group.

## Men's Group Plan March Barn Dance

A barn dance, to be given by the Men's Association of Humboldt State, has been scheduled for the early part of March, possibly on the 8th.

At a meeting of the men students lately, it was decided to give the dance in the college gymnasium, and to charge a small admission fee instead of giving it as a student body dance.

Tentative plans are to make the dance one of the real old type barn dances. The committee in charge is making plans to discover new amusements and features that they can use in

In charge of the dance are Charles Timmons, student body president, and Lyle Thompson, head of the Humboldt State committee.

### SON IS BORN

Mr. and Mrs. Ben Feuerwerker of Arcata, announce the birth of a son Tuesday of this week. Mr. Feuerwerker is a former Humboldt State student. He played first violin in the college orchestra and was soloist with the Humboldt Collegians, the student entertainers who toured Redwood Empire annually.

### PRESIDENT SPEAKER

President Arthur S. Gist of Humboldt State, was the guest speaker Wednesday at the Fortuna Business Men's Association.

### CHAIRMAN NAMED

Betty Boggess has been appointed general chairman of the annual College Women's Play Day which is to be held on April 25. Further plans have not yet been made.

## LANDSCAPING WORK BEGINS AT SCHOOL

GROUND NORTH AND EAST  
OF ELEMENTARY BUILDING  
TO BE IMPROVED

Initiating President Arthur S. Gist's program for the progressive development of the grounds around the Humboldt State campus, a crew of college boys, paid from the FERA funds, are improving the grounds north and east of the College Elementary School building.

Plans for landscaping this section were drawn last year by J. Wendell Howe, assistant professor of biological science. The cuttings for the flowers and the hedge were started in the college greenhouse at that time so that they would be ready to transplant this spring.

The crew of workers have hauled leaf mould from the woods behind the campus and replaced the clay and gravel left exposed when the building was constructed. Two arbor vitae have been planted at the head of the steps at the north entrance. Escallonia, enonymum, arctostaphylos, and English laurel have been set against the wide wall spaces of the north facade. Fuchsias, abelias, and buddleias will be planted to fill the spaces between the larger shrubs. A small lemon tree has never done well on the high, windy, hillside terrace, has been planted in a sheltered corner on the east side of the building.

The shrubs which have been transplanted were taken from the terrace and the lawn in front of the administration building where the plants had grown too large or were crowding each other.

A flagged walk similar to the one recently built around the circle drive south of the commons will replace the present graveled terrace the length of the building. A hedge of lonicera will be planted between this and the street.

During spring vacation in April a cement curb will be built along the edge of the pavement. In the meantime a row of logs have been laid to protect the landscaping from traffic.

### PUPILS VISIT RANCH

Accompanied by Lydia Lovejoy, student teacher, the second grade of the College Elementary School visited the Hunt ranch near Arcata last week to see the sheep and other farm animals. The trip was a part of a project in studying pastoral people, their way of living, and the animals they cared for.

Business Manager — Myron Schussman.

## Chico Game

Humboldt students who can possibly go to Chico the first and second of March should do so. Humboldt's basketball squad of about twelve men will be there to play Chico's, and our team will need plenty of support in the bleachers.

Our team has a good record this season, but so has Chico. Humboldt has won eleven games and lost two. Chico, on the other hand, is leading its conference and defeated San Francisco State twice already this season. Last year, however, Chico beat San Francisco State. San Francisco State defeated Humboldt, but Humboldt took the champs from the Far Western Conference in both games. Humboldt has a good chance of winning both games at Chico this year. The games should be good and will be worth the trip over and back.

Several students are planning on taking private cars, and there is talk about chartering a bus to go to Chico. The trip can be made quite cheaply, and those who go will have a good time.

Find out who's going. Perhaps you can arrange to go, too. You know, the more students at Chico the first and second of March, the merrier Humboldt's spirit will reign.

## Childishness

A surprising degree of childishness is still apparent in some State students who encourage the dogs and cats who sometimes frequent our campus to enter the library and cause a few amusing moments for the students at the expense of the librarian whose duty it is to put the animal out.

Such tactics aren't even seen in kindergartens any more. After the number of times this same act has been put on, it has lost all claims to originality or humor that it may have had at one time.

Grown up children or at least "Act your age."

