

Humboldt Lumberjack

Humboldt Lumberjack, WEDNESDAY, NOV. 9, 1939

Frosh Return With A 'Cornstalk Hop' This Friday Night

The annual Frosh Return Dance, which will be a "Cornstalk Hop," will be held this Friday night after the Southern Oregon football game.

The dance will be in the big gymnasium from 10:30 to 1:00 with Carl Owen's orchestra playing.

The decoration committee, headed by Jack Morton, met last Friday noon and made definite plans for the decorations which will be carried out for the affair. This dance will be the second school dance held at the college gymnasium this fall. There will be no admission and every student is urged to attend.

The other members of the decoration committee are Gino Casagrande, Lois Scott, Lois Wrigley, Glenn Arklett, Dorothy Mackins, Stan Roscoe, and Helen DeVoy. Other committees are publicity—Olga Stemach and Sadie Crnich, clean-up committee—Frank Creighton, Darrel Bishop, and Forrest Waters; patrons and patronesses—Barbara Young, chairman, Vivienne Nelson and Nadine Swan; and program committee, Richard Davis.

MICHIGAN U DORM MEN RECEIVE HIGH GRADES

As far as marks were concerned, it was a decided advantage for a man student to live in a dormitory last year at the University of Michigan, according to scholarship records recently made public by the registrar's office of the University.

Whereas men students as a whole received the lowest grades of any classification of the students on the 1938-39 scholarship chart, men living in dormitories were highest of all in scholarship.

EXAMINATION TO PICK ASSOCIATE ENGINEER

A civil service examination for the position of associate engineer, general construction, will be given November 16, in Eureka addressed to the State Personnel Board, 1025 P Street, Sacramento.

The position is open to men only. Applicants must be United States citizens and must pass a thorough physical examination. Full details may be obtained from Bert Wilson of the college commons departments.

STUDENTS

If its Good Food and Plenty of it at Popular Prices why drop in at Bus' FOOTBALL PLAYERS LUNCH COUNTER

37 OUT OF 70 TESTS POSITIVE REACTIONS

Out of the seventy Humboldt State students given the tuberculin tests by Dr. Harry Jenkins in October twenty-six showed positive reactions. Thirty seven students are to be x-rayed before November 10 by Dr. Woolford in Eureka. Some of these are students who were x-rayed three years ago and who are doing practice teaching now.

Tuberculin tests will be given again in the spring.

'Our Town' Review Favorable To Cast

Thornton Wilder's Pulitzer Prize winning "Our Town" sprang to vivid life last week in Humboldt State's auditorium. The unconventional presentation was greeted by a host of bewildered expressions, but by the final curtain frank enthusiasm was the almost unanimous reaction, full proof that Humboldt audiences can and do appreciate philosophical drama.

To Bill Inskip, veteran Theatopian, go highest honors. He did everything from humor to homily with great facility and versatility. Outstanding as well were the performances of Roderick Belcher and Charlie Davis. Sadie Crnich, freshman miss making her debut in college drama, gave perhaps the most artistic interpretation of the production. With experience she should become a very convincing actress. Other top-rank honors go to two bit players; to Lloyd Wasmuth as the godless organist, and to Fern Blakely for her uninhibited portrayal of a small child. To outward appearance "Our Town" was something of a holiday for the technical staff. Nevertheless, the lighting carefully and smoothly followed the changing moods of the play and was successfully unobtrusive.

As Director William Hoppe's first offering to local theatre-goers, "Our Town" marked him as being both ambitious and competent. Greatest feather in his cap was the total absence of any weak performers. Even the bit players gave entirely adequate characterizations. This feature, so rare in scholastic drama, can only mean intelligent casting and careful mastering of fundamentals by every member of the cast.

MACHINE WORKS PROBLEMS

Developed this year at the University of Texas was a one-ton fifteen-foot machine that performs sixty-one mathematical operations at once and solves high degree quotations which would require an expert computer a month to put on paper. Its inventor, Dr. S. L. Brown, chairman of the University's Physics department, says the machine—a "multiharmonograph"—operates on electric wave impulses.

