First Showing Tonight On Welsh Folk Comedy, 'The Corn Is Green'

By ROGER and BONNIE WERTS

Tonight as the audience sits waiting for the curtain to part on the first-night performance of "The Corn Is Green," they will hear the pleasantly moving strains of little-known Welsh music as it floats in over the curtain. The music will be from Welsh folk songs, sung by the HSC a capella choir, and presented by tape recording as opening and background music for the play.

Curtain time is 8:15 p. m. in the main auditorium for performances tonight, tomorrow night, and next Friday and Saturday evenings. Reserved tickets will be on sale today from 2 p. m. to 5 p. m. in the Green and Gold Room, and may

also be reserved by telephoning VA 2-1771, ext. 297. Tickets are one dollar for adults and 50 cents for children. HSC card holders and season ticket holders will be admitted free, but must make reservations.

Dr. Leon Wagner, assistant professor of music, is directing the a capella choir and is preparing the music for the play. The gathering of Welsh music began in the HSC library. There it turned into a frantic search — for only one rather commonplace Welsh song could be found. Dr. Wagner then wrote to university libraries and music departments up and down the coast. During Easter vacation he looked for Welsh music in San Francisco, then as a final effort, sent a letter to Wales in request of authentic material. At first answers and music dribbled in, then they poured in, until now Dr. Wagner feels he has a comprehensive collection of Welsh folk music.

Having obtained the music, Dr. Wagner's problem was to choose the right songs for the play and then to transfer them to the voices of the choir. Dr. Wagner's direction was further needed in teaching solo and group songs to members of the cast. All this hard work will have been to good purpose, for the background and on-stage music is very important in setting the mood for the play. Music to the Welsh people, during the Green, was a form of expressing

(CONTINUED ON PAGE 2)

Astronomy Club To Give HSC 12-in. Telescope

"A major contribution of a 12-inch telescope will be given to HSC by the Amateur Astronomers of Humboldt," E. Charles Parke, assistant professor of physics said this week.

The telescope and its 12-inch mirror are being designed by the Optics class in conjunction with the Amateur Astronomers of Humboldt. Mr. William Abbey, who is president of that organization, is grinding the lens.

Use In Classroom

The telescope, which will have a 72-inch focal length, will be used in upper division physics classes. It will have a spectograph to measure elements present in the stars and a photometer to measure the temperature of the stars, Mr. Parke said.

"It will be about one year before the telescope will be ready. It will be placed on top of the new Science building. The students and faculty will build an aluminum dome to use it."

Help In Design

Students who are helping design the telescope are Ed Holverson, Karlene Movius, Bryan Seiber, Bob Christie and Wayne Smith.

The students joked that they were anxious to have the telescope finished so they "can view heavenly bodies on the beaches."

Mr. Parke said that with the aid of the telescope, "it will be possible to give a course in astronomy in about two years."

Industrial Arts To Be Exhibited

The Fifth Annual Industrial Arts Exhibit will be held in the Green and Gold Room next Thursday and Friday.

Work from Humboldt, Del Norte junior high and high school will be on display along with regular college projects. Special awards will be presented to outstanding student exhibitors. Judging will be qualified persons of the community.

DON PETERSON

Peterson Named Valedictorian

Donald Peterson is the valedictorian for the graduating class of 1959. Peterson was elected in balloting Monday and Tuesday.

A political science major, Peterson is a graduate of Arcata High School and has gone to Arcata schools all his life.

Active in student affair all four years at Humboldt State College, Peterson is student body president. He is also a member of the Green and Gold Key senior honorary and Chi Sigma Epsilon scholastic honorary.

Peterson also has served as president of his freshman class and his junior class and of the campus Young Republicans. In student council Peterson has sat in as Assemblies Commissioner and representative-at-large.

Peterson will give the only student speech at the commencement exercises on Sunday, May 31.

