

## FOR CONSIDERATION

### Proposed Extension of Military Service Period Over-Emphasized by Newspapers

By DR. HAROLD PARKER  
Dean of Students

Newspapers have recently given considerable publicity to Washington comments that it might be necessary to extend the period of military service from 21 to 36 months because there were too few men in the age 19-20 group to fill the monthly quotas required to keep our armed forces at their present strength of approximately 3½ million. The shortage of men in these age brackets is directly due to the low birthrate during the early thirties, the bottom of the depression. As men born during the late thirties and early forties come of age this shortage will be more than met by the increased number of births during these later years. During the early thirties the number of male babies averaged about one million per year. Ten years later the number of male babies born per year had increased to nearly two million.

#### Rules Still Apply

In spite of present newspaper publicity, then, it is important to remember that the Selective Service rules established at the outbreak of the Korean war still apply. Since approximately one million young men reach draft age each year, even now, and since this number will continue to increase with each succeeding year from now on, there appears to be little likelihood that it will become necessary to increase the period of service by more than three to six months, if at all.

If a student enrolls in college the same year in which he graduates from high school, carries 15 units or more per semester, and maintains a grade point average of C plus or better he will be permitted and encouraged by Selective Service to continue in college until he receives his degree. The armed forces stress strongly that they WANT students to remain in college until they secure their degrees since this makes possible a more efficient and better trained armed force. If a student can hold only a straight C average he will still be able normally to complete at least two years of college and perhaps the entire four years if he takes the Selective Service Qualification Test and answers correctly 70 or more of the 100 questions.

Selective service boards typically process students in this fashion:

#### Students Are Processed

1. A questionnaire must be completed by the student at about 18 years and 6 months of age. He is then classified "1-A" and within six months he is required to take his physical examination. Most students will by this time have completed their freshman year. As soon as the freshman year has been completed the college will, upon request of the student, advise his Selective Service Board where he stood, academically, among the male members of his class. If he was in the upper half of the male members of the freshman class he will automatically be reclassified from "1-A" to "2-S" (college student deferred) which will permit him to attend college during the entire sophomore year. If he is anywhere in the upper two-thirds of the sophomore class he will be given a new "2-S" deferment in the summer of his sophomore year which will permit him to attend school throughout his junior year. If he stays in the upper three-fourths of his class during his junior year, he will be given another "2-S" deferment which will permit him to complete his senior year. Upon completion of his senior year he will normally be required to go into service.

Even if a student is unable to stay in the upper half, upper two-thirds, or upper three-fourths of his class, he will still be eligible to receive a "1-S" postponement which will normally be good for the current school year. If he brings his grades up during this time he is eligible to be reclassified back to "2-S" status. It should be noted that any student classified in "1-A," "1-S" or "2-S" is eligible to volunteer for active duty in any branch of service which he may choose.

## Physicals For Entrance Set

Beginning Tuesday, February 24, all new students including freshmen, re-entrants and transfers will be required to take an entrance physical examination, according to Mrs. Beverly Griffith, College nurse.

Students to take the examinations will be notified of the date and time by a notice in their mail box in the administration building. If circumstances prevent the student from meeting his scheduled appointment in the health unit, he may postpone the physical by making a new appointment with Mrs. Griffith.

## Sempervirens 7 Pages Short of Completion

Verdine Waight, yearbook editor, announced early this morning that only seven pages of the 1953 Sempervirens remain to be completed. With the deadline set for March 15 on spring sports, intramurals, and the last snap pages she reported that "We will meet our deadline easily."

## Authority on Middle East Oil Situation To Discuss Anglo-Saxon Policies in Iran, Communist Infiltration, at College Assembly

Dr. Robert Gulick, former lecturer at the University of California, and an authority on Iranian affairs and the Middle East, will be the assembly speaker in the auditorium today at 11:15 a. m. Dr. Gulick will speak on "Iran, Oil and Turmoil" during the College assembly period.

Dr. Gulick will discuss British and American policies in Iran

in relation to the current crisis in that oil-rich country. Communist infiltration in Iran and the views of Premier Mosse-degh will be considered in his talk.

