

Humboldt Lumberjack

Wednesday, March 15 1939

Jim Cady Is Appointed Head Of Barn Dance

The Barn Dance given under the auspices of the Men's Association of Humboldt State will be held on the 14 of April. Jim Cady has been appointed general chairman for the dance.

There will be an effort to create a holiday from classes on the day of the Barn Dance. The day will be spent in hay rides and decorating the gymnasium.

The co-chairman for the dance are as follows: Music: Pedro Elmore, Al Biondini; Clean-up: Dick Baldry, chairman; C. Jenkins, M. Cabalzar, P. Coons, V. Cooperrider, J. Lawyer, J. Gastman, J. Davis, L. Flink, B. Hill, C. Torp, G. Geiger, Bill Lee, H. Gomes; Lights: Sherman Washburn, chairman; Keith Henderson, Axel Lindgren, R. Goss, C. Wilson; Door: Fred Jackson, Fred Hibler; Paul Jones; John McGrath; Barn Dance Day: H. Jenkins, chairman; Clarence Edsall, Henry Trione, Don Pozzo; Hay Tender at the Slide: Zeke Sanderson; Decorations: Jack Ellis, Lee Seidell, chairman; Roy Grand, Don Mahan, Mike Chetkovich, Bill Inskip, Clarence Edsall, Woody Woodcock, Curt Sundquist, George Hartman, Alfred Jones, Dan McClure, Len Longholm, Walt Shocker.

Pictures Exhibited By Camera Artists

There is an exhibit of camera art in the show cases at Humboldt. These pictures were all made, enlarged, and mounted by the person whose name appears with them with the exception of those of C. E. Graves.

D. W. M. Lanphere has four pictures in this exhibit: two of different sunset pictures near Ferndale, one of a group of cows resting on a hill side which he has named, "Siesta" and "Memorial Cross" which was built in memory of the persons who died when the "Ranger" was wrecked on the coast.

Dr. H. D. MacGinitie has two pictures in this exhibit. One shows a long tree covered valley called, "Butter Valley," and another called, "Twilight."

Jim Hall has as picture of the grinding of the world's largest lens and of "Elephant Towers," a building in the Golden Gate exposition.

C. E. Graves has two pictures: "Weeping Spruce," taken in the Trinity Alps; and "Mount Hood in Winter," a snow picture.

These exhibits will be continued and pictures taken by students in the photography class will be displayed also.

PRESIDENT GIST IS SPEAKER AT KIWANIS

President Arthur S. Gist of Humboldt State College was the principal speaker at the Kiwanis meeting last Thursday night in the Hotel Arcata.

The topic of President Gist's speech was the 25th anniversary of Humboldt State College. Many old pictures of the school were shown.

Recent New Books In Rental Library

Here are the names and subjects of five recent books in the college rental library

"The Sword of Islam," by Rafael Sabatini. If you liked "Captain Blood" and "The Sea Hawk," you will like this. It is the story of fighting ships and fighting men to man then. The scene is Genoa and the surrounding waters.

"Grandma Called it Carnal" by Bertha Daman. This is the story of the author's grand-mother who, she says, "Fought the twentieth century and all its innovations, single handed, and won!"

"When There is no Peace," by Hamilton Armstrong. This is day by day account of the Czech-German crisis by a man who has studied the situation.

"A Peculiar Treasure," by Edna Ferber. This is an auto-biography of a women newspaper reporter and novelist, told in the striking way of all of Edna Ferber's novels.

"Benjamin Franklin," by Carl VanDoren. This is a biography that reads like fiction.

TRY-OUTS TO BE SCHEDULED SOON

Tryouts for women's basketball teams will be held on Thursday, March 23, at 4 p. m., according to Virginia Belloni, general manger of basketball.

She urges women to get their six practices in, without which they will not be able to try out for teams. Four more practices are available on Tuesday and Thursday at 4 p. m. for those who have not gotten their six practices.

PAMPHLET DISPLAY FOR 'CONSERVATION WEEK'

Since March 7 to 14 is Conservation week in California, the Humboldt State Library has an exhibit displayed behind the rental library shelf of pamphlets on different ways and means of conserving natural life and participating in conservation week.

The main theme of the whole exhibit is "Practice conservation every day" Some suggestions on participating are by radio programs, newspaper stories, exhibits, moving pictures, and practical demonstrations.

