

Large Potential Seen in North Coast for HSC

Humboldt, Del Norte and Trinity County areas have the second largest potential growth of students from kindergarten through the twelfth grade, during a four-year period between 1953-57, according to a study of higher education by the state board.

Using these estimates as a basis for expected enrollment in junior and state colleges and universities, the board has put the total enrollment of students in all colleges in 1965 at 2968 from these counties.

They believe about 2400 will attend state colleges. Of this number President C. H. Siemens says about 1800 full time students may be expected to come to Humboldt State. Another 400 students will be enrolled for part time study, he says.

Figures for the fall term set 700 students from District 1 for Humboldt with 244 attending other state colleges. None of these figures include students from out of county or state.

Some 1200 local high school graduates probably will enroll at Humboldt by 1960 with some 400 attending other state colleges if population increases continue at the rate they have been for the past few years.

Regarding construction of new state colleges or new campuses to the University of California, the state board recommended none until 1965. At this time this recommendation should be revised, they said.

This investigation committee felt that instead the state should continue expansion of present facilities to fit needs of the communities covered.

Work Under Way On 'Antigone'

Rehearsals are well under way for the Jean Anouilh version of Antigone, second major dramatic production of the school year. Presentation of the tragedy will take place on the evenings of February 25 and 26, and March 4 and 5.

The drama of the play revolves about several characters: The two sons of the late king of Thebes, Oedipus, who kill each other in a civil war; Creon, brother-in-law of Oedipus, and now king, who ordains that one of the dead brothers be left unburied to the vultures and jackals; and Antigone, their sister, who defies the edict and heaps earth upon the dishonored corpse and is buried alive as punishment.

Antigone will be played by Pat Quackenbush. Other leads are Creon, Homer Ratcliff; Chorus, Chuck Coon; Ismene, Beverly Dahlen; and Haemon, Gary Baker. Director of the drama is Dr. John F. Pauley.

HSC Enrollment Mark Up to 986

Enrollment for spring semester reached 986 Wednesday afternoon after the first week of classes, and was still going up late this week.

After the first week of classes students must obtain consent of instructors to register, but students will continue to enter until February 25, the last day for program changes without penalty.

Enrollment already has exceeded the former record registration for spring semester, the 832 of last year. Spring enrollments normally are lower than those of fall. Record fall enrollment was the 1054 of last semester.

No. 14

TO SING SUNDAY—The Madrigal Singers, 14-voice vocal ensemble directed by Leland Barlow, associate professor of music, will be a feature of tomorrow's concert by the Humboldt State College Choir. Pictured are, seated, from left to right, Joline Benites,

Kay Lawson, Kay Killinger, Susan Spidell, Janell Linderman, Patty Hartley, Jean Richards, Jack Sintic and Leland Barlow, director. Standing are Jerry Chase, Bob Alender, Jim Ely, Bob Harris and Bob Ennes.

Plan Mardi Gras Carnival-Dance On February 19

Traditionally the last fling before the abstinence of Lent, the Mardi Gras will be held as a costume ball and carnival on Saturday, February 19 from 9 until 1 in the college gym. The Clef-Dwellers will provide music for the annual carnival.

Sponsored by the Newman Club, the Mardi Gras is under the chairmanship of Bill Papke. Prizes will be awarded for the most original costumes, and booths provided by most college organizations.

This year's observation of the traditional night of merriment will almost exactly coincide with the real Mardi Gras celebration, Papke pointed out. New Orleans' famous celebration will end on the following Tuesday.

Assistants to Papke in arranging the dance are Mike Fielding, Bob Jacobson, Pat Hammond and Norma Papke.

Named to Board

Mike Fielding, representative-elect to the Student Council, was appointed to the Board of Finance at last week's council meeting. He replaces Paul Jensen, outgoing representative.

Also appointed at the meeting was George Ibarreta to head the All-School picnic committee. Date of the annual school outing has been set for May 12.

