ARCATA, CALIF., THURSDAY, Dec. 19, 1957

No. 13

Christmas Dinner Served To Nelson Hall Residents Tuesday

A Christmas dinner with "all the trimmings" was served Nelson Hall residents Tuesday evening. The tables in the cafeteria were covered with white cloths and had centerpieces of holly and candles. The dinner was served

buffet style with the kitchen staff serving. The students and guests were also treated to Christmas dinner music.

After dinner the students and guests toured the girls' section of the dormitory to see the door decorations. The girls had put decorations on their doors which symbolized many phases of Christmas. The decorations were judged by the guests.

Winning first prize of \$6 was room 31, occupied by Merle McCormick, Mary Stewart and Jeanie Huckfelt. The door had a tree made of vertical pieces of white ribbon placed to resemble a tree on a red background.

The second place was a tie between rooms 6 and 25. The second prize was \$3. Room 6 is occupied by Carol Molinder, Lynn Lehman and Sue Marlow. Their door had three angles and a star of silver on a black background.

Room 25 had a gold and white angel on a blue background. The girls in this room are Joan Boynton, Paula Seastrom and Pamela Hartley.

Honorable mention was given to Diane Lyons, Jenny Holt and Nancy Welton in room 27. A red key was placed on a green background with the words, "Key to a Merry Christmas."

Semi-Annual Art Exhibit, Sale Is Held Here

The student and faculty of the Art Department held their semi-annual art exhibit and sale in the HSC Art Gallery this week.

Exhibited were works of pottery, paintings, drawings, photography and decorated Christmas trees done by members of the Art Department faculty and art students during this past semester.

The purpose of the exhibit and sale was to raise money for an art scholarship to be given to an HSC art student.

Prices of work shown ranged from five cents to a limit of \$5 with most items selling for around \$2. Most pieces were sold the first day and practically all of the work shown was sold during the three-day exhibit which began Monday.

MERRY CHRISTMAS

RED BUNYAN IS 'JUST TOO BIG'

Red Bunyan, a giant 9-foot lumberjack which was given to the college by the McKinleyville airport, has met a number of obstacles in his transportation from the airport to the college. Red, it would appear, is just too big.

Sandi Wahlund, ASB rally commissioner, said, "I went after the gift with a pickup, but was unable to fit him into the back of it. I hope to get him to the school sometime over Christmas vacation. We hope to paint him before we put him on a permanent site. All suggestions are welcome."

Some of the location suggestions thus far are the Green and Gold Room and the hall of the new men's gymnasium.

HSC To Host 'Pentathlon' Here On Jan. 10, 11

It'll be another "first" for Humboldt State College on Jan. 10-11, when the campus is host to the first northern California "Pentathlon" debate meet.

In a "Pentathlon" contestants compete in five events: symposium debate; manuscript oratory; expository speaking; interpretive recital, and after-dinner speaking.

Eight colleges and universities will compete, including Stanford, University of Santa Clara, San Francisco State College, University of San Francisco, Stockton College, College of the Pacific, Linfield College of McMinnville, Ore., and HSC. Each college is limited to four contestants who must compete in each of the five events.

Representing HSC will be Ed Spencer and Garry Brennan, upper division, and Lillias Smith and Don Price, lower division. The two-day event will terminate with a banquet on Saturday the 11th, at which the after-dinner speaking finals will be held.

The event is sponsored by the Northern California Forensics Association, of which Prof. Milton Dobkin of the HSC speech department is president. Prof. Dobkin and Dr. Edward Steele, assistant professor of speech, will direct the Pentathlon.

CAL TJADER JAZZ CONCERT GETS ENTHUSIASTIC REVIEW

By TONY VASQUEZ

Humboldt State College was treated to its second successful jazz concert last Monday at 8 p. m. in the new men's gymnasium as an estimated crowd of 750 jazz enthusiasts absorbed the jazz offerings of one Cal Tjader.

Christmas Recess Begins Today After Classes

Christmas vacation starts with the end of classes today and continues until Monday, Jan. 6, 1958, when classes resume. The next issue of the Lumberjack will be Friday, Jan. 10, 1958.

Almost all students will be going home for the holidays. Most of those that live a great distance from here and are not planning to be home will be spending their vacation at friends' homes in this area. Both Redwood and Nelson Hall are tentatively scheduled to be closed.

The Bookstore will be closed for inventory during vacation but the Business Office, Registrar's, Dean of Students, and all other campus offices will be open except for their annual Christmas vacation Dec. 25 through 27.

The library will be open from 9 a. m. to 5 p. m. the following days:

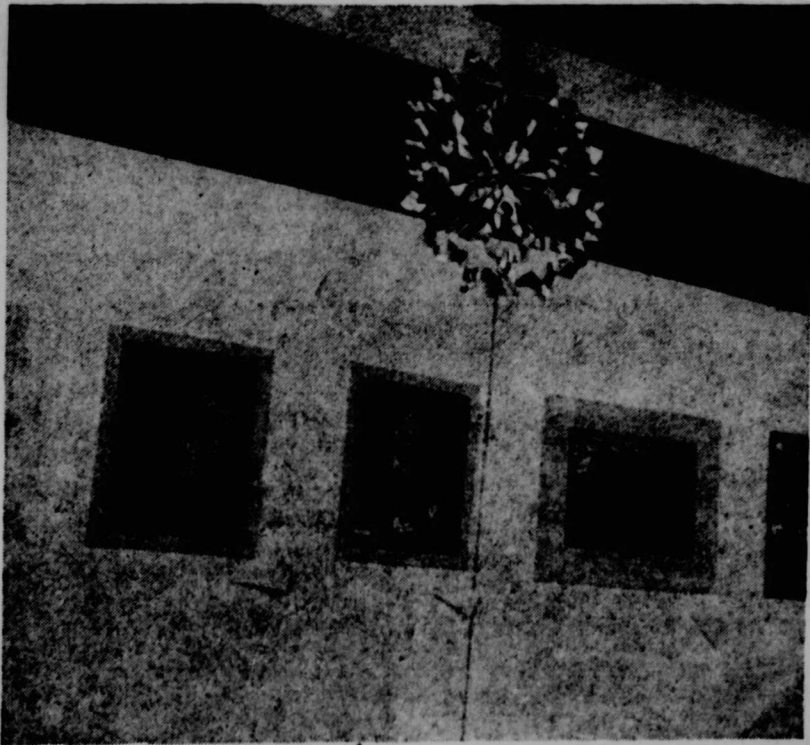

Monday, Dec. 23; Tuesday, Dec. 24; Monday, Dec. 30; Tuesday, Dec. 31; Thursday, Jan. 2; and Friday, Jan. 3.