BUSY ON 'FAIR' MUSIC

The Humboldt State A Cappella Choir has finished reading through all of the music to be used at the Golden Gate exposition. They are practicing three evenings a week and every noon from 12:39 to one o'clock. They will give two concerts while at the exposition: The fifth and one the sixth of May.

Dorothy Barnes, former Humboldt commercial student, is now employed in the business office of the Humboldt Standard in Eureka.

Annual Men's Picnic Dates Are Set

The Associated Men Students of Humboldt State College will hold their annual picnic sometime in May. Rod Belcher has been appointed general chairman. The picnic will be held on a Friday and usually most of the men students attend. Last year was the largest attended picnic that was held in sometime.

Belcher has named the co-chairmen and they are as follows: planning committee: Jack Ellis, Francis Givins, George Hartman; food: Bus Foster, chairman; Casper Torp, Nick Barbieri; refreshments: George Hartman, chairman; Bruce Wylie, Bill Inskip; transportation: Herb Gomes, Ted Speier, D. Pozzo, Activities: Woody Woodcock, Al Biondini.

The site for the picnic has not yet been picked but last year's site was considered the most favorable. The picnic was held on the banks of the Van Duzen river near Carotta.

Valuable Etchings To Be Exhibited

Mrs. Stella Little of the art department is making plans for the acceptance of an offer made by the art department of San Jose State College to include Humboldt State College in a circuit for the exhibitions of etchings by John Taylor Arms.

It has been tentatively arranged for Humboldt State to have the etchings for the first and second weeks in April, but due to the conflict with spring vacation, Mrs. Little has requested that the dates be moved forward a week.

John Taylor Arms is considered one of America's great etchers. He is sending the exhibition to the coast. It will probably contain about twenty prints and several original drawings. The exhibit was first shown in the De Young Memorial Museum in San Francisco, and from there the circuit is planned. There is no cost and the only requirement is that all exhibitions be made under glass. The only available place here is in the show cases opposite the social unit.

TEACHES AT SCHOOL

In the course of teacher training Practice Teaching III, Myron Schussman is working at the Arcata Union High school with a special English class.

Schussman has nine students and holds class every day.

IS SERIOUSLY ILL

Valerie Vann, freshman commercial student at Humboldt State is seriously ill at the St. Joseph Hospital in Eureka. She has been sick since final week with ptomaine poisoning and was recovering rapidly until two weeks ago when she developed peritonitis.

DE LUXE SHOP

"On the Plaza"
Haircutting our specialty
Chris and Ray

MOE MUSANTE GOING TO CHILE MINE JOB

Moe Musante, former Humboldt student and football player, was to sail for Valparaisa, Chile, March 10 where he will be employed in a mine.

Musante received his job through the Secretary of State Labor, according to word received here.

Musante will be in charge of a crew of natives at the Chile mine. He plans to return to his home in Redwood City next February.

A Cappella Choir In Extra Meetings

The Humboldt College Choir is rehearsing three nights a week from 7:15 to 9, and every noon hour from 12:30 to 1 o'clock the music they will sing at the Golden Gate exposition in May.

Those belonging to the A Cappella Choir are Jane Anderson, Marjory Barnes, Roderick Belcher, Barbara Bird, Marjorie Bull, Martin Cabalzar, Jack Davis, Martha Dolson, LaVerne Elmore, Albert Gilman, June Gregory, Doris Gunderson, Hazle Hagne, Arline Harrington, William Inskip, Pauline Knudson, Allen Lowry, Mary Mangum, Don Malone, Ray Pedrotti, Amedeo Sandretto, Marthabel Scott, Jack Schmidt, Dolores Scholl, Myron Schussman, Edwin Speier, Frank Steele, Lynette Swan, Marjorie Wing, Willard Woodcock, and Bruce Wylie.

G. Dana Kinsman, director of the choir says that there will be four additions to the choir later.

PICTURES FOR ANNUAL ARE TAKEN BY HALL

James Hall, senior student and annual photographer, announced that he has taken all of the pictures that will go into the annual.

Ray Pedrotti, editor of the annual, stated that written material and advertisement are almost completed and except for a few finishing touches the annual is ready for the publishers.

The annual will probably be ready for students the latter part of May or the first of June.