The speaker is a graduate of Chico State College in social science. He received his master and doctor of philosophy degree from the University of California in

Berkeley. Dr. Gulick's publications include pamphlets on international economic relations, essays on "Islam and the Scientific Spirit" and articles on world trade. He has traveled extensively in England, France, Spain and Italy, in addition to countries in the Middle East, Iraq, Iran and Egypt, and South America.

## New Constitution by Nelson Hall Men

A new constitution, adopted by the necessary vote at the last dorm meeting, will soon go into effect for the men of Nelson Hall.

Its outstanding feature is the six-man judiciary board. This board, appointed by the dorm president, Arthur Johnson, will give the men living at the hall greater control over the actions of their members.

Other officers elected at the beginning of the second semester are Ken Gipson, vice-president; Al Babich, secretary-treasurer, and Bill Glover, fire chief.

The terms of all officers are to run for a full year under the new constitution. Previously, there was an election each semester.

Figures recently released from the registrar's office show that 54 students have been placed on probation this semester; 80 were on the warning list; and 10 were dismissed from school.

## Invitation Issued HSC To Attend Model UN Confab

An invitation was extended to students of Humboldt State College early this week via the executive student council from the University of California to attend the third annual model United Nations convention April 16, 17 and 18 at Berkeley.

The convention will be made up of meetings of a model general assembly, security council, trusteeship committee, economic and social council and political and security committee. These groups will discuss an agenda similar to the one before the regular United Nations and will attempt to pass resolutions pertaining to the agenda items.

At the conference each school will represent a country in the United Nations, attempting to present a realistic approach to the problems.

Funds needed per person will include a \$5.00 registration fee, \$1.50 for housing accommodations if desired and an additional fee for the Saturday evening banquet which has not yet been determined.

Any local students who are interested in attending the United Nations conference are urged by the executive student council to contact Nancy Earle. Although no funds are available for assistance in attending the conference, free transportation can be furnished.

Names of the delegation must be turned into the conference director at UC prior to February 27.

Close Coop 11:15 A. M.

President Richard Harmer presented a policy to the executive student council recommending that the Coop be closed for business between the hours of 11 a. m. and 12 noon in order to eliminate competition between the assembly hour and Coop activities.

In other business matters the appointment of Dale Farris as College newspaper editor was approved by the council as was the re-appointment of Tapuni "Cappy" Ioelu as a member of the Board of Control.

#### Sunday Night Movies

Nona Hogg was appointed chairman of a committee to make arrangements for conducting weekly movies on the campus. According to present plans the movies would be given every Sunday night on a trial basis over a month's period. If they prove successful in broadening Humboldt's social program, they will be continued.

The executive student council issued an invitation to students to come into the Coop between 7 and 11 a. m. for free coffee. "Coffee time" was instigated by the council in an effort to create a more social atmosphere among the students on campus.

## Student Body President Urges Elimination of Card Controls

### "PURPOSE OF PLAN BEING RUINED BY DISSENSION," SAYS HARMER

Associated Student Body President Richard Harmer, in a letter to members of the student council urging immediate support, proposed eliminating ASB card controls on Co-op fountain service and Lumberjack distribution, at the regular weekly meeting of the Council Tuesday evening in the radio building.

He asked that careful consideration of the suggestion which would, he stated, help to stop conflicts on the campus that have arisen as a result of passage of these measures and has brought about "dissension among students, ill feeling toward the executive council, and general resentment by members of the student body, non-members of the student body and faculty as well."

"You, who are members of the legislative and policy making council, must take into consideration the wishes and desires of those whom you represent. Legislation is enacted to improve current conditions and to benefit the majority of those concerned. If the legislation does not achieve that goal, it should be repealed."

Harmer emphasized that the present controls which have been placed on the Coop fountain and the college newspaper had not yielded the intended results. The principal reasons for the passage of these controls were to show the benefits of the Student Body Card and to increase the sale of the SB card, not to cause the ill-feeling and conflicts that it did.

Regarding the question of ASB card sales, he continued, "This council should encourage the sale of membership cards, but shouldn't carry the burden of promotion activities as well."

