Student Teachers Hear Supervisor Talk On Education

A meeting of the Student Teachers Association of Humboldt State College was held recently at the home of Marjorie Cropley. A short business meeting was held with President Myron Schussman presiding.

George Monroe, former Humboldt State student and now a county rural supervisor specializing in visual education, gave a short talk to supplement talking pictures of educational subjects. Among the pictures shown by the supervisor were "The Gloucester Fishermen," "A Trip Through Mexico," and the "House Fly."

Following the showing of the pictures, refreshments were served, and group singing held. The following were present:

Virgil Hollis, Alex Smith, Roy Grand, Marjorie Cropley, Bob Madsen, Myron Schussman, Dick Baldry, Gladys Hinman, Lanette Gregory, Ida May Inskip, Pauline Knudsen, Helen Connick, Ardys Goff, Virginia Belloni, Roberta Hood, Edith Nellist, Marion Swap, Walter Schocker, Marjorie Bull, Fred Jackson, Glenn Waldner, Valerie Barker, Ted Graves, Bessie Boehne, Betty McWhorter, Grace McMannus, Nathalie Brenner

Continued on Page 4

Date For Annual Work Day Set

Third annual Campus Work Day will be held on Friday, May 26, according to Nick Barbieri, student body president. The date for Work Day was set several months ago by the Assembly committee, but the date was not released until today. The reason for having Work Day approximately a month later this year was to have the campus in its best shape for the twenty-fifth anniversary, during which Governor Olson will be the honored guest, said Barbieri. The anniversary will be June 9, in connection with commencement.

FOUR NEW MEMBERS JOIN A CAPELLA CHOIR

Harry Foster, Robert Brown, Caroline Crane and Jean Carrington are new members for the A Cappella Choir.

The A Cappella Choir will give two concerts at the Golden Gate Exposition one May fifth, the other May sixth.

JENKINS' ARTICLE PRINTED

Horace Jenkins, professor of industrial arts, has had a continuation of his series of article on the Weaving Loom published in this month's Industrial Education magazine. The college library takes this magazine.

EXTINCTION OF SPECIES EXPLAINED BY MAP

Have you ever wondered why the sea lions, whales, California Grizzly Bear, and all other wild animals are getting rare? A map on the board back of the rental shelf in the library gives the names, pictures, and reasons for the extinction that is overtaking wild animals of United States, Canada, and Mexico.

College Fashions Are Changing

Taffeta slips, faille jackets, crisp cottons, and stiff veils are all in vogue for spring together with clattering wooden shoes, jangling jewelry, and crepe shoes.

Stripes are indeed stylish, being used in play togs, cotton dresses, and blouses. They are a welcome change from the plaids and checks of years gone by.

The universal costume for all college coeds is a skirt, pleated, plaid, or plain, worn with a sweater—either cardigan or slip-over; a hair bow, anklets, crepe soled oxfords or wooden clogs, and a tailored jacket to top off the outfit.

Commonly seen at the A.W.S. convention held at Fresno State College recently were sweater and skirt combinations in pastel shades topped with a "roller" hat to match. What with warm weather just around the corner, and spring making its appearance, outfits of lime accented with navy blue, fuchsia, or white made their advent into spring at the convention in full glory. Cardigan jackets in herringbone accented some of the short swing skirts worn by the delegates and which are in again with the "swing of things."

TO REPRESENT COLLEGE IN SAN FRANCISCO

Virginia Belloni and Barbara Crnich, junior students, will represent Humboldt State College at the 44th Annual Conference of the National Association of Health Physical Education, and Recreation in San Francisco on April 3 to 6.

They will attend a meeting of the major students of physical education on Thursday. Demonstrations as well as discussions will be on the program.

OFFICERS ELECTED

Members of the commercial graduating class who are completing a two-year course met on Tuesday, March 21, to elect officers and make plans for commencement.

Officers elected are the following: Jean Underwood, president; Jeanette Anderson, vice-president; and secretary, Berta Haggmark.