All candidates for the valedictorian honors had an accumulative grade point average of 3.5 and higher.

The other candidates were Dick Holmes, Juanita Buell, Mike Pontrelli, Martha Dudley, Virginia Workman and Mary Stewart.

Race To Be Decided In Vote Today; Seven Students Win Offices

Runoff elections for President of the Associated Student Body and Publications Commissioner will be held today in the foyer of the Administration Building until 4 p. m. Seven of the nine candidates running on the Octagon Volunteer Party were elected in the primary election.

In the runoff for President is Art Dalianes, OV candidate, and Chip Brodie, Independent candidate.

The runoff for Publications Commissioner is between Jack Mays, OV, and Ray Smeltzer, Independent.

Primary election results are as follows: President, Art Dalianes, 270; Chip Brodie, 181; David Maxon, 143. Vice President, John Burger, 346; Jerry Flora, 129; John Smith, 121. Treasurer, Joe Mayfield, 394; Bill Livingston, 196. Secretary, Joan Rasmussen, 315; Sally Wilkinson, 146; Ellie Spencer, 136.

Activities Commissioner, Neil Evans, 371; Stan Brandenburg, 213. Assemblies Commissioner, Mary Lou Barnes, 331; Norman Wright, 265. Awards Commissioner, Bill Caver, 423; Larry Beebe, 168. Publications Commissioner, Jack Mays, 296; Ray Smeltzer, 174; Pat Baker, 126. Rally Commissioner, Ross Strohmberg, 356; Ron Edwards, 235.

The constitutional amendment which would divide the present Activities and Organization Commission into two separate offices was passed 414 to 148.

In the opinion poll the Executive Council was interested in knowing students' opinions concerning the so-called "loyalty oaths". The National Defense Education Act makes several thousands of dollars available to students in the form of loans. In order to receive a loan, the student must sign an oath of allegiance to the United States. In addition to

the oath, the student is required to sign a second affidavit swearing that he is not a member of any group that believes in or teaches the violent or illegal overthrow of the government. Students were asked if they thought this oath was necessary or desirable. Results were 250 voted yes and 296 no.

Mother's Day Tea Scheduled For Tomorrow At 2

The Associated Women Students and Home Economics Club annual Mother's Day Tea will be held tomorrow in the College Elementary School auditorium from 2 to 3 p. m.

A program will be held in the auditorium from 3 to 4 p. m. Musical selections will be given by the members of the music department. Fashions, which were made in clothing construction and tailoring classes will be modeled. Models are Bernice Taylor, Kay Clause, Sharon Bigham, Deanna Foster, Nancy Arguedes, Rosemary Willis, Mildred Gregg, Mildred Turner, Pat Waters, Jan Furell, Chris Ramstad and Mary Ann Regan.

Cafeteria Construction Started; Other Buildings Progressing

Construction began on the new Humboldt State College Cafeteria this week.

Franklin Matsler, assistant to the executive dean, reported that preliminary road work is now underway. The cafeteria is being constructed behind Nelson Hall. A new road will run between Nelson Hall and the new residence halls which are now being completed.

A student bookstore is planned for the first floor of the cafeteria building. Mr. Matsler reported the present bookstore building is owned by the HSC student body, and will be turned over to the student body upon completion of the new cafeteria.

McDonald, Young, and Nelson Company are the contractors for the cafeteria. The building is expected to be completed in about

15 months. Total cost of the new cafeteria will be approximately \$604,000.

The John Lewis Memorial which lies at the north end of the main parking lot is being removed due to road construction. The memorial was erected by conservation students to honor Dr. John Lewis, who was the first wildlife instructor on the HSC campus. Dr. Lewis was killed while on a field trip and the memorial was erected in the spring of 1955. A new location for the memorial has not yet been chosen.

Sealed bids for a new Student Health Unit have been opened. The contract for the building was awarded to Bayside Construction Company, and work is scheduled to begin within a few weeks. The new Student Health Unit will be located in the vicinity of Nelson Hall. Cost of this construction will be \$152,000.

