39th Commencement Exercises In Gymnasium on May 31st

A class of 113 students will receive diplomas and certificates in the 39th Annual Commencement Exercises in the College gymnasium Sunday afternoon, May 31. Besides graduating seniors, students will receive master's degrees, 2-year certificates and teaching credentials.

For the first time in recent years the Baccalaureate and Commencement portions of Senior Week will be combined. The program will begin at 2:30 p. m. with the Academic Procession of faculty members followed by the graduate candidates.

Fresno College Speaker

Dr. Arnold E. Joyal, president of Fresno State College, will give the Commencement address, entitled "The Ships of Life." Dr. Joyal is well known in the nation as an educator, administrator, and speaker.

As last year Dr. Homer P. Balabanis is chairman of the program for the evening; Dr. Hyman Palais is marshal and will lead the processional and recessional. Dr. Ivan C. Milhous, dean of education, will assist the Dean of Instruction in the presentation of candidates for degrees and teaching credentials. President C. H. Siemens will make the announcement of honors, awards, prizes and scholarships.

Music Groups on Program

College music organizations will also take part in the program. The Humboldt Little Symphony, under the direction of Professor Charles Fulkerson, will play the processional, "Pomp and Circumstance." (Continued on Page 8)

Dr. A. E. Joyal, president of Fresno State College, will be the principal speaker at the HSC Commencement exercises on May 31.

GOAL REALIZED for collegiates is the sheepskin and the education it represents. May 31 another class of seniors will re-enact the scene of last year when Jack Sears, an outstanding senior, received his A. B. degree from President C. H. Siemens in the College gymnasium. Dr. Homer P. Balabanis smiles in the background.

TWO HSC FACULTY MEMBERS TELL RETIREMENT THIS YEAR

Two longtime members of the College faculty announced their retirement during the past week. Mr. Horace Jenkins, on the HSC staff for 38 years, will leave his duties as ceramics professor at the close of this semester. Miss Adella Johnson, professor of modern languages, closes her career with 22 years' service to Humboldt State students.

Longest on Faculty

Mr. Jenkins, known as "Pop" to two generations of collegians, came to HSC in 1915, two years after Humboldt State Normal School was established by the State Legislature. During the years he organized pottery classes with equipment of his own innovation. He has written many articles for magazines and is considered an authority in the field. He earned his A. B. degree from Central States Teachers College and attended Stanford and California Arts and Crafts.

In 1950 the new industrial arts building was constructed and dedicated as Jenkins Hall in honor of Pop Jenkins. Because of declining health he has been teaching only part-time this year. He is 71 years old.

Miss Adella Johnson announced her retirement at the faculty-senior banquet Saturday night at the Eureka Inn. Respected and admired for her cultural contributions to the College "Mademoiselle" is well known to many students. She received her A. B. degree from the University of Minnesota and Master's Degree from the University of Washington.

She has traveled extensively in France and other European countries and also in Mexico.

For fifteen years she was sponsor of the two scholastic honor

societies, Rho Sigma and Chi Sigma Epsilon. During this time Chi Sigma offers each year a scholarship to an entering freshman. This was the first of the many scholarships now available at Humboldt State College.

Some Faculty Leave

Next year there will be nine less familiar faces about the Lumberjack campus. Following is a list of names of the instructors who will not be here next year: Mr. Charles Anderson, business; Mr. Jenkins, industrial arts; Mr. Roscoe Peithman, science; Miss Adella Johnson, languages; Mr. Robert Edminster, economics; Miss Marjorie Atkinson, CES; Mrs. Honor Brown, CES; Miss Charlotte Cooper, CES, and Mr. Charles Woodcock.

Mr. Anderson will teach in an Oakland high school; Mr. Edminster at University of Utah. Mr. Peithman goes on leave to study at the University of Oregon.

COLLEGE OBSERVES 40TH ANNIVERSARY

Final Exams Begin

There will be a light in every HSC student's window and coffee on the stove from the night of Friday, May 22, until Wednesday, May 27. The semester is over and final examinations begin tomorrow. In most cases the classroom, which has been used through the semester, will be the assigned room for the testing. Exceptions have been made in those classes which were too large for alternate seating. For further information look at the schedule on this page.

Most From Midwest

New Instructors Added to Faculty

Next fall new instructors will be on campus from all points of the United States, from Florida, Wisconsin, Oregon, and one is coming back to the campus as a teacher as CES after graduating from HSC with honors.

The new teachers are filling the vacancies left by those leaving after this semester and also taking overloads off of the present staff that has occurred with the larger enrollment.

Vocational Instruction

Two instructors will be added to teach the two new vocational classes in Dairying and Agriculture and Forestry and Lumbering.

Following is a list of 19 teachers who have already been accepted and their positions:

Miss Lois Carlson, CES teacher.

Dr. Floyd Glende, assistant professor in music education.

Mr. Hal Dick Chambers, assistant professor in art education.

Dr. Giles M. Sinclair, assistant professor of English.

Dr. William R. Raleigh, principal at CES and associate professor of education.

Dr. Bernard Hall, assistant professor of economics.

Dr. Louise Watson, assistant professor of women's physical education.

Dr. Frank B. Wood, assistant professor of foreign languages.

Dr. Robert M. Woodward, assistant professor of business administration.

Miss Patricia Anne Anderson, librarian.

Athletic Trainer

Mr. Cedric Kinzer, assistant professor of physical education.

Mrs. Rita H. Jones, fourth grade teacher at CES.

Mr. Edwin Pierson, intermediary. (Continued on Page 8)

The 40th Anniversary of the College is being observed this month with the publication of a 16-page information brochure for distribution to interested persons in the area. No public celebration is planned until next fall, when the three new buildings will be dedicated, probably during Homecoming Week-end.

On June 16, 1913, Humboldt State Normal School was established by action of the State Legislature. The Honorable Hans Nelson, Senator from Eureka, introduced the bill creating HSC. The first president was Nelson B. Van Matre. Control was vested in a local board of trustees appointed by Governor Hiram W. Johnson. Instruction began on April 6, 1914, with classes being held in the Arcata Grammar School building.

Three thousand copies of a 16-page information brochure depicting the past, present and future of Humboldt State College were released for distribution to Northwestern California high school seniors and other persons interested in attending Humboldt State.

Distribution to the high school seniors will be made through high school counselors. The brochure will be sent out to other persons through the Eureka, Humboldt County and Arcata Chambers of Commerce, which largely financed the brochure.

Featured in the brochure are 72 pictures of the campus, faculty, students and college and classroom activities, along with explanatory material. Of historical interest is the picture of the campus as it looked 40 years ago.

Assembly To Honor Athletes, Musicians

This morning's assembly will honor athletes and musicians. Basketball players, tennis, track, baseball and band members will receive letter awards and sweaters.

The HSC Band and choir will furnish entertainment for the assembly.

Distribution of the letter awards is as follows: baseball, 14; track, 5; basketball, 15; tennis, 7; band, 27; choir, 7.

McIntosh Elected Senior President

Don McIntosh, a wildlife major, was elected president of next year's senior class last Monday at the class meeting. He is a graduate of Eureka High and lives in Samoa.

