

We're 'Waiting for Godot'

Lumberjack

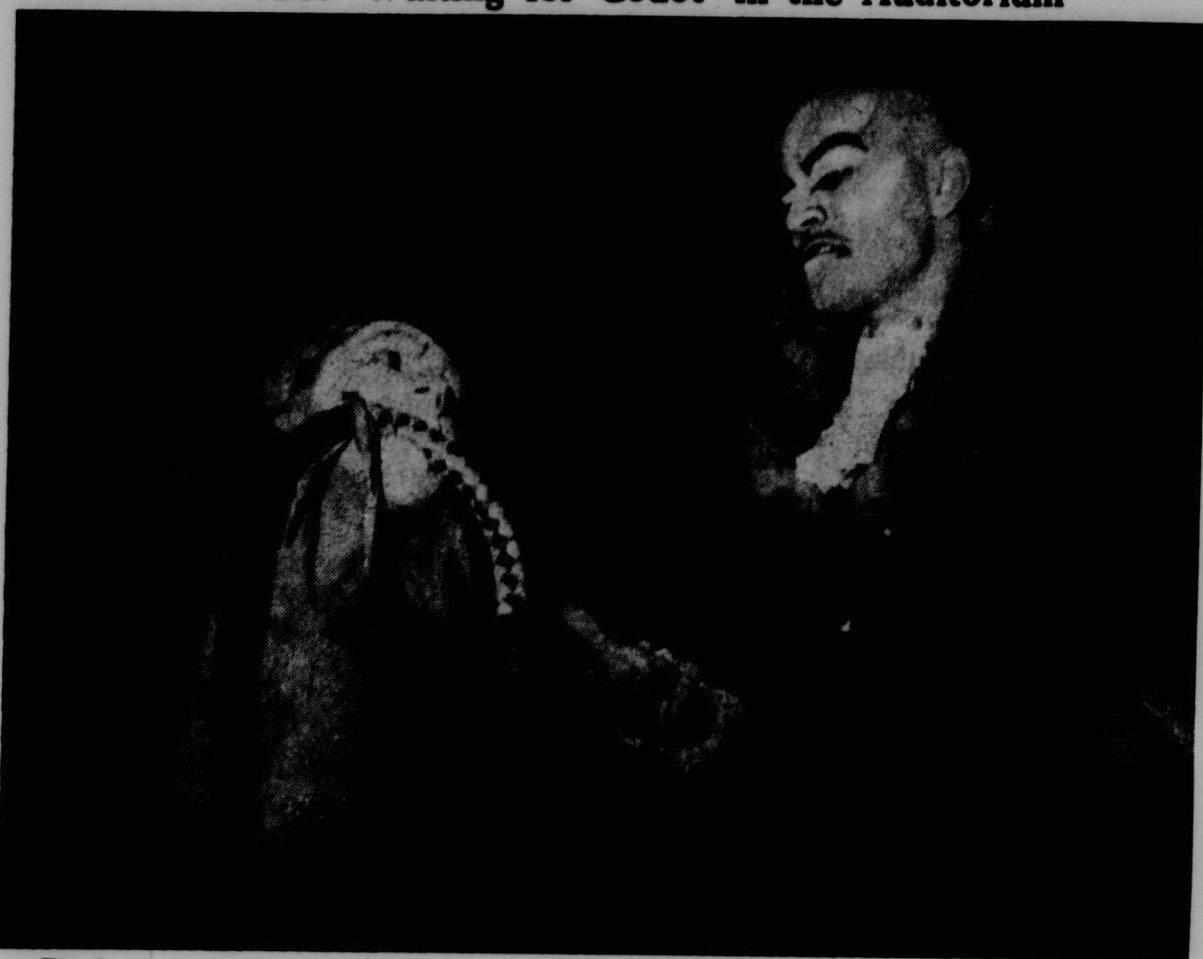

OF HUMBOLDT STATE COLLEGE

VOL XXXII

ARCATA, CALIF., FRIDAY, FEB. 27, 1959

No. 20

Also 'Waiting for Godot' in the Auditorium

The Brothers Brandenburg, John, left, and Stan, comprise two-fifths of the cast of tonight's much talked-about play, "Waiting for Godot." Curtain time in the auditorium is 8:15 p. m.

Diane Gillespie Winner In Oral Interp. Contest

Sophomore psychology major Diane Gillespie of Eureka was named as winner of last week's Oral Interpretation contest sponsored by the Speech department and the student body, receiving first prize of \$10. Second place winner of \$5 was St. Clair Adams, and Bill Livingston was awarded honorable mention.

Miss Gillespie will compete in San Francisco next month in a regional contest for prizes of \$50 and \$25 and a trophy plaque, as awarded by the Speech Arts Association of California.

Coming Events

- Tonight—"Waiting for Godot"—8:15 p. m., auditorium.
- Tomorrow night—"Waiting for Godot"—8:15 p. m., auditorium.
- Basketball — HSC vs. Southern Oregon
- March 4—Business Day
- March 6—Popera
- Radio-TV Workshop
- March 7—Drama
- Sweetheart Ball
- March 9—Conservation Week
- March 10—Community Concert
- March 12—Humboldt State Counselors
- March 13—Assembly — Conservation Unlimited
- "Gal ask Guy" Dance — ASW
- March 14—Forensics Tournament
- Student Employment Conference — Eureka

Portrait Photography Exhibit Opens Monday In Art Gallery

An exhibit of portrait photography by Harry Redl will be in the Art Gallery from Monday through April 3. The exhibit will include portraits of many famous artists.

The 44 portraits by Mr. Redl feature sculptors, painters, composers, potters, jazz musicians, poets and other members of the art field in their homes or studios. The portraits were taken in the natural environment of the artists in an attempt to capture a picture of their true personalities. Many of these artists have exhibited or will exhibit their work here at HSC.

Mr. Redl is a San Francisco photographer who does extensive work for contemporary art movement publications. He will be leaving next month for the Virgin Islands to do photography for a new book.

Mr. Redl will be on campus for a "Meet the Artist" coffee hour next Thursday at 8 p. m. The coffee hour will be held in the Art Department, and the artist will speak on portrait photography. The public is invited, and refreshments will be served.

While here, Mr. Redl will tour Humboldt county and take pictures of the area, since this will be his first trip to this part of the state.

Accompanying Mr. Redl will be Henry Evans, owner of the Porpoise Book Shop and manager of the Peregrine Press. Mr. Evans' businesses deal in rare books. He will be escorted on a tour of the HSC library, and will also be

available for interview at the coffee hour Thursday evening.

The portrait exhibit has been composed especially for Humboldt State, and later will be sent to the University of California Library in Berkeley. From there it will travel to other colleges and universities throughout the state.

HSC Problems Form Retreat Agenda

Officers from various clubs on campus met Sunday afternoon in the Green and Gold Room to discuss school problems. Among the topics discussed were "The Role of the Club on Campus Life," "Exhibition Basketball—To Be or Not To Be," "ASB Card Fees" and "ICS Membership and Functions."

