Student Recital
and
Fashion Show

Avant Garde Play Next Major HSC Production

By KAY MORRISON

Humboldt State's drama department will present "Waiting for Godot" by Samuel Beckett on February 27 and 28 in the main auditorium. The plot concerns two derelict hoboes lost in a limbo of timelessness and spacelessness, who wait for a mystical figure called Godot. They pass the time with song, dance, and talk. A master and his slave appear, but Godot never arrives.

First Annual Student Recital Sunday Night

Mu Epsilon Psi music honorary will present eight upper division music majors in the first annual student recital in the Music Building on Sunday at 8 p. m. The public is invited and there is no charge for admission.

Presented will be Judy Packard, junior, Vancouver, Wash., pianist, playing Sonata in F, Mozart, and Nocturne No. 1, Chopin; Iris Osborne, senior, Trinidad, bassoon, playing Three Themes from Franz Schubert arr. by Isaac; Jeanette Dick, senior, Healdsburg, singing Se Tu M'Ami, Peroglesi, O'Cesate d Piagarmi, Searlatti, and Chanson des Amours, Jean.

Keith Anderson, senior, Arcata, Clarinet Concerto, Mozart; Joe Chappelle, senior, Daytona Beach, Fla., trombone, Grand Concerto, Ferde Grofe; Barbara Souigny, junior, Arcata, pianist, Venetian Boat Song and Song Without Words, Mendelssohn; Mrs. Claudine West, junior, Miranda, singing Come Sweet Death, J. S. Bach, Impatience, Schubert, and Mi Chiamana Mimi from Puccini's opera La Boheme; and Vernon Ludwick, Eureka, violinist, Sonata I, George Frederick Handel.

Mu Epsilon Psi will preside over an informal reception for the students, at which refreshments will be served.

The cast includes Bill Livingston as Estragon, the more earthy of the hoboes; Paul Connor as Vladimir, the more philosophical of the two; Stan Brandenburg as Pozzo, the slave. Johnny Corbett, a youngster making his first appearance in college drama, will play The Boy. John Brandenburg is also a newcomer to HSC drama, while Connors, Livingston, and Stan Brandenburg have appeared in previous productions.

Dr. Jerry Turner, director of "Waiting for Godot," states "The play is not dull, and its final meaning cannot be expressed except in terms of produced theater. In spite of its obscurities it has a power to hold audiences. This was proved conclusively by three professional productions in America, not to mention its overwhelming popularity in Europe. It is significant that the San Francisco Actor's Workshop chose 'Waiting for Godot' as the play they should take to the Brussels World Fair last year. The warm reception they were given is a tribute to the power of the play as well as to the excellence of the company, and it proves that good theater is universal and can cut across languages, cultures, religions and politics."

Dr. Turner further states, "Waiting for Godot" is not completely intellectual exercise, capable of being understood by only a mere handful of Ph. D.'s.

The teen-age ushers at the New York performances had no difficulty understanding it. For them it was crystal clear. It is equally

Fish Hatchery Program Offers Precise, Interesting Study

by DAVID MAXON

In the fall of 1957, the new Wildlife and Fisheries building was dedicated and at that time a shipment of rainbow trout was received from the State Fish Hatchery at Gasquet. You may have noticed them in the large oval pool just inside the hatchery fence directly across the street from the Baptist Church. Stroll by at dusk and you'll see them breaking the surface in glistening jumps.

These fish, together with a batch of yearling Cut Throat Trout from the Mount Shasta hatchery, form a nucleus known as the brood stock. Thirty-two females of the two-year-old Rainbow batch were specially selected and have yielded 61,000 eggs to date. These were fertilized by twelve males, also specially selected for large size and vigor. An interesting and unusual fact is that the Mount Shasta Cut-throat are being spawned at the age of only one year. The normal spawning age of wild cut-throat trout is three years, and that of the average hatchery raised fish is two years. The probable cause for this precociousness is the relatively high water temperatures which prevailed last summer with recorded temperatures close to 70 degrees Fahrenheit.

Sixteen female Cut-throats of the Mount Shasta stock yielded 11,128 eggs. This close estimate of the number of eggs spawned was determined by counting the actual number in one ounce of eggs, then multiplying by the total number of ounces.

50,000 Kokanee salmon (a land-locked sockeye salmon) alevins are now growing in the rearing troughs inside the hatchery building. In another week their yolk sacs will have been absorbed and they will then be known as fry or fingerlings. They were received as fertilized eggs several weeks ago from Washington. The periods of growth are about five to six weeks in the egg stage, two and a half weeks to absorb

(Continued on Page 3)

Pre-Lent Dance Tomorrow Night Following Game

Mardi Gras, the traditional pre-Lent dance sponsored by the Newman Club, will be held tomorrow night in the Women's Gym following the HSC-Gonzaga game. The Melodiers will play for the gala dance. Dancing will be till 1 a. m.

Costumes are optional, but the club urges that they be worn. Prizes for the best costumes will be awarded.

Competing for King and Queen of the Mardi Gras are Prof. Gordon Schroeder, Prof. Charles Fulkerson, Mrs. Evelyn McCurdy and Mrs. Kathy Goetz. The King and Queen will be announced during the intermission by William Jackson, Newman Club adviser. Costume prizes will also be awarded at this time. Balloting for Mardi Gras royalty will be from 9 a. m. till 3 p. m. today in the foyer of the Administration Building.

