### Registrar Returns From S. F. Meet

Mrs. W. B. McKittrick, Humboldt State College registrar, returned this week from San Francisco where she attended a conference of representatives from the seven state colleges of California. Head of the conference was Dr. Hamilton of Chico State College.

On Thursday and Friday, February 15 and 16, the group met at the Bellevue Hotel where they discussed the publication of a guidance manual for high school seniors showing the opportunities in the state colleges.

Included in the manual will be a list of vocations which may be completed in the state colleges. Fifty-two of these will be written with a great many others listed. The manual will be written, printed and ready for distribution by next fall and is a composite book about all the state colleges.

### State Officials Visit HSC Campus

A sub-committee of the ways and means committee of the state legislature visited Humboldt State college recently and viewed the proposed location of a new extension for the college as part of a post-war building program.

A bill is now before the legislature for the appropriation of \$150,000 for purchase of land on which the building would be erected, and will come up for action next month.

In the group were Al Wollenberg, chairman of the ways and means committee; Walter Fourt of Ventura county, member of the revenue and tax committee; Michael J. Burns of Eureka, all state assemblymen, accompanied by James S. Dean, state director of finance, and Anson Boyd, state architect.

### One-Act Plays to Be Presented

The Play Production and Technique of Acting class will present their two one-act plays in an assembly, on February 22, instead of the 15th.

The assembly had to be postponed because of the Basketball team making their trip to San Francisco.

"Hello Out There" by William Saroyan is directed by Ellen Petersen. The cast includes Don Williams in the role of the "young man" and Alene Beers as "the girl." "The husband" is played by George Taylor and "the woman" Gene Gunderson. The men include Don Ray and Wally Tudor.

The second play is a farce entitled "A Month's Notice" with Helen Ribero, Margaret Wurche, Dorothy Anderson, Edith Stromberg and Betty Reese in the cast. This play is directed by Frances Redman.

The three-act play troyouts are to be held soon. Everyone is eligible. Come on you kids and show some spirit!

### Registration Increases in '45

With the registration of several new students in the past week, the registration figure has reached 156. It was 183 last semester, Mrs. W. B. McKittrick, registrar, said.

This week's definition: Virtue—just the lack of opportunity.

### Captain Inskip Here From Egypt

CAPTAIN H. R. INSKIP

Captain H. R. Inskip of the U. S. Army arrived here early Sunday morning from Egypt where he has been on duty for about a year to visit his father, H. R. Inskip and sister, Mrs. Charles Glenn.

Captain Inskip met his wife and daughter, Mary Jane in San Diego. They accompanied him to Arcata. The group returned south yesterday. Captain Inskip is scheduled to return to his post early in March.

The former Arcatan reports that he sees his brother Major Donald Inskip occasionally. Major Inskip, promoted to that rank December 25 of last year, is in the transportation corps of the Army in Egypt.

Captain Inskip said that Egypt and the Middle East are among the most interesting parts of the world. The people there look to America for aid after the war. They treat the American troops fine and do all they can to make them feel at home. We are receiving much equipment and lots of good food, thanks to the home front effort, he said.

Captain Inskip, in command of a detachment of men, flew to the United States, arriving here February 7.

He is widely known in Arcata as a pianist. He graduated from Humboldt State College.

### Ilene Jensen Leaves C. E. S.

Miss Ilene Jensen, secretary at the College Elementary School was honored at a farewell tea, Friday afternoon, February 16 at the C. E. S. Miss Jensen is leaving to accept a position in Eureka.

### Lumberjacks Drop Two Games To San Francisco Team

In their last two college games of the season, the Humboldt State Lumberjacks lost to San Francisco State's hard-fighting team. Both games were played in Kezar Pavilion; on Friday night and the other on Saturday night, Feb. 16 and 17.

In the first game San Francisco led 18-12 at the half-time and pulled ahead to give Humboldt one of its worst defeats of the season; 55-22. Giannini was high-scorer for San Francisco State with 21 tallies and Marsh led the HSC Cagers with 10 points.

San Francisco obtained a wide margin during the second game in the first quarter and led 26-11 at the half. In the second half they made 22 to HSC's 20 to defeat the Lumberjacks with a final score of 48-31. Norman Farias of San Francisco State totaled 14. Bob Marsh scored 11 to lead the Lumberjacks.

