

# Humboldt Lumberjack

Humboldt Lumberjack, Wednesday, October 11, 1939

## Graduate Manager Compares Indices In Campus 'Dorms'

To develop higher scholarship ratings among the various campus houses, the office of Graduate Manager, Bob Madsen has made a comparative scholarship survey of the various groups.

The averages for the 1939 spring semester were made from the records of the Registrar for the "House of Elmore," Sunset Hall, Men's Dormitory, "House of Wiley," and "House of Rice." The individual records were secured and averaged. The highest individual grade received in any house was in the Men's Dormitory where one member received a semester total of 2.67. The leading house average was made by the House of Elmore. Complete statistics are as follows:

House of Elmore: 1.59 house average; individual highest average in the house was 2.06.

Sunset Hall, women's section, 1.57 house average; individual highest average in the house was 2.23.

Men's Dormitory: 1.44 House average; individual highest average in this group was 2.67.

House of Wiley: 1.43 House average; individual highest average was 1.82.

House of Rice: .70 House average; the highest individual average was 1.11.

## Girls' Drill Team Practicing Daily

The newly organized Girl's Drill Team under the captainship of Barbara Crnich is one of the first projects to be undertaken by the Associated Women Students.

Members of the drill team have been practicing every noon and will soon provide half-time entertainment at the football games.

Girls participating in the team are: Barbara Crnich, captain; Dorothy Hunt, Rosie Ivancich, Valerie Barker, Carol Hixon, Rose Dare, June Muir, Hilda Alto, Susan Wilson, Lynette Swan, Frances Larsen, Nadine Swan, Margaret Kay, Rose Foster, Ilene Jensen, Lila Still, and Zelma Woodcock.

Their uniforms will be white sharkskin skirts and sweaters.

## TONIGHT IS THE NIGHT

Grab Your Girl and Swing to Pedro's Band.

Let's make this the biggest party of the year.

Meet Me at The College Commons

DINNER SERVED AT SIX

## PLAY WILL BE GIVEN AT TEACHERS INSTITUTE

The Humboldt College play production department under the supervision of William Hoppe will entertain the Tri-County Teachers' Institute when it meets in Eureka on October 18th with "The Morning After," a one-act American comedy.

Members of the cast are William Inskip, Vivian Larson, LaVerne Elmore, and Eleanor Buck. Besides their work in "The Morning After," these students are all handling important plays in "Our Town," Humboldt's fall play to be produced November 2nd.

## Dinner and Dance For Team Tonight

Over one hundred students have made reservations for the send-off chicken feed and dance tonight. The W. A. A., Associated Women's Students, and the Mens' Association are sponsoring this event. Football men are to be admitted free.

The charge for the dinner and dance is forty cents a person. The dinner will be held in the commons beginning at 6:00 and the dance will be in the gym after the dinner. A rally and short program will accompany the dinner.

## T. B. TESTS TO BE MADE AGAIN NEXT SPRING

Tuberculin tests were given in the Health Office on Monday and Wednesday, October 9th, and 11 from 11:45 to 12:15. The tests will be given again next spring.

They are not compulsory for any student except those who are taking a teacher's course, but all students who have not had a test in the last two years are recommended to take it.

## DR TOLLE IS HOLDING 'VOCATIONAL GUIDANCE'

Dr. Vernon O. Tolle held the first meeting of his extension course in "Vocational Guidance" last night at the Eureka Senior High School. This course is planned for vocational counselors, principals, supervisors, teachers, parents, and all others who are interested in helping young people to find a vocation in which they will find happiness and success.

The course will entitle all those who complete it to two semester units of college credit. A ten-dollar fee accompanies the course.

## DEAN HOLDS CONFERENCES

Mrs. Monica Hadley, Dean of Women, is holding short conferences with the freshman women throughout the week so that she may become acquainted with the new students and help them in any early college adjustments.

## SURPRISE BIRTHDAY DINNER

Eleanor Shaw was entertained at a surprise birthday dinner Monday evening of last week. Those attending were Jean Brown, Mary Westbrook, Mabel Crabtree, Milton Iskra, Glenn Goble, Henry Trione, and Ivan Olsen.

Ilene Jepsen, commercial student, has accepted a position in the office of the California Barrel Company. She will operate the company's new payroll machine.