HSC President Refutes Solution of Ancient Problem

An assertion by a 60-year-old Trinidad plywood worker that he had discovered a method of solving a heretofore insoluble mathematical problem was refuted this week by Humboldt State College President Cornelius H. Siemens. Dr. Siemens, a member of the mathematics staff at the University of California for two years, categorically denied that the ancient problem of trisecting an angle can be solved using only compass and straightedge.

Fred L. Peters, an employee of Humboldt Plywood whose education stopped when he graduated from Marysville, California, High

Choir Gives Concert Tomorrow; To Leave on Tour February 20

The Humboldt State College choir, 45 voices strong, hits the high point of its long and varied season this week and next when the annual concert and tour are scheduled.

Eureka Coed Wins Sweetheart Title At Freshman Dance

Kathy Rockey, freshman dental hygiene major from Eureka, was named Freshman Sweetheart over a field of ten candidates at the annual Sweetheart ball Friday night.

Miss Rockey was introduced by master of ceremonies Harmon Bonnickson. Members of her court included Karen Paulson, Kay Killinger and Pat Hutchens, who had been chosen by vote of the student body from an original selection of ten candidates.

Famed Cartoonist Applies for HSC Teaching Position

Humboldt State College may have more prestige added to its circle of faculty members next fall if a well-known and popular cartoonist is accepted in a teaching position.

Dick Bibler, whose cartoon is a regular feature of the Lumberjack, has applied for a position in the art department. His "funnies" on collegiate activities are syndicated in more than 100 colleges and universities.

The choir, and its complementary group, the Madrigal Singers, will appear in its final public performance before the tour Sunday afternoon at 3 o'clock when a full concert is scheduled in the college auditorium. Leland Barlow, associate professor of music and director of the organization, will conduct the concert.

Some 16 performances will be given on the tour, which leaves Arcata Sunday, February 20. First performance is scheduled Sunday in Garberville, with the final concert at San Francisco State College on February 25.

Other high points on the tour will be appearance at the College of Arts and Crafts in Oakland, a radio broadcast over KFRC, and an evening concert for St. Mary's students at Moraga. The radio performance will be taped for later rebroadcast over station KIEM.

Other performances on the five-day tour are planned at South Fork High, Willits High, Ukiah High, Ukiah First Baptist Church, Ukiah and Santa Rosa radio stations, St. Helena First Presbyterian Church and St. Helena High. Further concerts are scheduled at Napa High and Junior College, College of Marin at San Rafael, and San Rafael High. A concert at Petaluma High may possibly be added to the schedule.

Belotti To Lead Talk During Religious Week

Frank Belotti, state assemblyman from this district, will lead a discussion on "religion in government," as part of the program planned for Religious Emphasis Week, Chairman Jack Legate announced this week. The talk will be one of five held during the week, all planned around the central theme of "Religion in Life."

A. J. "Tony" Goselin, widely known Eureka businessman and active Knights of Columbus member, will lead a discussion on "Religion in Business," in another phase of the week-long observation.

Dr. Frank N. Freeman, professor emeritus of education at the University of California at Berkeley, will highlight the week's activities on Monday when he will speak at a special student assembly. Dr. Freeman, former dean of the School of Education at Berkeley, will also lead the night's discussion of "Religion in Education."

Phil Sarboe, HSC's director of athletics, and Ced Kinzer, assistant professor of physical education, will lead another discussion on "Religion in Athletics." Still to be selected is the leader for the final discussion on "Religion in the Family."

Sponsored jointly by the Religious Commission of the College Y and the Newman Club, Religious Emphasis Week is under the direction of Jack Legate, a junior from Fort Worth, Texas. Adviser to the Religious Commission is Dr. John W. Baker. William Jackson, chairman of the division of business, is adviser of the Newman Club.

HSC Wildlifers Win Scholarships

Two Humboldt State Wildlife Management majors, Ron Batchelor and John Voris, have been awarded graduate fellowships to continue their studies at Oregon State College and Iowa State University, respectively, the Wildlife department announced this week.

Batchelor, former president of Conservation Unlimited, will participate in a co-operative wildlife research unit at Oregon State while working toward his master's degree. Batchelor is a mid-year graduate hailing from Mill Valley.

