## Chi Sigma Epsilon Honor Assembly To Be Held Friday

The "All Honor" Assembly, sponsored by Chi Sigma Epsilon, will be held at 10:30 Friday, in the auditorium. The general plan of the assembly will be similar to that of last spring when the honor society first enlarged the scope of its program.

The purpose of the assembly is to give recognition to all college organizations and to individuals who have won various honors during the year. Ray Pedrotti, president of Chi Sigma Epsilon, will preside. President Arthur S. Gist and Dr. Homer Balabanis will speak briefly.

Musical selections for the program will be furnished by the students who have held this year's music scholarships.

The president of each college organization will state the purpose

## Junior Class Will Sponsor New Events

For the first time in the history of the school the junior class has organized. The class voted to decorate the gym for graduation day, a custom which the upper classmen believe should be installed. Also they will hold a picnic this Friday at Camp Bauer. The picnic is a closed affair and only the faculty are invited. The intergetic classmen will also sponsor a benefit show this Friday night at the Arcata Theatre, starring Jackie Cooper in "Newsboys Home," with an all star cast. The benefits derived from the show will go into buying the school a gift.

## LIBRARY HAS BOOKLET ABOUT COULEE DAM

Information of interest to students of economics and engineering is to be found in a little book about the Coulee Dam, just added to the Humboldt State College library.

The 48-page booklet was prepared by the Division of Information of the Department of the Interior as a means of making available answers to the numerous questions received daily by the U. S. Bureau of Reclamation, designer and builder of the dam.

Dr. Harry MacGinitie of Humboldt State College is planning to attend the annual conference of the science faculties of all the state colleges in California in Sacramento, Friday, May 19.

## COLLEGE PLAYERS WILL GIVE PLAY IN CHICO

The Humboldt State drama department will present "Her Master's Voice" at Chico April 20 under the direction of Theodore Little. The group will leave Humboldt the 19th and return the 21st. Those making the trip are Edith Jennings, William Peugh, Jean Hood, Don Falk, Caspar Torp, James Rasella, Catherine Caltoft, and Glenn Goble.

## Faculty Assembly Starts Work Day

"The Riot of Laughs," the faculty program to be given at the eight o'clock assembly on Work Day, will be in three parts. Each part will be of the highest type of hilarious comedy, according to Mrs. Monica Hadley, faculty member in charge.

During the past two years the faculty program, which is now a traditional part of Work Day, has been a howling success, according to many Humboldt students. Last year they formed a Big Apple team and a dance band that was given enthusiastic approval by the students and visitors at the assembly. According to Mrs. Hadley, the students at Humboldt can expect another forty-five minutes of hearty laughs.

## DR. GILLESPIE GIVING COURSES FOR TEACHERS

Dr. Doris Gillespie is giving a course called "Nature Study and the Study of Plant Life in Elementary Schools." This is a review course for elementary school teachers. The first meeting was held at the Mendocino Grammar School in Mendocino county, Saturday, May 6, with each session lasting two hours. May 13, a similar meeting was held at the Willits Grammar School, and on May 20, in the Ukiah Grammar School. The purpose of the course is to afford Elementary teachers a thorough review of nature study.

## LUNCHEON IS PLANNED FOR 'HONOR' MEMBERS

Immediately following the honor assembly on Friday, the honor societies, Chi Sigma Epsilon and the Rousers, will entertain the new members at a luncheon in the college commons, where they will be formally pledged. Arrangements for the luncheon are being made by the Rousers. The active members of this lower-division honor society are Charles Arnold, Catherine Caltoft, Fritz Fleisher, Dorothy Fountain, Doris Gundersen, and Helen Woodcock. Their faculty sponsor is Miss Adella Johnson.

## HAWAIIANS WILL ENJOY STATE WORK DAY HULA

The Work Day dance committee announce that Fred Jackson, famous impersonator and hula dancer, will again perform at the Work Day dance.

Jackson, senior at Humboldt, has been giving his hula dance throughout the county for years. Jackson is majoring in education and is a candidate for secretary of the student body. He has been secretary of the Men's Association for the past two years.

Anyone wishing to enter the contest is asked to give his material to Mrs. Elma Folsom before May 22.

## FRIENDS ARE INVITED TO WORK DAY DANCE

Student body president, Nick Barbieri, today requested that all college students invite friends to attend the big annual grand finale Work Day dance to be given Friday, May 26, in the college gymnasium.

"This is one dance that is really 'on the house,'" said Barbieri, "and we hope that the spirit of the Work Day festivities will be shared by everyone. College life is what we make it. Let us all attend this dance and climax this day of work, play, fun, and improvement."