### Assembly Held By W. A. A. In Gym

Did you get to see the watch-bird? No!—well, did you see the W.A.A. Assembly?? Here is a brief summary—physical exercises conscientiously taken by a group of six—including none but the physical fit—the tumbler putting on a good act. Jo Bruner really speeded up and then down the rope in the center of the gym—rather amazing (to watch). The ranger activity was done by some s-o-r-e girls (they had practices before). The great archers make good—their speedy arrows hitting the target! Did you notice their good archery form? ???

The Folk Dancers gave a very picturesque scene—right in step and just over from Scotland! Next those graceful figures entertained—showing plenty of vim and vigor—the Beginning Dancers (Modern). . . . the take-off-ers imitated the Modern's and really exerted themselves. Could you recognize the four—Pat, Shirley, Lovey and Sis. (just wondered you know). The muddle-hubble B. Ball game certainly stirred up the humor—especially with the Crazy team and their costumes. The good team rather showed-up the bad.

Jitterbugs performed before the audience and for the finale all spectators were invited down to join the dancers.

The seven ages of woman: The infant, the little girl, the junior miss, the young woman, the young woman, the young woman, the young woman.

A sailor was asked what he did with his pay. He answered, "Part goes for liquor, part for women and the rest I spend foolishly."

## Editorial

"Remember?"—That's all that's necessary to start an hour-long conversation on the dear, dead days that are supposedly "beyond recall."—And there's certainly nothing the matter with reminiscing. However—things usually get to that point in the conversation where someone says—"Gee, I wish the good old days were back again!"

We all do it—and yet when we're running down the present dances and games in favor of those we've known before—we all realize we're having a swell time now and wouldn't miss it for the world. "This—war!"

We say to ourselves "We get all the tough breaks,"—but if you stop and think about it for a few minutes, you realize how feeble that sounds. Sure, we're getting tough breaks—but not half as tough as the ones that a lot of the fellows we know are getting.

And if you think about it for a few minutes longer—it occurs to you that we're really having a wonderful time. It's true that there aren't as many students—male or female—as there were before the war. Nevertheless, those B-Ball fellows play just as hard for you as former teams have. . . and everyone agrees that our last dance was loads of fun.

So! Come on gang! Let's not live in the past. Wake up to the present—and realize just how lucky you are! !

P. S.

Reminder from S. F.

Waiter: "All we have left is burlesque sandwiches."

Man: "What's a burlesque sandwich?"

Waiter: "It's a tomato without dressing."

## The Mail Box

QUESTION OF THE WEEK:  
 Why don't more of you girls come to the basket-ball games?

If you expect US to ask you girls to go to some of the parties, dances, etc., and to support the fun of such activities then why don't you girls come to the games and keep up our college spirit? What do you think helps US boys to play harder, try to win, and sometimes win the games?

It is you! the girls of H.S.C. up there in the bleachers cheering for us—so what if it is only a game between the high schools and service teams?

And! Pertaining to a recent edition of the Lumberjack, there was a question at the end of one of the articles—"What is Happening to Humboldt?" Well—how about you "3" telling US what is happening to HSC?

Sincerely

US.

Ed's Note: We're sorry to hear that some of you fellows feel that way about the attendance at the games—but it's pretty hard for all the students to turn out to all the games. It's easier for the Dorm gals—and fellows to turn out—and believe me—they're doing their darndest for you. Another thing—after seeing the turnout of S.F. State students at the games there—we think HSC is pretty wonderful after all!

## College Hill May Be Annexed to Arcata Limits

The Arcata Chamber of Commerce has unanimously voted to support the annexation of the College Hill district to the city of Arcata.

With much expansion and development planned at Humboldt State College, the College Hill district has asked to be taken in the city limits of Arcata. Money is being sought to purchase property East of Sequoia Street as prospective building sites for the college.

## Ramona

Big Success! That's what everyone said about the "Valentine Dance." One reason it went over so big was because all the girls looked so extra specially nice. I heard a group of sailors say they didn't know the girls of Humboldt could look so swell. That proves that we can go over big if we really try.

You fellows were all right too. I didn't see you standing around looking us up and down as has sometimes been the case in the past.

