

FINAL EXAMS JAN. 17-21**Spring Semester
Starts January 26**

Collegiate scholars at HSC have turned their full attention to final examinations which close the fall semester, beginning tomorrow, Saturday, January 17, and extending to Wednesday, January 21. The exam schedule is reproduced on the right.

In the mad rush of cramming, which traditionally takes all-night sessions in the dormitories, many students will be preparing for two or more tests of a two-hour duration on Saturday. The social whirl is being relegated to the realm of unimportance this week-end, as no College events are on the social calendar.

Orientation and personnel tests will be held on Tuesday and Wednesday next week and program counseling for the new semester on Thursday. Friday is registration day. Monday, January 26, is the first day of classes for the spring semester.

**FINAL EXAMINATION SCHEDULE
Fall Semester 1952**

Saturday, Monday, Tuesday, Wednesday,
January 17, 19, 20, 21, 1953

Hour that classes met
During the Semester

Time that the final examination
is to be given

MWF 8 and MTuWThF 8	Monday, 1:00 p. m. to 3:30 p. m.
MWF 9 and MTuWThF 9	Monday, 8:00 a. m. to 10:00 a. m.
MWF 10 and MTuWThF 10	Saturday, 10:30 a. m. to 12:30 p. m.

TuTh 3	Wednesday, 1:00 p. m. to 3:00 p. m.
TuTh 4	Wednesday, 3:30 p. m. to 5:30 p. m.

SWEETHEART FOR SEMPERVIRENS 1953! That's Barbara Anderson, freshman co-ed from Eureka. The selection for the yearbook beauty title was made via telegram by Cecil B. DeMille, famed Hollywood producer, from photographs of HSC's 13 most beautiful, at the College Assembly last Friday morning.

**Frosh Beauty Named
Yearbook Sweetheart**

Sempervirens "Sweetheart" for 1953 is Co-ed Barbara Anderson, pre-nursing freshman from Eureka. The new yearbook Sweetheart on the campus was selected by Hollywood Producer Cecil B. DeMille on the basis of portraits submitted of HSC's 13 most beautiful women students. The ceremony announcing the selection included a telegram from him, read at the College Assembly last Friday morning.

Miss Anderson was born in Tulsa, Oklahoma, May 29, 1934. Before graduation from Eureka High School she was prominent in the band and the Glee Club. Her parents make their home in Eureka. During the holidays she received an engagement ring from Bruce Freeman, Jack football star who left to serve with the Navy.

Roses and Kisses

Francis Stebbins, senior master of ceremonies, presented the robe and a kiss to the new sweetheart. She was crowned by Executive Dean Lawrence E. Turner with another kiss, and the 1952 Sweetheart presented Queen Barbara with the American Beauty roses.

The Man and Woman of the Year Awards, made by the yearbook staff for the fourth year, went to Senior Dick Harmer, ASB president, and Sophomore Blanche Evans, executive council member, prominent in journalistic activities. The presentation was made by Dr. Larry Marx of the faculty. Their names are engraved on a plaque. The award to the Outstanding Senior, selected by members of the senior class, was presented to Bob Titlow by Dr. Carl Strand.

**LITTLE SYMPHONY
PLANS CONCERTS**

In preparation for its next two appearances this spring, the Humboldt Little Symphony resumed rehearsals Wednesday evening. The orchestra has grown in size this year, but there is still room for more string players, first violinists, violas and cellos.

Anyone interested in joining is urged to contact Charles Fulker, Humboldt State College.

**Stegall Interviewed
On Coop Changes**

"Shortly after the beginning of the spring semester, students will be able to buy toilet articles from the Coop," announced Student Executive Manager Frank Stegall.

Toiletries will be added not as a money-making proposition but rather as a convenience to the student body. Mr. Stegall is anxious for students to bring requests to him as to items they think the bookstore should handle.