"The sales promotion activities as conducted by this body has created a certain amount of distrust and lack of consideration toward the Council. I believe that there will be more trust and consideration toward the student government if each department conducts promotion of student body card sales from within their own respective groups."

In closing, Harmer stressed the importance of the issue and the danger of pushing long range propositions such as these controls.

## Student Council Proposes Change

Two proposed amendments to the Constitution of the HSC Associated Student Body were approved by a unanimous vote of the executive student council at their Tuesday night meeting.

These amendments were drafted by the Board of Control and will be presented to the students for ratification at the May election.

I. Interim Government. The executive council shall, at the end of the spring semester, appoint a commission of five members who shall be available upon call during the interim between semesters. At least three of the members of said commission to be officers and/or officers-elect of the association. This commission, to be known as the interim commission, shall have authority to conduct the business of the association during the summer months, subject to rules of procedure to be laid down by the executive council and all its acts being subject to final approval by the executive council.

II. Board of Finance Membership. Article IV, Section I of the constitution is hereby amended to read: The board of finance shall consist of the treasurer of the association, who shall act as the presiding officer; a representative at large; and two students, appointed by the president with the consent of the executive council; a faculty advisor in the field of business administration; the student executive manager, president of the association and faculty advisor to the executive council as ex-officio members.

## Play Postponed To March 6th

Student Director Tom Turner has announced that his Eugene O'Neill one-act plays have been postponed until March 6.

Tickets are now being sold at the Student Body office. Student body card holders will be admitted free.

Senior Al Braud appears in two of the three productions, "In the Zone" and "The Long Voyage Home." He hails from Long Beach, Calif., and is majoring in Biological Science, minoring in speech. Al has been active in Intercollegiate Knights, Block H, band, baseball, student council and the Ski Club. In both productions he plays the part of the rough and tough "Driscoll."

A PROPOSAL to charge out-of-state tuition to non-California students is on the State Legislature's agenda.

## FOUR TO ATTEND LINFIELD MEET

Humboldt State College will be represented by four students at the forensic meet to be held at Linfield College March 5-7.

Members of the forensic squad who will attend are Kathy Daly, Howard Corbin, Bob Lester and Gary Jackman. They will participate in extemporaneous, oratorical, salesmanship, acting and senatorial speaking events.

## NOTICE!

Today is the last day to drop or add classes. Regulations from the office of the registrar require that a petition must be obtained for any program changes after Friday, February 20.

## Commuters' Caravan Comes To College

By JOHN NORTON

All roads do lead to Humboldt State College. From Fortuna, Scotia, South Fork, Ferndale, Eureka, and other points north, south and east, flock the knowledge craving gypsy horde to the Hilltop and higher education.

They come in Ford model A's; in antique Buicks whose vintage has long been lost in some museum shuffle; in sleek limousines worthy of a queen's conveyance. They pack themselves and their portable libraries onto smoke-filled buses, where there is foot room only. And after cramped hours of travel the veil of smoke lifts momentarily, and they view through the fog the tower of the Ad building and are welcomed by its friendly chimneys to another day at the grindstone of learning.

Automobiles of every dimension and description motor up to the Hilltop in the dawn-gray hours of morning. Through raging elements of rain, and fog, and more rain, and through blazing suffocating heat, found only in California, they come. Onward in an increasing vein they motor up to the College to a reward in its first magnitude, where it awaits them within the Coop and other educational centers on the campus.

Yes, the commuters' caravan of ever traveling gypsies is here to stay, and whether the commuter drives a custom Cadillac, charters a bus, pushes a baby buggy, or sports a four barrel wonder, he will be seen cruising the motor-ways to knowledge, and in all respects, to a better way of life.

### FACULTY ON RADIO

A series of radio talks by faculty members of HSC was introduced by President C. H. Siemens last Sunday. The program will be aired over Station KIEM on a tape recording to be made in the Radio Building. Each faculty member will give a nine-minute talk on a subject of his own choosing each Sunday eve at 6:45.

### NEWS BRIEFS

Humboldt State College's conference football champions last fall brought out the fans in increased numbers. Total attendance for the seven home games is figured by Mr. Frank Stegall, student executive manager, as 23,100 for an average of 3300 per game.

