Gordon Schroeder Named Assistant Prof Of PE, Football Line Coach

Appointment of Gordon Schroeder as assistant professor of physical education and football line coach was announced yesterday.

Schroeder will assume the duties of Bob Doornink, assistant professor of physical education for the past three years, who will be on leave for doctoral study at the University of Oregon next year. The appointment becomes effective Sept. 1.

Announcement of the appointment was made by President C. H. Siemens through the office of Dr. Homer P. Balabanis, dean of instruction.

Schroeder is well known to sports fans of northwestern California as a former line star and captain of the Humboldt State Lumberjack football eleven and more recently as line coach under Coach Dick Renfro at Eureka high school in 1955.

AB FROM HUMBOLDT

He attended Compton junior college in 1942 and completed his AB degree with work in physical education at Humboldt following World War II. He returned to Humboldt for graduate work in 1954, securing his general secondary credential with advanced work toward his MA degree in physical education.

At Long Beach Jordon high school he was all-city, all-league, and all-Southern California CIF selection in football in 1942. He played guard. In 1943 he was all-junior college guard at Compton junior college, playing under Dr. Joseph M. Forbes, now head of the division of health and physical education at Humboldt.

Schroeder followed Dr. Forbes to Humboldt and played on football teams coached by Dr. Forbes in 1946 and 1947. Schroeder was an all-Far Western Conference selection during the 1947 and 1948 seasons.

After graduation Schroeder was employed at San Gabriel in Southern California until he returned to Humboldt County in 1955 to assist at Eureka High. (Continued on Page 4)

President Siemens Will Attend National Meeting

Humboldt State College president Cornelius H. Siemens left this week for the East coast to interview candidates for positions on the college teaching staff next year.

Dr. Siemens will also attend the annual conference of American Association of Colleges for Teachers Education convening in Chicago; and the American Association of School Administrators conference in Atlantic City.

Because of the critical shortage of qualified college professors, particularly in the west, states Dr. Siemens, most of the new faculty members will need to come from the middle-west and eastern areas. He will hold interviews at the University of Chicago, Northwestern University, Columbia University, New York University, University of Pennsylvania, Cornell University and Yale University.

"We have been most fortunate in attracting capable new faculty members who hold the Ph. D. degree in the past few years," continued Dr. Siemens. "We believe in expending considerable effort to find the best qualified faculty members by canvassing the major universities of the United States. After all, the effectiveness and worthwhileness of a college can be measured by the caliber of its staff, particularly its teaching force."

Dr. Homer P. Balabanis, dean of instruction at Humboldt, will leave next month to visit several middle-western universities for further interviews of new faculty.

Jim Kidder leads a discussion group in problems of presiding officers during the recent Leadership Conference held at HSC. Kidder is the president of the University of California Student Body and journeyed here for the one day conference with the local high schools.

HSC Business Day Set For March 6

The HSC Business Day has made plans for an entertaining and informative event, on March 6, to be called HSC Business Day. Featured will be exhibits by such leading firms as Bank of America, Shell Oil Company, Vita Craft Mfg. Co., IBM, Burroughs and Monroe Business Machines.

Several outstanding speakers will participate, including Mr. R. C. Van Wagenen, chief of the Bureau of Business Education, State Department of Education, Sacramento, California; and Mr. Allen Voorsanger, Univac Division of Remington Rand, Inc.

Mr. Voorsanger will exhibit Remington's Electronic Computer, "Univac," which promises to create numerous innovations in office and management procedures.

Participating will be some 200 local high school business education students as well as all HSC Business Administration majors.

Opportunity will be given the students to consult with local experts representing various vocational fields; such as, Accounting, Retailing, Personnel Management, Law, Insurance, Real Estate, Investment Counseling, Office Management, Banking, Advertising, Business Management and Transportation.

Tables Are Turned; Here They Come!

Even though Leap Year is past the women are going to have another chance to ask their favorite man to a dance.

Coming up March 23 is the Associated Women Students "Million Dollar Merry Go-Round Dance."

AWS members are currently making the plans for this dance which will be held at the Carson Memorial in Eureka.

Claude Gribble and his combo will be playing - so girls, get on the Merry Go-Round and take advantage of this one-in-a-million opportunity.

(continued on page 6)

DRS. JONES AND WAGNER STAR DURING TODAY'S PRESENTATION

Final event of the second annual American Heritage Week will be held today at 11 a. m. in the college auditorium when Dr. Archie H. Jones lectures on "God's Trombones: The Negro in American Religion."

All students, faculty, staff and townspeople are invited to the program without charge.

A feature of the program will be the singing of Negro songs by

Dr. Leon Wagner, tenor, assistant professor of music.

Dr. Jones described his talk as "a rapid narrative survey of the beginnings of Protestant Christianity among the American Negro, covering the pattern during the slavery period and development after 1865."

