

First Senior Visiting Day On Tuesday

POPERA EXTRAVAGANZA SET TONIGHT

HIGH SCHOOLS TO VISIT HSC ON TWO DAYS

April 2 and 10 have been declared Senior Visiting Days on the HSC campus, announces Roland Atterbury, general chairman.

Senior high school students interested in college will visit our campus these two days to obtain knowledge on the advantages of college both academically and socially.

There will be some 350 students as our guests on April 2 from various schools including Del Norte, Hoopa, Ferndale, Fortuna, Leggett Valley, Round Valley, Laytonville and South Fork.

On April 10 approximately 125 students are expected to visit our campus from Eureka High School.

The program schedules for these two days are as follows:

TUESDAY, APRIL 2

- 10 a. m. General orientation in the auditorium.
- 11 a. m. Visit assigned classes.
- 12 p. m. Lunch and program in the Stadium.
- 1 p. m. Specific subject advising.
- 2 p. m. Tour of campus.

WEDNESDAY, APRIL 10

- 9 a. m. Orientation and advising in the auditorium.
 - 10 a. m. Tour of the campus.
 - 11 a. m. Visit to specific classes.
- The committee for this years Senior Visiting Day: Roland Atterbury, general chairman; Judy Shaw and Dean McCullum, entertainment; Jeanette Ragsdale and Lois Morrow, lunch; Mike Berker and Ann Sorenson, tours. Dr. Karshner, Miss Buchanan and Dr. Hall are the faculty advisers.

'Hello Day' On Campus Proclaimed

BY TONY VASQUEZ

April 3 is "Hello Day" on the Humboldt State College campus. There was a letter sent to the executive council some weeks ago from a former student who stated that on returning to Humboldt she no longer found it a friendly college.

The letter was referred to the inter-club senate and the senate moved to declare April 3 as "Hello Day." On this day the big "Hello" shall be on all day. It is to be a friendly day, and everyone is to say "Hi" to everyone.

Humboldt State College is proud of their traditionally friendly college and professors, and we wish to carry on the tradition. We should take pride in maintaining this envious tradition. Some day we may be too big to afford this luxury. Let us enjoy it now while we can.

It isn't necessary to wait until April 3 to start the big "Hello" drive. Start it now. Start it today. But on April 3 let us all wear our friendliest smile and give our most cheerful "Hi." Until then, "Hi, gang."

General Election Date Changed

General ASB elections of Humboldt State College will be held May 1. They were previously scheduled for April 24.

Executive Council made this change because of the Easter vacation. It was felt that by postponing the elections a week it would give the candidates a better opportunity for publicity.

Lumberjack

PUBLISHED BY THE ASSOCIATED STUDENTS

OF HUMBOLDT STATE COLLEGE

Vol. XXX

ARCATA, CALIF., FRIDAY, MARCH 29, 1957

No. 24

One of the highlights of tonight's Popera will be solo numbers on toy instruments by members of the HSC's music department in Haydn's "Toy Symphony" played by the college band during the hour-long concert of "classical music for those who hate classical music." Pictured with their instruments are left to right Dan Backman, Floyd Glende, Paul Johnson, Leland Barlow, Fred Owens, Beverly Owens and Doris Eikenberry.

Goodwin Named Graduate Manager

Humboldt State College president Cornelius H. Siemens has announced the appointment of Howard Goodwin to the position of Graduate Manager at the college. Mr. Goodwin will assume his duties on Monday, April 8.

As graduate manager, Mr. Goodwin will serve as an advisor to the student executive council and board of finance. He will supervise the ticket sales for the athletic program, and have charge of the student-owned bookstore and fountain. In his position as graduate manager, Goodwin will be a member of the dean of students staff, under Dr. Don Karshner.

A Humboldt State College alumnus, Goodwin is at present employed as salesman for Paoli Brothers. He is former owner and manager of the Bon Boniere candy store and restaurant in Eureka. During his college career, Mr. Goodwin was a member of the 1942 HSC basketball squad.

Goodwin replaces Jack Sears, present graduate manager, who is resigning to enter private business in Twin Falls, Idaho.

Election Petitions Due By April 3

Elections aren't very far off. Petitions for the general election will be available starting April 3. Anyone can get at petition from the Graduate Manager's office or the ASB office in the Coop.

In the general election of May 1 the following offices will be filled: president, vice-president, secretary, treasurer, awards commissioner, organizations and activities commissioner, publications and publicity commissioner, rally commissioner and assembly commissioner.

25 Girls Accepted As Spur Pledges

Twenty-five freshmen girls were accepted as 1957 Spur pledges, it was announced by the group this week.

They are Mona Armstrong, Carol Benoit, Sandra Bishop, Barbara Brown, Lynn Cannam, Merry Epping, Marta Flak, Jeanine Ford, Karen Fraser, Janet French, Alice Glines, Dorothy Gray, Marjorie Guthridge, Jewell Hyman, Maylon Johnson, Camille Koprive, Judy McDonald, Pat Miller, Lois Morrow, Barbara Paul, Phyllis Peltonen, Elizabeth Rea, Pat Regli, Pat Rouse and Mary West.

Spurs is a national honorary service society for sophomore women.

Immediate Action Called For By Those Who Attend Recruitment Confab

The time has come for immediate action towards teacher recruitment was the general feeling that came from the approximately 175 lay and professional people who participated in the day long Teacher Recruitment conference held March 27, on the Humboldt State College campus.

The group voiced its opinion that the scope of teacher shortage has been sufficiently defined and that positive action, with emphasis on positive, should now be taken towards an easing of the problem.

This immediate action, they felt, should be taken not only by persons and organizations in the education field but by every interested person and organization in California.

Mr. Blair Hurd, coordinator of teacher recruitment, California State Department of Education, in introducing the summary of the conference's work stressed the increasing complexities placed upon our teachers for preparing the students of today for facing the intricacies of our "New World of Tomorrow" of science and tech-

JOYCE WEAVER NAMED TO OFFICE

Joyce Weaver, junior journalism major and Lumberjack and Sempervirens staff member, was appointed student body publications commissioner this week to fill the unexpired term of Keith Barnhill, who resigned last month.

Miss Weaver is a transfer student from San Francisco City College, where she was active in publications work. She is a resident of Sigma House and served last fall as publicity chairman of the Homecoming Committee. This year she has covered student council and ASB meetings for the Lumberjack.

As publications commissioner she is to keep in close contact with the editors and advertisers of all publications on campus in order to understand their needs, problems, policies wishes and plans and to serve as their representative to the Executive Council; to publish in the Lumberjack the working of the Executive Council to keep the entire student body aware of student government activities; and to attend all meetings of the Executive Council as a voting member.

