

# Beck, Jensen Chosen Woman and Man of '51

CARL JENSEN

Carol Beck and Carl Jensen were elected Woman and Man of the Year by members of the Sempervirens editorial staff at a meeting last week. Miss Beck is a junior majoring in speech and drama and minoring in English and Jensen is a senior with a major in English and a minor in social science.

Both students were chosen from the student body on the basis of their "outstanding scholarship, service to the school and community and character and personality." Their pictures will be featured in the 1951 Sempervirens and they will be awarded scrolls, symbolic of their honor, by the Sempervirens staff.

This is the second year the staff

CAROL BECK

has voted for a Man and Woman of the Year, a tradition which promises to be long-lived. Last year's honorees were Martha Lynn and Merwyn Rickey.

Miss Beck is president of Nelson Hall, active in dramatics, a member of the honorary dramatic society, Alpha Psi Omega, a member of the Sempervirens staff and the California Student Teachers Association and the Greater Humboldt Committee and the past president of the Women's Athletic Association.

Jensen is past co-editor of the Lumberjack, business manager of the Lumberjack, member of the student council, chairman of the 1950 Homecoming and member of the Greater Humboldt Committee and World Govt. Discussion group. He attended Columbia University in New York last year. This is his third year at HSC. The Woman of the Year is also in her third year at HSC.

## Wildlife Students Study Waterfowl In Humboldt Co.

Don Beauchamp, senior wildlife student has been conducting a waterfowl census on Humboldt Bay since early September.

George Turner, upper division wildlife major has been conducting a survey of hunters in the Humboldt Bay area in an effort to learn about waterfowl kill in this region.

Wes Fleming, senior wildlife student has been working on food habits of waterfowl in this area of Humboldt County in an effort to determine various values of aquatic plants. This information can be used later in improving the food conditions for waterfowl.

Bob LeDonne has been conducting the banding study which to date has about 280 birds banded. Six species of waterfowl have been banded, with mallards, pintails, and green wing teal being the bulk of the banded birds.

## Buchanan Heads Cast In "Father"

To be presented Tuesday noon, Jan. 16, in the HSC auditorium is a 25 minute reading of "The Father", which was originally a three act play by August Strindberg. Malcolm Buchanan, graduate student, will play the title role.

Other members of the cast are: mother, Evelyn Grow; preacher, Adrian Mendes; daughter, Nancy Jacobson; doctor, Craig Stark; and orderly, Tapune Ioelu. The reading is directed by Bill Nicol.

According to Dr. Don Karshner, chairman of the division of fine arts, the play's author, Strindberg, is one of the finest playwrights of our time.

## Marks and Jensen Resign Positions

At the meeting of the Student Council last evening, Charlotte Marks and Carl Jensen, editor and business manager, respectively, of the LUMBERJACK submitted their resignations.

## 17 HSC Men Leave For Duty

According to Myrtle McKittrick, registrar, seventeen men from Humboldt State College have either enlisted or have been drafted for the armed forces.

The men are Roy Brown, Robert Guthridge, Gerald Kelleher, Alfred Sousa, Charles Tosten, Gerald Commings, Ross Edwards, Thomas Freeman, Conrad Morgan, Donald Drake, Robert Thompson, Paul Lindley, David Bradburn, George Wurst, R. A. Quintrell, Thomas Slack, and Wayne Berglund.

## Siemens To Attend Bay Area Meeting

President Cornelius Siemens will attend the President's meeting in San Francisco on January 8, 9 and 10. Accompanying Dr. Siemens will be Don O'Kane, President Eureka Newspapers, Inc., as well as chairman of the Humboldt State College Advisory Board.

This is the first state-wide meeting of the Advisory Board chairmen.

While in the bay area, Dr. Siemens will interview candidates for the position of head football coach.

## FISHER, WILLIAMS TO GET MASTERS AT CHICO

According to word received from Chico State, two HSC alumni are working on M. A. degrees there. They are Max Fisher and Lois Williams.