Everyone ought to be getting pretty well acquainted with all the new students now. If you don't know someone by this time, a big grin, and a cheerful "hello" would help a lot. You know, we must live up to the saying that everyone knows everyone else at HSC.

By the way, a little courtesy to the clerks in the Co-op would go a long ways. They can't wait on everyone at once. Speaking of the Co-op are you treating the furniture more gently? If you will notice, one lounge has been removed because it fell apart. It only hurts us, the students, when the furniture is defaced because when these chairs are gone—there won't be any more so take it easy!

All for now—see you in a couple of weeks with more tips on what to do when or where.

Ramona.

Have you a letter of interest from former HSC students now in the service? Send them to the Lumberjack to be printed in our with the Armed Forces column—the students and Alumni of HSC are interested in each other!

Maybe you can't shoulder a gun. But you can shoulder the price of one!

## Steppin' & Lispin'

—by—

STEBBINS &amp; LISCOM

For those who wonder what goes on during the trips taken by the various teams from our school, here is a vague idea.

We shall accentuate the trip, eliminate the basketball, and latch on to the pleasure, and don't forget the Coach, may he have mercy on our souls. Some of the boys (five to be exact) left the Dorm at 8 o'clock with Coach Mathieson, but the plans were changed slightly, due to the fact that two of the boys decided on a late breakfast. The four gentlemen traveling on the bus arrived in S. F. without mishap, except for one individual who desired to be alone and left the bus at the Seventh Street depot while he let the others continue to the Fifth Street depot.

Upon reaching their destination the boys proceeded to the hotel (?) where our team fought off thousands of autograph seekers and finally managed to reach their appointed rooms unmolested. As a hole hotel life was uneventful and it was in Redding when the team, including Marty, was entombed without bread and water for a tortuous, nerve-racking, entire, five minutes.

After an exceedingly interesting game of fine basketball, two of the local charmers (not mentioning names) discovered two Arcata belles and proceeded to paint the town red and arrived at the hotel green. Who is the queer character who wanders into hotel rooms in the wee hours of the morning, stumbles and kicks first-aid kits, grabs the Coach's leg, and who holds a lighted match in his hand to find his bed? Ask George Taylor, of course, he wouldn't know but he might be

## Valentine Dance Great Success

The Valentine Dance which was held Tuesday night, February 13 at the Arcata Women's Club from 9—12 proved to be a swell dance.

The dance was sponsored by the A.W.S., Lois Sherman being general chairman of the affair.

Orchids to the decorating committee for the swell job! Ask Sallady what happened to him on the ladder! All kidding aside kids, it was really one neat dance.

able to shed some LIGHT on the subject.

You may be interested to know that the bald-head row of the President Follies turned green and it wasn't from envy, it was from HSC WARM-UP jackets.

This trip was different in one respect, only one arrest was made. The arrest came when one of the lads crippled a poor pidgeon with a new secret weapon filled with water, tooth powder, shaving cream, hair oil, and a razor-blade. Two arrests were made on the trip to Chico, one against Don Salladay for mutilating a light pole. The second offense was against Coach Mathieson for peeking through key-holes in the Hargraves, single-breasted, press 'em yourself, next to the Vice-President Theatre, which is two blocks from the depot on Fourth Street at two dollars a room Hotel. A sad case in Redding was that of two darling youngsters on the team who crawled three flights of stairs to find the sanctity of their room, only to end up in someone else's bathroom.

Back to S. F. again. The most heart-breaking tragedy was when one of the MEN wanted to visit his parents at Fly-shaker Zoo, but the monkey cage was closed for the day. Evan Jones, a future minister, went out to St. Mary's to visit farther Back, whose sister just had triplets, the names were Jack and Jill, but the third one flew away before they could name it.

After another day of disillusionment, we hit the trail for home after having hotcakes at Bunny's Waffle Shop. We arrived at Arcata to be greeted by thousands of hillfolk from the dairy planes, who congratulated us on our twin victories. So ended our excursion to the big city which isn't so big anyway; so there too!

Upon completion of basic training, men may qualify for a variety of training schools leading to petty officer ratings. Quotas now available for enlistees who qualify are: soundman, radioman, radarman, gunner's mate, electrician's mate, water tender, pharmacist's mate, fire controlman, signalman and fireman.