Vice-president of the class will be Tapuni "Cappie" Ioelu, whose major is history.

Arlis Oman received the post of secretary-treasurer for the class and Bob Collyer will be the representative to inter-club council.

Registration For Fall Classes Close Today

Pre-registration for the fall semester program of studies is now underway, until tomorrow morning, the first day of final exams.

Students are urged to consult with their advisors to outline next year's course of studies and eliminate possible conflicts in their schedule of classes. Registrar Mrs. Myrtle McKittrick points out that this procedure will save students time when they return for registration day in the fall.

FINAL EXAM SCHEDULE

Hour that classes met during the semester	Time that the final examination is to be given
MWF 8 and MTuWThF 8	Monday, 3:30 p. m. to 5:30 p. m.
MWF 9 and MTuWThF 9	Saturday, 10:30 a. m. to 12:30 p. m.

Protect Home Industry Or Free World Trade

(EDITOR'S NOTE: The following article contributed by a student points up a problem of the local fishing industry in the face of a new policy by the Eisenhower administration to lower tariff walls so that other nations can trade with the U. S. "Trade not Aid." Part of the problem is that foreign labor is cheaper and therefore their goods can be sold cheaper in this country. The new U. S. policy favoring free trade extends to many other markets besides fishing.)

By Irene Riley

Must we sacrifice the livelihood of our fishermen to save the world from Communism? The State Department tells us that we must trade with friendly nations so that they can earn dollars to buy American goods. This is understandable, and we can see no objections, until we see proof of the effect it is having on our fishing industry.

The United States imported more fillets from Iceland alone last year than our entire production on the Pacific Coast, (Washington, Oregon and California), and Iceland sends us only 35 per cent of our fillet imports. Canada sends 51 per cent and the remainder comes from Norway, Denmark, Greenland, Britain, The Netherlands, West Germany and Sweden.

There is no indication that either Iceland or Canada would turn Communist if they were allowed to send less fish to us. Canada does not need American dollars to save her from Communism. Canada's national debt is approximately one twentieth the amount of the United States debt.

Army Big Customer

The Army has been a large fish consumer in the past few years. The chief veterinarian for the U. S. Army's European Command visited Iceland in 1953 to inspect freezing plants as a possible source of supply of fish to the Army. If the Army begins purchasing fish from abroad, there is the possibility that the drag boat operator will lose everything.

He has an investment of from \$25,000 to \$50,000 in his boat, often comprising his life's earnings.

Fishermen have almost no protection against foreign competition. Our cost of living makes it impossible for our fishermen to deliver fish at the same price as it is purchased from abroad.

Fishermen put in long, hard hours in all kinds of weather, usually from 5 a. m. to 10 p. m. or 100 to 120 hours weekly.

The fishermen took a 20 per

cent cut in the price of fish recently striving to obtain a better market. In return the buyers demanded another cut.

Equipment Costs More

The fishermen's investment in boats, gear, supplies, and repair and labor are from 40 per cent to 400 per cent greater today than under O. P. A. 1948 prices, yet they are quoted prices for fish as low as 10 per cent to 33 per cent below 1945 O. P. A. prices.

Information from the state of Washington shows that the drag fleet there is only one-sixth the size that it was in 1944. At that time they had an active fleet of 240 trawlers, today they have only 35 to 40, and they are operating on a very limited basis as to how many pounds of each species of fish they can deliver.

Figures supplied by the Fish and Wildlife service show that imports of fillets increased from 1940 to 1952 over 1100 per cent. In 1952 107 million pounds of fillets were imported and California fishermen, because of limited market orders, were only allowed to produce 9 million pounds.

Foreign vs. Domestic

The tragic part of this situation is that the Government seems to be playing politics at the expense of the taxpayer. Is this practice of gobbling small business men the example we set for the rest of the world? We are trying to sell the United States to other countries by pouring large amounts of money into their lands with one hand and depriving our basic industries with the other.

Our Government would do well to divert a portion of its attention back to the people it supposedly serves, since it supposedly derives its power from these people.

PRESIDENT RE-APPOINTED

Dr. Cornelius H. Siemens was recently formally re-appointed president of Humboldt State College by the State Board of Education.

Dairy-Farm Course Attracts Students

Through the new two-year dairy-agriculture program starting this fall at the College, students will have a chance to study dairying and agriculture on a college level, according to Dr. Homer P. Balabanis, dean of instruction.

Classroom instruction will be combined with actual farm experience through the program, said Dr. Balabanis. He pointed out the demand for the new study program came from high school students interested in agriculture who needed advanced work in agriculture.

Courses to be included in the dairy-agriculture curriculum will be Introduction to Dairying, Types and Breeds, Feeds and Feeding and Farm Projects.

Freeman New Head Of Teacher Group

The HSC Chapter of the California Student Teachers Association recently held their election of next year's officers.

As a result of the balloting, Lemuel Freeman will be president, Maxine Eppler, vice-president; Harriet Hubert, treasurer, and Margaret Molini, secretary. The old officers are planning to hold a council with the newly elected officers in the near future. They will discuss ways of improving the organization and plan the installation of the new officers which will take place at the next regular meeting.

There are 85 members in the organization. The meetings are spent in discussing teachers' problems and related topics.

So far this year, delegates have been sent to several state and district conventions. Some of these were the District California Teachers' Association meeting at Hartsook's Inn, CSTA Executive Council meeting at the Biltmore Hotel in Los Angeles, and the CSTA Northwest Workshop in San Francisco.

LAND SEA AIR

A FEATURETTE

SOON PARTED

By John Norton

When the flood came they pleaded with Wilbur to evacuate his humble dwelling. "The river will soon wash your home into its treacherous current, and you will surely be drowned!" Wilbur's many friends warned him. "No!" said Wilbur calmly, as he stood in his living room ankle deep in water, "I'll stay right here."

During the night the river rose higher under a driving rain, and Wilbur's four-room house was now leaking badly. The furniture bobbed about in the rooms, and Wilbur had now taken refuge in the attic.

From the highway people watched the house, which was now uplifted from its foundation and threatening to go into the river at any instant, and they felt very sorry for the old man.

Then unobtrusively the old house gave way, and half spun into the raging current of the swollen river, and the spectators gasped with horror. "Poor old Wilbur," someone said. Then suddenly appearing at a side window with a broad smile upon his face was Wilbur, and he was waving as he braced himself

against the window frame of the flood-tossed house. Then Wilbur disappeared beneath the river and was never seen again.

Ten days later, after the swollen river had receded Wilbur's house was found beached on the river bar. Upon exploring the wreckage of what was Wilbur's home, \$30,000 in five dollar gold pieces was found neatly packed away in a wooden trunk. But where was Wilbur?

State Colleges Better, Survey Reveals

Recent studies of student transfers from State Colleges to the University of California and vice versa have indicated that the balance of favor is with the State Colleges.

In several areas of consideration students replied that State Colleges offered better opportunities in such matters as social and emotional adjustments, in guidance facilities, in faculty interest regarding student learning accomplishments.

In April last year the first study was made concerning transfers to the University from State Colleges. In the fall of 1952 the problem was to have the same question asked of students who transferred from the University to the State Colleges.