ENTERTAINS FRATERNITY

Mrs. Gordon Manary of Scotia was hostess to several members of Alpha Psi Omega at her home Sunday evening. Those present were Carol Hine, John Van Duzer, Janet Stewart, Betty Fautz, Sherman Washburn, Roderick Belcher, and William Inskip. Alpha Psi Omega is the dramatics fraternity at Humboldt State.

TO ATTEND FAIR

Ada Dean Regli and Helen Howard will attend the Exposition this week end. They plan to stay in Marysville with relatives while in the bay region.

Work Day To Be May 26; Chairmen Are Appointed

Following the Work Day rally last Friday, a meeting of men interested in carrying out the traditional Work Day for 1939 was held. The following working committees were formed:

General Committee—Bob Madsen, chairman; Don Pedrazzini, Jim Cady, Ralph Hinkley. Dance Committee—Sherman Washburn, chairman; M. Cabalzar. Names Committee—Marshall Rousseau. Truck Committee—Al Wright, chairman; Bud Myers. Equipment Committee—Keith Henderson, chairman; Frank Sanderson. Public Relations Committee—Franny Moore, chairman; Charles Glenn, Don Falk, Bob Madsen. Shrub and Tree Committee—Fred Jackson, chairman; Walter Schocker, Robert Goss. Food Committee—Bus Foster, chairman. Publicity Committee—John Thornton, chairman. Water Wagon—Frances Mauzey, chairman.

John Taylor Arms' Etchings Coming

Etchings by John Taylor Arms are to be exhibited for one week immediately after spring vacation. Because of inability to change the circuit schedule of the etchings, Mrs. Stella Little was unable to have the dates changed, and the etchings will arrive on April 1.

The collection will be composed of about twenty prints and several original drawings, will be shown in the show cases opposite the social unit.

John Taylor Arms, who is sending the exhibition to the coast free, is considered one of America's greatest etchers. Having made its first coastal appearance in the De Young Memorial Museum in San Francisco, the exhibition is to be displayed now in a circuit of colleges.

COEDS VISIT FORMER STUDENT

Bessie Boehne and Rosie Ivancich visited with True Dolson, former Humboldt student now attending the University of California Agricultural School at Davis, while enroute home from the A.W.S. Convention held in Fresno.

Miss Dolson, who is majoring in animal husbandry, now resides at South Hall, Women's dormitory on the campus there.

DR. BALABANIS TALKS ON SOCIAL SECURITY

Dr. Homer P. Balabanis gave a talk at the Forum meeting of the Methodist church in Fortuna Sunday evening. His address was entitled "Next Steps in Social Security," and he outlined the forthcoming developments in social security including health insurance.

ZOO CLASS GOES ON FIELD TRIP

The Zoology 1B Class went on a field trip yesterday afternoon to the mouth of Mad river. The purpose of the trip was to gather specimens for the aquarium which Mrs. Hortense Lanphere had started last week. The trip was made in private cars.

Steamboat Shuffle To Be Held

Doris Waldron, sophomore, has been appointed general chairman of the Steamboat Shuffle, annual dance given by the Women's Athletic Association which is to be given on May 12.

W.A.A. members are privileged to invite one escort to the dance which is invitational. The lunch and admission will be furnished by the girls.

The dance, which was given for the first time last year, has been the topic of conversation for the past weeks, and, no doubt, will be eagerly awaited for according to reports.

Members of the association who have been appointed to aid Miss Waldron with the plans are as follows: Publicity — Jeanette Christiansen, chairman; Rosie Ivancich, Esther Ritola, and Olga Stemach, Decoration—Eva Mathisen, chairman; Evelyn Lehrman, and Dolores Scholl. Entertainment—Ada Dean Regli, chairman.

Many New Books On Rental Shelf

The newest books on the Humboldt State College rental shelf are as follows:

"Danger Signal," by Phyllis Bottom; a psychological study of an English typist who was tormented by a love affair with a young medical student whom she later found to be a cad.