He will extend the idea that segregation among Negro churches has been to a large extent the choice of the Negro himself. In this sense the Negro has merely followed the pattern of the growth of denominationalism in America, he noted.

American Heritage Week opened Wednesday night with a program of music in the American heritage by members of the music faculty, assisted by other local instrumentalists. Yesterday Sam Hinton, celebrated American folk singer, presented a recital of folk songs.

Heritage week was conceived last year as a means to focus attention during the period between the birthday anniversaries of Lincoln and Washington upon the values and traditions of American life, and to indicate some new directions. A committee of students and faculty members planned this year's observance under the general chairmanship of Dr. Ralph Roske, assistant professor of history.

Four exhibits of American arts and crafts are being shown in the library as part of the week's observance, and in the art gallery are the works of James Grant, young contemporary California artist.

Chloe Kiggins Is Named Editor Of New Magazine

Chloe Kiggins, senior journalism student and Lumberjack columnist, was appointed editor and Phil Bartlett, junior business administration major, was appointed business manager of the journalism laboratory's general interest magazine this week.

Miss Kiggins will be responsible for the entire editorial phase of the magazine, which will be a "slick" magazine of articles of interest to the campus community. Bartlett will be responsible for advertising and other business phases. The magazine will be self-supporting from advertising and sales, although the student body executive council tentatively has approved a loan of \$350 from the Sempervirens account to cover bills pending receipt of advertising revenues.

Miss Kiggins has been a Lumberjack staff member for four years and currently conducts the "Lookout" column. She is a member of Alpha Phi Gamma, honorary journalism society.

Bartlett, a transfer student from Cal Poly, is district representative for Vita-Craft corporation and won that firm's \$150 cash scholarship last fall as the result of high sales during the summer.

Articles are being assigned and the staff is soliciting ideas, Miss Kiggins said. A staff organizational meeting will be held next Wednesday noon in the Lumberjack office, and students interested in magazine non-fiction writing are invited.

1379 FINAL ENROLLMENT

Humboldt State has enrolled 1379 students for spring semester, the business office reported Monday night after the final day for registration. This figure compares with 1192 last spring semester, a record up to that time.

DR. LORING TELLS OF PROGRESS TOWARD LOCAL SCHOOL OF NURSING

Progress was made towards the formation of a school of nursing in Humboldt County when Dr. Ted W. Loring of Eureka, spoke to the members of District 3, California State Nurses Association and other area nurses at a meeting held at 8 p. m. Thursday, Feb. 7, in the Eureka YWCA club room. Dr. Loring in his progress report stated the possibilities for a graduating class by 1960 or 1962 of registered nurses in Humboldt County.

A local group composed of members of the Medical Society, representatives of the California State Board of Nurse Examiners from Sacramento and Dr. Loring included in their remarks some of the requirements for accreditation by the SBNE which have been met and those which have yet to be met.

With the findings of a committee now pending before the SBNE, approval is expected in the near future of a department of nursing here at Humboldt State College.

The proposed school, with fully accredited St. Joseph's hospital in Eureka providing practical experience, with General Hospital

in Eureka and Trinity Hospital in Arcata as well as other Humboldt County hospitals working toward similar accreditation, is to be patterned after the Santa Rosa Junior College School of Nursing. In Dr. Loring's words the school would be, "Not a nursing school in the usual sense, the nurses' training planned here would lead to a Registered Nurses' diploma and a Bachelor of Science degree in a four year course."

Pointing out the fact that many governmental, teaching and supervisory positions require the B. S. degree Dr. Loring mentioned the advantages such a course would offer student nurses as integral members of the college student body. Along with their basic courses and hospital experience, they would also study English, history and other subjects thereby receiving a balanced education.

It would be possible for the pre-nursing students now enrolled at school to fit into the nursing curriculum as sophomore or junior students, if a nursing education department is established.

By The Way

BY KEITH BARNHILL

Last week's editorial column was apparently well read as many fine comments from students and faculty came across my desk. Here's one that's very interesting.

WHAT IS ART?

A Plea For Real General Education

A recent editorial in this paper has brought to the attention of its readers some very pertinent questions. I welcome this opportunity to help the writer of that editorial make clear what these questions are.

Whether art students and others are being "indoctrinated", and whether "real art" is being taught or exhibited in this or any other college might be the basis for many interesting, entertaining and fruitless arguments. These are certainly not the real issues. And of courses in Art cannot be taught editorially, any more than can any other course.

The issue that should give us real concern is that people are often neglecting to use mature reasoning in evaluating areas of interest other than their own.

To speak out against things with which one disagrees takes a little courage, at times. It also indicates that the matters discussed are of sufficient importance to occupy us, and of sufficient significance to shake our complacency. It is a negative action, but a first step toward learning. And immediately two responsibilities exist: to avail ourselves of the FACTS, and then to attempt a judgment based on these facts, as unrestricted as possible by personal prejudices and popular opinion. I list a few questions for the purpose of fact gathering, and for serious consideration.

