Institutional Review Board for the Protection of Human Subjects

IRB #: IRB 17-150
Title: The Effect of Manipulating Vertical Oscillation on Metabolic Cost in Running

Thank you for submitting your application to the Committee for the Protection of Human Subjects in Research. I am able to provide expedited review of your proposal because your research:

will involve the collection of data through noninvasive procedures (not involving general anesthesia or sedation) routinely employed in clinical practice, excluding procedures involving x-rays or microwaves.

The Expedited approval of your research will expire 02/22/2019. By Federal Regulations, all research related to this protocol must stop on the expiration date and the IRB cannot extend a protocol that is past the expiration date. In order to prevent any interruption in your research, please submit a renewal application in time for the IRB to process, review, and extend the Expedited designation (at least one month).

Important Notes:
• Any alterations to your research plan must be reviewed and approved by the IRB prior to implementation.
  - Change to survey questions
  - Number of subjects
  - Location of data collection,
  - Any other pertinent information
• If Expedited approval is not extended prior to the expiration date, investigators must stop all research related to this proposal.
• Any adverse events or unanticipated problems involving risks to subjects or others must be reported immediately to the IRB (irb@humboldt.edu).