Travel, Study, Work High On The HSC List

"What are you planning for the summer?"

Bruce Sweet—"I'm going to go to summer school here at Humboldt State and work in some local office."

Pat Mattax—"I'm going to be making plans to enter a college in South Carolina."

Carol Rumble—"I'm planning to work for the college."

Jackie Stein—"I'm taking a trip to Pennsylvania."

Norm Stewart—"I'm going to work in a service station in Leggett Valley."

Carol Slosson—"I'm going to summer school in Los Angeles at Occidental College and then to Feather River."

Bonnie Kelly—"I'm going to Los Angeles and work, I guess."

Jim Dunsire—"I'm going duck hunting in Alaska."

Nancy Hill—"I think I'll try to learn to cook."

Bob Church—"I'm going to work in the woods in Brookings, Oregon."

Jerry Pontes—"Go in the Army."

Dolores Pope—"Work in a summer camp as a counselor."

Edith Penfold—"Work in Eureka and go to the mountains."

Hank Yamagata—"Install TV sets here in Arcata."

Dick Knight—"Go to summer session, get married and go to work."

Kenneth Poyfaire—"Work on a state duck banding crew."

Al Morris—"Work in Eureka and finish my drag-wagon."

Pat Quackenbush—"Going to

Canada, Mexico, New York, Florida and Texas for a start."

Ralph Luce—"The first two weeks in Arizona and New Mexico, then work and two weeks in the Sierras."

Larry Bass—"Just work."

From the Files

June 2, 1943

"There will be no senior ball for the graduating class this year due to the fact that Stanhope Pedley and Richard Tinkey are the only male members left in the senior class. Tinkey will be the only senior boy present at commencement exercises."

May 4, 1933

About 1000 high school seniors were the guests of HSC. The students were shown a hi-jinx and given a dance. Also during the day a solo concert and a choral concert were given in their honor.

The custom of inviting high school seniors to visit HSC is over 20 years old.

May 31, 1950

The fisheries students, led by John DeWitt, rescued over 600 young salmon and steelhead from the Mad River. They could have died because of the drying river.

SHORT COURSE IN PHILOSOPHY

"... the last end for men is the contemplation of truth. This alone is distinctive of his nature, and no other corporeal being shares it with him. Nor is there any end beyond it, for the contemplation of truth is an end in itself. Hereby man is united in likeness with the superior spirits because this alone of all activity is common to God and the angels as well..."

"And to this end, all other human activities seem directed. For perfect contemplation we require bodily health, which is secured by all such artificial contrivances as are necessary for life. We require freedom from the perturbation (disquieting) of the passions a goal attained by the moral virtues and by prudence.

"We require freedom from external perturbation—a freedom at which the entire organization of civil government aims.

"So if you look at the matter rightly, all human occupations appear to be directed to the needs of those who contemplate truth."—Thomas Aquinas.

One of the first attempts in the United States to protect children at work was a Massachusetts law in 1842, which limited the working day to 10 hours for children under 12.

PIERRE THE LEGIONNAIRE

By John Norton

This is the FINAL issue of the weary Lumberjack, and tired Pierre is submitting his FINAL column before he goes bye bye (never did like olive drab). Lots of company, too. So, on behalf of the future Legionnaires, here is a FINAL farewell to all of the heart-broken girls we leave behind. (Used to think the legion was a 4F racket). The FINAL straw that dropped the camel. By the way, next week we have finals.

Tug-of-war — a number of huskies get on opposite ends of a long rope and pull in opposite directions, trying to break the rope. Pierre thinks that they should use a smaller rope. One team is always weaker than the other. At the college picnic it were the juniors.

Then there is baseball. In this game they use a round football, and the object is to sneak around three sand bags to home plate before the umpire sees you. If you be a freshman the juniors have 17 points to prove that the odds are against you.

The cars, that went in caravan fashion to the Korbel resort, were loaded to capacity. On the return trip they were loaded.

At night—yes, and sometimes during class. Pierre has stayed awake—thinking — thinking since Wednesday. Was it Poe? Was it —no—Rip and Bob work at nights. Then maybe Shakespeare, Lowell, Longfellow, Dahlen—no it had to be a poet with imagination. Pierre??? Well—to tell the truth, Pierre doesn't think we'll ever know who the hell rang the bell in the middle of the night.

It is wisely again the law to say hello to somebody in a newspaper column, so I'm sorry Edith but I can't do it this time. By the way, did Tiny ever make Stanford? Or is she still slinging hash in San Jose? "If the boys from the legion could dig me now." Signed: Pierre (who will care).

Pierre tips his derby to the departing seniors. It's been good to know you, and here's hoping that the luck of the Irish be with ye, and that life will always be a bed of shamrocks for ye. (Pierre's grandfather were an Irishman from the County Cork, and the only thing the old boy didn't uncork, we humbly add.— So with this, until Pierre makes the print again, so long to some, and goodbye to all.

DON'T TELL ME!

Where is Humboldt County? Is it on the Alaskan border or in Canada? These were a couple of the questions asked of the HSC delegation by aspiring journalists at the California Intercollegiate Press Association convention held in Fresno recently.

As explained by one of the Humboldt State delegates, Humboldt has a few roads leading into the county now, and the people are slowly becoming civilized, especially the students.

THREE NEW ADDITIONAL FACULTY

Three more new additions to the faculty for this fall have been announced by Dean of Instruction Dr. Homer P. Balabanis. Mr. Cedric R. Kinzer, assistant professor of education, will be athletic trainer. Dr. Louise Watson will work in women's physical education and Mr. Bernard Hall will instruct in economics.

"Professor Snarf must have held his final examination in here. It smells like the men's gym."

Editorial Page

LUMBERJACK

FRIDAY, MAY 22, 1953

PAGE 3

ONLY THE BEGINNING

When Humboldt's seniors receive their diplomas in the 40th annual commencement exercises a week from Sunday, most of the members of the class will close their studying careers. In reality, the commencement is not the end but another beginning, this time in the laboratory of life. The graduates will be learning from experience and applying the knowledge they have gained from books.

The College is sorry to see one of the finest classes in recent years leave the campus. The loss of these faces and cooperative students is a gain for the world-at-large. Those of us who remain behind wish them good luck and happy experimenting.

A LIBERAL EDUCATION

What is a liberal education? It is first of all not restricted by practical or material considerations. It is something more than vocational training and college social life, although it includes them both.

One might say that the purpose of a liberal education is to help the student live a meaningful life, and to enable him to begin to understand himself and a little of the world around him. Such an education must have a broad scope and include intelligent inquiry into every field of art and learning. Clearly, the years of schooling can only be a beginning.

Free Training

From this point of view a liberal education can only be acquired through open-minded investigation accompanied by wide study and training. Without it, the prosperous businessman, the brilliant specialist, and the gifted artist all suffer a crabbled and incomplete existence. Liberal education can be the basis for tolerant understanding and cooperation among men who want to question and study the significance of life.

Each year college freshmen meet with more and more required courses. This educational pattern is said to be imposed so as to insure the student a liberal education. But the word "liberal" implies acting in freedom, unbigoted, not bound by established forms.