# HUMBOLDT LUMBERJACK

WEDNESDAY, JAN. 10, 1951

## Noted Anthropologist To Talk At Assembly Today, 10:30 a. m.

Gregory Bateson, noted anthropologist, will be guest speaker at the assembly this morning in the auditorium talking about the "Psychological Difference Between English and American Cultures." Bateson will be available for an informal discussion with interested students, faculty members and the public for an hour after the assembly.

Bateson who works with the Veterans' Administration, teaches and does research into relations between psychopathology and cultural premises. He arrived here by airplane yesterday morning.

He was born in England and was educated at Cambridge University. Starting his career as a biologist, he later changed to anthropology. During the recent war he served with the American Office of Strategic Services in Ceylon and Burma where he studied the psychology of the propagandic relations with people of occupied countries.

He wrote "Naven" and co-authored "Balinese Character: A Photographic Analysis" with Dr. Margaret Mead.

## World Federalist To Speak Here

Thomas Robertson, Jr., a graduate law student at the University of Colorado and national chairman of the student division of the United World Federalists, will speak at the assembly next Wednesday, Jan. 17, in the HSC auditorium on the topic of "Can the U. N. Preserve Peace?"

Robertson proposes to answer the following questions: What will Russia do? How can the U. N. be strengthened? Is war with China inevitable? How soon will be World War III?

The United World Federalist executive will be guest speaker at other colleges this month including San Diego State college, Yuba college, and Santa Clara Union college. He says his purpose is to evoke interest in world government.

## Camera Exhibit Underway At HSC

An exhibit of photographs featuring the work of local photographers opened this week in the Humboldt State College social rooms.

Widely-known Eureka photographer Doc Wiggins, Bob Robinson, Humboldt Times photographer, and Craig Stark, Dick Cloney and Jerrold Moore, HSC students, are represented.

The first college-sponsored exhibit of local photographers is open daily from 9 a. m. to 5 p. m. to the public without charge.

## Tests Jan. 30 - 31

Tests for college aptitude, reading, mental health and vocational interest will be held January 30 and 31 in the auditorium for the new students.

According to Dr. Burton Henry, dean of men, students who have taken the tests before and would like to be retested or have missed the tests and would like to take it for guidance purposes, are welcome to do so.

A person who sings in a high voice at a bar is commonly referred to as a bartenor.

The chief occupation of the inhabitants of Perth is dying.

## Positions Open On LUMBERJACK Staff

Students interested in working on the LUMBERJACK next semester should enroll in Journalism 27 or 127, journalism laboratory. The lab carries one to three units of credit. Persons interested in enrolling in the course should see Thurston Womack, advisor to the LUMBERJACK. Many positions will be open, including editor, business manager, reporters, copyreaders, proofreaders, and headline writers.

The course offers practical experience in publishing the school paper by furnishing an opportunity to participate in the gathering, writing, and editing of school news. Prerequisite for the course is consent of the instructor, Thurston Womack.

## Dr. Ingrebritson Recalled To Active Duty

Dr. Kasper Ingrebritson, acting director of elementary education and principal of the College Elementary School, has been recalled to active duty as a captain in the U. S. Air Force.

Dr. Ingrebritson joined the HSC faculty early in 1950 as an assistant professor of education, and last summer he received his doctor's degree from Stanford University. He will report to Hamilton Field on Feb. 1.

## 1951 Sempervirens Near Completion

Over three-fourths of the work has been completed on the "Sempervirens 1951", according to John McMurrin, editor. The editorial staff is now finishing the remaining copy, due March 1, 1951.

Adrian Mendes and his business staff have now contracted for more than the amount of advertising in last year's annual and are well over the half mark toward their goal. A total of \$2,560.00 will be raised by advertising.

