OF HUMBOLDT STATE COLLEGE

VOL XXXII

ARCATA, CALIF., FRIDAY, APRIL 17, 1959

No. 26

Standing outside the Coop are members of the Octagon Volunteers who are seeking Associated Student Body offices April 29-30. Standing at the 7 o'clock position is Art Dalianes, running for president on the OV ticket. Counterclockwise from Dalianes are

John Burger, candidate for vice president; Bonnie Montgomery, publications; Niel Evans, organizations; Mary Lou Barnes, assemblies; Bud Kolding, rally; Joan Rasmussen, secretary; Bill Caver, awards; and Joe Mayfield, treasurer. (See Photo on Page 4)

## Student Body Presidents Oppose Senate Finance Control Bills

Student body presidents of the California state colleges have gone on record as opposing two State Senate bills that would place student body finances under the control and direction of the State Department of Finance.

Don Peterson, HSC student body president, made this report following a meeting last weekend with the other student presidents in San Francisco.

## Audit Requested Of HSC Books

A special audit of all Humboldt State operations has been called by the state superintendent of public instruction as the outgrowth of charges by a special Senate committee on handling of trust funds at five northern California state colleges.

President C. H. Siemens said that "it is only proper that a full review be made because the Senate report was not only incomplete but strongly biased. Also I am pleased that the audit reports completed last year will be used. They will show that the trust funds are in good order."

## Music And Art Show

Music and art will be combined in the next Chamber Music program, slated for April 26 at 8 p. m. in the Music Building. Following the program, an art show of ten oil paintings by San Francisco artist Elmer Bishoff, head of the San Francisco School of Fine Arts, will be given in the Art Gallery.

The meeting was called by Nick Creton, president of the San Francisco State student body.

Those present were the presidents or president's official delegates from Chico, Fresno, Long Beach, Los Angeles, Sacramento, San Jose, San Francisco State at Santa Rosa and San Francisco, San Fernando Valley, as well as Humboldt State College.

Also present from Humboldt State College was Publications Commissioner Larry West.

### Bills Discussed

The delegates met and discussed the effect of Senate Bills 1063 and 1064. The group noted that bills 1063 and 1064, if passed, would affect the state colleges by limiting the activities that could be undertaken by student body organizations, would impair the efficient functioning of fiscal operations of student body organizations, would impair the functioning of the principal of student self government, would result in a loss of services to the students which could not be provided by a central state agency, and would limit the ability of each State College campus to help students and faculty assist or undertake in research projects which constitute a well

rounded academic experience.

Because of these and other reasons the organization resolved to go on record as opposing Senate Bills 1063 and 1064, Peterson reported.

A plan of distributing information in the state colleges and (CONTINUED ON PAGE 3)

## Fine Arts Quartet In Concert Here Monday Night At CES Auditorium

The world-famous Fine Arts Quartet will perform here at 8:15 p. m. Wednesday in College Elementary School auditorium under the auspices of Mu Epsilon Psi, college music society.

Tickets, at one dollar apiece, are available in the college bookstore, in the Music Building, and at Maxon Music Co., 312 F St., Eureka. In cooperation with the Concert Disc Recording Company the Quartet also has agreed to give a free ticket to its concert here with every Quartet record purchased at the college bookstore.

The Quartet, organized in 1946, became nationally known during the late 1940's when it starred in a weekly Sunday morning program over the American Broadcasting Company network. The series became so popular, it ran for eight years. Since then the group has appeared in concerts throughout the United States, made many recordings and two educational films for Encyclopaedia Britannica, called "Listening to Good Music," and "Playing Good Music."

Recently the Quartet returned from a triumphal tour of seven European countries with a plump folder of enthusiastic reviews by Europe's leading critics, and bookings for another tour next summer. The 1959 tour, covering 60 cities, will include returns to the cities

visited on this tour.

This was one of the first American string quartets to tour the European continent so extensively, and the reviews expressed frank amazement that chamber music was in the "bailiwick of American culture." Music critics reviews were glowing in their reports of the group's polished technique and its warm concept and interpretation of the music played.

The group presented a series of concerts and coached a workshop in chamber music at the Milwaukee branch of the University of Wisconsin upon their return from Europe.

The Fine Arts Quartet is now working on a series of six kinescopes (similar to the Beethoven) on the six string quartets of Bela Bartok.

## Octagon Volunteers Announce Candidates For ASB Elections

Associated Student Body elections have been scheduled for Wednesday and Thursday, April 29-30. At press time, one complete party has been formed. The party formed is the Octagon Volunteers. Runoffs will be held May 1, if necessary. Voting booths will be set up in the main hall of the Administration Building and in the Wildlife Building. Wednesday, April 22, is the last day to hand in petitions for nomination.

The Octagon Volunteer party is running Art Dalianes for president; John Burger, vice president; Joan Rasmussen, secretary; Bill Caver, awards; Niel Evans, organizations; Joe Mayfield, treasurer; Mary Lou Barnes, assemblies; Bud Kolding, rally; and Bonnie Montgomery, publications.

The duties of the president are to represent the student body at intercollegiate and school activities. The president is the chief executive of the student body. It is the job of the president to see that all other elected officers do their job properly. The president is also a member of the Board of Finance, as well as being a voting member of the Executive Council.

It is the job of the vice president of the association to act as chairman of the Executive Council and to appoint all committees in the council. He has a vote only in case of a tie. The vice president also calls the first Freshman Class meeting and acts as their adviser for the year.

The secretary keeps all records of the Association and is responsible for writing all letters requested. She has a vote in the Council.

Heading the Board of Finance (Continued on Page 10)

## Flag, Seal Contest Deadline Is Today

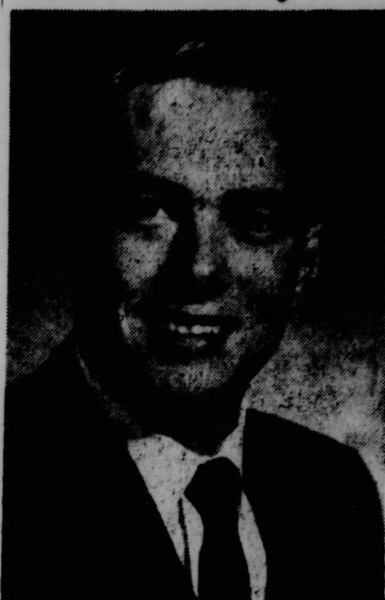

Three designs for a School Seal and Flag have been turned into the Art department. The contest, being sponsored by the Associated Students of HSC, is open to any student on campus or to any person in the community. Today is the deadline for submitting the designs.

Two \$25 merchandise orders from HSC's bookstore, one for the flag and one for the seal, will be awarded the winners.

Judges for the contest will be 3 art professors, President Cornelius H. Siemens, and one student from the ASB at large. Their selection will be submitted to the Executive Council for final approval.

The new flag and seal will be used for all legal documents of the college.

## Brodie Announces Candidacy For ASB Presidency

CLARENCE (Chip) BRODIE

Clarence (Chip) Brodie, junior business administration major, this week announced as a candidate for the student body presidency as an independent.

He announced a platform of "revitalizing the ASB constitution, putting an end to secret activities of officers of the student body, and greater student control of student activities."

Brodie has served as representative-at-large, vice president of Redwood Hall, Inter-club Senate representative for Redwood Hall and the Rally Club, publicity chairman for the Rally Club, chairman of the All-School Picnic, a member of the Homecoming and Sno Ball committees and a member of the Board of Control.

In his statement of candidacy Brodie said that the Board of Control position "on what is effectively the Supreme Court of Student Affairs had, in my judgement, precluded my participation in campus politics during my incumbency."

Brodie was an unsuccessful candidate for the ASB presidency two years ago.

### DANCE TONIGHT

The Associated Women Students will sponsor a girl-ask-boy "Lollipop Hop" tonight from 9 p. m. to 1 a. m. in the Women's Gym. The dance is billed as a "cottons and cords" affair. Ray Bullock's orchestra will play. Admission is \$1.25 a couple.

## Hilltopper Set For Next Month

The Hilltopper, campus general interest magazine publication will make its appearance in early May. Devoid of a theme this semester, the magazine will carry general interest stories.

The Hilltopper will be run with the offset system this semester which will allow more leeway in the use of cartoons.