Mr. Matsler said that from all indications the new Administration Building will be completed about July 1. The administrative offices will be moved into the building during the summer.

Also being completed are the Speech Arts Building and the new residence halls. Though the Speech Arts Building may not be completely finished on the inside by September 1, it will be ready for a few classes and faculty offices.

Three other construction projects are planned for this year.

Cast members of the Humboldt Players' production of "The Corn Is Green," which opens tonight, are, back row left to right, Reg Mintey, Larry Clevenger, Gail Murray, Paul Conner, John Bran-

denburg, Bonnie Jean Carter, John Rawlinson, Bob Graham, Lee Mitchell and Bill Livingston; center, Maureen Fegan, Mary Lou Mitchell, Marianne Haynes; front, Virginia Lunau, Bill Turner.

More Opportunities Opening In HSC's Graduate Program

By BARBARA YOUSSEI

Humboldt State is expanding its post-graduate program to include ten new fields of study, said Dr. Ivan Milhous, dean of extended services, noted this week. The new field opened now gives students opportunities to receive a liberal arts degree in art, biology, business education, drama, economics, English, history, music, physical education, and speech correction.

The post-graduate program was begun at Humboldt in 1950 when John McDonald received a master of arts degree in education. He is now dean of the extended day program at Oceanside Junior College.

Since that time, approximately 70 advanced degrees have been conferred.

The original program approved by the State Board of Education for state colleges applied only to degrees in education, or major subjects that could be taught at the high school level.

Now advanced degrees may be earned in the social sciences, game management, fisheries and liberal arts as well as education.

The post-graduate program is open to anyone with a bachelor's degree. Although no exact grade index is required, Dr. Milhous said that chances for success were

better if the applicant had maintained a B (3.0) average.

The applicant must complete 12 units of post-graduate work before being officially approved by the division as a post-graduate. During this 12-unit period, special qualifying tests are given.

A thesis is commonly required in many programs, but several offer an alternate program which includes a comprehensive examination and additional courses.

"Anyone who takes any post-graduate courses should select courses with the assistance of an approved adviser to be sure that the courses will fit into the master's degree program," Dr. Milhous said.

A graduate bulletin is in preparation and Dr. Milhous hopes that it will be available for distribution by the beginning of summer session.

Pat's Perusals

- News Around Campus -

Pat Baker

Well, what do you know! Stanford University is planning to become the site of a unique (among colleges that is) side walk cafe. Planned are eight tables that will have a seating capacity for 28 people. The whole idea came from a Stanford exchange student from the Netherlands, Onnon van Teuren, and a committee has been set up to carry out the idea. Plans call for the serving of five kinds of Espresso . . . half coffee and half milk to you unknowing readers (I looked it up, too!) While all these ideas are still in the planning stage . . . I like the ideas of such a cosmopolitan atmosphere.

Besides this sidewalk cafe will give the Stanford students something to do besides setting all time records for playing bridge. They have claimed that they hold the record for the longest bridge game of all time . . . the figures I will not give you, for fear of contradiction.

I know I promised! But here I go again . . . My subject! frogs. This article in the "Today's Bul-

letin" for last Tuesday caught my eye; "The jumpiest frogs you ever saw! For sale by a private concern, namely, elementary grade school boys! If interested, see the Dean of Activities." Thinking you readers would be interested in this sale, or Lumberjack Days of course, I tried to contact a salesman to get a statement on his wares for my column. However, it seemed that the "frog" men were out on the job . . . jumping frogs are hard to come by. These salesmen spend every minute they are not stuffing telephone booths and engaged in such other intellectual spring pursuits, catching these frogs. The point of all this rambling is that if you are interested . . . contact someone . . . anyone! And again, I end this subject with the comment . . . no more "frog" talk. At least not until Lumberjack Days

Don't forget the AWS Mother's Tea tomorrow. It will be held in the College Elementary School auditorium, from 2 to 3 p. m. Fashions from the clothing classes

Noyo Trip Termed Success By Humboldt State Artists

By PAT BAKER

A landscape painting trek to the spectacular Mendocino coast gave a group of Humboldt artists both a memorable trip and exciting artistic opportunities.