Approximately 30 students attended the Winter Retreat, sponsored by the HSC Executive Council. Coordinators of the Retreat were Larry West and Karen Dillard, with Bob Merritt in charge of organization.

Other students who took an active part in presenting the material for the Retreat were ASB President Donald Peterson, John Burger, Joan Rasmussen, Linda Sarboe, Joe Chappelle, Jacque Callihan and Fred Johnson.

No Fence Straddling In Play Of Human Emotion

By ROGER WERTS

"Waiting for Godot," Samuel Beckett's comment-causing two-act play, will be presented tonight and tomorrow night at 8:15 p. m. in the main auditorium by the Humboldt Players as directed by Dr. Jerry Turner.

Having seen the play during rehearsal it is my feeling that individuals in the audience may love the play or they may hate the play, but they will not view it with disinterest. It will leave some kind of impression on each and every member of the audience. The cast members have expressed the opinion that to various individuals in the audience the play will be either a success or a total flop.

They feel that the content of the play is such that no one can be left straddling the fence, or leave the play without a definite feeling of like or dislike, attraction or repulsion, delight or disgust. It is a controversial play which will affect each person differently and will be the subject (to those who see it) of discussion and argument

(CONTINUED ON PAGE 2)

Two Successes Chalked Up In Forensics

Two sections of HSC's forensic squad returned last week from separate successes in intercollegiate competition. A small group of upper division competitors placed third in the Portland State Town Meeting debates in the north while three of the lower division squad individual events speakers and two debate teams earned awards for excellence at an NCAFA tournament held at Stockton College.

Karl Harber, Bill Pittman and Ed Spencer compiled sufficient points by audience vote before service clubs, high school and college audiences to be outdistanced only by Stanford and Portland State while leading HSC to superiority over eight other schools including Oregon State College, Washington State College, the University of Oregon, Linfield, and Willamette University.

At the Stockton event, held after the upper division groups returned from Portland, Muriel Armstrong (expository speaking), Tony Karachale (expository speaking), and John Rawlinson (impromptu speaking) were given individual awards for excellence while the debate teams of Ron Edwards-Doug Kane and Larry Hines-Larry Moogerman both emerged from competition with four wins and two losses each to tie for seventh place out of 48 teams entered. Twenty-six colleges and universities including the University of Utah, Brigham Young University, Redlands University, Fresno, Los Angeles and San Diego State Colleges participated.

Dr. Edward Steele accompanied the upper division entrants to Portland while Prof. Milt Dobkin and Lloyd Crisp accompanied the lower division entrants to Stockton.

The forensic competition for the spring semester will continue with the major Linfield Tournament March 5-8. Tentative plans call for Dr. Steele to take a reduced traveling squad including Muriel Armstrong, Karla Kaski, George Cardinale, Chuck Atkinson and Bernard Mouton to the northern event.

Presidential Proclamation

President Cornelius H. Siemens this week issued a proclamation designating next week as the "Schenpler Memorial Week." The proclamation reads as follows:

For his unselfish service to the students of Humboldt State College; for his untiring and enthusiastic assistance in planning the new Health Building; and for his loyal and extra services as the physician for the athletic teams, I hereby proclaim March 2, 3 and 4 as Memorial Days for Dr. George C. Schenpler, College Physician from February 1, 1951, to the time of his accidental death on April 18, 1958.

Let us remember and profit from his example of genuine kindness and his devotion to service above self.

—C. H. Siemens, President

Waters Elected I.K. Honorable Duke

Ken Waters was elected Honorable Duke of the Intercollegiate Knights recently. Other club officers elected were Richard Ames, Vice Duke; Doug Kane, Scribe; Ross Stromberg, Treasurer; Steve Patenaude, Knight at Arms; and Bill Turner, Pledge Master. These officers will serve for the spring semester.

During the meeting Joe Romero was elected as I. K.'s candidate for Popera King. Several prospective pledges were present at the meeting and they were briefed on the IK's organization and activities. Official pledgship began this week to last for eight weeks, ending with a formal initiation dinner.

Prospective pledges who attended the meeting were Gerry Hale, Stan Smith, Tony Karachale, Ray Schofield, Dave Hash, John Sinjem, Keith Weidkamp, Les Hunt, John Mill and Terry Thompson.

Banquet To Open Business Day

Business Day observances will begin at 7 p. m. Tuesday with a banquet at Nelson Hall cafeteria, with Howard G. Hoyt, Richmond branch manager of IBM, as guest speaker. Prices are \$2 for students, and \$2.50 for adults and faculty members.

Career conferences will begin at 9 a. m. Wednesday on campus when representatives of business and industry will discuss accounting, banking, finance, U. S. Civil Service, secretarial and professional careers for women, marketing, corporate management, investments, and business machines. These experts will also hold informal discussions in the Green and Gold Room from 1 to 4 p. m. Various machine displays will be shown throughout the Administration Building.

Student chairman for Business Day is Bob Close of Rio Dell, and faculty advisor is Paul Menges, assistant professor of business.

Band Uniforms

By C. R. HULL

According to Dr. David Smith, HSC Lumberjack band director, completely new and distinctive uniforms are now on order for the band. The enthusiastic band members say, "It's about time; our old uniforms, particularly the trousers, were completely worn out. As a matter of fact, we're splitting seams all over the place."

There were many reason for ordering new uniforms, the prime reason being that the old trousers were completely worn out, and a great many outside comments were heard by band members on the shabby appearance of their uniforms. Secondly, during the concert season, the present uniforms are entirely too hot to be worn. They were primarily designed for cold weather and marching wear and have proven over a period of years to be very unsatisfactory for indoor wear because of their weight.

In an interview early this week Dr. Smith stated that a great deal of misunderstanding has come about as a result of this seemingly sudden decision. He said that although he is very much in favor of new uniforms, it is not solely his idea, but a matter that has been a subject for discussion by members of the Advisory Board from time to time during the past years. Also, there has been campus and community comment which would indicate a desire for improvement on the old uniforms. Many students feel that the new uniforms are part of some plan put forth by Dr. Smith as a new instructor, to reorganize the band and do away with the traditional tin hat and mackinaw that are symbolic of the lumberjack's tradition.

This is not the case. Dr. Smith stated that both he and the band members are in favor of keeping the traditional uniform for use in special stunts throughout the football season. However, this is only a tentative plan, as the disposition of these uniforms is up to the Associated Student Body and Howard Goodwin (Graduate Manager). The trousers would be the only thing different since the trousers of the new uniform are "Pine Green." They were ordered with the thought that they would go well with the green jacket and yellow tin hat presently worn.

Remember, as the college and our band grow in size and quality, it is only fitting that the band uniform should mirror this growth.

Waiting For Godot

(CONTINUED FROM PAGE 1)
for some time to come. It will leave a memory.

When asked what the play has, Paul Connor (Vladimir) replied, "Dialogue." Believe me, this it does have — serious and comic, lucid and confusing, sincere and sarcastic. Almost all human feeling is expressed in the dialogue, and is well enforced by the acting. Norman Jean Olsen (the prompter) expressed her idea of the play by saying, "It's weird; reminds me of the world."