## 'On to Davis' Spirit Captures Enthusiasm Of Student Body

"On to Davis" spirit has captured the student body, faculty, and friends of Humboldt State. Just this sort of enthusiasm has in the past carried the Lumberjack to victory in their games away from Humboldt.

A bus of rooters will be leaving Friday night for the combined offer of seeing the game and Cal Aggie campus and of going to the World's Fair on Treasure Island at the nominal sum of six dollars. A modern swing band of college students, under the direction of Carl Owen will accompany the rooters.

The bus will arrive on the Cal Aggie campus around noontime Saturday. After the game the rooters will gather in San Francisco, stay there all night and the next day. They will return Sunday night.

## Music Department To Give 'Messiah'

When the Humboldt State College Glee Clubs and A Cappella Choir present the "Messiah" on December 13 and 14, they will be augmented by the Arcata High School A Cappella Choir.

The three soloists who are to take part in the Messiah have been selected by G. Dana Kinsman of the music department, but they will not be announced until later.

The college orchestra is also busy rehearsing for this production which in all probability will be an annual Christmas feature.

Members of the Women's Glee Club are Helen Arnold, Mabel Crabtree, Carolyn Crane, Gladys Grove, Audrey Hall, Barbara Heasman, Irene Hinckley, Helen Jones, Norma Kinkela, Oriel Posic, Lois Scott, Nadine Swan, Mary Westbrook, Marianne Lambert, and Sadie Crnich.

Members of the Men's Glee Club are Charles Arnold, Rod Belcher, Rico Bongio, Frank Crichton, Robert DeLong, Leland Domeyer, Eugene German, Eugene Hammond, Ralph Hinckley, Sedolph Johnson, Axel Lindgren, Moe Musante, Stanley Roscoe, Merle Shuster, Berton Speer, Jerry Thomas, Forrest Waters, Ellis Williamson, and Robert Pinches.

## KEITH EMENEGGER HERE FOR FIRST SEMESTER

Keith Emenegger, former Humboldt student who has been employed in the advertising department of the Humboldt Standard in Eureka for some time, has enrolled here at college again. He plans to attend the fall semester here and then transfer to the University of Missouri, School of Journalism.

He was business manager of the Lumberjack previous to his position on the Standard.

The Science Club meeting which was postponed one week will be Thursday, October 12, at 12:15 in the science laboratory.

## COMMITTEES ARE NAMED FOR W. A. A. BANQUET

Committee chairman have been appointed for the College W. A. A. Freshman Initiation Banquet. Dorothy Hunt has been made general chairman and her assistants are Frances Nye, program; Beverley Bullock, invitation; Lynette Swan, decoration; Billie Bunch, pom-poms; Jeanette Christiansen, publicity.

All freshman girls are urged to sign up. The dinner will cost thirty cents. Women teachers and faculty wives are to be guests of the W.A.A.

## Technicians Busy For Coming Play

Behind the scenes of "Our Town," a group of student technicians are occupied in assembling costumes and properties for the play, which is to be produced on November 2.

Vivian Larson acts as assistant director and prompter. Miss Larson, a junior, has had considerable experience in college theatricals. She is a student in advanced play production, and is gaining practical experience from her work with this play.

Helen Woodcock is in charge of costumes, which are many and elaborate. Miss Woodcock, a junior has worked in every production since she entered Humboldt. Her assistant, Sudia Penturf, is a transfer from Chico State College, where she was active in dramatics.

Lloyd Wasmuth, special student in music, is in charge of the choir to be used in the production, and Oriel Posic is organist.

## PENNANTS ARE PRINTED TO ADVERTISE COLLEGE

Bob Madsen, Humboldt State graduate manager, has had some green and gold pennants of the college printed which will be given out to the local business houses. These pennants have been made to publicize the college and let people of the community know that firms and individuals of the institution are supporting it.

Any business concern that wants some of the green and gold pennants may get them by calling 46-J at 9 o'clock any morning.

## H.S.C. STUDENTS SEE ST. MARY'S BEAT U.C.

Five Humboldt students went to San Francisco and Berkeley last weekend to attend the football game between St. Mary's and California.