Other Coop improvements to take place in the near future are to include additional tables and a railing next to the fountain. The purpose of the railing is to keep purchasers in a line parallel to the counter so that space will be available for more tables adjacent to the fountain. Entrance to the railed off area will be at the north end of the Coop and the exit next to the cash register.

Get Books Monday

Mr. Stegall also stated that books for next semester may be purchased downstairs in the Coop Monday through Wednesday, January 26-28, from 9 a. m. to 4 p. m. After these dates text books should be requested from the main bookstore counter as early in the day as possible and picked up after 1:30 p. m. at the Student Body Office window.

All classroom supplies will be obtainable upstairs instead of downstairs as was the case at the beginning of this semester.

STATE COLLEGE

**40th Anniversary
Celebration May 15**

The 40th anniversary of the College will be observed in the dedication ceremony of the three new campus buildings May 15. The College and community will be invited to participate in a program dedicating the new science, library and maintenance buildings, which will be ready for use next fall. The announcement was made by Executive Dean Lawrence E. Turner.

Dr. Turner also discussed the new budget for the College, not yet approved by the Legislature. If passed the budget will have an increase of 25 per cent more money over last year. A request of \$489,300, for a new wildlife and fisheries building has been recommended by President C. H. Siemens.

Meetings on Tap

Important meetings in the months of January and February were also discussed by Dr. Turner. January 29, Phi Delta Kappa will hold a meeting at Nelson Hall. February 3, the Humboldt County School Masters' Association will meet. The high school principals and the College authorities will discuss future plans, such as the enrollment, 1953-54.

"With the inclusion of the Wildlife building in the present Gov-

ernor's budget, the continuance of the long-range building program for HSC seems assured," stated President C. H. Siemens on his return from Sacramento.

Work on the new \$750,000 Wildlife facilities should begin this fall and be completed in about a year. It will be the first training center of its kind in the nation and will offer students a full range of practical and laboratory experiences under ideal conditions, the president pointed out.

New Art Building

Planning is under way for the Fine and Applied Arts building which has been approved for over 50,000 square feet of floor space including classrooms, practice rooms, and auditorium and offices. It will be located across from CES and takes up about one-half of a block. The first unit of classrooms will be built from funds which should be allocated next year. First priority will be given to art and music.

The third building planned for future construction is the men's gym and swimming pool. It will consist of about 43,000 square feet, costing about one million dollars and will be located on the block directly south of CES.

**FROSH WOMEN
VIE FOR QUEEN**

Six freshman co-eds have been named candidates for the "Freshman Sweetheart" title, one of whom will be selected to reign over the annual Frosh Ball slated for February 7. The dance will be held in Nelson Hall from 9-1.

Selected to run were Shirley Hunt, Carol Christian, Joan Guyn, May Borel, Nadine Lozensky and Harriet Hubert.

The "Sweetheart" will be chosen by popular election conducted the week of the dance.

The class has planned a pre-sale of dance tickets with the price to be announced later.

Lee Marvel, vice-president of the class, is the general chairman of the affair with Bill Kiper, president, as co-chairman. Committee heads are: Ray Cabrero, tickets; Gerry Hagelskamp, decorations; Nadine Lozensky, advertising; Larry Widmer, clean-up; Pat Hitchcock, refreshments.

**Sturdivant Resigns
To Complete MS**

Providing a replacement can be secured in time, assistant football coach "Sturdi" Sturdivant will resign from the faculty at the end of this semester. The physical education instructor has submitted his resignation to Dean of Instruction Dr. Homer Balabanis.

The popular line coach has announced that he is leaving Humboldt State at this time in order to complete work on his master's degree at Washington State College. Then he will continue academic work for his doctorate in physical education.

Sturdivant reports that his leaving hinges on the possibility of securing a replacement for the spring semester to take over his physical education classes, coach for spring sports, and the intramural program.

FIVE TAKE PLACES ON NEW COUNCIL

Five new executive council members were named to serve for the spring and fall term of 1953 in the Associated Student Body election, conducted on the campus Dec. 17.