One of the highlights of the evening will be the Balloon Drop. Balloons will be dropped from a net and one will contain a slip of paper denoting the prize-winning balloon.

The gym will be decorated with multicolor crepe paper and many painted masks, according to Sandy Lawrence, decoration committee chairman.

There will be no pre-sale of tickets this year. Admission is 75 cents stag and \$1.25 for couples. Basketball players of both the HSC and Gonzaga teams will be issued complimentary tickets.

Kathy Katri and Bob Giuntoli are co-chairmen of the dance, and their committee includes Jack Schillpeck, cleanup; Sandy Lawrence, Mary Jean Campbell and Cathy Cahill, decorations; Susanne Banducci, tickets; Gary Timmons, king and queen contest; Loretta Finan, band; Jerry Gould and Ruben Segura, publicity.

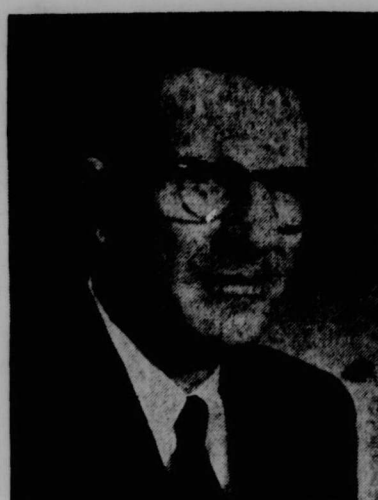

Famed Monologist Here Tuesday For Major Assembly

Dorothy Crawford, world famed monologist, will appear Tuesday at 2 p. m. in the main auditorium. This is the second of the year's major assembly programs. It was originally announced as scheduled for Wednesday.

Miss Crawford has earned wide recognition as one of the most outstanding exponents of the "one-woman theater." She does brilliant character sketches of people of the stage, and her sketches are taken from her observations of real life.

One of her most popular characters is "Rosa of San Francisco's Fisherman's Wharf," and has been drawn with her prototype's knowledge and collaboration. Miss Crawford also does a monologue on the typical American Family, which is based on the comings and goings of her large family of nieces and nephews.

New sketches this year include "House for Sale," a long monodrama in which the owner, as she shows her lovely old house to a prospective buyer, flashes back to episodes interwoven with it, compiling a full dramatic life for both herself and the house. Another new sketch is "Jeanne," which concerns the activities of a French hotel maid.

DR. STANLEY SPAID

New Aspects Of Revolution At Faculty Forum

Dr. Stanley S. Spaid, professor of history, will be the speaker for the February Faculty Forum. Dr. Spaid will be speaking on "New Interpretations of the American Revolution." The forum will be held on Feb. 19, at 8 p. m., in the Science Building Lecture Hall.

Dr. Spaid will speak on some interesting aspects of the Revolution and give his views concerning the reasons behind the colonies' break from England. He will explore a number of pertinent questions. Among these will be "Was the Revolution essentially a conservative movement?" Dr. Spaid will discuss the internal revolution of the colonies as well as the separation from the mother colonies.

Dr. Spaid began his college career at Idaho State College and received his B. A. degree from the University of Idaho. He also received his M. A. degree from the University of Idaho, and his Ph.D. degree was obtained from the University of Oregon. Dr. Spaid has done graduate work at the University of Wisconsin and the University of Michigan. He has been teaching at Humboldt State College since the fall of 1949.

Admission to the forum is free. Refreshments will be served following Dr. Spaid's talk.

Call Out For Student Help On One-Acts

"Look, ma, I'm an actor."

These will be the words of 12 people who will soon be cast for three forthcoming one-act plays. Cast lists will be out the beginning of next week. Tryouts were held yesterday and Wednesday in the College Auditorium.

The plays will be directed by two undergraduates and one graduate student. Directors are Lloyd Crisp, Lee Mitchell and John Rawlinson.

All students who are interested in participating in the production of these plays are urged to contact one of the directors. Student help is needed in the prompting, make-up, set construction, stage hands, publicity, and other aspects of production.

The performances will be during the first two weeks of March in the college auditorium. No admission will be charged.

'Spring Fancy' AWS Fashion Show Theme

"Spring Fancy," enlightening theme of the Associated Women Students annual spring fashion show, will be held in the College Elementary School auditorium at 8 p. m. Thursday. All fashions will be furnished by Daly's, with Helen Cunnison, advertising director of the store, as commentator.

The admission price is 25 cents and the proceeds will be used for the benefit fund of the Associated Women Students here on campus.

Modeling many of the new looks for spring in sportswear, dresses, sleepwear and other fashionable clothing, are ten lovely HSC co-eds, including Lois Gardenhier, Barbara Wilber, Mary Ann Regan, Judy Ferguson, Glendyne Baldwin, Marilee Ammer, Jo Anne Ferguson, Elivera Ryerson, Susan Runyan and Pat Hodges.

The committee includes Mrs. W. R. (Barbara) Wilber and Glendyne Gladwin, co-chairmen; Ruth Hayden, publicity; Linda Sarboe, decorations.

The special door prize will consist of a \$65 spring outfit, courtesy of Daly's. A wardrobe of beautiful lingerie, nylon slip, spring shoes, purse, a lovely hat and loveliest of all, a feminine R&K spring dress. The brilliant finale of the show will feature an exquisite bridal scene with bride exclusives from Daly's bridal salon.

Spring Staff Announced For Lumberjack

The staff of the Lumberjack has been reorganized for spring semester, with Diane Anderson, senior speech major, continuing as editor-in-chief.