Physical Fitness Testing Course To Be Offered

Humboldt State College will offer an extension course workshop in Physical Fitness Testing in Room 110 of the new men's gym beginning Wednesday, Jan. 15. The workshop will be held for six Wednesday evenings from 7 to 9:30 p. m., and is open for college credit to teachers or other persons with upper division standing, or it may be taken as an audit, or non-credit basis by any interested adult.

The course, to be taught by Dr. Louise Watson, will be of particular value to persons participating in the California Physical Fitness program. Tuition fee is \$8.50, payable at registration. All who plan to take the course are urged to register at the first meeting, and registration for credit will be closed after the second session.

Further information can be obtained from the office of Dr. Ivan C. Milhous, dean of extended services.

Beautiful work by both students and faculty was displayed this week in the Art Scholarship Sale in the HSC Gallery. Pottery, paintings, photographs, even Christmas trees were offered for five cents to a top of \$5.

Ken Stodder, the MC for the show started out the night's activities by presenting Clarence Smith with a copy of Tjader's LP "Jazz at the Black Hawk." Mr. Smith received the record for selling 28 tickets, the highest amount sold by any of the jazz club members.

Mr. Stodder then introduced the jazz quartet consisting of Tjader on vibes, Eugene Wright on bass, Al Torre on drums and Vince Guaraldi on the piano. Tjader brought peals of laughter from the crowd as he got down in a track man's crouched starting position as he was called to the grandstand.

The jazz quartet started things off with a bang as they played a fast, swinging uptempo version of "Our Blues." Al Torre set the pace on the drums and Eugene Wright ad libbed to Vince on the piano as he caught fire.

"I've Grown Accustomed to Her Face," the second number, was a complete change of pace from "Our Blues." It had slowing swinging beat that spoke of nothing but relaxation.

Hard Drum Beat

The third number was a Dizzy Gillespie composition entitled "With You." The thing started with the hard beating of Al Torre's drums. The group joined in and Tjader quit after a few stanzas as Vince Guaraldi caught the spirit and carried on the fine tradition already established. Guaraldi went wild as he bounced to the beat with his two hands and rocked both his feet.

Blues were next on the menu as Tjader and Wright combined in the spotlight to make music. Wright once again caught the fancy of the crowd as he sang and hummed to himself and made remarks to Guaraldi who was relaxing behind the piano.

A bit of humor was emitted by the group as they played "Thinking of You, MJQ." Al Torre started it out with a tinkling of a bell and then the rest of the entourage joined in slowly. The tempo picked up faster and Vince Guaraldi went wild again as he bent over the ivories and gave it his all.

Tjader followed with a medley from "Lover Man" which included "Willow Weep for Me" and "Round About Midnight." Al Torre reverted to brushes for the first time in the evening and conducted himself well throughout the two slow moving numbers.

The last three numbers before the break were played by the latin quintet. Kant came in on the conga drums and Torre switched to timbales and cymbals.

Louis Kant who formerly played with Joe Loco and Tito Puente was featured in the first number, which strangely enough was "Bernie's Tune."

Afro Cuban Beat

"Flamingo" with its slow afro-cuban beat captured the crowd and put them in fine shape for the final number before the break which was a jazzed up wild version of George Shearing's "Lullaby of Birdland."

Tjader switched to a cow bell on "Lullaby" and Kant was featured on the two conga drums much to the delight of the foot-tapping crowd.

There was a 20 minute intermission while the musicians were given a chance to rest and the crowd was given time to stretch and comment on the first half of the jazz concert.

George Gershwin's tune "Summertime" from the show "Porgy and Bess" was the opening number for the second half. The microphones had been adjusted during the break.

OUR SINCERE WISHES

Now is the time for all good HSC students to... take a well-earned breather. That long and long-awaited Christmas vacation is upon us - 17 days of festive merry-making lie ahead. However, care should be taken lest the true meaning and whole purpose of Christmas be lost. A balance should be struck between spiritual and merely pleasureable activities.

These forthcoming 17 days also afford the opportunity to look back and evaluate the first weeks of the semester. If you have done reasonably well, fine; if not, then you had better begin rectifying any mistakes - and fast. When instruction again resumes on Jan. 6, 1958, there are only two weeks of classes before final examination time. Going into a final with hardly or no preparation whatsoever and a "D" or an "F" grade in class thus far - well, you can see what may, and very likely, will happen.

But to the lighter side: vacation is vacation, and a chance for relaxation and enjoyment. For some students it will mean a family reunion in the physical sense, for others perhaps a stronger spiritual reunion. Whatever your individual purposes or meanings you assign may be, we hope you will make the most of them.

To students, faculty and all college personnel, we on the Lumberjack staff would like to extend our most sincere wishes for a happy and heartening holiday season.

'Hilltopper,' General Interest Magazine, Is 'Zestful, Informative,' Issue

By ARNOLD CARTER

The year's first Hilltopper, the campus general interest magazine which appeared Monday, is a zestful and informative issue, and in this reviewer's estimation, well worth the 25 cents purchase price.

Editor Sid Fauerbach and his staff have put together six feature-length articles and two photo stories that take a look, basically, at some Humboldt institutions - the campus radio station, carillon, basketball team, the new hall of fame, Humboldt Village and now fraternities.

Two photo stories are included. Fauerbach himself contributed the cover photo and a two-page inside spread of pictures of DeAnne Brown and Donna Heckman, two of Humboldt's loveliest coeds, frolicking on the Humboldt beach. Hal Lewis contributed a story and photos on radio KHSC.

Most provocative feature of the magazine is the debate on "Fraternities - Blessing or Blight?" waged by Tony Vasquez and Dave Cherry. Vasquez' article, upholding the basic value of fraternities, is strong on particulars and Cherry's is strong in the philosophical vein. The reader is left to choose between one viewpoint or another, and the editors have done a nice job in keeping the length and presentation of each article in balance.