HAS FIFTY-YEAR PLAN

With the purpose of preserving and beautifying the grounds of the University of Kentucky, a "fifty year plan" is now in operation on the campus under the direction of a committee headed by N. R. Elliott, professor of landscape architecture and floriculture.

Gists, Dean To Honor Freshmen Today At Afternoon Tea

The annual freshman tea will be held in the Social Unit this afternoon from three to five. All freshman and new students are invited to attend this tea which is given by President and Mrs. Arthur S. Gist and Mrs. Monica Hadley, dean of women. The guests of honor will be Mr. and Mrs. William Hoppe, Mr. and Mrs. Harry Griffith, and Mrs. Helen Everett, new members of the faculty.

Mrs. Monica Hadley, will assist Mrs. Gist and those who will assist at the tea table are Mrs. Elma Folsom, Miss Adella Johnson, Mrs. Stella Little and Mrs. Myrtle McKittrick. Mrs. Hortense Lanphere is assisting with the decorations in the Social Unit.

A short program will be presented during the afternoon. Robert Browne will sing a vocal solo, G. Dana Kinsman will present a piano solo, and Maxine Maxwell will also give a piano solo.

Mrs. Walter's hostess class will be in charge of the serving at the tea and the following girls will assist in the receiving room: Ada Dean Regli, Shirley Kirkpatrick, Rosie Ivancich, Hazel Hagne, Eleanor Shaw, Margie Barnes, Dorothy Fountain, Elaine Johnson, Jeanette Christensen, Barbara Bird, Frances Nye, and Doris Waldron.

MILKMAN, HULA GIRL AT HALOWE'EN PARTY

Betty O'Kane and Marge Newman held a Hallowe'en costume party at the O'Kane residence last Tuesday night. The twenty-two guests wore costumes ranging from that of a milkman to that of a hula hula girl.

The evening was spent dancing, playing games, and ducking for apples. The rooms were decorated with orange and black streamers, corn stalks, and vari-colored balloons which were given to the guests as they departed.

Sandwiches, cake, cider and doughnuts were served at mid-night to the following guests: Frances Petty, Dorothy Peterson, Estred Pellas, Vernice Alanen, Evelyn Mitts, Dorothy Renfro, Elsie Anderson, Barbara Heasman, Elizabeth Wilson, Curt Sundquist, Fred Duff, Bob Bryan, Bill Marshall, Earl Brown, Dan Grace, Archie Smith, Len Longholm, LaVerne Watts, Al Penney, Joy Gastman, and the two hostesses Marge Newman and Betty O'Kane.

FORMER STUDENTS ENTERTAIN GUESTS

Lois Gardner and Helen Albert, former Humboldt State College students, entertained a group of college students at the Albert residence one evening last week. Trippi was played during most of the evening after which other games were played.

A buffet supper was served to the following guests: Marian Goss, Barbara Urquhart, Marjorie Barnes, Forrest Waters, Phil Coons, Gino Casagrande, Curt Wilson, Jim Cady.

E. H. S. GUESTS AT OREGON NORMAL GAME

Next Friday night will be "Eureka Night" at the Humboldt State, Oregon Normal football game. The Eureka band and student body of 500 students will have a special reserved section at the game.

One of the most colorful of half-time performances ever staged in the history of football in Northern California will be presented at this game. Carl Owen promises to have some fine stunts worked out.

Orientation Class Hears 3 Speakers

Three faculty members address the Orientation class Friday, November 3, on why their respective subjects should be studied in college.

Mrs. Stella Little discussed the three phases of art and the cultural value they contribute to the college education. Art is an essential in the teaching course and it is an asset to the background of anyone, Mrs. Little pointed out.

