ANNUAL AWS-SPONSORED MOTHER'S DAY TEA STARTS AT 1:30 TOMORROW AFTERNOON

Wearing dresses they will model tomorrow at the Mother's Day Tea fashion show are left to right: Dolores Pope, Joann Pellegrini, Marion Etter, Donna Pope. The girls are posing at the entrance to the College Elementary School.

JENSEN NAMED AD MANAGER; TO CONSOLIDATE AD PROGRAM

Standard Editorial Lauds Senior Day

An editorial entitled "Campus Demonstration" appeared in the Humboldt Standard last week, discussing the HSC Senior Day. The Standard termed the experiment "highly significant in that it fills a deficiency that undoubtedly has had its effect upon enrollment in and support of the college itself in the past." The editorial noted that "it is strange that Humboldt State college should be perhaps better known in some other parts of the state than in the immediate region."

The article further noted that "Humboldt State, along with other institutions of the kind in California, offers the local student from the local area the same facilities and advantages that are to be found in the basic courses of the average university—here at home in Humboldt. It is gratifying to note that this apparently is being emphasized in activities such as "Senior Day," whereby prospective collegians are afforded first hand opportunity to observe and not these facilities and advantages for themselves.

Reviewer Praises HSC Alumnus' Art Exhibit in South

Don Williams, former HSC art student, recently presented an exhibit of his paintings and sculpture in Pacific Palisades, according to word received by the college art department.

Reviewer Joseph William Hull, assistant professor of art at UCLA said, "The whole of the exhibit reflects the promise of this young American artist. . . . There is a sparkling crispness, a pleasing spontaneity, in his watercolor technique, showing skillful control of this difficult medium."

Williams received his A. B. degree in art at HSC, working under Professors Reese Bullen and Melvin Schuler, and left the college at mid-year to return to the service in the merchant marine.

The reviewer described Williams as "handsome, clean-cut, healthy specimen of the up-and-coming young American painter."

Men have to kiss women—it's the only way they can get them to shut up!

S.S. Test to be Given July 12

An announcement was received recently by Dr. Burton Henry, dean of men, that a new date, Thursday, July 12, has been set for the Selective Service College Qualification Test. This time was arranged only for those registrants whose religious affiliations prevent their taking the test on a Saturday.

The other dates on which tests will be given at H. S. C. are May 26, June 16, and June 30, all on Saturdays.

Since it is not known yet how many men will apply for the new date, July 12, it will not be possible for the Educational Testing Service to determine the final center list for the Thursday test until about May 20.

Dr. Henry said the local draft board now has application blanks for those who want to take the test.

CLASS HOLDS POTLUCK

The Home Nursing class of Humboldt State College held a potluck dinner in the social unit Sunday evening, April 29. Emily Whalen under the supervision of Mrs. Ruth Shelton was in charge of entertainment and decorations.

Fashion Show to Highlight Program

Tomorrow afternoon the annual Mother's Day Tea will be held at 1:30. Mothers of all students are invited. The tea is sponsored by the Associated Women Students whose president, Jean Heise, is also general chairman of the affair. Martha Lynn is chairman of the tea.

To be presented in conjunction with the tea is a fashion show sponsored by the Home Economics Club. Pat McKinnon is chairman of the fashion show. Mary Ellen Rogers will act as commentator.

MODELS NAMED

Girls from the advanced and first year sewing classes taught by Mrs. Thelma Graves will model clothes they have made in the fashion show. Peggy Hunt, Joann Pellegrini, Doris Romanini, Rebecca Balabanis, Dolores Pope, Donna Pope, Mrs. Ross Dodge, Mrs. Joseph Forbes, Marion Etter, Mrs. James Palmer, Jean Heise, Louise Owens, Arlis Oman, LaRae Groves, Nancy Cox, Pat McKinnon, Alice Verret, Mrs. Lois Carr and her daughter, Lorraine, will model costumes.

Skirts and blouses, pajamas, tailored dresses, afternoon dresses, play clothes, campus wear, children's garments, suits, coats and formals will be shown.

COMMITTEE CHAIRMEN

Committee chairmen for the tea are: food - Carol Beck, hostess - Marion Wurche, invitations - Beverly Bradford, program - Charlotte Marks, floral baskets - Nellyne Smith, tea table - Marcia Bartlett, serving - Jo Robinson, decorations - Beverly Bartlett, clean up - Martha Lynn.

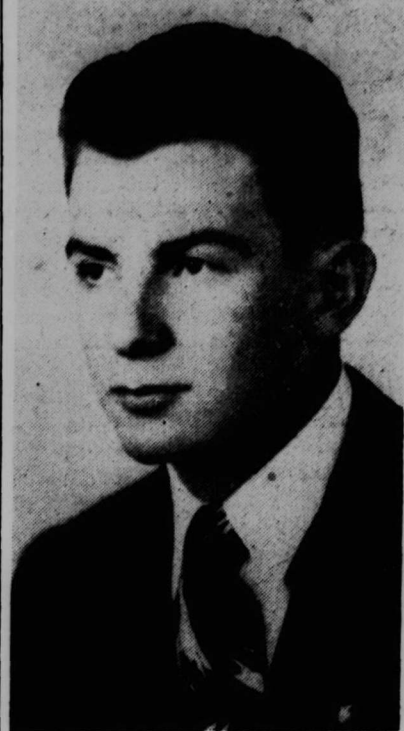

HSC Gets Special Speech Credential

HSC was recently accredited by the State Department of Education to grant a special credential for the correction of speech defects.