Propose Revisions To Constitution

Revisions have been proposed to Humboldt State College's Constitution. These revisions were started in the Inter-Club Senate by Jean Sylva and his committee.

From ICS the recommendations were brought before the Executive Council. In the general election on May 1 students will have the opportunity to approve or disapprove these revisions.

For detailed information on the revisions, consult the Minutes of the Student Council.

MUSIC GALORE FOR SEVENTH ANNUAL EVENT

The seventh annual Humboldt State College musical extravaganza the Popera, will be tonight in the Eureka Municipal auditorium.

Popera chairman Bob Cutting, a senior music major from Eureka, has announced that the program will include the traditional hour concert of "classical music for those who hate classical music," followed by an evening of dancing. Music for the dance will be provided by the musicians' union, Local 333; Claude Gribble's orchestra; and Jerry Moore's combo.

Highlight of the evening will be the crowning of the Popera King. The king is elected each year by popular vote from the student-body, and the surprise announcement is made at the dance. Candidates this year are Harman Bonnicksen, sponsored by Spurs; Dale Callihan, Band; Mike Fielding, Inter-collegiate Knights and Larry Westlake, Choir.

The evening's entertainment which begins at 8:30 p.m. and costs \$1 for adults and 50 cents with activity cards, includes music by the Humboldt Little Symphony conducted by Floyd Glende; selections by the college choir and chorus under the direction of Dr. Leon Wagner; and Lumberjack band numbers lead by Daniel Backman. James Mearns will be master of ceremonies.

Tickets may be purchased from any music student. Maxon's Music Store, Melba's Organ and Piano salon, Nygard and Green, Gribbles TV and Appliances and the Music Mart of Fortuna.

Popera committee members are Barbara Brown, decorations; Art Dalianes, King committee; Shirley Christy, white elephant collection; Ed Keenan, publicity.

It's Up To You

At present there is an avid appeal for persons under 40 years of age to obtain polio vaccine inoculations.

Humboldt's health service did more than its part in offering these all-important shots to the students and faculty. But barely one-sixth of the student body took advantage of this opportunity. Now that such protection is available, people should literally "jump" at the chance to obtain it. Yet most have to be coaxed or begged to seek out something for their own good or welfare.

For those who cannot afford the comparatively nominal fee for shots, free clinics to administer the vaccine have been set up. Currently, such services are being offered in Humboldt and Del Norte counties. For exact time and place, consult your doctor or health officer.

The Salk vaccine gives protection by causing a person to develop polio-fighting antibodies in the bloodstream. Enough of these antibodies prevents the polio virus from causing paralysis.

Thousands of polio cases still occur. These are largely among the age groups that have NOT received vaccine. It is only good "common sense" to avail yourself of the opportunity to obtain these shots. In a sense, it means freedom — freedom of peace of mind.

Delay in getting the inoculations is dangerous as well as nonsensical. So remember, "Get your polio shots now!"

Minutes of the Student Council

MARCH 21, 1957

The meeting was called to order by Vice-President Jim Arnot on the above date. Those present were Jim Callison, Jim Barnes, Chip Brodie, Don Peterson, Pat Duffy, Sandi Wahlund, Jon Mitts, Joe Chappelle, Jack Sears Dr. Karshner and Roberta Johnson.

The minutes were approved as submitted.

CORRESPONDENCE

A note was read from Dr. Karshner informing the Student Council that the High School Inter-School Conference booklet will be ready for distribution early in the week of March 25.

A memorandum was read from Dr. Siemens approving the expenditure of \$100 from the Thanksgiving Day Game Trust Fund for the purpose of sending a representative to the NAIA tournament this year.

NEW BUSINESS

Jean Sylva, representative from ICS presented suggested amend-

ments to the ASB Constitution for the Council's approval. These are the recommendations as amended by the council:

ARTICLE I

NAME AND MEMBERSHIP

1. OK
2. OK
3. Membership Privileges. Only members of the Association shall be entitled to the following:
 4. To vote as provided herein after;
 5. To be admitted to assemblies and other events sponsored by the Association; according to the provisions laid down by the Executive Council;
 6. To membership in organizations chartered by the Association according to membership rules and procedures of such organizations;
 7. To a free subscription to the college newspaper;
 8. To limited use of the Health

May I Say Something?

Editor
Lumberjack
Humboldt State College
Arcata, California
Dear Editor:

Today about 5 p.m. an accident occurred which might have been a tragedy if it had not been for the quick thinking and coolness of a student of your school.

The person I speak of is John Mayfield who I believe is the president of Humboldt State's Business Club.

I was at work at Deb's Drive In when a young girl ran into one of our sliding glass doors. The shattered glass cut both of her legs severely and blood was spurting from a vein in her left leg.

Mr. Mayfield quickly called an ambulance then he stopped the bleeding by apply pressure on the back of her knee. All this time, he was asking her questions such as: "Who is your teacher? Does he have any children? Who's your best girl friend?" which kept her mind off the cuts. He quieted her mother and when her older sister, who was nearly hysterical, began to cry, he scolded her severely and told her to go to the car.

When the ambulance arrived he drove the mother's car for her to the hospital because she went in the ambulance with her daughter.

The last I heard, the girl was doing fine . . .

I think that this country could stand a few more men like John Mayfield. Don't you agree?

Sincerely yours,

Terry Bonner

Senior

Eureka Senior High

Yes, Terry, we do. There are also, far too few who will stop to write a tribute such as yours in recognition. Thank you.

re: Conservation Program

Dear Editor,
In your issue of March 15, 1957, I was much amazed at the replies of Mr. Cutting and Mr. Stankus (The Inquiring Reporter).

It must be quite a fete to reach senior status at a college and know as little of its campus as these two fellows. From their quotes, one is given the opinion that learning by association has gone by the wayside.

It is attitudes like this that get our Natural Resources into the sorry plight that some are in today.

May they look up from their violins and Shakespearean plays and see the world as it is today.

Without our Natural Resources we have nothing.

Regards,

Felix E. Smith

Active on Campus

Committee Kills State College Bill

SACRAMENTO (CIP) - An assembly committee has killed one of the nine bills establishing new state colleges.

The assembly education committee refused to give its approval March 20 to a bill setting up a new college in the city of Alameda.

The measure failed after critics said it picked too specific a site for the proposed college. The bill said the college should be built on land now owned by an unused federal maritime academy.

Last week the same committee approved a bill establishing a state college in southern Alameda county.

Dr. J. Burton Vasche of the state department of education, told the committee that only one or two state colleges could be built this year.

Presenting Your Fielding and Arnot Featured Student Body Officers

This is the last in a series on the Associated Student Body officers.