## ANNUAL TO BE READY FOR DELIVERY SOON

According to Ray Pedrotti, editor of the "Sempervirens," the college annual is now being bound in San Francisco and will be ready for distribution during the early part of next week.

The annual will be distributed from the Co-op and Editor Pedrotti stated that an announcement concerning the year book would be on the bulletin board upon its arrival.

## College Coeds Form New Organization

The Associated Women's Students came into being for the first time in the history of Humboldt State College when the election of officers for the new organization was held on Wednesday, May 3.

Rosie Ivancich, sophomore, of Eureka, was elected president of the new group; Vivian Larsen, sophomore of Arcata, vice-president; Ada Dean Regli, junior, of Marysville, recording secretary; Hazel Hagne, freshman, of Covelo, corresponding secretary; Dorothy Hunt, freshman, of Arcata, treasurer; and Beverly Bullock, freshman, of Eureka, reporter.

The group includes as its members all of the women of the college. Officers will hold office throughout the next year.

## Many New Books Received By Library

The latest books on the college rental library are as follows:

"They Wanted to Live," by Cecil Roberts, a sequence to "Victoria Four-Thirty." The author takes two characters from "Victoria Four-Thirty" and develops their problems which were brought up in that book.

"The Grapes of Wrath," by John Steinbeck who also wrote "Cup of Gold," "Fortilla Flat," "Of Mice and Men." The scene of this book is America, the time today but the story is said by book critics to be universal and timeless.

"The Tree of Liberty," by Elizabeth Page presents this country as our ancestors saw it. The setting is from the Atlantic seaboard far into the western wilderness.

"Ladies Go Masked," by Margaret Widdemer: "People in emotional crises are likely to be false to themselves." That is the theme of this book.

## FLOWER SHOW PRESENTED

The seventh grade of the College Elementary School under the direction of Glenn Waldner and Walter Schocker presented to the public last week, May 9, 10 and 11, a three day flower show in the foyer of the training school. On the last day of the flower show, the combined classes presented a program on wild flowers for the whole elementary school. Besides the many grammar school pupils, there was also a large attendance of college students.

## DOUBLE PENALTY

A double cut will be charged to any student who does not report to his project on Work Day. The instructor in charge will take the roll. Last year there was 99 per cent cooperation and everyone had a 'swell' time.

## Women Will Vie In Work Day Jobs With Men Students

**COMING--CAMPUS WORK DAY**

On Friday, May 26, the third annual Campus Work Day will be held. Three years ago the community and the students of this college doubted that a day of work could be a day of fun as well as beautification and general campus improvement. That first Work Day was successful.

Today we find the community and the entire student body and faculty looking forward to the third annual day during which the students beautify the campus and its surroundings and create a day which will be long remembered.

On May 26 let us again have the splendid cooperation as shown in previous Work Days and also strive to make Work Day of 1939, a greater day of improvement and tradition than ever before.

**CAMPUS COMMENTATOR**

"Hello, and how are you?" is the greeting of the week. Love scandal is really becoming abundant.

Bill Ziegler (not Adam) and Viv Larson are again romancing. Guess "Betsy" must climb the winding road to Fickle Hill carrying Master Bill to Viv.

Fred Hibler has as his theme song, "The Swan Song."—reason—Lynette Swan.

Dan McClure, Don Falk, Bill Madsen, and Mitch Chetkovich still have "Dreamy Eyes and Heartbreaks." They still dream of the Stockton girls they met while at the DeMolay convention.

Roger Battie and Doris "Steamboat Shuffle" Waldron seem to click in London style.

Bill Crowley and Elinor Buck were seen together by the Commentator a few days ago.

Prexy Nick Barbieri and Vesta Moxon were cutting capers aboard the Antelope, and did Nick surprise everyone!

Speaking of the Steamboat Shuffle, one may safely say that this affair will be one of our best spring traditions. That is what this college needs: traditions.

And by the way, how did you like the novel and elite arrival of neighbors Inskip, Wright, and Madsen with their guests on the Antelope? A special chartered launch seems to be not only Hollywood stuff but Humboldt stuff as well. These Chico gals and Charlene Renfroe had a novel thrill and good time.

A story all of its own could be written about Fred Jackson and Roberta Hood. Oh well, love is grand!

\*\*\*\*\*

Next week many a fellow will have a weary body and calloused hands from the results of manual labor of Work Day. Yet we will venture to say that one of the largest and happiest crowds of the year will be at the Grand Finale Work Dance. It's free, people. Tell all your friends and the friends of the college to join the festivities.