This program requires 12 units of work in techniques of normal speech, mental hygiene, speech defects and disorders, speech correction, directed teaching in speech correction, and problems in the teaching of speech correction.

Many experienced elementary secondary school teachers will find it possible to qualify for this special credential by taking less than the required units in the above fields because their previous training has included some of these courses.

"T" Party Triumphs In A. S. B. Vote; Stebbins Wins Presidency

Bryant Named Prexy of New Rifle Club

The Humboldt State College Rifle Club has recently been organized with Maurice Hicklin as faculty advisor. The club at present has 37 prospective members with membership open to anyone who is interested in range and sport shooting.

Tuesday, April 17, the prospective members were called together, officers elected and constitution committee appointed. Elected officers were: president -- Keith Bryant, vice-president -- Frank Pike, secretary -- Gene Evans, treasurer -- Keith Sharpe, chairman of constitution committee -- Jim Yoakum.

The club is striving to be affiliated with the National Rifle Club to promote better sportsmanship. The first meeting will be held with the Eureka Rifle Club May 5 at the Eureka Rifle Club range. All students are welcome to attend.

First Section of Library Scheduled To be Built in '51

Bids Open Today

Humboldt State College's long anticipated new library building is about to become a reality. The first section of the building located just south of the administration building is to be built in 1951. It includes attractive modern reading rooms looking out across the bay, a large quiet reserve book and study room, a number of small studies in the book stacks where graduate students and faculty may do research work, and office and work rooms for the staff.

A special feature is an audio-visual room where films may be shown, records played, or art exhibits displayed. All of the rooms will be sound proofed and equipped with modern furnishings.

The building is planned to allow for expansion of book stacks and the addition of other rooms without major remodeling, as the college grows and the book collection increases in size.

Accident Spurs Fence-Building At the Village

Residents of Humboldt Village spurred by a recent accident are building a fence to insure the safety of the many children of the thirty families which are living there. The project was organized by village residents George Wildridge and Don Stephens. Various Arcata merchants and mills contributed materials for the fence with the villagers contributing the labor. The villagers have turned out in force the last two weeks to construct the fence.

A village party was held last Saturday night in which the cause of the new fence was put forth and the old fence burned.

Contributors of fence materials were: California Fabricators, Arcata Building Supply and Mill Works, Seely and Titlow Co., California Barrel Co., Arcata Redwood Co., A. H. Christie Lumber Co. and Twin Parks Lumber Mill.

Making almost a clean sweep in last week's student body election, the Humboldt "T" Party (T for Toads and T for (You) placed seven candidates in office out of eight openings. Francis "Toads" Stebbins won by a majority of 202 votes of League of 500 candidate Jim Edwards.

The ballot tally was: vice president -- Leonard Cook, 104; Jim Yoakum, 125; secretary -- Alice Stockoff, 120; Charlie Morrell, 104; treasurer -- Pat Ball, 216; Pauline Domogalla, 120; Pat Spellenberg, 137; Men Council members (two positions) -- Bob Allen, 124; Roland "Fuzzy" Lampella, 91; Ray Lorenzen, 97; Adrian Mendes, 145.

LOVE LEAGUER

The lone League of 500 winner was Bob Allen, a sophomore, running for male councilmember. The "T" party candidates who succeeded were Stebbins, Yoakum, Miss Stockhoff, Miss Ball, Miss Domogalla, Miss Spellenberg, and Mendes.

A vote of 222 to 4 was obtained in favor of purchasing the new fountain for the student union.

Knights Affiliate Formed at HSC

A new, and as yet unnamed, girl's club has been formed at HSC. Officers were elected at a meeting Tuesday, but the returns were not available for publication at this time.

Some twenty girls are members of the club, which is an affiliate of the International Knights, whose local group is the Yurok Chapter.

The girls were selected for membership by means of a questionnaire put out by the local Knights. The club members have already started their service work by helping the Greater Humboldt Committee with Senior Day.

Student Body Cards Hashed Out in April 25 Assembly

At the assembly Wednesday, April 25, Adrian Mendes, Carl Jensen, "Toads" Stebbins and Howard Corbin discussed the issue "Should Student Body Cards be Compulsory?" Mendes and Jensen represented the pro and Stebbins and Corbin argued for the con side. Merwyn Rickey, ASB president, acted as moderator.

On the pro side, the points brought forth were: compulsory cards are not undemocratic since the federal and state governments use the same method to gain revenue through taxation, California and Texas are the only states in the U. S. whose state colleges do not have compulsory student body cards and most California state colleges have voted in favor of them, lack of revenue may cause the student body to discontinue many extracurricular activities now offered, some students who do not own cards are benefiting from student body projects paid for by other students.

Points mentioned by Stebbins and Corbin for the con side were: students should not be coerced into buying a student body card because this is undemocratic, they should all buy cards voluntarily, some students cannot afford to buy a student body card.

A heated discussion with the students who attended the assembly participating was held. A standing vote was taken. The results were 49 to 30 against the compulsory student body card bill, which is now before the state legislature. The results of this vote were sent to the legislature.