While in Berkeley they visited Mitchy Chetkovich, former Humboldt student who is now attending the University of California. The students who made the trip were Bob Goss, Gino Casagrande, Forrest Waters, Curt Wilson.

## PARTY FOR BILLIE BUNCH

Mrs. Arline Delp and Margaret Monroe were hostesses at a surprise birthday party for Billie Bunch last Saturday night, October 7.

Those attending were Mary Telocchini, Wilda Tomlinson, Fern Parks, Lora Jensen, Al Pontoni, Merlyn Allan, Erland Jensen, Harold Preston and John Farleigh.

## H. S. C. Is Facing Real Opposition In Saturday Game

Coach Herb Hart scouted both the football game between the Cal Aggies and San Francisco State and the one between Sacramento Junior College last weekend.

He reports that the Cal Aggies are the best small-college team that he has seen yet. Although they only defeated San Francisco State 7 to 0, they should have run up a higher score, he says. So when the Humboldt lumberjacks journey to Davis to play this team next Saturday, they will clash with the strongest team on their schedule. The Chico State vs. San Francisco J. C. games ended in a tie.

Coach Hart says that a few of the boys on the Humboldt team have been "lying down on the job" in practice last week and consequently the starting lineup for the Cal Aggies game is undecided.

## Training School To Show Teaching

Demonstration sessions will be held by the college elementary school for the Tri-County Teachers Institute Tuesday morning October 16.

After class demonstrations, the visitors, teachers, and supervisors will meet for an evaluation of the work observed. The meeting will be conducted by Dr. Vernon O. Tolle, principal of the college elementary school, as a forum discussion.

For an hour and a half the following persons will have demonstrations of teaching, extending from the kindergarten to the eighth grade: Misses Belle Dickson,

Ruth Bestor, Dorothy Williams, Eleanor McKay, Tosca Schultz, Anne Rasmussen, Mrs. Nene Pinkerton, and H. T. Cluxton.

Mrs. Pinkerton is an Eureka elementary school supervisor. Tosca Schultz is a Eureka kindergarten instructor, and Miss Rasmussen is the Humboldt County school supervisor. The others are regular faculty members and supervisors of the elementary school.

## FORMER H.S.C. PEOPLE ATTENDING CALIFORNIA

Among those students who attended Humboldt State last year and who are now enrolled at the University of California are Minerva Hill, Elwain Dreyer, Verne Cooperrider, and Lee Seidell.

Miss Hill is majoring in mathematics, Cooperrider in engineering, and Seidell, who was a graduate of Humboldt State last June, is majoring in social sciences.

Editor.....Frances Nye  
Business Mgr.....Martin Cabalzar  
Reporters.....Billy Bunch, Betty Anne Carlson, Howard Goodwin, Frances Larsen, Marguerite Lawrence, Donald Mahan, Susan Wilson.

**POSTCARDS FOR SALE**

Something of interest to both faculty and student body alike should be the new picture postcards on sale at the co-op. There are two different views of the college, both very attractive.

Here at last is a way to advertise your school, while getting a personal value out of the use of the advertisement. For five cents you can get two cards. With two cards you can get a lot of people interested in Humboldt.

And with a lot of people interested in Humboldt, you get expansion.

**Faculty Men Give Bankers Course**

College courses in Business Law and Business Organization are being offered this year to Humboldt County bankers and bank employees. Dr. H. P. Balabanis of the college social science department and Bert Wilson of the commerce department are in charge of the two classes, which are held Wednesday evenings from 7:30 to 9:00, in the Eureka Senior High School auditorium.

These courses are being offered under sponsorship of American Institute of Banking, and organization of bankers throughout the United States. The courses lead to special banking certificates.

Approximately twenty persons have enrolled in each of the classes, which will have twenty-eight meetings.

Don Pedrozini, former Humboldt student, is now enrolled at San Jose.

**IN SANTA ROSA SCHOOL**

Mary Mangum, who attended Humboldt last year, has enrolled at a Santa Rosa cosmetology school.

**VILLA HEADS JUNIORS**

The Junior Class has elected the following officers: Bud Villa, president; Rosie Ivanchich, vice-president; and Robert Goss, secretary-treasurer. Plans for a dance at Easter were discussed.

**AT SAN JOSE NOW**

Roger Battie and Donald "Ped" Pedrazzini, both students at Humboldt State last year, are attending San Jose State College this term.