Available Not Forced

Therefore a liberal education may be offered to the student but not forced upon him. Thus an education through required subjects may be broad and useful, but it may not in this respect be called liberal.

This distinction may not at first seem worth notice, but it is important when we consider the increasing number of required courses as a tendency toward the presentation of certain subjects and the exclusion of others, or as the presentation of certain ideas and the exclusion of others. It has been pointed out that indoctrination can hardly be called education; it certainly may not be called liberal education.

Jim Collins

AWS Women Plan Frosh Hospitality

Next fall, to better make the frosh girls feel at home at HSC, the Associated Women Students will assume a "big sister" attitude, and show the new girls about the campus.

For the remainder of this College year the A. W. S. will confine their activities toward mapping out next year's program. A. W. S. President Frances Hunt reported. After two and one-half years of inactivity, the A. W. S. has recently re-organized.

The A. W. S. set off their new program this year by having "mothers tea" May 2, which came out a great success, the president reported.

Collegians Sign As Teachers

Nineteen College seniors and graduate students in education have been placed in teaching positions by the College's teacher placement office, it was announced Monday by Mrs. Mary Louise Humphrey, placement secretary.

The students already placed and the towns where they will be teaching are as follows: Keith Bryant of Sacramento, Walnut Creek; Dian Carlsen of Arcata, Walnut Creek; Patricia Crowe of Eureka, Walnut Creek; William Goetz of Arcata, Eureka; Frank Pike of Eureka, San Lorenzo; Doris Romanini of Orick, Orick; Jacquelyn Steip, Arcata; Mrs. Darlene Turner of Cutten, Eureka.

Ruth Anne Clary of Petaluma at Petaluma; Katherine Goetz of Eureka, Eureka; Barbara Hackett of Ferndale, Arcata; Kathryn Knight of Crescent City, McKinleyville; Tom Knight of Arcata, Arcata; Pansy Peterson of Leta, Eureka; and Betty Walter of Arcata, McKinleyville.

Two other newly placed teachers, Adrian Mendes of Eureka, and Joan Palmer of Walnut Creek, will teach in the Palmer School, a private school in Walnut Creek.

Advisor Answers 'Lumberjack' Critic

By J. N. McIntyre

HSC Publications Advisor

In the Wednesday issue of the "Independent," Eureka's outspoken weekly newspaper, there appears the comment of Editor Wally Lee which are not complimentary to the Lumberjack.

We quote: " * * * And if the other articles on the same page (editorial page) are the result of academic learning, it is certain that no one of my three children ever will be permitted to enroll for this 'higher education'."

Mr. Lee's objections are to the content of the editorial page, a specific one containing a reference to the Eureka ballot boxes being stuffed, and also the spelling in the picture on page one.

Our first reaction is that Mr. Lee can't be serious. If so, our second is that he is taking himself too seriously. The spelling of "picnik" was a deliberate college hijink. The contents of the signed columns on the page are also in a light vein, satire but thought-provoking, (we hope). Getting students to write in a serious or even a light vein is many times difficult, because of the current "fear" complex, fear of being criticized. But the Lumberjack invites constructive criticism.

Being criticized is a sign to us that the Lumberjack is being read. We aim to inform, entertain, and to provoke thought, among readers, not just to promote Humboldt State College from a public relations standpoint.

Mr. Lee does not know of the ways of College students; in this case he has misinterpreted much of what he read.

The editor of the Independent is much in our admiration for his own original newsgathering and style of reporting. We are endeavoring to do the same with a spicing of collegiate capers, which the editor of the Humboldt Times, Mr. Elmer Hodgkinson, finds lacking at HSC.

We welcome the words of the weekly editor in our direction, but we submit the above words for his understanding, that is if his words are really serious as appeared in this week's "Lamp-lighter" column.

Student Art Exhibit Now In HSC Gallery

Art and Photography students wind up their spring semester's work with an all-out exhibit which is now on display at the HSC Art Gallery and will last until May 31. This display, which started on May 18, is considered one of the largest ever seen on the HSC campus and for the first time in HSC history the Press Photography class joins the art department in the end of the semester exhibit.

"The exhibit represents the best work done by each student," says Mr. Justin McIntyre, instructor of journalism, who is now teaching Press Photography. The students had their individual photo essay projects to accomplish within a given time.

"HSC never had a Press Photography class until this year and it is quite a boost for HSC to have such an interesting class," says Miss Dawn English, a sophomore majoring in Education and minor in Art.

The Art Department spreads out a little this semester in their exhibit. According to Mr. Melvin Schuler, assistant professor in art, the exhibit was quite a success. "I can't say that this is the best we've ever displayed," says Mr. Schuler. "But I can say that it is a very good show especially in watercolor not including Photography Class' part."

Watercolor, Nature Drawing, Pottery, Art Workshop, Landscape Drawing and Lettering are represented in the show. Each student is represented by some of the best work he or she did during the semester. Some paintings, according to Mr. Schuler, are being displayed to represent a type of work or technique.

The students represented are: Photography students, B. Evans, C. Pedrotti, B. Eggers, D. Gastineau, D. Ratzlaff and one picture

in the exhibit which represents both Eggers and Ratzlaff; one was the composer and the other was the camera technician.

Outstanding Watercolors

Watercolor class is represented by both the regular class and the extension daytime class. They are: V. White, A. Ripine, W. Willits, J. Pontes, R. Culbertson, G. Moore, J. Meyerhoffer, D. Taylor, H. Bettiga, A. Crandall, J. Ford, J. Eich, M. Bowersox, P. Crowe, A. Berg, N. Jaques, N. Hill, I. Forbes, G. Cornwell.

J. Cobb, M. Smith, Brown Everett, M. Pola, M. McGovern, G. Hamilton, B. Ocheltree, W. McLean, Betty Everett, W. Anderson, L. Cady, J. Stephens, D. Smith, H. Oldham, L. Larson, R. Cooke, H. Williams, M. Sutton, M. Schultz, A. Leamey, B. Kelly and L. Cornwell.

The nature drawing students are H. Bettiga, F. Morss, Nancy Hill, M. Bowersox.

Old Standbys

Workshop Class is represented by Betty Walter, J. Stephens, J. Meyerhoffer, B. Kelly, D. Erickson, M. Bowersox, H. Bettiga.

Landscape drawing students are D. Erickson, R. McKee, A. Ripine, J. Pontes, B. Walter, H. Bettiga, D. Kinser, M. Patenaude, P. Stebbins, J. Stephens, N. Hogg and Nancy Hill.

The pottery students are Mrs. Brislin, P. Stebbins, Lynn Pryer.

The lettering students are M. Bowersox, M. Monroe, Elsie Nelson, B. Cooke, N. Stewart, H. Oldham, N. Jaques, P. Stebbins and A. Crandall.

Logging Conference

The nation's first junior logging conference was held a few miles west of Ukiah in colorful Mendocino Woodlands April 29, 30, May 1 and 2.