Most California state colleges have favored the bill in polls taken on their campuses.

Desrosiers Gets Alaska Position

Roland Desrosiers, a fisheries major at Humboldt State College, who is tentatively scheduled to graduate in June, will leave for Alaska about May 16 to assume his duties as assistant to T. F. Smith of the United States Fish and Wildlife Service for stream survey work during the summer.

Desrosiers has been a student at Humboldt State College for the past two and one half years and plans to return next fall to do some graduate work.

Wife to husband stewing over bills—"Well, have you thought of earning beyond our means?"

DR. C. H. SIEMENS OFFICIALLY BECOMES HUMBOLDT STATE HEAD IN GYMNASIUM THIS MORNING

Today marks a turning point in HSC history as the college swings into the second day of a two-day celebration for the inauguration of the new president, Dr. Cornelius H. Siemens. The official inauguration ceremony will be held this morning at 10:30 in the gymnasium. Dr. Robert C. Sproul, president of the University of California, will be the featured speaker.

The Inauguration Ball last night in the Louisiana Room of the Eureka Inn climaxed yesterday's entertainment. There was an alumni reception and the inaugural banquet also held at the Eureka Inn.

Today's activities include the inauguration ceremony, a luncheon at 12:30 in Nelson Hall, a tea at the Siemens home starting at 3:00 this afternoon, and a concert in the college auditorium at 8:15 this evening. The Humboldt Little Symphony will perform under the direction of Charles Fulkerson, assistant professor of music.

Thirty western colleges and universities will be represented at the inauguration ceremony. In honor of Dr. Siemens, the state college presidents held their regular meeting on the HSC campus Wednesday and Thursday and remained for the ceremony today.

Many local persons have been designated by their alma maters to be their representatives in the academic procession preceding the inaugural ceremony. Emory F. Mitchell, Eureka attorney, will represent Stanford; Fred P. Coleman, Eureka, Reed Institute; Mrs. Kathryn L. Corbett, Eureka, University of Redlands; Mrs. Loren Bishop, Eureka, Pomona College; and Dr. S. A. Fuller, Arcata, Washington State College. Mrs. Myrtle A. Kittick, HSC registrar, has been designated by Willamette University; Dr. Burton Henry by the University of Southern California; Dr. Joseph Forbes by Occidental College; and Dr. Stanley Spaid by the University of Oregon.

Other institutions sending delegates are Balboa University, California College of Arts and Crafts, Chapman College, Oregon College of Education, Southern Oregon College of Education, Whittier College, University of California at Berkeley, U. C. at Santa Barbara, Riverside, Davis, and Los Angeles; and Golden Gate College.

Dr. Siemens arrived in Arcata last July when he first took office. Previous to coming to HSC he was president of Compton Junior College at Compton, California.

He received his A. A. degree in mathematics at Bakersfield Junior College and then got his A. B. and M. A. degrees in mathematics and physics at the University of California at Berkeley where he was later awarded a Ph. D. in school administration. He has had wide experience as a university professor of mathematics and education. During World War II he served as Education Consultant in Aviation Training for the U. S. Department of Commerce.

When a student at the University of California Dr. Siemens was active in athletics and class work and also won membership to Phi Beta Kappa, Phi Delta Kappa, Pi Mu Epsilon and Cum Laude in mathematics.

He has contributed to literature by publishing five University of California extension correspondence course text books. He published fifteen articles from 1941 to 1948 in "California Journal of Secondary Education," "School and Society," "Junior College Journal," "Journal of Engineering Education," "Washington State Curriculum Journal," "Social Education," "Journal of Experimental Education."

Dr. Siemens and his wife have two children, Joan and Ronald. **BALABANIS CHAIRMAN** The man responsible for the planning of everything in connection with the inauguration was Dr. Homer Balabanis, chairman.

CU to Hold Annual Bar-B-Q

On the agenda for Conservation Unlimited meetings now is the annual Bar-B-Q which will be held May 13. Only members of the C. U. may attend the Bar-B-Q.

The club holds bi-monthly Wednesday evening meetings in Hut 8. Fifty-five HSC forestry, wildlife and fisheries students belong to the organization. The meetings feature movies and speakers in the field of conservation. Refreshments are served.

Beck Voted Head Of Newly-Formed Drama Club

Twenty-five college students were present in John Van Duzer's home last Thursday for the purpose of forming a drama club which will be open to anyone interested in drama regardless of his major interest. Jerry Beck, a freshman, was elected charter president of the club.

Jean Masters, president of Alpha Psi Omega, welcomed the students and got the meeting underway. Carol Beck, Van Duzer and Dr. Don Karshner spoke to the charter members.

OTHER OFFICERS

The club's first activity will be a picnic at Willow Creek tomorrow. Other officers elected at the meeting were: Betty Walter, vice president; Barbara Hackett, secretary; and Harriet Sakai, treasurer. It was decided that the club would meet the second and fourth Tuesdays of each month at 7:30 p. m. in Van Duzer's home. After the meeting refreshments were served.

College Advisory Board Formally Installed Today

The Humboldt State College Advisory Board of ten business and professional leaders from Humboldt and Del Norte Counties will be formally installed at the inauguration of HSC's new president, Dr. Cornelius H. Siemens, today.