Among the featured stories will be a poll by Kay Morrison, assistant editor of the Lumberjack. The poll will be taken from tape recorded interviews of a varied segment of students and instructors on the problems of marriage and dating.

Other contributors will be Larry West, Dennis Guintini, Don Baker, Tony Vasquez and Pat Peterson. Ralph Johnson will have a picture story.

## Get Out The Vote

By ART DALIANES

Nine new Associated Student Body officers will be elected Thursday and Friday, April 29 and 30. Their decisions and actions on the many legislative matters they will face will not only reflect on themselves, but will cast the same reflection on each and every one of Humboldt State College's students. It is up to the ASB officers to successfully carry out the many duties required of them.

Each year HSC faces the problem, as many other schools do, of "attracting" students to the polls. Almost everybody will agree that they want good representation in student government, but when the time comes for them to go to the polls, many students will not take time to cast their ballot.

### Apathy At Polls

If past performances are any indicator, less than one-half of the ASB members bother to vote. Too many people feel "My vote won't make any difference." But in the election of a couple of years ago, the presidential office was decided by a single vote.

Associated Student Body members are urged to vote wisely; decide what characteristics in a student body officer are more desirable, then consider all the candidates and cast a ballot for the one best qualified in your mind.

All students are eligible to vote. It is the responsibility and duty of each and every one of us to go to the poll on Thursday or Friday.

## Council Elects New Songqueens, Cheerleaders

Five song queens and four cheerleaders were elected by Humboldt State's Executive Council last week to serve for the 1959-60 school year.

Song queens elected were Joan McDowell, Pat VanDeventer, Pat Mayer, Donna Heckman and Mary Lou Robertson. Miss McDowell was named head song queen. Elected as head cheerleader was Frank Chester. He will be assisted by Muriel Armstrong, Donna Cleveland, and Reuben Segura. The Executive Council also dis-

cussed two bills pending in the State Legislature which would student body funds under the control and audit of the State Department. These bills would also restrict solicitations of funds by campus groups. After much discussion, the council expressed its opposition to the two legislative measures.

An opinion poll will be taken on students' views toward the loyalty oath provision of the National Defense Education Act, which provides a loan fund for the students at colleges across the nation. Larry West, publications commissioner, said that if a student does not understand the oath on the controversial subject, it would behoove him to clarify the issue before the spring elections, April 29-30.

## Minutes of the Student Council

### April 9, 1959 Meeting

The meeting was called to order by president Don Peterson. Those present were John Burger, Jack Menzia, Linda Sarboe, Karin Dahl, Bob Merritt, Armand Baradat, Larry West, Jacquie Callihan, Fred Johnson, Howard Goodwin and Dr. Don Karshner.

Guest, Chip Brodie, of the Board of Finance, was present to remind us that the minutes of the council are supposed to be published in the paper.

### Committee Reports

**High School visitation**—Bob submitted a plan to invite the high school juniors, seniors and parents on Saturday of 1960's Lumberjack Days. They will be here from 9 a. m. to 4 p. m. to tour the campus, see the exhibits, and watch the track and field events. They will not attend the events which are for college students. Bob moved we approve the plan as stated. Seconded and passed.

**Seal**—The seal and flag contest has been extended for a week.

### New Business

**Bills**—Don went over the bills 1063 and 1064. Discussion followed. Jack moved that the Executive Council go on record as opposing California State Senate Bills 1063 and 1064. Seconded and passed.

**Prices**—The prices for the sophomore dance were submitted. 50

cents per person, 75 cents per person without ASB cards. Jack moved we accept the prices as submitted. Seconded and passed.

**Dr. Karshner** told us of a plan suggested by the alumni of the Sacramento and Santa Rosa area to come by train to Homecoming 1960. Our problem is to finance the advertisement and publicity. Bob moved we take \$50 out of unallocated to pay for publicity. Seconded and passed.

### Song Queens and Cheerleaders

Larry moved that those chosen for these offices must have a 2.0 point grade average by the fall semester in order to take office. This was seconded and passed. He also moved that in the future all persons trying out must have a 2.0 average. This was seconded and passed.

Larry moved that before a person can be appointed to a major chairmanship they also must have a 2.0 index. The council will determine what is a major chairmanship. This was seconded and passed.

These motions are for the individual's protection as well as the school.

There being no further business the meeting was adjourned to a crab feed at Jon Mitts home.

Respectfully submitted,  
Karen Dillard  
ASB Secretary.

## Pat's Perusals

### - News Around Campus -

### Pat Baker

The following letter from an HSC student was brought to my attention . . . I have decided to let you readers make up your own minds.

April 5, 1959

HSC

"I am writing in behalf of a challenge to the clarity of a statement in the April 3rd issue of the Lumberjack. This challenged statement appears in 'Pat's Perusals' and concerns the University of Toledo 'World Championship frog race.'"

"As a citizen of the thriving metropolis of Angels Camp, California, I challenge this statement. Angels Camp not only is world-famous for its annual 'Jumping Frog Jubilee' but also definitely noted universally for its Frog Olympics. Proof of this information can be traced to the words of Samuel Clemens, better known as the immortal Mark Twain. He stated the above in the celebrated 'Jumping Frog of Calaveras County.'"

"I am hoping that you will clarify this statement before May 14th, the start of the Annual Frog Jubilee."

Thank you,

Duane Oneto  
Angels Camp  
Calaveras County

(Pat's Perusals' note. Well, I'm safe. I checked my column in which this challenged statement appeared. The statement read "This contest is ADVERTISED as the 'World's Championship frog race.' The world's championship statement is the University of Toledo's claim . . . not mine. I have never attended the Angels Camp annual 'Jumping Frog Jubilee.' To make amends I am willing to refer any expert racers from the frog world discovered at Lumberjack Days to Calaveras County. I, too, have read and enjoyed Mark Twain. So, I will have to agree with Twain and Mr. Oneto. I am probably in for an argument

with the University of Toledo, so this is my last word on frog racing.

\*\*\*

Phil Sarboe, I have found some new recruits for next year's football team. If you are interested, contact Karen Fraser or Barbara Brown. The two girls, who are elementary education majors incidentally, have had a few lessons in quarterbacking . . . Just ask Larry Westlake who taught the finer points of the game to the PE methods class last Monday. Barbara and Karen both proved standouts in the punt kick department.

\*\*\*

The students at CES had a lecture on the merits of brevity in writing one day last week. They were then assigned to write a sentence or two describing something exciting. One of the young students then promptly submitted the following: "Help! Help!" Listening, Lumberjack reporters?

## Yearbooks Still Available; On Sale Next Week

Approximately 200 copies of the 1959 Sempervirens, which will be distributed in late May, may still be ordered by students.

The sale, and possibly last chance for students to buy the annual, will be conducted Tuesday, Wednesday and Thursday of next week during the noon hour and from 2 to 3 p. m. in the Sempervirens Office, Coop 201.

Students who have a full-year activity card or both semester cards are entitled to a book for only one dollar. They must, however, pay the one dollar and order a book or they forfeit their book.

## Beards And Sport Stressed For Annual Clambake

Chinny fur was the gist of the resolution approved by each of the campus's two largest clubs for outdoorsmen, C. U. and Forestry at meetings held recently. These hirsute appendages are being grown for the Annual Clambake tomorrow. Those with naked jowls will be summarily "christened" by the time-honored total immersion process.

Events at the clambake include contests to settle the rivalry between Fisheries men, Wildlifers, and Foresters, but the biologists usually master the tree cutters in jig time. One of the featured events is a tug of war with rival profs at the head of each team. Method is discerned when the layout is shown with a ditch full of water between the opposing forces and a dunking in store for the prof of the losing team. An event introduced recently is the skeet shoot and its complement is the ancient man-killing pack board race where a route is laid out to be traversed at full speed with a 40-pound pack on each contestant's back. A baseball game between Wildlifers and Fisheries majors keeps up traditional rivalry while the Foresters club a log to death with axes.

In the past the transportation problem has been tough on the cars, some drivers feeling that Clam Beach is an air strip and attempting to fly, but the breakers usually discourage the takeoff. Cautious flyers can leave their vehicles at the Clam Beach Inn.

A joint display similar to that given during Conservation Week here will be arranged for the faculty and friends of the George Jacobs Junior High School in Eureka.