Voris, a senior from Ventura, will participate in a similar project in Iowa. Voris received offers from Penn State, British Columbia and Oregon State College in addition to the Iowa grant.

Poyfaire Named New CU Officer

Newly elected officers of Conservation Unlimited took over their posts at the group's first meeting of the semester Wednesday night.

New president is Ken Poyfaire. He succeeds Ron Batchelor, who was graduated with the B. S. degree in wildlife management at mid-term.

Other new officers are Bruce Wyatt, vice-president, succeeding John Voris; Felix Smith, secretary, succeeding Rolf Mall; Roy Magnuson, corresponding secretary, succeeding Smith; Kay Johnson, treasurer, succeeding Poyfaire, and Ray Baxter, sergeant-at-arms, succeeding Bill Meyer.

The officers will serve for one semester.

Plans moved ahead at the meeting for annual Conservation Week March 7 through 12, which will include the assembly March 11 and the banquet March 12.

Is This Democracy?

The student body election just past, in which four representatives were elected, supposedly to represent the student body as a whole, was notable in only one way—the monumental lack of enthusiasm on the part of everyone concerned.

Few students knew until the day the polls opened that there was to be an election. Fewer yet knew who was running and what the issues were, if any. Even the candidates evidenced no great interest in the whole affair.

If Humboldt State were a nation, the whole country could be said to be ripe for a dictatorship. Since these candidates were students and presumably had no political ambitions beyond the posts they attained, anything like this is hardly likely in this case. But, considering the varied and sometimes rather expensive activities sponsored by the student government, it would be thought that most students would be interested in who runs their enterprise.

It is possible to consider the twenty-odd dollars each student shells out for a student-body card each year merely part of the expense of going to school, and accept any returns for that expenditure as a gift from heaven.

It is also possible, however, to consider that money an investment in football games, plays, newspapers, assemblies, from which some greater return might be expected. Whether the student government is now being run efficiently or not is beside the point. Unless an interest is taken by someone, no more improvement can be expected.

If the student body elects a council and then washes its hands of the entire matter, it is going to receive government as the council wishes it. While this may be, and as a matter of fact is, good government, it is hardly democratic government.

PICNIC PLANS UNDER WAY

Plans for the annual all-school picnic, to be held May 12 at Camp Bauer, are already under way under the direction of co-chairmen George Ibarreta and Ray Cesaratti. Committee chairmen are now being selected, with several already named. Among those selected are food, Avis Fredericks; dance, Mike Fielding, and PA system, Ron Goble.

Of All Things

By SYD STIBBARD

This morning as I was dashing to class I paused just long enough to be a gentleman. I pushed open one of the doors for a girl and somehow took a square inch of flesh from my thumb with the lock mechanism, or something like that. I experienced that old feeling of being outraged at machines; that wave of indignation that smart old me should run afoul of an inanimate thing that adheres to constant laws of some sort.

People who have taken advanced courses in Shakespeare's personal habits and Proust's asthma tell me that this sort of thing is what I laugh at when I see Charles Chaplin in a movie. The poor bewildered man caught in a mechanistic world. They say that it is the basis for 99 per cent of our humor.

I have not only restrained my humorous outbursts, but also my tears and cries of anguish as I have stumbled through life catching my knecaps on coffee tables, my knuckles on rusty head bolts, my fingers in the cash register and my head on cupboard doors or anything else that is about that high.

So, when I see Chaplin gets caught in HIS mechanistic world I laugh. I don't think I do it just because someone is falling or getting hit on the head . . . and it isn't me, for once.

I think that it is because Chaplin is graceful about it, and I'm not at all.

Club Capers

Those mysterious signs posted about the campus alternately whispering and shouting "19" refer to the Mardi Gras to be held on February 19, sponsored by the Newman Club. Bob Jacobsen, Pat Hammond, Mike Fielding and Bill Papke are working on arrangements, and music is to be provided by the CLEF DWELLERS.