Stegall lists the Chico State game as tops for attendance with 4000 fans witnessing the 41-6 win. When the Jacks edged the University of Oregon frosh 21-6 over 3600 fans were in the stands. The Lumberjacks won seven games, losing one to Oregon Tech 7-6 at Albee Stadium, in Eureka.

Mrs. Sibyl Jamieson, secretary to Dr. Cornelius H. Siemens, HSC president, leaves today to attend the spring conference of the California Association of Educational Office Employees in Sacramento. The convention will continue through Saturday and Sunday.

Mrs. Jamieson is third vice-president and membership chairman of the association. She will represent HSC at the conference.

Accompanying her as representatives of the Eureka city schools will be Mrs. Helen Shieman, Mrs. Margie Bandy and Miss Irma Stevens.

Stuart "Chub" Thissell, 19-year-old freshman pre-police major at HSC, will leave next Wednesday for the U. S. Air Force and four years of training.

While serving his hitch, Chub plans to delve into electronics for whatever background the field might afford him toward attaining his ambition to become an officer of the law.

After completing his enlistment "Chub" plans to attend San Jose State College School of Police, for his final collegiate training.

Twenty-five employees of the HSC clerical offices held their regular monthly luncheon meeting Tuesday in the little dining room at Nelson Hall.

Mrs. Sibyl Jamieson, president, presided with discussion conducted on the secretary's and clerk's handbook. Pictures of past activities were shown by Delta Hogue.

The "Washington Birthday" motif was used by the business office employees in decorating the table.

### ARTISTS IN HUMBOLDT COUNTY

are being invited by the local chapter, American Association for University Women, to submit samples of their work for the public exhibition to be held in the Eureka Public Library from March 7 to 21.

Humboldt State College art students under the direction of Mr. Melvin Schuler and Mr. Reese Bullen are expected to have their work represented in the showing.

## LETTERS to the EDITOR

DEAR SIR:

In regards to your editorial that appeared in the February 13 edition of the Lumberjack, I would like to clarify, for the students of HSC some of the statements that were made by you. Your statements seemed to be prompted by the lack of something to write about rather than firm conviction in their direction. Nevertheless, they were somewhat severe in their misuse and have resulted in a great deal of resentment among many of the students on our campus.

In my way of thinking, there is no such thing as a "small-time" or "big-time" college. Colleges are composed primarily of students and the difference lies only in the amount of enrollment. I believe that size makes no difference whatsoever.

To further prove this, I submit this partial list of colleges, whether large or small, who carry on initiations such as the Intercollegiate Knights did on February 6 in front of the Coop: Washington State College, Seattle University, Montana State College, University of Idaho, Brigham Young University, Pacific University, and of course many others. There has been no indication that any of these colleges are abandoning this type of initiation. It is as well set in their school's traditions as it is in ours.

The "tolerant onlookers" who witnessed the "asinine spectacle" as you put it, were in number, more than attended the assembly which took place immediately before. Maybe they were the same people who went to the assembly, maybe they are the spirit personified on this campus. Maybe they are the same people who yell at the basketball games and attend the formal dances. If they are, why not provide more activities on campus to promote and further this spirit, rather than forming work parties as you suggested?

As for the initiation itself—silly? Certainly it was silly; it was intended to be silly. Why let a small group of Cal Aggie students judge our campus? Are we supposed to be in some sort of social competition with other colleges?

Let's live here at HSC where we belong and make the best of what we have and maybe add a few more "silly" activities to create spirit, instead of adding buildings, lawns, and size. These things will all come in due time, but the State doesn't allot spirit. Spirit isn't in the HSC budget for the 1953-54 fiscal year. Spirit isn't obtained from our progressive taxation system; it comes only through the energy, vitality and student-activity interest which must be instigated from within each and every one of us on this campus.

Let's settle down, have a little fun, and enjoy ourselves while we are here at HSC and quit this confounded griping.

In closing, I wish to remind you

## MU EPSILON PSI MEETS TO OUTLINE COMING CONCERTS

Meeting to discuss and outline the remainder of the Mu Epsilon Psi sponsored concert series, members of the organization held their monthly regular business meeting Monday, February 9, in the music building. President Yvonne Morrison presided over the business meetings and introduced the program.