Miss Helen Garvin, music instructor, stated that just as a man is judged by the company he keeps, so is he judged by the music to which he listens. An understanding of music and of what good music consists is a cultural attribute, Miss Garvin said.

Mrs. Ellen Walter, home economics teacher, illustrated why it is important for men to study her subjects, as well as women, by saying that homemaking is everyone's ideal and that men, being a part of all home making enterprises, should be as thoroughly familiar with its problems as women. Home economics is not a forbidden field as a vocation for men, Mrs. Walter stated.

Mrs. Monica Hadley, dean of women, will be the first speaker at the next meeting of this class on November 17. She will show why health and physical education are important to the college student.

CLUB CHOOSES HAWAII AS THEME FOR DANCE

"A Night in Hawaii" will be the theme of the Associated Women Students' first annual dance to be given January 12. Work has been already started to make this one of the biggest events of the year, Betty O'Kane, publicity chairman, stated.

The committee chosen for this dance is Helen Freidenbach, general chairman; Maxine Maxwell, decorations; Betty O'Kane, Jeanette Christiansen, publicity; Jayne Harville, program; Carolyn Crane, tickets; Helen Howard, clean-up.

FORMER STATE COED TEACHING IN SISKIYOU

Margaret Easley, Humboldt State College '39, who is now Mrs. Margaret Fridley, is teaching in the Scott River School in Siskiyou county.

Mrs. Fridley teaches the first, third, sixth and the eighth grades. She lives one mile from the school, in the home of Harry Russell, a former Humboldt student.

Hart Is Expecting Monmouth To Have Strong, Heavy Team

"The toughest team that we met last year, outside of San Jose. They had a big, heavy line; we were fortunate to win 20 to 12."

That was the characterization by Coach Hart of Humboldt, of the Oregon College of Education, formerly known as the Oregon Normal School, from Monmouth, Oregon, which meets Humboldt State Friday night of this week.

Little data was available on Monmouth for The Lumberjack. However, Monmouth recently defeated the smaller Multnomah College of Portland 44 to 0. In this game, Gigger, a 150-pound Monmouth back ran fifty-five yards in returning a punt and scored a touchdown against Multnomah. Again in the third quarter, he shook off two tackles and dashed down the field sixty-seven yards to another touchdown.

Gigger, besides making his long runs, is, according to reports, a good passer and punter.

Monmouth has a pair of 197-pound ends in Stoneberg and Szedlak. Szedlak is playing his first year of college football but he is said to be able "to snag almost any kind of a pass out of the air."

DORMITORY VISITED BY UNKNOWN CALLER

Goblins visited Sunset Hall Hallowe'en night, or so some of the residents thought, according to reports made to Miss Imogene Platt, head resident.

While the men were out, some unknown person upset all the beds in the men's section. Thinking it to be the work of their neighbors, the men in turn upset the beds in the girls' section. On returning from the show, the girls were confronted by confusion.

Hoping to smoke out Dorothy Chambers, one of the men stuffed the chimney with an old blanket. As it happened it was Miss Platt's chimney and she was forced to throw burning pieces of wood out the window in an effort to put out the fire. Hazel Hagne then was forced to climb up on the roof and pull the blanket from the chimney.

HOLDING NOON CLASSES

For the first time in many years, the University of Wisconsin will resort to holding classes during the noon hour this coming year in an effort to relieve crowded classroom conditions on the campus, it was announced at the office of C. A. Smith, secretary of the faculty.

HUMBOLDT LUMBERJACK

Published weekly by the Associated Students of Humboldt State College at Arcata, California.

Editor.....Frances Nye
Business Mgr.....Martin Cabalzar
Reporters.....Marjorie Barnes, Billie Bunch, Betty Anne Carlson, Howard Goodwin, Frances Larsen, Marguerite Lawrence, Donald Mahan, Susan Wilson.

This is the ninth week of the present semester at Humboldt State.

This means more than the fact that the semester is half over.

