TWO-GAME HOOP SERIES WITH CHICO ON TAP FOR THIS WEEK

The Humboldt State Varsity, beaten but once this year, will meet the Chico Wildcats in a two-game series this week-end. The first game will be played in the Eureka High School gym and the final tilt in State's gymnasium.

Chico brings an impressive record, which with their determination to average the stolen goal posts, should provide local fans with two thrillers. The squads are rated even, both having divided games with San Francisco State, however, Humboldt's chances of victory were dimmed today with the news that Big Francis Givins, brilliant State forward and leading scorer, was ill with the flu. It is not yet known if he will be able to play.

The Humboldt Varsity leads the Independent League with three victories and no defeats. Their latest conquest being a 33-19

trouncing handed the second place Hollanders Sparklers from Eureka.

As usual Coach Franny Moore's Jayvees will play in the preliminaries. Saturday night the Jayvees, beaten but once this season, meet the Samoa Firemen of the Independent League. The Jayvees are rated an even chance of victory, due to an impressive 42-24 trouncing handed the Ferndale Independents Saturday night.

Coach Fred Telonicher will probably start the following men against Chico: Moore and Givins, or Hunter; forwards; Seidell and Saunderson, guards; and Vernon Thornton, Center. Coach Moore has not yet decided on his lineup.

Other games for the Varsity include the Broadway Clowns, Monday night, and the Samoa Firemen last night.

Seen At Fire-Kept In P.j.s Josephine Running Wild

The big fire in Eureka Sunday night was the scene of several odd happenings...some humorous and some otherwise.

Kep Goodwin in his excitement to see what it was all about, forgot that he was wearing only pajamas, shoes and a coat! He was only slightly embarrassed; but imagine Barbara Harville's chagrin when she discovered that the car that was endangering the lives of bystanders, and was finally wrecked after piling into several other autos, was her own "problem-child" Josephine, driven by an unknown inebriate.

Two Amendments Will Be Voted On

At the first meeting of the Humboldt State College student body, February 5, president Oden Hansen presented to the assembled students the two proposed amendments to the constitution, which are to be voted upon at the next meeting.

The first of the proposed amendments was suggested about a month ago and is as follows:

Article 2, Section 4, Paragraph 7, shall read: The Publicity Manager shall see that all news of the school affairs and activities are properly published.

The second proposed amendment Hansen presented to the student body has to do with Junior-Varsity basketball awards and is as follows:

Article 2, Section 3, Paragraph 7, shall read: A six-inch circle H shall be awarded to a Junior-Varsity player who qualifies by playing one quarter of the playing time of the season or who plays a minute or more in an inter-collegiate game.

This award shall be classified as a minor award.

Feldmiller Snow-bound A Week At Range Station

"We pushed and shoveled snow so hard we really made surprisingly good time—twenty five miles in nine hours" said George Feldmiller telling about his trip back to school last Saturday. January 30, George had gone home to visit his parents at the Van Duzen Range Station, eighty miles east of Eureka, but fourteen inches of snow falling in one night on top of thirty two inches, completely snow-bound the Station.

NOTICE!

In order to relieve the congestion around the newspaper table in the main library the library copies of the San Francisco and Eureka papers will be kept on a table in the south room of the Commons from 8 to 5 p. m. Monday to Friday during the second semester. The Student Board of Control wishes to call to the attention of students the fact that taking clippings from college papers is considered a serious offense. Anyone found guilty of the offense may be disciplined by being placed on probation or even by dismissal from college. The cooperation of all students is requested in taking good care of the papers. They should not be removed from the south room of the Commons.

MCCARTHY TROPHY COMMITTEE SELECTS STELLAR GRIDDERS

FRANNY MOORE

We'll say emphatically—they deserve it!

To these two college men who have given everything that goes to make good sportsmanship, loyalty, and sincere spirit...Franny Moore and Bill Farber deserve the best that can be given.

So to this year's choice for the famous K. B. McCarthy Award for the two outstanding footballers of Humboldt State, go orchids to Franny Moore and Bill Farber.

Franny Moore

A hustling, bustling sixty minute man is this gentleman, Franny Moore. When the line is being pounded hard...who's there to back them up? Mr. Moore... When there's two feet to go for a first and ten...there's Mr. Moore with head down, driving legs, and an indomitable drive to get that last full measure of the head linesman's chain. And when there's that extra point to make to give

First Student Meet Has Dual Purpose

The first Student Body meeting of this semester, held Friday, February 5, had a two-fold purpose. The first part of the assembly was a regular Student Body business meeting, and the latter half of the hour was taken up with a program given by the second semester freshmen for the incoming freshmen.