FORMER INSTRUCTOR IS CHAIRMAN

Edmund Jeffers, director of music at Humboldt State College, now on leave, has been appointed chairman of the Music Education Club and the chairman of the music committee for the annual party given by Dean Russell of Columbia University.

These appointments were revealed in a letter to William Inskip from Mr. Jeffers recently. Mr. Jeffers is studying for his doctor's degree in music at Columbia University.

HAS ARTICLE PUBLISHED

Leo G. Schussman just had an article published by the "Educational Administration and Supervision" Magazine. The article is entitled, "Some Other Aspects of Overlapping" and pertains to curriculum revision.

FARBER IS ILL

Bill Farber, student teacher and manager of the Co-op has been confined to his bed in the Dorm with an attack of flu.

His place in the Co-op will be taken by Nick Barbieri.

Students, Dean Attend Conference At Fresno State

Bessie Boehne, junior, and Rosie Ivancich, sophomore, will leave Thursday morning for Fresno College where they will attend the conference held by the Alta California Associated Women Students and Women's Athletic Association. They will be accompanied by Mrs. Monica Hadley, Dean of Women at Humboldt State.

The representatives plan to leave Thursday morning and arrive in San Francisco where they will stay overnight and then continue to Fresno on Friday morning. They will go in Mrs. Hadley's automobile. On the trip back they plan to visit in Davis with Dr. and Mrs. Vernon Puryear, former history instructor at Humboldt.

The procedure of the conference will be to study and discuss athletic, social and financial life in college for women. During the conference on of Humboldt's representatives will give a ten minute talk on the subject of "Freshman Social Activities."

Each college is allowed to send four delegates to this convention at which Fresno State will be hostess. Although Humboldt has been invited to attend these conventions in the past, she has never sent representatives. Because of the fact that accommodations could not be arranged for four girls only two will be sent this year. The girls pay their own expenses at the convention. They will stay in private homes during the conference and Mrs. Hadley will reside at the Hotel Fresno.

College Students In Fashion Show

Among the students attending the Fashion Shows on Friday at the State Theatre were the following:

Ila Matzen, Ruth Kaehler, Viola Stanberry, Billie Goff, Evelyn Lehrman, Billie Goss, Dorothy Fraga, Joy Stockton, Betty Smythe, Evelyn Mitts, Barbara Bird, Helen Jones, Estrid Lellas, Vernice Alamen, Donna Anderson, Leora Johnson, Nathalie Brenner, Arlene Harrington, Dolores Scholl, Carolyn Crane, Catherine Caltoft, and Helen Woodcock.

WATER DELAYS STUDENT

Jane Hawley Humboldt sophomore who found herself marooned Sunday when she wanted to return to Arcata from Freshwater when the water rose across the lane between her parent's home and the main road. After she had waited for an hour the water receded a little and she drove through.

Co-ed Is Hostess At 'Slumber Party'

Miss Mary Eads of Humboldt was hostess to a group of Humboldt State coeds at a "slumber" party given at the home of her aunt, Miss Emma Bond at Eureka Friday.

After a buffet supper served by Miss Bond, assisted by Mrs. William Thomas, the girls attended "Blossom Time." Upon returning with Miss Eads, the group played Chinese checkers and other games.

Marianne Lambert, violinist, utilized her musical talent to draw music from a saw. Later Beverly Bullock, accompanied the girls in group singing.

Guests of Miss Eads were Mary Borneman, Beverly Bullock, Marianne Lambert, Faye McCord, Frances Nye, Frances Petty, Virginia Williams, Susan Wilson, Frances Larson.

COMMUNITY SINGING AT ELEMENTARY SCHOOL

In an assembly held at the College Elementary School last Thursday, Miss Dorothy Williams, faculty member, conducted a community "sing." The remainder of the program was composed of musical presentations by student groups.

Members of the eighth grade put on a series of old fashioned dances popular in pioneer days. Both the third grade and second grade groups sang songs. The Boy's Wind Quartet played "Jennie With the Light Brown Hair."

CAMPUS COMMENTATOR

Beautiful memories are all that remains for "Diamond Jim," "Fire Engine" Cady. The reason is that nurses' school lures his Verna Schocker away.