It means the time when mid-semester examinations are given students by unfeeling faculty. Somehow, faculty are like that; just about the time a freshman is convinced that college is just one sweet song, along comes the mid-semester quiz. Strange, too, that all his instructors seem to have the same idea in mind, in the same week.

Some students may even be thinking of dropping a course. Those who are may be interested in the following catalog regulations:

"During the second six weeks of any semester a student may be permitted to drop a course without prejudice to his record in case this is done with the approval of his adviser, such approval to be based presumably upon considerations of health outside work, or other matters for which the student is not held culpable. Otherwise, the dropping of a course during this interval will be recorded as a Failure.

During the final six weeks of any semester, the dropping of a course by a student will result in a record of Failure or Incomplete, depending upon whether the work has been of passing grade up to the time of withdrawal."

CAMPUS COMMENTATOR

Who's afraid of the big bad wolf, the big bad wolf, Pedro's promised to be haircut or any other major catastrophe...Catastrophes come and go, but Pedro's haircuts are put off for ever... Well, well, someone said he broke down last Friday.

Therefore, let's all have a haircutting party...Betty Baldwin can save one of her curls for Al Canepa...Marianne Lambert can get a good price for hers from the Hollywood property departments or wherever one sells hair...and if it rains yesterday it wasn't.

Marian Goss, Phil Coons, Helen Alberts, Jim Cady, Margie Barnes, Doughnie Waters, and Gino Casagrandi were having a good time Saturday night... Where?...Ask them.

It's not that I'm superstitious... nothing like that, but...five years experience of watching football games has shown that every time the yell leaders get down and tell us to holler, "go" we lose the ball on downs or a fumble. It's gotten so that the minute the crowd yells, "GO" you know you're going to lose the ball...so...

Frances Ensign was having a knotty time trying to keep her hands warm in her bandana... 'Tis said all the instruments in the band blew flat because the instruments were so cold...After the band played the "Beer Barrel Polka" the team started going down the field...What does that lead you to believe?...Jean Hood almost had to move because of the noise...Maybe the noise was Walter Carr and Jack Davis playing a down-scale duet at the wrong times.

Red Wortz sends lovely corsages, doesn't he Dot Mackins, or

BOIL IT IN OIL

About our school songs: Here we are a student body of over 400 students. Yet our Alma Mater is a direct steal from Cornell, and our "fight" song is a direct steal from Wisconsin. This is a deplorable situation. The situation is still more deplorable when one realizes that in the student body song lore are a number of original Humboldt songs. Back in 1936 a member of the faculty, who didn't like the idea of singing words to another school's tunes, offered five dollars in prize money to student song writers. The response was gratifying. Three very fine songs were composed. They were taught to the student body and sung at a couple of school contests. Then they were discarded. Why not dig them up again and sing them? Maybe some students will write us some better ones. Maybe we'll get an original Alma Mater.

wouldn't you know? You didn't see him very often last weekend did you!

Bob Madsen talked Karen Western into coming to Humboldt, and then what does he do but take her to the dance Saturday night...Hmmm...Another day, some other people and Karen with her face in the mud...Back to the dance... "true loves" Frances Petty and Bob Bryan were there.

Problem of the week...At the game Georgie Hartman was trying to keep warm by Ida Ivancich, borrow a cigarette, a match, stand up and clap all at the same time. Result—Just as cold as everybody else.

And so the column ends with the hope that "Pinchy-Winchy" playing Barbara Urquhart will have the last laugh some day...Except that Karen, Lolly, and Hazel harmonize better than they swing.

TEACHING AT DEL PASO HEIGHTS

Myron Schussman, honor student who graduated from Humboldt State College last June, is now teaching at Del Paso Heights near Sacramento.

Schussman is teaching the sixth grade and is also the music instructor of the school. Oden Hansen, another Humboldt State graduate, is also teaching at Del Paso Heights.