The high-lights of the business meeting were the presentation of two proposed amendments to the College Constitution by Student Body president, Oden Hansen, and the discussion of the reopening of the college social unit for students use. A committee consisting of students headed by Ed Goodwin, and teachers with Garff Bell Wilson as chairman, was appointed to take action on the question.

Hansen also appointed a committee to look into the possibilities of publishing an annual.

Jack Walsh, president of the freshman class, was in charge of the program given for the new freshmen. Annette Henders, Robert Browne, and Marian McPher-

(continued to page 4)

Social Dancing Class Crowded With Women

There were some very disappointed young ladies last Tuesday when the social dancing class met for the first time. Of the assembled company of fifty-four students, only fifteen were of the stronger sex. With sighs and long faces the young ladies who had already acquired some of the technique of dancing departed to the office to fill out change of program cards.

College Commons Cutting Expenses

The College Commons, February 1, initiated a new system of meal service in order to cut down expenses.

Dinners and week-end meals instead of being served are now cafeteria style, thus doing away with the necessity of having a staff of eleven working each evening. The Commons' staff now numbers eight including two substitutes.

Boarders are required to have on file in the Commons, a card bearing his name and the board rate he is on. Those not having rate cards must have credit cards or pay cash for each meal.

Jim Harris Out Of Grip Of Grippe

Jim Harris, first string guard for the past two years on the Humboldt football squad, is now back at college after spending ten days in the Trinity Hospital, Arcata.

Caught in the grip of the grippe, Saturday Jan. 30, Jim went to bed. Attention administered by devoted dormitory brothers was not sufficient to loosen the grip of the grippe. On Sunday evening at 10:00 P. M., P. S. T., Jimmy was whisked away to the hospital by that well-known quack, Harry 'Loveless' Jenkins, M. D.

Monday saw Jimmy, cheered by the presence of Jack St. Claire, (his cell-mate), and by the constant stream of visitors (two dorm-boys), well on his way to recovery.

With the departure of Jack St. Claire on Tuesday, Jimmy sank into silence and back into the grip of the grippe.

Jimmy was released from the hospital Tuesday and made his first public appearance of this semester at the Commons last night.

The fifth grade won the individual and group posture contest recently sponsored at the Training School. Mr. Guintini and Miss E. Carrol were the class teachers at that time.

Two More H.S. Boys Figure In News

You can't keep Humboldt State men out of the news. Last semester when George Leese and Franklyn Jamison, then students at Humboldt disappeared for a week they made headlines on the town papers, when it was discovered that they were snow-bound at a ranch above Bald Mountain the headlines were even thicker and blacker.

Last week Wes Wooden and Wayne Cochran were in the limelight when they broke through the snow to bring aid to a well known rancher, Fred Graham, who was quite ill. By some odd coincidence Graham is the manager of the ranch Jamison and Leese took refuge when caught in a storm. Wooden returned to town immediately after taking medicine to the sick man; Cochran was to stay a few days to help at the ranch and is now believed to be prevented by recent snow storms from returning to town.

Men's Association Holds First Meeting Thursday

The Humboldt State Men's Association held its first meeting of the new semester February 4, for the purpose of welcoming the new freshmen members, to discuss activities, and file petitions of nominations for officers.

Elections were held last Friday in the College Social Unit.

Stan Colwell and Amedeo Sاندretto were tied for the presidency: John McGrath won over Rich Blackburn for the vice-presidency, and Cleve Cummings is the new secretary-treasurer.

The seventh and eighth grades at the training school receive social dancing instructions each Friday afternoon under the direction of Goldie Tamburovich. These grades are also having stunts in tumbling for the first time.

Abraham Lincoln, Student

On the occasion of Abraham Lincoln's birthday we might ponder for a moment on the student qualities of this man, which took him from a backwoods farm to the greatest post that any man can ever attain, the Presidency of the United States.

Without the works of the masters at hand; without instructors trained in every detail to assist him; and without that encouragement and advice that we have, Lincoln became one of the finest students of all time. His writings are unsurpassed. His philosophies are immortal.

Many of us could take a lesson from the life of Lincoln. He had no opportunities. We have them all. We can't be Lincolns; but we can be appreciative of the things that others try to do for us.....things that Lincoln himself had to do to attain his goal.