We used to call Keith Henderson "Lover," but now we wonder why "Lover" hasn't been seen in public with a co-ed for many a moon.

They say American woman use annually enough lipstick to paint 3600 barns. Some of our co-eds have helped paint those barns and your commentator wonders when some will help in the painting.

With oceans of studies and a watchful eye (on Julius Hooven and Frances Nye) this gossip will take a lam. Hope I never lie.

P. S. Dear Editor: Am I too terrible to be a Poet-Laureate?

After a week's mis-understanding lay-off, here is your humble servant of gossip back again.

"Steady Dan" (not McGrew) McClure, a one-gal over of high school days, still is a good catch for some fair co-ed. We were quite right about "Our" Glenn Goble. He and Esther Ritola take regular strolls around the campus each day.

During last week's rest, Rosie Ivancich enjoyed a week-end dancing with Jack "Blondie" Walsh, former H. S. C. student now attending Cal. The Big Apple and the Shag were in vogue for the couple.

This week Roy Grand and Dona Anderson take the verbal orchids for long romances. It started in high school.—(Roy is a college senior.)

PROFESSOR HAS

ARTICLES PRINTED

"Imitation Porcelain" and "Retorts for Melting Aluminum" are the titles of two articles written by Horace Jenkins, professor of industrial arts at Humboldt State college, and accepted for publication by the "Popular Science Monthly" magazine.

Both the work in porcelain and retorts have been carried on in the shops and the experiments have proved practical for use in the home or in the teaching field. Mr. Jenkins is a regular contributor to the magazine.

Children, Students Try Matching Tones

Miss Natalie Brenner, Humboldt student brought the first grade of which she is student teacher at the College Elementary school to Miss Helen Garvin's music practicum class last Friday to illustrate to the class a child's ability to match tones sung by the teacher. The practicum students called the roll by singing the child's name in two tones. The children answered by singing "I'm here" in the same tones. If unable to answer in the same tones, they were to be given special training until able to match tones.

After roll call, the children were led in a song by Ida May Inskip.

There were twenty-two students in the music practicum class and fifteen children in the first grade taught by Miss Brenner.

Award-Winners In Program at Samoa

Four scholarship students of the Humboldt State College were the guests of the Samoa Women's Club Tuesday afternoon of last week. They were Marianne Lambert, violinist, of Eureka, Marthabel Scott, vocalist, of San Francisco; Verne Cooperrider, pianist, of Arcata; and Walter Carr, pianist, of Orick;

The program was conducted by Miss Faye Jackson of the Humboldt State faculty. Miss Helen Garvin and G. Dana Kinsman, both of Humboldt State faculty also made the trip. Mr. Kinsman spoke on the value of the appreciation by the students for the Women's club scholarship. Miss Garvin asked Mr. Kinsman a series of questions at the close of his lecture. He answered them so as to bring out the important phases of the scholarships.

This same group gave a program at the Fortuna Women's club Saturday and at the Eureka Women's Club Wednesday.

PROFESSOR IS ASKED TO WRITE

Horace Jenkins, professor of industrial arts at Humboldt State College, has been asked by the editor of the "Home Craft Magazine" to write an article on "Casting Aluminum" for publication in the near future.

During the past few years a course in aluminum casting has been given by the Industrial Arts Department and Mr. Jenkins has developed a method of casting that is very economical and practical.

Former Student Gives Talk

"Placement Bureaus in the Teaching Field," was the topic of Mary Scholl, recent Humboldt graduate who spoke to the Student Teachers Association of Humboldt State, at a meeting held last week at the Schussman home. Miss Scholl is teaching at the Dow's Prairie school near Arcata.

Miss Scholl told of the many benefits derived from the California Teachers Association placement service and of the Association's interest in the Humboldt State College Student Teachers Association which is affiliated with the C. T. A.

At the close of the business meeting games were played, and refreshments served, and the group then adjourned to attend the H. S. C.—Sparkler basketball game.