## Yellocution

We have some people in this school who go about the building singing and yelling at the top of their voices while classes are in session. The walls aren't sound-proof and no appropriations from the Federal Housing Act has been made to make them scream-proof.

If you must sing—join the glee club. If you must yell—come to the games or find an abandoned well.

War harms everybody, helps nobody, settles nothing.

## Commute With Us and Commune With Nature

"Where is Pat with that bus?" asks one student commuter of another. "It is 8:21, he is one minute late already. But Pat arrives and the students go merrily on their way."

At the Eureka depot they pick up, as they occasionally do, an outside passenger. She was a very talkative little old lady, and aroused the ire of the studious students. (One does not like to be annoyed at 8:30 when he has to read 195 pages of history before a 9 o'clock class.)

"What an exquisite country you have up here—oh, how the gigantic trees thrill me," said the outside passenger.

The students began to wish that they were all of the way over, instead of only half. Confound her—one just must study for quizzes.

"You know I have heard that there is a beautiful cemetery with an exquisite buff-colored mausoleum up here that overlooks this tranquil Pacific, that is the kind of place where I would like to be buried."

"That would suit us fine," thought the eight students in hearing range.

"Oh, look" she cried, as the bus came out of the cut, "that must be the mausoleum up on the hill."

Eight pair of eyes jerked upward, showing attention for the first time, and they beheld — Humboldt State Teachers College.

## Six Sanguine Souls Suffer for Science

Six hardy souls, full of ambition started out for Kneeland Prairie to view a recent eclipse of the sun. It was 6 o'clock in the morning, freezing temperature, and nasty weather. But the brave little party was working for the advancement of science.

Doughnuts, coffee and sandwiches would keep the band from starving to death. The guide of the party carried the large telescope to a strategic point.

They sat down for a bite to eat while waiting for the few clouds to clear. Someone had left the sandwiches back in the car! Nobody wanted any coffee, but the doughnuts were delicious.

An hour past, another past, and it was still cloudy. And here the story ends, for the party left, and for all that they know—it is still cloudy.

Members of the party were Mr. and Mrs. J. Wendell Howe, Barbara Jean Russel (whose doughnuts saved the day) Elizabeth Fantz, Irving Manson and John Gallop.

## Carmen Alward Back For Additional Work

Carmen Alward, '34, has returned to college to take work in the department of education for the second semester and to be on the student teaching staff at the College Elementary School. Since her graduation last June Miss Alward has been to Europe.

She and her mother left a few days after commencement and spent two months on the continent and in the British Isles. She has spent the fall at her home in Pepperwood.

Few things worse than the smile that never comes off except at home.

## In Other Colleges

Here's a story with a moral that might be heeded by some of our professors who suffer from the same malady. At San Diego when the bell rang at the end of the period, the class to a man rushed for the door. The instructor said: "Just a minute, gentlemen. I have a few more pearls to cast."

At Murray State Teachers College a poll taken recently revealed that the coeds preferred the "cave man type." Blond-haired men ran second to the black-haired, blue-eyed type, and the masculine red-heads were out.

For the past two years the Saint Mary's debaters have suffered defeat at the hands of the San Quentin forensic artists, but they will meet again to thrash out the pros and cons of the soldiers' bonus. Kinda hard on the morale to lose to convicts five times.

Is this a poem? San Jose labled it as such. Why d'ya keep me in suspense, Aintcha got no common sense? If you're smart you'll grab me now; Otherwise we're thru—and how!

## Exhibition of Shoes At Training School

Miss Carmen Alward, former student at Humboldt State College, now taking special work here, is conducting an exhibition of shoes at the College Elementary School.

The shoes on display were collected from the various countries that Miss Alward and her mother visited last summer on their tour of Europe. The countries represented are Mexico, Nicaragua, Arabia, France, Holland, the Tyrol, and Alaska, the latter having been visited by Miss Alward several years ago.

## Lorna Cochrane Now Teaching in Arizona

Miss Lorna Cochrane of Arcata, has gone to Casagrade, Arizona, where she has accepted a teaching position in a government school.

Miss Cochrane received her teachers certificate from Humboldt State in 1926 when the teachers course was two and a half years. She returned to Humboldt later and received her A. B. degree in 1929. She has been teaching in Humboldt County.