The last opportunity to purchase a copy of the "1951 Sempervirens" will be at spring registration. The price of the annual is \$4.00 and \$4.50 for the owner's gold engraved name on the cover. In each case, downpayment of \$1.50 will reserve a copy.

## DO YOU KNOW?

by Mrs. Helen Everett  
HSC Librarian

Librarians spend three or four hours per week sending out notices for overdue books and unpaid fines.

## HSC GRAD WINS PRIZE

Asta M. Culberg, who graduated from HSC in 1930, was a prize winner in THE INSTRUCTOR'S 1950 Travel Contest. Her manuscript is entitled "Alaska Cruise." THE INSTRUCTOR is a magazine for classroom teachers.

Dr. Hyman Palais, professor of History at Humboldt State College, attended the American Historical Convention, held in Chicago on December 27, 28 and 29.

## Northern California Field Trip For Twelve Wildlifers

About twelve upper division wildlife students under the direction of Dr. W. M. Lanphere, professor of natural sciences, and Dr. Fred A. Glover, assistant professor of natural sciences, will leave Jan. 24 for a six-day wildlife field trip.

The purpose of the trip is to acquaint the students with wildlife problems as they exist in the northern one-half of California, and to better acquaint them with the specific areas as well as practices and procedures of wildlife management.

The students plan to visit Tule Lake Federal Waterfowl Refuge, Colusa Federal Waterfowl Refuge, Madeline Plains State Wildlife Management Area, Honey Lake State Wildlife Management Area, the Doyle deerherd, Shasta Dam and Gray Lodge State Waterfowl Refuge. Dr. Glover stated that as much time as possible will be spent in the field to gain first hand knowledge of these places.

Those students planning to go on the extended field trip were Ned Dollahite, Wes Fleming, Morris Anderson, Ken Teberg, Gene Evans, Earl Loupe, Bill Monroe, Jack Spruill, and Tom Kilduff.

## Chem High Grade To Get Award

Dr. Arthur Smith, assistant professor of chemistry at Humboldt State College, announced this week that the student who receives the highest grade in Chemistry 1A will receive a copy of "A Handbook of Chemistry and Physics," a reference book used in chemistry and physics, especially in advanced courses.

This prize is being given by the Chemical Rubber Publishing Company and will be awarded at the end of the semester.

## Dr. Williams Appointed To HSC Faculty

Dr. Wayman J. Williams of Hastings, Nebraska, has received a temporary appointment for the spring semester as assistant professor education, it has been announced by President Cornelius H. Siemens.

Dr. Williams will teach courses in education and psychology. He received his doctor's degree from Stanford, his master's and bachelor's degrees from the University of Idaho.

Dr. Williams' experience includes teaching and supervisory work in public schools, curriculum director of the Great Falls, Montana, public schools, summer session teaching at Chico State College and the Colorado College of Education, and sales and editorial work with Laidlow Brothers, Chicago, textbook publishers.

## Five New Courses

5 new course will be added to the schedule of Humboldt State College for the spring semester. They consist of Psych. 80, remedial reading; Psych. 33, psychology of adjustment; Art 22, nature drawing; Art 32, sculpturing; and Sociology 109, race relations.

The U. S. now has 104 cities with populations of more than 100,000.

Perfect love is made in heaven for local consumption.

 The LUMBERJACK is published bi-weekly during the school year, except during vacation periods, holidays, and examination periods at the Arcata Union Bldg., Arcata, California. Circulation 1,000.

## MEMO

**TO: ALL LUMBERJACKS**  
**FROM: THE PRESIDENT'S OFFICE**  
**RE: THE YEAR 1951**

The Year 1951 may well be the Year of Decision - for individuals, for schools, for nations - perhaps for our present civilization. It is a time when decisions mean patriotism or sabotage, life or death, slavery or freedom, peace or war. It is a time for each of us to become very serious and to acquire an objective concern for the welfare of our way of life, our nation, our civilization. The real challenge is to find an answer, short of all-out atomic warfare which will guarantee peace for all the world.