Those attending the meeting were Walter Schocker, Glenn Waldner, Franny Moore, Fred Jackson, Ray Pedrotti, Virgil Hollis, Jack Bartlett, Alex Smith, Don Pozzo, Gerald Geiger, John McGrath, Myron Schussman, Bob Madsen, Marjorie Cropley, Lanette Gregory, Pauline Knudsen, Vesta Marke, Margaret Easley, Marjorie Bull, Vesta Moxon, Valerie Barker, Betty McWhorter, Edith Nellist, Roberta Hood, Jean Lawyer, Lois Watkins, Gladys Hinman, Helen Connick, Blanche Lowry, Nathalie Brenner, Esther Ritola, Frances Poulson, Beryl Unsoeld, Mary Scholl, Irene Hinkley, Virginia Fredrickson, Mary Floccini, Myrtle Boehne, Bessie Boehne, and Dr. Vernon O. Tolle, Leo G. Schussman, Ruth E. Bestor, Eleanor McKay, Estelle Koch, and Dorothy Williams of the college faculty.

BOTANY CLASS BUSY BRINGING IN PLANTS

Dr. Doris Gillespie's "Botany 4-A class," at Humboldt State, which studies the classification of flowering plants, is extremely busy this year. Dr. Gillespie and the students are bringing many plants to school.

Altogether they have sixty different species of flowers, which is a considerable number for this time of the year. If any student finds any flowers and wishes to have them classified, Dr. Gillespie and her class will be glad to do it for him.

STUDENT WANTED FOR BOARD AND ROOM

A request has been made by a man living near the campus for a student desiring to work out his room rent. The room is steam heated and the owner of the building provides many accommodations to students now living there.

He customarily charges six dollars a month but at present needs some work done in lot improvements. Anyone interested may obtain further information from Mrs. Jessie T. Woodcock.

Lumberjacks Win Independent Title

The Humboldt State Lumberjacks won the Independent League title last Wednesday night when they defeated the Nehi five, 60 to 41. They had defeated the Hollander Sparklers 36 to 34 the night before.

The Sparkler games was the most exciting played in the gym this year. Givins, ace forward for the collegians dropped two points through the netting just as the game ended to lead Humboldt to victory.

The game with the Nehi was a lopsided affair with Givins tanking 14 points and Lozensky getting credit for 16. The game officially ended the season for both teams.

EXTRA CLASS IN ARCHERY

In addition to her one o'clock archery class, Mrs. Monica Hadley has an archery class on Monday and Wednesday at 2:10. The following students are in the class: Helen Woodcock, Merlyn Allen, Donna Anderson, Norman Belfis, Charles Davis, Anna Hill, Dorothy Hunt, Ruth Kaehler, Beatrice Logan, Allan Lowry, Sophie Politis, Mervyn Riddle, Rowena Rube, Louise Sanders, Donald Turner, and Richard Yacorzynski.

Reviewing The Jayvee-Varsity Tilt and Sparkler Contest

Well, the same old thing prevailed in the Varsity-Jayvee game last Friday--the varsity pulled away at the last of the game to beat the tiring Jayvees. Weird plays by both teams, and weird officiating, which seemed to favor the Jayvees most, were the features of the game. Captain Flink played

his best game of the season to keep the Jayvees in the game during the first half and the "little guys." Seidell and Lee were the main gogs in the Varsity attack. Admission of Givins to the game after he was put out with four fouls was rather queer, and the "mistake" by which Thornton was allowed to

ELEMENTARY TEAM IS DEFEATED

The College Elementary School basketball team was defeated by the Arcata Elementary school team 24 to 15, in the College gym Friday afternoon.

Bobby Fulton paced the CES squad with six tallies.

The entire student bodies of both schools were present and there was keen rivalry between rooting sections.

COLWELL IS WINNER IN INTRA-MURAL

The Peanut League for Humboldt State intra-mural basketball has ended and Stan Colwell's team is on top with five wins in five games. Mike Chetkovich's team was second with four wins out of five games.

These on the championship team are: Stan Colwell, Jack Ellis, Art McGrath, Marshall Rousseau, Goodwin, D. Goff, A. Jones.

The final standings in the league are as follows: Colwell, Chetkovich, Gilman, Pedrazzini, McClure and Cabalzar.

HUMBOLDT SKIERS HAVE THEIR TRIP CUT SHORT

Leland Domeyer and Eugene German of Humboldt State College were among the group of ski enthusiasts who left Saturday morning for a forty-mile cross-country trip, only to have their trip cut short by a severe storm and unfavorable snow conditions.