Karen Fraser, junior elementary education major, described the trip, which was taken April 16.

"The main purpose of the trip to Noyo was to do some landscape painting. Most of the group who decided to go to Noyo had recently visited San Francisco and toured the various art exhibits. Incidentally, we saw a few of the beatnik art displays, which were fabulous, strictly from an artist's view. After coming back from San Francisco we decided to find a picturesque place and do some landscape painting or our own," Miss Fraser said.

Noyo is in Mendocino County, about two or three miles from Fort Bragg. The trip into Mendocino county was made by way of the Leggett Valley, Highway 101, turnoff. After you turn off the highway there is nothing but winding mountain roads. The scenery along these roads is fit for an artist's imagination, Miss Fraser said.

Tangle Of Bushes

One sight along the trip to Noyo intrigued Miss Fraser. She said, "Coming down off one of the mountains into a flat stretch of road there is a house completely engulfed by shrubs. When you drive down on the flat all you can see is one large bush. It is quite a surprise to drive by this bush and find there is a house underneath all this tangle of bushes."

"We found Noyo to be an excellent choice for the trip. The rugged coastline makes for a very picturesque landscape. The group got some excellent paintings, with real feeling being expressed, that catch the native atmosphere of the area."

Spring Toyon Gives Variety Of Reading Matter

A check of the printer's galley proofs of Toyon last week showed 15 entries by 11 authors. An analysis of the poems and stories reveals one critical essay with the balance of material being about two poems to each prose work.

Tony Doyle's caricature of the cold war begins the issue followed by a case history-type of story on human relations by Frank Leach. The setting for Frank's story is a military base overseas.

A short poem, titled "Lion" by Don West is next. Don is from South Africa, and shows his empathy with animals in his poem.

Toyon's editor, Janis Williams, has contributed a poem and short story on the "friendship" of friends.

D. H. Green injects a ribald note with his sharp observations on human nature in his poem, "Well Rounded."

Larry Metcalf brings the psychologist's "id" before us with an alcoholic's reflections in his poem, "My Hat."

Larry Metcalf's "Of Wood and Water" shows a poet's choice of word and thought next, followed by a theological essay written by James Bilderbach.

Outdoorsman Bruce Paige's "Trees in Fall" show feeling in the philosophical mood.

Pat Quinn gives a Navy Frogman's thoughts during a training mission with his poem "The Swim To Avalon." This poem is especially meaningful to anyone who has swum on the high seas.

"Carelessness," a story by Carol Wiesjohn, gives a note of tragedy and fate.

Other contributions in this issue of Toyon contribute to a "well-rounded" group of ideas for the students' perusal.

at HSC will be modeled and a fine musical program is planned. Bring your mother and show her all the progress being made at HSC.

The artists found a pygmy forest in the area. This forest contains dwarf species of various types of trees. Miss Fraser said that there is something lacking in the soil that robs these trees of their growth. The tiny trees served as models for the artists.

Mendocino City

"About three miles from Noyo is a place called Mendocino City. It was built in the 1700's, and the buildings still retain their original state," Miss Fraser continued. "We spent quite a bit of time in this colorful town, though the group was too interested in exploring to find time to capture the town in paintings. However we have made a pledge to go back there soon, because this town would make an excellent subject for the paintbrush."

Miss Fraser said one of the town's main attractions was a graveyard with tombstones dating back to the 1700's. The artists spent two hours going through the graveyard, reading the inscriptions marking the graves. Some of the inscriptions were written in poetry, some of them were humorous. "The inscriptions on the stones told of death that came from historical battles. Some of the people buried there were more infamous than famous in history. California history could be learned from that graveyard in Mendocino City," Miss Fraser said.