Kampus Kats have decided that men are the thing to spurt up the gals Valentine Dance turned many disgusted gal's hearts over into a well satisfied one. Those couples are really taking root from the looks of things! ! You always see them—"The KANSAS Kid" and his "SWEET"—that Williams boy and his "show-girl" Marcille! Also at the dance we noticed Doris McCann doing fine with an officer. All of the girls and boys really had a super time at the dance—Marty was seen making the rounds as usual . . . Frosh did all right jitterbugging—low lights are always an incentive! ! Seen also were John and his two! !

Many of our gals received nice Valentine gifts from their men—the few we know of. . . Millie Jessee received a box of candy from the

"Sarge"—Lois Sherman received one from her Lt. (j.g.)—Pat Lehman received a V-mail Valentine from a friend. Heard Lorraine received roses from her Hubby—ahhhhh, lucky girls! !

Have you heard the latest? Jean MacMillan has really been having quite the times with an officer. Ask her about him—sometimes! ! At school JANICE giving the boys her undivided attention! !

Do all of you know about the Frosh newcomer from Palo Alto? Her name is ETHEL—have you noticed she's engaged? . . . just happened too! ! He goes to College at San Luis Obispo—made a trip this weekend to see her. Wes Norton is the man.

Heard about all those Humboldters who journeyed to San Francisco to attend the games. They really supported our team. To use that old phrase "a good time was had by all". We wonder whether Lovey went to see the game or Charlie. Heard FRANCIS WALKER and GENE GUNDERSEN

## Graves' Honored At Faculty Party

Mr. and Mrs. Edward C. Graves, who are leaving the first of April to make their home in other parts of the state, were guests of honor at a potluck dinner given by the Humboldt State college faculty last week in the college social unit.

President Arthur S. Gist spoke of the splendid work done by Graves as college librarian and presented them with a gift on behalf of the faculty.

A discussion of the Dumbarton Oaks plan was held, with Miss Lillian Hagopian presenting the plan and explaining its uses.

Liveliest of all seasons the B. Ball teams are starting after the 1-2-3—two active classes and both have what it takes. Some good prospective players among the Frosh—Franny Brizard, Doris Damgaard, Alene Beers, Mary Dolf—incidentally, they are all from Arcata Hi—the other frosh gals have never played it or haven't played for a long time. Veterans Jo Bruner, Marcille Garland, Goldie Petrovich, Sis and Sall all seen out on the floor—and what a game they do play! !

The Dorm residents are getting up a team of their own—Arcata commuters are also doing their best—the result?—extra games to be scheduled. The new Basketball manager is Carol Ann Hull. Colleen Murray, formerly elected manager, will not be here this season.

Badminton class beginning to become keen—star pair of the week was Gloria Simmerly and Elizabeth Wilson—both playing a good, fast game with plenty of those dreadful smashes.

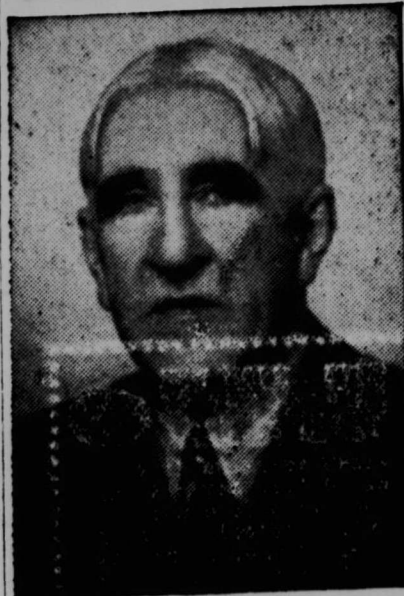

Many girls got their daily exercise last Thursday—by giving our B-Ball team a good send-off—some B. Ball enthusiasts even followed the team to San Francisco to root for the team.

A W.A.A. meeting was held last Thursday with a very good turnout.

Starting next fall only those students having at least 100 points will be eligible to join the W.A.A. Thus making the W.A.A. a better organization as far as sports are concerned.

The board was also granted the power to reduce the number of points received by players who are on the team but are absent from games or practices without

Mr. O'Brien was formerly president of the State Board of Prison Directors.

Built at a cost of \$35,000,000 the Golden Gate Bridge today serves as a vital factor in conduct of the War in addition to being an important factor in civilian and industrial transportation in California and the Pacific west.