To quote Stan "Yul" Brandenburg (the master) "For me 'Waiting For Godot' is like a symphony—it has a main theme (melody) with lots of harmony in the form of mood. It goes through time reflecting the theme of misery, philosophy, and human reality of life and death, with overtones of comedy." John Brandenburg (the slave) nodded his approval of this idea.

The five cast members are William Livingston as Estrogan, Paul Connor as Vladimir, Stan Brandenburg as Pozzo, John Brandenburg as Lucky, and John Corbett as Boy. They are supported by the technical crew of the following members: Lyn Johnson, costumes; Norma Jean Olsen, prompter; Virginia Lunau, properties; Raymond Lemos, Bill Hook, William Livingston and Valman Webster, set construction and painting; Raymond Lemos, switchboard (lighting); and Phyllis Peters, box office.

Among the reasons for producing this play, stated Dr. Jerry Turner, was a need to get away from the idea that the college theater is a historical museum for the production of classic theatrical pieces. Also, "Waiting for Godot," having only five cast members, gives intensive acting experience to the members of the cast and it is a type that will add to the variety of their experience.

When asked for his opinion of the play, Dr. Turner replied, "I've said enough about the play, let people come and decide for themselves what it's all about." So if all this has seemed confusing to you if would be well to follow Dr. Turner's suggestion and come see the play tonight or tomorrow night.

Tickets are one dollar for adults and 50 cents for high school students. Season ticket and ASB card holders will be admitted free of charge. All seats are reserved. Reservations may be made by telephoning the college at extension 247, or in the Green and Gold Room box office this afternoon.

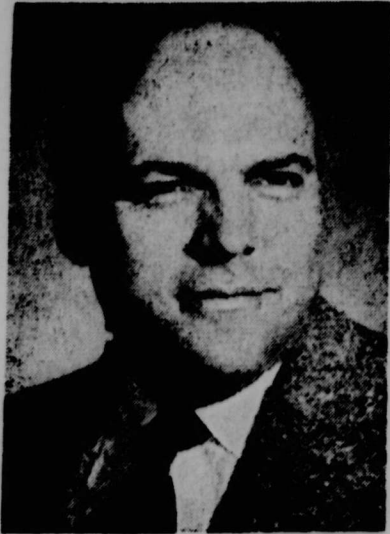

SWEETHEART BALL CORRECTION

In the February 18 issue of the Lumberjack the price of admission to the Sweetheart Ball, March 7, was stated as \$2 a couple with a discount of 50 cents given to each freshman. It should have read "\$2 a couple and a discount of 50 cents given to each freshman possessing a Freshman Class Activity Card," which will give reduced rates for the members of the Class of '62 for a period of four years to class sponsored events. Tickets for the Sweetheart Ball are on sale in the Administration Building, and Freshman Class Activity Cards are on sale for one dollar.

Scheppler Memorial Week

By ART DALIANES

A George C. Scheppler Memorial Week, March 2-4, has been proclaimed by President Cornelius Siemens and Associated Student Body President Donald Peterson honoring the late college physician who was killed in an automobile accident last spring.

Because of Doctor Scheppler's great interest in the Student Health Service and the

Voluntary Student Health Insurance Program, these two features will be highlighted during the Memorial Week. In addition, students, faculty, and staff will be able to contribute money to the already existing fund.

Dr. Scheppler, better known to a good many students, faculty and staff members as "Schep," came to Humboldt State in 1951. He was totally devoted to students of HSC, his practice, and the college's health program. On the morning of his death, he had just completed the details for the new college health center, which incidentally, will be under construction late this spring.

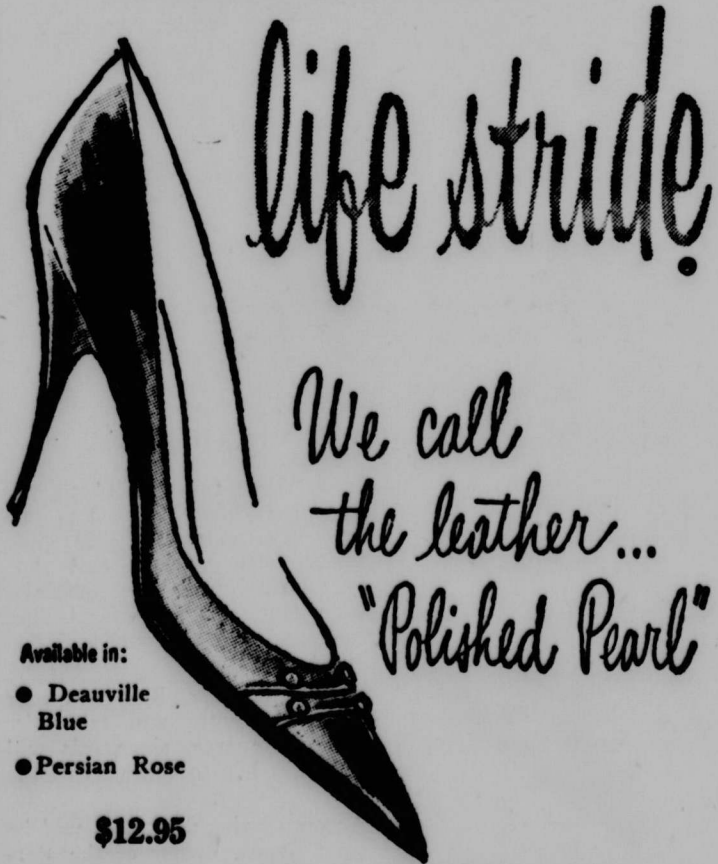

It was only several hours later the word was received of his death.

A great many students, faculty and staff members counted themselves as among the many friends of "Schep." He will always be remembered by them as a happy, cheerful man, who was always free to help those who were in need.

During the memorial week, everyone on campus will have the opportunity to contribute money to enable a memorial to be a reality — a reality which is so deserving of a fine friend, a co-worker, and able physician.

Campus
Spotlight

By BONNIE

Hi there!

Well here I am in sunny? San Francisco on the choir trip. We left Monday noon really rarin' to sing, but now that we've been singing for 286 miles and about 153 1/4 hours, I doubt if any of us will ever be able to talk again.

You know, even down here all the latest talk is about the sensational new spring fashions that have arrived at DALY'S Eureka. The topic of conversation among the coeds of SF State is all about the new Smartee Knit Fun-Fashions that just came in! Geranium, Aqua and Lilac colors, sizes 10 to 16. The Smartee Tops range from \$3.95 to \$5.95; the Skirts are \$5.95. How can you ever go wrong with sensational low prices like this?

If anyone hears DONNA CLEVELAND whistling to herself, please pay no attention. It seems to be a favorite pastime of hers to sit and play "You Need Love" by Lloyd Price, on the Hi-Fi at least 127 times a day. She can now quote the lyrics backwards forwards, upside down and inside out. Right DONNA?

As MURIEL looked up at the skeleton hanging on the flag pole above the Coop, she gasped, "Yep, I guess they really were serious about hanging Tom Dooley."