Carmen Schuler has been appointed business manager. Ralph Johnson is head photographer. Hugh Clark, who took over as sports editor in January, continues to head the sports staff.

Bonnie Montgomery and Kay Morrison have been named assistant editors.

Other staff members are David Maxon, who will cover wildlife, fisheries and forestry activities as well as revive the popular Fin and Fur column; Joe Wehner, Bob McCord, Dennis Guintini, and Sandy Zunino, sports and physical education writers; Art Dalianes, student government; Gerald Marquette, music, art, industrial arts, and home economics; Sandra Brouse, speech, forensics, and radio; Margie Tupper, drama; Pat Baker, registrar and business office. Miss Morrison will continue coverage of planned events and the dean of students office and Miss Montgomery will cover news of education departments and College Elementary School. Additional staff members are Roger Werts, Pattie Lower and Margie Tupper.

Larry West continues as columnist.

Writers, ad salesmen, and photographers still are needed and can join the staff by registering for journalism 27 or 127, section 1, journalism lab, which meets Tuesday and Thursday at 9 a. m.

By PAT BAKER

To: G. R. Spelvin From G. H. Siemens, office of the president. Re: article in last week's Lumberjack concerning registration. Just a word to say I enjoyed your Lumberjack article! Your vivid description of registration brings back memories of similar occasions 10-20-30-etc. years ago. Some things don't change much! Hope to see you formally, on May 31st.

Want to hear some interesting facts... Over 3 million Americans are enrolled in college. However, only one out of 30 will actually complete four years of college work and receive their degree. A national survey has shown that about one half of the freshmen class is lost by the beginning of the second semester... lost in the shuffle of finding residence cards and figuring out course requirements... or who to see about such requirements?

San Jose State's feature magazine, the Lyke, ran into trouble only two hours after it reached the stands last week. Seems the journalism faculty objected to a picture accompanying a story entitled "A Canvas, A Brush, A Love Affair." The picture... a sketch of a nude woman from the waist up. A few of the copies managed to be sold before the staff made a hasty retreat.

One member of the desk force who will remain nameless upon request, was almost finished typing a letter... and the end of a busy day. The phone was ringing... so she answered it... "Sincerely yours", she enthusiastically began the conversation.

The Jazz Club has done it again! It wasn't too long ago that they brought top-flight talent to the campus in the person of the Virgil Gonsalves Sextet. And now, Stan Kenton! Have you bought your tickets for Feb. 25, at 8:30 p.m.? They are only \$1.75... or \$2.25 if you want reserved seats. The concert will be held in the Women's Gym... sounds pretty good!

About this time every year the March of Dimes asks for a contribution... any amount. The money goes toward research and treatment of all muscular and crippling diseases. While no college student is extremely rich... especially at this time of year, any amount given will be greatly appreciated. Research has made huge strides in the cure of such infirmities as polio... but, they still need help.

If you think you are an actress, why don't you contact Mrs. Evelyn McCurdy and try out for the oral interpretation contest? The contest will be held next Tuesday... 3:30 p.m. Room 203 in the Administration Building. You may win money... spelled m-o-n-e-y... \$5 or \$10 as prizes.

Inquiring Reporter

This week's question: "IF YOU WERE THE FIRST PERSON TO REACH THE MOON, WHAT WOULD YOU DO WHEN YOU GOT THERE?"

Josephine Fagundes, Jr., Elem. Ed.—"Come right back to HSC so I wouldn't miss any classes."

Carl Struby, Soph., P. E.—"Look for moon women!"

Sandra Crooks, Frosh, Elem. Ed.—"Look for the man in the moon."

Bill Livingston, Soph, Speech and Drama—"Claim it for the U. S. before Walt Disney claimed it."

Suzanne Banducci, Frosh, Bus. Ed.—"Have a party!"

Gary Goble, Jr., History—"Gossip and then go home."

Loretta Finan, Frosh, Language Arts—"Look for a place to eat."

Lee Mitchell, Speech and Drama—"Get Mickey and Minnie out of my pocket and let them start chewing up the cheese."

Donna Thompson, Frosh, Pre-Nursing—"See how high I could jump."

Ed Spencer, English—"Discover the Russians were there first."

Ruben Segura, Frosh, Bus. Ed.—"Look for senioritas, what else?"

Art Dalaines, Jr. Psych—"Look for a tennis court!"

Speech Consultant Is Special Guest

Mrs. Agnes M. Frye, one of two noted consultants in speech correction and lip reading, Bureau of Education, in Sacramento, spoke to Mrs. Evelyn McCurdy's Voice and Diction class on Wednesday in the Radio hut. This class was one of many in which Mrs. Frye spoke on "Speech Therapy in Action."

Mrs. Frye circulated pictures of actual classes in special speech which are to be used for a Los Angeles bulletin, to be printed soon, and passed out many revised work sheets in Choric Speech. Mrs. Frye's lecture consisted of explaining the "do's and don'ts" of speech therapy, and the qualifications of a specialized therapy teacher.

ARCATA EUREKA

Editor's Mailbox

Dear Editor,
I want to congratulate you and the various staff members upon the excellence of the "Lumberjack," which elicited the fine letter from Mr. Turnbull of the Inglewood Daily News.

That letter reminded me that I was one of the weekly readers of the "Lumberjack" who take the paper for granted, and who think very little about the thinking and hard work that goes into its production. May I, at least on my own behalf—if not on behalf of other inarticulate souls, express to you my own appreciation for the effect you give to putting out such an interesting paper. I'm sure that you have no way of measuring the effect it has on the morale of the college.