The skiers left their cars at Berry's Summit and after a hike of seven miles reached Ed Enquists cabin at 5 o'clock where they spent the night. The condition of the snow necessitated the use of the Telemark and open Christianity turns when the skiers came down the hill the next day.

John Davidson and Joe Lyle of San Francisco also made the trip.

STUDENTS HAVE CHARGE OF GYM

Various students who are upper division physical education majors have been in charge of the gym during the sports period sponsored by the W. A. A. in the large gym on Sundays afternoons.

During the time students and their friends play badminton, deck tennis, table tennis and other games.

BOYD'S Service Station
Block South of Plaza
ARCATA
"Anything for your automobile."

return to the game was questionable. Most feared player on the floor was undoubtedly "Bowl-em-honors for doing the best "recline-job" in his career. Wally really can hit the deck beautifully.

Humboldt came back to take a very tight game from the Sparklers last week in one of the most exciting games of the season. Sparky Robertson of the Sparklers did a marvelous job of leading his team, but Humboldt took advantage of some ragged passing in the final minutes to win the game. Bill Lee's long shooting was a big help to the College, when most of the boys could not hit their shots.

Old man Rain has reared his ugly head again to hinder track and baseball workouts, if he will lay off for a few weeks (very unlikely) maybe the cinder men can get somewhere.

GYM CLASS WILL SUPERVISE BASKETBALL

Members of the Theory of Athletics class taught by Miss Ann Craig will take charge of basketball during the absence of Mrs. Hadley who will attend a conference of the Alta Conference Associated Women Students on March 17, 18 and 19 at Fresno State College.

The class is composed of Barbara Crnich, June McCord, Nathalie Brenner, Dorothy Watkins, and Rosie Ivancich.

NEW FOOTBALL EQUIPMENT

Coach Herb Hart has purchased new equipment for the football team. The new equipment was purchased during a trip to San Francisco this fall. The new equipment consists of new pants, helmets, shoes, and pads.

NEW EQUIPMENT FOR TRACK

The Humboldt State track team has received new equipment. Several crossbars and a pole vaulting pole has been purchased as have two new javelins.

BASEBALL TEAM HAS FIRST WORK-OUT

Baseball men worked out for the first time Monday afternoon in the gym. The work out was under the direction of Walf Oglesby, baseball coach.

Those who were at the practice were: Ellis, Barbieri, Faust, Speier, Meneweather, O'Donnell, Givins, Wylie Lee, Cabalzar, Lozensky, and A. McGrath.

Negotiations to baseball suits to be purchased from the Hammond Lumber Co. are underway. Twelve pairs of pants and socks will be purchased from the company and caps will be bought later.

Betty and Evelyn Try 'Hitch-Hiking'

"Oh, don't give this old "model A" the signal. It might give us a lift. We might as well get a ride in a good car if we are to get one at all!" So spoke Betty O'Kane to Evelyn Mitts while they were standing on the corner thumbing a ride to Eureka Thursday from Humboldt State.

This was an attempt to commute between Eureka and Arcata by means of hitch-hiking. The girls, without funds for lunch or transportation, had to thumb a ride home to get their meal. Considering that rides are hard to get during the noon hour the girls think they made the trip in pretty good time: 55 minutes of actual hitch-hiking.

They were making their debut as "thumbers" and found out it is not as easy as some friends said it was especially since they had to walk from the Humboldt Standard building in Eureka to the draw-bridge.

The word "sitzmark" is a new member of an alarming number of Humboldt student vocabularies. It has made its debut via student ski enthusiasts and seems to be quite popular. The word is strictly a ski term and should be taken absolutely literally. It is a noun used to denote the impressions left in the snow by skiers when they fall.

Spring Practice For Football

Coach Herb Hart stated that he will endeavor to hold spring practice for football during the month of May. Coach Hart asks that all men interested in football attend the practice so as to learn the plays and fundamentals of his system.

Those who are expected to attend the spring practice are: J. Ellis, K. Henderson, Bill Lee, Snooky Edsall, Francis Givins, Art McGrath, John McGrath, Casper Torp, Glenn Goble, Marshall Rousseau, Len Longholm, Herb Gomes, Harold Langdon, Bus Foster, Vernon Thornton, Mike O'Donnell, Lee Flink, Herman Jones, Chan Jenkins, Don Pedrazzini, and any other men students who wish to try-out for next year's team.