The new "Daisy Fresh" Checked Arnel Shirtwaist Dress is a super special at \$7.95 in DALY'S Dress Shop! And so many assorted colors: Coral, Lavender, Black, Lime, and Blue with Roll-Up Sleeves and with a Flexie or Mandrin Collar. Be sure and stop in to see these adorable new Spring Dresses. Gibson Girl styles for sure!

ARLENE GOBLE with black hair? RALPH didn't even recognize her! She really wanted to play the Italian role at the Delta Sig Italian party last week-end, so she and MARY LOU bought a bottle of black hair spray. So now if you see all the gals with black hair, it's all ARLENE'S fault.

Say gals, for the Swim Suit that is always ahead of the swim, why not take a look at the new 1959 Jantzen, Catalina and Rose Marie Reid Lastex Swim Suits. Upstairs in Daly's Sportswear, sizes 8-18.

Confidential to SHIRLEY, GINNY AND MARGI...

Told you I'd write didn't I? Just a note to let you know I'm having a wonderful time here in SF. The fog is terrible, but still DENISE, PAT and I are getting a wonderful tan!

Bonnie

MARY SUE DOBBERSTEIN finally reached the great age of 19 on February 19th. Just think MARY, in 21 more years you'll be 40!

Well everyone it's time to close once more, but first here's a little reminder. DALY'S is open till 9 o'clock tonight for your convenience.

Elections Next Week For Popera King; Popera Program Announced

Coronation of the King of the ninth annual Popera will be held following the concert next Friday evening in the Men's Gymnasium. The King will be elected by the student body next week and will not be announced until the big night. Candidates and their sponsors are Art Dalianes, Circle K; Jack Menzia, Delta Zelta and Delta Sigma Phi; and Joe Romero, I. K. After the coronation the King will start the dance rolling by leading off with a waltz.

The music for the dance will be furnished by the College All Star Band through the co-operation of Local 333 of the Musicians Union.

Jerry Partain will be master of ceremonies for the evening and the program, starting at 8 p. m., includes:

Concert Band Dr. David Smith
Come Sweet Death
The Man Who Invented Music
Them Bases
Symphonic Wind Ensemble
George Washington Bridge March Op. 99
—Korsakoff

HSC Symphony Charles Fulkerson
Russian Easter Overture
by Rimsky-Korsakoff

Choral Music 1 Chorus
What Tongue Can Tell Thy Greatness Lord
J. S. Bach
Blessing, Glory, and Wisdom
J. S. Bach
I Feel Like My Time Ain't Long (Spiritual)
Arr. by Leon Wagner
Who's Gonna Work For Me (Spiritual)
Arr. by Charles Bryan
Green Grow The Bushes, Oh (Spiritual)
Arr. by George Lynn

Folk Song Festival 2 Choir
Arr. by Peter Stone
Leon Wagner — Director
Charles Farley — Accompanist

This program of classical music is for popular taste and the evening is meant to be an evening of fun for the entire family.

The proceeds from the evening will go to the Popera fund which in the past has served as an emergency fund for the Music Department. This fund has in the past been used for the purchase of instruments, supplies, help finance trips of music education for students, record clubs, expense of the Music Building, the listening room, transcriptions of school songs, special photographic work and in assisting in bringing in guest soloists.

The Circle K will have ticket booths in the Coop and the Administration Building on Monday and Tuesday. One dollar for adults and 50 cents for students.

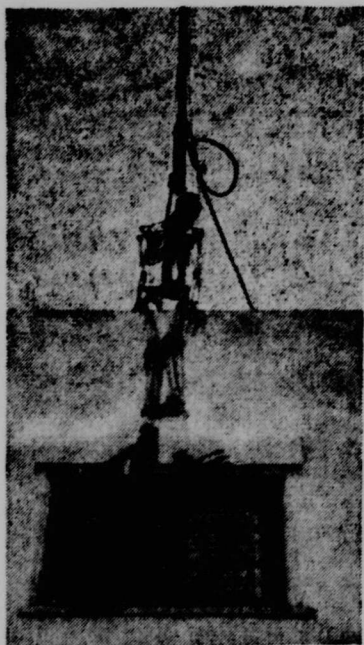

Popera committee members are Bul Kolding, chairman, Joe Mayfield, Paul Asp, Joan Bullock, Joe Romero and Sid Fauerbach.

Circle K Names
Dalianes Candidate

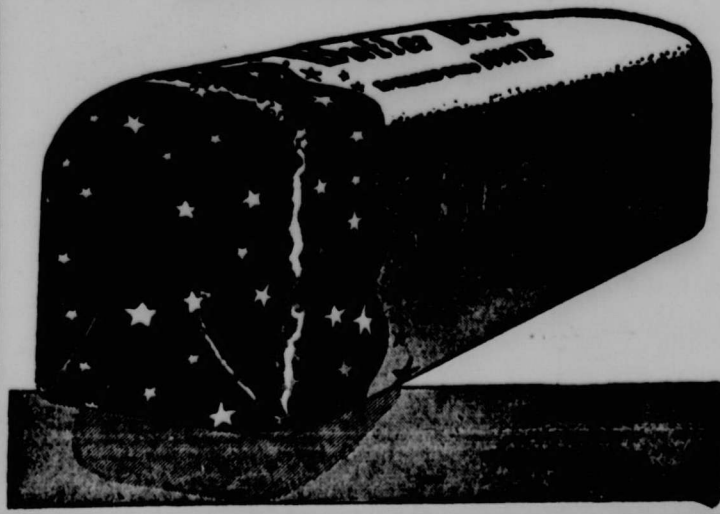

The Circle K selected Art Dalianes as their candidate for Popera King at their regular meeting last Thursday afternoon.

In other business the club decided to hold a Car Wash on March 11 in Eureka for the Circle K fund. The group discussed sending delegates to the district meeting in Long Beach on April 10, 11 and 12.

Mr. Bones

The Science Department's demonstration skeleton, "Algeron," made Humboldt history Monday morning by playing Tom Dooley in front of the Coop. As a matter of fact, "Algie" was hung in effigy in a fit of club rivalry between a certain service club and the I.Ks. Anyway, "Algie" needed an airing, and it was all good fun. Who owned that IK sweater, anyhow?

HUSBANDS, ANYONE?

It has been alleged that coeds go to college for the sole purpose of finding husbands. This is, of course, an infamous canard, and I give fair warning that, small and spongy as I am, anybody who says such a dastardly thing when I am around had better be prepared for a sound thrashing!

Girls go to college for precisely the same reasons as men do: to broaden their horizons, to lengthen their vistas, to drink at the fount of wisdom. But if, by pure chance, while a girl is engaged in these meritorious pursuits, a likely looking husband should pop into view, why, what's wrong with that? Eh? What's wrong with that?

The question now arises, what should a girl look for in a husband? A great deal has been written on this subject. Some say character is most important, some say background, some say appearance, some say education. All are wrong.

The most important thing—bar none—in a husband is health. Though he be handsome as Apollo and rich as Croesus, what good is he if he just lies around all day accumulating bedsores?

