NUMBER 6

"THE BISHOP MISBEHAVES" TO BE GIVEN IN SAN FRANCISCO FRIDAY NIGHT; PLAY DAY FESTIVAL WITH S. F. STATE COLLEGE

November 18 and 19 will mark the presentation of the fourth annual play festival sponsored jointly by San Francisco State and Humboldt State colleges. This year the affair will be held on the San Francisco campus.

Thursday night the San Francisco drama classes under the direction of Miss Jessie Casebolt, will present "Call It A Day." The following night Humboldt State will present "The Bishop Misbehaves," under the direction of Garff Bell Wilson.

The players will leave the college Thursday morning by bus and will return Sunday morning.

George Lowry To Edit H. S. Annual

George Lowry has been appointed editor of the proposed college annual by the Executive Council. Ray Pedrotti was appointed business manager. The rest of the staff will be selected soon and work is to begin immediately.

Student activity cards have been checked and it was found that forty men and seventy-five women were interested and had experience in working on annuals. Many of these students haven't participated in any other activity which means that they will be able to spend time on this work, so the college has plenty of potential material.

ANNUAL ALUMNI BANQUET HELD AT BIG FOUR

The Humboldt Alumni Association held their annual banquet at the Big Four Inn last Thursday night. New officers for the year were elected which are as follows: Ethel Pedrozzi, president; Ugo Guintini, vice-president; Janet Stewart, secretary; Hugh B. Stewart, treasurer.

Dr. Walter F. Dexter, director of education of the state of California was the principal speaker of the evening. The program included several musical selections as well as group singing.

About 20 alumni of Humboldt State attended and after the banquet and business meeting was over, dancing was enjoyed.

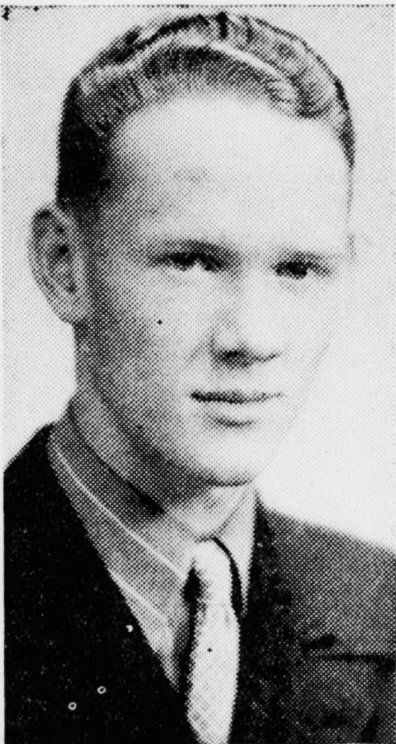

President Gist Fetes Visitors

Last week, President Arthur S. Gist was host to two personal and professional friends. Dr. George A. Selke, President of State Teachers' College at St. Cloud, Minnesota, and Dr. C. H. Fisher, President of Bellingham Normal of Bellingham Washington.

The guest stayed at the Gist home and visited the college on Tuesday and Wednesday. Dr. Fisher and especially Dr. Selke, who is an outdoor man, made several enthusiastic remarks about the college and its environs.

PHYLLIS BENBOW

RODERICK BELCHER

FAMED SINGER TO APPEAR IN EUREKA DEC. 4

Mary McCormick, famed opera singer, will give two concerts in Eureka on December 4, it was announced recently. The star will be accompanied by The Kryn Symphony Orchestra conducted by Bohumir Kryn of New York, and her program will consist of operatic arias and well known songs. The singer, who is a coloratura soprano, has starred in many recent productions of the Chicago Civic Opera Company and the Metropolitan Opera Company of New York.

Her appearances here in the Eureka Junior High School auditorium are sponsored by the Eureka Junior High School Parent Teachers Association, and will include an afternoon recital for students and an evening concert for all Humboldt County music lovers.

Let's Grow Up

We are the upperclassmen and we must uphold the traditions of our school. What are the traditions of our college? Fun? Horse Play? Dishonesty? Disorderliness? We are at college. Shouldn't we have a more dignified atmosphere? Act like men and women in the social unit, keep the floor clean, don't use the chesterfields for beds, don't tear the newspapers, don't take the furniture home, keep the "smokers clean".