## Oppose Control Bills

(Continued from Page 1)

throughout the state was drawn up and a delegation composed of Creton, Marvin Harrison, president of Fresno State College student body, and Stan Stevens, president's representative from San Jose State College student body, was appointed to meet with the Senate Special Committee on Governmental Administration when hearings on the bills are held later in the month in Sacramento.

### Content of Bills

Senate Bill 1063 reads: Section 1—Section 23611 is added to the education code, to read: 23611. No corporation or association, except student body associations, shall be formed or operated on any state college on or off campus which uses the name of the state, state college, or which represents an official relationship with the state or state college. The funds of the student body associations shall be subject to accountability and regulation by the Department of Finance. No student body association may accept any gifts or donations for scholarships, student loans or research projects.

Senate Bill 1064 reads: Section 1—Section 24205.2 is added to the Education Code to read: 24205.2. No state college president shall solicit money or other property for any purposes except scholarships, student loans or research projects. The president shall not personally accept donations or gifts for scholarships, student loans or research projects but may authorize the college business office to receive gifts and donations for such purposes. Such donations or gifts shall be deposited in the State Treasury in the Special Deposit Fund as provided in Sections 16370 and 16376 of the Government Code.

## Journalism An Exciting And Challenging Profession Says Wood

Newspaper work is tremendously demanding and competitive. You'll never get rich and you might even get ulcers. But the work is lively, fascinating, and fun.

This was the message left with journalism students from Humboldt State and ten northern California high schools Saturday by Hal Wood, noted United Press International sports writer, in the major address at the fourth annual Journalism Day program on campus. "All told, I wouldn't trade my job for any other," Mr. Wood said.

Speaking at an afternoon general session, Mr. Wood told some 80 students and visitors of some of the big stories he has covered, including the Grand Canyon air collision in 1956, and how he travels 70,000 miles a year as Pacific Division sports editor for United Press International.

Students who want to go to work for a press association should take lots of English and should know at least one foreign language, and preferably two. "If you know French you get along almost anywhere in the world," he said.

### Degree Needed

It's important to have a degree in journalism. The United Press, he said, hires only journalism graduates who are recommended by their instructors. "You should learn to type fast — not less than 70 words a minute — and take dictation. You should be able to condense 2000 words to 150 and not leave anything out. You should be aggressive enough to ask even the most embarrassing type of questions."

Mr. Wood also talked of the need for good communications to the success of newspapers and newspapermen. "You can have the best story in the world but if you don't have any way to tell it to someone it won't be any good," he declared.

In other Journalism Day activities, students heard eight Eureka Newspapers, Inc., reporters and editors tell about their biggest thrills in covering their "big stories." A panel composed of Andrew Genzoli, Don Terbush, Wally Lee, and Al Tostado of the ENI staff opened up the discussion with the

inside stories of how they covered everything from a Sino-Japanese War battle to a Humboldt State football game.

### New Facilities Scheduled

President C. H. Siemens made the address of welcome at the luncheon in Nelson Hall, and pointed out that next year Humboldt would have excellent new journalism facilities in a suite of the new Speech Arts Building. Scoop Beal, managing editor of the Humboldt Standard, was master of ceremonies for the day's events, including the luncheon.

Two motion pictures were shown in the morning's program and students visited the HSC publications offices at an open house reception sponsored by Alpha Phi Gamma, honorary journalism society. A photo exhibit arranged by the ENI was hung in the Coop and a United Press Teletype Teletypewriter was in operation there during the day.

### Moon Man Interviewed

Concluding event of the day was a news contest in which the high school students wrote stories against deadline pressure. Stories detailed the appearance at the program of a visitor from the moon, Torf III, enacted by Chet Schwartzkopf, ENI columnist and editorial writer, who appeared complete with helmet surmounted by a flashing red bulb.

Winner of the \$15 first prize was Vicki Williams, editor of the Arcata High School Pepperbox. Second prize of \$10 went to Marie Beck of St. Bernard's High School and third prize of \$5 to Lana Posic, also of St. Bernard's. Entries were judged by professional reporters and editors.

Scoop Beal, managing editor of the Humboldt Standard and master of ceremonies at last Saturday's Journalism Day program, interprets to a "moon man" (Chet Schwartzkopf), the questions of student reporters during a news contest. The Thing, identifying himself as Torf III, arrived on earth just in time for the concluding session of the day.

## 'Flight to the Soviet' Hardly Got Off The Ground In Assembly

Russ Porter, reporter and photographer, brought to Humboldt last Monday his film entitled "Flight to the Soviet" as the last major assembly presentation of the year. The film was billed as an uncensored report on the people of Russia, their homes and the way they make their livings.

The picture was in color and played to a packed house, part of the audience finding seats only on the floor and steps. Porter's film showed scenes of Moscow, Leningrad, Tiflis, and Yalta. The movie was technically fair, but it by no means gave the audience a picture of Russian life. It was obvious that Porter was allowed to photograph only a few well-known areas.

In his monologue Porter made frequent quips about the differences between American and Russian life that struck the audience as being funny. Yet the film it-

self would indicate that Russians and Americans are very much alike. The cities were clean and modern, as far as we could see, and the public transportation seemed to be more than adequate. As far as the audience could see Russia is devoid of slums.

The film introduced the audience to a Russian family in its home, a home that was well furnished and finished. The audience saw the family sitting down to dinner at a beautifully appointed table, in fact a table more richly set than in many modern American middle-class homes.

## Do You Think for Yourself? (THIS TEST WILL GIVE YOU A CLUE!\*)

1. If your parents exhibited "baby pictures" of you to a friend, would you be (A) embarrassed? (B) merely interested in your friend's reaction? (C) just plain annoyed?

A ☐  
B ☐  
C ☐

2. You are making a speech—and suddenly find you have a large hole in your clothes. Would you (A) excuse yourself and leave? (B) pretend you didn't know the hole was there and finish the speech? (C) cover up the hole with a handkerchief?

A ☐  
B ☐  
C ☐

3. Would you rather have the characteristics of (A) U.S. Grant? (B) Thomas Edison? (C) J. P. Morgan?

A ☐  
B ☐  
C ☐

4. You have taken your date to dinner and find you haven't money to tip the waiter as well as take your date home. Would you (A) ignore the waiter? (B) take him aside and tell him you'll tip him next day? (C) tip him and walk your date home?

A ☐  
B ☐  
C ☐

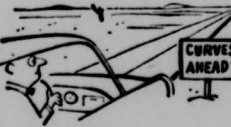

5. Mathematics is your poorest subject, yet you are fascinated by the idea of being an atomic physicist. Would you (A) try to overcome your difficulties with math? (B) pick an easier occupation? (C) ask yourself if it's physics you like or its glamour?

A ☐  
B ☐  
C ☐

6. Your roommate is a nice person, but suddenly takes to asserting an ability to foretell the future. Would you (A) notify the authorities? (B) ignore the whole thing? (C) give him tests to prove to him he's wrong?

A ☐  
B ☐  
C ☐

7. Do you believe the maxim "It's a long lane that has no turning" is (A) a complete non sequitur? (B) a well-known fact? (C) an allusion to a common phenomenon?

A ☐  
B ☐  
C ☐

8. Would you rather have as a birthday present (A) something expensive? (B) something long-lasting? (C) something beautiful?

A ☐  
B ☐  
C ☐

9. In choosing a filter cigarette, would you (A) pick one that (A) claims it filters best? (B) merely says it tastes good? (C) gives you a thinking man's filter and a smoking man's taste?

A ☐  
B ☐  
C ☐

If you're the kind of person who thinks for yourself . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

*\*If you have checked (B) in three out of the first four questions, and (C) in four out of the last five . . . you think for yourself!*

Familiar pack or crush-proof box.

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER...A SMOKING MAN'S TASTE!

## Odd Assortment Of Props Pose Problem Of 'Corn' Production

By ROGER WERTS

If you see a 1955 green two-door Chevy sedan loaded with miscellaneous articles and you think it is lost from a Gypsy caravan — you're wrong. Look closely and you will see a god looking brunette behind the wheel. She is Bonnie Jean Carter. She is not a junk collector, nor is she moving. Bonnie is working to solve another of the production problems of "The Corn Is Green," the play now in rehearsal by the Humboldt Players.