I would appreciate it if you would transmit my personal appreciation to those associated with you in the publication of the "Lumberjack."

Lawrence E. Turner
Very sincerely,

Arcata, California

Marine Candidates Sought Next Week

Opportunities for officer commissions in the United States Marine Corps will be outlined for interested students next Monday, Tuesday and Wednesday in the corridor of the Administration building. Explanations and interviews will be conducted by Major William G. Crocker and Captain Richard C. Schulze, USMC.

Training for qualified freshmen, sophomores, and juniors is conducted under the Platoon Leaders Class, and leads to a commission and advanced training as an aviation or field officer when the bachelor's degree has been earned.

Also offered by the Marine Corps is the Officer Candidate Course and the Aviation Officer Candidate Course for senior students. College graduates may also apply for a commission under either the OCC or AOCC program.

Training is conducted during the summer at two six-week instruction periods at Quantico, Virginia, with beginning flight training held at Pensacola, Florida.

Graduation from college is required before the candidate may be commissioned, but no military classes or drills are necessary during the school year.

Sid Fauerbach New Fraternity Head

Sid Fauerbach was elected president of Delta Kappa Chapter, Delta Sigma Phi, recently, with Ralph Perry as vice president, Mike Berry as secretary, Dick Wild, treasurer and Frank Carrol, sergeant-at-arms.

Fauerbach has been historian and editor for the fraternity, and has been active in ICS, Board of Control, Rally, and Picnic. He is currently president of Alpha Phi Gamma, journalism honorary.

Perry, wildlife major from Los Angeles, was social chairman of the fraternity last semester.

Berry has been active in Circle K and has been scholarship chairman of the fraternity.

The System...

By Larry West

As I sat on the steps in contemplation last week I was shocked... yes, friends, SHOCKED to see the number of unfortunates stumbling out of the old building with the footprint of our ever-lovin' staff firmly planted on their... duffs. 'Tis a sad thing, my friends, to see this happen... but, it should teach one and all that you can't get by without a system. Oh-ho you say... A SYSTEM? Righto, chappie... just follow down the page and you can learn how to slip to the keg for a brew between classes, how, you too, can spend every waking hour with a chick on the string and one in the bag (so to speak), and still end up with a 3.576 average at the end of every semester.

There are actually two systems and the shining example of the first is Dick Dudley, but we all can't marry Martha... so there is naught left for the rest of us, but to go out and hunt and dig and plead and beg until that bright day when we pledge a FRATERNITY (or sorority). Ahhhh, what ecstasy... a pledge at last! NOW WE HAVE INSIDE INFORMATION ON THE SYSTEM. Not only that, there are girls and parties and girls and parties and fellowship, and comradeship, and friendship, and functions... OH YES... many, many functions... and do we FUNCTION, well you better believe it, man, we're gone... what I mean, out to lunch and all that jazz... see ya later, what I mean.

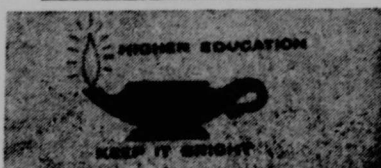

Being a frat man myself (ZETA DATA THETA) I feel that I am fully qualified to divulge to you (the inferior populace at large) the secrets of the system. The system is basically this... a device by which the student gets to spend fadder's money, whilst living it up with the chicks, under the pretense of attending an institution of higher learning. To do this the student bands together with other students with the same motive (hence frats) in a colony dedicated to outguessing the profs. The next step is for the colony to choose two of its brighter individuals to attend classes. The usual procedure is for specimens with the same major to band together. Thus, we find a whole colony of specimens majoring in teaching teachers how to teach... (this of course becomes rather difficult where there is no subject matter to teach the teachers to teach... however, the important thing is to teach the teacher, and whether the teacher ever learns anything to teach is purely secondary).

The colony then sends the specimen to ferret out the instructor... the specimen attends all classes and on the day before tests "all nighters" are held (these are difference from "all nighters" held at other times in the year) and the specimen instructs the colony in the events of the previous lectures... the colony then makes the trek to class at the appointed hour and everybody gets a C... except the specimen

who makes all of this possible and he gets an A, keeping the average of the colony up so that they can keep on functioning. Thus, the circle continues... through the years the colony builds up a file of notes and tests, and soon budgets are big enough to permit pay-offs to the profs... and thusly the American College Culture spawns something unique in the annals of education... "THE SYSTEM."

EVENING REGISTRATION

A special evening registration for the convenience of limited students who cannot come to the campus during the day will be held Monday from 6 to 7:30 p. m. The registration will be held in the Administration Building. This deadline does not apply to students who plan to enroll exclusively in the extension classes.

Fish Hatchery

(CONTINUED FROM PAGE 1)
the yolk sac while lying at the bottom of the troughs.

The potential egg yield of the Shasta Cut-throat stock is 150,000 fingerlings, but since they grow at the rate of one-half inch per month during the summer and when mature eat great quantities of ground liver and fish, it is sound economics to limit the number of eggs taken. Detailed studies have been made to determine the optimum age for planting, with cost being balanced against the expected mortality for any given age group.