What is Art? ... Is it our natural surroundings, or is Art man-produced? ... Is Art imitative or creative? ... Is Art craftsmanship?

Are all men born with the intuitive ability to judge correctly? If so, how then explain differences of opinion? If not so, does it still hold true for the Arts? Does success in one field automatically assure a man the ability to criticize accurately in others?

Do creative men contribute beneficially to their society? Are creative men's efforts always easily understood by their own society?

Does learning remain unchanged from childhood to maturity, so that as one faces mature responsibilities he can rely entirely on what he learned in the grades, or in high school, or even last year? Is it possible to lay a good foundation for judgment by gossip, argument, accidental reading, indirect reference ... or does understanding require unbiased investigation and experience.

Our insecurity today in deciding what to accept, and how to decide, is the most revealing proof of the need for a more realistic attitude toward general education in colleges and universities. Survey courses, quickie devices, handy-dandy rules are not the answer. Neither is the ignoring of other study areas the answer. If this kind of preparation is all we have at a time of challenge, we believe what we want to and rely on popular opinion. Or we may admit our ignorance and laugh it off. Are either of these the best way to learn, run a college program, solve a problem, or paint a picture?

LITTLE MAN ON CAMPUS

by Dick Bibler

"He threw our fraternity pin away - - He says the picture of his convertible is doing more for him."

Minutes of the Student Council

Feb. 7, 1957

The meeting was called to order by Vice-President, Jim Arnot, on the above date. Those present were Jim Callison, Jim Barnes, Joe Chappelle, Chip Brodie, Sandi Wahlund, Pat Duffy, Jon Mitts, Mike Fielding, Keith Barnhill, Dr. Karshner and Roberta Johnson.

OLD BUSINESS

Chip Brodie reported that the pencil sharpeners have been secured for the classrooms.

Jon Mitts gave a summary of the meeting he had with Mrs. McKittrick and Dr. Karshner about the registration procedures. He told of the rotation plan that will start next semester. The people with last names starting with H will register first and the people with last names starting with A will register after the Z's have registered.

Jim Callison and Mike Fielding are to see Dr. Hollstein about the magazine that is to be published by the Journalism Class.

Sandi Wahlund reported on the Committee for Entertaining the Hawaiian Football Team. There are two things to consider when planning for the entertainment. They are: the team will not be able to do anything before the games, and the team may stay here a week. If the team does stay for a week they could be taken to see the redwoods and the lumber mills.

The Leadership Conference to be held on Feb. 12, for the eight local high schools was discussed. Each leader in the council gave a report on the preparations made for their group.

Jim Barnes reported that the clubs did not want to host the officials. Jim is to contact the Block H and ask them if they will take this responsibility of hosting the officials.

Chip Brodie gave a report about the prices for the dinner to be held on Monday or Tuesday night for Lenzi's and Walt's. It was decided that the student council members and their guests would

go to Walt's for dinner. The dinner was tentatively set for Monday evening pending the arrival of Jim Kidder.

NEW BUSINESS

It was moved, seconded and passed to accept Chip Brodie and Dick Fauerbach for Co-Chairman of the All Day Picnic on May 15, 1957.

It was moved, seconded and passed to accept Dale Callihan for Chairman of the 1957 Frosh Camp.

COMMISSIONER'S REPORT

Activities Commissioner reported that the ICS committee decided to use the downstairs room of the Co-op for a lounge area and for meetings. They also decided to have furniture in the room. This ICS committee will look into the possibility of purchasing the furniture.

It was moved, seconded and passed to adjourn the meeting.

Respectfully submitted,
Roberta Johnson,
ABS Secretary
Jim Arnot,
ASB Vice-President

Pacific University has been selected for the second year to receive a grant of \$800 as part of the Standard Oil of California's Leadership program. The grant is to be made to two outstanding undergraduates for the 1957-58 academic year. The Pacific Faculty Scholarship committee has been given full authority to make the selection of the recipients of the grant. The candidates are to be chosen on the basis of leadership, qualities, financial need, and scholarly attainment, and the grant will be to either men or women regardless of course of study, race, or creed.

—PACIFIC UNIVERSITY,
Forest Grove, Oregon

A curriculum in engineering metallurgy leading to a bachelor of science degree at San Jose State College has been authorized by the State Department of Education and the State Board of Education, President John T. Wahlquist announced yesterday. The new program which will be available in September, is the fifth curriculum offered by the engineering department. The others are in the fields of industrial, chemical, electrical and civil engineering.

—SPARTAN DAILY,
San Jose State College,
San Jose, California.