Watch the White House! Social event of the year coming up—something about the Oriental Web. So says Gene Marks, "part-time treasurer, etc., etc., and so forth" of the student dwelling.

Nita Eich reports a scholarship tea to be held soon at Nelson Hall by members of the Home Economics Club. Invited will be donors and recipients of scholarships for the semester.

The Spokes held their annual pledge tea last week in the office of the Dean of Students.

Plans for the annual Drama Club junket to San Francisco at Easter vacation time are underway and piggy banks are growing heavy with activities loot.

Artists Display Unusual Ability In Gallery Show

By ALLEN RIPINE

Alton Raible, well known Bay Area print maker and instructor at the California College of Arts and Crafts, Nora Yamamoto, and Sam Richardson display exceptional artistic ability in their exhibit at HSC Art Gallery. Hal Chambers, associate professor of art, commented on Mr. Raible's work, saying that he had never seen anyone with such variety and versatility.

The subject matters and print atmosphere brought by each artist are somewhat different. Melvin Schuler, associate art professor, pointed out that the exhibit is a success because of this difference. He stated, "The humor, composition, color quality, and the matting all play tremendous parts in the exhibit." He further commented that the Japanese artist, who studied at the California College of Arts and Crafts, is different from the other two because of the seriousness and religious atmosphere in her prints. Raible and Richardson create a lot of humor in their work.

As to the matting, Mr. Schuler said, "Notice the quarter inch border around the edge. It's done on purpose to show the craftsmanship in controlling the edge of the print." Traditionally, this is the way prints should be matted. The information at the bottom shows the date, title, the number of the print out of the total number of prints printed, and the artist's name.

This exhibit will be at the HSC Art Gallery through February. And starting March 1, one of the well known artists, Jason Schoener, will exhibit his work which brought him wide acclaim and recognition. Mr. and Mrs. Schoener will visit the HSC campus on February 18.

History Examinations To Be Held Feb. 16

Comprehensive examinations fulfilling California requirements in U. S. History, U. S. Constitution, state and local governments will be given February 16 from 3 to 4 p. m., Dr. Stanley Spaid, chairman of the division of social science, announced this week.

The tests may be taken in lieu of some lower-division courses otherwise required for graduates or for a California credential. Persons wishing to take the test should contact him before February 14, Dr. Spaid said.

Scholarship Recipients To Meet Donors at Tea

Recipients and donors of the 105 HSC scholarships will get together informally at a reception Friday, February 18, at 8 p. m. in Nelson Hall.

The reception is the first of its kind. It was conceived to bring representatives of the firms and agencies that sponsor scholarship awards into closer contact with the students who receive them.

Seating arrangements for the dessert tea have been planned so that donor and recipient can converse casually during the affair.

Mrs. Myrtle McKittrick, chairman of the committee on scholarships and awards, is in charge of arrangements.

The dessert will be served by the Home Economics Club, under the direction of Mrs. Mary B. Farr, assistant professor of home economics, and by Spokes, women's service society.

Decorations are being planned by Chi Sigma Epsilon, upper division honorary scholastic society, and placecards are being prepared by art students under the direction of Hal D. Chambers, assistant professor of art education. AWS mem-

bers will assist with ushering, favors and flower arrangements.

Some 300 invitations have been mailed by Mrs. McKittrick, Dean Kate Buchanan, Miss Hazel Hagne, assistant professor of education, and Mrs. Sibyl Jamieson, secretary to the president. Donors of loan funds and contributions of special gifts have been included.

Guests will include members of the scholarship committee, the college advisory board, the administrative staff of the college and division chairmen.

Dr. Cornelius H. Siemens, college president, will be master of ceremonies at a short program that will include talks by representatives of the donors and of the recipients, a musical selection by a scholarship holder, community singing, led by Leland Barlow, associate professor of music.

ALL NEW! LUCKY DROODLES!

WHAT'S THIS? For solution see paragraph below.