H

RETURNS TO BERKELEY

Miss Bertha Landauer who has been working in the library during the absence of C. E. Graves, returned to her home in Berkeley, Monday.

About our school yells: Humboldt can feel the shadow of the dippy doo hovering over it. I'm referring to that thing that goes: "With a trucking on down and a suzy-que, come on—" Judas Priest! I can't go on! With such things as this happening among our students the future looks dark. Can't you just hear the rooter in 1940?

"With a hey nonny nonny And a loopy doopy doop Come on, Humboldt, Knock 'em for a loop." And can't you hear our quar-terbacks? "With a shim sham shimmy Tra la la, tra la la Jitterbugs, off tackles!! Oomp pa pa, oomp pa pa." —Slightly Indignant

'H' Sweater Points Explained For Frosh

Each spring semester the big "H" which is an honorary award presented by the W.A.A. of Humboldt State, is awarded to the most outstanding upperclass women. These students are chosen by a committee of undergraduate and graduate wearers of the honor sweater on the merits of a minimum of 1,000 athletic points, a scholarship of "C" sportsmanship, and support of campus activities.

Athletic points are given for any after-school sport, ranking according to the class of the team. A first team receives 100 points and a second team receives fifty points. A substitute on the first team receives 75 points, while squad membership gives 25 points.

Sports which give honor points are hockey, volley ball, basketball, softball, or soccer, archery, tennis, badminton, and Tap Club. Students can also obtain points up to a total of 100 for hiking. One point per mile is given for every hike of at least five miles.

Vesta Marke is the only woman at Humboldt State at present who is wearing an honor sweater. Natalie Brenner also received a sweater at the time Miss Marke received hers.

EDUCATOR IS HONORED

Two men's dormitories in institutions as far apart as Massachusetts State College and the University of Minnesota will carry on the name of the late Roscoe W. Thatcher, president of Massachusetts State College from 1927 to 1932.

Frosh Women Have Two Hockey Teams

Because of the large number of freshman women who turned out for interclass hockey games, at Humboldt College, two teams instead of one have been named for that class. Players on the two teams are as follows:

Team 1—Forwards, H. Jensen, H. Arnold, H. Alto, L. Caprile, M. Spini, H. Devoy, and V. Hunter; Halves, R. Dare, B. Atwood, K. Nelson, and L. Scott; Fulls, N. Swan, L. Wrigley, and O. Poscic; Boalie, A. Chase.

Team 2—Forwards, M. Kay, J. Spetz, J. Lewis, B. Wilson, O. Coolen, and P. Gray; Halves, I. Del Fatti, D. Mackins, and M. Harris; Fulls, D. Logan and M. Silva; Goalie, M. Kay, and J. Lewis alternate; Substitutes, D. Conner.

H. S. C. Tap Club To Be Organized

Mrs. Monica Hadley, of the physical education department, has announced that the Tap Club will soon be organized at Humboldt State. Anyone may join this club who has had tapping experience in high school or in college.

Those who are intending to join the club this year are Barbara Bird, Vernice Alanen, Frances Nye, Lois Ohman, Susan Wilson, Betty Baldwin, Barbara Heasman, Frances Ensign, and Rosie Ivanich. If any other students are interested in joining this organization, they are asked to see Mrs. Hadley and turn their names into her. Men as well as women may join the tap club.

Edward Graves, who was a student here for two years, has been awarded an assistantship in plant pathology at the University of Idaho. He is the son of C. E. Graves, Humboldt's librarian.

Joy Gastman, formerly of Humboldt State College, is now employed at Brizards of Arcata in the meat department.

Alhambra Alumni Defeat State 6-0

The Humboldt State College Eleven went down to a 6 to 0 defeat at the hands of a fighting Alhambra Alumni Club at Albee Stadium last Saturday night.

The only score of the game came early in the second quarter when the clubmen marched from their own thirty-six yard line down the field for a touchdown. Costanza scored on a wide end run from the four yard line.