An \$11,839,093 budget for the fiscal year of 1957-1958, the largest in SF State College's history, has been submitted to the California State Legislature, according to Dr. J. Paul Leonard. Dividing the budget into two sections, Dr. Leonard stated that \$6,217,320 is allotted for additions to the Science, Administration, Arts and Industries, Education, Gym, and Library Buildings, plus the building of dormitories and minor construction. The remaining \$5,621,773 is for the general support of the college during the coming year.

MANY ADVANTAGES IN SIX MONTH TRAINING PLAN--MAJOR GENERAL JONES

Major General Earle M. Jones, state adjutant general, today expressed his concern that young men between the ages of 18½ and 25 years, who are presently registered with Selective Service, are not aware of the implications of the administrative ruling of the Director of Selective Service that men who have had six months active training will be administratively deferred from the draft as long as they perform satisfactorily in a National Guard unit.

"This means," Jones said, "in effect that a man in this age bracket who enlists before receiving pre-induction reporting instructions will be able to trade six months of active duty for training in lieu of a possible two years of active duty service if drafted."

This would be the advantage of employers who are contemplating hiring draft eligible men as well as creating a minimum of interference for men who desire to pursue a college education upon graduation from high school.

Gen. Jones, who returned from Washington, D. C. today, said there was no disagreement between National Guard officials in the State of California and the Department of the Army on the "TAKE SIX" program requirement for men in the 18½ to 26 category.

"We are all agreed," he said, "that this program presents nothing but advantages for young men in this age bracket."

Differences of opinion between Guardsmen and the Defense Department and the Department of the Army have arisen over how and when young men in the 17-18½ age bracket are to perform their military obligation. The Executive Council of the National Guard Association has recommended, by resolution, that all young men in that age bracket who join the Army National Guard after April 1st be required to perform 11 weeks of active duty for training or be permitted to volunteer for the six months training program provided they have not had prior military service.

General Jones said that be-

tween now and April 1st young men in the 17-18½ age bracket who join the Army National Guard will be permitted to perform their military obligation at home provided they meet the Guard's attendance requirements.

Those young men who are unable to leave their jobs or school right away should join the Army National Guard now and they will be assured they will not be required to "TAKE SIX", General Jones said.

Arithmetic Course Taught In Fortuna

The Fortuna Elementary School is the scene of Education 120 Ar. Elementary School Arithmetic Methods, according to Dr. Ivan C. Milhous, dean of educational services.

The new class, initiated Feb. 4, is a survey course of modern methods and materials in teaching elementary school arithmetic and is taught Mondays, 7-9:30 p.m., by Dr. Lamar Holmes. Practical applications to classroom situations and the development of computational and problem

Barnes Attends Physics Meeting

Dr. George Barnes, assistant professor of physical science, presented a paper on the "Study of Collisions" at the recent annual joint-meeting in New York of the American Association of Physics Teachers and the American Physical Society.

The study, explains Dr. Barnes, deals with the collision of spherical objects with each other and their behavior after impact.

As president of the newly organized Northern California Association of Physics Teachers, Dr. Barnes also represented the regional group on the national council. The local group was accepted for membership in the national organization at this time.

Of special interest to the physics teacher, states Barnes, were the symposiums on the "crisis in secondary school physics," which discussed method of interesting the student in physics as a profession and "improving the quality and effectiveness of introductory physics courses."

Largely limited to college physics teachers in the past, the growing trend of the national organization is to bring high school teachers whose training qualify them for membership into the American Association of Physics Teachers.

solving skills in children are the subjects of special emphasis by Dr. Holmes.

New Dorm Council To Be Formed

A new Inter-Dorm Council, composed of representatives from the campus living groups, will be formed this semester, according to Miss Kate Buchanan, adviser.

The group was first organized last semester. The Council met each Thursday noon to discuss plans and problems of social activities in the dormitories.

Last semester they sponsored weekly dances in the cafeteria for dormitory residents who enjoyed dancing or wished to learn to dance. "These were well attended and will be continued this semester," Miss Buchanan said.

The Council also acted as chairman for the Christmas dinner held in the cafeteria. Besides immediate problems of the dorms, the group served as an investigating committee, appointed by the ICS, to do some committee

Teacher Recruiter To Be Here Soon

Dr. Harold E. Neville, of Scotia, president of the Humboldt County School Boards Association will be the chairman of a day long conference on teacher recruitment here March 27.

The conference, sponsored by the Humboldt County Office of Education and HSC, is expected to draw 100 to 150 persons from the county who are interested in the problems of teacher recruitment and how to solve these problems.

Med Schools List 2 Dates for Admission Tests

Candidates for admission to medical school in the fall of 1958 are advised to take the Medical College Admission Test in May, it was announced today by Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges.

These tests, required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year.