The very first thing to do upon meeting a man is to make sure he is sound of wind and limb. Before he has a chance to sweet-talk you, slap a thermometer in his mouth, roll back his eyelids, yank out his tongue, rap his patella, palpate his thorax, ask him to straighten out a horseshoe with his teeth. If he fails these simple tests, phone for an ambulance and go on to the next prospect.

If, however, he turns out to be physically fit, proceed to the second most important requirement in a husband. I refer to a sense of humor.

A man who can't take a joke is a man to be avoided. There are several simple tests to find out whether your prospect can take a joke or not. You can, for example, slash his tires. Or burn his "Mad" comics. Or steal his switchblade. Or turn loose his pet raccoon. Or shave his head.

After each of these good-natured pranks, laugh gaily and shout "April Fool!" If he replies, "But this is February nineteenth," or something equally churlish, cross him off your list and give thanks you found out in time.

But if he laughs silverly and calls you "Little minx!" put him to the next test. Find out whether he is kindly.

The quickest way to ascertain his kindness is, of course, to look at the cigarette he smokes. Is it mild? Is it clement? Is it humane? Does it minister tenderly to the psyche? Does it coddle the synapses? Is it a good companion? Is it genial? Is it bright and friendly and full of dulcet pleasure from cockerow till the heart of darkness?

Is it, in short, Philip Morris?

If Philip Morris it be, then clasp the man to your bosom with hoops of steel, for you may be sure that he is kindly as a summer breeze, kindly as a mother's kiss, kindly to his very marrow.

And now, having found a man who is kindly and healthy and blessed with a sense of humor, the only thing that remains is to make sure he will always earn a handsome living. That, fortunately, is easy. Just enroll him in engineering. © 1959, Max Shulman

For filter smokers the Philip Morris Company makes Marlboro, the cigarette with better "makin's." New improved filter and good rich flavor. Soft pack or flip-top box. A lot to like!

**You'd Almost Think
It Was Spring . . .**

The sun winning in its battle over the seemingly ever present overcast Tuesday afternoon gave the HSC band the opportunity to start their campus concert series, which Dr. David Smith hopes to present at least once a month, weather permitting.

The HSC band played various selections to an appreciative crowd also taking benefit of the sunshine. The selections included "Storm King March," selections from "The Music Man," "Burst of Flame March," a medley of pop tunes from "Carnival of Melody," "When the Saints Come Marching Home," "Them Basses March," concluding with a Mexican march.

**Forestry Club Has
Movie, Reports**

A movie, "The Deer of California" was featured at the Forestry Club meeting last Monday evening. Business included arrangements to provide coffee to help with the invitation from C.U. to share the facilities of C.U. House. Committees were set up to plan for the spring steak feed and Conservation Week. A report was given by the Annual Ring committee on its financial problems and a carte blanche was given them by the club to cover financial problems. The Annual Ring will be a publication by the club covering its activities and the school's forestry program.

Publication is scheduled for mid-semester with the price being 75 cents.

**PAT'S
PERUSALS**

By PAT BAKER

A group from Delta Sigma Phi spent last Saturday performing a community betterment project. The statue of William McKinley, which stands in the Arcata Plaza received a thorough cleaning and polishing by the frat. They worked to remove the accumulation of tar-nish and dirt, then applied a coat of wax. Sid Fauerbach, president of the Delta Sig's, announced a job well done. It was a good thing the rains stopped because the boys made up their minds to do the job rain or shine, the cleaning having been postponed once because of rain and wind.

believes that such overwhelming hikes would end the principle of free public education at these levels, and we agree.

It should be pointed out however, that the governor is backing some increase in registration fees. But he does not agree with State Legislative Analyst A. Alan Post that major increases in student fees is the best means of reducing the state deficit of 11 and one quarter million dollars. If an increase were granted to cover that large a deficit who could afford a college education?

Want to learn Esperanto? . . . the universal language. Inquire at the Dean of Students Office. The language is supposed to be the simplest in the world. So simple that you can master it in a few months . . . How long has it taken you to learn English?

Kay Morrison says that since she had her hair cut people have been calling her something she hasn't been called since she was so high . . . Butch. It looks real cute, Kay!

'Daffynition of the week. College education: A state in which a person enters green and emerges dressed in black. The resulting stages of decay are known as a college education.

Governor Edmund G. (Pat) Brown's opposition to increased state college and university fees is indeed welcome news. Brown

Art Dalaines is learning to cook . . . much to the chagrin of his suffering roommates. The other night, while mashing potatoes, he started off fine and then forgot to add any milk. He put the potatoes in a sieve and decided that milk was just what they needed. To make a long story short, he added so much liquid that the potatoes drained out of the container and down the sink. The grilled cheese sandwiches the boys had for dinner that night were delicious . . . and coked by someone other than Art.

MAGAZINE DEADLINE

Entries for Toyon, the Humboldt State College annual literary magazine, must be in no later than Tuesday, March 3. Any poetry, short stories, or other works that are to be entered may be given to Dr. Samuelson or Janice Williams, or they may be put in Box 1342 in the Administration Building.

**The whole is equal
to the sum of its parts**

(But some of its parts are more equal than others!)

Even Euclid had to admit...

**It's what's up front
that counts**

Euclid proved that a straight line is the shortest distance between two points. And if you'll walk a straight line to the nearest pack of Winstons, you'll find it the shortest distance to a really enjoyable smoke. It's the tobacco up front that makes

the difference and that's where Winston packs its own exclusive Filter-Blend—a special selection of light, mild tobacco, specially processed for filter smoking. You'll find Filter-Blend gives Winston a flavor without parallel. In fact, it's axiomatic that...

Different Revolution Theories Presented At Faculty Forum

By PAT BAKER

"The ultimate pattern in explaining the Revolution is that the British policy, as an attempt to regulate the colonies' problems of commerce, western expansion, and imperial defense, was in many ways reasonable but greatly hampered by the political confusion in England in the years 1763-1775. The American reaction to the policies adopted form the basis of the Revolution." So stated Dr. Stanley Spaid, professor of history, in a Faculty Forum held Feb. 19 in the Science Building Lecture Hall. Dr. Spaid's topic was "New Interpretations of the American Revolution."

From this ultimate pattern have developed three main explanations for the Revolution. These explanations are sometimes represented as schools. Dr. Spaid remarked, "The first of these schools is known as the Imperial school. The other two are the Economic school and the Namier school."

In the Imperial school of thought, King George and his policies are viewed more favorably than usually thought by historians. Dr. Spaid added, "In Oliver Dickerson's book 'Navigation Acts

and the American Revolution,' the conclusion can be drawn that the Navigation Acts were not oppressive, in fact the system was the most important cement of the empire for 100 years." However, Dr. Spaid continued, the political picture was changing in England, beginning in the late 1600's. The conclusion can be drawn that until 1660 Parliament had only been a silent partner in empire control but after 1689 Parliament was the real policy body working through its absorption of the King's pre-

rogative. The resulting change of policy was not as favorable to the colonies.