## Giuntini Sends Paper Of Hawkins Bar Camp

Ugo Giuntini, State graduate now teaching at Hawkins Bar CCC Camp, has sent copies of the Camp newspaper, "Flash," to the "Lumberjack" requesting that exchanges be sent to him so that "a loyal alumnus will be kept informed of what goes on at dear old Humboldt."

Giuntini has organized a dramatic group at the camp and is also connected with the sports and the newspaper activities.

An item appeared in a recent issue of the "Flash" about "Toddy" Thomas, another Humboldt "grad" and former basketball star. Students may read the papers by getting them from the "Lumberjack" office.

## MOVES TO SUNSET HALL

Miss Jessie Hinch of Eureka, moved Sunday to Sunset Hall, the girls dormitory. She will live there until after the play "Let Us Be Gay" is produced, in which she has the leading role of "Kitty Brown."

## SPEAKS IN FORTUNA

Miss Louise Struve, dean of women, and assistant professor of home economics at Humboldt State College, delivered an address Monday of this week in Fortuna at the Fortuna Monday Club. Her topic was, "My Ideal Home."

## Rousers Are Selected For Outstanding Work

The Rousers, who are sponsoring Friday's dance, form an honor society which is composed of eight sophomore students chosen to the group yearly by Chi Sigma Epsilon, upper division honor society. The Rousers are chosen because of outstanding work both in studies and extra-curricular activities.

Present members of the society are Joseph Walsh, John Peterson, John Gallop, Irving Manson, Myron Schussman, Evelyn Quarnheim, Margaret Hessel, Elizabeth March; a former member, Marseille Spetz, returned to school this year.

The next group to be chosen to the Rousers will be announced sometime in the middle of the present semester.

## Guests Entertained After Game Saturday

Miss Louise Struve, head resident of Sunset Hall, entertained guests Saturday evening following the San Francisco - Humboldt State basketball game.

Refreshments were served to Miss Aubrey Nicely, Miss Pace and Miss Lucille Fonfara of the Fortuna High School faculty, Miss Ann V. Craig, Eleanor Renfro, Janet Robison, Mary Shinn, Annabelle Stockton.

## COLLEGE FIVE PRAISED

Manager Johnson and Captain Finley of the House of David Basketball Team, said that Humboldt State is the only team that they have met on the Pacific Coast that knows when to break and how fast to break.

## Majority of Class Now Have Positions

Seventy-nine per cent of last year's graduating class who desired teaching positions have been placed, according to the records of Miss Imogene Platt, registrar. Out of 43 graduates desiring positions, 34 have accepted positions to date.

Twenty-two of the class are teaching in Humboldt County, one in Yuba County, one in San Benito County, three in Del Norte County, one in Imperial County, one in Mendocino County, one in Trinity County, one in Lake County, one in Sacramento County, one in the state of Arizona, and one in a CCC camp in Humboldt County.

## Senior Assists at Arcata High School

Mary Nielsen, senior, is teaching two hours a day in the physical education department of the Arcata High School this semester.

In addition to teaching regular classes, she is assisting Miss Evelyn Feilding, Humboldt graduate, who is now head of the physical education department, in coaching a pageant which will be presented some time in April.

## Sewing Club's First Meeting Very Nearly Results in Riot

The regular meeting of the Sewing Club was held yesterday at the home of Mr. Garff B. Wilson, faculty advisor. Election of officers for the new term was also held.

Mr. Butch Caviness was elected president, and chose as members of his sewing cabinet, Mr. Will Henders, custodian of the sacred silver-inlaid dolly; Mr. Joe Walsh, peruser of the phantom needle; Mr. E. Watkins, treasurer, and Mr. Elmer Elms, sergeant at darts.

Mr. Caviness, the new president, was the unsuspecting victim of someone who stole those giant darning needles.

There is a rumor going around to the effect that Mr. Wilson, the advisor, was seen, in the secrecy of his attic, feverishly working on a knitted woolen earmuff for his house-boy, the honorable Mr. Dick Buxton, using a pair of needles suspiciously like the ones Mr. Caviness had lost.

"Of course," said Mr. Lozensky, a prominent club member and head of the secret investigation committee, on Mr. Caviness' lost needles, "I'm not saying that our advisor did steal them, and then again I'm not sayin' that he didn't. One thing though, I'm not sayin' much but I'm thinking plenty."