The new board was appointed upon the recommendation of President Siemens by the State Department of Education. They are Don O'Kane, chairman, Charles R. Barnum, J. J. Krohn, Chester W. Connick, Dr. Vernon L. Hunt, Gordon Manary, Robert Matthews, Edward Goodwin, Harold O. Robertson, and Henry Westbrook. Edward Goodwin and Dr. Siemens were elected vice-chairman and executive secretary, respectively.

The Advisory Board has taken an active interest in obtaining 50 new scholarships for the college and augmenting the student loan fund by at least \$1000. Dr. Vernon L. Hunt is chairman of the scholarship committee. The board has also undertaken a strong program for providing the college athletic program with those essential activities that cannot be financed by the student body or by the State. These include such items as a training table for the athletes, baseball uniforms, and travel expenses in sports where there is no source of income.

At a recent meeting Chairman O'Kane reported that a large number of individual and business firms have responded most favorably in support of the program sponsored by the Advisory Board.

Big Plans for All-School Picnic

Leonard Cook, president of the sophomore class, is in charge of the forthcoming All-School Picnic, to be held May 23 at Camp Bauer. Cook promises a "bigger and better" day for all the students and faculty.

There will be a faculty and alumni show. The alumni show will be directed by Dayton Murray, Eureka businessman.

According to the committee in charge, transportation will be provided to the camp grounds.

The picnic plan will follow the plan laid out last year with some new additions. There will be a double serving of food, it was said. All the facilities and food will be free to student body members. There will be a story telling hour and possibly pony rides for the young ones at the picnic.

BUCHANAN ADVISES

Miss Kate Buchanan is the faculty advisor. Chairman of the various committees are: general, Leonard Cook; concessions, Jim Yoakum; food, Bob Titlow and Donna Jensen; athletic games, Bob Syvertson; advertising, Betty Walter; arrangements, Ray Lorenzen. All committee members are chosen from the sophomores.

New Scholarship Fund Founded

Paul A. Brizard, president of Brizard's of Arcata, has established a scholarship fund of \$1,000 for Humboldt State College students. It was announced this week by the president's office.

The fund will be used to establish \$100 scholarships and will be dedicated to Brizard's late wife. The fund will be designated the Nelle Newby Brizard Memorial Scholarship.

Paul A. Brizard is the brother of Henry F. Brizard, for whom Mrs. Henry F. Brizard established a scholarship several years ago. One of the first stores in Arcata.

Humboldt State College has received many new scholarships recently through the efforts of the Scholarship Committee of the College Advisory Board.

Dr. Vernon L. Hunt, chairman of the committee, has stated that the scholarship drive will end on May 1.

Mrs. Myrtle McKittick, registrar, is now receiving scholarship applications from students. Awards will be announced June 8 at commencement.

NEW PROPERTY CLERK

Thomas Wright, Humboldt State College student, has succeeded Herbert Doss as college property clerk. Wright assumed his duties March 30.

Our New President...

Only once in every generation does a college have the privilege of inaugurating a new president. But in a sense our new president is no longer new. Since last July when Cornelius H. Siemens took office, Humboldt State College has changed. At the first student body meeting of the year, Dr. Siemens said that he was an optimistic realist, that he saw an important future for Humboldt State College. Already he has made his mark upon the college. He vigorously went to work on perfecting the master development plan. Construction will begin immediately on the new library and biological sciences buildings. A building plan covering the next fifteen years has been perfected and approved through Dr. Siemens' far-sightedness.

We students, more than anyone else, realize how great have been the changes for us. Although "temporary", the new coop and student union is beautiful and functions enough to grace any college campus thanks to our president's efforts.

Alumni and friends and citizens visit the college and are delighted with the face-lifting job done on the main building. They are amazed at what redecoration and new equipment have done to the auditorium.

One of the most important aspects of Humboldt's new era is the renewed interest of the community in the college. Dr. Siemens' appointment of the Advisory Board of important community leaders has strengthened the position of the college as a community and regional institution. This spring's successful scholarship drive of the Advisory Board has indicated that group's interest in Humboldt's welfare.

To you, Dr. Siemens, we offer our vote of confidence. May we take this opportunity to give you our expression of thanks for making HSC hum again. May we say that we are glad that you chose to come to Humboldt State instead of some other college. May you have no regrets for your decision.

Above all, may the years ahead bring you the satisfaction that a job well done is sure to bring.

On Senior Day....

The 250 high school seniors who attended the Senior Day held April 20 here at HSC left with a real knowledge of what college life is like. We venture to say that many of them who were undecided as to which college they would enroll in next fall decided that Humboldt is a pretty swell place to be. Again, hats off to the Greater Humboldt Committee and particularly to John McMurran and Polly Domogalla who worked so hard to make the day a success. Let's hope that Senior Day will become an annual affair.

A Pat On The Back...

To the Rally Committee for setting a wonderful example of the true Humboldt spirit. With a meager six or seven loyal members left, the committee has undertaken numerous projects this semester and completed them SUCCESSFULLY!! An example was the highly entertaining Student Union opening, the baseball rally held recently, the Student Body card sales rally without which the campaign would not have gone over. These energetic students are still planning more activities to generate pep on the campus. Let's give them and their chairman, Claire Calentine, a big hand --- they're real trouper!