**H. S. C. Commentator Always Watching**

"Take me out to the ball game—" Last week because of the broadcasting of the World Series the social unit was the most popular place in school. Last year at this same time we were playing cards; now we listen to a radio. Ah—the quest for knowledge!—Early one morning when the radio first made its appearance heard, those seen surrounding it were Zeke Saunderson, Gino Casagrande, George Brenner, Ernie Caro, Franny Moore, Tom Amen, Clyde Eaton (oh, Clyde, did you finally find Barbara Heasman's house?), Leon Flink, and Jack Lima. Later on when the game came on Dr. Fisher was spotted there.

Another popular spot on rainy days is the library. Bill Du Mond and Ivan Olson spent their time talking to the girls—Vernon Lewis sits and draws pictures—Norman Moore and Alice MacDonald talk about—well, who knows what they talk about—a few people look as though they might be studying, mind you I said might.

And just the other day the question came up if it were ever possible to have a perfect chaos—Danny McClure comes out with "Madsen." Bill, why do you stand for things like that?—The geology field trip also had its share of wits, and I didn't say half, last Saturday, Gerry Moore blossomed forth with "You've got me in suspension" as the bus went over the bridge, a suspension bridge—Around Big Bar country the kids knew Carl Owens had been eating jerky from the way he drove—oh well, the scenery was interesting—Theme song for the day might have been—"Shale, shale, the rocks all here. What the grain do we care?"

Tragedy of the day was when a beautiful four-pointer bounded out in front of the bus and loped down ahead for a hundred feet or more, then went down the side of the bank. As the bus came to a stop everyone piled out, but no one had a gun—And to think that people walk miles and hunt for weeks for something half as pretty as that!

People's minds seem to revolve around dancing. . . either the Mut-sahito dance last week (Nadine Vann and Herman Jones, Marjorie Barnes and Frank Chriton, Helen Devoy and Rollo Forman, Eleanor Shaw and Chan Jenkins) or the dinner dance tonight. When you see people walking around with that "I'm going" sign tied on some place, you know they're out to have a good time. . . Something that always sounds like fun is going to watch your team play an out of town game. . . Certainly all of you are planning to go to Davis! Gals, there's the school for you. . . ninety-nine boys to a girl. . . well, maybe not that many, but anyhow. . .

Wow! Betty Fay certainly held

**College Has Furnished Many Jobs To Students, Financial Report Shows**

Since 1931, a total of \$49,393.21 has been paid through the college alone to students who are working their way through school at Humboldt State, according to a report made by Mrs. Jessie T. Woodcock, financial secretary. This sum does not include money earned by students working for outside firms or individuals.

Every effort is being made to assist all worthy, needy students, Mrs. Woodcock said.

During last year, 108 students were on the various payrolls of the college, the majority being employed throughout the nine months, while a few were hired for add jobs.

**ABOUT \$8,000 IN 1938-39**

This employment totaled in cash \$7,982.73 which was distributed among the various funds as follows:

Bookstore	\$546.80
College Comms.	620.48
Dormitory	272.70
National Youth Administration	
Funds	3,630.00
Student Body	794.70

**OTHER TYPES OF WORK**

In addition to this work at the college some students were placed in private homes to work for board and room, others were given many

the limelight Monday with that flaming red slack suit. . . If ever a gal looked as though she were always stepping out of a fashion plate it's Claire Ostrander. . . Oh yes, have you noticed Maxine Maxwell, the composer-de-luxe in our midst, rushing around starting work on the annual.

A long time ago, very long ago to be sure, when knighthood was in flower, they had certain precepts applying to courtly love. One of these was, "One who is in love eats little and sleeps little." . . How's your appetite, fellows. . . increasing?

William Inskip, president of the Humboldt College Chapter of Alpha Psi Omega, dramatic fraternity, has been selected as the lead in the first fall play. William Hoppe, head of the college drama department, announced Friday that Inskip, a senior, will carry the part of the stage manager in "Our Town" when the play is produced on November 2.

Inskip has had feature parts in a number of college productions, notably "Holiday," "Three Men on a Horse," "The Petrified Forest," and Yellowjacket."