TWO WILDLIFE SENIOR MEN WIN FELLOWSHIP AWARDS

Two senior wildlife students recently received fellowship awards for graduate study in Pennsylvania and Oregon. Danford E. White will go to Pennsylvania State College and Edward L. Hansen has a two-year program of studies outlined at Oregon State College.

Both students have been well-known for their scholarship and extracurricular activities at the College. Both are honor students, members of Chi Sigma Epsilon, HSC honor society. White and Hansen attended Los Angeles City College before transferring to HSC to study in wildlife management.

May 31 they will receive Bachelor of Science degrees in the 40th annual commencement exercises.

Public Relations For White

Danforth E. White, a senior in wildlife management, has been awarded a graduate fellowship of \$1200 to attend Pennsylvania State College next fall. The grant is renewable for a second year of study.

The Wildlife Management Institute of Washington D. C. made the award so that White could continue his studies in wildlife management. The HSC senior plans to minor in journalism and make his career in the public relations aspect of wildlife management. He will be working for a master of science degree.

At HSC he was active in student body affairs as Editor of the College newspaper, Lumberjack; secretary of Conservation Unlimited, campus wildlife organization and secretary of the student body - Administration Clarification Committee. He also contributed to the yearbook as photographer. He is a member of Chi Sigma Epsilon, HSC Honor Society.

Hansen to OSC

Edward L. Hansen, a senior majoring in wildlife management, has been awarded a two-year fellowship for graduate study at Oregon State College. The award was made by the Oregon Cooperative Wildlife Research Unit at Corvallis, Ore., and will consist of a year of field study and a year of classroom work for a master of science degree in wildlife management.

At Humboldt State Hansen has been active in student government,

EDWARD L. HANSEN

serving on the executive student council and the ASB finance board. He is an honor student, president of Chi Sigma Epsilon, upperclass honor society. In addition he has been active on student publications as writer and photographer, both for the Lumberjack, College newspaper and for Sempervirens, the College annual. He has been prominent also in the work of Conservation Unlimited, the wildlife club on the campus, HSC's largest student organization. His minor at HSC has been botany.

Both Hansen and White were chosen by the class "outstanding seniors" in the yearbook.

Year in Review

No Dull Moments During '52-'53

By Les Ryan

With the semester rapidly drawing to a close, we look back to find that this year has been almost as successful as Marilyn Monroe through a pair of three-dimensional glasses.

The academic year got off to a roaring start with a bean feed, bonfire rally, and variety show, which were part of the "Homecoming" activities. Donna Martzall was crowned queen of the Homecoming at the dance immediately following the "HSC" football victory over Chico.

Then there was the Sadie Hawkins dance and Daisy Mae contest held at the Eureka Municipal Auditorium; a popular Eureka High School girl, Jackie Carpenter Dutton was 1952 Daisy.

First Football Title

We now switch the scene away from "HSC" to Davis, Calif., home of the Cal Aggies. It is the last quarter of a football game. Cal Aggies have just tied the game at 21-21 and they still have their try for extra point coming. Humboldt fans pray that the point will be missed; it was but Humboldt draws a penalty. The praying starts again, but lady luck was with Humboldt that night and the toe-artist missed. Then an HSC drive in the shadow of the final gun, climaxed by a pass from Jerry Garcea to Glenn Wallace brought the Jacks the ball game and their first far Western Conference title.

Back at Humboldt we look at the drama calendar. During the year we were presented with such fine shows as "Our Town," "The Long Voyage Home." Another was set for April 30, May 1, 2, "The Curious Savage," which was student directed by Jerry Beck.

Active Music Program

The music department also presented many fine shows. The choir went on tour and then presented

"Hand me that rag, Ed, you musta spilt beer on these binoculars."

a home concert. Mu Epsilon Psi sponsored some Sunday afternoon concerts; there was the Popera and the Lumberjack band which did such a fine job of entertaining at rallies, assemblies, basketball and football games. The appearance of Alfred Frankenstein, critic, and Bernhard Abramovitch, pianist, was a popular program.

Besides the Homecoming and Sadie Hawkins dances, there were the Sno-Ball which was held at the Eureka Inn on December 12, the Sweethearts Ball, with Nadine Losensky being named Freshman Sweetheart, the Mardi Gras, a costume ball, the Popera, and the Junior-Senior ball last Friday night.

In January the Yearbook staff

held a contest to select the Sempervirens Sweetheart. Cecil B. DeMille, Hollywood producer, was sent pictures of the candidates and his choice was Barbara Anderson, of Eureka.

Miss Line Drive

The Lumberjack nine started out with a group of veterans, but ran into bad weather for training and a bunch of determined Chico Wildcats. At the last reading the Cats had clawed the Jacks four times, and the Jacks were in second place.

The faculty show turned out to be another hit, preceding the annual All-College picnic at Camp Bauer on Wednesday, May 13. For the most points scored the juniors won the class competition.

Last but not least for the seniors and others is final examinations and Baccalaureate and Commencement exercises to close collegiate careers.

Braun Visits Humboldt

Alfred S. Braun, 1951 graduate from HSC, recently visited the campus while on leave from the Navy. On May 8 he was one of 837 men graduated from the Navy's Officer Candidate School, Newport, Rhode Island, with the rank of Ensign. He majored in Speech-Drama while at HSC and was prominent in many Drama Department productions. His next assignment will be sea duty in the Pacific.

ARTIST FOR MAY

Floyd Bettiga Likes Abstract

Art Professors Reese Bullen and Melvin Schuler named Floyd Bettiga, a junior art education major, as Artist of the Month of May based on the marvelous results he accomplished in his art classes. This was announced officially on May 4th.

Twenty year-old Bettiga hails from Ferndale where he attended grammar and high schools. After he graduated from Ferndale Union High School in June, 1950, he went to Santa Rosa Junior College to continue his education. After a year in Santa Rosa JC, he was transferred to HSC, mainly for the purpose of going into art education and because it's closer to home.

Started Late

Bettiga is taking four Art Courses this semester. He claimed that he never had any art in any school until his second semester in Santa Rosa JC where he took art from Mrs. Abeal, one of California's well known artists. He used all the time he could spare learning how to draw and paint by taking an extension course from the University of California.

"Let's be honest with ourselves and live in our time," says Mr. Bettiga. "That's why I'm very much interested in semi-abstract art." He appreciates realism but it never excites him as much as semi-abstract.

Any Media Will Do

Bettiga doesn't have a favorite media as most artists do. He claims that any media is interesting to him although he never tried casein yet. However, he is looking forward to fun in experimenting with it as soon as he can. When asked about his favorite master, he revealed smilingly that his main ambition was to paint and draw as Van Gogh did, although some of Van Gogh's work was realistic. The Artist for May had been represented in many shows such as in the Humboldt County Fair, Humboldt Artists' Annual Show, HSC exhibits, and in Santa Rosa J. C.

Floyd Bettiga is the son of Mr. and Mrs. E. Bettiga of 1348 Lincoln Street in Ferndale.

About 77 million acres of forest land need to be replanted over a period of years if timber production is to be maintained and proper forest cover assured.

GREATLY IMPROVED over last year the HSC tennis squad is winning their share of matches this spring. From the left, Coach Franny Givins.