Titlow, Dolf, Pitlock to Star In Forthcoming H.M.S. Pinafore

Gilbert and Sullivan Comic Opera Set May 17, 18, 19

By JEAN STEPHENS

The curtain will go up in the HSC auditorium at 8:15 p. m. on the nautical Gilbert and Sullivan comic opera, H.M.S. Pinafore, which is being presented by the choir in conjunction with the dramatics department on May 17, 18 and 19.

The cast will include Bob Titlow as Sir Joseph Porter, Bill Crane as Capt. Corcoran, Dewey Dolf as Ralph Rackstraw, Jim Roscoe as Dick Deadeye, Roger Smith as Boatswain, Jerry Beck as Boatswain's mate Shirley Pitlock as Josephine, Yvonne Morrison as Hebe, and Ella Guthridge as Little Buttercup.

Directing the opera are Leland Barlow and Rod Shepherd and Charles Fulkerson, members of the faculty. Work on the stage sets has proceeded under the supervision of John Van Duzer.

Student body cards will be honored and card holders are advised to get reserve tickets at the Student Body Office early.

SPEAKS AT HIGH SCHOOL

Dr. Reginald L. White, professor of English at Humboldt State College, spoke recently to the class in Problems of American Democracy at the Eureka Senior High School. The class is under the direction of Miss Ruth Brown.

Dr. White, who was director of education and guidance at San Quentin Prison before coming to HSC, spoke on education and guidance in prisons.

HSC Students Answer Questions Concerning Marriage and Dating

Stan Kenton to Appear in Eureka

STAN KENTON

Stan Kenton, and his "Artistry in Rhythm" musicrew of twenty-five musicians and entertainers, will bow in at the Municipal Auditorium in Eureka on Wednesday, May 9. They will appear just one night for a dance and show.

Student discounts for those with student body cards will hit a new low price of \$1.00 plus tax. They can be purchased at most music stores in Eureka.

"What is the penalty for bigamy?"
 "Two mothers-in-law."

By Bihler

Must a girl pet on dates to be popular with boys? According to a poll taken last week by some forty HSC students, the answer is not. Eighty-one per cent of the boys who filled out the questionnaire said a girl need not neck on a date to be popular; 19 percent said "only with some boys". The girls said no by a majority of 47 percent, 16 percent said yes and 37 per cent said "only with some boys".

The poll was administered by Bill Crane, an upper division student, who is taking the course, The Family, sociology 160, which Mrs. Shirley Thompson teaches. In lieu of writing a term paper Crane decided to make out a questionnaire to find out what Humboldt students think about dating and marriage.

Crane noted that most students thought young people should not have sexual relations before they make up their minds whom they will marry. Five per cent of those taking the poll said they might, 23 per cent said they should not, and 10 per cent couldn't answer. In answer to the question "should young people have sexual relations if they are engaged?", 53 per cent said they should not, 35 per cent said they might, 12 per cent could not answer and no-one thought they should. Women were more strongly opposed to premarital relations than men.

It was discovered that almost everyone thought that men should help their wives with the housework if the wives work or attend school. Many favored helping the little woman even if she didn't have another job. Of the few that opposed, 78 per cent were single.

Crane discovered that the single people who took the questionnaire had less democratic attitudes toward marriage, indicating that "single people have an adjustment to make when they get married and they could profit by thinking about it now."

Some of the other questions asked and their answers were:

Would you marry someone who had premarital sexual relations with someone else? Girls - 60 per cent would not; boys - 40 per cent would not. There was even more opposition to this than to marrying someone of a different religious faith and much more than to marrying someone "decidedly not good looking".

Would you marry a person who would not have children? Thirty-five percent would. Almost nobody would marry a person with an "unattractive disposition and personality".

Do you think women who have outside jobs have a better time than those who are just housewives? Fifty-seven per cent of the girls thought the housekeepers had a better time. Most men were undecided, but 45 per cent indicated they thought the housekeeper had the more interesting time.

Would you want sex facts taught your children in school? Yes - 57 per cent; some - 40 per cent; no - 3 per cent. Would you want proper sex attitudes and behavior taught them in school? Yes 62½ per cent; some - 25 per cent; no - 12½ per cent. Almost everyone said they would teach their children sex facts and behavior in their homes.

For what reasons would you get married? Men say they would choose married life mostly for companionship, sex satisfaction, and love. Women want love, companionship, children, and home life.

While most college students attend church very seldom, many of them attended during high school. They seem fairly well convinced of the worth of having children go to Sunday School and church. In answer to a question, 57.5 per cent said they would have their children baptized and 75 per cent wrote that they would have their children attend Sunday School and-or church. Sixty-six per cent said they would have prayer in their homes and 34 per cent said they would not.

How important is it to be popular to get a mate? Would you be likely to marry one of the more popular members of the opposite sex? Boys say yes - 30 per cent, and no - 45 percent. Thirty-seven percent of the girls say yes and 62 per cent say no.

Crane noted that married women seem to have more understanding of the difficulties of a man's life than single women. Forty per cent of the single women say men's life is more interesting than women's. Only 14 per cent of the married women think a man's life is more interesting. These are not the complete figures for everyone who took the

Students Attend Model U.N. Meeting On Stanford Campus

Wildlifers Take To the Air DeWitt, Cranic Over KIEM This Afternoon

John De Witt, assistant professor of biological science, and Joe Cranic, publicity manager of fisheries and wildlife, will speak on "Fish Management" over KIEM at 7:15 tonight. This program is one in a series of thirteen produced by the Greater Humboldt Committee. The last program will be broadcast June 8.