"Frost Flower," by Helen Hull; this is the story of a woman whose mild love affair of twenty years before nearly causes her home to be broken up but through much effort and many heart breaking experiences she saves her home and family.

"Wickford Point," by John P. Marquard; another psychological novel. It can be described as an amusing, ironical story of a New England family that dates back to the time when the "Great Aunt Sarah" of this story ran a station on the underground railway. If a reader likes satire, this book is recommended.

"The Middle Window," by Elizabeth Goudge, a tale of a love and a loyalty which are two deeply graven for time to destroy.

BALDRY BUSY NOONS

Dick Balry has replaced John McGrath as the physical education instructor at the College Elementary School during the noon hour. McGrath now has the third and fourth grades. Grades from the fifth up are given physical education by Walf Oglesby.

THIS WAS THE REASON

For two hours last Friday the kitchen in the College commons reeked with the pungent odor of sulphur dioxide fumes. The ice cream cabinet had broken down. The trouble was soon solved by installing a new float-valve in the refrigerator.

Science Classes To Take Field Trip To Oregon

The Science Club and the Botany 110 B class are planning to go on a joint field trip on May 10. The regular and associate members of the Sigma Epsilon Rho and the members of the Botany 110 B class are eligible to go. The trip will be led by Dr. and Mrs. William Lanphere. The party will leave Wednesday, May 10, at 3:10 o'clock and will stop at Cave Junction, Oregon, the first night. The next day they will visit the Oregon Caves and will spend the night at Diamond Lake, Oregon. Friday the group intend to look around Diamond Lake and from there they will go to Crater Lake. They intend to stay all night at Crater Lake, and then go to Klamath Falls and finally to the Modoc Lava Beds. The group will return the following Sunday.

Reports Heard By Women Students

Reports on the Eleventh Annual Convention for Associated Women's Students and the Women's Athletic Association held at Fresno State College last week end were given by the delegates, Bessie Boehne, and Rosie Ivancich, at a meeting of all college women on Friday, March 24.

Representatives from each class were elected to meet and make plans for organization on Associated Women's Students group on the campus. The girls will meet with the two delegates who will assist them.

Girls from the various classes who will meet are the following.

Freshman—Dorothy Hunt and Sue Wilson; Sophomore — Ada Dean Regli and Thelma Baker; Junior—Ida May Inskip, Barbara Crnich, and Edith Jennings; Senior—Helen Connick and Eva Mathisen.

CONDUCTING CLASS WILL HOLD MEETING

The conducting class under the leadership of Miss Helen Garvin, will hold class Thursday morning at the College Elementary School, and will conduct the elementary school band. The purpose of this is to teach the conducting students to start, stop, and keep an organization in a study tempo. The students in this class are Marthabel Scott, Frank Steele, Virginia Vincent, Bety McWhorter, Doris Gunderson, and Alice Silva.

VISITS SISTER

While enroute to the Associated Women's Students Convention held at Fresno State College, Bessie Boehne, junior, visited with her sister, Ethel, who is teaching in San Anselmo.

BARN DANCE CUSTOM

To the older students this will not interest you, but to those new students who are unacquainted with the Men's Barn Dance, they will profit by reading this article. It is the custom to go to the dance in costume, any costume you want so long as it is in costume. Also, it is the custom to wear your costume the day of the barn dance, that is wear the same clothes you are going to wear at the Barn Dance to school the day of the Barn Dance.

This year a movement headed by Harold Jenkins is trying to have a holiday declared the afternoon of the Barn Dance. The committee plans to have the afternoon spent in hay rides and general merry-making as a good start for the dance. This year's Barn Dance will be the best ever to be held if the committee can be relied upon. This is certainly saying a great deal when one thinks of last year's Barn Dance. But let's cooperate a hundred per cent as the student body did last year and make the Dance a real success.

The Men's Association of Humboldt State College will present a novelty program on April 14, the afternoon of the annual Barn Dance. The program is under the direction of Vernon Thornton.