Other Artists

Other HSC students who made the trip to Noyo were Jim Sullivan, Barbara Brown and Ralph Hellburg. Melvin Schuler, associate professor of art, accompanied them. Three HSC graduates also made the trip. These are Floyd Bettiga, now an art instructor at George C. Jacobs Junior High, Jean Ish, and Marian Holverson. The group has no formal recognition, though it is under the direction of Mr. Schuler. Plans are now being formulated for further expeditions.

Miss Fraser says of the group, "We do not want formal organization. We first got together for the trip to the museums in San Francisco, and then the Noyo trip came up. We plan to keep it informal, for complete organization would do nothing but bind us and what we want is freedom to express ourselves in painting."

'CORN IS GREEN'

(CONTINUED FROM PAGE 1)
emotion and feeling. They were isolated, uneducated — because they could not write, they sang. period covered by "The Corn Is Ignorance and Education"

It is this lack of education which forms the theme for "The Corn Is Green." The story brings Miss Moffat (Maureen Fegan) to Glen-sarno, where she begins her school for the enlightenment of the coal mining inhabitants. It is this ignorance from which most of the comedy of the play arises. This ignorance causes Miss Moffat's temporary defeat, yet establishes her ultimate triumph. It is this ignorance, successfully overcome through the person of Morgan Evans (Bill Turner), which forms the final optimism of the play.

Cast Members

Also in the cast are Reginald Mintey as John Gorowny Jones, Mary Lou Mitchell as Miss Ronberry, William Livingston as the Squire, Gail Murray as Bessie Watty, Marianne Haynes as Mrs. Watty, Robert Graham as Idwal Morris, Virginia Lunau as Sarah Pugh, John Rawlinson as A Groom, D. Lee Mitchell as Rob-bart Robbatch, Larry Clevenger as Glynn Thomas, John Brandenburg as John Owen, Paul Conner as Old Tom, and Bonnie Jean Carter as Mrs. Morris.

The play is directed by Mrs.

STUDENT COUNCIL MINUTES

April 16, 1959

The meeting was called to order by vice president Joe Chappelle. Those present were Don Peterson, Armand Baradat, Jack Menzia, John Burger, Larry West, Linda Sarboe, Joan Rasmussen, Howard Goodwin, Bob Merritt, Fred Johnson and Jacquie Callihan.

Correspondence — Chip Brodie requested that four people be named to the Board of Control by April 22. Olin Kirkland, Martha Dudley, Claudine West and Gary (Karl) Haber took the test and passed. John moved we approve the four names submitted. This was seconded and passed.

Committee Reports — The Flag and Seal contest has been extended to next Wednesday.

New Business:

Bleachers — It was suggested that bleachers be put up along the first base line. There is only one more home game so this will be requested for next year.

Bowling Club — Miss Buchanan asked if it would be possible to have some trophies for the Bowling Club. These trophies would run from year to year. It was suggested we find out more about it.

Sign — Bill Johnson wanted to know what type of background we want on the sign. It was suggested that it be solid white.

Lumberjack Days — Question was brought up about having Friday afternoon off. Linda Sarboe will carry our suggestion to the committee.

KENL — We now have 15 minutes on radio KENL on Wednesday at 8 p. m. Lary said anyone is welcome to work with him on the program.

Treasurer Fred Johnson reported that the budget hearings are over and the budget is ready to be presented to the President. \$357 more is needed to pay for the NAIA Basketball trip to L. A. Don moved we pay the \$357 out of unallocated. Seconded and passed.

President's Report — Don reported that the Student Body Presidents' convention discussed the two senate bills and the decision is to oppose both of them. Delegates were sent to Sacramento and letters were sent to chairmen of the proposed bills.