Bonnie is in charge of the props for the play and her immediate problem is to locate such articles as a teapot. Not just any old teapot, but an English teapot (with tray, cream and sugar?). A bicycle — but try to find one of this description in this area. It must be an ENGLISH bicycle of the narrow - wheeled, narrow, sharp-curved handlebar type, to top it off it must be a girl's bicycle.

And then, she also needs a medium sized desk table, an antique table and books of all shapes, sizes and varieties. There are probably other items needed which she was too befuddled to recall at the time. She intends to find and then beg, borrow, or steal (purchase if necessary) these items.

### Ever Onward

So far she has contacted private individuals, second hand stores, bicycle shops, book shops, and junk yards with no luck. She called another junk yard but the phone had been disconnected. Business must have been pretty good!

Mrs. Carter is a sophomore speech-drama major new this semester to the HSC campus. Her husband is a teacher in Bridgeville where they have their home, although she lives in Arcata during the week. Besides being in charge of props, she also plays the part of Mrs. Morris in "The Corn Is Green" and will be working

with the make-up crew. As you can see, she is working hard to make good here, so if you know the whereabouts of any of the previously mentioned items you can help her out. Put a note in her student box, No. 1387, or contact Mrs. Evelyn McCurdy, the director.

Better plan on seeing one of the performances of "The Corn Is Green," to be shown May 1, 2, 8 and 9, to see what will be done with these props after Bonnie locates them.

## Registration Dates Announced For CES

Registration for pupils planning to enter the College Elementary School next fall will begin Monday. Registration hours will be from 8 a. m. to 5 p. m. in the CES office.

According to William Raleigh, principal of CES, priority in registering will be given to brothers and sisters of children now in attendance. Second preference will be given to children of Humboldt State College personnel, and third preference will go to children of the community on a "first come, first served" basis.

For children entering either kindergarten or the first grade for the first time in California, it will be necessary to present a birth certificate on the first day of school. To enter kindergarten a child must be four years and nine months of age, and to enter the first grade he must be five years and nine months on September 1, 1959.

## First Class Of Nursing Majors Prepare For Service

These snappy looking uniforms will identify Humboldt State nursing majors working in local hospitals from now on. The new uniforms consist of a slate green work dress with white apron and cap with a small green "H" appliqued on the corner. Shown here is the first class of freshman nursing majors to register since HSC was approved for the granting of a B. S. degree in nursing last fall. They are Jeanette Egnberg, Eu-

reka; Launi Mason, Guila Place, Edna Ellsworth, all from Arcata; Nettie Monroe, Newellton, La.; Donna Thompson, Scotia; Kara Lynn Scott, Eureka; and Carolyn York, Point Arena. They are grouped around a life-sized doll the students have nicknamed "Mrs. Chase." Students practice nursing techniques on the doll during first year nursing classes.

## Executive Dean Forum Speaker

Dr. Lawrence E. Turner, executive dean, will be the speaker at the last Faculty Forum of the 1958-59 season Tuesday night. The Forum will be held in the Science Building Lecture Hall, starting at 8 p. m.

The subject of Dr. Turner's talk will be liability of state employees in the field of education. The talk will have particular reference to employees in higher education.

## Colorful Campi

## Secret Revelations OF The Master Plan

By Larry West

What is this campus coming to? Or more accurately . . . why doesn't the Division of Architecture in Sac play chess with something besides proposed HSC buildings? I really wouldn't worry about this little problem, except, contrary to what some people think, I'm human. In other words I worry about all of you having to park on Arcata Bottom. I also worry about such people as the social scientists.

But let us get on to the "Master Plan." From a reliable source I learned that the departments of education and psychology in the various state colleges are building "mental cases" right here on our campus. These individuals are conscientious folk in the administration and faculty who worry about the shape of the campus to come. The reason for their consternation is that . . . with each delivery of the mail comes a new "Master Plan."

I wouldn't have known except the other day in the library I caught the librarian mumbling to himself and stacking the books upside down in the stacks. I gently inquired what was wrong and he replied, "Wrong . . . why nothing's wrong, my boy . . . nope, don't you worry about a thing . . . I mean who cares if they turn the library into a gallery of murals by ten-year-olds . . . since the south wall isn't structurally connected to the rest of the building one of these days it will just fall out and we can move the stacks to the parking lot . . . with a little luck it shouldn't rain more than 200 days next year, and the more enterprising students will be able to get through school if they check out their books early and keep them for the semester."

"But," I said, "aren't you scheduled to get a new library?" With this question he went into convulsions for about ten minutes and when he could speak, he said, "Young friend, haven't you heard? The new library is going to be built by the Civil Defense Authority 125 feet underground. In addition to serving as a library it will be . . . a bomb shelter, a coordinating center for the defense of the lumbering capital of the world, and a dungeon for students on probation." Leaving well enough alone I gently tiptoed

away leaving him stacking books with the numbers 301.89 Fww in the area reserved for 973.73 numbered books . . . which explains a lot of things.

### Bullets For Brains

But, being still interested, I decided to visit the political science department to get a logical and succinct description of what the problem was. As I approached the department in the "left wing" of the Ad building I noticed some new bullet holes in the glass of the door and knew another political science student had tried to put to practical application his new-found knowledge. I gently opened the door and found the political scientists clustered around a large white canvas roll. Stencilled plainly across the length were the words . . . 1 (One) Sheep herders tent . . . 18x24. I went away without asking any questions.

And so it goes around the campi . . . professors and administrators mumbling to themselves . . . only the Educators and Psych men are happy . . . for, by the time HSC has a new campi the Department of Education and Psychology will have one of the largest groups in intelligent specimens in the United States . . . each mumbling to himself.

### Capsule Commentary

I can't help adding an irrelevant footnote to an irrelevant subject . . . i. e., Mr. Brodie's letter of the Lumberjack last. It seems to me that all of us could benefit greatly if we could use Mr. Brodie's dictionary . . . which contains such words as apocryphal (apparently without definitions) and reasoning (apparently without basis). Maybe C. E. Brodie could conduct class in logic (his logic) within the next few weeks so that we could all understand his gibberish.

# COLLEGE PUZZLE CONTEST

## FOR STUDENTS AND FACULTY MEMBERS

### 2 GRAND PRIZES

*Rambler "American"!  
Big-car roominess...  
small-car economy...  
tops in performance!*

### WIN A RAMBLER STATION WAGON!

**LIGHT UP AND LIVE IT UP!** 3 great cigarettes offer you 627 chances to win! So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

**ENTER OFTEN—HAVE FUN—AND WIN!** But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's P--N." Either "I" (PIN) or "E" (PEN) would seem to fit. But only *one* answer is apt and logical as decided by the judging staff, and therefore *correct*. Read the rules carefully. **ENTER AS OFTEN AS YOU WISH.** Good luck!

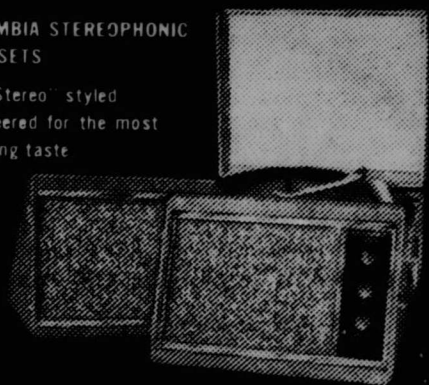

#### RULES—PLEASE READ CAREFULLY

- The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and its advertising agencies.
- Fill in all missing letters . . . print clearly. Use of obsolete, archaic, variant or foreign words prohibited. After you have completed the puzzle, send it along with six empty package wrappers of the same brand from L&M, Chesterfield or Oasis cigarettes (or one reasonable hand-drawn facsimile of a complete package wrapper of any one of the three brands) to: Liggett & Myers, P. O. Box 271, New York 46, N. Y. Enter as often as you wish, but be sure to enclose six package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.
- Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 5, 1959.
- Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and aptness of thought of solutions. In the event of ties, contestants will be required to complete in 25 words or less the following statement: "My favorite cigarette is (Chesterfield) (L&M) or (Oasis) because . . . ." Entries will be judged on originality, aptness of thought and interest by the Bruce-Richards Corporation. Duplicate prizes will be awarded in event of final ties. Illegible entries will not be considered. By entering all entrants agree that the decision of the judges shall be final and binding.
- Solutions must be the original work of the contestants submitting them. All entries become the property of Liggett & Myers and none will be returned.
- Winners will be notified by mail as soon as possible after completion of the contest.
- This contest is subject to all Federal, State and local laws and regulations.