Mr. Tom Hibdon, in charge of choral music at Eureka High sang a group of Italian, French and English songs as program guest. He was accompanied by Darwin Belfis of Eureka. Numbers were presented also by the Madrigal singers, under the direction of Leland Barlow.

## Block H Plans Club Initiation

With about 20 new athletes qualified to become Block "H" members, plans are now being made for the informal initiation, to be held as a half-time stunt for the Southern Oregon game, with pillow fights and other activities.

The formal initiation of the "Rookies" will be held in the quonset hut with only Block H members present. This will follow the game.

Also in the planning stage is a dinner to be held a time in the near future for all members and their dates. The exact time and place has not yet been decided.

An added feature for the regular noontime meetings is the showing of films of last season's football game. Each player has a chance to see himself in action.

The new advisor for the Block H is Coach Phil Sarboe. He replaces Elwood Sturdivant, who transferred to Washington State College to complete work on his master's degree.

## Stop Dual Price System in Coop?

Do you believe that there is dissension enough to warrant the removal of the dual-price system in the Co-op?

Lee Ann Jennings, freshman—"No. Students are paying for that extra privilege."

Tim Corrigan, sophomore—"Yes. Too many non-student body card holders are against dual prices."

Nelcyne Smith, junior—"No. On any issue that is brought up, there is always a certain amount of dissension and therefore all controversial issues would have to be eliminated to satisfy the majority of people."

Leonard Cook, senior—"No. Students around here should realize more of the benefits that they receive from the ASB card. These dissenters who are in favor of the removal of the dual price system are generally non-card holders and are the minority of the school population."

of the I. K. motto—Service, Sacrifice and Loyalty to Humboldt State College.

Sincerely yours,  
BOB COLLYER,  
Honorable Duke, Yurok  
Chapter Intercollegiate  
Knights.

## SWINGING THE AXE

By MURL HARPHAM

Last Saturday the Sacramento Bee, well known valley newspaper, came out with an article that stated there were rumors of dissolution of the Far Western athletic conference.

The proposal seems to be the result of plans to form a new conference with such teams as Nevada, Cal Aggies, San Francisco State, Sacramento State and Chico State.

This is all very fine, in fact an improvement, but what is to become of Humboldt State and Southern Oregon? Surely, they would not bring in a Nevada school and leave Humboldt out, or would they? This rumor was never reported to HSC.

Whatever happened to the big subject of forming a California State school league, which would see Humboldt play schools that are five times larger, like San Jose State, Fresno State and San Francisco State. Even this would be better than dropping HSC entirely. The 'Jacks would be playing out of their class, but they would be making a name for themselves which would benefit the school.

Coach Joe Forbes said that it was not probable that Humboldt State could be dropped from the conference since it is a state school. State schools are directly responsible to the state college president's council and it would take considerable convincing to result in a council vote for dropping Humboldt State. But all indications are that HSC is not included in the plans, as yet . . .

Athletic Director Joe Verducci of San Francisco State said: "Our goal primarily is to control and protect our type of athletics." If so, where does HSC fit into the picture? Promoter Verducci also said that the new league, if formed, might provide some incentive for St. Mary's, USF and Santa Clara to resume football.

He said, "We would welcome them with open arms." Here is hoping he wants to show HSC a little hospitality.

Of course, this plan could be a long way off and it will more than likely be tabled indefinitely, and nobody knows what the future holds, but still we should be thinking about it and getting our two-cents worth in.

### FLYING CHIPS

Eureka Times sports writer Al Tostado in his column recently said, "What happened to Humboldt State's rooting section?" . . . Yes, what did happen to it? The 'Jacks have a winning record and are leading in conference play, but can they keep it up without support?

Chico's star basketballer of last year, Jack Marcus, is not seeing much action this season and it is not because he is not good enough . . . He should try shining the coach's shoes.

One week and two days till the spring sports officially gets under way.

The chant of the unbeaten Junior Varsity: "Who's going to stop the JV's?"