Thanks

The Lumberjack staff wishes to thank the few students who dropped contributions into the Lumberjack box for this issue. Even if your 'brain-child' does not appear in print we want you to know that we appreciate your interest and your efforts, and can promise that if you try again you will not be disappointed.

GAGS-OF-THE-WEEK

Heard at the last Student Body meeting: "The Social Unit at the College was closed because repairs on the furniture, wrecked by rough-housing students, was costing the school more than any other sport."

Jack Walsh: "June Sprague will now give a reading—'If,' by Kipling."

June Sprague: "It's not by Kipling; it's after him—about two miles."

A short social call usually takes an hour—30 minutes for the call and 30 minutes to get away after starting.

HARDWOOD AND HOOPS

We venture to predict that Humboldt county basketball fans will long remember little Billy Hammond, the flashy Frisco State forward. In two games he firmly convinced the public that he was the best basketball player seen around here for quite sometime. In the minds of the local followers of the hoop sport Hammond will serve as a criterion of good basketball players. A player will be "as good as Hammond," or "not as good as Hammond."

And while we're on the subject of Hamond. That boy confided to this snooping scribe that Zeke Saunderson was the best man he'd faced all season.

Harry Zook, the Hank Luisetti of the Humboldt County Hardwoods, seems to have a tough time scoring against the College teams. A few weeks ago he scored two points against the Jayvees in a full game. A few days ago he scored one point against the varsity in almost a whole game. We believe he could have knocked his average up to an even two if he had spent less time in the second game, in bowing to the stands.

Vernon Thornton, since blossoming out into a scoring threat, is furnishing copy for the local sports scribes. We don't like to give the impression that we are jumping on the bandwagon, especially when the wagon is being driven by Gordon "What's—Runyan-got-that-I-haven't-got" Hadley, but Vern's ability to pump that ball thru the hoop has greatly strengthened H. S. C.'s attack.

The day after the H. S. C.—Sparkler game, the evening of Vernon Thornton's write-up in the Times concerning empty stomachs on the old gym floor, the basketballers engaged in a little dribbling practice. The varsity versus the Jayvees. The idea was to dribble down the floor, and make the other bucket and then pass to a team-mate. With the varsity leading by a half-length of the floor, last-man Thornton grabbed the ball. Half-way to the hoop he lost control and the ball rolled away, to the girls dressing room. Last-man Cady passed up Thornton and brought victory to the Jayvees. Which led Franny Moore

to remark, "Vern's been eating again."

Scoring 131 points to their opponents 61 in the last three games, the Jayvees have turned into a high-g geared scoring machine. Coach Moore uses about thirteen men each game, and usually every man scores, which denotes a well balanced team.

Newcomers Jim Cady, Curt Wilson, Otho Davis, Harry Winerth, Stan Colwell, and Arthur Elmes have greatly strengthened the already strong junior varsity. All these players are experienced and many have the ability to scale the heights.

Make the varsity, you lug.

Hither and Yawn

The Men's Association seemed to perk up at its last meeting.

For the first time this year, members got up a good discussion Association.

That this organization has been loose and seemingly purposeless, there's no denying. The membership is bewildered by the whole thing. It is a structure with very little in it. What's it for? Of course, it brings men together, but that is no purpose, in the last analysis; it seems they come together to do nothing. The organization has had guards functioning during football games, it has participated in student body programs, but very little else can be chalked up.

Programs at each meeting would help pretty much, and working on an affair, as Earl Meneweather suggested, would give the organization something actually to work on, something concrete. It seems to me that another thing that could be backed is the "peanut" basketball league that's being set up for the men not in the Varsity or J. V. aggregations. The aims of this sort of sports are the most commendable. What's more, such a thing interests, and can very

membership.

Think up some good ideas, men, for the next meeting, so that it won't be necessary to come to the meeting to hear just a lot of talking. The present functionaries are doing their best, but it is up to the membership to give the organization and its officers something tangible to work on.

In the meanwhile, the rank and file of the membership eagerly smack their lips in anticipation of the beer-imbibing affair that was promised them for this term.

The Editor Says:

Our idea of a tough job is being a bill collector for a firm that sells motor trailer homes on the installment plan.

Juniors at San Jose State are worrying about how to spend a mere \$100 profit made on their Junior Prom.

San Francisco State College has 1,237 regular students and 35 limited students, making a total of 1,298 students.