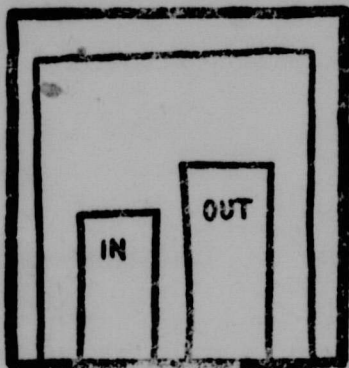

A STUDENT'S BEST FRIEND is Lucky Strike. At any rate, the greatest, up-to-date college survey shows that college smokers prefer Luckies to all other brands—and by a wide margin. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better. Luckies taste better anywhere, any time, as illustrated in the Droodle

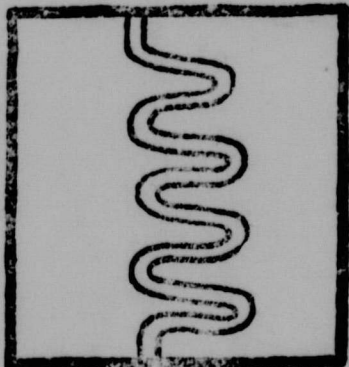

above, titled: Skier enjoying Lucky while whooshing under bridge. Next time you make tracks to a cigarette counter, Be Happy—Go Lucky. Enjoy the better-tasting cigarette... Lucky Strike.

SWINGING THE AXE

By MURL HARPHAM

Last week we paid a couple of visits to friends in Humboldt Village (better known as Fertile Valley) who have just received bundles of joy.

Stopping in at the home of Mr. and Mrs. Ray Mechals we found the proud papa entertaining his five-week-old son, Hugh Ray.

We were not surprised to find a gold football hanging in Hugh Machelhenney's crib with a pair of size one tennis shoes hanging on the wall. Hugh's favorite toy is a small rubber football engraved with the letters CHAMP.

After looking at Hugh's chest and legs it wasn't hard to figure out what his future holds for him. He'll probably have a sturdy football stance before he can walk.

It seems that San Francisco sports writers have been getting letters boosting a Hugh somebody for the 1975 East-West football game.

Leaving the Mechals home we started over to the Jim Ingrams. On the way we met Jim as he was leaving for work. We asked if we could stop in to see his pride and joy and asked how the little tyke was. Jim replied, "He's fine, had him doing pushups when I left."

We went on to the Ingrams and Pat proudly showed us Michael James, their three-week-old boy whom they think looks "just like Jim." (Hair, muscles and all.)

True to form Michael flexed his biceps for us and we knew he meant the right guard position for the 1975 HSC team is as good as filled.

Jim says he is starting him on ten pound weights as soon as he masters the hand stands he's working on now.

It is highly possible that the 1975 squad may be a replica of the '54 squad with such names as Mechals, Ingram, Smith, Retzloff, McKamey, Petterson and a few others who are in question again appearing on the gridiron roster.

Wouldn't it be ironic if Hugh Mechals turned out to be a Liberace and Mike Ingram a ballet dancer? However, if these boys are anything like their fathers Mike will probably be Mr. Universe and Hugh another Jack Benny.

* * * *

From the looks of the conference basketball race Chico State will claim the crown unless San Francisco applies the stopper.

Chico has a FWC record of six wins and no losses and a season record of 18 wins against four losses. One of these defeats was at the hands of the University of San Francisco, currently the top team in the nation.

In conference play Chico has only to face Sacramento and San Francisco while the Frisco Gators have yet to meet HSC, Cal Aggies and Chico.

Frisko State is now in second place with four wins against no defeats. The Gators' big advantage is that the probable championship contest will be held on their floor.

Humboldt Wins Two Tilts From Cal Aggie Team

The Humboldt State College basketballers won two conference games last week-end over the Cal Aggies, 76-67 and 69-66. It was HSC's first FWC wins in six starts while the Aggies now have a five loss and no win record with a season's record of one win in 17 starts.

The first game saw Jack Guard Paul Shields "hotter 'n a firecracker" in the opening minutes to lead the locals to a 14-7 lead. For the rest of the first half it was basketball with the green and gold holding a 38-32 halftime edge.