Don Harris, sports editor of the

Lumberjack, has written a probing and knowledgeable article on Humboldt's 1957-58 basketball prospects, and his article is the most timely of the batch. Dick Wassmouth, known on campus mostly for his Lumberjack humor articles, writes a more straight-laced but no less interesting account of life in Humboldt Village.

Dave Maxon's story on Humboldt fishing is positively lyrical and reading it one wants to drop books and studies forthwith and go after some finny denizen of Humboldt streams.

Layout is more artistic and the general appearance of the magazine brighter this year than in the first issue, which was produced last spring, all to the credit of the art and layout editors, James V. Davis and Bob Ringo. However, it should also be noted that the yellow ink of the cover was not dried "hard" one a few of the first copies of the result that it smeared off easily on fingers and clothing. This unfortunate fact marred the otherwise bright appearance and was, to say the least, disconcerting to the buyer.

Humboldt Happenings

TODAY, Dec. 19

Christmas vacation begins after last class.

FRIDAY, Dec. 20

8 p.m. - BASKETBALL, Whitworth at HSC.

SATURDAY, Dec. 21

8 p.m. - BASKETBALL, Whitworth at HSC.

Noon - Spurs, Nelson Hall.

THURSDAY, Jan. 9

11:30 a.m. - Press Club, Coop upstairs.
8 p.m. - Co-Recreation night, New Gym.

Angus Bowmer and Richard Graham Give Shakespearean Demonstration

By Betty Jean Stromland

Angus L. Bowmer, professor at Southern Oregon College, and Richard Graham, make-up director of the Oregon Shakespearean Festival, spoke and performed at an all-school assembly here last Friday.

Mr. Bowmer and Mr. Graham portrayed several of Shakespeare's comic characters. Mr. Bowmer raised the question as to exactly what is comedy? He gave an example and then said that comedy is critical. He hastened to explain, however, that Shakespeare's criticism was always understanding. He himself in the characters he portrayed.

The first play from which Mr. Graham portrayed a part was "Henry IV." Mr. Bowmer gave the audience a brief sketch of the scene before it was presented. He said that Prince Hal was being trained to be the next King. Henry V. Falstaff is one of Prince Hal's friends and represents the lower side of his nature. Mr. Graham played the part of Falstaff.

The second play used was the "Merchant of Venice." Mr. Bowmer said that this play was a grotesque comedy. He gave, as an example of this grotesquery, the gargoyles on medieval theaters. He said that he has played the part of Shylock in the "Merchant of Venice" in seven productions. He has played the part in two ways; the noble Jew, and the pathetic Jew. He said the latter has given him the best effect. Mr. Bowmer and Mr. Graham read a scene from the play twice, once with Mr. Bowmer playing the part of Shylock nobly and once pathetically. Other characters in the scene were Antonio, Bassanio, and Portia. The play portrayed mercy and justice.

Mr. Graham particularly did well in the part of Falstaff, both through vocal and facial expression. The audience seemed to follow the story and laughed

Hilltopper will be available in the book store today and if any copies are left, after the holidays. A few also will be placed on sale on downtown newsstands.

Dick's Dungeon

By Dick Wassmouth

I shuffled into my Contemporary Lit class with the rest of the gang the other day, completely filled with holiday cheer (and hoping those Clorets would cover the smell of it.)

After unshackling our leg chains and bolting the door, Dr. Samuelson announced that for the last class before vacation, he was going to read a Christmas poem.

I settled back in my chair and pulled a Donald Duck Comics (Special Christmas Edition) from my sleeve. Before I could get interested in Donald and Uncle Scrooge though, I heard the first few lines of the poem and decided that this wasn't too bad after all. Not wishing to be a low-brow, I made up my mind to get a little culture and lend an ear to some classical stuff.

It started, "Twas the night before Christmas, and all through the house, not a creature was stirring..." Now this was really something. I dug this poem. It showed a little class, with a real crazy plot and a couple of far-out characters. I was soon deeply engrossed.

The poem was about some poor soul who was sacked out, dead to the world, in his own room. When all of a sudden, there was monstrous racket on his front lawn. The guy jumped from bed, fell on his face, and peered over the sill.

Out on his lawn was some old man (apparently on his way home from the Gay 90's) sitting in a rusty old sleigh trying to get some deer to fly.

Now according to the poem these deer make like Sputnik and

pretty soon they were all clattering around on poor Sleepy's roof making enough noise to wake the dead. By this time I guess our hero started getting curious as to what was happening because he headed downstairs. Right around here the story sounds a little fishy because he headed right for the fireplace and before you know it here comes the old codger, sneaking down the chimney (Sleepy must have read the poem before, because he knew just where to go).

This old guy (who, I figure, must be St. Nick) dusts the soot of his red flannels, shakes his jelly-belly with a couple of chuckles and goes about setting a bunch of goodies under the Xmas tree.

All this time our hero is hiding behind a curtain - the sissy.

Old St. Nick finished up his work, grabbed his sack and headed back up the chimney. (I could take it when he came down, but getting up??? I just can't feature it man.)

Up on the roof he started stamping, and whistling again like he's off his bean, and pretty soon these deer got the point and took off for Birdland, with Nick still screaming his head off about something.

Right about here the bell rang and with everyone heading for the door at once I didn't quite hear all of the last line, but it was something like -

"MERRY CHRISTMAS to all - I'll dig you next year."

This 'n' That Visions of Weddings...

by Linda Dolf

With Christmas time drawing near, and pretty little coeds all snuggled in bed with visions of weddings and rings dancing through their heads, of many an engagement soon will be read.

One engagement that was recently announced was that of Paula Pinochi and Lars Fredrickson. Paula is an Elementary Education major here at HSC, while Lars attended here one year and is now in the motel business with his father. The wedding date is set for Feb. 9.

Thanksgiving Day was the day for the marriage of Ann Sorensen and Mike Berker. The wedding took place at 7:30 p.m. in

the Presbyterian Church of Arcata, with a reception following. Both Ann and Mike are students here at Humboldt State, with Mike a senior Physics major and Ann a sophomore majoring in elementary education.

Another recent wedding was that of Don Keyes and Bonnie Wakefield. The wedding was held in the First Baptist Church of Arcata. Keyes is a freshman here and Bonnie is a senior at Arcata High School.

If anyone wishes to announce their engagement or marriage it can be done through this column by putting a note in Box 304 or in the Lumberjack office. There should certainly be quite a few after the Christmas holidays!