The Year 1951 could well determine the effectiveness of the United Nations. Is it to be the instrument to resolve world tensions, or will it be only another noble experiment? Let us hope and pray that mankind need not again go through a bloodbath to learn that war benefits no nation.

The Year 1951 will force a change of plans for many students and some faculty. For the most part these changes will be involuntary - but necessary. For those entering the military, Humboldt State says, "God bless you and bring you back soon". For those who have the privilege of staying we say, "Make the most of your opportunity, education is the greatest investment you can make."

The Year 1951 is yet to be lived. Let us make the most of each day.

Cornelius H. Siemens  
 President

## Don't Shelve Mags Requests Librarian

College personnel using magazines in the HSC library have been requested by Mrs. Helen Everett, librarian, not to replace magazines on the shelves until further notice.

This request is made, said Mrs. Everett, to facilitate a survey the library staff is conducting to determine the extent to which magazines are used in the library.

The survey is being made at the request of the California State Department of Education, and its results are to be the basis of future purchases of magazines subscriptions for the college library, as well as the deciding factor in determining which magazines shall be bound and which discarded. Furthermore, Mrs. Everett stated, the survey may lead to the microfilming and filing of some magazines which are not used enough to warrant binding, but which are valuable enough to keep on file.

If the survey is to be a success, Mrs. Everett said, magazines must be left on the tables, so that members of the library staff will be able to get an exact count of the number of times magazines are taken from the shelves and used.

## THIS and THAT

Christmas spirit, New Year cheer, engagement rings and wedding bands concluded the year of 1950.

Betrothals have been announced for Anne Kavanaugh and James Mearns, assistant professor of music; Marian Wurche and Don Barkhurst; Virginia Nelson and Rus Vatnsdal, former HSC'er now stationed at Scott Field in Illinois; Joann Dobrec and Charles O'Donnell from Bellevue, Idaho.

Carl Jensen and Donna Sherman were married the day after Christmas; Viola Batt and Bob Azevedo, Pauline Nielson and Ensign Donald Jensen were also

## ON THE SHELVES

By VERNON WHALEN

### TOMBOY

By Hal Ellison

The story of a fifteen year-old girl, whose entire life revolved around the Harps, a young gang of cutthroat hoodlums, is told in this novel. You had to be tough to be a Harp, yet, tough as you were, there were always the cops, the chance of a slip, and the vague unformed fear that sooner or later something would catch up with you. This is the chronicle of what happened to the tomboy.

### JACK LONDON: AMERICAN REBEL

Edited by Philip S. Foner.

Jack London, author of THE CALL OF THE WILD, THE SEA WOLF, WHITE FANG, and other American classics probably needs no introduction to college students. This is a collection of his social writings, together with an extensive study of the man and his times.

### ON THE WISDOM OF AMERICA

By Lin Yutang

In the vein of THE IMPORTANCE OF LIVING, Lin Yutang, the Oriental philosopher, turns his pen to a discussion on American writing. Probably it is not surprising to learn that what Mr. Lin likes in American writing is not always what our critics and public have traditionally liked.

### BERNARD MYERS MODERN ART IN THE MAKING

By Bernard Myers

This book presents the story of 19th and 20th century painting as a part of the social and cultural history of our times. It describes the revolution from Neo-classicism to contemporary American painting in terms of historical forces that brought various stylistic changes into being.

Whenever a student fails to respond to three notices from the college library or is excluded from the library for failure to pay fines, a note of his negligence is

## Bouquets To HSC On "Snow Ball"

Dr. Cornelius Siemens recently received a letter from Del Thompson, manager of the Eureka Inn, complimenting HSC students on the manner in which the recent Snow Ball was conducted.