Named by the first ballot were Edith Penfold, secretary for the spring semester only, and Ed Hansen, representative-at-large. Miss Penfold edged out Frances Hunt, secretary pro-tem, by a 176 to 124 vote. Miss Hunt had been acting secretary since the beginning of the fall term when she replaced

Pat Crowe following her resignation.

Hansen, a senior, won his post in a vote of 162. A wildlife major, he transferred to Humboldt State College for his junior year from Los Angeles. He has been active in Conservation Unlimited and as a member of the Lumberjack staff.

Elected on the run-off ballot were Nancy Earle with 161 votes, Nona Hogg, 165, Earl Rumble, 162.

Miss Earle, a junior, is a resident of Nelson Hall. An English

major, she is past president of the Spokes, women's service club, and an active member of the Ski Club.

The other woman representative-at-large, Miss Hogg, is also in her third year at Humboldt. She is majoring in English and is secretary of the Spokes.

Rumble, a junior, is an education major. Among his extra-curricular activities he is vice-president of A Cappella choir and the junior class. He was also chairman for homecoming celebration in Oct.

ON YOUTH AND WAR

The leaders of the United States are disturbed to see the lack of patriotism on the part of youth, desertions and a lack in sufficient numbers to defend their country and what it stands for.

Yet, on the other hand, the youth is sick and tired of being the force behind the threats of the politicians. They are sick and tired of fighting battles started by their leaders. This must be spoken of on a world-wide basis.

There will come a day when the youth of all the world will refuse to take arms at the demand of their leaders to fight unnecessary battles. These battles are taking a lot of lives that would ordinarily be used to build a strong, peaceful world.

How Leaders View It

The leaders look back in history and see what could happen to America through apathy. They do not want to kill off the American male population. They merely want to instill in the mind of youth the patriotic nature that built America and promote what they believe will keep it strong, unoppressed, and free.

The Bible says: "Ye shall know the truth and it shall make you free." Many of our leaders take that translation to mean it is our duty to free the enslaved world. Are arms the answer to this?

Education in Faith

The great goal of America has been to get along, exemplified in our churches in "Love thy neighbor." The whole educational standard has been get along, share and be friends. Then later on in school it has been sports, festivals and a whole social structure built around having a good time and getting along. We, the youth, cannot understand the sudden change to fight a war. The youth is not aware of the same dangers as the leaders of a free world. Youth seems to have more faith in mankind.

Youth has seen so much senseless quibbling that he is disgusted with his leaders. Young people have seen the leaders gamble with their lives. They have been the price of words spoken in haste when more mediation would have been less expensive. They have seen the value of human life set down in cold, hard figures. What an expensive cost and such a cheap tribute.

The Insecurity of War

The draft takes two or more years out of the life of youth. To youth that is a long time, too long if the fear of our oppression might cause a war that would hold them even longer. Many are planning their life's career. They might wish to marry, or to buy a new car, or they might have responsibilities that they are hesitant to leave. They might not want to go, but would rather live as their conscience leads them; they might fear the consequences of being taken into the Army and facing the sacrifices that come.

Youth always feels insecure and still has a lot to learn. It is his nature to seem headstrong, but his feeling of insecurity and fear of the unknown and temptation in troubled times makes him wish to live in peace.—GEORGE EASTMAN.

INQUIRING REPORTER

By JIM ALEXANDER

Q.—What do you think of the present draft situation?

Bob Clausen, Freshman—
"As long as you are in the upper half of your class, there's nothing to worry about."

Gary Jackman, Sophomore—
"I don't think that they can continue the present draft quotas without diving into college ranks regardless of grades, and I don't like to see college educations interrupted."

Len Svinth, Junior—
"I believe that the draft should either take men before they enter college, as soon as they leave high school, or wait until they have finished college. Any interruption is likely to make someone lose interest."

Mel Hurd, Senior—
"I think they should draft more men more often. The sooner we're at total strength, the sooner our word will carry weight with Russia."