EVALUATION OF SNO BALL HELD

Sno Ball committee members met Thursday, Dec. 12, at the home of Miss Kate Buchanan, Sno Ball faculty adviser, for an evaluation meeting.

The committee discussed and criticized the operation of this year's Sno Ball to facilitate a smoother path for next year's committee to follow.

"We operated within our budget, I'm happy to say," Miss Buchanan said.

Reports were submitted and will be kept on file for future use.

Attending the meeting were Janice Gulliver, Ralph Hellberg, Judy Bequette, Gene Claussen, Carol McLain and Beverly Shaw.

McLellan Winner Of Speech Contest

Herb McLellan emerged the winner of the interpretive reading contest recently held on campus gaining the right to represent HSC at the Northern California Regional finals to be held in San Francisco on Feb. 1, 1958. He was also awarded a \$10 first prize.

Second place of \$5 was awarded to Wally Sinclair, senior, and honorable mention was given to Carol Torrence, junior.

The readings on the local level were judged mainly on the speaker's understanding of the material and his communication with the audience.

The contest was sponsored by the Speech Arts Association of California. Mrs. Evelyn McCurdy,

Village Children Feted At Party

Thirty-four pre-school children from Humboldt Village were feted at a special Christmas party Sunday afternoon in the college gym.

The party for the second year was sponsored by Dr. and Mrs. Cornelius H. Siemens, who also spent part of the afternoon there. Arrangements were made by Village residents, headed by Curt Bolton, mayor, in co-operation with the president's office. Each child received a Christmas package.

The HSC industrial arts department has purchased three self-containing work benches to be used in industrial arts training. The benches are four place and come in varying heights. Contained in the benches are all the hand tools an elementary student would need. The benches will be used in Ed. 120 1A class which is a methods class in industrial arts for those majoring in elementary education.

CU ACTIVITIES IN REVIEW

By DAVID Y. MAXON
CU President

During the mid-semester exam season and during the pre-finals scramble, C. U.'ers have been hitting the books hard. Our schedule has been full, however, with a fish fry during November and the present Herculean task of compiling and publishing the student Directory.

The fish fry was held on Nov. 24 at the north end of Little River Beach and lasted from one in the afternoon 'til the fire was dying, late that evening. A dozen valiant wildlifers brought their shotguns and while the rest of the crowd cheered, a trap shoot was held.

Shells are hard to come by and the number of 'clay pigeons' was limited, therefore each contestant had three singles and a double on which to stake his reputation. All of our reputations, save one, however, fell in a heap as the smoke cleared after firing at the doubles (a double is two birds hurled simultaneously). As the empty shells fell smoking to the hard sand, so my prowess along with the other C. U.'ers, was ejected, smoking, to the hard reality that shooting clay pigeons is harder than it looks. Fortunately, we have one man who can, and did clobber every one of the sailing birds. Lynn Enwood with his beautiful Winchester Model 12 in the trap grade, was the winner of the prize which was a box of Winchester shotgun shells.

Volleyball, football, and baseball were available for the other sporting bloods in the group and tho' the rain had been playing havoc with the planning committee, the day was sunny and perfect for party time. Salmon

steaks, fresh crab and rockfish fillets were the entree and no one went hungry. Hot coffee and toasted French bread with garlic backed up the meal.

A swimming and body surfing exhibition was planned, but later cancelled - due to 'cold feet' of the participants.

As the sun set, the fire was built higher and logs were drawn up as benches while singing and jokes kept the members and their dates in high spirit.

The Student Directory has already required many tedious hours of cutting stencils, and proof reading and the many last-minute corrections that must be made. The multitude of details to be checked on, the many people to be seen and the many arrangements to be made have kept a core of hard working C. U.'ers busy. Final editing is now underway, the paper has been received and the cover is being designed. Printing is scheduled for Christmas vacation and C. U. members will be peddling directories for 50 cents soon after the holidays. Information contained includes: full name, marital status, local address, permanent (home) address, year in school (sophomore, etc.), Major field (English, forestry, etc.) and local telephone number.

Major contributors have been Carol Finley and Matt Keller, although most of the active membership has put in time and effort.

APPOINTED GAME WARDEN

Dick Laursen, 1957 fisheries graduate of HSC and last year's Fin & Fur columnist for the Lumberjack, has been appointed a game warden by the California Department of Fish and Game. The appointment is effective Jan. 1. Laursen will be stationed at Knight's Landing on the Sacramento River.

Jazz Concert

(Continued From Page 1)

ing the break and a much stronger bass sound was being heard from Eugene Wright as he was featured toward the middle of the selection.

Vince Guaraldi's definite rule over the ivories came through on the next number "I Remember April" the uptempo offering also featured the hard driving, persistent beat of Al Torre's drums as he was allowed a solo.

"Waltz in D Flat" featured the entire group. The following number the "Battle Hymn of the Republic" started out slowly then built up until the original tune was completely obscured. Guaraldi was featured on the piano in a swinging, progressive vein. Eugene Wright soloed to the beat of the drums and to the appreciation of the crowd. And finally after a truly wild session Tjader went back to the basic theme on the vibes and kept repeating it until it slowly died out.

Guaraldi Again

"Jackie's Dish," as the "Battle Hymn" had done before it, featured Eugene Wright and Vince Guaraldi. Vince caught the fancy of the crowd once again as he picked the tones from his articulate piano. Wright joined in later on a solo and continued his domination of the crowd's hearts.

The last three selections once again featured the latin quintet. The group started out with "Cubano Chant" a cha-cha-cha number and went on to Lionel Hampton's "Midnight Sun." The latter featured the vibe work of Cal Tjader.

The final number found the whole group giving their all in a grand finale as they did Tito Puente's "Philadelphia Mambo." Tjader switched to big conga drums for a while and for the first time in the evening Louis Kant went for his bongos and really wailed.

The applause and shouts of "more, more, more" brought Tjader back for an encore after his closing number. Tjader obliged with "The Lady is a Tramp" and then left the stand with the appreciative applause of the crowd ringing in his ears.

The success of the Jazz concert, which was staged by the ASB and backed by the Humboldt Jazz Society, points toward more of the same in the future.

This Is An Appealing Gift?

Have you been running from store to store the past few weeks frantically searching for an appealing gift for your girl? Here's what one student from Stockton, California, reported to the PACIFIC WEEKLY.