However, the members of the

Sewing Club of H. S. T. C. need have no worry because Mr. Ferret Lonsensky is on the job day and night.

Mr. Coach Fred Telonicher brought up the idea of having the Sewing Club adopt as their immediate project the making of little pillows for the team to sit on while they are on the bench.

In the discussion that followed, Mr. Hairbreadth Harry Zook said that he thought a pale, pea-green on an ivory-tinted old gold background would make a lovely color scheme for these pillows.

This talk had been making President Caviness pretty hot under the collar and he made a speech which definitely outlawed the project altogether. President Butch sure told them where to get off at when he said with that straight-from-the-shoulder-voice:

"Men, I have played football for eight years and I've never heard a player moan at the hardness of a bench. What do you fellows want? A Chesterfield?"

After a hot and fiery discussion where linen neckerchiefs and lace napkins were thrown madly into the air and several beautiful hand embroidered scarfs were rudely trampled on, the meeting ended peaceably enough with the singing of the club's own theme song, "Have You Ever Split a Seam, Walking?"

## Committees Appointed For Valentine Party

Plans for a Valentine party to be held Thursday evening at Sunset Hall were discussed at a recent meeting of the girls of the hall, and the following committees were appointed to take charge:

Program, Emy Lou Grove, Lydia Blasca; decoration, Barbara J. Gries, Eleanor Robinson; refreshments, Eleanor Renfro, Margaret McCammon.

What sort of a world would this world be, if everybody were just like me?

## MacGinitie Takes Examination at U. C.

Harry D. MacGinitie, assistant professor of physical science, passed his oral examination in Historical Geology for his doctor's degree at Berkeley the second of this month. The latter part of March he will take another examination on General Paleontology.

The test just taken was the fourth of a series of oral examinations Mr. MacGinitie has taken to qualify for his doctor's degree in physical science. He has one more examination to take, after that on General Paleontology, namely one on Systematic Botany.

## Pro Musica Gives Program on Chopin

A program on Chopin was given Tuesday night of this week at Pro Musica meeting in the college social unit.

Lillian Snow gave a talk on the life of Chopin, illustrating some of her points with victrola records of Chopin numbers.

Charles Fulkerson played as a flute solo Chopin's "Nocturne." Edmund Jeffers of the college music faculty was taken into the organization as a new member. He sang two solos, with Mrs. Jeffers as accompanist.

Pro Musica members, at the business session, decided to have a booth at the Rousers' dance Friday night of this week.

## College Five Gives Visitors Real Test

The House of David basketball team proved the old saying that experience is a good teacher, when they defeated the Humboldt State College basketball team 28 to 26 after a hard and rough battle, last Monday night at the College gymnasium.

The bewhiskered players were quoted through their manager, as saying that they would try to run a score up on Humboldt State as revenge for their defeat at the hands of the Hollander Sparklers. However, the bearded players were fortunate in coming off of the floor as the victors, as it was only their height on recoveries that decided the issue.

Harry Zook and Wally Lozensky were outstanding for the college, scoring eight points each.

No whiskers in heaven — it's only by a close shave that men get there.

## CLASS SPONSORING VOLLEYBALL TILT

The volleyball elimination tournament, a project of the community recreation class, is well under way with the first four games of the tournament having been played.

Nielson's team defeated Lozensky's in the first game; Paul's defeated Larson's in the second game; Kistner's won over Zook, and Inskip's defeated Walsh in the first round. In the only game of the second round that has been played, Lozensky's team was defeated by Larson's.

There will be a game Friday between Nielson's and Paul's teams and a game Monday between the Kistners and the Inskips. The following teams are in the tournament:

Lozensky, (captain); Caviness, Raper, Anderson, Torp, McLean. Nielson (captain); J. Moore, Hooven, Brundin, Unsoeld, Anderlini.

Paul (captain); Myers, Owen, Jones, Marks, Mathieson. Larson (captain); Ruzic, Crosby, Ivancich, Lewis, Solee.

Zook (captain); Buxton, Beer, Hugo, Grove, Murray.

Kistner (captain); Tinker, Falk, St. Clair, Brambini, Lawyer.