The program will consist of group singing, solos, and a novelty tap dance. Over twenty members of the Men's Association will take part in the group singing. Phil Browne and Earl Meneweather will sing solos. Pedro Elmore's Boys will furnish the accompaniment.

President Arthur S. Gist in a statement Friday, calls attention to the fact that picking trilliums in the woods behind Humboldt State College is likely to stop permanently the growth of the beautiful perennial flowers. "Furthermore," President Gist states, "this practice is against the county ordinance on the protection of wild flowers." The statement continues:

"The trilliums are a scenic asset to the college property and should be protected. Each plant has two large leaves through which it takes in food for the bulb at the root. If the plant is picked, the bulb is deprived of food and eventually dies. The college will greatly appreciate the co-operation of the students and local residents in this protective work."

CAMPUS COMMENTATOR

And a good good morning to you, hospitable followers of scandal. With Don Pozzo now "flat footed" his Los Angeles police beat, Doris Waldron goes about singing, "Lost Love."

At one time "Red" Wurts was quite the Romeo, but today we find "Red" a "free man."

Last week we closed without any Moore (Franny) scandal and this week we almost begin and still no more Moore gossip.

Wonder why the well dressed, man-about-college, Bill Sherf, doesn't give the local co-eds a break. For the sake of this column may we have more spring weather and "love birds."

Jack Lawyer seems about as uncertain as the famous California weather in the spring. For awhile Jack was angling around Marjorie Barnes; then he seemed to be quite true to his Eureka girl, Doris Scott (she is a loveable brunette, cousin of Keith Henderson.) Now Jack seems to be angling around a H. S. C. brunette. Which way the wind blows is the problem.

The De Molay convention took so many girls that Yours Truly was unable to gather much, however, we do know that Marjorie Barnes was among the dates, or rather was supposed to be among the dates, as was Helen Jones, Dorothy Bell Watkins, Jean Ellen Burton.

Wonder if the dance to be given by the women will again have the same type of invitational restrictions as last year? Last year girl asked boy. Swell? Yes or No?

Well, this week Bill Farber, our congenial co-op manager and greatest football end that ever hit H. S. C. soil, and Mary Shinn, former co-ed now teaching in them thar mountains, take the honors for long romances.

Extra (confidential to the ladies) Here is hoping the Easter Bunnies won't treat you funny with hats and wraps. (styles do change.) Unconfidential to the men

While on vacation, why not date out new wren?

Thank you friends for reading.

A TUTOR

Said the two to the tooter,
"Is it harder to toot
Or to teach two tooters to toot?"

Savant Says Girls Ignore 'Big Shots'

Women students on any campus are passing up future "big shots" who stay to themselves, in favor of the smoothies who will be working for the big shots in the next ten years.

These are the conclusions of Dr. Robert G. Bernreuter, associate professor of education and psychology at Pennsylvania State College.

"The girls seem to favor those who will be working for the 'grinds' in the next decade or so" Dr. Bernreuter said.

He pointed out that in all co-educational colleges and universities the problem of developing social ease among a group of the men students is a very real one.

"These boys, many having the highest intelligence and outstanding scholastic records, often go through an entire semester without talking to a girl socially," he said. "Because of this they are graduated and leave college without any knowledge of the sort of girls they prefer."

Sailing Is Taught At New Hampshire

Unlike Sir Walter Raleigh who played hookey from school to learn sailing, undergraduates at the University of New Hampshire now take tiller and sheet in hand as part of their college curriculum.

This semester sailing is being taught as a course in physical education for both men and women. The course will carry the student from elementary theory through actual skippering and racing.

But it will not be all straight sailing for these students. Examinations and outside reading have their place here as in any other course at the university. The examinations will be on the work of shore school; the reading will be about boats of other classes and the history of sailing.