This time, the cause of my dilemma is Liz, better known to my room-mates and the postman as my "steady."

Not having a gift for Christmas is a breach of the rules of her game. Hence, a conference was called. My conferees offered "helpful" suggestions such as a raccoon coat, a houn' dawg, a humble diamond, and even an autographed football from our team. Not being a member of the latter group, this suggestion was immediately ruled out. There was also the usual group of sweaters, earrings, necklaces, etc., etc.

For one reason or another, none of these ideas appealed to me.

I was down at the local men's shop yesterday and I noticed a rather attractive bit of feminine harmony buying a man's shirt. It was a red shirt with black pin stripes, button-down collar, and so forth. It was exactly like the Arrow job I had bought the week before. Hers looked awfully small, much smaller than a man who squired her about might wear. Being a sociable type, as well as curious, I asked who the shirt was for.

"Me," was her direct reply. So why not for Liz? For those of you who don't know what size to get, the average girl will wear a 13½ collar

Suck Cho Chyung will be here at Humboldt for two years studying fisheries before returning home to work in the salmon industry in Korea. Also an advanced photography student, Mr. Chyung pursues his fascinating hobby in an area both suited to his vocation and his avocation.

Koran Student, Suck Cho Chyung, Here To Learn Salmon Raising

Suck Cho Chyung, a Korean fisheries student, is here at Humboldt State College learning about salmon so he will be able to take this information back to Korea with him. He is going to work with salmon raising in Korea.

Chyung, in his story of coming to America to study, said "In 1953 Mr. Henry Chimeschmidt, President of the California Kamloope Incorporated, came to Korea at the invitation of President Syngman Rhee to do research. He was to examine the lakes and streams as possible homes for salmon imported from the United States.

"At that time, he continued, 'I was introduced to Mr. Chimeschmidt who invited me to America to study fisheries so I could work with the salmon importing. When I am finished with my studies Mr. Chimeschmidt is going to send the salmon with me to Korea.'

Chyung's father is the president of Fisheries College in Korea, Korean delegate to the Pacific Fisheries Council under the supervision of the United States and Director of the Fisheries Bureau.

Chyung started to Shasta Junior College two years ago in November and this is his first year at Humboldt. He plans to attend school here for two years and then go back to Korea.

lihan will report on the convention at the next meeting.

Board of Finance

AWS has requested the right to sell mistletoe for 10 cents and 25 cents to raise money to buy a robe to be used for homecoming, etc. Delta Sigma Phi submitted a bid for the basketball concessions of 60 cents for them and 40 cents for the Associated Students. It was moved, seconded and passed to accept the request of AWS and Delta Sigma Phi's bid.

Respectfully submitted,
Roberta Johnson
ASB Vice President
Diane Johnson
ASB Secretary

MERRY CHRISTMAS

Brizards

SEVEN NORTH CALIFORNIA SINCE 1933

4 Stores To Serve You

Members of the freshman class decorate the "Christmas" tree in the library parking lot. Decorations include some of the most unusual things, including a type of bottle probably never before used for this purpose. Decorating was done Saturday, Dec. 7, and now the tree is aglitter both night and day for all to enjoy. Left to right are Gary Chilton, Nyla Ebersole, Linda Dolf and Eva Beal.

Near Capacity Audience Attends Community Christmas Concert Here

By JANIS WILLIAMS

A near-capacity audience filled the new men's gymnasium last Sunday evening for the tenth annual Arcata Community Christmas Concert. This traditional event marks the beginning of the Christmas season for many people in the community.

The groups which took part in the concert were Arcata Union High School's Madrigal Choir, A cappella Choir, Chorus and Band; Humboldt State's A cappella Choir, Madrigal Choir, Band and Symphony.

The AUHS Chorus opened the program with some American Folk Carols. This group is composed of younger teen-agers, for the most part, and their light voices were appropriate to the type of songs they sang, effectively setting the mood for the rest of the program.

The combined bands of AUHS and Humboldt State did a beautiful job on "Christmas Festival" by LeRoy Anderson. It was particularly amazing when we consider the short amount of time the combined group had to prac-

tice with director Woody Thompson of AUHS.

For the performance of parts of the Bach Cantata, all the aforementioned singing groups combined in a 300-voice choir. Humboldt State's Symphony furnished the background, and Charles Fulkerson directed both the Symphony and the Choir. The acoustical defects of the gymnasium were very noticeable when the arias and recitatives were being performed. The big gymnasium seemed to "swallow" single voices, even though a public address system were being used.

The last number on the program was, traditionally, Handel's "Hallelujah Chorus". We in the audience stood for some moments

CLUB CORNER

Freshman Class

A Freshman class meeting was held last Thursday at 7:30 p.m. in the Wildlife Auditorium.

John Payne gave a report on the previous meeting.

Under Old Business the class constitution was read and after some discussion it was unanimously decided to accept it. Also under old business the decoration committee for the Sweetheart Ball gave a report. There was much discussion as to the theme of the dance. There were two suggestions made: the traditional hearts and flowers, or an impressionistic theme using free form design. No decision could be reached, so it was referred back to the decoration committee for further consideration.

There being no new business the meeting was adjourned.

Spurs

Recent activities of the Spurs, sophomore women's service organization, includes yesterday's cupcake sale and ushering at HSC's drama production, "The Rivals."

Spurs will receive their pins soon as the order was shipped Monday, Dec. 16.

The local chapter received a Christmas card from the University of California at Santa Barbara Spurs.

the lookout

"Enjoy your ride home over the Christmas holidays . . . Drive Safely in a voluntary safety-checked car." This advice is offered by the Board of Commissioners at Chico State college as they urged students to have their automobiles checked at the first annual voluntary safety check. The WILDCAT reported that one out of every five vehicles checked last year needed immediate attention.

The LOS ANGELES COLLEGE.

after, unconsciously not wishing to break the spell created by the beautiful music.

PARKING PROBLEM IS TO BECOME 'ACUTE' WITHIN TWO YEARS

So you think you have parking problems now! The word has come from the hilltop that the worst is yet to come. With the addition of new buildings and a growing population of automobiles on campus, the problem will become acute within two years.

The new structures that will be coming up the next two years are the speech arts building, two dormitories, a new administration building, a cafeteria, a field house and a swimming pool.

The first building, the speech arts building, will be located directly in front of CES. This would take in both the corner of Laurel Drive and Sequoia Ave. and the other corner of Laurel Drive and Pine Street. Laurel Drive runs directly in front of CES.