We have traditions. They are: HONOR, LOYALTY, FREEDOM (ability of self-government), ENTHUSIASM, MATURITY and SCHOOL SPIRIT. The lower classmen are here to learn. Teach them by example to be neat, tidy, orderly, and a credit to Humboldt State College.

Signed: Bob Madsen
President of the Associated Student Body
Amedeo Sandretto
Vice-President

S. J. Musicians Cop Honors At Pre-Game Dance

Servants of swing bowed down to their master at the rally dance in the gym last Friday night. The regular dance orchestra was supplanted late in the evening by a five piece brass ensemble of San Jose Musicians who proceeded to let down their hair and "jam" the old dance favorites.

A feature of the evening was a song specially written for the occasion by some of the San Jose while on the train Humboldt bound. It was a clever ditty set to the tune of "You Can't Stop Me From Dreaming."

CAST CHOSEN FOR COMEDY

The department of drama has been hard at work on the casting for parts in their next comedy, "Three Men On A Horse." The tentative cast follows: Irwin Trowbridge, the greeting card part.....Freddie Jackson Audrey, his wife.....Audrey Kjer Clarence Dobbins.....Bob Madsen Patsy, chief race track gambler.....John McGrath Charlie, another race track gambler.....Bill Inskip Frankie, the dumb race track gambler.....Franny Moore Harry, the bartender.....Bill McCready Mabel, Patsy's girl.....Warrene Elmore Moses.....Earl Meneweather Gloria, a newspaper woman.....Phyllis Benbow Mr. Carver.....Richard Jarboe

Two or three minor parts are still to be filled. Rehearsals are to start soon.

CLUXTON BACK

OVER TWO HUNDRED ATTEND PRE-GAME RALLY; CARAVAN GREET S. J. AT TRAIN

About 200 students rooted and tooted at the pep rally and bean feed held in the commons last Friday evening.

Program and numbers included: Cowboy songs by the Humboldt Hillbillies.

Talks by Fred Jackson, Betty McWhorter, Dr. Fisher, Mr. Jeffers, Dr. Balabanis and President Gist.

Instrumental trio—Skaters Waltz and Stars and Stripes. Bill Inskip, Laverne Elmore, Charles Folkerston.

Accordion Solo—Harbor Lights, Don Oliver.

Vocal Solo—Some of these Days, Warren Elmore.

Tap Dance—Satan Takes a Holiday, Vesta Moxon.

Novelty Tap—Jack Walsh, Ted Graves, Bud Villa.

Community singing led by Betty McWhorter.

Yells led by Richie Blackburn.

The program was concluded by singing "On Oh Humboldt" and the Alma Mater, accompanied by the Pep band.

A caravan went to the Eureka railway station where a huge crowd welcomed the San Jose Special and escorted the visitors to the Eureka Inn.

Inn Grid Dance Proves Success

Saturday night saw probably the last of Humboldt State's gridiron dances for the season of 1937, when the Rally Committee sponsored the annual Humboldt-San Jose Dance.

The dining room of the Eureka Inn was decoratively bedecked in brilliant green and gold, and orange and white. The imaginary goalposts were created out of the two large pillars in the room; on the left pillar in large green letters Humboldt loomed up before the mingling dancers. On the right post were the orange letters spelling San Jose, while the paneling connecting the two was decorated with the word State, the first and the last letters being in gold, while the three interior letters, were white, thus completing the collegiate color schemes.

In charge of the decorating were two members of the Rally committee, Margaret Harris and Marjorie Wing. The doorman of the evening was Jay Jones.

Dr. Gillespie Opens Botany Class At Samoa

Dr. Doris Gillespie, of the science department, is forming a new course in Botany which will be given Tuesday evenings at the Samoa Women's Club. Dr. Gillespie will bring specimens for discussion and also invites interested people to bring their own specimens for classification.

This course of study has been made possible through the generous offer of Dr. Gillespie to conduct such a course.