Redwood Empire Asks for Photos

The Redwood Empire Association has asked for a set of photographs of the Humboldt State College campus for publication in various Redwood Empire advertising media, according to a letter received here from Clyde Edmundson, managing director of the Association.

The request for pictures was in answer to a letter written by Bob Madsen, publicity manager, asking if the association would publish picture of Humboldt State, the only four-year college in the Empire, in their pamphlets.

According to Madsen, a series of campus pictures taken by Jim Hall, official college photographer, will be sent to the association in the near future.

H

Dropping Courses May Affect Index

Not only will there be an increase in the fees for dropping courses beginning this week, but there is also a change in the status of students who drop courses.

According to regulations, during the second six weeks of any semester, a student in residence may be permitted to drop a course without prejudice to his record in case this is done with the approval of his advisor; such approval, presumably, is to be based upon considerations of health, outside work, or on other reasons for which the students are not held capable. In such cases students may withdraw from courses and receive "W's." Otherwise the dropping of a course during these second six weeks will be recorded as a failure.

Students who have dropped courses with official approval during the six weeks just past will not have those courses reported or charged against their records for this semester.

H

Bill Hodges Guest of Honor

William Hodges, Humboldt State freshman, was the guest of honor at a surprise birthday dinner party last Thursday evening, at the home of Mrs. J. Robinson in Eureka. Following the dinner the group went to see "Huckleberry Finn," at the State Theater.

Those present at the party were: William Jackson, William Hodges, Ernest Johnson, Robert Cloney, Louis Hibser, Wayne Robinson, Vonnice Dunston, Vernon Robinson, John Nelson, and Mrs. J. Robinson.

Shirley Davis, sophomore student, has recovered from the flu, after being absent for a week, and is now attending classes.

Roots, Shoots, Leaves Form Diet Of Many Without Their Knowledge

When we hear of famine-pressed people living on roots, shoots, and leaves, we shudder. And yet that is just what forms much of the fare of most of us, according to Dr. William M. Lanphere of the Humboldt State college science department. The confusion arises from a difference in popular and botanical terminologies, he said.

"Everyone knows," Dr. Lanphere says, "that when we eat carrots, parsnips, and beets, we are eating roots. The plant stored food in these modified roots that it might produce fruits and seeds later, often the following year. Most of us know that when a beet has gone to seed the food which was stored in the root has been used up and only the stringy, woody material is left. We must not flatter ourselves that the plant stored up the food so that man might come along and harvest it."

"When we eat Irish potatoes, we are eating food stored in modified stems, even though these stems are found underground. It is not unusual to find stems underground. The brake fern so common in this region has underground stems in which food is stored. Roots do not ordinarily have buds on them, but the eyes of the Irish potato are buds; this shows that the tuber is a stem. The sweet potato, incidentally, is

a root.

"Most of our so-called greens are the leaves of various plants. We often eat beet leaves, spinach, mustard, and nettle, and other plants. Sometimes we eat the stem and root as well.

"When we eat asparagus, we eat the whole young shoot. Young succulent shoots are a good source of food, though not particularly high in calories. We eat the stem of the leaf, or petiole, when we eat celery."

Other seeming anomalies due to the difference between the public's and the botanist's classification are as follows:

When one eats an apple, he eats the end of a stem and throws the fruit away. The real "fruit" is the cartilaginous material which surrounds the seeds. The same thing is true of the pear.

The banana, which came very close to being a berry, belongs to that great group of plants to which the palms, corn, and the grasses belong.

In the pineapple the flowers are borne along a modified stem; also scattered along this stem are modified leaves. The pineapple fruit is composed of practically all the flower's parts, the modified leaves and the central stem. One eats the whole thing except the leaves which is a little too woody to be palatable.

Many Differences Between Ape, Man

In confutation of charges sometimes made that institutions of higher learning teach the theory that man descended from the monkey, the University of Texas anthropology museum has put man and the giant ape side by side and found the fallacy in the doctrine.

The differences between two skeletons, one of a man, the other of a chimpanzee are pointed out by museum authorities. "The important differences between man and the great apes pertain mainly to the size of brain and the locomotor habits," Dr. J. Gilbert McAllister, director, said. "Man is not 'up from the ape,' though in bone structure, muscles, organs and pathology, there is but a difference of degree not kind."