The letter read in part as follows: "... The entire group was well mannered and we enjoyed having them here. We might also say that they thoroughly polished the dining room after their activity and it has been a long time since we have had a group of young people do such a thorough job. Please express our sincere appreciation to the students, the Deans of Men and Women, and all parties connected with this delightful affair."

Dr. Burton Henry, dean of men, and Kate Buchanan, dean of women, also wish to add their congratulations to the Student Body.

## Shortage Of Dentists Due To Increase In Teeth, Scientist Says

BY A. SCIENTIST  
(As told to Vernon Whalen)

Teeth, Teeth,  
Up and beneath;  
Without you  
We could not eat.

By the age of six, I had decided to go to college.

"Mother," I said to Mother, "I have decided to go to college."

Mother smiled, with a tear in her eye.

"It is my greatest desire," I continued, "to have many rich educational experiences. Someday I hope to be a well-rounded personality."

"You want to watch that stuff, son," Mother said, with a tear in her eye. "Remember what happened to your dear father. He went to college and became a well rounded personality. He became so well-rounded, in fact, that at commencement, he was the only graduate that weighed 940 pounds."

"But, Mother," I cried, "what was good enough for Father is good enough for me."

Mention of Father always brought a tear to Mother's eye, for she had not quite consoled herself to Father's going. Father, who was a glassblower by trade, was lost in the line of duty. One day while blowing a huge jug, the air which he had blown inside the jug somehow reentered Father's mouth, bloating him to such an extent that he floated. Before he could grab on to anything, he ascended to the ceiling of the glass factory and disappeared through an open skylight. To this day mother believes there is some connection between Father and flying saucers.

"But, Mother," I said to Mother, "I've made up my mind. I will have a higher education. I will. I will."

"Now, boy," Mother said, soothing me with the back of her hand, "I will think on it as I go about my work."

It was a cold winter day and Mother was chopping wood for the bad weather that would soon be upon us. Most people, as we all know, usually chop wood at the woodpile and then bring it into the house and put in in a wood-burner behind the stove. But not Mother. She liked to be different.

Mother chopped the wood in a box behind the stove and then carried it outside to the woodpile.

"It keeps me young," she would say, her dainty barefeet making delicate prints in the snow as she made trip after trip from the box to the woodpile.

"Not only that," she would philosophize, "you save wood that way. You sure can't burn the stuff when it's out in the woodpile, covered with snow."

This crystal-clear thinking on Mother's part is what made her the fascinating creature that she was. Just living with her was a rich educational experience.

Hours went by.

"Well, son," Mother said, with a tear in her eye, "I've made up my mind. You can go to college if you have a hankering to."

The next night after supper, Mother said, "How soon can you enter college?"

"As soon as I'm twenty," I answered.

"In that case," Mother said, with a tear in her eye, "being the bus service hereabouts is none too good, you'd better start packing. While you pack, I'll fix you some hot soup and put it in an old bandana."

I went out to the woodshed and as I packed my meager belongings, I listened to the snow beating against the windows of my modest little room. My how I do hate to leave the old place, I thought, manlike.

When I had finished packing, I went back to Mother. She stood before the stove, with a tear in her eye. I went to her and kissed her gently on the cheek.

"Quite your damned slobbering," Mother said fondly, as she turned to me and handed me the

## Dr. Siemens To Speak At Workshop

"A Continuous Program of Education" will be the theme of a workshop sponsored by the elementary and secondary school administrations of Humboldt County to be held on Jan. 13 at Humboldt State College.

Principal speaker will be Dr. Cornelius H. Siemens of HSC. Representatives of the State Department of Education will be present. Plans for the workshop are under the general chairmanship of William Hall, district superintendent of the Fortuna Elementary Schools. Nine different teachers' organizations in the county will participate in the workshop.

Study groups will form to discuss (1) joint elementary-secondary curriculum coordination, (2) provisions to meet the needs of the slow learner, and (3) promotional policies and reporting to parents.