FISHER JUNIOR ADVISOR

Dr. Raymond Fisher has been chosen advisor of the junior class. He talked briefly to the class on class activities at their Thursday meeting. Marjorie Wing was appointed chairman of a junior class party which will prelude the class picnic. Her assistants are Myrtle Boehne and Mary Flochini. Chairman of the dues committee is Elwain Dreyer, with Ida Mae Inskip and Marjorie Cropley as assistants.

TO GROUSE MOUNTAIN

A group of Humboldt State College skiers to Grouse Mountain over the weekend. Among them in the over-night journey were Dr. and Mrs. William Lanphere, Marjorie Bull and eJan Lawyer. On Sunday Pete Domeyer, Gene German, and Robert Bryan, all of Humboldt State, joined the group.

The Exchange Column

A thousand noises made tatters of the noon air. Screeching brakes; irate bawls of disgusted cab drivers; exhaust fumes; the grating scream of a policeman's whistle; inane gibbering of massed pedestrians. Wild disorder; a million people moving a million different ways. And in it all, a little Jew man, his hat gone and clothing disarrayed, huddled tight against a store wall, watching through bewildered eyes, the passing flood of humanity.

For two days and two nights he had gone without sleep. His tired body had been pushed and jostled until it could go no further. That desperate feeling which had shriveled his heart and dulled by fatigue. No longer did he care if he ever found Abie. Abie who was his friend, who had sent him the money to come to America. It had been Abie who had welcomed him at the boat. That was two days ago...a million years it seemed. All he wanted now was a place to rest; to forget that nightmare of desperation which had driven him on and on since he had been separated from Abie in the crowd.

He looked at the passing faces. Perhaps someone would help him. If only...No, no it couldn't be. Abie! ABIE! Yes, it was his friend Abie! O God, O thank God!

The pitiful little Jew man was in the others arms, sobbing his relief. How good it was to touch his friend; to feel his arms about his shoulders. He never would have done with reassuring himself of the other's reality had not Abie stopped him.

"Vere haft you ben? For two days I spend looking for you! Vy did you leaf me in de crowd? De you think Abe could not know the way?"

"No, no, Abie! I turn my head an one moment you are gone. Evar since I am look for you, night and day!"

"You haff still der money I give you?" Abie asked.

A sly grin escaped the other. "You tink becuz I lose my frand I am dumbell! But no! Already the money is safe. When a kind gentlemen let me buy controlling interest in de statue of liberty I take him up before he change his mind."

"Oi, oi! Already you are chisled! Vy could you not wait for me? Phooie! De money iss thrown away! Always you are too hasty!"

The other was deflated. "Vy, iss de investment no good?"

"De statue iss phooie! Like me

'Professions' Test Students' Ability

The high school graduate who trailed his class should avoid professional courses during his first year in college, a survey of freshman grades at the University of Texas revealed here.

Dividing university freshmen into four grade groups, the Registrar's office here pointed out that graduates in the last bracket fared far better in academic courses last term than they did in study preparatory to professions. The average "A" student from high school, however, was well ahead of university grade requirements.

Of the 24 hours of work required for full status as a University student, the lowest high school bracket passed only 10.3 hours in the College of Pharmacy, 13.8 hours in engineering. In academic work the group managed to pass 18.3 hours—almost three-fourths of the courses.

"The 'A' student was ahead of schedule with 27.2 hours in academic work, 26.6 hours in engineering, 28.4 hours in pharmacy. Of that group, the Registrar's office noted that freshmen girls made better than the engineering students, passing 27.7 hours of work to 26.6 hours for boys.

you should buy de World's Fair, it iss bigger!"

Practice Games For Baseball Nine

Two practice games have been arranged this week for the baseball team, one with Eureka High School this afternoon at Eureka and one with Fortuna High on the local diamond, Friday. These games will give Coach Oglesby a chance to see his team in competition and will give him a better idea of what can be expected from each player.