BY JOYCE WEAVER

Mike Fielding has held the office of President of the Associated Students of Humboldt State College for the past year. He is now a senior majoring in business education.

He has been active in activities since entering HSC. Before winning the election for president he was Representative-at-Large and Vice-President of the ASB. Fielding is also a member of the Inter-Collegiate Knights, Green Key and Block H.

The duties of the president are to serve as the chief Executive

Jim Arnot was appointed vice president by Mike Fielding, ASB president, when it became necessary for Frank Bettendorf to withdraw from this office.

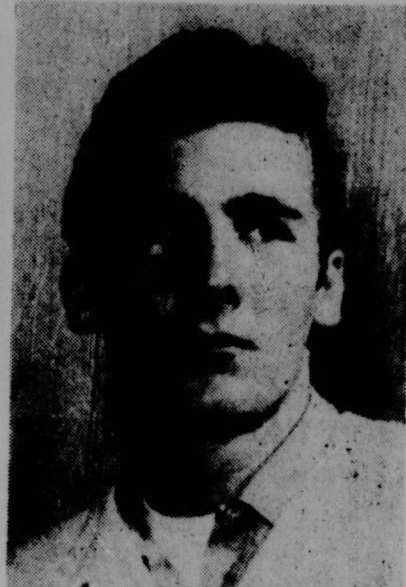

Before being appointed vice-president Arnot was Assemblies Commissioner and did a very good job in that capacity.

Arnot is a senior at Humboldt State College majoring in speech, economics and political science. He has been very active in forensics while attending HSC.

The duties of the vice-president are to call and preside at the

MIKE FIELDING
President

JIM ARNOT
Vice-President

officer of the Association; to represent the Association at inter-collegiate and school activities; to make recommendations to the Executive Council for the Appointment-offices of the Association, including Graduate Manager; to supervise the activities of the Secretary and Treasurer of the Association; to make certain that all student body officers, both elected and appointed, carry out their duties; to call and preside over all general meetings of the Association; to attend the Executive Council as a voting member; to exercise such other powers as may be necessary for the efficient and proper performance of his duties; to serve as an ex-officio member of all committees.

It is also a part of the president's job to establish in every way possible good relations between the community and HSC. He also has to keep in close contact and keep good relations with other colleges in California.

Fielding represents HSC by attending all conferences with other colleges. He also analyzes the operations of the ASB and offers advise where it is wanted and needed.

Kate Buchanan, associate dean of students, said, "The office of president is by far the most important office in any school. The president should demand and get the respect of his fellow man by being capable in his office and aware of the students as individuals. He must also have the ability to inspire confidence."

meetings of the Executive Council; to vote at such meetings only in case of a tie, to appoint members of the committees of the Executive Council as may be necessary for the proper conduct of its affairs; to assume the duties of the President during the latter's absence and shall succeed to the office of the President upon the resignation, recall, or disqualification of the President; and to call and organize the first meeting of the incoming freshman class in the fall semester and thereafter he shall act in an advisory capacity to the freshman class.

Mike Fielding, ASB president, said, "Jim Arnot has done a terrific job in the organization and presentation of the agenda material to the Council. He has very effectively presided over the meetings of the Executive Council."

It is also a part of Arnot's job to co-ordinate between the Administration, the students and the Executive Council. He has to be sure that all information that is pertinent is brought before the students of HSC.

Arnot checks on all the committees out of the Executive Council to be sure that the work is being done. He also acts in an advisory capacity in the organization when ever he is called upon to do so.

This office of vice-president is very important and will be open in the general elections to be held on May 1.

MINUTES OF THE STUDENT COUNCIL

(Continued from page 2)

Service and other Special Services of the Administration; 9. To any other privileges which may arise under action of the Executive Council;

10. To purchase a student activity card which will entitle him to the following:

11. To hold office if eligible as provided in this constitution;

12. To represent Humboldt State College in intercollegiate competition if eligible;

13. To participate in any student body financed activity such as dramatics, forensics, journalism, radio, band, choir and student government;

14. To be admitted to all activities sponsored by the Association; according to the provisions laid down by the Executive Council for such things as games, dances, concerts, plays and "All School Picnics";

15. To receive any benefits, awards or emblems given by the Association;

16. To receive a discount on the yearbook.

ARTICLE II ELECTIVE OFFICERS

94. To issue writs of mandamus and writs of injunction to the Board of Control of the Association upon a two-thirds majority vote of the membership of ICS and upon the approval of the Student Executive Council.

ARTICLE VIII BOARD OF CONTROL

Numbers 314 and 320 were suggested for amendment. Under the by-laws 405 and 406 would remain unchanged while 407 was recommended as follows:

407. During the fall election two men and two women representatives-at-large will be elected. The election will be conducted on a plurality basis and the two men and two women receiving the highest number of votes will be elected. In case of a tie for one or more of the above positions a runoff election will be held. The ballot for such an election will contain the names of the people who received the tie vote in the regular election. Write-in votes will be accepted in the regular election. No write-in votes will be accepted in the runoff election. The runoff election will also be run on the plurality basis and the person receiving the highest number of votes will be elected. The runoff election will be held within five school days of the regular election.

It was moved, seconded and passed to accept the above proposed amendments to the ASB Constitution. It was recommended that these proposed amendments appear on the ballot of the ASB Election on May 1. In regards to the form of the ballot it was recommended that this be referred to ICS for their consideration.

OLD BUSINESS

Jon Mitts reported that he talked with Bill Johnson and it will be impossible to fix the Bookstore plumbing until the plumbing in the music building is completed.

Dr. Karshner reported that the railing to identify the parking areas would be looked into this summer.

COMMISSIONER REPORTS

Board of Finance: It was moved, seconded and passed to accept the following prices:

1. \$2 a couple with and \$2.50 a couple without Activities Cards for the AWS Million Dollar Merry-Go-Round Dance to be held on March 23.

2. \$1 per person with and \$1.25 per person without Activities Cards for the Spring Prom to be held on April 27.

3. Seventy-five cents per person with and \$1 per person without Activities Cards for the Jazz Concert to be held on April 22. Also to underwrite the concert for \$150.

4. Fifty cents without Activities Cards and free with Activities Cards for the All School Picnic for the meal.

President: It was moved, seconded and passed to accept the recommendation of Joyce Weaver for Publications Commissioner.

Dr. Karshner: Dr. Karshner reported on behalf of the committee screening applicants for the Graduate Manager position. It was recommended to the council that Howard Goodwin be accepted to fill this position. It was moved, seconded and passed to accept Howard Goodwin of Eureka as Graduate Manager for Humboldt State College. He will take office on April 8.