Listing some of the differences between man and the chimpanzee, gorilla or other ape, Dr. McAllister pointed out that man has a much larger brain, less facial protrusion, a pronounced chin, a flatter chest.

Man does not have interlocking canine teeth as do the giant apes, his cervical vertebrae do not "bristle," his spinal column has an "S" curve, his leg bones are longer and stronger, his pelvis is more basin-shaped, he does not have an opposable big toe.

More conclusive than anything else that man did not descend from the monkey, however, is man's culture, Dr. McAllister declared.

H

IS CYCLIST

Natalie Brenner, senior student teacher and resident at the Dorm, is going in for cycling. She has her brother's bicycle at the Dorm and cycles back and forth to Arcata.

"Pop" Jenkins Has Book Published

Professor H. R. Jenkins has been notified that a book on pottery which he submitted for publication a number of years ago will be released next fall. The book will be entitled "Practical Pottery for School and Home," and is to be published by the Bruce Publishing Company, Milwaukee, Wisconsin. Having completed the book ten years ago and received notice of its acceptance several years back, Mr. Jenkins was not assured of its publication until recently.

NEW RECORDS ADDED BY MUSIC DEPARTMENT

An addition has been made to the record library of Humboldt State College music department under Miss Helen Garvin. There are four records in a series called the "Album of Miniature Operas," by the French composer, Milland.

There is also a record of "Sonata for Viola," by Paul Hindemith who was once the guest conductor of the San Francisco Symphony Orchestra. Another is, "Porgy and Bess," by George Gershman.

Chemistry Class Studies Dyes

Dr. Harry MacGinitie's chemistry 1B class at Humboldt State went to the Eureka Woolen Mills, Monday afternoon. The purpose of the trip was to study the chemistry of dyes. The class went to Eureka by bus driven by Alvin Wright.

The members of the class are: William Arvola, William Hodges, Norman Belfis, August Baronti, Mervyn Riddle, Leonard Smith, Henry Trione, Roger Batti, Leonard Westerlund, Verne Copper-rider, Charles Arnold, Walter Monroe, Glenn Goble, Gordon Hicks, Jane Abrahamsen, Carmen Baldwin, Darrel Wing, Dan McClure, William Madsen, Vonnice Dunston, Ernest Johnson, Eugene German, Louise Hibser, Duane Goddin, Alvin Wright, Lee Domeyer and Don Malone.

President Gist In Sacramento

President Arthur S. Gist left Saturday night for Sacramento to confer with state officials on plans for the new dormitory and commons to be constructed on the Humboldt campus.

The project also includes completion of the training school at the cost of \$17,000. The dormitory and commons will cost \$195,000.

While in Sacramento, President Gist hopes to learn when construction of the new additions will start. He will also confer with senator Irwin T. Quinn and Assemblyman M. J. Burns.

H

JUNIOR CLASS WINS LAST SPELLING BEE

The Junior Class of Humboldt State won the weekly spelling bee held over station KIEM, from the Sophomores. However, individual honors went to Rod Belcher, whose prize was a merchandise order. At the end of the regular spelling period, Belcher was tied with Valerie Barker, who lost in an extra spell-down.

Those who participated were Valerie Barker, Charles Glenn, and Martha Cabalzar, Juniors; and Rod Belcher, Rosie Ivancich, and Ted Speier, Sophomores.

Archery Duel Ends In Draw

An archery contest was held recently between "Little John" (Norman) Belfis and "Friar Tuck" (Richard) Yacorzynski. The two had been arguing for several days about which was the better archer. The contest told the tale.

Little John missed the target with four arrows and lost the last two. Friar Tuck broke his first two arrows when he hit a rock twenty feet from the target, and the bow string went with the third arrow.

They called it a tie.

H

SHOWER IS GIVEN FOR STUDENT IN COMMERCE

A shower was given last week in Room 206 at Humboldt State in honor of Miss Rowena Rube, who is taking commercial courses at the college. Miss Rube is to marry Buster Carson of Eureka.

Those attending were Loretta McDonald, Helen Gruhn, Billie Bunch, Irene Jepsen, Jean Brown, Marguerite Lawrence, Jean Hess, Elsie Anderson, Ella Morris, Anna Hill, Kay Lehto, Edith Cain.