The tentative lineup for the Eureka game as released by Oglesby will start Wylie, O'Donnell, and Farber in the outfield, Flink at first, Meneweather on second, Speier at short and either Ellis or Smith at third, depending on whether Ellis will catch or not. If Ellis is at third, Cabalzar will take over the catching duties with Bill Faust starting at the throwing end. Nick Barbieri and Farber will have their chance to toss a few in before the game is over. Lineup for the Fortuna game depends on the showing of the different players in the game Wednesday.

VISITS WITH DR. PURYEAR

Mrs. Monica Hadley, dean of women, visited with Dr. and Mrs. Vernon Puryear in Davis on her way home from the A.W.S. Convention held in Fresno, March 17 and 18.

Dr. Puryear, former instructor at Humboldt, is now teaching history at the University of California Agricultural School.

Sports Commentator Predicts Good Season For Baseball, Track

According to a letter received from Santa Rosa J. C. by Walf Oglesby, baseball coach, plans are being made to have two games between the Jaysee team and Humboldt college. One of these games would be played here and one at Santa Rosa. No dates have been set as all arrangements have not been completed. If the games are made possible, this will give the boys a trip as well as a chance to receive a block H; something that has not been possible for the past baseball teams because there was no college competition.

Four new men have reported for the track team, giving Coach Hart more reasons to show the college what should be the best team of its history. The new men are Al Biondini, star hurdler from last year's squad, and a very valuable man; Preston Connick who will try out for the 440; Chuck Glenn, high jumper from last year's squad, and Bud Myers, another sprinter and prospect for the 440. Those who are already out are:

Don Mahan who seems to be shaping up the best and who has already run a 11.2 hundred on a

slow track with his sweat clothes; Richie Davis who is showing up well in the 220, and Henry Trione in the 100. Edsall is coming along fast in the 880; and Lozensky, Rousseau, Thornton, Madsen and Monroe in the mile and two-mile. In the hurdles, Belcher and developed a sore muscle in his right leg but otherwise is showing plenty of improvement.

The field events are somewhat of a mystery as competition and practice facilities have not been any too good. So far, those who have been working out are; for the shotput are Jenkins, Barbieri, and Gomes; the discus Givins is rounding in to very good condition and undoubtedly will do very well. Len Longholm has been working out in the pole vault; in the high jump are Glenn, and Flink, while in the javelin it is Belcher and Flink.

The squad has been working out at the high school oval and Coach Hart is well pleased with the showing. He also would like to have anyone who is interested in track to report to him, as there are still openings on the team.

SANDWICH A "SCOTTWICH" AT NORTHWESTERN U.

A piece of ham between two slices of bread is no longer a sandwich at Northwestern University. It's a "Scottwich."

Coeds have revived, with variations, a fund raising device introduced by their mothers twenty-eight years ago. Northwestern's first "Sandwich Day" was held in 1911, sponsored by a group of coeds seeking funds for a woman's building. The present crop of undergraduates will sell their "Scottwiches" as part of a campaign to raise money for Scott hall, new student's center, to be erected as a tribute to President Walter Dill Scott.

Baseball Team Is Improving Rapidly

The baseball team is slowly rounding into shape under the sharp eye of Coach Oglesby, and some of the boys are showing promise. Practice has been held up the last week because of improvements that are being made on the downtown ball park.

Of the new boys out this year, Bill Faust, pitcher and first baseman, and Mike O'Donnell, former Eureka Merchant player, show the most experience. Others who are new to the team this year are Bill Smith, infielder. Martin Cabalzar, catcher, and Lee Flink, first and second baseman. These rookies along with Jack Ellis, Nick Barbieri, Bruce Wylie, Earl Meneweather, Bill Farber, and Ted Speier of last years team, comprise the squad.

The pitching duties will be carried on by Faust, Barbieri, and Farber. Of these, Barbieri is probably the steadiest, but has been held back so far by lack of practice due to outside activities. Faust has been showing up well in practice; and though he is still a bit wild, his hard "fast one" is really smoking across the plate. Jack Ellis is leading the infielders, and is being placed alternately at third and catcher. Other infielders are Speier, Smith, and Flink. In the outfield there are Wylie, O'Donnell, Meneweather and Farber.