A Message From President Gist

Now that football season is over I wish to state that the loyal support of the people in Humboldt County in football as an activity is highly appreciated by all. The enthusiasm shown by the attendance this year especially at the last game, when it took a lot of enthusiasm to attend at all, was very gratifying.

Football is one college activity which cannot be carried on without the support of the community. Our opposing teams must come from great distances and football equipment is probably the most costly of any used in college activities. For instance in many of the largest institutes on the coast they spend eighty dollars per man in equipping the football squad. Naturally, Humboldt cannot do that well, but football as an activity is very expensive. I think the community can look forward to the 1938 football season with a good deal of anticipation.

Former Student Pines For HSC

Barbara Johnson, a former student at Humboldt State, now attending Oregon State College at Corvallis, has written to her friends that she was in the group of OSC students who invaded the campus of the University of Oregon at Eugene, following the annual "Big Game" of those two universities. According to Barbara it was quite a riotous event.

Miss Johnson is getting along very nicely at Oregon State, but states that Humboldt stills quite a soft spot in her heart, as she is not yet, quite "Organized."

MORE GAMES MAY BE SCHEDULED

Athletic Director Fred Telonicher has been corresponding with several colleges in view of getting a post season game for the Humboldt Lumberjacks.

There are two possibilities for a game, one at Pomona College and the other at Santa Barbara, but neither college has replied to the offer made them.

Several colleges would like to play Humboldt in a post-season game here. Linfield College, San Francisco Junior College, Oregon Normal, at Monmouth, College of Idaho, and Pomona College all have expressed a desire to play here.

If the Humboldt State Varsity had a scheduled game this week, the contest would have to be played in shorts because of the condition of the uniforms which were worn last Saturday.

We Are Proud

With our dream of a glorious victory to climax the year's football schedule drowned somewhere in the mud of Albee Stadium last Saturday, we can still pick ourselves up, brush ourselves off, and consider it a season to be well proud of.

There is no dishonor in being beaten by the Spartan "mud hens". They played a beautiful brand of football and we should be pleased at the remarkable showing our boys made against them, especially in the first half. Faced by superior forces, on the lagging end of the score, weary with rain and mud in their faces, the Thunderbolts put up a good battle all the way through.

Football for Humboldt has largely been a matter of pulling oneself up by one's bootstraps. Before the coming of Charlie Erb it was practically at a standstill and since then progress has often been difficult but we are proud of the long way we have come.

Our problems are manifold: The location of the college makes it difficult and expensive for other schools to come here; the uncertainty of the climate makes each game a gamble on the financial outcome; because we have no stadium of our own we must wait until Eureka High has filled out its schedule to avoid conflicts; we lack the prestige of a football reputation which makes it a "nothing to gain everything to lose" proposition for most of the well-known colleges to play us.

The college should be commended on its splendid turnout at the game Saturday in spite of adverse elements. Though the heavens wept, from beneath a sea of dripping umbrellas came the loyal support of music and cheering for that gallant crew...the 1937 Thunderbolts, whose heads were muddy but unbowed!

SOD and SAWDUST

The supposedly highest scoring team in the nation met the Humboldt ragamuffins at the Albee Clam Beds. After the game the San Jose super-scoring combination was just another team. Two touchdowns better than Humboldt, granted. But the team that was coming north to wipe up the gridiron with a team that won a lucky three touchdown victory over them last year (see San Jose papers of week Nov. 7 to 13) must have been lost in the Eel River Valley. Perhaps they forgot to board the train.

We used to think souvenir programs at football games were supposed to contain pictures of the

football squads especially the home squad. We, being loyal Humboldt supporters and anxious to kill time before the game started bought a program. Went thru it the first time rather rapidly looking for pictures of the boys. We came to the last page without finding any. So back to the front again and thru this time more slowly. Past Gordon Hadley's page Pages of pictures of San Jose players. The roster of the San Jose squad. The roster of the Humboldt squad. Scoop Beal's page. (What the hell is this? A press club monthly?) Past President Gist's page, which

CAMPUS COMMENTATOR

'Twas the 13th of November in '37
When Charlie Erb and the Humboldt eleven
Played host to some Spartans in fancy britches
On Albee field a digging ditches.