"The Economic school has made the founding fathers look like a group of men, narrow-minded and without vision to see beyond provincial borders, only looking out for their wealth. However, anyone who studies the American Revolution only slightly can scarcely emerge without some degree of admiration for the breadth of vision that moved men like John Adams, Thomas Jefferson, and Benjamin Franklin." Dr. Spaid commented, "Admiration must be held for the breath of vision that moved these men. Men, who in a period of 25 years transformed 13 suspicious, quarreling, jealous colonies into a new nation and after experimentation erected a government that has endured with very little change to the present time."

The last school, the Namierist school, has not been interested in the American Revolution itself but primarily in analyzing British politics and institutions of that time, on a local level. This theory has not yet affected the study of American history, but is a direct contradiction to many views of the Imperial school.

Probably too much attention had been given to the beginning and ending period of the Revolution," Dr. Spaid continued, and not enough to the period of 1763 to 1770. Although the social and economic interpretations have been applied extensively to many aspects they have not yet been set in the total picture. We know very little about what social and economic divisions were at the time of separation."

Dr. Spaid concluded, "Until we can explain John Adams' statement that the real American Revolution was a radical change in principles, opinions, sentiments and affections of the people — and above all in minds and hearts of the people," history teachers are hard pressed to give an adequate story except in terms of patriotism, which is not an answer."

Refreshments were served following the talk. Dr. Spaid then held a lively discussion period.

Life In India Topic Of Lutheran Hour

Paramajit Singh Dhillon, exchange student from Jullundur, Punjab, India, will describe life in his native country at an informal recreation hour tonight at 7 p. m. in Faith Lutheran church, Westwood Village.

The recreation hour is one of a monthly series sponsored by the Lutheran Students Association, and all students and faculty members, whether or not they are members of a Lutheran church are welcome.

Students who wish transportation may contact Wimpy Teasley, Len Svinth, or Mrs. Vivienne George in the HSC News Service.

Money Making Project

Any organization wishing to raise funds may sell tickets to the Popera and will be entitled to retain forty cents out of the dollar. Those interested contact Bud Kolding.

The Circle K will have ticket boots in the Coop and Administration Building on Monday and Tuesday.

'Jacks Take Two; SOC Next

Humboldt Wins Last FWC Series From Cal Aggies

The Humboldt State Lumberjacks finished in a tie for second place in the Far Western Conference as a result of last weekend's game. The Jacks took a pair of victories, 67-50 and 58-48 from the Cal Aggies, while Nevada and Sacramento split a pair in Reno. This gave Humboldt and Nevada six wins and four losses, while Sacramento leads with seven wins and two losses.

Friday night the Jacks fell behind at the start and then rallied for a 67-50 victory. Center Grant Erhart led the way with 17 points and 17 rebounds.

The lead exchanged hands several times during the first half, but Humboldt started to pull away and led at halftime 38-27.

With 12 minutes left to play, the Jacks increased the lead to 14 points.

Glenn Johnson and Brian Jeffrey led the Aggies with 15 apiece.

Humboldt hit on 27 for 67 from the floor for 40.2 per cent. The Aggies had 20 for 59 or 33.8 per cent. Humboldt picked off 52 rebounds while the Aggies got 32.

Saturday the Jacks were hard put to defeat the hustling Aggies 58-48. The first half was even with Humboldt ahead 28-24 at the half.

Both teams played rather sloppy for the first six minutes of the second half. They the Jacks started to hit and they increased their lead to 38-28.

Bill Caver led the HSC team with 15 points and Joe Johnson chipped in with 12. Bill Roseman led the Aggies with 25.

Humboldt hit on 26 for 70 for 37 per cent while the Mustangs got 17 for 71 for 24 per cent. HSC got 52 rebounds to the Aggies' 39.

INTRAMURALS BEGIN

Intramural basketball will start Monday at 4 p. m. in the Men's Gym with 12 teams participating. In League I are: Delta Sig, C. U., I. K's, Ramblers, Caterpillars, Redwood Hall-upstairs. In League II the teams are Watkin's Warriors, Teke, Nelson Hall, Ramblers, Theta House and Redwood Hall-downstairs.

Coach George Schroeder says that there is a shortage of referees and anyone interested in helping should contact him.

Sacramento State Wins FWC Crown

Sacramento State suffered a 69-53 defeat at the hands of Nevada on Friday night but on Saturday the newly crowned Far Western Conference Champs grabbed a 55-44 win to earn that title.

It was Chuck Mobley both nights on both the losing and winning end that kept the Hornets in the game on Saturday. It left Sacramento with a 7-2 Conference record with a single game with 0-9 Cal Aggies left on their schedule.

What's What

- - Don't Undersell Them - -

by Hugh Clark

A few weeks back we mentioned that should Humboldt win a conference championship they would have to choose between the NCAA and NAIA playoffs.

Now for the second week in a row the Lumberjack cage five has made us look silly. For we had said while this decision would not have to be made at present, it would be necessary at some future date. Well, it was necessary, not to choose between the two playoffs, but to decide whether or not to accept an invitation to the NAIA Region III and if accepting such a bid, what mode of transportation would be used.

So the 'Jacks are preparing to journey to the southland this Sunday morning. They are going to participate in the regionals on Monday and Tuesday and should they win both games they will move on to the national finals at Kansas City.

The Hilltoppers do have a chance to catch the laurels at the playoffs. While their 12-9 win-loss record is certainly not the most impressive, they have have a long haul since the beginning of the season back last December.

It was then that they suffered their first defeat at the hands of the San Francisco Presidio, then lost to Portland State and to Oregon Tech, and went clear to the finals of the Far Western Conference before losing out to a difficult San Francisco State team. Over into 1959 they opened the conference with a double loss to Sacramento State, newly crowned champion of the conference, and two weeks later dropped another FWC pair to the SF Gators. The following Monday seemed like "blue Monday" to coach Franny Givins and his Lumberjack crew as they suffered their third straight defeat after playing on even terms with the St. Mary's Gaels for the first half.

At this point the Jacks were conceivably out of the conference running. They had no chance, except to finish the season with a .500 winning percentage. But at this point, the Jacks locked horns with Gonzaga University, the top rebounding team in the nation boasting some fine ball players along with Jean Lefebvre the tallest player in collegiate basketball, and beat them in one of the best games ever played by a Humboldt cage team. The next weekend they put Nevada's Wolfpack out of the FWC title race and followed last weekend with two triumphs over Cal Aggies to boast a 12-9 record when only weeks before they had a 7-9.

This week the powerful Southern Oregon Raiders come down from Oregon boasting a first place clamp on the Oregon Collegiate Conference. Should the Jacks lose these two games they will have a 12-11 winning seasonal mark going into the playoffs, but if they win they'll boast a 14-9 record.

Yes, the Humboldt team is not the favorite but a good long shot to possibly give the three Southern California colleges a very good run for their money. A point well taken might be don't undersell those Jacks. We have, it seems, too often this season.

Swimming Pool Now In Use

Last Thursday morning the swimming pool was turned over to HSC for classes and recreation.

Classes are being conducted under the supervision of Dr. Louise Watson, Miss Kay Gott, Mrs. Kathy Goetz, Mr. Gordon Schroeder and Mr. Robert Doornink. These classes consist of P. E. classes, Life Saving, and Water Safety Instruction classes. Also,

Junior Jacks Take Two From Ned's, Klamath Air Base

Saturday night Humboldt's Junior Jacks played one of their best games of the season as they downed Ned's Men's Wear, champions of the Arcata Recreation League, 47-44.