**UNIVERSITY INSTALLS ELECTRIC BELL SYSTEM**

The University of Missouri's electric bell system for sounding class hours was started recently. There is at least one bell in each building of the University where classes are held. Larger buildings are equipped with more than one such signal.

The bells, with true boarding school precision, sound on each hour at ten minutes after the hour to signal the start of classes. The new system is controlled by a master electric clock located in the University power plant.

## Wrenched Shoulder Handicaps Sanard

Bert Sanard, a promising center for the Humboldt State football team has been hapered by a wrenched shoulder from the first of the season. Although he has not definitely been able to show his skill, his past record speaks for itself.

Sanard went to Riverside Polytechnic High School where he played the full three years as center on their football team. In 1934 his team won the championship of the Citrus Belt League. He received a letter for cross-country running, usually finishing near the top. In track he ran a 2.08 half-mile and also put the shot and threw the discus.

After graduating from high school, he entered Riverside Junior College, playing center on the varsity. His team won the Southern California League football championship in the fall of 1935 and was runner-up the following year. He participated in the weight events in track at Riverside Junior College.

Sanard is working for the general elementary, the junior high school, and the special credential in physical education.

H

## JAMES SAVAGE SHOWS PROMISE AS STATE END

Despite the fact that he has no previous football experience, James Savage, a transfer from Riverside Junior College, has promise of developing into a good end for the Humboldt State football aggregation.

While attending Riverside Polytechnic High School, Savage had to work and did not have time for athletics.

Basketball is Savages' main suit, as he played forward on the Riverside Junior College team that was runner up in the Eastern Conference League last year.

Savage is majoring in physical education.

We invite you to visit us at our new store.

We carry what the College girl likes. Our styles are smart with lots of pep.

## Lanphere Leaves to Buy One Horse Comes Back With Two Mounts

"To see a man about a horse" was the purpose of Dr. William Lanphere's journey to Prospect, Oregon, a week ago. The fact is, however, that before the Humboldt College science professor had come back from Prospect, he had seen two men about two horses—and bought them both (the horses, that is!).

The first horse purchased was a handsome Palomino which Dr. Lanphere had been intending to buy for several months. He closed the deal with the gentleman, who owned a stock farm near Prospect, and was about to leave for home.

It was then that he was confronted by a farmer: "I heard you were in the market for a

horse."

"Well, you see, I - -"

"Now, I have a fine little bay mare right here that is a bargain; of course she hasn't got a white main and tail like that one you just bought, but - -"

In spite of that fact and also that the mare had only a mere wisp of a tail, Dr. Lanphere bought her. Most of the tail, the farmer explained, had been chewed off by some goats he used the bay mare,

The Palomino, "Rascalita" and the bay mare, "Skipper," arrived from Prospect last Saturday. Dr. Lanphere will keep his saddle horses in the barn and pasture across the street from home.

## Quality Is High Despite Numbers

Experience at the University of California has yielded no evidence to support the theory that the quality of college students has declined because of the rapid increase in student enrollments during the past few decades, according to Dr. Robert Gordon Sproul, president of the University.

"As a result of the increase in student registrations at American colleges and universities during the past few decades, one occasionally hears the statement that the quality of the college student population has declines."

This contention, Dr. Sproul said, "seemingly, is based on the assumption that only from three to five per cent of each generation has sufficient intelligence to benefit itself, or society, by pursuing a college career; now that as high as ten per cent of young men and women finish high school and enter college, it must follow, it is assumed, that much second- and third-rate material is necessarily included. Experience at the University of California yields no evidence to support this criticism.

"The University has consistently sought to prevent any decline in the quality of its student population by the maintenance of rational entrance requirements. The 1933 plan, now in operation, while offering a number of alternate ways by which students may enter the University, has not led to any lowering of the quality of students.

## Students Enrolled In Theatre Guild

"The play's the thing," according to figures recently compiled from the files of the Illini Theatre guild. Membership total in the guild last year was 1,006, and increase of approximately 200 over the preceding year at the University of Illinois.

Women's inherent desire to act is shown by the approximate two to one ratio they hold over the male members of the guild. Women in the organization number 646 while men number only 360.

More than half of the Illini theater guild members are enrolled in the College of Liberal Arts. Members from the various schools number liberal arts 559, commerce 125, engineering 53, fine arts 70, agriculture 93, physical education 12 education 73, and journalism 26.