Coach Oglesby is still calling for more material. Anyone interested in the team is urged to make his appearance at practice. Practice next week will be held at the Arcata town park.

Women's Basketball Teams Selected

Selections of the women's basketball teams have been made by Miss Ann Craig and Mrs. Monica Hadley of the physical education department, assisted by Virginia Belloni, general manager of basketball, and the various class managers.

The teams follow: Freshman—Forwards, Betty Vlaardinger, Helen Fuhrer, Dorothy Fraga; Guards, Lynette Swan, Eleanor Shaw, Gladys Grove; Substitutes, Hazel Hagne, Elaine Johnson, Rose Foster, June Muir, Merrien Miller, Audrey Hayes.

Sophomores—Forwards, Rosie Ivancich, June McCombs, Dorothy Watkins; Guards, Jean Hood, Jeanette Anderson, Jean Hawley; Substitutes, Ada Dean Regli, Dolores Scholl.

Juniors — Forwards, Myrtle Boehne, Valerie Barker, Virginia Belloni; Guards, Bessie Boehne, Barbara Crnich, Mary Flocchini; Substitutes, Ardys Goff, Marjorie Cropley.

Seniors—Forwards, Vesta Marke, Frances Poulson, Vesta Moxon; Guards, Blanche Lowry, Helen Connick, Nathalie Brenner; Substitute, Roberta Hood.

O'Donnell Has Prized Baseballs

With the advent of baseball season Mike O'Donnell, Humboldt State student, has been displaying three prized autographed baseballs. Among the big league autographs are those of the following:

General Crowder, Buddy Myers, Al Schacht, Monte Weaver, Earl Whitehill, Joe Kuhel, Johnny Stone, Nick Altrock, Fred Schulte, and Joe Cronin, all of the Washington Senators.

Bill Terry, Lefty O'Doul, Carl Hubbel, Blonde Ryan, Clyde Castelman, Mel Ott, Hal Schumacker, Fred Fitzsimmons, Hank De Berry, Frisco Thompson, George Grantham, Harry Danning, Adolph Luque, and Joe Moore, all of the New York Giants.

Walter Johnson, Lloyd Brown, Clint Brown, Earl Averill, Willis Hudlin, Odell Hale, Bill Knickerbocker, Sam Rive Joe Vosnick, Frank Pytalk, Beau Bell, Willy Kamm, Mel Harder, and Hal Trosky all of the Cleveland Indians. Also Babe Didrickson has autographed one of the baseballs.

O'Donnell secured the autographs while trying out at a spring training camp at New Orleans.

Athletic Heads Will Attend Convention

Miss Ann Craig, director of physical education, Mrs. Monica Hadley, and Coach Herbert Hart will attend the 44th Annual Conference of the National Association of Health, Physical Education, and Recreation which is to be held in San Francisco on April 3-6.

The convention, which is held on the west coast only once every six years, will include discussions on dance, intramural athletics, mental health, and recreation as well as demonstrations.

Among the speakers included on the program are: W. H. Orion, director of Health and Physical Education for California, Mayor Angelo Rossi, Mary Grace Hutchison of the University of Washington, and Clark W. Hetherington of Stanford University.

Dr. Fisher Gives Recent Background On The Seizure of Czecho-Slovakia

Events of the last six months which paved the way for the present seizure of Czecho-Slovakia by Hitler are explained as follows by Dr. Raymond Fisher, associate professor of social science at Humboldt State College.

"Briefly, the circumstances and events ending in the disappearance of an independent state," said Dr. Fisher, "are these:

"Last fall Czecho-Slovakia was forced to give up nearly one-third of its land and one-third of its population, chiefly to Germany, under the Munich agreements. There followed an internal reorganization which divided what was left of Czecho-Slovakia into three parts, each with its own government but all under one president and defended by one army, just as our states in this country are. If you look at a map of Europe, you will see that Czecho-Slovakia forms a long, narrow state running east and west across Central Europe. It forms a natural corridor from Germany at the western end to Rumania and the Polish and Russian Ukraine at the eastern end.