They were given a little football to boot
And in the mud they began to root.
They couldn't get dirty just running around
So they started in knocking each other down.

The Erbmen smeared Spartans and looked and then
The San Jose boys were clean again.
When these new faces in the dirt were rubbed.
Eleven more came in who were freshly scrubbed.

They dirtied more jerseys. We luffed fit to kill
Just thinking 'bout San Jose's big laundry bill.
Maybe Penney's will offer to share the expense
'Cause they cashed in plenty on the blue denim pants.

The Humboldt pants got water-logged
And the Humboldt boys got a wee bit groggy.

'Cause there were more Spartans of Dud De Groot's
Than in the bleachers were Bumber Shoots.

They scored thirteen and we did—(two, too)
Many brave hearts are asleep in the foe
But they didn't swamp us in their grammar school jeans
Albee field did the swamping for both of the teams.

What is so rare as a supreme court session of Saturday nite quarterbacks? Methinks Humboldt should schedule a post-season game with the Eureka business men.

Passing Fancies—Alfa Gastman and Bill Crowley were all for going to Grants Pass Saturday nite. And Bob Madsen offered them his car and his blessing...Dan Oliver discovered three broken windows in the Willys Sunday morning...The Hartsook-Walsh-McWhorter triangle is gaining momentum...The San Jose band's drum major was really the height of something or other...Con Daly held a lighted match in front of his face to light a cigarette he had put in someone else's mouth...Tired of Humboldt Co? Go out with Jayn; they all leave after that. First it was Dick and then it was Bill and they are both either gone or on their way...Charlie Daly won \$50 on the game and he didn't bet against Humboldt, either.

gave the present enrollment as 500. For a shame. And finally one page of Humboldt pictures. Without the names underneath we would have never known the boys. "Eddie" Langran could have shown us his family album and mentioned the names like Moore, Farber, and Harris. The effect would have been the same.

His figure you see
Forms the shape of a V
Because of broad shoulders on him.

The Greeks had a word for it, and so has Virginia Nelson. There weren't any empty chairs so Virginia sat on her "symposium." They say that Bud Sullivan's theme song is "when my dream boat comes home." The Rolph ferry is way ahead of the San Rafael ferry at present writing.

Franny Moore and Art McGrath are nosing in on Qooky Saunderson's territory. All three of them are breeding scabs on their noses. Bob Caviness doesn't like to walk so he is now taking the Kjer... 'Twas "old home week" for the Coast Guard but who's afraid of brass buttons...June Baumgartner threw a party and just all the best people were there.

Many a stalwart Humbolderter couldn't keep his eyes from puddling up when Big Nick carried his room mate, Little Snooky, off the field.

And that's thirty from your commentator who has decided that if San Jose can make 13 points on the 13th, we're mighty glad the game wasn't played two weeks later.

Miltie Wiltie was most happy this weekend because his little blond Barbara Bernard from San Jose was up. He's going to see her next weekend. Ah, the ecstasy of young love.

Gin Torp has enlisted the services of a 2½ year old niece to aid her in her wooing. The infink sings this song to Jim at the slightest provocation—

There once was a fellow named Jim

Whose hips were exceedingly slim

Dust off that Green and Gold
For Humboldt's warriors bold,
Renew that battle old
With San Jose.
Against all odds prevail
Our team can never fail,
To set a blazing trail
Through San Jose.
Loud will the cheering be
Each time the referee
Signals a victory
For Humboldt State.
But with a cheer as loud
Will H. S. C. show the crowd,
That hang the score, we're proud
of Humboldt State.
And when the final gun
Signals the game is done,
No matter, lost or won,
CHEER HUMBOLDT STATE.

PALACE OF PEACE IN HOLLAND IS ONE OF FINEST STRUCTURES IN THE WORLD

In Rotterdam, Holland, a monument to world peace stands in the form of the Palace of Peace, a palace which is the product of the best architects and the best building materials to be found anywhere in the world.