## Reclamation Agent Speaker At CU Club

Marshall Jones of the U. S. Bureau of Reclamation, was the guest speaker at a special meeting of the Conservation Unlimited Club, on Wednesday, December 12. The meeting was held in the college social rooms.

Jones discussed the present plans of the bureau to divert some of the water of the Trinity River into the Sacramento Valley. The diversion is opposed by several north coast organizations. Their position in the controversy will be explained to the club at a later meeting.

## Humboldt Students Teach In Eureka

Lee Hawkins, Donald Chestnut, and Norman Paynter, all HSC student teachers, spent a week recently observing and teaching in Eureka's Lincoln Elementary School, according to Dr. Kasper Ingebritson, director of Elementary Education.

Although all three students teachers are teaching regularly in the College Elementary School, Dr. Ingebritson stated that they visited the Eureka school for the purpose of obtaining additional teaching experience.

Together we walked to the door. She stood there as I walked down the path to the old garden gate, where I had swung to and fro as a young child. As I stood there, my six-year-old body shivering in the cold winter air, Mother spoke. What she said that day has driven me to any humble successes I might have achieved in this world.

"Son," she said, "don't you try eatin' any solids while you're away."

"But why, Mother?" I inquired in childish innocence.

"Never you mind," Mother said, with a tear in her eye, "you'll find out when you have children of your own."

It was not until years later, when I had children of my own, that I realized what Mother meant.

Any damned fool knows that a six-year-old child's teeth are milk teeth.

## Plans in Progress For New Buildings; Razing Old Ones

The preparation of the sites for the new library and science building are proceeding on schedule, according to President Cornelius Siemens.

Bids will be received for the razing of the old wooden structure. "Pop" Jenkins is making arrangements to move his house. Plans call for the areas to be cleared by March 1, with new construction beginning by March 15. In the meantime, remodeling is being rushed in the new student center and music building.

A \$15,000 allocation for the student center will provide Humboldt State College with a satisfactory and newly decorated building for its snack-bar, bookstore, student body offices, health center and a suite for Sempervirens, Lumberjack and News Bureau.

## Musical Scores In HSC Library

The college library now has a collection of books on music which approximates some 500 volumes, according to Mrs. Helen Everett, librarian. More than half of these books are music scores, including the recently issued complete works of Bach, Beethoven, and Brahms.

The library also has a small collection of recorded dramatic and literary readings, Mrs. Everett said, which may be utilized for both instructional and recreational purposes.

The growth and development of the library's music section will, in the future, Mrs. Everett stated, be based on a concerted effort on the part of the library and the music department to "round out" the collection by constant inventory of holdings and subsequent ordering based upon what is found to be lacking.

**HIGHER LEARNING IS THE THING**  
College life is the life for me,  
The college boy, he laughed;  
I run and play the live long day,  
And it keeps me from the draft.  
vgw

## Early Book on Gold Route Received Here

A book published in 1849, "Route from the Gulf of Mexico and the Lower Mississippi Valley to California and the Pacific Ocean, illustrated by a General Map and Sectional Maps: With Directions to Travelers," has just been received by the Humboldt County Historical Society, it has been announced by Dr. Hyman Palais, secretary of the society.

The book was compiled in 1849 by Robert Creuzbaur and is a guide to the California gold fields over a relatively unknown route. There are several tables of distances for guiding the travelers from one camp to the next. The type of terrain, the availability of grass and water, and the friendliness or unfriendliness of the Indians in the area are indicated. Details are given concerning best materials for clothing and tents, the best animals to take along, guns, provisions, and medicines.

Money collected for fines goes into the state treasury and the college gets no benefit from it.

## "Sweetheart" To Be Disclosed at Big Sempervirens Assembly

## Long Beach Staff Visits Humboldt

Three members of the Long Beach College staff recently spent a day at Humboldt State College interviewing members of the HSC staff. The primary purpose of the visit was to observe procedures used at HSC, since the Long Beach school is only one year old.