Respectfully submitted,
Roberta Johnson,
ASB Secretary
Jim Arnot,
ASB Vice-President

FINAL YEARBOOK COPY SUBMITTED

Final copy for the 1957 Sem-pervirens has been submitted to the printer, according to Sandra Aycock and Kay Price, co-editors.

The book is scheduled to be delivered in mid-May, in time for distribution to the student body well before the end of school. All students with a full-year activity card will be entitled to a book free; those with one-semester cards pay \$4 and those with no ASB card pay \$6.

This year's annual is the largest ever, containing 164 pages. Special features and a "bonus surprise" will enliven the book this year.

"We regret that the early deadline means we will not be able to cover some important events this spring. The staff feels it is more important to have guaranteed delivery of the yearbook before the end of spring semester. Many of last spring's events are covered in this year's book and important events of this spring will be carried in the 1958 annual," the editors said.

Other members of the Sem-pervirens staff are Lou Cimini, business manager; Don Harris, sports editor; Rella Hammond, women's sports editor; Joe Romero, layouts; Paula Pinochi and Joyce Silva, class sections and layouts; Tom Freeman, organizations editor; Eddie Ray and Paul Groves, photographers; Joyce Weaver, copy editor; Jack Johnson, John Burger, Vernetta Ladwig, John Thomas, copy writing and typists, and Janice Gulliver, staff artist.

Arcata, Eureka Dominate First HS Forensic Tourney

Results of the First Annual Redwood Forensic Tournament sponsored by Humboldt State College's forensic squad and Pi Kappa Delta chapter for north coast high schools revealed Arcata and Eureka High Schools' dominance of the four speech events held.

Placing first in the sweepstakes results, Arcata's 29 tournament points were earned by the team of Lyn Lytle and Gail Murray which took second place in the debate event, John Payne who earned a first place medal in extemporaneous speaking, and Lyn Lytle who rose to first place in the original oratory contest.

Eureka High's close second place sweepstakes total of 24 points was comprised of the two first place medalists in debate, Beverly Saul and Charles Goodwin being selected by the tournament judges as the winning team in that event. Also contributing points to Eureka's total were Dawn Montelbetti with a first place in oral interpretation and Gary Sleightam with a third place in original oratory.

Other students who earned individual honors for Arcata, Eureka, and Del Norte High schools are indicated by the final standings in the individual speaking events. In extemporaneous speaking, Ron Siemans of Arcata, second place; Joe Pinckard of Del Norte, third place. In original oratory, Colene Fredin of Arcata, second place. In oral interpretation, Mary Lyn Pitlock of Eureka, second place; Bev Verback of Arcata, third place; Dale Hinch of Eureka, fourth place; and Linda Woodruff of Arcata, fifth place. These contestants received certificates of distinction in speech based on their record of superiority in individual work.

Thirty-four entrants and thirty observers from Arcata, Del Norte, Eureka, Ferndale, South Fork and St. Bernard's High schools participated in the day long tournament which was judged by members of the Humboldt State College forensic squad and faculty of the college speech department.

While this first venture into high school forensic competition was experimental on the part of both the participating high schools and the college, the response of students and faculty was so enthusiastic that an annual repetition of the event seems assured.

Aquarium Breaks; Floods Classroom

The Ichthyology class was violently disturbed last Thursday afternoon by a foot high wall of water which poured into their laboratory classroom. The water came from one of the four aquaria in room 109 of the Wildlife Building.

The heavy glass was broken in a freak accident while two students were gathering fish specimens from the shelves adjoining the aquaria. The resulting wall of water rushed through the room breaking several ten-gallon stone specimen crocks and then rushing into the adjoining room where the Ichthyology class was being held. Students immediately jumped up on the desks to keep out of the swirling waters while fish went splashing merrily by.

As soon as the situation was comprehended, the students went into action trying to catch the elusive fish. Thanks to the quick action of Jim Joseph and several others, all the fish were rescued before the water became too shallow to sustain them.

No one was injured in the accident although glass was everywhere. The aquarium glass is a special kind that breaks into very small pieces instead of the long slivers that broken plate glass produces.

Official Approval Given To Develop Four Year Forest Management Course

The State Board of Education has given official approval to develop a four year curriculum in Forest Management leading to the Bachelor of Science degree at Humboldt State College, according to word received from Dr. Roy E. Simpson, director of education.

For the past three years a two-year program in forestry has been offered at the college under Edwin Pierson and Gerald Partain of the college forestry department. "This new program is something we have been directing our efforts toward in recognition of the need in this area for professionally trained foresters," states Pierson. He added, "we feel that our strategic location in timber producing country is a decided advantage in producing a strong forestry management program and we are happy to see our vision of a four-year program become a reality."

Pierson set up the program when he first joined the Humboldt staff in 1953, and now, assisted by Partain, will have charge of the four-year professional forest management curriculum with heavy emphasis on logging engineering.

General objective of the proposed curriculum is to provide instruction and practical training in the various sciences, techniques and activities which form the professional requirements in the field of forest management. More specifically, the program offers a broad general education;

basic training in forestry; the study of engineering aspects of forestry training; and technical training logging.

The new expanded plan has been worked out in cooperation with the University of California, department of forestry and industry leaders. A new building is being planned for construction in 1960.

Pierson has a bachelor of science as well as a masters degree in forestry from Oregon State, and Partain has a bachelor of science degree in naval science from the University of South Carolina and a bachelor's degree in forestry from Oregon State.

Woman Marine Corps Officer On Campus Today To Interview Students

The woman marine corps officer selection for the west coast, headed by Captain Ruth J. O'Holleran is on campus today, in the Coop to interview women students interested in the woman marine corps officer's program, both regular and reserves for college women. Captain O'Holleran will also talk to the 3 p. m. 1958 physical education class.

Captain O'Holleran points out that during the war, women marines served the Marine Corps with such diligence, faithfulness and ability that women marines are now taking their places alongside the men in this famous organization as regular Marine Corps officers and enlisted personnel. Two types of officers' commissions are available to the young woman today — a commission in the regular Marine Corps as a profession and a career and a commission in the reserve, where she may be a civilian and a Marine officer too after serving two years active duty.

Women officers receive the same promotion opportunities and pay as do male officers, and range in rank from second lieutenant to colonel. Each promotion carries with it more pay, responsibility, prestige along with leave with pay. Second lieutenants receive as much as \$4000 a year.

To be eligible for the women officers training class, a young woman must be a graduate of, or presently attending, an accredited college or university. Undergraduates attend two six-week courses during summer vacations from college and after receiving their degree are commissioned in the Marine Corps Reserve.