### 25 SECOND PRIZES:

COLUMBIA STEREOGRAPHIC HI-FI SETS

"Big Stereo" styled engineered for the most exacting taste

### 100 THIRD PRIZES:

EMERSON TRANSISTOR RADIOS

Packed with power plays 1500 hrs. on 1 set of batteries

### 500 FOURTH PRIZES:

Cartons of America's finest cigarettes

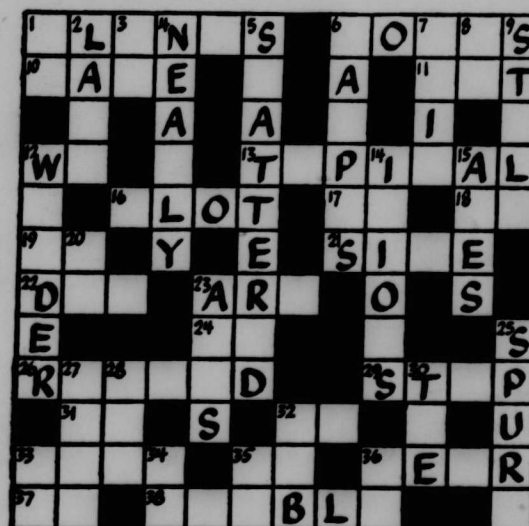

**HURRY! ENTER NOW! CONTEST CLOSES MAY 29, 1959**

#### CLUES ACROSS:

- These may indicate that a nation is prepared to wage war in the air.
- Some college students.
- When at . . . . ., Light up an Oasis.
- Sinking ship deserter.
- Plural pronoun.
- One expects . . . . . discussions in a sociology class.
- A student's careless . . . . . might annoy a short-story instructor.
- Initials of Uruguay and Denmark.
- Germanium (Chem.)
- Nova Scotia (Abbr.)
- It probably would count when you pick a horse to bet on.
- Sometimes a girl on a date must . . . . . into her pocketbook to help pay the tab.
- The muscle-builder's . . . . . may fascinate a poorly developed man.
- Chemical Engineer (Abbr.)
- Campers will probably be . . . . . by a forest fire.
- When starting a trip, tourists usually look forward to the first . . . . .
- At home.
- Literate in Arts (Abbr.)
- Familiar for faculty member.
- Associate in Arts (Abbr.)
- One could appear quite harmless at times.
- Reverse the first part of "L&M".
- What will soon appear in a bombed-out city.

#### CLUES DOWN:

- The beginning and end of pleasure.
- A rural . . . . . can be inviting to a vacationist.
- Second and third letters of OASIS.
- When one is . . . . . packed, it could be exasperating to remember a few articles that should be included.
- It would pay to be careful when glass is . . . . .
- Grounds to relax on with a mild CHESTERFIELD.
- Author . . . . . Ambler.
- District Attorney (Abbr.)
- A . . . . . from Paris should please the average woman.
- An inveterate traveler will . . . . . about distant lands.
- . . . . . are hard to study.
- Stone, Bronze and Iron . . . . .
- How Mexicans say, "Yes".
- All L&M cigarettes are " . . . . . high" in smoking pleasure.
- May be a decisive factor in winning a horse race.
- Initials of Oglethorpe, Iona, Rutgers and Emerson.
- United Nations Organization (Abbr.)
- Golf mound.
- Colloquial for place where the finest tobaccos are tested for L&M.
- Poet Laureate (Abbr.)
- Filter ends.
- What Abner might be called.
- Bachelor of Education degree.

**PRINT CLEARLY! ENTER AS OFTEN AS YOU WISH**

Mail to Liggett & Myers, P. O. Box 271, New York 46, New York. Be sure to attach six empty package wrappers of the same brand (or facsimile) from Chesterfield, L&M, or Oasis cigarettes.

## Naval Air Officers Here Next Week On Recruitment Drive

The Naval Aviation Information Team from the U. S. Naval Air Station, Oakland, will visit Humboldt State College Wednesday and Thursday to tell all interested students how they may become Naval Aviators if they qualify for one of the Navy's two outstanding aviation programs.

Lieutenant Commanders Walt McGreevy and Russ Thurman, Don Camburn, AD1, and Bob

Hind, HM3, will conduct interviews on campus aboard the recently remodeled Naval Aviation Information Van. This van is equipped with aviation displays and models of the latest naval aircraft. The van will be parked in front of the Administration Building.

The Aviation Officer Candidate program is open to the college graduate with a baccalaureate degree. He must be between 19 and 26 years of age and meet the physical and mental requirements, and be motivated to fly. After a four months indoctrination course he will receive a commission as a naval officer and draw full pay and allowances while completing flight training. He may be married.

The Naval Aviation Cadet program is open to men with two years of college, at least 60 semester hours. He must be between 18 and 25 years of age, unmarried, meet the physical and mental requirements, and be motivated to fly.

The mental and physical examinations are held at the Oakland Naval Air Station daily except Monday and Tuesday from 8 a.

## Conditions In Jordan Described Before CES Seventh Grade

Have you ever thought of what it would be like to live in Jordan? The seventh grade of CES on April 7 was fortunate enough to have Achmed Salameh come and speak to the class on his own country, Jordan.

He spoke on the customs that the villages still carry on and also on the Arabic language which is spoken in every town with different accents.

Mr. Salameh also talked about the little money the people have for proper facilities and modern houses. Nevertheless, he explained, that like most people, they are proud of their race and want to make the changes in their country through their leaders.

Their greatest problem, he added, is a lack of resources in the country.

m. until 4:30 p. m. However, as a matter of convenience, the mental examination will be given on campus to those who desire to see if they can qualify in this respect.

## Seeking Of Light Basic In Study Of World's Different Religions

By HUSHIDOR (Hugh) MOTLAGH

In studying Comparative Religion one is puzzled with mystery. Of such mysteries is the fact that the Founders of the world's religions have appeared in different eras and areas, but they have expounded the same principles as if they had been taught at the same school and by the same Teacher.

It is still another mysterious fact that these Divine Messengers spoke so highly and respectfully of each other that one would, undoubtedly, consider them as the most cooperative, harmonious and sincere Friends. There has never been any competition between the Holy Ones of the past, nor there will be any in the future.

It is one's lack of understanding that makes him believe that the teachings of other religions are in opposition with those of his own religion and that the Founder of other Faiths have not revealed the truth found in his own Holy Book.

### Study Required

It is only through the direct and careful study of the writings of the Divine Manifestations that the mystery of the identity of their basic teachings as well as the se-

cret of their approval of each other can be revealed. The Authors of the world's greatest religions have been collaborating with one another on the same Divine Book in order to reveal the same evolving truth. Each One, in His time, has opened a new chapter in the history of the material as well as spiritual civilization of men.

The concept of oneness of Divine Messengers is one of the fundamental teachings of the Bahai Faith. Bahais believe that: "While outwardly different as to human personality the Manifestations are in essence one being and reveal one evolving truth." In other words, the same Spirit and the same Reality exists in all the Holy Ones.

### Similar Statements

This principle was taught by Jesus when He said: "I am Alpha and Omega, the beginning and the end, the first and the last." Mohammed exactly made the same statement: "I am Aleph and Ya (the first and the last letters in Arabic alphabet), the first and the last."

Bahauldah, the Founder of the Bahai Faith, in regard to the singleness of the Divine Manifestations states that: "... they are all but one person, one soul, one spirit, one being, one revelation. They are all the Manifestation of the 'Beginning' and the 'End', the 'First' and the 'Last', the 'Seen' and the 'Hidden' — all of which pertain to Him who is in the innermost Spirit of Spirits and eternal Essence of Essences." (He also teaches that God has "focused the radiance of all his names and attributes" upon the reality of man, and "made it a mirror of His own self.")

In other words, the mirror is the manifestation of the sun, because it manifests the same light that exists in the sun and with the same effects and properties. In like manner, the Manifestations of the Supreme Spirit reflect the same spiritual light of truth to the darkened minds and souls of men. "There is one light, but the lamps are many."