The first incentive to this was given when the first Peace Conference met at The Hague in 1898 on the initiative of Nicholas, Tsar of Russia. The permanent Court of Arbitration was an outgrowth of this meeting.

It was Andrew Carnegie who first conceived the idea of putting funds at the disposal of the above mentioned Court for the erection of a Palace to house the permanent Court of Arbitration. The foundation deed was executed in 1903.

After the site had been chosen, an international committee was appointed to map plans for international competition among architects for designs for the Palace. Mons. L. M. Cordonnier of Ryssel submitted the winning design. The final design and management of the Palace was done in collaboration with a Dutch architect, Mr. J. A. G. van der Steur of Haarlem.

The chief feature of the facade is the colonnade on the ground-floor before the vestibule, above this is the court of the Administrative Council and next to this are the apartments of the President and the Secretary-General.

To the right is the Great Hall of Justice, and to the left the great tower. At the other end of the building the windows of the smaller court are seen. The back of the building gives access to the Library containing one of the most complete collections of books on international law, diplomatic history, and the foreign politics to be found anywhere.

The Library, which originally was intended to be at the disposal of the Court of Arbitration only, has now become a public institution and is open to all students of international law.

The base of the building is of Norwegian granite, the columns of grey granite from Sweden, The bricks are from Leiderdorp. The ceiling of the vestibule is French limestone.

All nations from Japan to San Salvador have contributed things to add to the magnificence of the Palace.

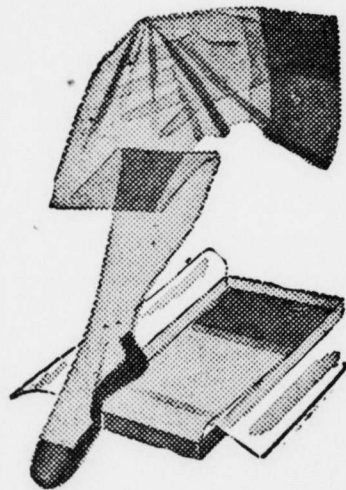

Thus the Palace of Peace, the foundation of Andrew Carnegie, has become a historical and universal monument of the desire for peace.

TO SPEAK

Garff B. Wilson of the college faculty will review "The Citadel," by A. J. Cronin, at the Eureka Women's Club at 2 p. m., Wednesday of this week.

Musician's Name Still Source Of Muddled Mystery

Last year a burning question uppermost in the students' minds; this year, still a topic to be discussed with lifted brows and hushed voices. WHAT IS CARL OWEN'S MIDDLE NAME.

Last year, the Lumberjack's skilled staff of Super-Snoopers sleuthed in vain for the mysterious middle monicker. This year, a new group of ferret eyed youngsters has been appointed on the case who claim that running down middle names is their specialty. First names, give them some difficulty, last names may elude them altogether, but a middle name is directly down their alley.

And so the entire college waits with bated breath, and Carl Owen tries desperately to cover up the fatal evidence, FOR HE KNOWS THEY ARE HOT ON HIS TRAIL.

SAN JOSE 13-2 VICTORY NO DISGRACE TO THUNDERBOLTS; ERBMEN SHOW CLASS

There was no disgrace to Humboldt's eight yard line. Zimmerman won the game with a mere 13-2 score, last Saturday at Albee Stadium.

Playing a scoreless first half, the Humboldt "Thunderbolts," came back fighting and captured two points on a grounded pass in San Jose's end zone. Soon, however, Zimmerman went over for a touchdown on a spin from Humboldt's eight yard line. Zimmerman again scored in the last quarter with a line buck.

The San Jose team played in jeans and gym pants, so as not to ruin their regular suits which they expect to use in the Islands.

The star of the game was Zimmerman. Zimmerman who just couldn't be stopped. Without him San Jose was just another team as far as Humboldt was concerned, with him San Jose was powerful enough to score thirteen points.

Franny Moore's punting was one of the highlights of the game. Considering that the ball was wet, Franny's punts were among the best that have been witnessed this year at Albee Stadium.