This area now is a parking lot. In the building of this structure huts 5 and 6 will be torn down as well as Gamma House. The space that will not be covered by building will be covered by building material all this coming year.

The second building, the new 400 capacity dormitory, will be built somewhere in the vicinity behind Nelson Hall. This building may eliminate Sigma House and the Radio Hut possibly, but the problem in the main is that it will tentatively render useless the large parking area across from the girls' present dormitory and possibly some of the parking behind Nelson Hall as these areas will be needed to store materials.

IAN, news publication of Los Angeles City College says that courses in Russian will be offered for the first time. Since Russian scholars are forbidden by the Kremlin to publish scientific data into Romance languages the college administrators feel it is essential for students studying scientific courses to know the language.

Through its editorial columns, the GOLDEN GATER, S.F. State's paper urges students to put the idea of national social fraternities up to the whole college, student body and faculty. The GATER said that fraternities, in claiming exclusive choice of members, are representative of fraternity-type thinking: invoking of patriotic clinches.

The new administration building will narrowly miss the Coop and extend west from the Coop down across Sequoia Ave. This street after next year will be closed forever. The materials for the new Ad building will tentatively be put on the lot across from the girls dormitory and down below in the direction of the new speech arts building.

The fourth new building is the new cafeteria which will occupy the area in front of the present Ad building. It will extend into some of the present parking area now available there, but, here again, what little area is left will probably be used to store building materials.

The long-hoped-for field house will rise upon the old baseball field which is located directly behind Redwood Bowl. This is a parking area now for football games but this problem will probably be eliminated with the completion of the new baseball field in front of Redwood Hall. Redwood Hall incidently will have only one more year of existence.

The swimming pool will be built where the quonset hut south of the football field is now located. The quonset hut will have to be torn down.

Mr. Frank Devery said, "Within these next two years the school will also have a boundary extending to the 14th St. overpass. The corporation yard will be located on 14th street in two years."

The two largest parking areas in the future will be those located directly below the CES playground and the triangular block right below it. This is the block in front of Bill Johnson's house where the bonfire was held two years ago and where it was originally to be held this year before the site was changed.

Many of these buildings will begin to go up this summer and this is the essence of the parking problem . . . growing pains.

Green, Gold Room Is 'International'

The green and gold room has taken on an international air since the addition of brightly colored Spanish pinatas, Japanese murals and modern American furniture.

The pinatas were left over from the annual faculty Christmas party Dec. 10. Children of faculty members played games and the theme was Latin American.

The Japanese murals were part of the Japanese theme used at the Student Wives fashion show held recently.

The first shipment of new furniture arrived last week and Miss Kate Buchanan reports two large davenports, end tables and lamps will soon be added.

Plans have been made to build a cupboard to store dishes, silver belonging to the ASB to eliminate the kitchen in the dean of students office.

The green and gold room will be used as an activity center and clubs will be encouraged to meet there, Miss Buchanan said. She added that there is a possibility of using the room for small group dances.

The Green and Gold room can be scheduled through application at the activities office.

The first steamboat to carry a man was operated by John Fitch on the Delaware River August 27, 1787.

Needy Families To Receive Food Packages

Needy families in the Humboldt area will receive Christmas food packages donated by the students of Humboldt State College today.

The food drive was sponsored by the Associated Student Body in conjunction with the Lutheran Students, Spurs, WAA and Associated Women Students.

These groups will distribute the food packages to local churches and then the food will be turned over to needy families. The idea for the drive originated in Interclub Senate and was unanimously approved by all campus clubs.

The containers for the food drive were made by the Lutheran Students and Spurs and WAA and AWS were in charge of distribution.

WAA Hoop Squad Defeats Lassen

Humboldt State's WAA basketball team defeated Lassen JC WAA 62-35 last Saturday.

The team started on their trip to Susanville at noon last Friday. Some of the members were a little worried about Friday 13th bad luck, but the old superstition seems to have worked for them this time.

Members of the team are Lynn Worswick, Marlene Thompson, Nancy Weber, Diane Beeson, Carolyn Sander, Charlene Kovacovich and Ruth Susmilch.

The Lassen JC WAA intends to return soon and try to ven things up.

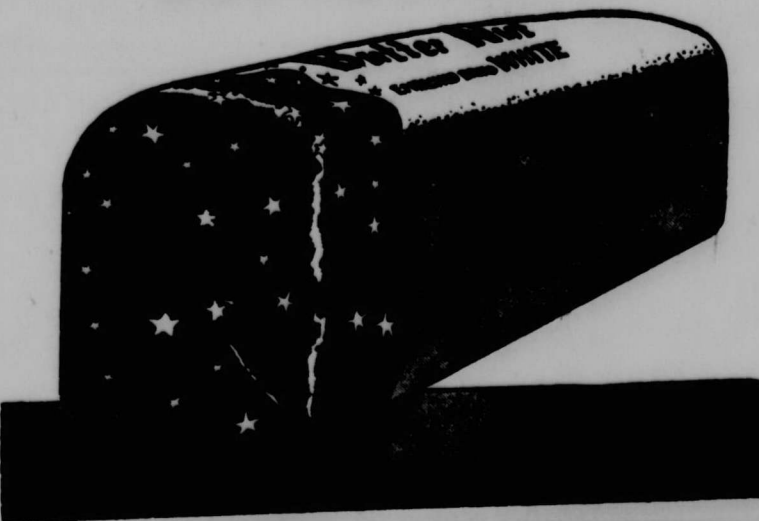

Practically all popular ski areas in the Western United States are on national forest land.

BUY NOTHING.. BUT BUTTERNUT!

GRID MENTOR SAYS LEARNING TO LOSE WITH DIGNITY AND WIN GRACIOUSLY GREAT GAIN

By COACH PHIL SARBOE

At the conclusion of each football season it has been my privilege and honor to be asked by the Lumberjack Editorial Staff to summarize the past season.

Last year (1956) we had our winningest year in all HSC history. This year it is our losingest season since our arrival. It is a rather simple assignment to write a success story based on winning. To begin to write at the end of a loser is a bit awkward to say the least.

I believe the coaches and players feel that in spite of a 4 win and 6 loss season we had a good year, one which will help all of us in the future.