King Salmon are also being raised from a batch of eggs spawned at the Green River in Washington. These, as well as the other species of salmon and trout will be released as fingerlings in Maple Creek, Big Lagoon, and other streams in the area. The totals planted since the new hatchery began are impressive: 42,300 King Salmon; 21,000 Silver Salmon; 49,500 Steelhead; and 47,000 Cut-throat Trout. The ancient hatchery behind the present Field House turned out its quota for many years on a more or less trial basis, but that is a story of another epoch.

Conditions in the hatchery have turned out to be ideal and the high survival rate, as well as the excellent condition of the fish produced, reflect this. The re-circulating system in lieu of a constant fresh water supply has turned out to be very acceptable.

Dr. Ernest Salo is the hatchery co-ordinator with graduate students Ken Johnson and Ron Pine holding the superintendents' jobs. Another graduate student, Jim Adams, keeps the vital function of the records and plans section while Bob Ringo and Francis Schutz are trouble shooters and night watchmen. This night watchman's position is more important than it sounds, since the lives of thousands of small fishes depend on the quick action he takes when a power failure or other mishap occurs to shut off the water supply.

The actual stripping of the eggs and milt is quite precise and interesting to watch. Spawning operations go on regularly at the hatchery and are well worth the time spent watching as a part of one's higher education.

House Work Becomes Home Work For Home Ec. Majors

Five home economics majors will soon begin a six week's stay in the home management house, which is a two story white house across from the CES playground and back of Jenkins Hall. They will move in Feb. 8. The women will plan and prepare meals for themselves and guests, keeping on a set budget. They will be able to put their class work into practice as they do all of the cleaning and laundry of the house.

Taking part are Susie Ratliff, Judy Bequette, Elinor Spencer, and participating but living at home are Mrs. Mildred Turner and Mrs. Barbara Ramstad. Miss Emilla Tschanz, assistant professor in Home Economics will live in the house as adviser.

Pat Baker Named To College Board

Pat Baker, '60, will represent Humboldt State College on this year's national College Board of Mademoiselle magazine, according to an announcement by the magazine's New York office. Miss Baker, columnist and reporter for The Lumberjack, is among 784 students who competed with applicants from colleges all over the country to win places on the Board.

As College Board members, they will represent their campuses and report to Mademoiselle on college life and the college scene. Each woman will complete two assignments that will help her explore her interests and abilities in writing, editing, fashion, advertising or art, in competition for the twenty Guest Editorships to be awarded by the magazine at the end of May.

The Guest Editors will be brought to New York for four weeks next June to help write, edit, and illustrate Mademoiselle's 1959 August College issue. Their transportation will be paid to and from New York and they will receive a regular salary for their work.

Tickets On Sale For Kenton Jazz

Tickets for the Stan Kenton Jazz Concert to be held Feb. 25, at 8:30 p.m. in the gym are now on sale. Tickets may be obtained from any member of the Jazz Club. Tickets will also be sold at the gym the night of the concert. Admission to the concert will be \$1.75 for student body card holders and \$2.50 for adults.

This will be Kenton's first local appearance. The concert is being sponsored by the Associated Students and the Humboldt State Jazz Club.

This concert will be the second one of the year and sixth Jazz Show brought to HSC. Among the other musicians who have played on campus are Pete Jolly and Sonny Chris, Cal Tjader, and Virgil Gonsalves.

In addition to their work on the magazine, Guest Editors will interview outstanding men and women in their chosen fields to help clarify their career aims, will visit fashion showrooms, publishing houses and advertising agencies and will be Mademoiselle's guests in a round of party and theatre-going.

Harcelroad Named New ASC Prexy By State Board

Dr. Fred C. Harcelroad, dean of the college at San Jose State College, has been named first president of the new Alameda State College. The appointment, effective Feb. 1, was announced by the State Board of Education, meeting in Los Angeles.

The new college will serve Alameda county. Meetings will be held in February to determine a permanent site and suggested temporary locations. Proposed are San Leandro, Fremont, Newark, Pleasanton and Hayward.

PATRONIZE OUR ADVERTISERS . . .

Students Needed For Dance Club

All students who are interested in joining the Humboldt State College Dance Club are urged to sign up at once in the Dean of Activities Office. Instruction will be provided by the Arthur Murray Dance Studio in Eureka.

Six hours of instruction, plus two studio parties will be held during the semester. A fee of \$6 will be charged if 20 to 50 students join and \$5 if there are 50 or more members signed up.

The first lesson will be Wednesday at 8 p.m. Among dances to be taught are the cha-cha, samba, mambo, jitter-bug, and the waltz. HSC's Dance Club is part of the Student Activities Program.

DROP FWC TILTS AT SFS, ST. MARY'S CONTEST

Humboldt State was unable to cope with a strong St. Mary's five second half comeback and fell under the terrific Gael offense 84-49 in a non-conference tilt last Monday evening at Moraga.

Humboldt, led by Joe Johnson, moved quickly to a slim lead which they gradually increased to an eight point advantage. The Gaels added some quick scoring and were out in front by one point in a 32-31 halftime score.

Tom Meschary led a 15-point scoring barrage that put the galloping Gaels in command. From this point, with sophomore Gene Womack showing the way, the St. Mary's quint easily posted their win.

Meschary was high for the winners with 20 and Johnson scored 14 for the Jacks.

Humboldt State left the running for the Far Western basketball championship last weekend when the San Francisco games. In Friday night's game the "ice cold" Jacks suffered a 49-34 loss and on Saturday the Gators staged a high scoring attack in the final minutes to grab a 49-41 decision.

There was no scoring in the first seven minutes of play Friday night but the Gators took the lead and never relinquished it as the Jacks fell behind the scoring of forward John Crustgau who tallied 13. Grant Erhart took high honors with 14.