Jack "Curly" Ellis, who started in Meneweather's place, showed great ability in ball carrying as he ran back the punts for the Thunderbolts in the first half.

As the game was played in about six inches of mud and water, the game was not made for passing but even at that Earl Meneweather managed to throw some fine passes. The passes were not all caught by the receivers.

The San Jose line is supposed to be one of the biggest and toughest of all lines on the coast, but when the going got tough the Thunderbolts line always managed to hold and stop any scoring, excepting the two breaks in the last half.

Boil It In Oil

In the last issue of the Lumberjack, in a very conspicuous position on the front page was article containing the following excerpt, "unless there are more volunteers the Bigger and Better Rally will look like something the camp Fire Girls threw together."

This is an indignant reply to that article, because it seems, that despite the number of volunteers received to work on the bonfire, the committee was unable to complete construction sufficient enough to allow the "Bigger and Better Bonfire" to proceed. However, it is not the committee in charge of the Bonfire that I am criticizing, but the author of that little statement made a week ago.

It would seem that that person is living under false conceptions, concerning the ability of above mentioned organization. Quite contrary to that persons belief, the fire making art of said group is definitely one to be proud of (we hope) Dr. Dexter says do not end a sentence with a proposition.

The author of this article would appreciate an article in response in the form of a retraction of the statement made last week.

A would-have been indignant On-looker.

The staff is very puzzled by the following contribution found in the Lumberjack box.

"You are a detective with reason to believe— will be poisoned. Watch her carefully. It is up to you to protect her."

EARL MENEWEATHER CONSIDERED ONE OF BEST HALFBACKS IN COLLEGE FOOTBALL

Coach Charley Erb says Humboldt has the best passer on the coast.

Coach Eberhardt of Southern Oregon Normal says Humboldt has the best halfback on the coast.

And as the football fans watch that "Dusky Dynamo" in action they too, acclaim Earl "Minnie" Meneweather as the finest ever seen in these parts.

Earl started his career at Fremont High School at Oakland. There he played varsity football three years and varsity baseball three years. In his first year on the football team "Minnie" ran ninety yards for the longest run of the season. As a senior in high he was given a cup for being the most valuposition at this time was an alternation between quarterback and fullback.

Meneweather played all-city football for the two years and all city baseball for three years.

After leaving High school Earl went for a semester to Marin Junior College where he played varsity baseball. It was from here that he left to go to H. S. C.

During his first year "Minnie" was out of the season due to an operation on his appendicitis. This did not stop him, however, from being the best running back on the squad during the time he was able to play. Last year he was again the best back on the squad. Not only a good runner, Earl also knows how to place kick, as shown by his field goal against the Cardinal A. C. game of last year.

Today "Minnie" is still the outstanding backfield man on the Thunderbolts.

Earl expects to return to Humboldt next year to complete his fourth year of college football.

Heavy Rain Fails To Curb Game Attendance

In spite of the rain Saturday the San Jose game was attended by almost 2,000 people and about \$1200 dollars was taken in at the gate. The Cardinal A. C. game netted \$5.75 and the best attended game of the season brought in \$1500. Football fans should be commended in displaying such enthusiasm and support in spite of the weather.

FROSH WOMEN COP TOP SPOT

The Freshman women's field-ball team, is now the champion team, having defeated the sophomore and upperclass teams to win the championship. Rosie Ivancich was captain of the winning team.

The winning team was composed of the following forwards, H. Hartsook, D. Bennion, J. Christensen, R. Ivancich, J. Anderson; half backs, B. Crnich, F. Peterson, A. Sequist; fulls, A. Lester, J. McCombs; runnings guard, A. Parton.

Who's The Best Garbed Humboldt Coed? Vote Now!

Most colleges at one time or another during the school year conduct various polls to determine the Best something or other around the campus. So this week by feminine vote alone, the Lumberjack will conduct an election to decide HUMBOLDT STATE'S FIVE BEST DRESSED WOMEN.

All women of the college are eligible to vote; write five nominations in the order of their importance and drop them in the Lumberjack Box in the hall before Thursday, November 18. All ballots must be signed.