Learning to lose with dignity and to win graciously was undoubtedly our greatest gain through the football games this fall.

It took us half a season to get our first win on the scoreboard but our six seniors "Bake", "Cowboy", "Raff", "Jumping Jim", "Dave T.", and "Big Jerr" never let us give up and we did finally jell into a solid team in spirit and condition. Consequently, our offense and defense improved. This should definitely help us become a good strong contender for the Far Western Crown next year. The losing of these six grand guys will hurt, especially since two of them ran one-two at the all-important ball handling position. Naturally, great concentration will be given toward the filling of that gap. The other positions will find veterans returning for what the most part - providing these individuals can successfully survive the elements (grades, finances, health, etc.)

To our many loyal and faithful friends (Dr. Scheppeler - Health Unit, Student Body, Faculty, Alumni, Fans), may I say thanks a million for your wonderful support. To the band, papers (school and community), radio, we could not get along without you. You people are the "first team". We are the second team, and proud of it.

We like this bit of Philosophy: If you think you are beaten you are;

If you think you dare not, you don't.

If you think you'd like to win but can't,

It's almost a cinch that you won't.

If you think you'll lose, you've lost.

For out of this world you'll find Success begins with a fellows will.

It's all in the state of mind. If you think you're outclassed, you are.

You've got to think to rise. You've got to be sure of yourself

Before you win a prize. Lives battles don't always go To the stronger and faster man, But sooner or later the man who wins

Is the one who thinks he can. (Thanks to M. D. Harmon, Seattle)

Score (30) for another year. Appreciatively yours, Phil Sarboe Athletic Director

P. S. This is not meant to be an afterthought. I just want to encourage all of you readers to be good supporters for our most excellent basketball team. We have a beautiful place to play, a grand coach, and a few problems. One problem is parking. Please, as students and faculty, let us park on the outer extremities and allow our loyal public the choice parking spots. In another year or two this problem will be completely solved. Also, let us promote a good or-

ganized spirited student body by all sitting together behind the scorer's table. It could quite conceivably be possible for the visiting teams, coaches, and officials to go away from our campus looking forward to a return trip to Humboldt State because of the fine consideration and treatment of our Student Body and Athletic Department.

Lastly, let's give our cheer leaders and song queens the support they are entitled to. We all can be a real well organized thoughtful team if we **only will**. Believe me it's more fun this way.

Merry Christmas

DR. KERKER NEW COMMISSIONER OF H-DN CIF LEAGUE

Dr. Lawrence L. Kerker, a member of the HSC physical education department, has been appointed Commissioner of the Humboldt-Del Norte CIF League by league officials. Kerker replaces Jay Willard of Eureka who resigned recently.

The commissioner's main job is to select officials for the athletic events in the two counties, both high school and collegiate.

Kerker is a PE instructor and varsity tennis coach at HSC and was recently elected president of the Humboldt-Del Norte Officials Association. He has indicated that he will continue officiating as well as carrying out his duties as commissioner.

Kerker came to Humboldt last year from Illinois where he was a high school coach for 12 years and was a basketball official for several years.

LUMBERJACKS DROP PAIR TO PACIFIC LUTHERAN COLLEGE ON ROAD TRIP

Humboldt's basketball team ran into an expected rough time in Parkland, Washington, Friday and Saturday at the hands of Pacific Lutheran College, as the Lutes handed the Jacks 72-48 and 83-63 setbacks for the third and fourth straight Lumberjack losses.

Forward Chuck Curtis, the Lutes' Little All-American candidate, poured 58 points through the hoops in the two games, including 36 in Saturday's contest, to pace the Lutes in their seventh and eighth straight wins.

The Jacks were never in contention Friday after the first quarter, as the Lutes jumped to a 14-11 lead. PLC outscored Humboldt 24-9 in the second period to make it 38-20 at halftime.

Saturday it was a different story, as the Jacks were in the thick of it for 30 minutes of the game. The Lutes held a slim 18-16 lead at the end of the first ten minutes, but Bill Van Beek hit seven field goals in the remaining time to make it 41-30 at the half.

The Jacks came back fast in the opening minutes of the second half and at one point had closed the gap to six points. But Curtis started the Lutes on their way with his terrific shooting and PLC finished strong.

Jerry Hathaway lead the Jacks both nights, scoring 16 Friday and 20 Saturday. Larry Taylor hit for 25 in the two games and Jack Evans got 16, 14 Saturday.

Guard Roger Iverson, along with Curtis, lead the Lutes in scoring. Iverson scored 29 in the two games. Van Beek hit for 28.

JACKS FACE HOME CONTESTS

FOOTBALL AWARDS ARE PRESENTED FOR 1957 SEASON

Awards were presented to some of the outstanding players on the 1957 Humboldt State College football team at a dinner at the Eureka Inn last Tuesday noon.

Senior fullback Ralph Mayo, and senior quarterback Warren Baker were honored by their teammates who selected them as co-captains for the season.

Earl Barnum, who was the Most Valuable Player on the 1956 squad, was picked as the Most Inspirational Player.

Sophomore halfback Marion Mayes was presented with the Most Valuable Player Award for the season.

Freshman Guard Bill Bartlett was selected as Mr. Hustle of the 1957 Jacks squad.

The Best Blocker award went to Sophomore Tackle Bill Hicks while the Best Tackler presentation was awarded to Junior Center, Zeke Van Deventer.

Jim Ennis, Senior Guard, was given the Sportsmanship award for his conduct during the season.

The Mr. Scholar award for 1956 went to fullback Warren Smith, who has graduated. The 1957 Mr. Scholar award will not be announced until next season after this semester's grades are reported.

The Eureka Downtown Kiwanis Club and the North Arcata Kiwanis Club sponsored the awards dinner.

JV Hoopsters Split Two Games

The Junior Jacks split two games last week, as they defeated Nelson Hall 46-26, but lost to Bucksport Sports 66-59 in games played at the college gym last Friday night.

In the first game, it was the Jayvee reserves who garnered the win over Nelson Hall. Larry Johnson and Darrell Mortenson led the victors with 13 and 15 markers respectively. High man for Nelson was Jim Westmoreland with 10 points.

The second game was a different story, as the first stringer Junior Jacks found Bucksport to be more than they could handle. The Jacks held a 35-28 halftime lead but were unable to contain

HUMBOLDT MEETS CENTRAL WASHINGTON TONIGHT; PLAY WHITWORTH OVER WEEKEND

Humboldt State's Lumberjack basketballers face three of their toughest pre-conference contests of the year during the remainder of this week as they play two powerful teams from the state of Washington in Central Washington at Whitworth.