Those visiting the HSC campus were Francis J. Flynn, instructor, and in charge of the Long Beach State building program; David L. Bryant, dean of students; and George Hackney, business manager.

## Karshner Contributes To "Western Speech"

Dr. Don W. Karshner, associate professor of speech at Humboldt State College, assisted in the compilation of material for an article which appeared in the October issue of "Western Speech".

The article was titled, "A Study of the Importance of Speech Proficiency in Public School Teaching as Related to the Speech Curricula of Institutions Offering Teacher-Training."

Dr. Karshner is a member of the Western Speech Association Curriculum Committee which sent questionnaires to teachers and administrators in all of western states. The article was compiled from the results of the questionnaire.

Persian cats is the chief industry of Persia, hence the word "purr".

The Sempervirens Sweetheart for 1951 will be presented to the student body for the first time and will receive her crown at the annual "Sempervirens Coronation Assembly" to be held in the college auditorium Feb. 21, Jean Nichols, general chairman, has announced. Plans are underway to make the assembly the "most impressive of the year" said Miss Nichols.

The name of the Sweetheart winner will not be disclosed until she walks down the aisle during the procession. At that time last year's Sweetheart, Nancy Jacobson, will open the letter from Jon Whitcomb, famous painter of beautiful women, which will tell who has been chosen the most photogenic girl at HSC.

James Conner will be in charge of lighting and all stage arrangements, while Janice Bertolini will be in charge of decorations. Carol Beck will assist with the program and house managers will be Bob Olsen and Rebecca Balabanis.

The theory of evolution was greatly objected to because it made men think.

## OAKLAND BLUE 'N' GOLD OUTSCORE HSC LUMBERJACKS 107 - 72 IN EXHIBITION

Pouring points through a red-hot hoop at a spectacular rate, the Oakland Blue 'n' Gold Nuggets downed Humboldt State 107 to 72 in a scoring marathon played in the Eureka high gym Sunday night.

The Nuggets, undefeated and apparently headed for an AAU title in 1951 after finishing second in the 1950 National tourney, never were headed, toying with the Lumberjacks at times, while amazing a big crowd with their court exploits.

Bon Barksdale, 6 foot 6 inch forward All-American for five straight years, put on a one-man show in scoring 30 points, 28 for the Nuggets and 2 for Humboldt. His teammates, three time All-American guard Dave Minor was right behind with 27 markers.

Every member of the Nugget traveling squad scored at least 10 points.

Not to be left far behind in the scoring department, Humboldt's Ken Dunaway racked up 24 points continuing his high average, follows by Caesar Fiamma with 18 points.

HUMBOLDT STATE				
Player	FG	FT	PF	Pts.
Dunaway	12	0	4	24
Oliver	0	0	0	0
Betz	1	0	1	2
Fredericks	3	1	1	7
Matthews	1	0	0	2
Fiamma	9	0	1	18
Ioelu	0	0	0	0
Allen	1	0	2	2
Greene	0	1	1	1
Dana	0	0	0	0
Harshman	7	0	0	14
Barksdale *	1	0	0	2

## Cal Poly Eliminates Humboldt State From LA Tourney

Hampered by a lack of experienced reserves, Humboldt State college dropped a 66 to 62 verdict to Cal Poly of San Dimas, eliminating the Lumberjacks from the first annual California State college basketball tournament, held in Los Angeles December 19-21. Sacramento State's powerful Hornets swamped the Lumberjacks 73 to 35 in the first game of the tourney.

Six Humboldt players left the game on fouls during the game, which ended without a single eligible Humbolter on the bench. The game set a new tournament record, with 61 personal fouls being called, 37 on Humboldt, although the game was not rough.

Ken Dunaway, senior Lumberjack forward poured 28 points through the hoop to set a tournament scoring record, sinking 12 field goals and four free throws.