Clark Gilman, Graduate Student—
"I guess it's necessary as long as we are going to keep fighting someone. Those of us who remember Pearl Harbor, know what it means to be unprepared. Peace is the best way, but if there has to be war let us be ready for it."

Norton Comments

By JOHN NORTON

Huey Long wanted to loot the rich and befriend the poor. Some crank put an end to his philosophy with a .44.

President Truman thought that if you make mistakes, you could buy them back on a union scale. We've all made mistakes, but Harry introduced the assembly line of mass-production, with offices located in Fort Knox.

Adlai didn't want to be president, but after the well went dry, he found himself on a desert of political desire.

American Unions became the first organizations in history to change horses in mid-stream, after the stream had gone dry. From the Missouri Mule to the Elephant.

Taft may not be sitting in the driver's seat, but the back seat has long been one of possibilities. Besides, whoever heard of a chauffeur driving his own car.

Ike is the first man to ever win a presidential election under the guise of a magician. However, magicians are not always all they are cracked up to be. Where would Mandrake be without Lothar?

Huey Long had the right idea, but now even the rich are poor, and not even a Robin Hood could escape the tax collector.

You're either in, or a draft dodger, but no matter how you look at it, you'll have to serve time.

FREE COFFEE

The Executive Student Council has initiated the practice of serving free coffee to Student Body Card holders every Friday morning from the time the Co-Op opens until 11 p. m. on an experimental basis.

Editorial Page

THE FUTURE -- AN ALLEGORY

A semester ends. Another begins—and so it is with life. We are told to look to the future, the past is—well—forgotten.

And so we should look to the future and plan and strive for its betterment, but as for the past—to forget is to lose. To lose such a valuable entity as the past would be like thrusting the left hand into a flame after burning the right for the reason that just because the right hand was burned is not proof enough that the left would burn.

An occasional backward glance will show us many things for it is through past experience that we learn.

TO BE A BUILDER

The past is nothing more than bricks; the present, mortar; the future entails the plan for building, for growing, for moving ahead.

By looking back we may often see one of our structures in a state of collapse. Closer examination will show not the bricks disintegrating, but rather the mortar or possibly the form.

From this we may learn—if the structures we build as individuals or groups are to withstand the ages, we must utilize a proven structural form coupled with a strong cement.

For this New Year, let us take advantage of our past by giving new meaning to our plans and by using the strongest mortar we can mix.

Jacks Meet Chico Next Week In FWC

Meet Famed Harlem Clowns Here Sun.

Jacks To Face Co-Champ Chico

Hilltop Cagers Win, Lose One In League Play

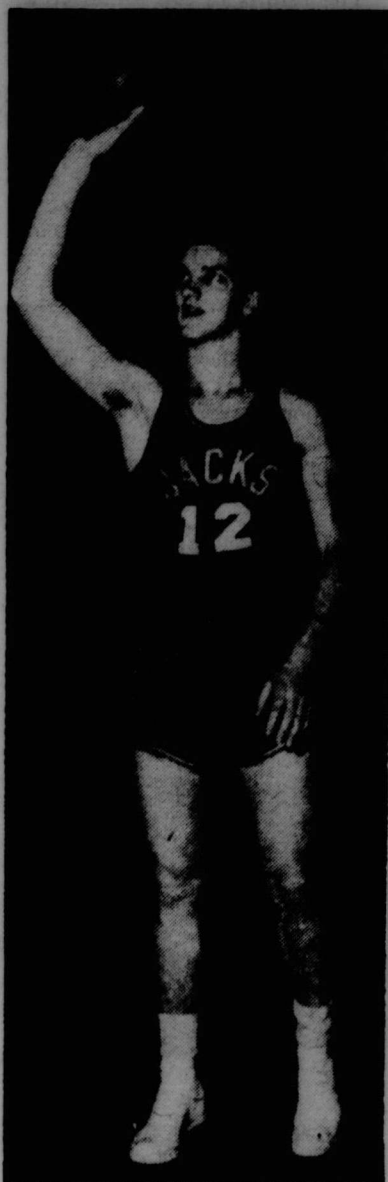

Last week the Hilltopper basketball team split two games with Cal Aggies in conference tilts at Davis. The first game saw the Lumberjacks eke out a 62-59 win. The following night it was the Mustangs' turn and they took advantage of it, downing the locals 69-55.