Saturday night's FWC encounter was much closer with San Francisco leading by a scant point at the half and Humboldt by a score of 33-29 at the end of the third ten minutes. The score was knotted six times.

Jim Caranica scored ten points in the final eight minutes to raise his game total to 20 as the Gators' sudden surge downed the Jacks. Joe Johnson was high with 12 for Humboldt.

Halftime score: S. F. State 23-22.

Jean Claude Lebevre, the tallest player in United States Collegiate basketball, will appear here Saturday night at the Men's Gymnasium playing against the Humboldt State Lumberjacks. The 7'3 1/2" Frenchman leads a touted Gonzaga University five.

Zags To Bring Tallest

The Gonzaga University Bulldogs invade the Hilltop campus tomorrow night when they meet the Humboldt State Lumberjack cagers in a one game stand.

The game is expected to start underway at 9 p. m. with a 7:30 p. m. Junior Jack preliminary contest. Students are reminded that the game may be a sellout and that only 800 students may get in the game through their student body cards. Tickets may possibly still be obtained at either the business office, the Dean of Students office or the book store if there are any left.

Headlining the Bulldog five is big Jean Lefebvre, a 7'3 1/2" Frenchman, who is the tallest player in collegiate basketball in the world.

The Zags also boast five other top cagemen. They are Frank Burgess, a tremendous scorer who has averaged over 21 points in 15 games not counting the Gonzaga games with Santa Clara and COP played earlier this week, two second semester returnees, Danny Vermillion and Bob Turner who have strengthened the Bulldogs and Norb Trauba and Charlie Jordan who take to the boards as top rebounders.

Gonzaga is the number one rebounding team in the nation and has a tremendous shooting average of over 45 percent. They also run a fast break type offense which make them dangerously fast on quick scoring.

Coach Franny Givins' Lumberjacks return home after a three-game losing streak and will open with Joey Miller and Joe Johnson at the forwards, Grant Erhart at center and Billy Caver, George Millionis or Eddie Thomas at the guards.

Wolfpack Here Next

The Far Western Conference's leading Nevada Wolfpack five will take on Chico State tonight and tomorrow night at Chico. Next weekend the loop's leaders will come to Arcata to meet the Lumberjacks in a two-game series.

Basketball To Start

Coach Gordon Schroeder has taken over the intramural program for the second semester. He requests that all team captains turn in a lineup of their teams as soon as possible to him.

There was no intramural action over the semester break. Basketball will be the first organized activity of the spring semester.

FWC Basketball Standings

| Team | W-L | Pct. | GB |
|---------------|-----|------|-------|
| Nevada | 4-0 | 1000 | — |
| Sacramento | 3-0 | 1000 | 1/2 |
| San Francisco | 2-2 | .500 | 2 |
| HUMBOLDT | 2-4 | .333 | 3 |
| Cal Aggies | 0-2 | .000 | 3 |
| Chico State | 0-3 | .000 | 3 1/2 |

Outdoor Roundup

A hiking club is in the planning and formative stages with the spark coming from Rich Winters. In like vein, the northern section of the Redwood Chapter of the Sierra Club has been organized with about fifteen members. Watch for outing plans and monthly meeting notices.

New Forestry Club officers are Sibley Brooks, Chief Forester; Bob Todd, Assistant Forester; Frank Carter, Treasurer; and Walt Saunders, Secretary. Redwood Hall will be revamped for use as Forestry classrooms, since the new Forestry Building will not be ready for use until 1961.

The California section of the Wildlife Society met at Fresno State College this week. The main feature was a panel discussion on "Planning to Meet California's Growing Demands for Fishing and Hunting Recreation." Seems pretty important to me! Drs. Ernest

Salo, Raymond Dasmann and Richard Genelle of the Wildlife Department attended and papers were presented by three Humboldt State graduates. They were Steve Bentley, '59, and Joe Harn, '58, who wrote on the Prairie Creek elk herd. The third was Rolph Mall, '58, whose paper was titled, "Hunting Trend Analysis at Honey Lake Waterfowl Management Area." This is an important step for these lads, since this will be the first time their work will have been published.

Dr. William Longhurst has offered to speak at the Conservation Unlimited annual banquet in March. Dr. Longhurst has taken impressive movies in Africa while doing research on the Cape Buffalo and the Hippopotamus. He is director of the Hopland Research Station of the University of California, and spent last year in Uganda on this project.

Jack Baseballers Now Working Out

While major leaguers are having their salary problems, college coaches are recovering from the shock of semester grade casualties.

Humboldt State coach Ced Kinzer is anxiously looking forward to a dry season and the dedication of the Lumberjack's new ball park. To go with these dreams, mentor Kinzer will build a team to carry him through the coming season. The 33 game schedule opens Feb. 28 against Shasta Junior College at Redding.

Although practice officially begins Feb. 16, equipment is now being issued, and light workouts are being held in the Women's Gym from 3 to 6 p.m. Kinzer urges those who plan to turnout to do so as soon as possible in order to get their arms in shape.

Bowling Laurels To Be Awarded

Reigning as champions of the Student Union fall semester bowling league is Team A under the captainship of David Ogden.

Team A won the crown in a very close and heated contest with team F who trailed by only two percentage points in the final standings.

Members of the winning team include Ogden, Nita McBride, Emerson Pauchaud, and Phil Baker. Team F members include captain Doug Reidmiller, Mike Jobbett, Jim Kemp, and Gordon Hill.