## Arcata, South Fork High Schools Fall To Undefeated JV's

The Junior Varsity boosted its win record to 17 after beating Arcata High School and South Fork High School 47-43 and 48-42 last week.

The Arcata game saw the Jacks turn back one of the best high school teams in the CIF league. All-conference player Bob Allord hit for 25 in Arcata's futile attempt to hand the Jacks their first defeat. Bog Eggers led the Junior Jacks with 13 followed by Bob Parks with 11 and Tim Corrigan with 11.

The first half of the South Fork game the locals had a tough time keeping up with the high school team. At the intermission South Fork led 39-33 but the Jacks came back strong in the final half to outscore South Fork. Stan Simpson led the Jacks with 11 while Parks hit for 10.

## Impressive Record Held By HSC Cagers

So far this season the Lumberjacks have met 22 opponents and now have a record of 13 wins against 9 defeats. This record is one of the best records held by this College since before the war.

## Initial Workouts Set For Golf and Tennis

Humboldt's golf and tennis aspirants will answer the call to duty in approximately two weeks. The date set by Coaches Birger Johnson and Franny Givens for initial workouts is March 1. The men will coach the linksmen and tennis veterans respectively.

Tennis matches have been scheduled with Southern Oregon College here on May 9 and the conference meet at Chico on May 15 and 16. Golfers will get a chance to show their skill also at the conference meet. Several new faces will be seen performing this spring and the two coaches look forward to an improvement over last season's records.

## FWC CROWN AT STAKE IN CHICO GYM TONIGHT

### Bon Bons Bow To Jacks, 70-62

Last Saturday night the Lumberjacks were idle in league play, but took on the local Bon Boniere team from Eureka. The Hilltoppers edged out the Bon Bons 70-62 to even up for the loss the Boniere boys handed the Jacks earlier in the season.

HSC grabbed an early lead and hung onto it throughout the game. The first quarter the Jacks led 20-16, then poured on the coal to take a 37-28 halftime advantage. The third quarter found the Jacks still pouring on the coal with Joe Myers acting as fireman. Myers was high for the winners with 18 points. Eddie Oliveria, former HSC athlete, was high man for the game and losers with 20.

If the Bon Bons had hit their free throws better the final score might have been a different story. The Jacks hit for 28 points from the foul line, while the Eureka team collected only 16 gratis tosses. The Bons outscored the Jacks in the field goal department 23-21.

Glenn Wallace followed Myers in the point column with 15. He was followed by Center Len Polard who hit 10. George Ibarreta potted 8 to complete the Jacks' high scorers.

## Faculty, Block-H Pace Intramurals

With half of the third round of play in the intramural league completed, the Faculty and the Block H are in a tie for first place. Both teams have records of two wins and no defeats.

Thursday, February 12, Conservation Unlimited defeated Redwood Hall by a score of 44 to 21, the Faculty eked out a 31 to 28 victory over Disher's Demons.

Last Monday the Block H, led by Bill Joy with 21 points, edged the Knights by 38 to 30. In the other game Keith Darling pumped in 21 counters to lead the Demons to a 55 to 21 decision over Nelson Hall.

The games scheduled on February 9 in the gym were cancelled because of the Varsity-Camp Beal Air Force game.

League standings are:

Faculty	2	0
Block H	2	0
Demons	2	1
C. U.	1	1
Knights	1	1
Redwood Hall	0	2
Nelson Hall	0	3

Humboldt casaba squad is in Chico this week-end to match baskets with the Wildcats tonight and tomorrow night in a duel to find who will take over the top rung on the conference ladder. HSC and Chico are currently tied for first place with five wins and three losses apiece.

Naturally if they split they will remain in a tie unless Southern Oregon wins both of their games against the Aggies this week; then there would be a three-way tie.

### Can Do Again

Earlier in the season the Jacks beat the Wildcats twice on the HSC court 74-63 and 65-63. Chico will be out for revenge and the conference title, but the Jacks are just as eager to win the title, as Chico, is defending league co-champions, with the Aggies.

As the rule goes, the home team has the advantage and is usually the favorites, so the Jacks will go into the game as the "underdogs."