Copies of the Bulletin of Information (with application form bound in), which gives details of registration and administration, as well as sample questions, are available from pre-medical advisers or directly from Educational Testing Service, 20 Nassau Street, Princeton, N. J. Completed applications must reach the ETS office by April 27 and Oct. 15, respectively for the May 11 and Oct. 29 administrations.

BY DICK LAURSEN

Only two weeks left of the steelhead season. That is, only two weeks left that you will be able to fish upstream from the 101 Highway bridges on many of the streams or in the lagoons. Most of the streams are open from the ocean to the 101 Highway all year round.

Elk, Mad, Little, Klamath and Smith rivers, and Redwood Creek are open from the mouth to the 101 Highway all year long. Portions of other rivers open all year long are Freshwater Creek from mouth to 3-Corners on old Arcata-Eureka road, Eel River from mouth to bridge at Fernbridge, Bear River from mouth to county road bridge at Capetown, and Mattole River from mouth to bridge at Petrolia. A big portion of the steelhead runs come in after the end of February so these waters should produce some real fine fishing during a time when most anglers lay away their rods till the following fall.

The past weekend saw many of the HSC anglers pursuing those elusive steelhead. The Smith River produced the most fish with the Trinity River coming in a close second. Those ardent anglers, Frank Metcalf and Wayne Salmon did real well on the

Smith with several nice steelies. This writer was only able to connect with one fish (also on the Smith), but this was a 16 pounder which made up for the lack in quantity. Didn't catch the names of those going to the Trinity, but heard they did real well also.

Both Big Lagoon and Stone Lagoon broke open this past weekend. This is the first time in 13 months for Stone Lagoon and its been about four months since Big Lagoon was open. There should be a good run of steelhead come in both lagoons because of the time elapse since their last opening.

Several of the HSC anglers tried their luck on Big Lagoon over the weekend, but none of them succeeded in coming up with any steelhead, although that lagoon specialist, Bill Pogue, did bring in a beautiful 18 inch cutthroat.

Have you seen any fish or game violations lately? If so, what did you do about it? Talk to the violator? Call the local warden and tell him the particulars? Or nothing, except tell your buddy what a bunch of outlaws the sportsmen are? Which of those three methods would you use if you should see a violation? The Department of Fish and Game would like for you to call the local warden and give him the particulars of the violation. By such a method the undermanned warden force can become a more efficient unit. Learn the

Gordon Schroeder

(Continued from Page One)

This year he is employed at Ukiah high school with two of his former team mates, Brick Bralich and Fred Iten.

Schroeder is married to the former Marianne Jessen of Eureka and is the father of two children. He is the brother of head coach Jerry Schroeder of Fortuna high school.

Dr. Forbes and Phil Sarboe, athletic director and head football coach at HSC, issued a joint statement concerning Schroeder's ability:

NO STRANGER

"Fortunately Gordon Schroeder is not a stranger to our coaching department, having been a student assistant during the 1954 season when he was doing graduate study on the Humboldt State campus.

"We are very well aware of his all-around ability and feel very fortunate to have secured a person who is so well liked and who in turn likes the Humboldt area so well.

"His having been a former player here and coach means he is very well adjusted to our problems. We are looking forward to many wonderful seasons with Gordon Schroeder on our coaching staff."

GOLDEN GATORS HAND JACKS TWO FAR WESTERN DEFEATS

BY BOB BESTOR

Any Far Western Conference title hopes the Humboldt State Lumberjacks may have entertained were squelched last weekend by the red-hot San Francisco Gators as they overran the 'Jacks on successive nights of their FWC double header.

Paced by the fine shooting of Billy Glenn, who led the Gators with 20 points, the Frisco outfit rolled to a 66-53 win in Friday's opener. Coach Franny Glavin's young cagers could do little better in the Saturday night contest as they dropped the second of the series 64-56.

In accuracy from both the field and the free throw line hurt the hilltoppers a great deal. The 'Jacks could only connect on 14 fieldgoals in 67 attempts in the Friday night encounter while San Francisco zeroed in on 23 of 55 shots from the field. Saturday the Lumberjacks hit on only 24 per cent of their shots with a 22 in 80 effort. Although San Francisco also connected on 22 from the floor, free throws made the difference. Frisco hit for 20 gitters while HSC picked up only 12.

Scoring honors Saturday went to Bob Lawson and Warren Baker of the 'Jacks with 19 and 18 points respectively. Baker led the hilltoppers Friday night with a 12 point effort.

Scoring Summary

Humboldt State — Lawson, 2;

Robinson, 7; Baker, 12; Evans, 6; Cooper, 9; Erhart, 9; Schubert, 2; Miller, 4; Caver, 2. Total, 53.

San Francisco State—Garfield, 13; Martino, 7; Glenn, 20; Kenny, 7; Aires, 4; Hansen, 4; Givant, 4; Starsiak, 2; Connolly, 2; Pedigrove, 3. Total, 66.