It was Big Joe Myers who paved the way for the Jacks' win as he pumped in 21 points. Center Len Pollard added 16 points to the cause while Glenn Wallace hit for 14. It was a nip and tuck affair all the way with the Aggies holding the upper hand at the halfway mark 30-28. Then in the final half it was the proposition "You make a basket, we'll make a basket," but the Jacks made a couple more than the Aggies. Final score: 62-59.

In the second game the Forbes coached boys got off to a bad start and the Aggies moved to a 39-29 halftime lead, which was never relinquished, as they went on to win 69-55. Wallace was high man for the losers, duplicating his scoring efforts of the night before with 14.

First Game				
Humboldt State				
	FG	FT	PF	Pts.
Wallace	4	6	0	14
Ibarreta	3	1	0	7
Pollard	7	2	0	16
Dunaway	0	2	0	2
Myers	10	1	0	21
Willson	0	1	0	1
Pelleberg	0	1	0	1
Totals	24	14	0	62

Second Game				
Humboldt State				
	FG	FT	Pts.	
Wallace	7	0	14	Willson
Ibarreta	1	2	4	Anderson
Pollard	4	1	9	Pelleberg
Dunaway	2	2	6	Baird
Myers	3	4	10	Totals
				22 9 55

VETERAN PLAYMAKER: Bob Dunaway, who was second highest scorer last season, is now leading in the assists department. Bob scored 182 points last year and now has 78. Last year he was also named to the All-Conference second team.

COMING GAMES

Jan. 17—Bon Boniere, here.
Jan. 18—Harlem Clowns, Eureka
Jan. 23, 24—*Chico, here.
Jan. 30, 31—*At So. Oregon.
Feb. 1, 2—At Oregon Tech.
*Conference Games.

Call Issued For Intramural Cagers

E. L. Sturdivant, director of men's intramural athletics, issued a call today for teams and players in an effort to organize an intramural basketball league. Next Wednesday was set as the starting date for the 1953 season.

The announcement came after practice sessions held the past two Wednesdays in the gym failed to bring the desired results. So far this year the turnout, according to Sturdivant, has not been up to the participation standards set by the 1951-52 eight-team league. He stated that the one-night-per-week schedule, because of intercollegiate basketball practice, may also hinder the program.

All male students who possess a Student Body Card are eligible for play and are urged by Sturdivant to be at the Wednesday night turnout. Groups wishing to enter a team should also be present.

Teams participating in last year's play were the Intercollegiate Knights, Nelson Hall, Redwood Hall, Block H, Humboldt Village, the Faculty, Eureka Hornets and the Arcata Independents. The Nelson Hall quintet captured first place honors.

Jayvees Unbeaten In 9 Consecutive Starts

After a two-week layoff, Coach Birger Johnson's Jayvee charges started the new year off with a bang by defeating Dishers' Demons, a campus five, 50-35. Ray Mechals, moved to the center slot, meshed 19 points before the visitors knew what hit them and went on to tally 24 and pave the way for the JV's ninth consecutive victory.

Perhaps it would have been a different story if the Demons' star center, hulking "Hooks" McKamey, had been available for the contest.

The team has been practicing on a "fast break" out of a zone defense, side line and under the basket inbound plays and shooting.

Saturday they travel to Fortuna to play a good "Huskie" team, which they defeated earlier in the season.