### Chico's Leading Scorer

Chico Coach Gene Maxey will floor a squad of veterans, losing only one starter off of last year's club. The Wildcats also have the conference leading scorer in Sophomore George Maderos, who scored 217 points for an 18.1 average last year. Maderos is also the leading scorer in the league thus far this year.

Jack Marcus is another "big gun" for the Cats, scoring 157 points for an average of 13.1 in 1951-52. Others who are expected to see a lot of action are Ellis Rolls, Bill Ceaglio, Larry DeHushia and Doug Kimball.

### Remember the Grid

Maderos, Marcus and DeHushia were also football stars and will probably hold a personal grudge against the Jacks for the 41-6 shellacking HSC handed them in football.

Last year the Hillmen beat the Wildcats once 77-61, but dropped three to the co-champions, 53-65, 57-97 and 53-71.

## Plans for New League Under Way at SF State

In a statement to the press last Saturday, Joe Verducci, director of athletics at San Francisco State, reported plans to form a new athletic conference which would enable so-called smaller schools in Northern California to enter competition on an equal basis.

Verducci said nothing is definite but that athletic directors of Nevada, Chico State, Sacramento, Cal Aggies and San Francisco State have discussed the league.

"We would meet in all sports," Verducci said, "including track, golf, tennis, soccer. Our job is to train teachers, consequently we want our students well versed in the entire athletic setup."

He said that all incoming schools would have "to fit into our type of setup and abide by our rules."

## Board of Finance Begins Survey Of Audit Methods

The HSC student body board of finance recently began a survey of the possibility of having each student body organization audit their own financial records. This would involve having the secretary or president of each organization pay all their bills, collect all money and keep their own books and balances.

The present procedure is that each organization has a trust fund which functions through the student body office and all business must be taken to that office.

Inquiries were made of nine other institutions regarding the systems they now use and up to press time three had replied. At the University of San Francisco, each organization has a \$25 petty cash fund which takes care of small purchases. San Francisco State College has a system the same as ours and at the University of Oregon the college office takes care of each fund the same as the HSC student body office.

### GRADUATE SURVEY

Arcata High School is conducting a survey of its graduate students for use in evaluating its present curriculum.

The purpose of the questionnaire, distributed to former Arcata students now at HSC, is to help in the improvement of the high school curriculum to prepare students in selecting their future vocations.

## Spokes Club Plans Spring Project, Pledge Initiation

Two important activities on schedule for the Spokes Women's organization this spring are the initiation of pledges and a project to clear the Council Crest trail.

Council Crest is the picnic grounds above Redwood Bowl, unused for a number of years. The Spokes plan to clear the trail and grounds around the barbecue pit and make it suitable for future College activities.

A formal and informal initiation of the eight new members of the Spokes will be held soon. The new members are Rita Lou Bertain, Rae Dixon, Blanche Evans, Pauline Enos, Joan Flockhart, Margaret Molini, Edith Penfold and Sarah Smith.

The Spokes are planning a swimming party to which the Knights (counterpart men's organization) will be their guests.

Marcia Bartlett, president of the club, announced that new pledges will be accepted again this spring. Marcia stressed the fact that any girl who wishes to be of service to the school is welcome to submit her name for club membership.

The requirements are possession of a student body card, a cumulative "C" average, and attendance here for one previous semester. Any woman interested may submit her name by placing it in Marcia Bartlett's student mail box.

## Band Ski Party

Members of the Lumberjack Band and their guests spent the week-end of Feb. 14-15 at the Humboldt State Ski Lodge, arriving by car on Saturday and returning home Sunday evening.

The snow was light which made unsatisfactory skiing for the enthusiasts but students reportedly enjoyed hiking in the nearby hills and enjoying the scenery.

Party chairman was Edith Penfold; her committee was Al Braud, Nadine Poor and Bob Collyer.

## Student Body Book Store Adopts New Purchasing Routine

A new routine in purchasing books has been adopted in the bookstore this semester. According to Mr. Frank Stegall, executive student manager, the shortage of space makes it impossible to store all the books in the upstairs bookstore in the Coop. The system now adopted calls for the students to order their books and pick them up the following day. Mr. Stegall stated that this procedure has proved successful so far.