Dan McClure and Marj Newman are very friendly these days. Bill Sherf and Jean Burton went boating and dancing as well. All we can say now with this summer weather arriving weeks early is, "Is everybody happy? We'll be seeing you at the pancake feed at Camp Bauer next Wednesday and hope to dance, swim, and have a good time with all of you at this traditional affair that is FUN!!

Vic Lorenz went swimming with his girl Sunday, and when asked what he used for a swim suit, he replied that he used her pappy's.

P. S. Here is for a good time at the pancake feed and Work Day.

## Lumberjack Nine To Play Santa Rosa

The Humboldt State College baseball team will tangle with the Santa Rosa Junior College Cubs this Saturday in the Arcata baseball field at 2:00 p. m. The game will be the final one of the series between the schools this year. The Cubs hold a 13-9 decision over the Lumberjacks and the Humboldters are determined to even the series.

Bill Farber will be the starting pitcher for the Lumberjacks and if given proper support by his teammates should win handily. Bill had the Cubs eating out of his hand at Santa Rosa but costly miscues by mates lost the game for him.

The line-up for the Lumberjacks will probably be as follows: Ellis, 3b; Farber, p; O'Donnell, cf; Meneweather, 2b; A. McGrath, c; Flink, 1b; Speiers, ss; Smith, rf; Caballar, lf; Williams, and Lawyer, utility.

The Cubs will probably start the following men: Sherer, 1b; Bowen, 2b; Rounavaara, ss; Fouts, 3b; Groth, lf; Garr, cf; Martin, rf; Randall, c; Grissom, p.

## Sports Editor Picks Lumberjacks To Even Series With Santa Rosa

Well, the sports year is almost over for Humboldt State—it will officially be ended after this Friday, when the Lumberjack tossers meet Santa Rosa Junior College in the Arcata Park. This will be a return game, as Humboldt was defeated by Santa Rosa 13-9 at Santa Rosa a week ago, in one of the wildest games ever played by both teams. Errors were the rule and hits were frequent, but nevertheless, Bill Farber really pitched good ball for Humboldt, and lost because of poor support in the pinches. In this Friday's game Humboldt will attempt to even the score by sending Farber to the mound once more in the hope that the fielders will come through as they should in back of him.

The Humboldt-Del Norte counties annual high school track meet Saturday was handed almost en-

tirely by Humboldt State students and coaches. Remarks were heard to the effect that the officiating was the best ever seen at this meet, so the boys did the work better take a few bows. Well, anyhow, this meet brought up the question in many people's minds as to who the high school students receiving the Men's Association's athletic scholarships will be. After watching the high schools in football, basketball, baseball, and now track, it appears that there are several standout athletes in the county who are worthy of being selected. At any rate, no matter who is selected, Humboldt State College will be sure of getting two top flight high school men for the college next year. The Men's Association is to be complimented highly for sponsoring such scholarships.

## Cotton Gives Silk Run in Stockings

The bottom is falling out of the silk market on the University of Vermont campus. More and more girls are refusing to buy silk stockings and are returning to the old-fashioned cotton that was the vogue when the first women were admitted in the early seventies.

It isn't the "bluestocking" type of girl, either—the bookworm—who is going in for these cotton stockings on this campus. Girls who lead the campus organizations for women, and girls who have by student acclaim been called the prettiest and most popular are pioneering the cotton hose. Not only students, but ladies of the faculty, are following this new trend.

Motivating the whole campaign against silk, of course, is Japan's savage invasion of China, and the fact that the United States, in order to supply its feminine population with silk stockings, has to buy most of it from Japan.

Those who have facts and figures on the foreign exchange state that most of the money running into millions—which is paid for this yearly silk purchase is turned into American war materials, and women haven't cared for the sound of that. They prefer not to feel that the flattering silk hose they

wear are paying for bombs, bullets and other machines of destruction.

Many, too, are asking why the huge cotton surplus of the United States, caused among cotton growers in the South by the depression, cannot be converted into cotton hose, which, after all, modern methods have proved can be most attractive.

## One-Cell Animals Color Gulf Water

A new answer to the riddle of the Gulf of California, sometimes called the "Vermilion Sea," was suggested here by Dr. M. W. Johnson, professor of marine biology at the University of California's Scripps Institution of Oceanography.

The "Vermilion Sea" gets its name from the peculiar color of the water which may range all

## Work Day Dance To Be Friday Night

On Friday evening, May 26, the annual grand finale Work Day dance will be given in the college gymnasium. According to the general dance committee composed of Jayn Harville, Sherman Washburn, LaVerne Elmore, and Walf Oglesby, this year's dance will have special novelty entertainment every twenty minutes following the tradition of last year.

Music for the dance will be furnished by a "get-to-gether" orchestra under the direction of LaVerne Elmore. There will be no admission charged, alumni and friends are especially invited to attend.