NO SNOW AT SKI LODGE

The ski-lodge was the scene of much activity during the holidays. Among those spending some time up there were Bonnyne Kelley, Bernie Workman, Ken Gipson, Art Johnson, Nancy Earle, Pat Crowe, Bob Collier, Ted Luick, Ralph Kraus, Jean Stephen, Don and Alice Erickson and Marilyn Erickson and others. Venison, a change from horsemeat, constituted the diet of the skiers. There was no skiing at the lodge, but New Prairie was opened, and a trip was made up to the Enquist Lodge.

behind the big Green and Gold machine playing lefthand and defensive safety man. Next season Coach Sarboe will have a rough time filling these vacated positions.

Bon Bons Tomorrow

Tomorrow night the Jacks play host to Bon Boniere, Eureka town team, then on Sunday they meet the famed Harlem Clowns in the Eureka High Gym.

This year the Clowns are having their best year, since they organized ten years ago. Their squad has been strengthened by fresh material just out of college.

At the top of the list for the Clowns is Jackie White, the funniest of them all. Another top-notch veteran is Howie Rand, a great ball player and comedian like White. Ed Carter, a 20-year-old sensation, is the master of the jump shot. A newcomer, Jim Powell, was a little All-American while at Los Angeles City College.

The game should bring thrills and laughs that would please any crowd. It is slated to start at 8 p. m. with a full house expected.

SEASON'S RECORD

To date the Jack cage team has played 11 games, winning 6 and dropping 5. Following are the scores of all previous games:

- HSC 72—Alumni 50
- HSC 68—Mt. Vernon College 59
- HSC 71—Mt. Vernon College 48
- HSC 72—Oregon Tech 55
- HSC 67—Oregon Tech 57
- Pasadena 90—HSC 72
- PLC 56—HSC 44
- PLC 51—HSC 49
- San Francisco 61—HSC 56
- *HSC 62—Cal Aggies 59
- *Cal Aggies 69—HSC 55
- *Conference games

HSC opponents have scored a total of 655 points while the Jacks have connected for a total of 688, an amazing 62.6 average per game for the Jacks.

Our fish and game laws were established for definite biological reasons not to keep the game from the sportsmen. Learn them and abide by them.

In an American Army hospital in Korea all patients who were to receive hypodermics were listed on a chart as: Targets for Tonight.

The Chico State Wildcats will invade the Hilltoppers' gym Jan. 23 and 24 to match baskets with the Jacks in conference play. Last year Chico tied with Cal Aggies for the conference championship. Chico also has the conference leading scorer in Sophomore George Maderos, who scored 217 points for an 18.1 average last year.

Veteran Chico

Coach Gene Maxey will floor a squad of veterans, losing only one starter. Jack Marcus is another "big gun" for the Cats, scoring 157 points for an average of 13.1 in 1951-52. Others who are expected to see a lot of action are Ellis Rolls, Bill Ceaglio, Larry DeRushia and Doug Kimbell.

Coach Joe Forbes' Jacks will go into the game as "underdogs," but the outcome of the two-game series could well decide the conference championship.

Last year the Jacks beat the Wildcats once 77-61, but dropped three to the co-champions, 53-65, 57-97 and 53-71. The games are scheduled to start at 8 p. m. with the JV game slated to start at 6:30.

Wallace Leads Jacks While Averaging 16

In the 11 games played thus far this season, three Jack cagers are averaging better than 10 points a game. Veteran Glenn Wallace heads the list with a grand total of 176 points for a 16-point game average. Joe Myers has hit for 131 points for a 11.9 average, followed closely by George Ibarreta who has scored 112 points for a 10.2 average.

Just a shade under the 10 point mark is Leonard Pollard who has connected for a total of 108 points for a 9.9 per-game average. Bob Dunaway has 78 points for a 7.1 average.

Others who have hit the scoring column are as follows:

- Jerry Anderson 19
- Dan Wilson 17
- Bob Pelleberg 15
- Bob Matthews 14
- Ervyl Pigg 3
- Wayne Baird 2
- Lowell Ambrosini 0

SWINGING THE AXE

By MURL HARPHAM

REDWOOD GIANTS

"Woodman, spare that tree," because it's a Jack basketball player. Yes, this year the B-ball squad is sporting the new look, height. At least it's the new thing here at Humboldt. Nine of the 12-man team are over the six-foot mark with three midgets, Wayne Baird, 5 ft., 11 in., George Ibarreta, 5 ft., 11 in., and Ervyl Pigg a mere 5 ft., 10 in.