## Second Dorm Meeting Planned by Redwood

A second dorm meeting has been scheduled for sometime next week to compensate for the poor attendance at the regular Redwood Hall meeting held February 11 in the social unit.

Heading the hall this semester is Bob Syvertson, president; Dick Trone, vice-president; Jim Ingram, secretary; Bryan Jamar, treasurer; and Dale Thomas, chief fireman.

A considerable number of changes have been made in the hall during the past year. The rooms were repainted and remodeled; during Christmas vacation the old beds were replaced and tables for the social unit have been re-sanded.

According to Mrs. Harvey W. Jensen, house resident, study conditions have improved considerably. Quiet hours are from 7:30 p. m. to 6:00 a. m.

## LETTERS to the EDITOR

(CONTINUED FROM PAGE TWO)

### TO THE EDITOR:

In the February 13 edition of the Lumberjack there appeared several comments concerning the advisability of presenting ASB cards at the time of purchases in the Co-op or when receiving the Lumberjack.

The students of Humboldt who have already twice voted out the universal student body card, seem not only to be in favor of the non-compulsory card but are also willing to go along with the so-called disadvantage of showing their card to prove that they are entitled to its benefits. If the students wish to retain their right to decide whether or not they wish to buy an ASB card then they are right in accepting this ruling which is an obvious necessary evil in maintaining non-compulsory cards.

Actually, it is not too difficult to establish the habit of carrying one's student body card with him at all times. When expecting to make a purchase we take it for granted that the merchant is going to ask for money. It takes little more thought to remember to present a student body card when it is required.

It is my opinion that until such time as compulsory cards are voted in at Humboldt the students (and faculty) should without questions give the student council full support in its rulings concerning the showing of student body cards.

—Beverly Dahlen, Freshman

The sports page should be confined to reporting and predicting sports and opinions in by-lined columns of sports. It is obvious that a high pressure group, some on, some off our campus are trying to sway school sentiment in favor of social fraternities and sororities. At least opinions concerning these subjects should be put and kept on the editorial page, IF AT ALL.

Whether right or wrong (editorial on Knights' initiation) it is a good change to see an editor speaking upon controversial matters and not just printing what the faculty and certain groups wish to read. Personally, I was completely in favor of the editorial.

—Doug Carter, Sophomore

(Ed. Note—All opinions or letters to the editor must be turned in to Box 120 by the Monday before publication.)

THE VARIETY SHOW, presented by Humboldt State College students, will be aired over radio station KHUM of Eureka tomorrow at 3 p. m. Produced by Beverly Dahlen and Fred Zehnder, the program will feature Don Leach and Murl Harpham.

NOONTIME "JITNEY" DANCES are being planned for the courtyard of the administration building during the coming spring.

### GUADALAJARA SUMMER SCHOOL

A bilingual summer school sponsored by University of Guadalajara in co-operation with Stanford University faculty members will be held in Guadalajara, Mexico, June 28-August 8, 1953. Offerings include art, folklore, history, language, and literature courses. \$225 cover six-weeks' tuition, board and room. Write Prof. Juan B. Rael, Box K, Stanford University, Calif. —paid advertisement

## Twenty-Two Seniors Plan Completion of Certificate Work

Twenty-two HSC seniors are now completing their practice-teaching requirements at CES for certification. During the spring semester they will teach both primary and upper grades. Also, for a period of about two weeks they will be sent to teach in nearby public schools.

Students working for special credentials at this time are Robert Matthews, PE; Robert Syvertson, PE; Daniel Wilson, PE; Merle Akins, art; and Don Erickson, art.

The other 17 who are completing

### Notice To Seniors

Leave your order in the Student Body Office for your senior announcements. The deadline is February 27, and all orders must be paid in advance.

work for regular credentials are Carol Braun, Keith Bryant, Diane Carlsen, Ruth Anne Clary, Pat Crowe, Otto Geiger, Barbara Hackett, Adrian Mendes, Mrs. Kathryn Knight, Joan Palmer, Pansy Petterson, Frank Pike, Doris Romanini, Carol Slosson, Darlene Turner, Mary Dick and Pat Roscoe.