## Former Texan Is On Humboldt Team

Loy Montgomery, better known as "Monty", is a transfer from Riverside Junior College who has made a very good showing on the Lumberjacks, football squad in the last two games.

Montgomery is a graduate of the Georgetown High School at Georgetown, Texas. While there he played two years of basketball, and football and participated in track for two years. In basketball he has played every position. He also was catcher for the baseball team. In track he ran the mile and the half mile.

From Georgetown he entered Riverside Junior College, where he took part in 2 years of football, basketball and track. His time for the mile was 4:58, and 2:03 for the half mile.

H

## 14 Letters Earned By State Player

Bill Brown, Humboldt College backfield man, transfer from the Sherman Institute of Riverside, made an impressive record as an athlete.

At Sherman Institute where he earned fourteen out of a possible sixteen letters.

He played four years of football in the halfback position, and four years of basketball as a center and a forward. In baseball he played three years as a first baseman. In track he is a field man having polevaulted 11' 6", broad-jumped 20' 10", and high jumped 5' 10".

Brown also played the bass in the Sherman Dance Orchestra. He graduated from Sherman in 1936 and has been working up to the time he came to Humboldt.

Brown is majoring in physical education at Humboldt.

## Humboldt End Is Three-Sports Man

Clifford Olson, end on the Lumberjack's football team, will probably see much action this season. From the Chemawa High School in Oregon, Olson went to Sherman Institute.

While at Sherman he was chosen to play on the All-Star Indian basketball team of Southern California which played many high school and junior college teams. Olson is also a hurdler, having run both the high and low hurdles.

From Sherman Institute Olson went to the Riverside Junior College. There he continued playing end in football and hurdling in track. His time for the high hurdles at Riverside was 15.5 seconds.

Olson is majoring in social science here at Humboldt State.

H

## FORMER EUREKA STAR ON STATE GRID SQUAD

Forrest Waters, former Eureka High School backfield star, is a promising candidate for the team.

Waters also runs the sprints in track having competed four years in this sport at Eureka High School. He played three years of basketball in the guard position while in high school.

Three years after graduating from high school, Forrest came to Humboldt State College this fall. He was recently nominated president of the freshman class.

## College Will See Exhibits of Art

Mrs. Stella Little of the Art department at Humboldt State has received word from the San Francisco Museum of Art that a series of circulating exhibits will be shown at the college during the fall and spring semesters.

The dates on which these five exhibits will be shown are, November 2-14, Picture Making Processes; January 3-15, Masterpieces from the Past; February 1-13, Painting of our Time; March 2-14, The Language of Art; and April 18-30, Architecture and Decorative Arts.

Each exhibit contains a group of twenty large color reproductions all labeled and mounted.

The first of the exhibits to be held at Humboldt will show how artists represent objects and ideas, and analyze color, form and line, the elements which constitute the language of art expression.

The extension exhibitions, as they are called, have been shown all over the nation during the past two years. The San Francisco Museum of Art reports that in the forty-three communities in Northern California where these exhibits have been shown, the yearly attendance has been over 100,000.

H

### ATTEND SKATING PARTY

Last Wednesday evening a group of dormitory students held a skating party at the Eureka Roldredome. Students attending the party were: Hazel Hagne, Betty McWhorter, Bill Farber, Francis Givins, Dave Williams, and Walter Monroe.

H

### VISIT IN BLOCKSBURG

Lynette and Nadine Swan and Fred Hibler, all students at Humboldt State, visited the girls' parents at Blocksburg last week-end.

## Plants for Desks, Grounds, Classes Grow in Greenhouse Near Gymnasium

The little greenhouse by the gymnasium has been under the supervision of Dr. William Lanphere, science professor, since he returned to the Humboldt college faculty about a year ago.

Dr. Lanphere had the greenhouse moved from its former location near the president's house to the hillside west of the gymnasium, where it now stands. This made it possible to regulate the temperature in the greenhouse by steam heat from the pipes which heat the gymnasium.

Dr. Lanphere's assistant in taking care of the greenhouse is Merlyn Allen, pre-agriculture student, whose chief duties are to water the plants and to keep the temperature constant. In winter the door is kept shut to keep out the cold, but in summer the door is often left open and the required heat is provided by the sun.