"As reorganized, Czecho-Slovakia was made up of a Czech state in the west; a small Ruthenian state, called Carpatho-Ukraine in the east; and a Slovak state in the middle. The Slovaks are closely related in language and race to the Czechs, but only half as numerous, and they are less advanced economically and less experienced politically than their Czech brethren.

"For some time prior to last fall, the Slovaks has been agitating for the self-rule which was awarded them after the Munich agreement. But then, many of them, including Premier Tisso and his cabinet, began to demand complete independence, under circumstances which suggest that the German Nazis were nursing them on from behind the scenes.

"The national government at Prague decided it was time to act and sent troops into Bratislava, the Slovak capital, to suppress the movement, at the same time it deposed Premier Tisso and his cabinet and replaced it with a more moderate one. The deposed premier telegraphed Hitler and then visited him personally and requested aid for the Slovak independence movement.

"Hitler responded by marching troops into the Czechs provinces and taking over the Prague government in person. At the same time the Slovaks declared their independence under the protection of Germany. Meanwhile, the Hungarians backed by the Poles took advantage of the confusion and promptly marched their troops into Carpatho-Ukraine to annex this eastern most province of Czecho-Slovakia and thereby acquire a common border with Poland. By nipping off the eastern end of Hitler's proposed corridor to the east, Hungary and Poland hope to stop his eastward drive, which threatens them as well as Russia. Thus Czecho-Slovakia as an independent state no longer exists. The Czech state has been made into a German protectorate like Slovakia, with a German-appointed government which takes orders from Berlin."

Work Day Rally Is Held

A Work Day Rally, the first ever given at Humboldt State College, was held last Friday morning under the direction of Bob Madsen, founder of Campus Work Day at Humboldt State.

A community "song" based around Work Day was held, with Walter Schocker accompanying at the piano. C. Edward Graves, college librarian and movie photographer, showed colored movies of the 1937 and 1938 Work Day activities. After an announcement concerning the forming of working committees for the activity, the assembly was closed by the singing of the Alma Mater.

A special meeting of women students was then held under the direction of Mrs. Monica Hadley, dean of women at H. S. C.

Audience Provided That Must Listen

A debate with inmates of the Northwestern Federal Penitentiary will feature the schedule of the men's debating team of Bucknell University this month.

Having debated last month with Rider College before an audience of 800 convicts in the prison auditorium, the Bucknell men were challenged to a debate by members of the penitentiary's public speaking class.

President Arnaud C. Marts of Bucknell, will be chairman of the contest and Major Henry C. Hill, warden of the penitentiary, will serve as one of three judges.

"DEMOCRACY IS

much more than a form of government; it is a way of life which is necessary to develop the human personality," thinks Dr. John E. Stoner of the Indiana University staff.

Kampus Koeds Hold Meeting

A review of the first part of the book, "About Ourselves," was the feature of the program given at the regular meeting of the Kampus Koeds held on Monday evening, March 13, at the home of Mrs. Raymond Fisher, advisor. This book, which treats of psychology for normal people, will be reviewed by members of the group, the first section being reported on by Dorothy Fountain.

The discussions will be continued for several meetings by the other members.

Carol Hine, the new assistant advisor was introduced to the group.

Among the members attending were Marion Kemp, Alberta Starkey, Evelyn Lehrman, Joy Stockton, June McCombs, Dorothy Fountain, Orma Huginn, the assistant advisor, Carol Hine, and the advisor, Mrs. Raymond Fisher.

TO ATTEND CONVENTION

Mrs. Monica, dean of women, will attend a statewide convention of high school and college deans at Mills College on March 31 and April 1.

These conventions are held once every two years.

FOR THOSE WHO

aspire to be a good janitor the place to go is the University of Washington where a special janitorial course is offered. The lecturers are outstanding custodians of the school and other large buildings.