Retreat — Don said that Fred is now chairman and Linda, Joan, Don, and Karen are working with him.

Elections — Don asked that a sign be made telling where voting booths are stationed; also the Loyalty Oath is on the ballot and needs advertising. Larry will take care of the signs and advertising. Petitions must be in by 5 p. m. next Wednesday.

There being no further business, the meeting was adjourned.

Respectfully submitted
Karen Dillard,
ASB Secretary

Evelyn McCurdy, associate professor of speech. This is Mrs. McCurdy's second year at Humboldt State, and "The Corn Is Green" is the second show she has directed here. She has considerable experience, having directed, among others, Greek tragedies, Shakespearean plays, plays of Christopher Fry, Anton Chekhov, and many of Tennessee Williams' works. Those of you who were here last year will remember her success in recreating the poetic, moody atmosphere of Williams' "The Glass Menagerie." Mrs. McCurdy is also an actress, and has been since her days in junior high and high school when she appeared in movies. Since then, she has gained much acting experience in professional theater, films, and television in New York and Hollywood.

POLIO PROTECTION

Faculty and personnel polio shots will be given in the Student Health Service on May 20 from 10 a. m. to noon and from 1:30 to 3 p. m. Those scheduled for their third shot will be notified. Anyone else wishing polio shots should sign up in House No. 4 by May 8.

To Lead In Game Color Next Year

Pictured above are the newly elected song queens and cheerleaders for the 1959-60 school year. In the back row, left to right, are Mary Lou Robertson, Joan McDowell, elected head song queen, Pat Mayer, Pat Van Deventer, and Donna Heckman. Front

row, left to right, are cheerleaders Donna Cleveland, Frank Chester, Muriel Armstrong, and Reuben Segura. They were elected by the HSC Executive Council at a recent meeting.

ASB Presidents To Attend Confab

The newly-elected ASB president and Don Peterson, current student prexy, will go to Reno, Nev., next Wednesday to attend the annual convention of the Pacific Student Presidents' Association. The PSPA is an organization of student leaders from all the colleges in the 13 western states and British Columbia. The convention is held every year to allow the students to get acquainted and discuss mutual problems.

Orientation sessions will be held to aid the new student body presidents in learning how to meet the problems of student government.

Plans Underway For Frosh Camp

A publicity sub-committee for Frosh Camp has been set up under the direction of Frosh Camp chairman Fred Johnson.

Heading the publicity committee is Joe Mayfield. Working with him are Frank Chester, Donna Cleveland, Dianne Greenlee, Joan Rasmussen, Betty Moore, Anita McBride, Nancy Hunsinger, Bob Gamboni, John Rawlinson and Pat Mayer.

Uniforms for Frosh Camp committee members were also decided upon at the meet held April 23. An outfit of yellow sweatshirt and green bermuda shorts was suggested by Bud Kolding. Possibly an ivy league or straw hat will be added to the outfit.

Other members of the Frosh Camp Committee working with general chairman Johnson are Glendyne Baldwin and Kerry Neblett acting as secretaries. Silvio Barretta is in charge of recreation and transportation.

Frosh Camp is held before the beginning of the Fall semester to acquaint new HSC students with the college. This year's Camp will start Sept. 12.

Air Force Has New Officer Program

The United States Air Force has just opened a new program for college graduates of an accredited college. For those who can qualify, it will offer a commission as second lieutenants three months after entry into the Air Force. During the first three months of training they will be paid the basic pay and allowances of a staff

Talent Search! Frogs Needed For Lumberjack Days

By KAY MORRISON

Calaveras County and its jumping frogs will have nothing on Humboldt County after Lumberjack Days. If frogs have anything to do with the recognition of a county, Humboldt may well have earned itself a more prominent position on the map after the frog jumping contest sponsored by the Delta Sigma Phi fraternity.

The contest is open to clubs and groups of individuals, and they may enter as many frogs as they wish.