This semester there are three new women residents in Sunset Hall. They are: Mary Scholl, Agnes Roney, and Eleanore Robinson, junior who was not at college last semester.

Gene Smith, new owner, manager, and editor of the Arcata Union, is a former Humboldt State student. He has a brother, Alex Smith, now attending Humboldt.

CAMPUS COMMENTATOR

Greetings from the Crippled commentator.

If this week's items seem abt ancient, please forgive us. The four walls of Room 8, Girls' Dormitory, are not exactly what one could call "the eyes and ears of the world."

Wendell Moore of the football Moors has deserted the ranks of Humboldt. He has gone back up north, and his wife, the little blond lassie known as Midge has "gone with Windy."

Gladys Marke is glad she's slim. Doctor Balabanis's door, which cannot be opened by tardy students once closed, was open about six inches the other day when she arrived late. She sneaked into the class without touching the door. Bali promptly closed the door leaving a three inch opening.

Ingenius is the word for the San Francisco basketball team. The Golden Gaters were sitting on the south bench casting amorous glances at Humboldt's fair. Not trusting to appearances alone, they put a chunk of ice on the steps to see if it would melt as they passed.

Theme Songs:

That person we say pirouetting in front of the mirror: "The night is young and I'm so beautiful." Billie Goff cutting up cats in zoo lab: "There's something in the air."

Pestilence and the powers that be, have influenced the smooth running mode of life at Sunset Hall. Howard Barnes, Sherman Washburn, A. Sandretto were ousted from Jake's place when it was quarantined for scarlet fever. They returned to the old homestead mut the sadness of their departure was relieved by the advent of Mary School and Agnes Roney who have moved into the store room, bag and baggage. Jack Ellis came and went and Eleanor Robinson has returned after an absence of several months to room with Lydia Bisca.

Now that finals are over, and we can all lean back and relax until some week in June, here's a twizzler to keep your brain in trim. If you have six cents in two coins, and one of them isn't a nickel, what are they?

Well, goodbye, now. We'll see you all sometime in March.

H. S. Boys Decrease Orange-Ade Supply

Firm of Thornton and Wineroth to Liquidate!

Well who wouldn't after decreasing the available supply of orange juice in the College Commons by nineteen bottles.

With the price of orange juice already spring as a result of Los Angeles' "unusual weather" in which over 50 per cent of the orange crop of Southern California was damaged by the frost, Vern Thornton and Harry Wineroth recently caused a local shortage by winning some bets laid by unsuspecting persons who doubted their "tanking capacity."

Thornton killed ten bottles of orange juice in 30 minutes to win a dollar bet. Wineroth had to work for his and downed nine bottles in three minutes.

We suggest these boys be placed immediately by the Administration on the Flood Relief work in the Ohio Valley.

H

Notes From Other Campi

By February 3, members of the student body and faculty at San Jose State College had donated nearly \$240.00 to the American Red Cross fund. The drive for funds to alleviate suffering in the Ohio and Mississippi Valleys was instigated by the staff of the College newspaper, the Spartan Daily.

Student interest in music at San Jose State has increased during the last few years. The college now has three orchestras, two bands and two choirs.

The Science Department at Santa Ana College has acquired a two-tailed worm about two and one-half inches long, which was found in a drainage ditch.

Freshmen at Saint Mary's are planning to publish a twenty-five page magazine in the form of a mimeographed booklet. It is to be published at the close of the school year.

A very exclusive club is being formed at San Jose State. The 6-4 Club. Qualification for membership are...six feet and four inches in height.

H

Evelynne Rhea, president of the Sunset Hall Women's Association, called a meeting last night at which plans for a Valentine party were discussed.

Campus Chatter

"Will You Be My Valentine"

The day of dear old St. Valentine is drawing near, and there are myriads of winsome misses who are wondering just who that handsome hero will be—the one who will adoringly whisper, "Will you be my Valentine?" So little Dan Cupid took matters in to his own hands. He blindfolded himself and shot a few arrows into the air. Where they fell, he "knew not where." (But here are the results.)