An applicant must be a U.S. citizen, physically qualified, unmarried and at least 18 years old. She must be less than 29 years old on July 1 of the year in which commissioned. After being commissioned as a second lieutenant, the candidate for commission will be given an indoctrination course — the women officers training class.

The training will be comprehensive and intensive, with experienced marine officers as instructors.

Should the candidate so desire, she may withdraw from either

course at any time without further obligation.

Captain O'Holleran may be contacted for any further information on these programs by calling HI 2-3272 or by writing to the Marine Corps Recruiting Substation, Room 201, Post Office Building, 5th and "H" Streets, Eureka California, or the Placement Office, Humboldt State College.

'Spring Fantasy' Is Fashion Theme

"Spring Fantasy" is the theme chosen for the fourth annual fashion show to be given tomorrow by members of the Humboldt State College Student Wives Club in the College Elementary auditorium.

Spring cottons, sport clothes and dressy fashions from Bistrins of Arcata will be modeled by attractive young women whose husbands are enrolled at Humboldt or who are themselves attending classes on the campus. Models are the Mesdames Frank Adams, Jack Woody, Curtis Bolten, Paul Shields, Kay Johnson, Ron Fredericks, William Pogue, Leighton McClaskey and Richard Willis. Mr. and Mrs. Jerry Wilfley and their small son Byron will model as a family and Karen will model small-daughter fashions with her mother.

Mrs. Jerry Paul is general chairman, assisted by Mrs. Eryl Pigg and Mrs. Ron Fredericks, refreshments; Mrs. Nevada Steneck, decorations; Mrs. Jack Pearce, tickets; Mrs. William Pogue and Mrs. Jack Woody, publicity; and Mrs. Kay Johnson and Mrs. John Dufour, television.

The fashion show will be held at 2 p. m. Special intermission entertainment is planned with refreshments afterwards. Admission is 50 cents.

Bartlett Named Business Manager

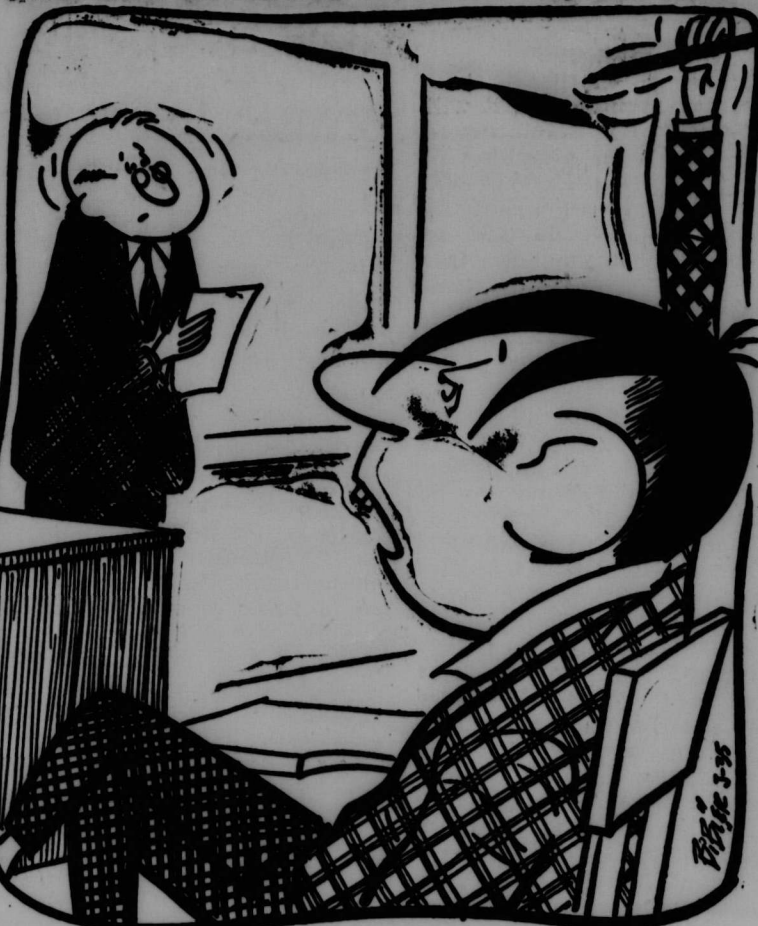

Phil Bartlett, junior business administration major, this week was named business manager of the Lumberjack.

He replaces Louis Cimini, who last week left the Humboldt area.

Bartlett is regional sales manager for Vita Craft Corporation. He also serves as business manager of Hilltopper, the new campus magazine, which will appear early next month.

by Dick Dibler

"Oh, I haven't been tryin' to answer your questions - I just wanna sharpen my pencil."

HSC'ers Attend Flyway Meeting

Faculty and student representatives of the natural resources division at HSC attended the recent two-day Pacific Flyway Committee meeting at Klamath Falls, Oregon.

Meeting with members of state and federal agencies in an effort to coordinate the two for the best possible management of waterfowl resources, were Dr. Charles F. Yocom, chairman of the college division of natural resources; Dr. Richard Genelly, assistant professor of wildlife; and waterfowl class students James Eshelman, Mathew Keller and Tom Richardson.

The Flyway committee which meets twice a year is composed of waterfowl biologists from United States fish and wildlife service headquarters in Alaska, Portland, Oregon; Logan, Utah; plus representatives from British Columbia, Alberta, Canada; Washington, Idaho, Utah, Nevada, California Arizona and important federal government refugees.

The Committee co-ordinates research and management of waterfowl resources of the western portions of the North American continent from breeding grounds in Alaska to the wintering grounds in Mexico.

Dr. Yocom is one of the original organizers of the group which was established in 1947.

Campus Spotlight

BY JEWELL

Back again for another session of "local gab" . . . such as it is.

It seems that everytime we turn around, another couple announces their engagement. And one of the more recent ones is CAROL WISE'S engagement to Perley Fisher of Eureka. The bride-groom-to-be is employed in the Sales Department of Simpson Redwood Company. Carol, a secondary education speech major, says she intends to finish school. No definite date has been set for the wedding. Congratulations, kids!

Activities galore this weekend . . . HSC students have their choice of the Popera tonight at the Municipal Auditorium in Eureka, the annual Bunny Hop tomorrow night and the Student Wives' Spring fashion show tomorrow also, to mention a few.

Next Tuesday, April 2, at Daly's of Eureka, is a very special day. Planned for then is the fabulous Kay Windsor Spring fashion show. Miss Shirley Buchanan, charming Hollywood starlet, will be on hand to commentate the show. She will also model. Six other professional models have been acquired to show the lovely Kay Windsor dress creations.

Two showings have been scheduled for this annual April event. The first is at 12:30 noon and the final showing will be held at 2:30 p. m. The showings will take place on Daly's fashion floor.