The competition will be ruled by the following points. Each frog will be placed on a mark and without aid or prodding from its handler, it will be required to make three jumps. The jumps must be completed within two minutes, and any movement over two inches will be considered a jump. Measurement will be made from the point where the third jump is completed to the starting mark. The frog with the longest recorded distance will be the winner.

Each frog will be allowed only one series of jumps per entry fee, but one frog can be entered more than once if an additional fee is paid. The entry fee per frog of one dollar must be paid to Ron Siemens one hour before the beginning of the contest. There are no limitations as to size, color, shape, sex, creed, race or religion of the frogs.

Other highlights of Lumberjack Days, which are scheduled for May 15 and 16, are drama, dances, banquets and luncheons, swimming and other fun features.

sergeant. After being commissioned, they will then receive further training in one of the many technical fields of the Air Force, according to background of education and best abilities.

Since this is a brand new program being offered for the first time, Captain Paul Parker, who is the special project officer for this program, will visit Humboldt State during the first week in May to answer any questions and fill in details to those who may be interested. The hallway in the Administration Building will be used for this purpose.

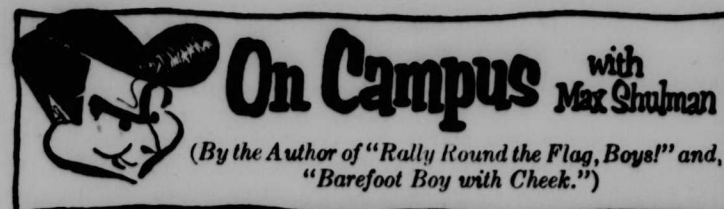

Special Assembly Material Planned For Next Year

The special assembly series started this year, worked out so well that it will be enlarged next year, Miss Kate Buchanan, dean of activities, reported this week.

The Assembly Committee, composed of students and faculty, is in the process of planning next year's program, which will include one assembly a month. Classes will be dismissed for these programs.

"Had we had more and better seating arrangements for our students in the auditorium, classes would have been dismissed for this year's assemblies," Miss Buchanan pointed out. Next year the assemblies will be held in the new Little Theater, which will seat some 800 persons.

This year HSC has had some four main programs which were Russell Jones, who received the Pulitzer Prize in Journalism; Dorothy Crawford, dramatic reader; Russ Porter, who showed a Russian film "Flight to the Soviet"; and Andrea Molnar, Hungarian Olympic lady gymnast.

ADVENTURES IN SOCIAL SCIENCE: NO. 3

Today, ranging again into the fascinating world of social science, let us take up the subject of anthropology—the study of man and his origins.

The origin of man was indeed a puzzle until the Frenchman, Jean-Louis Sigafoos, discovered the skull and shinbone of Pithecanthropus Erectus in Java in 1891. What Sigafoos was doing in Java is, incidentally, quite an odd little story. Sigafoos was a Parisian born and bred. By day one could always find him at a sidewalk cafe, sipping barley water and ogling the girls; each night he went to a fashionable casino where he gambled heavily at roulette and go-fish; in between times he worked on his stamp collection, which was one of the largest in Paris.

Well sir, one summer Sigafoos lost his entire fortune gambling at the casino. He was seriously contemplating suicide when, quite unexpectedly, a letter arrived from one Lotus Petal McGinnis, a Javanese girl and an avid stamp collector, with whom Sigafoos had been corresponding from time to time through the international stamp collectors journal. Until now the nature of their correspondence, though friendly, had been strictly philatelic, but in this new letter Lotus Petal declared that although she had never laid eyes on Sigafoos, she loved him and wanted to marry him. She said she was eighteen years old, beautiful and docile, and her father, the richest man in the tribe, had agreed to give half his fortune to the husband of her choice. Sigafoos, penniless and desperate, immediately booked passage for Java.