Felix Rodgers and Bill Crichton led the Jacks to a 28-17 half-time lead with their sharpshooting the last seven minutes of the half. After ten minutes of the second half, the Junior Jacks had increased their lead to 41-26. From there the collegians coasted to the 47-44 victory.

Rodgers and Crichton led the Jacks with 16 and 12 points respectively as Joe Myers led Ned's with 15.

In the Friday night preliminary, the Junior Jacks had little trouble with the Klamath Air Force Base team as they ran away with an 86-29 victory. Five of the Junior Jacks scored in the double figures, Felix Rodgers leading the way with 16 points.

Southern Oregon Raiders Here Tonight To Close Out Season

The South Oregon College Raider basketball team comes to Arcata tonight for a two game stand with the Lumberjacks. The series will be the final regular scheduled game on the 'Jacks schedule this season.

The Raiders will be pointing at the Humboldt five game win streak. They are present leaders of the Oregon Collegiate Conference and hold a pair of wins over Portland State. The Vikings took an early season four point decision over the Lumberjacks.

Leading the Raider invaders tonight will be Dave D'Olivo a potential All-American candidate. The 6'4" pivot man was named on the all-tournament team at the Christmas Tournament.

The Raiders have improved considerably since playing in the eight team affair last December. They are now atop their conference with a 6-2 record. Other players expected to start besides D'Olivo are Gordie Garrigan, Dave Love, Punk Riddington and Jim McAbec.

Humboldt will be trying to keep its five game win skein intact with the starting combination of Joye Miller and Joe Johnson at forwards, Grant Erhart at center and Bill Caver, Eddie Thomas or Georgia Milionis at the guards.

Starting time both nights will be at 9 o'clock with a junior var-

sity preliminary game to close out the Junior Jacks schedule at 7 on Friday night, and the Humboldt State vs. Chico State wrestling meet is scheduled as a preliminary attraction on Saturday evening, starting at 9 o'clock.

'Jack Cagers Leave Sunday For Playoffs

Humboldt State accepted a bid last Monday afternoon from the officials of the National Association of Intercollegiate Athletics to participate in the Western Regional playoffs beginning next Monday evening at Fullerton.

Coach Franny Givens and ten varsity Lumberjack cagers and graduate manager, Howard Goodwin, will leave by auto on Sunday morning, travel to San Francisco where they will board a plane to the playoffs.

Humboldt will play in the second game on Monday night starting at 9 o'clock and will either play in the finals or consolation the following evening. The Jacks are slated to meet the Whittier Poets in the opening round. The Whittier five has a 6-2 league record and took a 67-53 decision from University of Redlands last Tuesday night. The Redlands quintet is one of three teams still under consideration for the tournament.

Other teams include Occidental College 13-9 and Westmont College. Westmont received a 79-66 setback at the hands of the Cal Poly Mustangs last Tuesday and the Oxy Tigers won a 92-71 contest from Riverside also played last Tuesday.

Whichever team of the three gets into the playoffs, they will meet Pasadena Nazarene College which boasts a 17-9 record.

Coach Givens had not announced the ten man traveling squad at press time but it was expected to include the starters; Billy Caver, Eddie Thomas, Joe Johnson, Joe Miller and Grant Erhart along with reserves George Milonis, Jerry Hathaway and possibly frosh relievers Bill Crichton and Larry Krupka.

The winner of the playoffs will travel to Kansas City for the NAIA finals. The Jacks did find a method to their madness when they knocked over Cal Aggies and Nevada was beaten by the new FWC champions, the Sacramento Hornets last weekend. And they now are on the way to a post season tourney for the first time since 1956.

Humboldt Tennis Team Starts Net Workouts

The Humboldt State Tennis Team will begin working out next week for the 1959 net season.

Coach Larry Kerker states that a meeting will be held next week and the netmen will begin working out in the gym. In about two weeks, weather permitting, they will move onto the tennis courts.

The team will be made up of five men. Positions on the team will be determined by a ladder tournament.

Art Dalianes, Lou Karstenson, Paul Zinselmair and Bruce Page are veterans from last year's team. Dalianes was the number one man last year and Karstenson was number four. Zinselmair and Page who did not letter in 1958 are back this year.

Newcomers vying for positions on the team are: Glenn Brackett, Jim Darling, Andy Longenbaugh, Gary Munsey, Gary Peterson, Doug Reidmiller and Carl Struby.

Jack Geary, who was the number one man in 1957, but did not play in 1958, is back again this year.

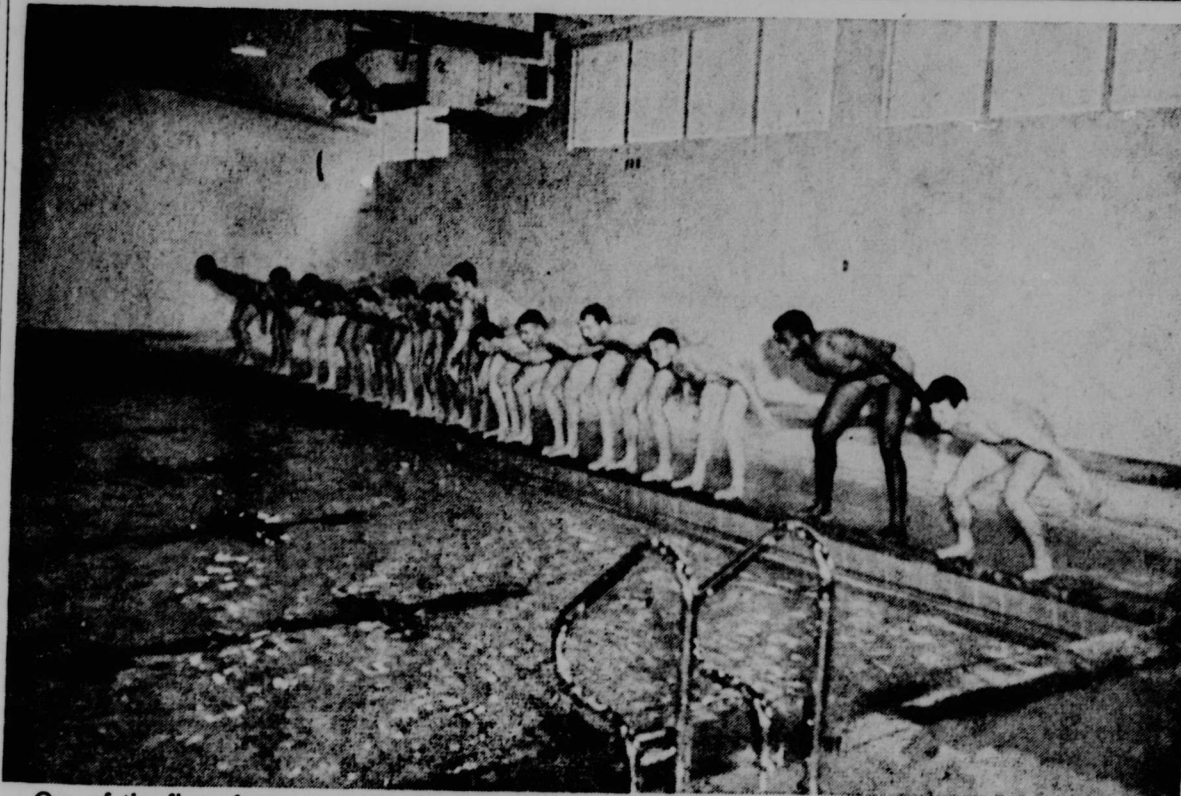

Coach Kerker made no predictions except to say, "We'll field a team."