### Roses And Light

"Man must be a lover of the light no matter from what day-spring it may appear. . . He must be a seeker of the truth no matter from what source it comes. . . A rose is beautiful in whatsoever garden it may bloom. . . In order to find truth we must give up our prejudices, our own small trivial notions; an open, receptive mind is essential."—Abdul-Baha.

"Today the world of humanity is walking in darkness because it is out of touch with the world of God. . . True religion is the source of love and agreement amongst men, the cause of the development of praiseworthy qualities; but the people are holding to the counterfeit and imitation negligent of the reality which unifies; so they are bereft and deprived of the radiance of religion."—Abdul-Baha.

In the next article in this series the mysterious secret of the similarity of the spiritual teachings of some of the Manifestations as well as their appraisal and approval of each other will be further explained.

## HUTCHINS GROCERY

OPEN 7 DAYS A WEEK  
9:00 a. m. to 9:00 p. m.

1644 G Street Arcata  
Phone VAndyke 2-1965

By DAVID MAXON

During a cool quiet evening recently, the calm air was interrupted by the chatter and babble of a large flight of ducks passing over Arcata on their yearly migration back to the land of their birth. As the clamor receded, I thought of this journey of the eons and the tremendous faith which man would require to undertake a journey of such scope. Whether the lakes will be frozen with no food available and whether a late spring blizzard will freeze the whole bunch or not are questions that will be answered only when the ducks arrive. Before the flock had gone beyond hearing, I wished it a safe journey to its breeding ground.

Conservation - from wilderness and a scenic value to sea lions - will be covered in this column as timely issues in need of immediate support.

The National Wilderness Preservation Act, S1123 (H. R. 1960) was introduced in the U. S. Senate on February 19 after several years in preliminary stages of development. A product of aroused public thinking and action in the form of Wilderness Conferences for the last 10 years, during which preliminary studies and proposals were sifted, the bill provides for protection from encroachment on areas within the jurisdiction of various Federal agencies. These agencies are principally the U. S. National Park Service in the Department of the Interior and the U. S. Forest Service under the Department of Agriculture and encroachment is defined as things or actions which tend to diminish the wilderness quality of an area. Examples of encroachment are the building of roads, the use of mechanized equipment including aircraft in the areas and logging operations. Important safeguards of water rights and essential water development programs are allowed for as well as grazing and mineral rights, where they already exist.

#### Pack Areas Popular

The Marble Mountains Primitive Area east of the Klamath River in the northern part of the state is a good case in point. Many local people pack into the "Marbles" each summer to find excellent fishing and I saw Dr. Arthur Smith of our own faculty last summer on his way there. The area is protected now as part of the Klamath National Forest, but without the protection as a wilderness which it now receives, or with poor execution of existing policy, the area could very quickly have roads punched in and become noted for its lack of fish. The current Wilderness Bill then provides for positive administration of these areas and while providing for further additions, does not add one acre to them. Senators Engle and Kuchel and Representative Clem Miller are the ones to contact regarding this bill.

Two bills are in the State Legislature to provide for construction of a road across the mouth of Emerald Bay on Lake Tahoe. This would effectively mutilate both the Emerald Bay and adjacent D. L. Bliss State Parks. Alternate routes are feasible which would go inland, but roadbuilders seldom consider scenic values and another of our heritages is in grave danger.

#### Proposed Herd Reduction

Very recent bills introduced in Sacramento provide for the reduction of the California Sea Lion from approximately 24,000 individuals to a herd of 5,000 animals. This is the law of the jungle, except for the obvious fact that the sea lions won't be shooting back. Undoubtedly backed by commercial fishing interests, the bill is apparently based on the assumption that sea lions eat vast quantities of commercially valuable fish - such as salmon. This has been disproved by research time and again and the only other damage, that of tearing nets, etc., is more than compensated for by the destruction of the individual concerned. This is very obvious from the riddled carcasses which wash up on

our beaches. Another bill provides for the use of depth charges to reduce the herd. What will the warped mind of man think up next?

Many people enjoy seeing our wildlife and although this use of the resource would be classed in the catch-all term of aesthetics, yet as Dr. Lloyd Glenn Ingles, professor of zoology at Fresno State points out in his book on California mammals, "Nearly all species of wildlife have such intangible values that cannot be measured in dollars and cents but are nevertheless real." Can we kneel to this proven misguidance and greed of a minority pressure group and let the sea lion be exterminated? This is the result if we allow any drop in the present protection for the California Sea Lion.

The general consensus of opinion was that opening day on the lagoons was poor. Some nice cut-throats were taken upriver from the 101 bridge on Little River. This area was recently opened to fishing for a distance of 1,000 yards from the mouth.

The South Jetty continues to provide excellent fishing when the waves aren't trying to dunk you in the Pacific.

An old times lost "the biggest Ling Cod I've ever seen", two weeks ago off the Trinidad Pier, when it bit through his thirty pound test leader.

The C. U.-Forestry Club Annual Clambake will be held tomorrow with the usual contest, horseplay and CLAM CHOWDER provided by an energetic crew who collected 250 clams for the event. Beginning at 1 p.m. at the lower part of Clam Beach, it should last 'till the chowder is gone.

Four residents of Theta House report limit catches of night fish at Crescent City two weekends back, with over a ton of fish being taken by commercial fishermen. They should be running here now and fishing is inversely proportional to the size of the surf, with heavy breakers creating poor condition.

John Hayes, a fisheries student, reports that his census of candlefish on the Klamath River two weeks ago showed a good quarter ton landed Sunday night.

### Toyon Scheduled To Appear On Campus Next Week

The fifth publication of Toyon, HSC campus literary magazine, will be on sale for 25 cents at vital points on campus by the HSC Business Club.

This year the staff of Toyon has attempted to follow standards set by previous issues of the magazine, while including as many writers as possible. As the staff has put it, "The purpose of Toyon is to create original literary interest by providing a media of publication."

This year's edition contains slightly more poetry, and the short stories are generally shorter than last year's. According to its editor, Janice Williams, there is a critical essay which promises to be interesting to all its readers. There is also an interesting attempt, in the satire "Button, Button," at minimizing punctuation and capitalization, a modern trend, she added.

## Spring Concert By Band Set Sunday, 3:30 p. m.

The spring concert program by the band, consisting of popular and classical music, will be held in the Men's Gym Sunday at 3:30 p. m., directed by Dr. David Smith. Kieth Anderson and Joseph Chapelle, student conductors, will conduct the band in several of the selections to be played.

The program includes:

"Carnival of Melody" consisting of "Blue Moon," "Singing in the Rain," "Moonlight Serenade," "Hi-Lili, Hi-Lo," and "Love is a Many Splendored Thing."

Symphonic Wind Ensemble: "The Marriage of Figaro," Symphony No. 6, "Pathetique,"

Tschaikowsky; movements "Allegro Con Grazia," and "Adagio Lamentoso" (Finale).

The one hundred voice combined chorus and a capella choir from Arcata Union High School singing "Jesu, Joy of Men's Desiring" with the band, and will also be on the program.

# ARCHIMÉDES

makes another great discovery...

## It's what's up front that counts

You can reproduce the experiment. It's easy as  $\pi$ . (Yes, you can do it in the bathtub.) Assuming that you have first visited your friendly tobacconist, simply light your first Winston and smoke it. Reasoning backwards, the discovery proceeds as follows: first, you will notice a delightful flavor, in the class of fresh coffee or of bread baking. Obviously, such

flavor cannot come from the filter. Therefore, it's what's up front that counts: Winston's Filter-Blend. The tobaccos are selected for flavor and mildness, then *specially processed for filter smoking*. This extra step is the real difference between Winston and all other filter cigarettes. Besides, it's why Winston is America's best-selling filter cigarette.

"Eureka! Winston tastes good... like a cigarette should!"

R. J. REYNOLDS TOBACCO CO., WINSTON-SALEM, N.C.

# HUMBOLDT SNAPS SEVEN CINDER RECORDS

## Tracksters Dump Aggies 81-50 To Take 4th Straight

Humboldt State's surprising track forces dropped the Cal Aggies thinclads last Saturday 81-50 while breaking seven records, including three new school marks and four new Redwood Bowl records.

Led by the efforts of field men Bill Hook, Roger Biffle and Vester Flanagan the Lumberjacks completely dominated the sprints, weight events and jumping events.