Humboldt State — Baker, 18; Robinson, 2; Erhart, 6; Lawson, 19; Cooper, 3; Evans, 6; Schubert, 0; Miller, 2. Total, 56.

San Francisco State—Garfield, 14; Martino, 11; Glenn, 16; Kenny, 9; Aires, 10; Hansen, 4; Givant, 0. Total, 64.

NEVADA INVADES FOR SERIES

Junior Jacks In Revenge Verdict Over Nichols

The high flying Junior Jacks ran their victory string to 16, as opposed to only two losses, as they came through with a win over Nichols Pontiac of Crescent City by a close 64-58 count last Friday night in the HSC gym.

Nichols started with a first quarter lead of 2 points, 16-14, but the Jacks, led by high scoring center, Jerry Hathaway, spurted and led 34-11 at the half. Larry Taylor, ex-Humboldt scoring ace, took home the scoring honors for the night with 28 markers for the Crescent City team, while forward Ron Thomas and Hathaway each contributed 20 for the winners.

SCORING

Humboldt State: Hadley, 4; Garrison, 10; Fredrickson, 5; Hathaway, 20; Washington, 5; Thomas, 20.

AFTER-GAME DANCE FRIDAY

An after-game dance will be sponsored Friday night in Nelson Hall by the Comus club, organization of veterans on campus. All students are invited. Admission is 50 cents a person. Music will be provided by Ed "Shades" Keenan and his Venetian Blinds.

Vester the Vet was seen walking down the street the other day with a sad look on his face. When he was asked what was the matter he said, "My wife beat me because she thought that I was holding out on her with my allotment check."

SPORTS

Two of the brighter spots in the Lumberjack hoop season have been the performances of Freshmen standouts Don Robinson (left) and Grant Erhart (right). Robinson has been a starter during most of the season while Erhart, a top reserve until now, has advanced to a first string berth this past week.

HSC INTRAMURAL ACTIVITY CONTINUES AT RAPID RATE

BY TONY VASQUEZ

Two championships have been claimed thus far in intramural competition. Nelson Hall won the flag football championship and the faculty emerged undisputed volleyball champions. There is yet another championship to be settled very shortly. That is the battle for the badminton title. There are two faculty members in the finals. They are Franny Givins and Dr. Kerker. The other finalist is Nick Sismich of Redwood Hall.

The regular volleyball season ended in a tie between Nelson Hall and the Faculty. The two teams came through with identical 7-1 records. The Faculty, however, led by Bob Doornink and Franny Givins won the play-off quite handily and gained the championship.

Feb. 12 marks the starting day of intramural basketball. The hoop parade will be led off by Nelson Hall and Alpha House. Both are expected to make a strong showing in the tournament. The decided darkhorse, however, will be the Faculty, who have made such a strong showing in the other sports.

The tournament will be of a round robin type and will be run under NCAA rules. The entire game, including warmups will last one hour. Fifteen minutes are allowed for warmup and organization and five minutes for halftime. There will be running time throughout the remainder of the contest and there will be no time allowances for time outs or fouls.

Ben Zlatoroff, the official score-keeper, stressed the importance

of promptness on the part of the participating teams. A team will be given a ten minute time allowance after the designated time they were supposed to show up. Failure to make this deadline will result in a forfeiture of the game. It is the responsibility of the organizational managers to keep their teams informed and ready to play on the minute at every scheduled contest.

Table tennis is to start approximately March 1. The exact date has not yet been established. It will be run simultaneously with basketball and the tables may set up in the quonset hut.

A new addition to intramural equipment is a scoreboard constructed by Dick Cook and Mike Worthely. It will designate the teams, activities and standings. The new board will be placed on the gym wall in the boys side of the gymnasium.

Articles Needed For 'Poop Sheet'

Conservation Unlimited's magazine, the "Poop Sheet", is in need of articles, reports Don Way, editor of the publication. Any news item, story, or article with a slant on the outdoors is acceptable. Stories submitted need not be "newsy" - creative writing is greatly encouraged. "We'd like to raise the literary standards of the 'Poop Sheet'", says Don.

The "Poop Sheet" is widely recognized on campus, as well as being distributed to various conservation organizations and alumni throughout the United States.

Both students and instructors are invited to place their articles in Box 1034 in the Administration Building or in the "Poop Sheet" Box in the Wildlife Building. The deadline for this month's issue is Friday, February 22.

The difference of time between the west and east extremes of Alaska - 3 hours, 50 minutes - is greater than that between New York and San Francisco.

HUMBOLDT HOSTS FWC LOOP LEADERS FOR TWO CONTESTS

BY DON HARRIS

Determined to rise in Far Western Conference standings, the Humboldt State Lumberjacks assume the role of giant-killers this weekend as they host the powerful University of Nevada Wolfpack in a pair of league games at the HSC gym tonight and tomorrow night.