Chris Colgrove, Buzz Lincoln, Bill Myers, Paul Jensen, Allen Berg, Bob Dunaway, Jerry Lyon.

Jacks Dump Tigers In Practice Tilts

Early this spring the Humboldt State Lumberjacks won a double-header from the highly touted Arcata High Tigers. The Tigers are defending champions of the local CIF League.

Larry Paynter started the first game and hurled startling ball for five innings before being relieved by newcomer Clarence English. English protected a 2-0 score, by which the Jacks emerged the victors. Arcata garnered only one hit from the slams of Paynter and English.

Returnee Bob Kezley pitched the second game and was an easy winner by a count of 13-2. Rudy Diaz and Keith Darling, who recently joined the squad sparked the club at the plate.

These two convincing wins indicated a successful season for our baseball team. The victories were even more indicative of the team's strength, in view of the fact that several regulars were home for Easter.

Betrothal Announced By Sophomore Co-Ed

Since March 15 Marlene Pate-naude has been sailing to and fro about the campus. Why? Because Cupid has scored again. Marlene is now the proud possessor of a platinum engagement ring set with a blue sapphire with two diamonds on either side.

The giver of this beauty is Bill Hover, the son of the former Mrs. Simmons, who taught at Humboldt in 1948. Bill attended Cal Poly at San Luis Obispo and is now working at the Chapel of the Redwoods as an apprentice mortician.

Marlene is a sophomore majoring in elementary education and a graduate of Arcata Union High School. The wedding will be held during the Spring of 1954.

Winners Announced In Dorm Inspection

St. Patrick's Day was "mobbing day" in the dormitories and not the fault of the Irish. The students were cleaning and dusting out every bit of dirt from their rooms to go after the \$5.00 purses offered for the sharpest rooms in the dorms. After the inspection winners found notes at their doors which read, "Well Done," plus the first prize, \$5.00.

The winners were: Barbara McClaskey, Sally Fotens and Joan Gowell of the Nelson Hall Girls; Bill Glover, Frank Zak and Al Babich of the Nelson Hall Boys; Red Petterson and Keith Darling of Redwood Hall.

The second prizes went to Yvonne Morrison, Joanne Mathews and Arlis Oman; Lynn Pryer and Constandi Kari. Third prize went to Adele Woods, Claudia Wood and Billie Hall; James Stewart and Phil Nelson.

The judges were Dr. and Mrs. Warren Houck, Dr. Carl B. Strand and Mr. and Mrs. Farr.

About 15 million workers are covered by union contracts today, and the wages and working conditions of 20-25 million more workers are indirectly determined by the same contracts.

Gurnee's March Popera Selection

Dan Gurnee was the winner of the New School March Contest held by the HSC music department.

Judges listened to the four marches entered in the contest and chose the one written by Dan Gurnee, music major. It was performed at the Third Annual Popera held in April at the Eureka Municipal Auditorium.

Other entrants for the contest were Hal Sieber, Ed Solenberger and Charles Bleything. All four of these marches will be used during next fall's football season. The judges were Leland Barlow, James Means and Charles Bloom.

Student Recruitment

A group of faculty members visited local high schools recently in order to recruit students for Humboldt in 1953-54.

Dr. Ivan C. Milhous, Mrs. Myrtle McKittrick, Dr. Lawrence E. Turner and Mrs. Beverly Griffith traveled to South Fork High School at Miranda. Dr. Turner, Dr. Milhous and Mrs. Griffith were in Hoopa. Miss Kate Buchanan, Mrs. Griffith and Dr. Girard visited the Del Norte schools at Crescent City.

Each person gave a talk to answer the questions, Why go to college? Who should go to college? And entrance requirements at Humboldt was another topic for consideration.

Marines Beachhead at HSC

The Marine Corps' Officer Procurement Team for Northern California, Southern Oregon and Nevada, headed by Captain Karl D. Morrison, USMC, was on Humboldt State campus recently for the purpose of explaining in-college officer training programs to interested students.

SPORTS

LUMBERJACK FRIDAY, MAY 22, 1953 PAGE 7

SWINGING THE AXE

By MURL HARPAM

Memories—yes, the athletic year of 1952-53 will live a long time in the hearts of at least the athletes of HSC. It will be a long time before the championship football team of 1952 will be forgotten. Even more will the little incidents live with those involved.

We doubt if the 72-0 drubbing over Cal Poly will be forgotten even, though they'd like to forget it. Nor will Jim (Bongo) Ingram ever forget his 73 1/4-yard jaunt to pay dirt on a freak guard around play against Pepperdine.

Defensive Star George (Lucky) Psaros, who was the team's fourth highest scorer though he never played offense. He intercepted four opponents' passes for 24 points.

Jimmy (Alewishes) Alexander will never forget the Cal-Poly game when he scored three touchdowns and passed for another. (He still carries his newspaper clippings with him.)

Then there was the band of HSC rooters who loyally traveled to Davis, and helped spark the team to its first championship.

Track Spirits Revived

There'll be memories in basketball and baseball too as HSC teams finished second in the conference. Of course there's the 10-man track team that won its first meet this year since 1937 against Shasta and SOCE.

Yes, we'll cherish these thoughts, and the sports staff hopes there'll be even more and better memories next year and in the years to come.

New League

Rumors of the new Far Western Conference were brought to a reality last week-end when Humboldt State, four other Northern California colleges and the University of Nevada met in Sacramento to form the new conference.

Members of the new circuit are Chico State, San Francisco State, Sacramento State, Cal Aggies, Nevada and Humboldt State.

Play in the new league will start with the 1953-54 basketball season when Franny Givins, recently named basketball coach, pits his Jacks against Sacramento State January 8-9 at Humboldt. Baseball, track, tennis and golf schedules will be drawn up later with football starting in the fall of 1954.

The new league will find competition keener in each sport, particularly the spring sports. Only time will tell whether Humboldt will hold its own.

Netters Lose

The doubles team of Buzz Lincoln and Allen Berg finished third in the Far Western Conference meet at Chico last week-end. The Jack netters lost to Chico 6-4 and 6-2 then won from SOCE 6-4, 3-6, and 11-9.

Humboldt's singles ace, Chris Colegrove, lost to Chico 6-4, 6-2.

Cindermen Rack 12 But Last In FWC

HSC trackmen traveled to Davis last Saturday to compete in the Far Western Conference meet. The Green and Gold only gathered 12 points taking last place. The Cal Aggies finished first, Chico followed and SOCE placed third.

Bob Hughes placed second in the high hurdles and third in the lows while Leonard Pollard and John DeMartini placed second in the 220-yard dash and discus respectively. Murl Harpham placed fourth in the 880 to account for the Jacks total 12 points.

Sportswomen Plan Activities

A variety of courses will be offered in the fall to incoming freshmen and upperclassmen under the Women's Sports program planned for 1953-54, according to Miss Kay Gott, physical education instructor.

Freshmen P. E. course is required of all first-year students and includes body conditioning exercises and the introduction of various activities including the trampoline.

Team sports will be offered in both the fall and spring semesters. Hockey and volleyball will be featured in the fall. The P. E. department recently obtained new hockey equipment for use next year.