Humboldt started out fast, holding a 5 to 2 lead with one minute gone, on set shots by Ron Fredericks and Ken Dunaway, but Cal Poly slowly pulled up, going ahead midway in the first half. The lead changed hands 10 times in the first half. Cal Poly held a 34 to 33 halftime lead after a wild first half.

The Broncos widened the gap to three points just after halftime, and held it while player after player on the Lumberjack squad were whistled out of the game.

The Lumberjacks went ahead, however, with 5 minutes to go when Ron Fredericks sinking a set shot to erase the Cal Poly lead. With Humboldt's last five eligible players in the game, the Broncos forged ahead to win by four points.

### BOX SCORE

# SPORTS

## IT SAYS HERE

..... in fine print

By CRAIG STARK, Lumberjack Sports Editor

It ain't necessarily so, but don't be too surprised if Humboldt State drops or curtails basketball this year. At the rate that players have been dropping out to enlist, or to wait for the draft, Humboldt's reserve-thin team is going to suffer and badly.

Several have joined, including Ron Fredericks, high scoring forward who is one of the most promising of a promising crop of sophomores who carry the bulk of the load for Humboldt's greenies.

A few more switching to Uncle Sam's team would mean finish to Humboldt's none-too-bright outlook as of now. Not that it will make too much difference to the male population of HSC, because they are also planning on some sort of military occupation in the near future.

The Sports World hasn't felt the pinch of the draft nationally as yet, but every sportswriter with a whole finger to type with has been wondering in print what the affect will be, especially on professional sports. There's no doubt as to the affect on collegiate sports. There won't be any, outside of schools that have military training departments. If the world situation maintains its status quo, it may resume within a few years, with students returning from an army hitch, and again, it may not.

Professional athletics, relying, as it does, on somewhat older players, will probably take over nearly all of the sports spotlight, until and if the draft age limit is raised.

Smaller schools, like Humboldt, will be virtually wiped out, if the draft hits full strength. If they're lucky, the small schools may retain enough manpower to battle the local high schools on even terms, if that.

\* \*

Away to the lighter side of things, 1950's funniest basketball incident was reported by the Sporting News as a game in the Georgia State high school basketball tournament. Already behind in the half by twenty points, a Georgia high school coach gave up all hopes of winning and sent in a new center to jump against the leading team's center, a 6 foot 5 inch, and all-state to boot. The new opposition center was the team's mascot, a 14 year old freshman who stood less than four feet tall and whose jersey number read 1/3.

## Women's PE Class Wins Volleyball Tilt

Playing the best women's volleyball seen this year, the 1:00 section of freshman women's physical activities trounced the 9:00 team 34 to 11 last Tuesday noon in the gym.

Lois Miller, captain of the winning squad, led her team to victory with her outstanding front line smashing ability. Members of Miss Miller's team were Jean Nichols, June Stewart, Wanda Brown, Barbara Woods, Merlene Dunn, Betty Lewis, Barbara Kring, Joyce Flynton, Donna Slater and Bernice Helm.

Claire Edwards, former Arcata High ace, headed the losing 9:00 team which was composed of Donna Cole, Joan Murdock, Mary Jo Dunlap, Donna Pope, Dolores Pope, Arlis Oman, Katherine Walsh and Peggy Hunt.

Officials were Irma Watts, president of WAA, and Kay Gott, gym instructor. Scorer was Beverly Bartlett. High point player was Jean Nichols.

## Siemens Attends State College Meet

Dr. Cornelius H. Siemens, president of Humboldt State College, attended a meeting of the California State College presidents at the California Maritime Academy near Vallejo last December 11 and 12.

The fine system is not a local one dreamed up by the library staff to annoy you, but is a set of regulations drawn up by the California State Department of Education and enforced in all of the California state colleges.

You can save hours of valuable time, save yourselves much money, and give your fellow students a chance to use books they may need by returning or renewing books on the dates they are due.