Individual high keggers who are trophy recipients are Jack Faulkner, Rocky Johnson, and Phil Baker. These honors will be awarded at a banquet to be held when the trophies arrive. The banquet will also initiate the spring semester league.

The league is slated to begin late this month. All interested students should leave 5 p.m. Monday and Thursday open if they wish to compete in the league. More information will be given through the daily bulletin.

The student bowling league is under the direction of Gary Timmons. He is assisted by Launi Mason.

WHAT'S WHAT by hugh clark

Humboldt State now has a choice, should they win a conference championship, of whether continuing through the nation's elimination tournaments through the National Collegiate Athletic Association or the National Association of Intercollegiate Athletics.

In December the Lumberjack school was accepted as a member of the NCAA and remained in the NAIA as well. Recently the Far Western Conference was also accepted as a conference in the NCAA.

W-H-A-T-'S-W-H-A-T-

Gonzaga University will make this trip their last long one on the road. The Zags have traveled transcontinental this season for over 20,000 miles.

They may have been overlooked as just an attraction or a road show by many HSC cage fans, but such is definitely not the case. They have six good top rate ball players that would go a long way in making anyone's team.

Although the tall Jean Lefebvre has had a rough go of it during the early part of the season the man from France is a good basketball player.

He can rebound very well and really picks his seven foot three inch frame that carries over 280 pounds off the floor for grabbing the ball. He has a good shot he calls "en suspension" or the jump shot and has hit very well with it. He has a 46 percent shooting average which speaks alone for a cage player that may be coming into his own.

W-H-A-T-'S-W-H-A-T-

Junior Jacks Split Weekend Series

The Humboldt State Junior Jacks basketball five split a weekend series. They won the Saturday night meeting and dropped the earlier Friday night contest.

Felix Rodgers dumped 18 points through the basket to lead the Jacks to a 61-48 win over South Bros. of Crescent City. The Junior Jacks held a small 28-24 half-time advantage.

Three ex-Humboldt cage stars

Wrestling Show Scheduled February 17

The Humboldt State wrestling and boxing show will be staged under the direction of coaches Bob Doornink and Gordon Schroeder on Feb. 17 at the Women's gymnasium.

figured in the Jacks loss to Ned's in Friday night's encounter. Joe Myers with 22, George Ibaretta with 18 and Jerry Paul's 16 led the ex-collegians to a 71-43 win. Dennis Pontoni's 11 was high for the losers.

SPORTS

WAA To Meet For Weekly Sports

The Women's Athletic Association has set aside Monday evenings from 7 to 9 p.m. for their frolic night.

Last Monday the WAA started basketball and all women are urged to attend. If they're not particularly interested in basketball they may come over to the gym anyway and join in on all the other fun that will be going on.

The WAA is for all women so start this semester off by attending every Monday evening at 7 p. m.

Thomas Leads HSC Basketball Scoring

Eddie Thomas has taken over the leadership of the Lumberjack scoring. After scoring 21 points in Humboldt's second game against Chico State the diminutive guard had a total of 119 points for a 10.8 average.

Joe Johnson follows Thomas in scoring while center Grant Erhart is leading the shooting average with a 38.3. Joey Miller is third in scoring with an 8.9 average.

Spring Athletics To Soon Take Over

Humboldt's spring athletics will soon take over the sports lights at the Hilltop campus as drills are already under way for prospective baseball players, tennis players, golfers and trackmen.

Coach Ced Kinzer and his baseballers have been going through light practice during the past week but plan to start hitting it much stronger next week. Coach Bob Doornink's track squad has also been going through practice sessions for the past week.

Humboldt Opens First Wrestling With Wildcats

Humboldt's Lumberjacks will take their first step into collegiate wrestling when they travel to Chico for a match with Chico's Wildcats on Feb. 19.

Competing for Humboldt in the heavyweight division, 191 pounds and over, will be Chuck Atkinson. Atkinson weighs in at 265. Chuck was defensive middle guard for the Jacks football team last fall.

Other performers on the team are Pat Morrow who wrestles in the light-heavyweight class, 187 to 191. John Butterfield handles the 185 pound chores while Mike Stone takes care of the 165 pound class.

The following Saturday, Feb. 28, the Chico team comes to Arcata for a return match.

Do You Think for Yourself? (ANSWER THESE QUESTIONS AND YOU'LL FIND OUT!*)

1. If you get stuck on a crossword puzzle, do you (A) finally refer to a dictionary, or (B) leave the puzzle unfinished?

A ☐ B ☐

2. Would you rather be (A) the designer of the first successful space vehicle to the moon, or (B) the first man to ride in it?

A ☐ B ☐

3. If you were faced with two tasks, one pleasant and the other unpleasant, would you first do (A) the unpleasant task, or (B) the pleasant task?

A ☐ B ☐

4. If you find you aren't doing well in an activity, do you (A) concentrate on it to improve your performance, or (B) devote your attention to things in which you do excel?

A ☐ B ☐

5. Would you prefer to play tennis with an opponent you know to be (A) not quite so good as you, or (B) a slightly better player?

A ☐ B ☐

6. In deciding whether to see a movie, are you more influenced by (A) what a casual friend tells you about it, or (B) what you know of the cast and story?

A ☐ B ☐

7. If you were a multimillionaire, would you rather have (A) everyone know it, or (B) only a very few know it?

A ☐ B ☐

8. Do you take more notice of someone's (A) good looks, or (B) good manners?

A ☐ B ☐

9. When making your choice of a filter cigarette, do you (A) act on the basis of what someone tells you, or (B) think it through for yourself?