Dan Hunter—Virginia Belloni
Stan Colwell—Carolyn Haley
Matthew Fountain—Billie Feild-ing

Don Starr—Marjorie Cropley
Jimmy Moore—Hazel Nichols
Don Smith—Alice Barnes
Bill Farber—Margaret Easley
Fred Hibler—Billie Goff

Old Faces

Sophie McPherson, (the poor dear) is having heart palpitation these days. Why? Didn't you know that La Verne is coming home? Well...he is..... You must have heard of "Bismarck" by now. There are two of him. One of him was Bill Smith's and the other was.....well.....skip it. Anyhow..Bill's been in mourning because his Bismarck had puppies and they died. (now Bismarck isn't....and he weren't in the beginning.).....June Sundfors quite upset an evening when she went to the show with Cleve Cummings.....Carl and Marie seem to take a daily constitutional all day long. They walk up and down until we think that they might get tired.....Jane Shannesy is singing "Alone" these days.....cause Lyston went away.....Our old halls are lacking a familiar face these dys. Beryl Unsoeld went away and she didn't come back....

NEW FACES

Evelyn Frost and Frank Turner are among the new Freshman who are haunting the halls. (But that couple is an old story, folks).....Harvey Harper is already causing the usual feminine heart flutters. Boy....does he work fast.....Jim Cady is a man to take a woman's eye. He's a star athlete and everything. (Have you a way with the wimmin, Jim?).....The collection of red beads is growing slowly but

surely. Bill Boggess is the new addition. Remember Betty BoggessWell Bill's her little brotherMitchy Chetkovich is the dark-eyed charmer who wonders if he can entice anyone to Elk River to study geog. with him. (applicants line up on the left.)

Don Parker, the old gossip monger is an ex. Gossip monger....and did he weep bitter tears when his duties called him elsewhere. But, he says....."My heart will always be in the scandal column." (Right along with Edith's).

Goodbye now.....

Tap Club To Give Rythm Program

Save the date of March 18th, because it is going to be important. Why should we be announcing the date this early if it wasn't going to bring forth something so outstandingly colossal that it has never been equaled before in H. S. C. rythmn programs. The reason for saving the date is that on that day the Tap Club is going to be putting on a program bigger and better than any program put on by any Tap Club north of Eureka and South of Crescent City.

Besides the dances to be put on by members of the Club, accompanied by an orchestra composed of Carl Owen, Oden Hansen, Walter Schocker and June Sundfors, the audience will be entertained by the Men's Trio and other groups of singers.

Members of the club include Goldie Tamburovich, president; Gail Byard, Mary Jane Nelson, Viola Stansberry, Nathalie Brenner, Virginia Torp, John McGrath, and Charles Fulkerson.

Mrs. Hadley is the advisor. Remember.....March 18th

Boil It In Oil

Dear Editor:

It has been said that all puzzles can be answered by a number of people, but whether or not this one can remains to be decided.

Here it is. If the grandfather of Christopher Columbus (and it is a known fact that he did have a grandfather) should come back to earth, would he be at all surprised if he looked at the date on the student body card for the coming semester? Most "Suckers" will immediately say yes to this question. Why? Because they have failed to look at the date on their cards. By close examination, one can see that the date is not Spring 1937, but Spring 1397. The date, however, is of very little importance, because there is no danger of Mr. Columbus coming back to earth, and even if he should come back, he wouldn't have time to attend any of the student activities.

Signed: Joe Bush

Dear Editor:

I never laughed so much in my life as I did at the radio program last Wednesday. That joke about the student body cards was sure a funny one. The fact that the joke was thought of by someone else made it all the funnier. My brother Joe, who has not yet been able to get anything into the Lumberjack, discovered the date mistake on the student body cards and had high hopes of being the first to let his discovery be known to the students; but one of the radio "stars" got the information from Joe and broadcasted it over the radio. So Joe's hopes of being a journalist have been shattered. However, Joe says he will get even by doing something big in the future.

Signed: Rose Bush

McCarthy Trophy

(continued from page 1)

the opposing team the necessary psychological disadvantage.....it's Franny's toe that accounts for something like fourteen points out of a possible fifteen during each season.

Franny Moore...the man who works every minute of the game...who has that winning, never give up spirit. To him goes the McCarthy award as one of the finest players that Humboldt has ever developed.

Bill Farber

A demon on offense....a terror on defense.....long arms that snare passes from nowhere....a power house of drive and energy that swoops down on opposition with the force of a hurricane...that's Humboldt's famous and...Bill Farber. Who can forget that those unforgettable moments when Meneweather fades back, and with a torrent of opposing linemen closing in, shoots a bullet-pass straight over the center....and from the mass of players who suddenly comes from nowhere with outstretched hands to receive the ball?....Why, Bill Farber.