Mixed activities which have been planned for next year's P. E. program include modern dance, introduction to social dancing, bowling, archery, tumbling and trampoline, badminton and tennis.

The Women's Athletic Association is open to all classes and freshmen women are especially urged to join, and every year a party is held for freshmen. During the college year the WAA travels to another college where the women participate in competitive events.

Next year the WAA plans to invite Santa Rosa to HSC. The club also participates in exchange sport days with various high schools and sponsors an annual playday in which all high schools in Humboldt and Del Norte County are invited to attend.

Miss Elsie Butler, librarian for the College Elementary School library at the College, has been elected vice-president of the School Library Association of California, Northern Section. Her new office carries with it the duties of program chairman.

CHICO WINS FWC CROWN; JACK NINE FINISH SECOND

FUTURE HOPES LOOK BRIGHT

By Bill Joy

With the close of another college year upon us, we must look to the future, the athletic future of Humboldt State.

The school won its first football championship in the history this year and we naturally look forward to another victorious season. We lost several key members from this year's team, probably the most important of which was Jerry Garcea. He was the brains behind the brawn and will be hard to replace. We can look forward to another typical Phil Sarboe football team—a winning one.

Cage Vets Back

Our basketball team displayed a fighting spirit and missed the championship only after a gallant try. Four of the starting five, plus talented reserves are expected back.

Our baseball team finished second in the Far Western Conference championship and the track team garnered the most points ever won by a Humboldt squad last Saturday. Practically all the athletes performing in these two spring sports will return, if Uncle Sam or some other matter does not turn up first. In general, the future looks good if we are able to provide our athletes with the most important vein of their life—athletics.

Chico Wildcats reign as Far Western Conference baseball champions having gone through a ten-game league slate without a setback. They got a severe fright Friday afternoon, however, as they were forced to come from behind in the seventh inning in each game to hand a double setback to the determined Humboldt State Lumberjacks, 5-4 and 3-2.

Fail in Seventh

In the first game Coach Phil Sarboe's Jacks led 4-1, going into the seventh stanza, but the Cats' bats went to work booming out for four runs and the game.

Again in the second contest the Jacks took a 2-1 lead when Rudy Diaz homered with one man on, but in the final inning Chico rallied on a home run with one man on.

Chuck Perry started on the mound in the first game and was relieved by Bob Kezely in the fifth. Kezely pitched the second game. Bob was charged with both losses. Bill Joy played steady ball behind the plate. Ray Mechals banged out two home runs but one of them was forfeited because he failed to touch second base.

Final Results

First game:
Humboldt120 100 0—4-7-1
Chico000 100 4—5-9-0
Perry, Kezely (7), Joy; Kiser, Torenson (3), Stafford (7).
Second game:
Humboldt000 020 0—2-4-2
Chico000 010 2—3-5-2
Kezely, Joy; Guerra, Hutton.

Far Western Conference Final League Standings

	W	L	Pct.
Chico	10	0	1.000
Humboldt	5	5	.500
Cal Aggies	2	6	.250
SOCE	1	7	.125

Hughes, Torrence Track Standouts

Bob Hughes, 22, was the track team's number one hurdler for HSC this season. He took second and third in the high and low hurdles at the Conference Meet last Saturday.

Bob played football for San Jose State in 1951, and will be a great asset to HSC's football squad next fall. He also played football and was a track man at East Los Angeles Junior College.

Majoring in fisheries, Bob plans to work with the California Fish and Game Department after graduation. He is married to a beautiful, dark-haired girl from his home town of Los Angeles.

Rookie Miller

Don Torrence, 19, is the rookie of the track squad. Don has been running the mile and two mile for HSC this season and has taken firsts in the mile and two mile this season.

Hailing from Spokane Don graduated from John Rogers High in January of 1953. He is majoring in business administration and minoring in physical education. "Curley," as he is called, is not married but it is rumored that he has a steady girl back home.

Faculty Leads Students In Annual Golf Matches

The second annual faculty-student golf tournament is currently in progress at the Bayside Golf Course with the faculty team holding an early lead.

Mr. Maurice Hicklin downed Jerry Smith by one stroke. The score was 98-97. At the halfway point Toads Stebbins is leading Mr. J. N. McIntyre to give the student team hope.

In defeating the faculty last year in four matches, the students initiated a "grudge match" between Frank Pike and President Siemens. Pike won in '52 by a slim margin.

The current match will be scored on the basis of total team strokes.

Other matches to be played are Bob Church vs. Mr. Franny Givins; Keith Sharpe vs. Dr. Ivan C. Milhous, Bill Rall vs. Mr. Philip Sarboe, and Herb Rogers vs. Dr. Harry Griffith.

News Roundup for Year

CHUCK BLEYTHING TO HEAD CHOIR NEXT YEAR

The College A Cappella Choir held their election recently with Charles Bleything, a junior music major, winning the post of president.

Lewis Sbrana, freshman, was elected vice-president of the music group. The position of secretary-treasurer went to a sophomore, Joline Killinger. Bill Jones, a freshman, will serve as inter-club council representative for the choir next year.

The posts of social chairmen went to Harriet Hubert and Bob Flockhart, both freshmen at HSC.

Eggers Leads Newmanites. Meeting recently, the Newman Club at HSC chose their officers for next year's term of office. Bob Eggers, a sophomore majoring in physical education, was elected president of the group.

The post of vice-president went to Floyd Norcott; Nadine Lozensky received the position of secretary, and Bill Papke is the new treasurer of the club.

Home Economics Leaders Elected president of the Home Economics Club on campus, Adelle Woods, a junior, will assume her duties at the beginning of the fall semester next year.

Receiving the post of vice-president was Nita Eich, a sophomore at HSC. Rose Linser was elected secretary of the group and Sandra Soules is new treasurer.

C. U. Elects At a recent meeting of Conservation Unlimited, Ken Gelatt was elected president of the club for next year. Gelatt is a junior majoring in fisheries.

Richard Ridenhour was elected vice-president of C. U.; Les Lahr, recording secretary; Don Gastineau, treasurer; Jim Adams, corresponding secretary, and Bob Weddell, sergeant-at-arms.

Block H Slate New president of the Block H for next year's term will be Bob Eggers, a sophomore majoring in physical education. Eggers was elected at a club meeting held recently.

"Buzz" Lincoln was elected vice-president of the group; Red Wright, secretary; Hank Yamagata, treasurer, and Wes Willits will serve as inter-club council representative.

Dorm Women Elect The Nelson Hall women held an election recently in which Adele Woods, junior home economics major, received the presidency. Miss Woods will officially take the post at the beginning of next semester.

The new vice-president of the hall is Margaret Molini; Joan Guyn, secretary; Gerry Baker, treasurer; and Pat Hitchcock will serve as fire chief.

Council Reports On Year's Accomplishments

By Blanche Evans
ASB Commissioner, Publicity and Publications

Tuesday night brought the final curtain down on the first year of operation of the Executive Student Council under the new constitution adopted by the Associated Student Body in the 1953 spring election.