Outside the greenhouse are the cutting beds where plants which are hard to root are started. A number of these which were planted last spring have now taken root, and Dr. Lanphere hopes that in the future enough can be raised for use in landscaping the college grounds.

Another purpose of the greenhouse is the raise various plants, such as the geranium, fuchsia, and the sensitive-plant used for experiments in science classes.

As a sort of hobby, Dr. Lan-

H

### FROSH TO MEET SOON

The freshman class will hold its first meeting soon, Forrest Waters, class president has announced. At this meeting plans will get under way for the freshman return dance to be given in honor of the sophomores. This is an annual event and Waters expressed the hope that this one will go down in Humboldt State history.

phere also grows some ornamental plants in the greenhouse; and when they attain their growth, some of the most beautiful ones are placed in the offices of the president's secretary and others. At present there are gloxinias in both Miss Davies' and Mrs. McKittrick's offices, while President Gist has an ornamental pepper on his desk, all of which were grown by Dr. Lanphere in the greenhouse.

## Orientation Class Hears Many Talks

At last week's meeting of the Orientation class, Dr. Vernon Tolle stressed the importance of regular attendance in this class, and Mrs. Monica Hadley, dean of women, announced tuberculin tests were to be given to all students who had not been tested within the last two years.

Sherman Washburn, student body president, arranged the program for this session. He called upon representatives of all campus organizations to outline the work of each group for the coming year. The importance of extra-curricular participation was emphasized by Washburn.

The following students spoke in behalf of their organization: Bessie Boehne, W. A. A.; Maxine Maxwell, The Annual; Ida Dean Regli, Mutsihito; Rodney Belcher, Men's Association; Jean Hess, Sigma Epsilon Rho; Jim Hall, Chi Sigma Epsilon; Charles Glenn, Student Teacher's Association; Frances Larsen, Rousers; William Inskip, Alpha Psi Omega; Rosie Ivancich, A. W. S.

## Novel Describes Redwood Industry

Now on the rental shelf and of particular interest to Humboldt College is Vernon Patterson's new novel, "Wise As a Goose," with the redwood industry as a setting.

Having worked as a lumberman in the redwood industry in Northern California, Mr. Patterson has a first hand conception of his subject. In addition, he has created living characters of his subject. In addition, he has created living characters true to the finest portraits in modern fiction; little Ruby who, after the death of his scolding wife, is like "a watery-eyed old horse that after a long life of toil released from the harness and turned out to graze, longs for the oppression of the collar and the bite of the whip!" Olie, the "Scandihoovian" river rat; Pink, the poetic boy through whom Patterson "so magnificently describes the natural beauty of the country."

Another new rental book is "Consultation Room," the autobiography of a woman's doctor, by Frederic Loomis. From his twenty years of medical experience as a woman's physician, Loomis relates a varied collection of case histories and stories encountered in his work.

"Factories In the Field," a newly arrived non-fiction book, deals with the economic and agricultural conditions in California and was inspired by "Grapes of Wrath."

The author, Carey McWilliams, tells of the migration of workers from the dust bowl to California, the rising labor discontent, and the approaching major conflict between the liberal-labor-progressive forces represented in the state. This book is now in the general borrowing collection in the library.

## Jenkins Article In Crafts Journal

An article by Horace Jenkins of the industrial education department at Humboldt State College "Castings Turn up a New Craft", appeared in the July-August issue of "The Home Craftsman."

Jenkins tells of a new adventure in re-casting scrap aluminum for lathe-turning fruit plates, candlesticks, bon-bon dishes, pancake griddles and cooking utensils.

The metal, which is cheap and easily obtained, can be melted readily with ordinary gas heat. In a molten state it can be cast easily into shapes which can be turned on a wood lathe without difficulty.

Most of the equipment needed can be made at home, and the rest of it can be purchased at small cost.

### NEW CLASS QUARTERS

The directed reading class, under the supervision of Mrs. Elma Folsom, is leaving its former quarters in Room 200, for the dining room of the Social Unit. The class, which has eleven members this year, meets weekly to read and discuss old and new books.

H

June Muir, sophomore, and Margaret Key, freshman, visited their parents at their homes in Blocksburg last week-end.