JACKS SPURT

When play resumed the second half the Lumberjacks couldn't miss as they racked up a 56-38 lead with ten minutes remaining. The last ten minutes saw reserves, Ron Fredricks, Russ Ashburn, Archie Scott, Bob Lawson and Larry Kohlmeier hold their own against the Mustangs as the Jacks went on to win 76-67.

Myers and Shields were sad names to the Aggies as they scored 18 and 17 points respectively plus playing the backboards expertly.

Early in the second contest the Lumberjacks figured they had another easy win in the bag, but the fired-up Aggies staged a rally in the final minutes to close the gap.

The Mustangs bounced to an early lead but the Jacks bounded back to a 36-28 halftime lead.

With 10 minutes to play and the score 55-46 in the Hilltoppers favor, center Bill Rahn of the Aggies began sinking his deadly hookshots as the visitors closed the gap to three points with 30 seconds remaining. Final score 69-66.

Rahn was high for the losers and the game with 22 points while four Jacks hit the double-column figures. George Ibarreta hit for 17 followed by Joe Myers with 16 while Larry Taylor and Paul Shields pumped in 13 apiece.

Humboldt Film Club Seeks New Members

A limited number of memberships in the Humboldt Film Club, an organization devoted to reviving outstanding movies not ordinarily available, are now open, according to Charles Bloom of the Library staff, organizer of the club.

The club plans to show five film classics in March and April, opening with a British comedy, "Scotch on the Rocks," on March 12, and ending with the famous "Treasure of the Sierra Madre," on April 30. Showings, as in 1954, will be held at 8 p. m. on Saturday evenings, in the audio-visual room, Mr. Bloom said.

Memberships are available at \$3 per person, he added, payable either to himself in the library or to Dr. John F. Pauley.

Other films to be shown are "The Ox-Bow Incident," "The Long Voyage Home" and "The Maltese Falcon."

CONFERENCE STANDINGS				
Team	W	L	Pct.	
Chico	6	0	1.000	
San Francisco	4	0	1.000

Cal Aggies	0	4	.000	

Staters Clash With Nevada In FWC Games

Humboldt State cagers will attempt to climb one step higher up the conference ladder tonight and tomorrow night when they meet the University of Nevada on the HSC floor.

To date the locals have a two win four loss conference record while the Nevada Wolfpack has lost four conference affairs. The Wolves lost two to San Francisco State and two to Chico State last week-end by scores of 70-88 and 80-85. Humboldt's wins came last week-end against the Cal Aggies while they suffered losses to Chico and Sacramento State.

Coach Jake Lawlor's Wolfpack is a tall team with the promise of things to come as not one senior is on the roster. The squad is made up of two juniors, eight sophomores and three freshmen.

Last year Nevada finished the season with an 11 win 10 loss record and finished third in the conference with seven wins and three losses.

Nevada's leading scorer is sophomore forward Chuck Handley, the Las Vegas floor magician who wound up last season as the second highest FWC scorer. Last week against Chico Handley racked up 45 points in two games.

Jayvee Cagers Win Two More

The HSC Junior Jacks continued their winning ways last week-end as they racked up impressive wins over Eureka's top independent teams.

The victims Friday night were PSEA who fell 69-35 before the onslaught led by Jayvee star Joye Miller who tanked 22 points. Little Jug Davis, Miller's scoring partner, was held to 15 points.

In the preliminary game Saturday night Master Bread of Eureka found no way to stop the Miller-Davis scoring act as the Little Jacks rolled to a 92-62 win.

The scoring duet of Miller-Davis, who scored 33 and 31 respectively, totaled a combined effort of 64 point which was more than the entire Master Bread squad could muster.

The height on the Nevada squad is supplied by two 6 foot 5 inch centers in Bob Scott and Harold Plummer with Scott being labeled a scoring ace also. Last year's veterans who will be feeding Scott and Handley will probably be guards Terry Bastian, Roger Trounaday and George Nelson while John Jepsen or Ken Longero will flank Handley.

Tipoff time is scheduled for 8 p. m. with the preliminary game beginning at 6:15.