The Work Day dance will begin at 9.

the way from a light coffee tan to a reddish-pink. It has generally assumed that this color was produced by the silt carried into the Gulf by the Colorado river.

"The real cause for the color of the water," declared Dr. Johnson, "is not the silt from the Colorado but the presence at times of billions of tiny one celled animals in the water which are known scientifically as 'Noctiluca.' They are so small that individually they can barely be seen with the naked eye.

"The greater the concentration, the deeper the color. In some parts of the Gulf of California the water is so heavily laden with these tiny animals that it resembles the color of tomato soup. At night, their phosphorescence can be seen on the waves."

## Tennis Team Is Defeated Twice

The Humboldt State Tennis team was beaten by San Mateo and San Jose college tennis teams last week. The only member of the Humboldt nesters who won his matches was Pedro Elmore, number one player for the Lumberjacks.

Those who made the trip were Pedro Elmore, Wally Lozensky, Curt Wilson, Jim Cady, and Bill Lee. The team made the trip in private cars.

The college netsters will meet the Eureka Tennis Club sometime this month in Eureka.

## NO PRE-REGISTRATION FOR THIS SEMESTER

According to reports from the administration, there will be no pre-registration for undergraduates this semester as in the past. The reason given for the abolishing pre-registering was that approximately fifty per cent of those pre-registering changed their programs while registering in the fall.

At the beginning of the fall semester it is planned to have three days instead of usual two for registering.

## Increase in Course Offerings Here Cited by President in Radeo Talk

The increase in course offerings to students of Humboldt State College is one of the most important aspects in the development of the college, President Arthur S. Gist said in a recent radio address.

"In 1914 when the college opened, the catalogue showed a total of twenty courses for the one-year course, and forty-two for the two-year course. In 1939 the catalogue shows 241 courses, exclusive of additional courses offered during the summer sessions.

"Some of the offerings for students planning to be teachers are: Four years leading to A. B. degree and elementary credential; now the minimum requirement in California for a teaching credential. The kindergarten-primary credential course. The junior high school credential. Physical education credential for high school and the grades. Combinations of the

above, whereby a student may secure more than one credential at graduation by taking a minimum of twelve additional units. Pre-secondaries in various fields which lead to an A. B. degree and are credited with four years toward the five-year course requirement at the University of California for a general secondary credential.

Humboldt also provides for graduation from the degree courses, A. B. in education and A. B. in liberal arts. Students not intending to become teachers or to graduate from degree courses may choose from the following pre-professional courses: agriculture—two years in agriculture economics, plant science, animal science, and forestry; commerce—two years; dentistry—two years; engineering—one year; home economics—two years; legal—two years; medical—two years; music—two years; nursing—two years; pharmacy—one year. About forty per cent of Humboldt students are enrolled in these pre-professional courses.

"The comparison between Humboldt students at the University of California with other students who transfer from other institutions shows that Humboldt stands seventh out of 138 institutions and first out of seven state colleges.

"Besides teaching credentials, other degree courses, and pre-professional offerings, Humboldt offers terminal courses, courses of less than four years which lead to a job rather than to a degree. In commerce we have about 100 students; some are taking a one-year course, and some a two-year course. Nearly all of these students, especially the two-year students, secure office positions as

## Mothers Invited To College Tea

The women students of the college entertained their mothers and friends at a Mother's Day Tea on Saturday afternoon, May 12, from 3:00 to 5:30, in the social unit. The faculty women of Humboldt State were also guests at the tea.

More than three hundred invitations were sent out to women of Eureka, Arcata, Fortuna, and adjoining places. Since the tea was given for the first time this year, Humboldt coeds hope to make it a tradition. Thelma Baker, social chairman of the student body was general chairman, assisted by Marjorie Wing, Mrs. Monica Hadley, dean of women, and Mrs. Ellen Walter were the advisors. Colorful baskets of flowers were used in decorating the rooms.

The hours from 3:00 to 4:30 were reserved for Eureka and Fortuna women while from 4:30 to 5:30 Arcata women and those from other places were served.

Music and a fashion show which was given twice during the afternoon composed the program. Carol Hine and Jeanette Christiansen were the stylists for the show. Models were Helen Jones, Barbara Bird, Betty Faye, Beryl Unsoeld, Betty Smythe, Mary Mangum, Dorothy Peterson, Marjorie

soon as the courses are completed.

"It is possible for so small a college to offer so wide a variety to the students by combinations of courses. As for the possibilities of future offerings at Humboldt, there may be teacher training in more fields, more lower division courses, and possibly some marine biology experimentation."