The Jacks, with a weak 1-5 league mark, will be definite underdogs against the league-leaders, who have compiled a 6-0 conference record. Nevertheless, Humboldt, with a little sharper shooting, would be capable of knocking off the best of them.

Nevada, who shared the title with the Jacks last season, are said to have one of their strongest clubs in the past several years and are considered literally shoo-ins for the FWC crown.

Sparked by the likes of 6-7 transfer Center Stan Summers and Forward Jim Lyon, the Wolfpack are a tall, talented, slick working machine that has literally brushed aside all conference threats.

The Lumberjacks realize that they enter the contest as underdogs, but, by the same token, it is also known that on any given night Humboldt has the ability and the potential to give any club in the circuit a battle.

Grant Erhart, 6-5 Freshman who has been a top reserve season-long, has jumped into a starting berth and will be at a forward slot for the Jacks. Playing

opposite him is Don Robinson, another outstanding Fresh.

At the Center spot will be Warren Baker, who has been the team's most consistent high scorer. Captain Henry Cooper will be at his usual guard spot and versatile Bob Lawson will be at the other.

In the 6:30 preliminary tonight the Junior Jacks, who have lost only two contests all year, play the Wallace Brothers club from Hoopa. Tomorrow night the Jayvees tangle with either the Master Bread club or the Bernie Anderson five.

Mrs. Griffith Tells Student Wives Of Children's Diseases

Mrs. Beverly Griffith, college nurse, was the principal speaker at the meeting of Student Wives of Humboldt State College Feb. 7 at Redwood Park. She spoke on the communicable diseases of children.

After a general business meeting committees for transportation, club emblem, point system, picnic, publicity and fashion show reported their progress. Women interested in modeling were asked to notify either of the co-chairmen of the fashion show.

Shirley McVey volunteered to be the Student Wives representative to the Inter-Club Senate.

Refreshments were served by Barbara Coffman, Jean Kesteren and Nevada Steneck, hostesses for the evening, who also had decorated the hall in a red and white valentine and hearts theme.

Arline Butterfield is president of the organization.

The next meeting will be Feb. 21 at 8 p. m. in the Redwood Park dining hall. Hostesses will be Marge Bolton, Ruth Pearce, Dee Pogue and Kathy Woddy. All married women students and wives of HSC students are invited. Those needing transportation may call VA 2-1907, and it will be provided.

'Humboldt 57' TV Series To Begin

Beginning March 7, 4:15 to 4:30 p. m., the radio workshop students will begin another series of television programs entitled "Humboldt 57."

"Humboldt 57" will be a weekly public service program presented on television station KTEM, under the direction of Dr. William Ladd. The program will consist of faculty members and student interviews as one segment, a sports cast of happenings in the Far Western Conference and social news of interest to the public.

This program is intended to enlighten the public as to what is going on, on the Humboldt State College campus.

Radio Department

(Continued from Page One)

On the announcing staff this semester are St. Clair Adams, Bob Anderson, Roland Atterbury, John Borel, Joe Chappelle, Bill Richie, Duane Shelton, George Steele, Jim Arnot, Norm Stewart, Joyce Weaver, Hal Lewis, Lou Davis, Fred Scheffler, Carol Priestly, Homer Ratcliff, Bill Simon, Wally Sinclair, Pat Hutchens, Larry Heise, Gary Mead and Jean Sylva.

Crabb, Hanson Win Dormitory Positions

Ben Crabb of Redwood Hall and Ed Hanson of East Wing Nelson Hall, in separate meetings, held during the evening of Feb. 5, were elected by their dorm-mates to the positions of President and Vice-President of their respective dorms.

Crabb, a senior majoring in Wildlife Management assumes the Redwood Hall presidency held last semester by Ben Zlataroff. Hanson, a junior majoring in Education takes over the Nelson Hall Veep job which was vacated by Jack Smith.

Other officers elected during the Redwood Hall meeting were: Joe Chappelle, Vice President; Armand Baradat, Sec. - Treas.; Jack Menzia, I. C. S. Representative and Ken Cuneo, Intramural manager. Dick Stokes and Frank Ward were appointed Hall Fire Wardens by President Crabb as were Jack Maze, Dennis Collier and Dave Ogden to the positions of Sgts. at Arms.

An after meeting treat of cake and ice cream was brought over from Nelson Hall cafeteria to be served.

At the Nelson Hall meeting the Vice Presidency was the only office to be filled. Other issues decided were to serve refreshments after each dorm meeting, and that such meetings will be held every two weeks.

C. Barnum Essay Competition Open

Opening of this year's competition for the Charles Barnum Memorial Prize essays was announced this week by Dr. Stanley Spaid, chairman of the division of social sciences.

Prizes totaling \$300 will be awarded to the students who submit the best essays on subjects dealing with a phase of the history of Humboldt county. First prize is \$150, second \$100 and third \$50.