OTHER SHOWS

The programs which have already been given are:

1. President Siemens spoke on "New Era of Humboldt", the building program, the advisory board and the athletic program.
2. Dr. Christensen and Mr. Garrison of the draft board in Eureka, spoke on "The Military Status of the College Student".
3. Dr. Don Karshner, Gene Masters, Jerry Beck and Carol Beck spoke on the "Division of Applied Arts".
4. Mr. Hickman, assistant professor of economics, and Merwyn Rickey, president of the student body, discussed "Student Activities and Affairs".

5. Phil Sarboe, coach, and Joe Forbes, associate professor of physical education, talked on "Physical Education Training".

6. Dr. Spaid, assistant professor of history, John McMurran, Kay Gott and Marianne Merrick discussed "Senior Day and Play Day".

7. Dr. Glover, assistant professor of biological sciences, and Wes Fleming spoke on "Wildlife Management".

8. Ken Laudenschlager, president of the California Student Teachers Association, and Les Jones, radio series chairman, talked about the inaugural ceremonies which are being held now. Laudenschlager also gave a short talk on the history of Humboldt.

Five students returned Sunday from Stanford University where they represented Humboldt State College at the First Western College Conference for United Nations Affairs. Those representing Humboldt, held April 26, 27, and 28, were Merwyn Rickey, Charlotte Marks, Wesley Fleming, Mr. and Mrs. Carl Jensen.

Dr. Ralph Bunche, of the United Nations and Nobel Peace Prize winner of 1950, was the president of the general assembly. One of the featured speakers was Dr. Clark Elcheberger of the American Association for the United Nations.

DISCUSS KOREA

One of the major problems in world peace which received much discussion was that of the Korean situation. Another problem discussed was the MacArthur problem. Yugoslavia was also a topic of discussion.

An emergency surprise situation

\$400,000 Library to Be Constructed Next Fall

The long anticipated new library building is about to become a reality. The first section of the building, located just south of the administration building, is to be built in 1951. Bids were released today for the construction of the \$400,000.00 building.

It will include an attractive modern reading room looking out across the bay, a large, quiet reserve book and study room, a number of small studies in the book stacks where graduate students and faculty may do research, and office and work rooms for the staff.

A special feature will be the audio-visual room where films may be shown, records played, or art exhibits displayed. All of the rooms will be sound-proofed and equipped with modern furnishings.

The building is planned to allow for expansion of book stacks and the addition of other rooms, without major remodeling, as the college grows and the book collection increases in size.

was simulated which necessitated emergency United Nations action and which created an atmosphere very similar to the real United Nations in New York.

All the delegates, representing some 60 colleges and universities on the Pacific Coast, were divided into the various organs of the U. N. Some of the more important of which were the General Assembly, Security Council, Social and Economic Council.

40 NATIONS ATTEND

Foreign students of over forty nations attended the seminar with the delegations. Humboldt's delegation met some of these foreign students at the foreign student reception held during the conference.

Each delegation which had five or more delegates was entitled to represent a nation. Humboldt was the pseudo representative of Bolivia. Some delegates spoke in the "native" language and there was consecutive interpretation by the Stanford "secretariat" some of them Stanford foreign students.

PLAN DISCUSSION

The Humboldt delegation plans a panel discussion which will be held in the near future. The group will attempt to convey its impressions of the United Nations in action to the college and community. The HSC delegates drove to Stanford by private car and were financed by local businessmen.

Humboldt State To Play Scotia Team Sunday

IT SAYS HERE

..... in fine print

By CRAIG STARK, Lumberjack Sports Editor

One of the most convincing evidences of Humboldt State's rejuvenated student spirit that we could think of would be the revival of the once-annual high school All-Star game.

In its brief, three-year career, that game was the high-point of the high school season and also made a nice finale to the Humboldt State season. It was ended, as you remember, by order of the California Interscholastic Federation, last year just before the game was to be played.

Th game would have to be revised, but it still could -- and should -- be held. It was the best way to promote good relations between Humboldt State and the local high schools that was ever devised on this campus.

The CIF ruling against all-star games still holds, but Humboldt could get around that ruling simply by limiting the high school players to seniors who have finished their high school eligibility.

No high school coach or player with eligibility remaining could have anything to do with the game. No high school athletic equipment could be used, nor could high school fields be used.

In our opinion, these would prove to be just minor deterrents to a determined Humboldt State squad. In past years, they sometimes dug into their own pocket to pay expenses of the all-star game and banquet. It would be little more work to provide uniforms and devise a system of selecting the high school players this year -- but it would be the crowning evidence to many people of Humboldt's student body and athletic spirit.

It would be far from a bad game from a baseball standpoint, either. Humboldt's baseball squad is a good outfit, despite its record, and the high school baseball locally has been good this season.

The contest would be almost equal from an age standpoint, also, since Humboldt State has just about the most youthful squad in the history of the school, with freshmen and sophomores generously sprinkled throughout the team. We have noticed of late that local sportswriters are describing the complete change for the better of Humboldt State baseball this season. We'll certainly go along with the excellency of the Humboldt State baseball team, in spite of their fondness of losing ball games in the ninth inning.