Kay Windsor, "the look you love," dresses come in a variety of striking styles and colors in polka dots, stripes, plaids, prints and solid colors. These dresses come in full skirt and sheath styles, sleeveless and with sleeves. With a regular size range of 10-20, juniors 7-15 and Lady Windsor half-sizes, no one need be left out of owning one of these remarkable dresses. And here's the best part . . . prices are only \$8.95 to \$12.95.

Ever get up at 5:30 in the morning and STILL be late for school? Well, here's the "formula": First go back to bed and oversleep. Then get up, madly rush around like a cat on the proverbial and dash for school. Next, half way to school, you realize you've left your books at home. Going back to get them makes you late and you've completed the "recipe." Oh, yes, ask MARTHA ANDERSON; she's tried it . . .

Any suggestions, ideas, engagements or marriage announcements, nonsense, stuff 'n' junk, etc., for this column will be especially welcome. Material can be submitted directly to the Lumberjack office, room 203, Coop, or deposited in box 482.

Well, I'm about out of space. See you soon, and don't leave before I get back.

Industrial Arts Program Receives 'Go Ahead' On Expansion Plans

Official approval to expand the Industrial Arts program at Humboldt State College has been received from the State Board of Education, according to Dr. Cornelius H. Siemens, president.

Final notification from Dr. Roy E. Simpson, of the State Department of Education permits Humboldt to offer the Special Secondary teaching credential, as well as the General Secondary credential with a major in Industrial Arts for high school teachers.

That there is a need for this new curriculum is evidenced by the fact that a 1956 bulletin of the California State Department of Education stated that 1,400 industrial arts teachers were needed at a time when only 305 were being graduated from California schools, points out Leland Barlow, chairman of the division of fine and applied arts. In charge of the present program are Arthur Stegeman and Dr. Ernest Bednar who will set up the new area of instruction in industrial arts.

The present program of the College in industrial arts is housed in Jenkins Hall, a modern reinforced concrete, tile-roofed building opened in 1951. It is a two-story building with adequate space for the four subject areas now offered by the College. There is a general metals shop room equipped to handle sheet metal, foundry, welding and machine shop instruction, a well-equipped woodworking shop, a special room for mechanical drawing, a room for electricity, a lecture room, locker space and offices for staff.

Recently equipment has been added to the radio-electricity laboratory and to the general metal shop. Further additions to the equipment of the metal shop are contemplated.

The budget which is now before the legislature contains an

item of \$9,500 to provide the initial complement of equipment for the Auto Mechanics and Transportation shop, and it is anticipated that the 1958-59 budget will provide even more equipment for this entirely new area of instruction at Humboldt State College.

It is envisioned that new courses to be added will provide students with experience in the overhaul, service and repair of power plants and equipment used in land, sea and air transport.

TURNER, PALAIS RESUME DUTIES

Dr. Lawrence Turner, executive dean, and Dr. Hyman Palais, professor of history, have both returned to campus after prolonged periods of illness. Dr. Turner has taken over limited duties, and Dr. Palais has resumed his teaching schedule.

Dr. Ernest Salo, recently suffered an attack of appendicitis, returned home from the hospital last Saturday. He has been convalescing at home this week and expects to be back with his classes Monday.

HOME EC HOUSE NOW OCCUPIED

The senior Home Economic girls have moved into the "Home Management House".

The purpose of the home Management House is to give the girls majoring in Home Ec an actual chance to participate in a home situation, instead of studying in a laboratory.

The girls to live in the house for the first time are Rose Linser, Carol Leach, Shirley Marsh and Claudette Hummel.

The girls will stay in the house four weeks under the supervision of Miss Emilla Tschanz, instructor in home economics.

The Home Management House is located directly behind Jenkins Hall. Miss Tschanz stated: "The house has recently been moved and redecorated, and all new furniture was purchased, therefore, living in the house is an exciting experience for all girls."

Barnes To Have Article Published

Accepted for publication in the fall issue of the American Journal of Physics is an article by Dr. George Barnes, assistant professor of physical science, on "An Addition to the Ballistic Pendulum Experiment."

According to Dr. Barnes a ballistic pendulum is a device for determining the velocity of a projectile or bullet. The "addition" involves another way of computing velocity and performs a second check so that the velocity may be compared.

Sticklers!

WHAT IS A
LUCKY AT
LUNCH TIME?
(SEE PARAGRAPH AT RIGHT)

WHAT A MENU! A dank frank, an ol' roll, a pallid salad, and a dry pie. Let's face it, friend—your lunch-time fare needs brightening! Recipe: light up a Lucky! It won't make a filet out of that frank, but it's a *Noon Boon* nevertheless. A Lucky, you see, is all cigarette—all great smoking, all the way through. It's made of fine tobacco—mild, good-tasting tobacco that's **TOASTED** to taste even better. But why wait till noon to try one? Right now, you'll say Luckies are the best-tasting cigarette you ever smoked!

FIN

FUR

BY DICK LAURSEN

This is the time of year when the law makers of our state debate and haggle over just what laws and regulations to adopt. Some of these laws and regulations pertain to fish and game and therefore should be of importance to those of us who indulge in hunting and fishing. This year the law makers are faced with some 200 bills pertaining to our favorite pastime. Following are some of those bills.

A.B. (Assembly Bill) 864, exempts shore fishermen of ocean water from sports license provision.

A.B. 1096, All fishermen over 16 would have to purchase tags for salmon fishing.

A.B. 2627, Trout fishermen must purchase a two dollar trout stamp.

A.B. 3239, Provides for development and control of water resources and conservation of wildlife in the Klamath River Basin.

S.B. 701, Authorizes the Commission to set quotas of either hunters allowed in a particular area and number of deer to be taken out of any particular area.

S.B. 785, Restrains Commission from restricting any water to fishing by use of artificial lures only.

S.B. 1450, Adds provision to state policy on water use, that use for fish, wildlife or recreation is a beneficial use.

S.B. 1650, Provides the Commission may not allow taking of female deer and spotted fawns under any of the Fish & Game Codes.

S.B. 1790, Extends statewide, the present law prohibiting log jams, debris or other artificial barriers in streams injurious to fish life.

S.B. 1929, Makes it unlawful to possess gaffs or treble hooks in certain portions of rivers during the time they are closed to salmon fishing only.

These are only a few of the 200 bills being introduced this year to the states law makers. Are you

INTRAMURAL HOOP PLAY ENDS, TOURNAMENT NOW UNDER WAY

BY TONY VASQUEZ

The regular season has come to an end in basketball and the four top teams are now ready for the Tourney. The four finalists are IQ, Nelson Hall, the Ramblers and Block H. The first elimination round was March 27. Block H and Nelson Hall met in the first game and the Ramblers and IQ's played the second game of the night. The final elimination night will be April 3 when winners of the first round collide.