A colorless punting duel was carried on by both teams from that point. The Lumberjacks continually came within scoring territory but bottled all touchdown opportunities.

Once in the fourth quarter Humboldt had the ball on the Alhambra two-yard line with four downs to push it over, but failed to score.

Tennis Matches Now Scheduled

Tennis tournaments are scheduled for the beginning tennis class which meets at 1:10 on Tuesday and Thursday. The winning team in these tournaments will be judged the best players in the group.

The challenging couples as they now stand are as follows:

Jean Hess, Faye McCord, Lila Still, Marguerite Lawrence, Marieanne Lambert, Clare Ostrander, Dorothy Peterson, Frances Ensign, Frances Larson, Mary Borneman, Elaine Johnson, Barbara Bird, Norman Moore, Harold Foltz, Charles Davis, Fred Smith, Dorothy Chambers, Marilyn Cloney.

13 Juniors Helping In Grade Projects

Helping the eighth-graders at the college elementary school in their social science projects is what thirteen Humboldt College juniors have been doing for several weeks.

These students, who are now enrolled in a curriculum class, will be practice teachers at the training school next year. Helping the children to construct projects showing various methods of transportation is part of the curriculum work. The purpose is to acquaint the students with the type of work they will do in practice teaching.

Mrs. Jessie Woodcock, financial secretary at Humboldt State, returned to school Monday after two weeks vacationing in the bay regions.

Exhibit Showing Until End of Week

"The Picture Making Process" is the title of the first of the series of art exhibits to be shown at Humboldt State College this year by the San Francisco Museum of Art's Extension Program for Art Enjoyment. This exhibit is now being shown in Mrs. Stella Little's art room at the college. All students are invited to visit the exhibit free of charge.

The first of the series shows how an artist makes an etching, a wood cut, and a lithograph. It also shows the difference between an oil painting and a tempera painting, a medium used to add detail, of for touching up fresco after the plaster has set.

Upon visiting the exhibit one will find that such things as egg yolk, gums, milk, honey, wax, as well as linseed oil and varnishes and many different pigments all go into the making of a picture.

Each of the different techniques is illustrated by works of the greatest masters of art.

This exhibit will be shown until the end of next week.

DUCK DINNER BY DOMEYER

Leland Domeyer entertained a group of Humboldt College students at a duck dinner at his home in Arcata last Wednesday evening. Those attending the dinner included Harold Langdon, Jim Savage, Leonard Smith, Louise Hibser, Eugene German, and Leland Domeyer.

Ichthyology May Be Course Next Spring

The fish hatchery being built near the reservoir on the east end of the campus will probably be finished in time for a course in ichthyology to be offered to Humboldt State students next spring. The course will deal with work in hatching eggs, raising "fingerlings," study of dietetic phases, and the treatment of various fish diseases.

Mrs. William Lanphere is responsible for the erection of the hatchery and the activity to be carried on there in the future. While attending the University of Washington where she earned her M. A. degree in zoology, Mrs. Lanphere also took a minor in Fisheries. Her interest in starting a hatchery at Humboldt College lead to the building of the reservoir last spring.

President Gist gave permission to use the stream for this purpose and lumber for the building was secured when the old dormitory was torn down. The lumber was taken up to the dam last week-end and erection of the hatchery will begin soon.

The plans made by Mrs. Lanphere specify the dimensions of the building to be twelve feet by twenty-four feet. It will contain four standard fish troughs and a small office to be built in one corner.

The class in ichthyology will appeal especially to students interested in fish and game manage-

Noon Dance Friday, This Week

There will be a noon dance Friday, November 10 from 12:30 until 1 o'clock in the little gymnasium. This is the second series of dances being given by the A. W. S.

A special offer is made to include girls and men to come in couples. A single admission is ten cents while a couple (boy and girl) will be admitted for fifteen cents.