But as for the complete change -- there we balk. In the past two years Humboldt's basketball and football teams have not been the best in the world, but there was nothing whatever wrong with last season's baseball team.

They finished in third place in the Far Western conference, and with a little more pitching in the right spots, might have finished higher. They played some excellent ball going some six games without an error once -- almost astounding for a college ball team.

Wally Maciel pitched a two-hitter and a five-hitter, among other games and won both of them. Kenny Dunaway hit over .400 for the season. Little Cliff Prelow was a terror on the basepaths and showed an uncanny aptitude for getting walked, as well as hitting well over .340 and playing a magnificent defensive game.

There were weak spots in the season, to be sure, but last year's baseball team was far from bad.

Staters Win First Conference Tilt Split Twin Bill In Southern Oregon

Ablly supporting pitcher Ken Dunaway's two-hit mound chore, Humboldt State College's Lumberjacks took an 8-2 victory over Southern Oregon in the second game of a Far Western conference twin bill in Ashland, Ore., last Friday. The Raiders took the first game 13-12 in an extra-inning slugfest.

Dunaway received credit for both the win and the loss in the twin bill, as did Southern Oregon hurler Cox. Each relieved in the first game, Cox getting the win and Dunaway the loss. Cox started the second game and went all the way for SOCE. Dunaway relieved in the second inning and received credit for the win.

The Lumberjacks lost a heart-breaker in the first game, after leading 12-10 going into the last half of the final inning, the seventh in the FWC play.

Then, true to their jinx which cost them five games in the last inning this season, the Lumberjacks allowed Southern Oregon to tie the score. Cox won his own game in the eighth inning when a ground ball took a bad hop over third baseman Don Flemming's head to bring in the winning run.

Despite having lost the game, the Lumberjacks out-hit their rivals 17 to 10 and hit six doubles, two triples and a home run in the game, but couldn't put their hits in the right spot.

Southern Oregon used four pitchers in the game, Humboldt trotted three out to the mound. Bob Keszely started and as charged with nine runs in three innings. Bob Mathews put out the fire and had things well under control when he was lifted for a pinch-hitter in the eighth inning. Dunaway hurled the final stanza, receiving credit for the loss.

Humboldt continued her hitting spree in the second game, but Dunaway effectively stopped the Oregon attack with two widely scattered hits.

Led by Dale Sorenson, who slugged a triple, two doubles and a single in four times at bat, the Lumberjacks scored in every inning but the first to give him a comfortable lead. That was all the Staters needed as they rolled to their first FWC victory of the season.

Sorenson's hitting was the best of the twin bill for either team, but all of the Lumberjacks had a good day. The team batting average zoomed nearly fifty points after the two games. The box scores:

Crescent City Breaks Ninth Inning Tie To Defeat Humboldt State, 5-3

Scuttled in the last inning for the fourth time this season, Humboldt State's Lumberjacks dropped a 5-3 decision to the Crescent City Merchants in the Arcata Ball Park on April 22. The Lumberjacks out-hit their rivals, 8 to 7, but a two-run rally in the ninth inning gave the northerners the win.

Crescent City picked up a run in the first inning when Bill Selsor scored on George Yamor's single, and two more tallies in the third inning, when a triple and two doubles produced the scores. Two beautiful relay plays from the outfield held the Crescent City team to two runs.

After a shaky start, Lumberjack hurler Bob Keszely steadied and apparently becoming stronger as the game went along, blanked the Merchants until the sixth inning, when Wally Maciel took over. Maciel held Crescent City scoreless until the ninth inning.

In the meantime, Humboldt was striking back for individual runs in the fourth, sixth, and eighth innings. Jim Gillogly doubled and came home on Dale Sorenson's single for the first score; then tripled and was batted in by another Sorenson single. Kenny Dunaway scored the tying run when he doubled and came in on Don Flemming's infield hit in the bottom half of the eighth inning.

Crescent City scored the winning runs in the top half of the ninth when two successive singles and a hit batter loaded the bases with one out. Merchants first sacker Jack Van Lent delivered a single between second and third for the winning tally.

Humboldt State's classy shortstop, Jim Gillogly, was the leading hitter in the game, slugging a double, triple and single in four trips. Dale Sorenson's two singles in four attempts helped matters a lot. George Yamor garnered two hits in four trips to lead the northerners.

THE BOX SCORE:

HUMBOLDT									
Player, pos.	AB	R	H	PO	A	E			
Dunaway, lf	2	1	2	1	0	0			
Flemming, 3b	3	0	1	2	0	0

Jim Gillogly Leads HSC Hitters With .440 Percentage

Jim Gillogly, Humboldt State's freshman shortstop, was the leading hitter on the club with a screaming .440 average for the first seven games of the season, official averages revealed.

Despite the fact that the Lumberjacks dropped all seven of their games, the team has been hitting well throughout the season. The team batting average is .256.

Dale Sorenson, sophomore outfielder and cleanup hitter, was second place hitter with a hefty .368 average. Jerry Zattola, with .308, and Don Flemming at .304, were the only other hitters above .300.

The reason for the Lumberjack inability to hit with men on bases was demonstrated in the averages. Four regulars were hitting the apple at over a .300 clip, but the other four were all below .200 for the season.