Charlie Hale has been selected as the player of the week. Charlie plays for the IQ's and has been the big gun for the league-leading team all season. Ironical as it may seem Charlie made his most telling contribution in the teams only losing effort. Charlie tanked 23 out of 29 points for his team as they last 34-29 to the Ramblers.

Table tennis also came to a conclusion last week. Dick Hansen took the title for Nelson Hall as he defeated Bob Goodwin and John Geary.

John Geary came in second for IK. Ed Hansen came in third for Nelson Hall and Bob Goodwin took fourth for Nelson Hall.

This gave Nelson Hall three out of the four possible places in the tournament. They took first, third and fourth places.

In the first basketball game Tuesday night Block H defeated Redwood Hall. Earl Barnum and Ron Fredericks scored 16 points each for Block H. Warren Smith followed with 14. Bob Gay led the Redwood Hall attack with 16 points and Dennis Colleron backed him up with 11.

The second game of the night found the IQ's retaining their unsoiled record against IK asfecting you.

Interested enough in any one of them to write one letter to your Senator or Assemblyman stating that you either are for or against this bill? If you do not raise your voice now, when some good may be attained, then don't complain to your buddy about some "stupid" regulation that is af-

they won 54-31. Hale scored 22 points for the IQ's. Emil Yurdan netted 10 for the IK's.

The Faculty forfeited the third game of the night to Nelson Hall.

Wednesday night's action found the improved CU rallying to defeat Alpha House 39-29. Curtis Bolton was high point man for CU with 13 points. Bob Seeler and Dick Laursen followed with 12 apiece. Frank Hopper scored 12 for Alpha House.

The Faculty forfeited the second game of the night to Redwood Hall.

An upset game came in the final set of the regular tournament. The upstart Ramblers gathered their forces and handed the IQ's their first defeat of the season. The score was 34-29. Charlie Hale, the player of the week, scored 23 points for the IQ's. Dick Wasmouth tallied 10 for the Ramblers.

The final league standings after each team played its quota of eight games is as follows:

IQ's	7	1
Block H	6	2
Nelson Hall	6	2
Ramblers	6	2
Alpha House	4	4
Conservation Unlimited	4	4
Redwood Hall	2	6
IK's	1	7
Faculty	0	8

There is one more week of basketball tourney and then intramurals shall shift into a new field. The new sport has not yet been decided upon but the intramural council will meet and discuss future plans.

HSC Netters To Meet Eureka Club Sunday Afternoon

The third match against local tennis clubs and the last before they open their intercollegiate season will be played by Humboldt State netters Sunday against the Eureka tennis club at the Eureka high school courts.

First competition against college players is set April 5 against Southern Oregon at Eureka.

Humboldt Coach Dr. Larry Kerker has a great deal of respect for Ellis Williamson's Eureka squad and figures Humboldt will come out of Sunday's matches considerably better prepared for the Red Raiders' visit. Last year Southern Oregon slaughtered HSC 7-0 in both meets of a home-and-home arrangement.

Rains abruptly ended Humboldt's meet with the Fortuna tennis club on the Fortuna high school courts last Saturday. Only one match was completed, with the Lumberjack's No. 1 player, Jack Geary, taking Buzz Lincoln 6-3, 6-4.

JACKS HAVE GOOD ROAD TRIP

SPORTS

BUSY WEEKEND IS FACING BASEBALL, TRACK TEAMS

Humboldt's highly successful baseball team and coach Bob Doornink's track squad again hit the road this week in preparation of FWC competition.

Ced Kinzer's horsehiders open a series with Oregon opposition tomorrow in a twin bill at Crescent City's municipal ball park, against the Southern Oregon Red Raiders, at 1 p.m.

The track team moves south for the weekend as they engage San Francisco State and Sacramento State in a three way affair at Frisco's Cox Stadium.

The HSC baseball club, owner of a 5-1 preseason mark against some of the toughest competition available, will be gunning for wins No. 6 and 7 against the Red Raiders. The double header against Southern Oregon will be the first in a 10 game series of contests with college competition from the Oregon country. HSC will again be in action against Southern Oregon the following Saturday at Ashland.

Kinzer stated that Jim Richardson top right-hander will be on the hill in the opener with port-sider Frank Burke or Gary Mauney to get the nod in the night-cap. Kinzer intends to stick with the same lineup this weekend that has performed so well in the six pre-season tilts. A minor change will be the shifting of centerfielder Dave Thomas to right field with the rightfielder Jesse Washington to move into center. This move is designed to give Thomas's sore arm a rest.

The track squad's three way meet is the toughest test of the young cinder season for the prac-

tice shy Lumberjacks. However, despite lack of outdoor practice the 'Jacks will go into this meet with the strongest squad thus far this season. Welcome additions to the HSC thinclads will be Jim Davis, top HSC hurdler, who is expected to pick up points in the hurdles. HSC has been weakest this season in the hurdles, failing to win a point in these events so far this year.

In a team ballot last week Earl Barnum, school and Conference Record holder in the broad jump, and Paul Williams, HSC record holder in the 440 and last years track captain, were named squad co-captains.

THINCLADS FINISH THIRD IN THREE WAY MEETING

The Humboldt State cindermen finished third in a close meet with the University of Nevada and Chico State College held at Chico. Humboldt didn't come through with enough of the very important third and fourth places but still came very close to coming out winners.

The Humboldt mile relay team of Harman Bonnicksen, Earl Barnum, Larry Amos and Paul Williams finished second to Chico, but still broke the school record of 3:30 by more than four seconds.

Manual Vasquez was the only double winner for the Jacks, as he repeated his performances of last week winning the 100 and 220 yard dashes. Earl Barnum and Warren Baker tied for first place in the high jump, and Barnum won the broad jump with a leap of 21' 8 1/2".

RESULTS

Mile—Capello, C; Kohnika, H; Cooper, N; Damon, N. 4:45.6.
440—Thomassen, C; Williams, H; Beck, C; Tarango, C. 50.1

Team Scores—Nevada, 62 1/2; Chico 57; Humboldt, 42 1/2.

PATRONIZE OUR ADVERTISERS . . . THEY PATRONIZE US!

TEAM WINS THREE GAMES OUT OF FOUR; LOSES TO CALIFORNIA 4-0

Amid other earth-shattering events which occurred in the San Francisco Bay area last weekend, the Humboldt State Lumberjack baseball team took three victories in four games against some of the most rugged competition around.