IN ACTION

Humboldt wrestlers prepare for their second step into intercollegiate wrestling here this past

week. They meet the Chico State grapplers tomorrow night at 7 p. m.

One of the first classes to enter the new swimming pool was at 11 a. m. last Thursday morning

under Bob Doornink's supervision. Who got there first is still being questioned!

Wrestlers Meet Chico Saturday

Humboldt State wrestlers embark upon their second mat meet tomorrow night at 7 o'clock when they meet Chico.

Baseball Season Opens Tomorrow

The Humboldt State Lumberjack baseballers open a 31 game schedule here Saturday afternoon at 12 o'clock when they host the Shasta Junior College Knight horsehiders at the new baseball diamond.

Last Saturday the 'Jacks played an eight inning intersquad contest with the Gold team taking a 11-0 setback at the hands of the Green nine.

Coach Ced Kinzer had not yet released his starting team but he has 31 players including veterans and newcomers to choose from. He may arrive at his starting nine during the doubleheader on Saturday.

Particularly outstanding in last Saturday's intersquad contest were Ike Peterson, Carl Carlson, and Dick Maynard, a backstop prospect. All three were hitting the ball very well while vets Jack Maze, Gary Mauney and Vern Freidly drew praise while working on the mound. Alva Kinney may also see action as a pitcher in Saturday's games.

Last Tuesday they were handed a 33-10 setback at the hands of the Wildcats in their first intercollegiate outing. Admission is free for basketball ticket holders. The nine matches on the card will act as a preliminary to the HSC-Southern Oregon basketball game which gets underway at 9 p.m.

Humboldt entries will be John Tanning, Arman Baradat, Ron Kunstal, Reginald Mintey, Carl Struby, Bob Hoagland, Al Frakes, Phil Butterfield, and Don Westlake.

Chico Matmen In 33-10 Victory

Chico State matmen downed Humboldt State last Thursday night 33-10. This was Chico's fifth match this year and HSC's first try at the intercollegiate sport. Coach Gordon Schroeder felt that his inexperienced squad gave a fine over-all showing.

Humboldt won only one match as John Tanning pinned Tony Angeles of Chico in 1:32 of the second round of the 123-pound division.

Paul Sengo of Chico pinned Armand Baradat in 1:55 of the second round in the 130-pound match.

Chico State's Olympic wrestler, Charles Owens, winner of the third-place medal in the 1956 Olympics, pinned Ron Kunstal in 1:24 of the first round of their 137-pound match.

Jim Russell, C, pinned Rich Mintey, 2:41 of the third round with a double arm lock, 147-pound division.

Paul Echroad, C, pinned Carl Struby, 2:58 of the first round with cradle hold, 157 pounds.

Bud Linggi, C, decisioned Bob Hoagland, 5-3, 167 pounds.

Bruce Bechtol, C, pinned Al Frakes, 2:27 of the third round with half-nelson, 177 pounds.

Phil Butterfield, HSC, won on forfeit over Ted Lincoln in 191-pound class when latter failed to appear.

Art Mathis, C, pinned Bill Nichols, 2:33 of second round, unlimited class.

JUNIOR CLASS MEETING

There will be a Junior Class meeting Tuesday at 8 p. m. in the Green and Gold room when plans will be made and committees appointed for the Junior Prom to be held later this semester. A report from the Prom committee, with Pat Miller as chairman, will be given and discussed. Class officers, Prof. Lynwood Carranco, adviser, and Senior Class president Tony Vasquez will be at the meeting. Refreshments will be served.

Federal Funds Available For Student Loans

Federal funds totalling nearly \$8200 have been allocated for Humboldt State College under the student loan program of the National Defense Education Act, with Dr. William Ladd, assistant to President C. H. Siemens, named as coordinator for the college.

HSC's amount, which ranks third among the California state colleges, is part of a six million dollar total allocation to 1227 colleges and universities in the United States.

The NDA Act requires that special consideration be given to students with superior academic backgrounds who intend to teach in elementary or secondary schools or those whose academic background indicate superior capacity or preparation in science, mathematics, engineering, or a modern foreign language. The loans will be available to college students and to high school graduates planning to enter college. Applications should be made directly to the college.

McGaraghan's

By DAVID MAXON

As Rudolf Serkin's gifted fingers recreated Beethoven's magnificent "Emperor Concerto," the rain drummed on the roof, the clock registered the night in calibrated segments of morning, my dog, Tiber, nodded out of time with the music as he drowsed, and the week's events passed in a kaleidoscopic review. Friday came and as a flashback began, the magical trick of the movie producers, I was wandering down to the property room in the Wildlife Building to snoop among the rows of gear piled on long shelves.

Tall glass graduates for measuring liquids rubbed elbows with dozens of mouse traps while a pair of glistening snowshoes leaned against a sporty motorboat on its highway trailer. Trawl nets, beach seines, and yard after yard of gill nets hung in neatly coiled swirls from the ceiling supported by ingenious pulley-rigged hoisting devices.

A quick glance around revealed some new bundles stacked in a corner. Upon questioning, Stu Murrell, custodian of the equipment, indicated that the long bun-

dle wrapped in heavy waterproof paper contained 4,000 Douglas Fir seedlings. A check with our Forestry Department showed that these will be planted by the local high schools as conservation projects this spring. Until then they are consigned to the frigid depths of a cold storage vault. Brrr. Reforestation — what a remarkable concept — something which our grandfathers certainly didn't stop to worry about!

Another bulky object turned out to be an Army surplus steam cooker for the fisheries department. This will make the preparation of skeletons an easy process. I can remember the tedium involved in boiling a whale skull on a makeshift rig and can imagine problems involved with the intricacies of fishy anatomy.

The oceanographic research project, like the fishing fleet, has been inactive for the past two weeks due to heavy weather offshore. The chartered fishing boat, under contract for the project has to wait for the whims of wind and tide so that Oceanography, like some other sciences depends on nature's mood.

A list of recommended sites for the proposed oceanographic station has been submitted to Sacramento and developments are anticipated this summer when the appropriations question comes before the legislature. Action would then take three to five years. The ponderous system of bureaucracy thus gives this choice of sites to the politicians rather than to the scientists here who will be using the facilities.

A new book entitled "Environmental Conservation" has just been published by Wiley and Sons in New York. The author is Dr. Raymond Dasmann of our Wildlife Department who presents the material at a good angle for those of you who know nothing of basic conservation.