Tonight the Jacks will host the Wildcats of Central Washington from Ellensburg in the concluding match of a two game series. The two teams met last night but because of deadline difficulties it is impossible to announce the results here.

Then tomorrow and Saturday evenings the Lumberjacks will meet the Whitworth College Pirates of Spokane, Washington to conclude one of the Lumberjacks' longest consecutive-game home stands in several years.

Both visiting teams are from the rugged Evergreen Conference, toughest small college loop in the Pacific Northwest. Last weekend HSC met another member of the Evergreen Conference in Pacific Lutheran and received a pair of sound poundings from the northern quintet, which is rated a likely contender for national NAIA tournament honors.

And the Central Washington squad is rated second only to the Pacific Lutheran team in their league and the Pirates of Whitworth are not too far behind them.

So indications are that the Jacks, who face a terrific schedule of rugged contests, will have to be in top flight shape to be in the battles.

Coach Leo Nicholson of the Wildcats has a 12 man squad that is made up of five three-year lettermen and six monogram winners with two years experience.

Probable starters for Central Washington are Bill Coordes

(6-5), Bill Bieloh (6-2), or Tom Oxwang (6-3), Joe Kominski (6-5) and either Walt Brudvick (5-8) or Bud Snaza (5-11).

The Wildcats use a weave attack from the frontcourt with Coordes and Kominski playing the corner spots and moving in to play to posts.

Depth and a strong bench are very evident on the Central Washington squad. Coach Nicholson sometimes uses two units and substitutes by platoons. This means that the team will be able to go at a fast pace without tiring as ten men divide the time.

Coordes, a junior this season, was named All-Conference center last year. With Kominski the team has a powerful double post attack. Brudvick is an outside threat who uses a potent two handed set shot for long distances and a deadly jump shot from shorter range.

Oxwang, a southpaw shooter, is a better than average scorer and on his nights can give any team plenty of trouble. He is also a top rebounder.

For Humboldt State, Coach Franny Givins will start with Jerry Hathaway (6-2), Warren Baker (6-4), Larry Taylor (6-1), Bob Lawson (6-1), and Jack Evans (5-10).

Baker was out earlier in the week with a sprained angle but is expected to be ready to go full tilt tonight against the Wildcats and in the other two weekend meetings.

Coach Franny Givins will guide his Humboldt State hoop charges into battle tonight against the powerful Central Washington quintet. Tomorrow and Saturday the Lumberjacks will host the Whitworth Pirates in a two game series. Both visiting teams are from the Evergreen Conference in Washington.

HSC Hoopsters Face Bustling Holiday Slate

Although the Christmas vacation will give most HSC students a rest from school for two weeks, the Lumberjack basketball squad will not be resting much of the time, as they will play eight contests between the time school is out today and resumes Jan. 6.

Tonight the Jacks conclude a two game series with Central Washington College. Tomorrow and Saturday nights Whitworth College will invade the Humboldt campus for another two game series.

The Jacks will have a short rest over Christmas, as they travel to Sacramento on Dec. 26 for the Far Western Conference Holiday Tournament. The tourney will last for three days, and the championship game will be played on the night of Dec. 28.

Back to action after the New Year, the Lumberjacks tangle with the power-laden San Francisco Presidio quintet on Jan. 3 and 4. The Presidio beat the Jacks twice last year by large margins and are reported to be even stronger this season.

The FWC tourney will be held in Sacramento for the first time, and the Jacks will be striving for the first good showing in the holiday classic.

Following the Christmas vacation, the Jacks will play several

JVs Tangle With Crannell Tonight

The Junior Jacks meet Crannell of the Arcata basketball league tonight in the college gym.

After a rather slow start in the 1957 season, the Jayvees hope to regain their winning ways against the Crannell squad tonight. Coach Hank Cooper is expecting a real tough contest with the Crannell club.

The Jacks were without the services of Jim Ziegenbein during the past week, but it is hoped that he will be ready for tonight's contest. The starting lineup will be made up from the following players; Mike Seymore, Jerry Buda, Francis Hooper, Dennis Giuntini, Bob Kayes and Larry Johnson.

FWC games at home before finishing the season with the last eight games on the road.

SOMETHING

By TOM FAY

Since I have been informed by our illustrious Lumberjack Sports Editor, Donald Harris, that my column is to include no basketball this week...

Football is all over at HSC, but the pros have been engaged in one of the tightest battles in NFL history. The Cleveland Browns wrapped up the Eastern title two weeks ago, but the western division has been a "lulu" all the way — Going into last week-end the Baltimore Colts, Detroit Lions, and the "good old" S. F. 49'ers were all tied for first place. The Colts were whipped by the L.A. Rams which dropped them out, but Detroit blasted the Chicago Bears and S. F. got past Green

the likes of George Ibarreta and Ron Fredericks in the second half who scored 20 and 23 points respectively for Bucksport.

Bay to stay in the running. Sunday will see one of the most terrific football drawing cards ever performed on the West Coast, when the 49'ers meet the Lions for the Western Division championship playoff. The 49'ers have played to capacity crowds in every game this season, and you can imagine what it will be like when they have a chance for a championship. Some tickets for last week's game with Green Bay sold for 50 and 100 dollars.

The 49'ers have never won a championship but seem to have the most fervent fans rooting for them. When they are winning they are cheered tremendously, but let a 49er make a mistake and the stadium reverberates with boos. One of the favorites of the team is their bald-headed quarterback Y. A. Tittle, who is one of its most remarkable field generals in the game. He was injured last week, but when John Brodie got in trouble he limped onto the field and engineered 17 points for the win.

If the 49'ers beat the Lions Sunday then they will host the Browns in S.F. a week later for the NFL championship. If the Lions win they will host the Browns in Detroit on Dec. 29.

Our Pacific Coast sympathizers are with Oregon, who meets Ohio State in the Rose Bowl this year. Ohio State is ranked first in the nation by most wire services, and their forward wall is one of the largest in the country. Ohio State won the big championship for the third time in four years. Oregon and Oregon State were co-champs of PCC, but O.S. beat Oregon in their only game, 10-7. Oregon is not given much chance.