Entries must be submitted by March 10 to Dr. Spaid in room 113, Administration building.

Charles Barnum was a Eureka businessman and member of the college advisory board before his death in 1953. His will established an endowment to encourage study of Humboldt county history.

Entries will be judged according to the basis research, the contribution to the history of the county, originality, style and general treatment.

Two prizes were awarded last year, the first for \$100 to Claudia Wood and a second of \$50 to Mary Sue Brown.

OPEN SUNDAYS

North Highway 101 Eureka

HI 2-3457

Tom Turner is seated in the witness chair as captain "Queeg" as "Greenwald", Homer Ratcliff, questions him during the Herman Wouk story "Caine Mutiny Court Martial". Seated in the background is Bob Lloyd who plays "Challee" in the play to be presented by the HSC students soon.

Initiate 3 Into Journalism Society

Three students will be initiated into the Beta Mu chapter of Alpha Phi Gamma, national honorary journalism society, in ceremonies today at noon in the student Co-op.

Tapped for membership are Joyce Weaver, junior journalism major; Dick Laursen, senior wildlife major, and Keith Barnhill, sophomore journalism major and editor of the Lumberjack.

Intercollegiate AWS Extends Invitation

The Associated Women Students been invited to join the Intercollegiate of Humboldt State have collegiate AWS.

This is an opportunity that has many benefits. HSC members will be able to receive counseling, find out what other AWS organizations are doing and exchange ideas on Student Government leadership.

Membership in this organization entitles AWS to receive publications on National committee meetings and National education committees.

Dues are \$15 per year and goes toward the sending of delegates to the National Convention, which is held once a year.

DR. LORING

(Continued from Page One) cation co-ordinator is established here at HSC by the fall of 1958, with hospital experience receiving increased emphasis as they near graduation.

The intended school is looked upon as one method of lessening the critical nursing shortage which exists locally. Also it is hoped by the means of such a school more young women who live in this area may become interested in a career in nursing and it would keep them here after their training is completed.

Pot Luck Dinner Set For Tuesday

A pot luck dinner, Tuesday, Feb. 19, will be held by the Home Economics Club in the CES cooking lab at 8:30 p. m. The purpose of the dinner is to get acquainted with all the new members.

On the program for the evening are two guest speakers, Mrs. Rose Harris from Austria and Mrs. Renee Jensen from Italy. Mrs. Jensen is the wife of HSC speech instructor Paul Jensen. They will speak on Home Economics in their countries.

Miss Tschanz will give a talk on the new Home Management House. She will also conduct a tour through the house to acquaint the members with it.

Members of the Home Ec Club are also planning a bake sale which will be held on Feb. 27 in the main hall of the Administration building. The money from this sale will be put in a fund to go towards the next year's convention which will be held at Davis.

Members will also help with Open House of the Home Management House.

Engineering Exams To Be Given

University of California engineering examinations are scheduled to be given at Humboldt State College on Saturday, April 6, under the direction of Dr. Roscoe E. Peithman, professor of physical science.

Interested high school and college students are urged by Dr. Peithman to contact the department of engineering at the University of California, Berkeley, as soon as possible, and not later than March 15. Dr. Peithman may also be contacted for further information.

First Night Of 'Caine Mutiny' Set For Next Friday

The Drama department will present the stage production of the dramatic court martial scene "Caine Mutiny," next Friday and Saturday at 8:15 p. m. and March 1 and 2.

Tom Turner of Arcata, will play the difficult lead role of Captain Queeg who is on trial. Others in the all-male cast are Bob Maupin, Homer Ratcliff, Bob Lloyd, Herb McLellan, John Smith, Larry West, Bob Crichton, Jim Shaver, John Herron, Ed Spencer, Jim Nameth and Hal Lewis. Others are Jon Tonge, Bob Richard, Jim Palmer, Glenn Lewis, Tom Brown and Harmon Bonniksen.

"Devoid of scenery, the unusual setting of "Caine Mutiny" places emphasis on the actor and stresses the emotional and mental conflicts arising out of World War II," state Dr. Glenn.

"Caine Mutiny Court Martial" was a successful Broadway play in 1954 and starred such people as John Hodiak, Henry Fonda, and Lloyd Nolan.

Tickets are now on sale at \$1 each. Seats may be reserved by calling VA 2-1771, ext. 63 or at the Division of Language Arts.

Scholarship For Women's PE Dept.

According to unofficial word the woman's physical education department is to be recipient of a scholarship to be given by the Arcata Soroptimists International. The club plans a \$50 scholarship to be offered for the spring semester, with a \$100 scholarship to be given in two lumps for the 1957-58 school year.

The club hopes by this to aid further interest in the field of woman P. E. instructors.

This is one of three service projects the club has recently taken into task.