Hook's toss of 154'8" blasted both the Redwood Bowl mark and the school record in the discus. The distance placed him seventh of all Pacific Coast collegiate athletes.

Biffle promoted the biggest surprise of the afternoon when he sailed 14'3" to set new school and stadium records and placed sixth on the list of Pacific Coast bests. The junior vaulter just missed on a 14'6" attempt.

Flanagan posted the major upset of the day when he slipped by highly touted Steve Russell. The Humboldt sophomore threw the javelin for two new records and just beat Russell by a little more than a scant foot. The record toss was 188'2 3/4".

Hook also won his shot put event with a new bowl mark of 48' 10 1/2".

Humboldt swept the high jump with Bill Crichton, Jim Christiansen and Don Black copping the honors. Crichton's winning jump of 6'2" was just one-half inch short of tying the stadium record.

Perhaps the most astonishing performance of the day was the Mustang's Pete Darnell's triple win. The hard-running Davis runner scored wins in the 880, mile and two mile runs. Although none of the times were records, the feat is seldom tried, let alone accomplished.

Two freshman standouts, Frank Alden and Keith Weidkamp were helpful to the Jack cause. Weidkamp grabbed the 440-yard win with a time of :49.9, just three tenths of a second off the stadium record. Alden performed brilliantly, placing second in the 100, 200 and broad jump.

The meet also marked the return of speed merchant Manuel Vasquez and middle distance runner Marshall Stevens. Both performed well and did not show any bad

## Golf Team Enters Four-Way Match At Chico Tomorrow

This Saturday, HSC will once again attend a golf tournament.

Tomorrow, at 10 a. m., HSC will participate in a golf tournament on the Bidwell Golf Course in Chico. Three other colleges besides HSC will compete— Nevada State, Sacramento State, and Chico State—for top honors.

## Grade Point Needed For Fall Activities

The Student Executive Council voted unanimously in two separate motions that in the future those persons wishing to try out for the positions of yell leader must have a cumulative grade point average of 2.0.

The persons taking the office of cheerleader in the fall of 1959 must have a cumulative grade point of 2.0 or forfeit their office.

Further, persons applying for, or accepting major chairmanships on campus must have a 2.0 cumulative grade point. The council determines what consists of a major chairmanship.

effects from previous muscle injuries.

Vasquez won the hundred at 10.0 and Stevens placed second in the 400 and ran a strong leg on the Humboldt State winning mile relay team.

### TRACK EVENTS

100 Yd. Dash—Vasquez (HSC); Alden (HSC); 3rd tie: Fellner (CA), Valprido (CA)—:10.0.  
220 Yd. Dash—Fellner (CA); Alden (HSC); Wilson (CA)—:49.9

\*New Field Record.

## 'Jack Track Team To Chico For Dual Meet With 'Cats

Humboldt State's four time victorious track team travels to Chico this afternoon for a dual meet with the winless Chico State cinder forces tomorrow afternoon beginning at 1 o'clock.

Coach Bob Doornink will take with him a full squad of thinclads, who have marked Humboldt's strongest track performance in many years, in quest of the Hilltopper's fifth straight dual meet win of the season.

Holding a previous decision over the Cats in a triangular meet that was also scored on a dual meet basis, Humboldt now gets a crack at Chico, with last year's Far Western Conference champs all alone.

On paper, it looks like another Humboldt win, but as all athletics go, so do upsets, and expected wins. However, Doornink's cinder crew is in perfect health with no members on the injury list and may be up to their strongest effort of the season.

Many duels are expected. Vasquez will face John Hammond in the sprints along with Frank Alden. Should Keith Weidkamp enter both the 220 and 540, Humboldt may have a strong showing in those events. Marshall Stevens will be a choice for a strong second in the latter race.

Humboldt's vastly improving Ray Stanley may get his first collegiate win in the 880. Last week he was timed in a 2:02.2.

The best competition will probably be offered to the Jacks new school and Redwood Bowl record holder Vester Flanagan in the javelin. The sophomore thrower has added 23 feet to his best throw so far this year but needs an additional 14 feet to overcome Clyde Bryan's heave of 195 feet last week. The Chico star was overshadowed by the performance of

Dave Zenor of Sacramento State who bettered his distance by over two feet.

Humboldt's broad jumping duo of Alden and Loren August are faced with Doug Johnson who has a leap of 23 feet 1 1/2 inches to his credit. In the hurdles and distances the Chico men are strong. They have Chuck Sheley in the highs and lows and Doug Gittens in the mile and two-mile.

After Saturday's meet, Humboldt is faced with its major task of the year, beating Sacramento State's Hornets. The Hornets are regarded as potential Far Western Conference champs and have lost only two meets since the season opened. Both of these were to non-conference schools.

In conference action they have drubbed every foe that they have met and appear to be very strong in just about every department.

## What's What

- Just This and That -

by Hugh Clark

The dedication of this week's column to this and that is usual when we can't think of a darn thing to say and we are just floundering around, especially after getting our fingers, or rather our hands, slapped real hard after last week's issue.

Seems that we were misinformed. Frank doesn't have the Lumberjack axe hanging over his bed, in fact, he says he doesn't know anything concerning the whereabouts of the missing axe.

Just the same, we would like to see it returned. For one reason, the thieves who took it said it would be returned after Easter vacation if no one found it and for another we would like to see some of the new students have a chance to see it before the semester is over.

After discussing the new "Lumberjack Track and Field Carnival" with a number of Humboldt students, can't see why the affair won't be one of the biggest annual athletic events in the future years of the Hilltop campus.

Many of the college's avid cinder fans approve wholeheartedly of the move that Humboldt made about three weeks ago to promote better and more track for the local high schools in the area.

The opportunity for Humboldt's many physical education majors to get into the act as officials, helpers and organizing the gigantic meet will be truly great. The opportunity for Humboldt students to view some of the best track in the north state will also be good.

But actually, it's truly a great opportunity for everyone to get his finger in the pie. Under the theme and idea of carnival includes every single interested person on campus.

Booths, entertainment, etc., will be wide-open for HSC's many service clubs, social and living fraternities. The initial steps have been taken to give Humboldt another activity to add to its growing slate of fine plans for its students. It is now up to the students to pull together and support the "Lumberjack Track and Field Carnival."

# 'Jacks, Chico Split Pair

## Junior Jacks Lose To Saint Bernards, 10-9

The St. Bernard's Crusaders beat the Junior Jacks 10-9 last Friday night in Eureka.

The Junior Jacks scored in the first, but the Crusaders came back with four runs in their half of the inning. In the third inning the Jacks tied it up on two walks, a hit batsman, an error, and a single by Gil McIntyre.

In the fourth the Jacks pulled ahead 6-4 on a double by Dick Maynard, a single by Jim Walker, and Bob Gay's triple. The Crusaders then came back with two runs in their half of the fourth to tie it up.

Both teams came up with a run in the fifth. In the sixth the Junior Jacks scored twice and pulled ahead 9-7. But it was a short-lived lead as St. Bernard's scored three runs in the last of the seventh to win 10-9.

Tom Burger was the winning pitcher as he allowed 11 hits, struck out three and walked six. For the Junior Jacks, Jim Walker was the loser.

## Leads Humboldt Golf Team

Chuck Blackburn has led the 1959 edition of the Humboldt State golf team by taking medalist honors in every match so far this year. In a non-collegiate effort against the Bayside Country Club the Jack linesman also grabbed the high individual honors. Last week at Ukiah, Blackburn paced HSC to win over Cal Aggies.

## Lumberjack Tennis Team Opens '59 Season With Two Losses And Win

By DENNIS GIUNTINI

Humboldt State's tennis team lost to Chico State 6-1 last Friday and then took two wins Saturday over Nevada 4-3 and the Cal Aggies 6-1.

Chico's Jim Bryant defeated Humboldt's Art Dalianes 6-0, 6-4. Jack Geary of Humboldt beat Bob Newell 4-6, 6-4, 6-2 for the Lumberjack's only win. Gary Peterson lost to Al Davis of Chico 2-6, 7-6. Paul Zinselmair lost to Ron Taylor of Chico 3-6, 3-6, and Bruce Paige lost to Dick McBrayer 1-6, 4-6, and Jim Darling lost to Bob Young of Chico 3-6, 2-6.