If these dances are well attended, prizes will be offered to the person or couples present who holds the winning ticket. This matter will be decided definitely after the next dance.

ment or fisheries. The class will accommodate only eight students, two working at a trough.

The state will furnish eggs from the Prairie Creek hatchery and will supply any materials necessary to carry on the work. When the fish have grown sufficiently, they will be planted in streams under the direction of the state authorities.

SUNDAY NIGHT PARTY BY MUTSUHITO CLUB

The Mutsuhito club had a party on Sunday night from 7:30 to 11:00 in the social unit of the dormitory.

During the evening the guests played various games, danced folk dances, and listened to the radio.

Cider and doughnuts were served to the following guests at the close of the evening: Joy Stockton, Charlene Renfroe, Ada Dean Regli, Marion Kemp, Doris Waldron, Eleanor Shaw, Shirley Kirkpatrick, Rosie Ivancich, Helen Howard, Hazel Hagne, June McCombs, Henry Stickles, Stan Colwell, Clarence Edsall, Nick Barbieri, Jimmy Kelly, Charlie Davis, Clifford Olson, Bert Sanard, Jim Savage, Loy Montgomery, Martin Cabalzar, Billy Lee, and Mr. and Mrs. Archie Folsom.

H

HERE FROM HOLLYWOOD

Karen Western, recent freshman registrant, is from North Hollywood. She is a graduate of North Central High School in Spokane. Her chief interest is in dramatics and radio work. With her registration complete there are now more students from Los Angeles County than from any other county, except Humboldt.

Librarian Returns From Long Trip

C. E. Graves, Humboldt State's librarian, has just returned from a six weeks vacation.

"We were gone about six weeks," said Mr. Graves. The first week was spent in traveling by car to Chicago where I joined Mrs. Graves. From there we traveled for the next three weeks through Illinois and Michigan visiting friends and relatives. I did a little color photography, chiefly autumn colorings and scenic views.

"During the next two weeks we returned west by the southern route visiting many libraries of interest enroute. The libraries we visited were, Iowa State College library at Ames, Iowa; University of Illinois library at Urbana, Illinois. It was in this library that I held my first librarian's position from 1914 to 1918.

We then went on to Indiana State Teacher's College library at Terre Haute, Indiana; George Peabody College library in Nashville, Tennessee; and the Vanderbilt University library which is just across the street from the Peabody library. The George Peabody College is perhaps the best known teacher's college, next to Columbia University.

"We journeyed on into Texas where we visited the North Texas State Teacher's College. This is the largest teacher's college in the United States and is located at Denon, Texas. We also visited the Carsbad Caverns in New Mexico.

"Through southern California we returned home, stopping the last day at Davis to visit our son Edward who is a graduate student there. We spent the night with Dr. and Mrs. Vernon Puryear who were once residents of Arcata, Dr. Puryear being a member of the Humboldt State faculty for several years.

Advising Stressed In Teachers' Book

Teachers and prospective teachers will be interested in a new book which is now in the library entitled, "Developing Teacher Personality That Wins," by Chester N. Stanford.

Three chapters at the conclusion of this book are devoted to the important subject of the technique of advising which is one of the major problems confronting the teacher. Personality adjustments as well as adjustment to the new job are discussed at length.

The reasons teachers are liked or disliked are brought out and analyzed. Liking the job is half the battle, this book advises.

DR. FISHER RETURNS FROM FRESNO MEET

Dr. Raymond Fisher returned home Sunday night after a trip to Fresno to attend the meeting of the California State College Instructors Association. Dr. Fisher arrived in Fresno Friday night, attending the convention Saturday. After the convention he went to the bay region to visit friends, returning home by car Sunday. Dr. Fisher is president of the Humboldt College chapter of the association.

H

Dorothy Fountain and Marguerite Lawrence motored to San Francisco for the closing of the fair. They returned to school Monday.

H

Posture pictures were taken on Tuesday of the twenty-three students who are in the kinesiology and corrective classes. These students are majors in physical education.