A ☐ B ☐

If you're the kind of person who *thinks for yourself* . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

*If you checked (A) on three out of the first four questions, and (B) on four out of the last five . . . *you really think for yourself!*

Familiar pack or crush-proof box.

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER...A SMOKING MAN'S TASTE!

Scholarship Forms Available At Placement Office

Applications for 125 scholarships for the 1959-60 school year are now available to students with at least a 2.5 average. About \$20,000 will be awarded to returning students and entering freshmen during the '59-'60 semesters.

About ten scholarships for this semester have been made available due to the withdrawal from college of the original recipients. The placement Office should be contacted for particulars. Deadline is Monday.

The deadline for any other application is March 15. All applications may be obtained at and must be submitted to the Placement Office.

'Godot'

(Continued from Page One)

clear to all who feel the simple truths of life: the pinch of tight shoes, the taste of carrots, the tyranny of power, the tedium of waiting. It is only confusing to those who go to the theatre for an evening of escape from routine or to those who expect the theater to tie up social problems into neat little aphorisms.

Dr. Turner goes on to say, "Godot is an 'adult' play. Its comedy is uproarious, and broadly earthy. Its pathos is moving and sometimes painful. It is not dirty. It is not naughty, but it is often extraordinarily frank and outspoken."

In choosing to produce "Waiting for Godot," the Humboldt State College Players reasoned that perhaps one half the ordinary audience would like something different from run-of-the-mill comedies, dramas, and melodramas. Consequently only two nights have been scheduled.

Tickets and further information regarding this unusual play may be obtained from the drama department.

Results Official On ASB Election

Numerical breakdowns of the recent campus election have been made official with the individual vote count as follows: Larry West, 220; Bob Merritt, 201; Linda Sarboe, 255; and Joan Rasmussen, 218.

The proposed constitution amendment was defeated as not enough ASB members voted to carry a majority. The constitution requires a vote of one-fourth of the student body to qualify a passing vote. The amendment was defeated with a 420 yes, 36 no vote.

In the opinion poll on permitting married women students to be candidates for various queen contests some 256 students voted yes. A decisive vote of approval, 272, yes, 195, no, was given regarding the idea that the HSC executive council should set the rules to govern all queen contests on campus.

JOB INTERVIEWS

John Moiso, director of Personnel for Mount Diablo Unified school district at Concord, will be on campus Monday to interview graduating students interested in both elementary and high school teaching positions in that area. Further information may be obtained at the Placement Office.

By DAVID MAXON

The news needed a little nudge before coming out into view last week, and as I gazed out of the front office in the Wildlife Building, I noted the persistent trickle of song sparrows, Oregon juncos, and other tiny bits of fluffed feathers coming to the feeding station. I marveled at their bravery in the sheets of water which had been falling all day, then took pity as I realized that hunger makes anything brave. I mulled this over as I gathered braveness about me, turned up my collar and went out into the storm. As I passed the Science building, I spotted Theta House hiding under the arms of its Redwoods and sending a story as well as a drying-off-spot, I dropped in on its inhabitants.

As I admired several excellent nudes on the walls, I found the nimrods discussing duck shooting. Although the season closed in mid-January, the subject was still red-hot. One old timer claimed the best bag in many seasons, but the location out in the bay somewhere is still a tight-lipped secret. Teal, being decoyed in, came in bunches of forty or fifty; Widgeon responded promptly to any type of call and the Sprig were like mosquitoes. Details including leaving at 3 a. m., rowing by compass in the fog, etc., made me shudder. The tyros, however, sat 'round drooling, resolving to shoot skeet all summer to keep in practice and generally lapping up outdoor lore from their elders. Talk shifted to a fine bag of Mallards taken during November in Sutter County and as the beche-de-mer corrup-

tion of the honorable Tom Dooley saga was lisped over the radio, I departed, casting a last admiring glance at the fine "art" on the walls.

Various authorities agree that Black Brant hunting has been poor. One witness claims that other than one game hog who "sluiced" seven birds in two shots, only two were taken during last Wednesday morning on the south bay. Bluebird weather didn't help the hunters any then, nor on the closing day of the season, which was last Saturday. A casual estimate of the number of Brant on the bay was only one hundred during the latter part of January, although several heavier concentrations were observed during the few storms earlier in the season.

The Russian River was slow over the holidays, with few Steelhead being caught. It was "red hot" for Suckers, to quote one chum whose name I won't mention. Apparently the rough fish took a beating, which will make the conservationists happy.

One of the grad. students took two nice Steelhead in the Gualala River during the semester break, on flies, no less!

Smith River is producing large fish as usual, but where and when will remain the variables with your quota of luck being the only constant factor to the devotees of these northern waters. A nineteen pound Steelhead was landed on New Year's Day.

Night fish are being caught in good numbers at Crescent City, so this weekend ought to bring them this far south. Look alive, however, it's a dangerous sport.

A curiosity at the Trinidad Dock last week was a large Sturgeon, while a mystery remains as to the identity of the U. M. O. which walked off with bait, hook and line against a powerful rod and reel. U. M. O. — Unidentified Moving Object.

All outdoor-minded people should see the excellent wildflower plates on exhibit at the Library. Shooting Star or Tiger Lilly, all seem fresh as the day they bloomed. The artist is Jean Colton of the botany department.