In the doubles matches Dalianes and Geary of Humboldt lost to Bryant and Davis 2-6, 4-6 and

Peterson and Jim Darling lost to John French and Kevin Gagat of Chico 6-4, 5-7 and 4-6.

Against Nevada, Geary opened with a 6-4, 6-2 win over Pete Evezich. Dalianes beat Rich Brown of Nevada 6-3, 6-0.

Nevada took the doubles as Dalianes and Darling lost to Evezich and Brown of Nevada 3-6, 3-6, and Zinselmair and Paige lost to Randall and Gray 6-4, 10-12, and 7-9.

Against the Cal Aggies, Geary defeated Mike de Vengoechea 6-4, 6-3. Dalianes topped Gary Wilson 6-1, 6-0. In the third match, Ron Dick of the Cal Aggies beat Gary Peterson 7-5, 7-5. In the other singles matches, Paige, H, defeated McCormac, CA, 7-9, 6-4, 11-9, and Jim Darling beat Gerald McGowan 6-2, 6-2.

In the doubles, Geary and Dalianes of HSC edged Wilson and de Vengoechea of the Cal Aggies 6-1, 7-5, and Peterson and Zinselmair of HSC beat McGowan and Dick of the Cal Aggies 4-6, 6-3, and 6-1.

## HSC Drops 3-2 Extra Inning Opener; Win Nightcap 7-2

By BOB McCORD

Humboldt State's Lumberjacks split a doubleheader with the Chico State Wildcats to open their Far Western Conference baseball play. They lost the opener in 11 innings, 3-2, but came back to win the nightcap 7-2.

Humboldt outthit Chico in the first game, but Chico pitcher Bruce Grieve struck out 14 Lumberjacks to keep himself out of trouble. The Lumberjacks started the scoring in the first when Joe Beeson led off with a triple and then scored on Ike Peterson's single.

Chico tied it in the third on a fielder's choice and a single by Frank Enos. Both clubs were held scoreless from then until the 11th when Chico scored twice on a hit batsman, a sacrifice, a walk, a single by Gary Engelken, and a sacrifice fly.

Humboldt almost tied it in their half of the inning when Bill Perry singled and Alva Kinney drove a drive to deep center for a triple scoring Perry. They couldn't bring the tying run across though.

In the nightcap the Jacks scored a run in the fifth after Chico had spiked the plate in the third. Three runs in the sixth put the game away for the Lumberjacks when they put together four walks, Dennis Pontoni's single and a triple by Bill Matson.

is the job of the treasurer. He has a vote on the Executive Council and is responsible to give financial advice to all on campus organizations.

### Five Commissioners Elected

The award commissioner presents all names of organizations and individuals eligible for awards to the Executive Council which acts as a board of approval. He also cooperates with the assemblies commissioner in planning award assemblies.

The assemblies commissioner plans and heads all ASB assemblies.

The rally commissioner has the job of organizing all rallies and decorating the field during football season. Planning for half-time activities is another responsibility.

The organizations commissioner has a twofold job, in that he attend Executive Council meetings as well as chairing the ICS meetings. He acts as an intermediary between the two councils.

The publicity and publications commissioner acts as the representative of all student publications to the council. Generally, he is closely affiliated with publications. He is also responsible for seeing that council decisions are published in the newspapers.

All of the five commissioners are voting members of the Exe-

## Humboldt Art Graduate Heads EHS Department

Floyd Bettiga, a well known graduate of Humboldt State, was recently appointed head of the Art department of Eureka Senior High School. He will replace Mrs. Agnes Borg who is retiring.

Mr. Bettiga is a 1954 graduate of Humboldt. He did a year of graduate work here in 1955, and is now employed in the Art department of George Jacobs Junior High School in Eureka.

cutive Council. The Council acts as the governing board of the ASB, holding office for a full term.

The constitution reads that "Any student who will be absent during the elections period and who desires to vote, will register with a member of the Executive Council not less than four school days before the election. It will be the duty of the Executive Council to draw up special absentee ballots and distribute them to the registered absentee voters. The absentee ballot will be essentially the same as the regular ballot except that there will be printed at the top 'ABSENTEE BALLOT ONLY'. The absentee voter's signature shall be placed on the ballot. After absentee voting has taken place, each voter will seal his vote in an envelope and place it in a locked ballot box set up for that purpose."

## Babcock Wins First Place Award In National Photography Contest

Neil Babcock, senior forestry major, received first place honors in national photo competition, according to Thomas Knight, assistant professor of art. Babcock receiving top ranking in the pictorial division of the 14th Annual Association of College Unions Picture Competition sponsored by Kappa Alpha Mu, national photo-journalism fraternity, the National Press Photographers Association, and Life magazine.

His winning photo, "Texture and Line," a driftwood study shot on the Mad River beach, won out of a field of 158 entries from 41 colleges and universities.

Babcock, when asked if he were surprised when he was notified of his winning, replied, "Quite; I thought it was another advertisement in the mailbox."

### Beginning Photographer

Interestingly enough, Babcock is a beginning photography student, and shot his prize winner with an ordinary camera, using average developing and printing techniques. To cap it off, the contest was the first that Babcock had ever entered. As a prize, he will receive a set of Encyclopaedia Britannica.

Also in the pictorial division, Dave Madewin won honorable mention with his entry of "Design," and in the show classification were Bob Jones, senior for-

estry major, with "Window" and Bruce Brinkman with "Pacific Waves."

In the show classification of the feature division, out of 147 entries, were Bob Jones with "The Jump" and Joseph Makahaloa, with "Contemplation."

Prof. Knight stated that both beginning and advanced students entered the nation contest, which was judged by professional photo-journalism editors.

## Art Students To Journey To Noyo This Weekend

Melvin Schuler, associate professor of art, and a group of art students will leave tomorrow for a weekend of painting at Noyo, just south of Fort Bragg. They will spend the weekend painting scenes of the picturesque Noyo harbor and will stay at the Casa del Noyo.

## Campus Spotlight

By BONNIE

Hello again:

A big congrats from DALY'S and myself to the new song queens Joan McDowell, Mary Lou Robertson, Pat VanDeventer, Donna Heckman and Pat Mayer; and the new cheerleaders, Donna Cleveland, Frank Chester, Reuben Segura and Muriel Armstrong.

Rumor has it that FRANK is President of the Ricky Nelson Fan Club. Anyone interested please leave a note in box 209. Meetings are held from 7 to 12 p. m. on Saturday nights at Williams Camp. Frank encourages membership, as he is the sole member of the organization.

\* \* \*

Don't forget to stop in and see DALY'S new Swim Suit Shop, right across from Millinery on the 2nd floor. It just opened last Monday and includes such glamour Swim Suits as Catalina, Rose Marie Reil, Jantzen, White Stag and the new Kamehameha.

\* \* \*

Spring has sprung, the little birds chirpeth merrily in the giant redwoods, and ye gods; the fraternity boys are wearing Bermuda shorts! Really guys, all us gals do appreciate a well-turned ankle now and then. We're all for this Bermuda bazazz for the fellas.

\* \* \*

What's this about the P. E. majors' unauthorized gambling in the Women's Gym? Indulging in a little "Slap Jack", eh gals?

\* \* \*

Loud and long are the weeping and wailings from Nelson Hall due to the loss of the over-worked TV set. A fervent plea to the delinquent borrower... "Return it, please? I miss Maverick!"

\* \* \*

Brand new White Stag news... DALY'S Sportswear just received a brand new shipment of Wash 'n Wear White Stag Printed Shirt-Blouses, sleeveless or with roll-up short sleeves. The tab on the convertible stand out collar can be buttoned over or left open. The printed Jamaica shorts are made to match, and make an adorable outfit!

Also White Stag has sent DALY'S the new coordinating Cameo Plaids in beige and white, blue and green, and red and pink. This includes the sleeveless with roll-up sleeve (\$4.95) in plaid or solid color, a full skirt (\$8.95) tapered Pedal Pusher, and Capri Pants... all to match! Stop in DALY'S tonight and see these wonderful coordinating outfits.

\* \* \*

Once more it's time to close, but will be back again in two weeks with more news and views on campus.

\* \* \*

REMEMBER:  
DALY'S is open tonight till nine o'clock.