In reviewing and evaluating the accomplishments of the council President Dick Harmer stated "The Executive Student Council tried to carry out all the wishes of the students whom they represented this year. Under the new constitution changes have been and most likely more will be made. At present the 1953-54 tentative budget has been drawn up with a cut of \$11,000 from the original requests."

President Harmer also said that "if the new president, Earl Rumble, receives as much co-operation from the student body as I received the coming year will be a success."

Retreat Big Success

One of the most important accomplishments of the council, President Harmer felt, was the initiation of the first annual student council retreat—an orientation, education and indoctrination session for the ASB officers and leaders of the campus. The retreat prepared these people to better carry out the duties of their office in the next year, Harmer said.

Under the leadership of Jerry Smith, organizations and activities commissioner, the inter-club council, consisting of representatives from all campus groups, was organized. Through this group an activities calendar was completed and installed in the Coop.

Trophy Case

Eldon Watts, awards commissioner, finished arrangements for the installation of trophy cases in the Coop. He and his committee also checked the history of all awards and trophies of the school and recorded them for future information.

Another important accomplishment was the drawing up of an amendment providing for an interim government which will function in place of the regular student council during the summer months.

The Universal Student Body card issue was presented for the third time to the HSC students and was voted down by an increasing number of people for the third time.

The aforementioned items include only highlights of the year.

SPOKES NAME SLATE FOR NEW YEAR

Janis McClaskey, a junior majoring in education, was recently elected president of the Spokes, women's service organization at HSC.

Joan Flockhart received the post of vice-president; Margaret Molini, secretary; Arlis Oman, treasurer; Nona Hogg, parliamentarian; Nelcyne Smith, historian, and Ann Colosimo, inter-club council representative.

The Spokes held their formal installation dinner Monday, May 11, at Nelson Hall where the new officers were installed.

Outgoing officers were Marcia Bartlett, president; Arlis Oman, vice-president; Nona Hogg, secretary; Patsy Ball, treasurer; Ann Colosimo, parliamentarian; Yvonne Morrison, historian, and Rita Lou Bertain, inter-club council representative.

Junior Class Wins Picnic Competition

Overcast skies and intermittent rains could not dampen the spirit shown by students during class competition in the various contests of the All-College picnic held at Camp Bauer, May 13. The junior class won the most events with 17 points, runners up were the seniors with 15 points. Next came the sophomores totaling 12 and the freshmen with 8 points. Softball and volleyball were part of competition.

Towards evening the picnic crowd moved to the HSC gymnasium where a delicious dinner was served followed by a sock hop.

The faculty really outdid themselves this year in the annual faculty show. Many lines were lost in the howling of the noisy mob of students. Two of the most spectacular acts were headed by Dr. Ned Girard with his interpretation of a bad little boy and Mr. Roscoe Peithman as "Christine."

Students Prepare for Academic Battle

By Bob McWilliams

Come Saturday we meet in a major engagement. That being the battle of wits: student against professor. We are endowed with certain inalienable rights; among these are ponies and crib notes for the pursuit of a better grade.

Excessive doses of benzedrine help one to stay awake for making certain of success. Milk packs are going over big for those with ulcers, which begin to rack each year at this time.

Not Help, Obstacles

The light shines bright for you who can endure the obstacles so deceptively placed by the educators in the field of higher learning.

Having once again survived the onslaught and emerged the victor, you see the doorway to future study open; you are again entitled to the rights of the free and, most important, admiration and reward of your parents. The family car is still yours, home-cooked meals are offered on schedule, and the checks will still come through on time.

Choose your weapons, use them well and may the victorious once again bless this shrine with their being.

The first year under a new constitution always necessitates the formation of many policies for clarification of the general terms of the paper. Such was the case with the Executive Student Council so some of the policies fulfilled expectations and others failed.

FACULTY RADIO SERIES TO AIR THIS SUMMER

The faculty radio program which has been in effect during the college year of 1952-53, will be continued through the summer.

This ten minute program, "For Your Information," heard over radio station KIEM in Eureka on Sunday evenings, is primarily for adult education, and to promote college community relations.

Next Sunday Dr. Hyman Palais will speak. On May 31, Mrs. Flo Ramsey; June 7, Dr. Ivan Milhous; June 14, Dr. Carl B. Strand. Every Sunday thereafter a member of the Humboldt State College faculty will be heard during the summer months.

Faculty Plan Summer Learning

This summer John Van Duzer will attend UCLA, Lee Barlow will be at USC, Charlie and Jean Fulkerson will again be in the Carmel Bach Festival, Jack and Lynn Pauley will be at the U. of Colorado, where Lynn will teach costuming and Jack will be an assistant director to B. Iden Payne. Jim Mearns will be at the U. of Michigan, Mel Schuler will be in Mexico painting, Reese Bullen will take some more pottery courses in the Bay Area, Art Stegeman will be at USC. Pop and Mom Jenkins will be in Arcata.

Commencement

stance," and the Recessional, march from "Athalia," by Mendelssohn. The orchestra will also play an additional selection. The HSC A Cappella Choir will sing two numbers, "I Sat Under His Shadow" and "Alleluia."

Edward Creech will speak as a representative of the senior class. The Baccalaureate address, "Marching Off the Map," will be delivered by The Reverend Barrett Kirby. The Reverend Russell Van Allen will give both the Invocation and the Benediction during the program.

A reception for the graduates, sponsored by the Humboldt Alumni Association at Nelson Hall, follows immediately after the Commencement ceremony.

KINDERGARTEN class in the College Elementary School at Humboldt State turned into pint-sized cooks recently and made a big batch of whole wheat bread.

C. U. To Honor Wildlife Grads

By Glen Griffith

Tomorrow night Conservation Unlimited will honor its 11 graduating members. These men will be guests of the club at a dinner to be given at the Vista Del Mar in Eureka.

Those graduating members are Jack Vorhies, Neal Patterson, Vic Oglesby, George Wurst, Earl Gibbs, Ray Johnson, Dan White, Ed Hansen, Gene Wilson, Gordon Millar and Glen Griffith.

As far as the club is concerned this will be the last social activity of an active school year. Great headway has been made on the John Lewis Memorial and the spring semester saw the conception of the Conservation Education Program with organized talks together with slides being presented to many schools and clubs of the area. In view of the gratifying response given these presentations, it is hoped that the program will continue on an even greater scale next year.

At the recent annual classic, "The Clambake," the new "Champion Liar" was selected, this honor being bestowed on "Groceries" Wurst.

So with the graduates dinner Conservation Unlimited will put out the fire and call in the dogs until the fall semester begins.

New Instructors

(Continued from Page 1)

ate vocational instructor in Forestry and Lumbering.

Mr. William H. Seibel, assistant professor of speech and radio.

Mr. Cleburne H. Gilliland, seventh grade teacher at CES.

Miss Elizabeth B. Ward, first grade teacher at CES.

Dr. John W. Baker, assistant professor of political science.

Dr. Mark B. Rhea, senior vocational instructor in dairying and agriculture.

Dr. Donald M. Soule, assistant professor in economics.

SHOWING of wildlife movies, colored slides of Humboldt County wildflowers and wildlife, and live animals—all are part of the program nearly 1000 Humboldters have seen since February.