Walsh (captain); Henders, Chase, Moschetti, Christie, Jerchow.

Inskip (captain); Mahan, Peterson, Winkler, Jenkins, Thorne.

## WAYNE SIMPSON HERE

Wayne Simpson, former student at Humboldt State College, visited here Monday. Since the Christmas Holidays, Simpson has been teaching the upper grades in the Larkspur Elementary School.

Who looks too much at himself looks too big to himself.

No poorer music than singing your own praise.

## FIREPLACE RAZING HALTS CLUB PLANS

Because some one recently destroyed the fireplace which the College Civic Club built at Council Crest last year, the club's plans to further improve the picnic spot will, for the present at least, be abandoned.

The picnic benches and tables which have been built and were to have been moved up to Council Crest this spring will remain stored, according to Gillis Court-right, president, and Leo Schussman, faculty advisor of the club. They are available for use for parties on the campus, but the club members feel that it is unwise to leave them unguarded on the hill.

The Council Crest fireplace was built last year as the Civic Club's contribution to improving the campus. Rock, cement, and gravel were hauled to the top of the hill behind the college, and the fireplace constructed so that picnic groups could have better accommodations for outdoor gatherings. The spot has always been a favored stopping place for those who take hikes along the campus trails because of the view it affords of the Arcata bottom, the Samoa peninsula and the bay.

According to local tradition, it was on the very spot where the fireplace was erected that Indians of this region once built their tribal council fires, and it was in the clearing there that the Indians gathered before swooping down upon the early settlers in the raids described by Bret Harte, then a Humboldt County newspaper reporter.

Only a few weeks ago the rustic bridge which spanned the creek north of the college buildings was taken apart and scattered.

## Eight Years Stay in Ireland Experience of Humboldt Girl

The knowledge which Eleanor McKay, Humboldt freshman, has of Irish folk dances was not gained from travel books. She knows about them because attending dances was a regular part of community life during the years that she lived in Glenwherry, County Antrim, near Belfast, Ireland.

Many times on summer evenings she has gone down lanes bordered with primroses, cowslips, and wild roses, and listened to the lilting jigs played by some neighborhood fiddler. There she has watched the friendly, sociable Irish people, from her own age to that of her grand parents with whom she and her parents lived, spend the evening dancing the traditional Irish folk dances.

Miss McKay was born in California. Before she started to school she went to North Ireland with her parents who went back to visit their relatives there. They had intended to stay but a few months, but her father found work there and the family stayed eight years. During this time Miss McKay went through grammar school and had one year of high school work.

"Most people think of Ireland as one united country," says Miss McKay. "North Ireland, where I was, and the Irish Free State in the south are as widely separated in customs, economic and political conditions as are any two countries on the continent."

The Irish Free State, with its capital at Dublin, has dominion status in the British Empire. Most of its people are Catholic.

North Ireland is controlled directly by England, and has representatives in the English parliament. Its population is dominantly protestant, and most of the people belong to the Church of England.

In North Ireland, the three great annual celebrations are

Hallowe'en, Christmas and the 12th of July. St. Patrick's Day is not celebrated there, it is the special holiday of the Catholic Irish Free State.

The Irish make Hallowe'en a joyous holiday because their folklore abounds in legends of witches, hob-goblins and banshees.

Christmas is the crowning event of the year in Glenwherry, according to Miss McKay. Traditionally, every family observes the rite of rolling in the Yule log, lighting the house with Christmas tapers, and decorating homes and churches with holly wreaths. Everyone joins the procession of singers who go from house to house singing Christmas carols.

The 12th of July is celebrated in North Ireland in much the same as Americans celebrate the 4th of July. It is the anniversary of the Battle of the Boyne, fought in 1690, in which James II (last of the Stuart kings) was defeated by William, Prince of Orange, who succeeded him on the British throne. The protestant Irish "Orangemen" celebrate the day with parades, pageants and music.

The small farms in the rich agricultural district around Belfast are owned by families who have inherited them from generation to generation. Every foot of land is cultivated. Miss McKay describes the villages and their houses as "quaint." Her grandparents' home, "Rose Cottage" is a trim little house with a wrought iron gate with a clipped yew tree on either side. Colorful flower beds border the flagged path that leads up to the green front door with its bright brass knocker.