Around Coach Erb's intricate plays for 1936 were the activities of his one stellar end....Bill Farber. Bill had to be here....or Bill had to be there. And Bill was there! To Bill Farber goes the McCarthy award for outstanding performance on the gridiron for the last season.

The K. B. McCarthy award each year is given to two of Humboldt's most outstanding football players. It is a perpetual trophy; and the judging for the winners is made by the head football coach of the school, the president of the Associated Students, and the president of the College.

Among those things that enter in the judging and the awarding are the player's attendance at practice; his willingness to help his fellows, his character, his playing record, his sportsmanship, and his scholastic standing. The latter must be of unusual standing, and a full schedule undertaken for each semester.

The purpose of the trophy is definitely for the betterment of good spirit, sportsmanship, and character of the football players at Humboldt State.

purpose would be to honor the visiting Chicoians.

But the Chicoians must play basketball on the following evening. You should know that lots of sleep is essential immediately prior to an athletic encounter. The dance would be strictly taboo to the Chicoians and to our own basketball players. What is a dance without a few athletes around and about to stimulate the fluttering of the feminine hearts.—A College Frosh.

English-A Classes Use New Text Book

Last semester an interesting experiment was innovated in the Freshman English classes by Mrs. Folsom with the use of a new English text book "You and College". At the close of the semester each member of the class handed in a theme of comment on the book. The reaction of the class was most favorable.

"You and College" is not just a book on English grammar and rhetoric but combines successfully the problems of freshman English with the problems of college life.

Such Chapters as "How to Make Decisions," "Vocational and Educational Self Guidance," and "Getting Along with Yourself and Others," proved extremely beneficial in the orientating of Freshman to college life.

For six and a half years, Homer Randle, Humboldt's jovial janitor has been opening stubborn lockers, wiping up spilled ink and mending objects broken by careless students. Previous to his work here he clerked in H. D. Zook's Stationery store in Eureka.

Born in Tacoma, Washington, he yet swears by Humboldt County as being the "best of all." During the war he served on special duty here in this country.

Romance came into his life last summer in the person of Della Berg, the lady who "dishes up" in the Cafeteria, and Homer says she's a "swell cook".

They go often to the movies. Homer picks Mae West as his favorite and says he's "heavy on

First Student Meet

(continued from page 1)

so did two tap dances; Edith Jennings sang, accompanied by Maxine Maxwell, at the piano, and June Sprague accompanied on the piano by Marian Swapp, recited a modern parody on Rudyard Kipling's poem "If".

Better Pictures
more Certain
with

Verichrome

DULL days or bright, it's safer to use Kodak Verichrome. This film is adaptable... gets good pictures even if you don't gauge the exposure... gets the picture—rich and clear, where ordinary films fail. Its two coatings help prevent over- and under-exposure. Try a roll or two from our store this coming week-end.

New Reading Course

Mr. E. Graves, Head Librarian at Humboldt State, is offering a new kind of course this semester called Recreational Reading. Recreational Reading is a one unit course held in the Social Unit on Tuesdays and Thursdays from two to three o'clock.

The first fifteen minutes of the period is spent in listening to lectures, while the remainder of the time is spent reading books from the college library. The choice of books is wide and varied, only three non-fiction books being required.

To date the enrollment includes Rich Blackburn, Nancy Harville, Fay Spencer, and Belva Wahl.

Students interested in this course are requested to see Mr. Graves immediately.

At the meeting of the Sunset Hall women held last Tuesday, February 2, a proposed constitution drawn up by the cabinet was approved.

The women residents will soon automatically become members of the Sunset Hall Women's Association. Evelynne Rhea, president, plans to ask the Student Body to vote the Association a charter.

the blondes."

He has a whole-hearted liking for all the students, showing it in his eager, willing service. He thinks Humboldt College a fine institution and an asset to the county.

Last Semester's Grades Not Ready For Students

According to Maurice Hicklin, Registrar, grades for the past semester will not be given out to students until Ruth Carstens, Recorder, who is busy compiling grades turned in by the instructors, has completed her task. Students will be notified when they can call at the Registrar's office for their grades.

FOR VALUE RECEIVED

Let's extend a hand to the city of Arcata's Fire Department this week. A volunteer organization, the department throughout the year offers our school a protection against fires, even though the buildings are not within the city limits. To raise funds for the coming year, the Arcata Fire Department is giving its annual Firemen's Ball at the Ball Room in Arcata, Saturday night. Why not buy a ticket and plan to attend this affair which promises so much entertainment...and still lend a hand to the fire boys.