Lone loss on the four-day jaunt was 4-0 shutout suffered at the hands of the University of California Bears. The Jacks topped the University of San Francisco Dons 9-7 Sunday after taking a pair of verdicts over the Hamilton Field Flyers by scores of 7-3 and 38-4.

Bob Lawson and Ralph Mayo powered home runs to lead Humboldt to its come-from-behind win over the favored Dons in the most exciting game of the lot.

Humboldt played a very good game against Cal and if it hadn't been for a couple of untimely errors that permitted all four Bear runs to score they would have been in it all the way. As it was, the Jacks out-hit the Berkeley crew six singles to five and gave the Bears all the game they wanted.

It was strictly no contest in the first Flyer game as the Humboldt nine spotted the losers three runs and then scored a total of 16 in the top of the third to ice the game.

The second meeting of the two teams was a little closer as Hum-

boldt took a 7-3 verdict. Humboldt was originally scheduled to play St. Mary's but had to pick up the second Flyer tilt because of a schedule mix-up by the Gaels which had both Humboldt and the Cal Aggies booked for the same time and place.

BAKER NAMED TO TWO ALL-FWC SECOND TEAMS

Warren Baker, Humboldt State center, was named to the second team All Far Western Conference basketball squad. Baker led the Humboldt cagers in both scoring and rebounding, averaging 13.1 points per game, and 11.2 rebounds per game in league play. He also hit a very good 77.8 per cent of his foul shots.

The All Far Western Conference teams are as follows:

FIRST TEAM

Chuck Mobley, Sacramento State.
Dan Sullivan, Nevada
Milt Garfield, San Francisco State
Floyd Glenn, San Francisco State
Bobby Schurr, Sacramento State

SECOND TEAM

San Summers, Nevada
WARREN BAKER, Humboldt
Mile Miller, Chico State
George Nelson, Nevada
Don Faussett, Sacramento State
Al Martion, San Francisco State.

HONORABLE MENTION

Moose Mastelotto and Billy Graham, Chico State; Ron Wilkin-son and Dave Cayner, California Aggies; HANK COOPER, Humboldt State; Bill Aires, San Francisco State.

There were six men on each of the teams due to tie in the balloting. Jim Lyon of Nevada was the only unanimous choice, while Mobley, Garfield and Sullivan were repeaters from the 1956 team.

Baker also made second team in a poll conducted by the student sports editors of the school newspapers. The other choices were virtually the same.

HSC Netmen Down Arcata Tennis Club

In a tennis match held last Saturday morning at the Eureka high school court, the Humboldt State College tennis team defeated the Arcata Tennis Club 5-2.

The Arcata Tennis Club is composed of HSC faculty and are a strong unit.

Let's Go Skiing!

The Ski Club has been quite active for the past few months and nearly all of the members have been seen skiing, sliding or falling down various slopes. The beginning of this semester found eighteen Ski Club members at Mt. Shasta for the weekend and everyone came back to classes very tired but very happy. Being the first ones out on the slopes in the mornings and the last ones to leave at night there were quite a few sitz-marks to cover up.

After the Mt. Shasta trip the Cedar Creek Lodge was filled every weekend with college skiers taking advantage of the good skiing to be found there. Among those seen on the slopes were Carol Priestly, Neal Metcalf Jim Palmer, Barbara Urkov, Lois Morrow, Gary Holmes, Jeanette Ragsdale, John Borel, Art Pierce Elvera Ryerson and Hal Brusher.

There are more trips planned for the Ski Club members (one was held last weekend at Squaw Valley). Due to rather warm weather, the snow has vanished around our college lodge and Cedar Creek Lodge so those with the "ski bug" must lead their skis on their cars and head for farther points in order to get in their skiing.

The Inquiring Reporter

Question: At present HSC does not have any fraternities. Do you think that students here would benefit from fraternities?

Del Goodwin, Graduate student, zoology major: "It is an honor yet it excludes those who have never been included. It would tend to be the same people who are already in organizations, it would not help the others."

Key Killinger, Senior, Social Science major: "I like Humboldt as the small, friendly, informal college it is. Fraternities would tend to change this."

Sandi Wahlund, Junior, Education major: "Yes, fraternities make a college grow, and the social life they provide is needed at HSC."

Dean McColum, Senior, Economics major: "Yes, fraternal brotherhood will bring about life-long friendships and from these associations the students will help each other."

Pete Maca, Sophomore, Pre-law major: "In most cases I don't approve of them. They are undesirable in that they tend to become a clique. However, they do benefit new comers in a new area."

Judy Conti, Senior Elementary Education major: "If they do worthwhile projects and activities they are a benefit. However, if they become too exclusive, omitting students who are interested in joining, not considering their contributions but only their social standing, then fraternities are a disadvantage."

JAZZ SHOWCASE TO COME HERE

Arrangements are in the final stages for securing one of Van Tonkins' Jazz Showcase tours out of Hollywood.

This Jazz Concert will be at Humboldt State College on Monday, April 22. It will take place in the college gymnasium from 8 to 10 p. m.

Some of the top artists who will be here to perform are the Pete Jolly Trio, RCA Victor recording stars; Jack Montrose, RCA Victor, Atlantic and Pacific recording star; Sonny Criss from Jazz at the Philharmonic; and woman vocalist Donna Fuller, Liberty recording star.

Mike Fielding, ASB president, says, "We are very fortunate in securing this type of concert because of the demand from other colleges on the coast. If we are established as a circuit stop we can expect a good variety of big name entertainment."

"Tulip Tea" Set For April 6 Here

The HSC choir and chorus will perform a group of songs for the "Tulip Tea" sponsored by the Federated Womens' Clubs of Humboldt County Saturday, April 6 at 2:30 p. m. in the Humboldt State auditorium.

Featured soloists will include students who recently won scholarships from the organization. These are Claudine Ray, vocalist, Vernon Ludwig, violinist; Mary Massey, pianist. According to program committee chairman Mrs. Wallace Martin of Eureka, several other numbers will be performed.

The tea will be served at Nelson Hall and will be ushered by the Spurs.

WAA Plays In Basketball Tourney

Humboldt State's WAA basketball team returned from a Santa Rosa hoop tournament March 15, with a one-two record.

The HSC girls ran over Napa Junior College, 27-6, and dropped close ones to Chico State, 22-17 and Santa Rosa, 14-13. Forwards Lynn Worswick and Anne Hitt scored 37 points and 20 points, respectively, in the three games.

Other forwards were Elsie Thornton, Elizabeth Locke and Joyce Silva. Guards who played were Betty Larsen, Joan Macro, Karen Soules, Chloreta Furnish and Carol Vinum.

Miss Elizabeth Slagle, physical education instructor, said "We out scored our opponents, but didn't get points in the right games."