The people in Glenwherry were so friendly and so kind to the little Irish-American girl who had lived so long among them that it was with genuine regret that Miss McKay, in December, 1931, sailed from Belfast on the Cameronia for New York.

regions.

Mr. MacGinitie knows the region of the proposed trips and has made a thorough study of the botany, geology, history and paleontology of the places to be visited.

"I am very anxious to see one of Mr. MacGinitie's proposed trips materialize," President Arthur S. Gist said yesterday. "Naturally the best way to study the geology and floral life is to go out in the field under the leadership of a competent instructor."

"Mr. MacGinitie is a recognized authority in his field and a competent teacher. In addition, the recreational factor of the trip will be an important feature."

Anyone interested in taking any one of these trips this summer is asked to communicate with Mr. MacGinitie or with Imogene Platt, college registrar, and to indicate their first and second choice of trips.

### CHICO GAME MAY DRAW EXCURSION

(Continued from page one)

team, will have a bad psychological effect on the Humboldt team unless their own rooting section is along.

GILLIS COURTRIGHT: The taking of rooters to Chico will create not only a better school spirit but also a better team spirit. My experience with the last trip to Santa Rosa makes me feel that this trip should also be successful.

All of the people interviewed were of the impression that the Santa Rosa trip was highly successful and that Chico should also be shown the loyalty of Humboldt State.

### TEACHERS CLUB TO MEET

President Arthur S. Gist, Miss Imogene Platt, registrar, and Miss Myrtle Sholty, director of training, will be the speakers at a Student Teachers Club meeting at 7:30 next Wednesday evening in the College Social Unit. The discussion topic will be, "How to Obtain a Teaching Position."

## FOUR NEW MEMBERS IN COLLEGE CHOIR

The college A Cappella Choir gave a short program for the Arcata Rotary Club at Hotel Arcata last Friday as its first public appearance of the present semester.

Four new members have been added to the choir this semester because of vacancies resulting from conflicts in schedules of several former members. New members are Emy Lou Grove, Norma Thurston, Raymond Posic and Ward Tinker.

The choir is larger by five this year than last. This increase in members is, according to Edmund Jeffers, director, to get a better blend of voices than is possible in a smaller group, and because of the division of this year's music into a many as ten parts. The choir at present numbers 31 members, as follows:

First sopranos—Eloise Aune, Ethel Carroll, Doris Clark, Marie Nordquist, Lillian Snow; second sopranos: Elaine Haley, Barbara Stewart, Norma Thurston, Janet Woodcock.

First altos—Merle Morton, Maewilda Speer, Lois Hedley, Beryl Fleckenstein; second altos: Mary Emily Speier, Lena Brambani, Eloise Chase, Ruth Hudson. First tenors—Benjamin Marshall, Frank Steele, Barbara Russell; second tenors: Robert Anderson, John St. Claire, Emy Lou Grove.

First basses—John Gallop, William Beer, Irving Manson, Ward Tinker; second basses: George Hugo, Robert Hedley, Raymond Hudson, Raymond Posic.

In placing two of the women in the tenor section, Director Jeffers is following a custom of English choirs, where low altos are often placed among the tenors, a practice which makes for a better blend of voices, according to Mr. Jeffers.

### WAIT A MINUTE!

Tear your stockings? Doesn't it make you mad? But here's a little tip. You can get good looking Phoenix that wear swell for only \$1.00. The light service weight is grand for school and they're not going to snag on those rough desks and chairs like the chiffon—

Then get chiffon for evening, at the same price. And if you hurry you can still get in on that extra special value that is good until Saturday. Your Picture Free With a Purchase of Two Pair of Phoenix Chiffon Hosiery. Remember, tho, you've got just today, tomorrow, and Saturday to get your picture with the stockings!

## Giuntini Is Teaching At Hawkins Bar CCC

Ugo Giuntini, '34, has been appointed as assistant to the educational director at the Hawkins Bar CCC camp. He will teach a class in American government, but his special work will be coaching athletics. Teaching archery with the equipment recently furnished the camp by the Humboldt Bowmen will be among his duties.

Giuntini, while at Humboldt was vice president of the student body, member of Chi Sigma Epsilon, had his name engraved on the President's cup for excellence in teaching, and won his "H" sweater.