## Vacation Days To Be Cancelled

John W. Studebaker, U. S. Commissioner of Education, recently gave his support to the recent Office of Defense Transportation request that school, colleges, and universities forego their customary spring vacations this year. "In normal times," said Commissioner Studebaker, "travelers are made very conscious of college vacation periods. Trains and busses out of and into college and boarding school centers are usually crowded at the beginning and ending of vacation periods."

The Commissioner mentioned the fact that few students are able to use their own or their parents' automobiles to get from school to their homes and back, which would mean that transportation facilities would be seriously overloaded at school and college vacation times.

"The Office of Defense Transportation," he continued, "is asking organizations to cancel their conventions, and all individuals to forego all travel not absolutely essential. In line with that spirit of reserving travel facilities for the armed forces and war needs, the Director of the Office of Defense Transportation is requesting that spring vacations be canceled in school, colleges, and universities which have any considerable numbers of students who live outside the community where the institu-

## Petersen-Calder Nuptials Held

Ellen Petersen, Humboldt State girl, became Mrs. Don Calder, Sunday afternoon at 2 o'clock in the First Presbyterian Church of Eureka. Performing the ceremony was Reverend Anderson of Eureka. Groom was Don Calder, former HSC student.

Attending the couple were Pat Wright, Humboldt State student and Sgt. Wayne Calder, brother of the groom. Out-of-town guests at the wedding were Mrs. John Petersen, the bride's mother from Los Angeles and Mr. and Mrs. Wayne Calder and three daughters, parents and sisters of the groom from Laytonville.

The bride wore a coral afternoon dress with white and black accessories. The maid of honor was lovely in an ice blue afternoon dress with black elbow-length gloves and black accessories.

The reception for the young couple, arranged by Mrs. Mathiesen of Arcata, was held at the new home of the newlyweds, 3400 K Street in Eureka. The table was beautifully decorated with a double-tiered wedding cake.

Calder, former student of Humboldt State, is a graduate of Laytonville High School and it at present employed as a Standard Station manager in Eureka.

Mrs. Calder is a graduate of Arcata High School and has been very prominent in dramatics and music at Humboldt State.

## Nelson Hall Has Strange Alarm

"Put on your shoes"—"close the windows"—"grab a towel"—were a few of the exclamations heard at the dorm one recent evening about 11 o'clock.

You guessed it—a fire drill!! And was it a surprise to everyone—including the Fire Chief!! In fact, no one seemed to be able to discover just WHO had turned it in—but we heard by way of the well known grape vine that "Snowball" has been docked \$5.00 for "breakage fee." Strange coincidence!!

tion is located.

"The request seems to be both meritorious and practical. Probably 300,000 young people will be making spring vacation trips if the usual vacation plans are carried out. I believe that these young people and their parents will be glad to make this small sacrifice."

This is the reason that the regular February 22 holiday has been cancelled at Humboldt State College.

## Future Americans

These two young club members of the Hollywood club are looking seriously to the future, learning wood turning and doing very well too—solving future American problems.

## Former Student Returns to USA

Former Humboldt State College student, Hugh M. Wilson, now a first Lieutenant in the Marine Corps has been returned from the Pacific theater of war, where he logged more than 1300 hours of combat flying as a transport pilot with the South Pacific Combat Air Transport Command.

Lieutenant Wilson, who was attached to the First Marine Air Wing, flew supplies of food, medicine and ammunition to forward areas from bases in the Southwest Pacific. He also carried wounded from combat zones to rear areas in his plane.

Wilson left Humboldt to enter flight training in February, 1942.

## Nelson Hall Has New Officers

Women residents of Nelson Hall recently elected new officers for their student government for the new semester.

## Former Students At S. F. Games

Several Humboldt Alumni were seen at the games with San Francisco State last weekend.

Rooting as ever was Gilberta Negro (Gilly, to all her fans) now teaching in the Bay area; Alice Wilkinson, also a teacher; Anne MacMillan, serving in Uncle Sam's Waves; Jimmy Morrow, United States Marines, attending the University of California and Howard "Goody" Goodwin, former HSC basketball star now in the Army.

Three little Bonds went off to war. Ten years passed and then three were Four.