The averages:				
Name, pos.	AB	R	H	Ave.
Braud, c	2	1	1	.500
Gillogly, ss	25	5	11	.440
Sorenson, rf	19	2	7	.368
Zattola, cf	13	1	4	.308
Flemming, 3b	23	5	7	.304
Keszely, p	8	0	2	.250
Dana, c	21	2	4	.190
Oliver, 2b	16	1	3	.188
Henke, cf	13	2	2	.154
Dunaway, 2b	17	2	2	.118
Fiskness, 1b	19	0	2	.105
Maciel, p	10	0	1	.100

Duck Banding Project Finished

The duck banding by Humboldt Wildlife Division under the supervision of Dr. Fred Glover and student assistants, Bob Le Donne and Morris Anderson, was discontinued April 1 until next fall.

Five hundred and three ducks were banded since the project began in September, 1950. Ten different species of ducks were trapped, with Mallards predominating and Pintails in second place. Temperatures were taken of each bird, and a study is being made to determine if there is any correlation between the sexes or species and the temperatures of the ducks. Temperatures ranged from 86 degrees to 115 degrees.

Dr. Glover was notified by the Fish and Wildlife Service, Washington D. C. that 15 of the ducks banded here were shot by hunters during the past hunting season. The returns of bands from the hunters will be of interest to the Wildlife Department in the years to come, they said.

Attendant at hotel desk to couple checking in the ski resort: "Could I have name, address and next of kin?"

Lumberjacks Meet Redwood Leaguers

Apparently out of the hitting slump that cost them their regular games, the Humboldt State college Lumberjacks return home for a game with the Scotia Lumberjacks of the Redwood league Sunday at 2 p. m.

With the team batting average up to nearly .300 thanks to their 28-hit spree against Southern Oregon, the Lumberjacks will be after a revenge win over the Scotia team. Last year the Scotians crushed the Lumberjacks 16-7 in a tremendous hitting duel.

Stater coach Phil Sarboe will probably use his regular lineup against the Redwood leaguers, although he may give a few reserves some action.

Probable starting pitcher will be Lefty Ben Henke, the southpaw fireballer who lacks only a little control of becoming a good hurler. Bob Mathews, the much-improved Ferndale flash, will probably see action also.

Probable starting lineup: Don Flemming, 3b; Jerry Zattola, cf; Jim Gillogly, ss; Dale Sorenson, rf; Ken Dunaway, 2b; Ben Henke, p; Jack Fiskness, 1b; Dave Dana, c; and Arnold Torogino, lf.

\$300,000 Program For Wildlifers If Land Obtained

If a bill in the state legislature meets with success, Humboldt State College will have made an exchange of some of its second growth forest for approximately five acres of land along and including Jolly Giant Creek. The creek borders the campus on the north side and provides an ideal water supply and level area for the development of the wildlife and fisheries program.

On this side there would be placed a classroom building, broodstock ponds, and bird-holding pens, and a 25 foot dam will be constructed to impound an all-year-round supply of water. This development will cost \$300,000 and is scheduled for construction in about three years.

The wildlife program is under the direction of Dr. Fred Glover. Professor John DeWitt heads the fisheries program. Both phases of the program are part of the division of natural sciences, of which Dr. H. D. MacGinitie is chairman.

Increase Planned For Administration Staff Next Year

Beginning next year HSC will have an increased administrative staff equivalent to five positions. Two present deans will be increased to full time status and will be titled dean of instruction and dean of personnel.

The chairmen of the five divisions, who heretofore have not been given time for their administrative duties, will be assigned part-time to the supervision of

Little Man On Campus

by Bibbes

18—"Cougar will be more careful about knockin' down those hurdles from now on, Jack—I had that one set in concrete."

HSC Art Students Invade Island Armed With Paints

Gunther Island was recently invaded by HSC art students who arrived by ferry with Melvin Schuler, their instructor. An advanced party of one art student had arrived earlier by metal canoe, and he stood on the shore in hip boots and hunting hat with a sea-faring look in his eye.

Curious artists explored old Gunther House, which lay across a slough. An experienced seaman

their divisions. New appointments and given it the same support, in this respect, as it has to other colleges.

will include an executive dean (assistant to the president), a coordinator of terminal education (part-time), and a coordinator of the summer session (part-time). The forty per cent increase in administrative personnel will permit the college to plan and carry out its program more effectively and completely than in the past. The state has recognized the administrative needs at Humboldt

and his boat made this easy. Gunther House itself was found to be rather run-down. It appeared that some inconsiderate person had tromped too heavily on the second and third floors and left gaps in the floor and stairway. Nevertheless, it was quite an adventure, for the explorer-artists, although no ghosts or bodies were found in the cellar, there being no cellar. And there was painting done ... some rather good, too.

Usher passing the collection plate at church wedding: "Yes, ma'am, it's unusual, but the father of the bride requested it."

Golf Squad in FWC Meet Today in SF

Headed by Captain Joe Oppenheimer, the Humboldt State golf team will open and close its 1951 season today and tomorrow in the annual Far Western Conference

golf tournament in Harding Municipal Park in San Francisco. The championship will be awarded on a basis of each five-man team's score in the 36 hole medal play. Those making the trip, in addition to Oppenheimer, are: Dave Dana, Bert Hytomen, Bud Meyers, and Jim Gillogly.