Interclass volleyball games for girls will start December 6. Myrtle Boehne has been appointed general manager; Helen Connick, upper-class manager; Irene Paddock, sophomore; Rosie Ivancich, freshman.

Girls can get in the six practices necessary to make the teams by playing in noon tournaments or participating in practices after school; practices will be arranged by the managers.

A banquet will be held at the end of the volley ball schedule for all girls that participated in volley ball or field ball. The banquet will be under the direction of Vest Moxon and Myrtle Boehne.

Faculty Women's Club To Meet On Saturday

The Faculty Women's Club will hold their first meeting of this college year Saturday evening of this week. It will be a supper party at 6:30 at the new home of Mrs. Elma M. Folsom of the English department. Miss Sarah Davies, secretary to President Arthur S. Gist, is president of the club; Mrs. Ruth Carstens, recorder, is secretary.

Lower Dues Set For Women's Association

The Women's Athletic Association voted to lower their dues from twenty five cents a semester to twenty five cents a year at a meeting held last Tuesday noon.

The program included numbers from Warene Elmore and Vesta Moxon. Virginia Fredricksen was program chairman.

GIST SPEAKS

President Arthur S. Gist addressed the American Legion on Armistice Day at a dinner meeting held in the American Legion Memorial Building. Dr. Homer P. Balabanis is program chairman.

Watch Your Mail! Cinch Notices To Be In Boxes Soon

It is time for the students to put on their semi-annual long faces. Cinch notice time is here.

Last Friday marked the end of the first nine-weeks period and teachers have been asked to hand in the names of students who are doing failing work or doing work which is between a "D" and a "F".

As soon as this material can be organized in the dean's office the dreaded cinch notices will be delivered. Students who fail to get these notices should not, however, be entirely at ease it was said at the office today, as they may have strong "D" grades which can easily weaken into "F's" in the next nine weeks. That old simile, as thrilling as an empty mail box around cinch notice time, still applies.

Spartan Musicians Aid In Decorating

The interior decorating of the Eureka Inn dining room by the members of the Rally committee last Saturday morning was greatly aided by the volunteered services of numerous members of the Spartan band, which made a fine showing for itself Saturday afternoon.

Despite the fact that many of the service workers were going to be unable to attend the dance to be supposedly in their honor that night, they willingly allowed themselves to be put to work.

In less time than nothing flat, the dining room was soon converted into a room collegiately decked in the bright colors of the two rival colleges, green and gold, and gold and white.

Former Student Here For San Jose Game

Ted Graves, son of Mr. and Mrs. C. E. Graves of the college faculty, came up from Berkeley last week-end to attend the Humboldt San Jose football game. He enrolled in the university this year, majoring in plant science. He attended Humboldt State College two years.

BOB CAVINESS WILL WORK IN LOS ANGELES; LAST SEASON WITH H. S.

Gould, Bill Nixon and Wayne Simpson. He played right tackle on this team also. The Eureka team won the Northern Division Championship and the Northwestern Division Championship during the years that Bob was there.

Upon being graduated from high school, Bob was offered a scholarship at the University of San Francisco, but sickness in the family prevented his accepting it. A year later he enrolled at Humboldt.

We regret seeing Bob leave, but know that he will be successful in his new position and that he will remember him for his clean sportmanship and fine fellowship.

Humboldt will lose one of its most valuable football men next semester, when Bob Caviness leaves for Los Angeles where he will take a position with the Union Oil Company. Charlie Erb, who thinks more of his boys than mere gridiron machines, helped Bob get the job.

This is Bob's second year of football under Charlie Erb. He has played at right tackle both years and is known as one of the best linemen in the northern part of the state. In 1934 and '35 he was captain of the Humboldt team and in 1935 he was awarded the K. B. McCarthy trophy for being the most outstanding individual on the squad.

In addition to football, Caviness has participated in other activities at Humboldt. He was president of the Men's Association in 1934. In the same year he was elected the most popular man on the campus.

Before coming to Humboldt, Caviness had four years of varsity football under Jay Willard at Eureka High. While there he had such teammates as Jim Peterson, Art Burman, Jimmy Massey, Don