Reaching over the Humboldt fog is giant Len Pollard at 6 ft., 5 in., followed by "Jumpin'" Joe Myers at 6 ft., 4 in. Going down the scale finds Bob Pelleberg and "Hooks" Glenn Wallace reaching up 6 ft., 3 in. Still farther down is Jerry Anderson and Bob Dunaway at 6 ft., 2 in. Bob Matthews and Lowell Ambrosini stand 6 ft., 1 in., while Dan Wilson is a fraction over the 6 ft. mark. With these Redwood Giants roaming the court for HSC we foresee a pos-

sible conference championship.

Ray Mechals, football ace and JV star, is expected to move to the varsity in the near future. Jerry Smith, last year JV star, who suffered a broken ankle in the Pepperdine football game, is also slated to start playing for the varsity. Ray played varsity last year and was the team's third leading scorer while Jerry, his roommate, led the JV scoring last season. Both should prove a valuable asset to the varsity.

The draft has hit Humboldt hard and it's hit where it will really hurt, the football squad. Bruce Freeman, linebacker and halfback, was called to play an important part in Uncle Sam's Navy while Jerry Garcea will serve in the Navy Air Force. Garcea was named to the third team little All-Coast team. He was the "brains"

Basic Foods Course Offered To Men

FOR MEN ONLY: That, of course, is the basic foods course, Home Economics II, "Meal Planning and Serving," to be offered this new semester for the first time in HSC history. The two-unit class will meet Tuesdays at 2 p. m. for an hour lecture and Thursdays, 2-5 p. m. in the CES foods lab.

Assistant Professor of Home Economics, Mrs. Mary Farr, who will instruct the potential chefs, has observed that similar classes in the preparing of simple meals are popular with men students in other colleges.

Little Man On Campus

"Sometimes I suspect Professor Snarf isn't always fair with his students. He always seems a little edgy after final exams."

WEARIN' O' THE GREEN NOT JUST AN IRISH CUSTOM

Green was the word last Friday afternoon as members of the Humboldt State football team received their conference championship award jackets at a special 11:15 a. m. meeting in the gym.

And Kelly green at that! Coach Phil Sarboe distributed the long-awaited jackets to squad members just prior to the Sem-pervirens and special award assembly. The coats are the result of donations by on-campus organizations, local businessmen, the Student Council, and the Block H Society. They replaced a proposed trip to the Stanford-Southern California game in Palo Alto last November 8.

The new coats add a new note to the male fashion sheet with their mid-thigh length, wing collars and leather sleeves. Yet to arrive, championship emblems are scheduled to add to the prestige of the coats. The emblems are miniature footballs showing that the wearer finished the season with the Far Western Champs.

Cupid Gets Results During Holidays

Leap year ended with quite a fizzle for Cupid as far as our Alma Mater is concerned, or else a new defensive weapon for the male sex has been invented. But with ears to the keyhole and Gieger-counter in hand, investigating parties managed to pick up a few hopeful items.

Among those taking the preliminary step with the first ring, we find Vera Matthews and Mel Hurd; Barbara Anderson and Bruce Freeman. Those with a little more nerve tied the second knot with vows to take the final

Student Art Exhibit In Adm. Building

The results of fall semester art students' work can now be seen in the College's temporary art gallery. The exhibit will close January 23.

The student art exhibit includes a wide range of art media: oil paintings, drawings in pencil, charcoal, pen and ink, conte crayon, and ink and wash; design and color plates; cardboard and metal mobiles; sculpture and a mosaic coffee table; lettering of various styles.

The art gallery, located on the second floor of the main building, is temporary until such time as the present library is moved to the new building.