The first sight of his prospective bride failed to delight Sigafoos. She was, as she said, beautiful—but only by local standards. Sigafoos had serious doubts that her pointed scarlet teeth and the chicken bones hanging from her ears would be considered chic along the Champs Elysées.

But sobering as was the sight of Lotus Petal, Sigafoos had an even greater disappointment coming when he met her father. The old gentleman was, as Lotus Petal claimed, the richest man in the tribe, but, unfortunately, the medium of exchange in his tribe was prune pits.

Sigafoos took one look at the mound of prune pits which was his dowry, gnashed his teeth, and stomped off into the jungle, swearing vilely and kicking at whatever lay in his path. Stomping, thus, swearing thus, kicking thus, Sigafoos kicked over a heap of old bones which—what do you know!—turned out to be Pithecanthropus Erectus!

But I digress. From the brutish Pithecanthropus, man evolved slowly upward in intellect. By the Middle Paleolithic period man had invented the leash, which was a remarkable technical achievement, but frankly not particularly useful until the Mesolithic period when man invented the dog.

In the Neolithic period came the most important discovery in the history of man—the discovery of agriculture. Why is this so important? Because, good friends, without agriculture there would be no tobacco, and without tobacco there would be no Marlboro, and without Marlboro you would be without the finest filter cigarette that money can buy, and I would be without a job.

That's why.

© 1959 Max Shulman

Without tobacco you would also be without Marlboro's sister cigarette, Philip Morris, a non-filter smoke that can't be beat. Philip Morris or Marlboro—pick your pleasure.

Delta Zeta Sorority To Install First Officers At EWC May 9

BY BONNIE MONTGOMERY

Mary Lou Barnes, sophomore physical education major from Fortuna, will be formally initiated and installed on May 9 as the first Delta Zeta president on the Humboldt State College campus. Installation ceremonies will be held in the Eureka Woman's Club at 6:30 p. m., following a formal banquet.

Other officers include vice president in charge of pledge training, Carolyn Sander; vice president in charge of membership, Betty Burnside; secretary, Lois Gardenhire; corresponding secretary, JoAnn Ferguson; treasurer, Nancy Foster; historian, Julia Burgess. A vote was taken by the members that all officers would resume their positions during 1959-1960 as active officers of the chapter.

Formed Last Year

The colony of Delta Zeta pledges was formed at HSC last December 10. Miss Barnes said, "The aim of the Delta Zeta sorority is to increase friendship, encourage scholarship, social culture and

womanhood, so that they will benefit the sorority, campus and the community."

The past activities of Delta Zeta have been exchanges with Delta Sigma Phi fraternity, co-sponsoring a candidate for the Popera, helping in the AWS Coketail, and conducting rush parties. Standard meetings will begin next year, which will include lessons on charm, etiquette, and personality development. Delta Zeta will also sponsor a project for the National Philanthropic, which is supporting an eastern college for deaf children.

Workshop Conducted

The members recently returned from A State Day Convention in Berkeley, where they stayed at the oldest Delta Zeta Chapter house in California. This workshop was primarily to help the group in becoming better organized. Awards were given for outstanding scholarships and projects.

Miss Barnes is active as secretary of the California Student Teachers Association on campus, and attended two conventions in San Francisco, one in Los Angeles, and one in Asilomar this past year. Her other activities have been as historian of Spurs, secre-

By DAVID MAXON

Our friend, Frank Belotti, has been at it again, sponsoring a bill to permit the multiple use doctrine in our state parks.

I am going to suggest to him that he attach a rider providing for extensive planting of Lupines. Lupines are such a pretty flower and as far as I know, are commercially valuable to no one. This planting will be necessary to keep the tourists coming, once the lumber interests have completed cutting all the Redwoods from the park lands.

The concept of multiple-use, whether advocated for the National Forests, National Parks, Wilderness and Primitive areas or our own State Parks, is nothing more than an opening wedge which commercial interests would love to drive into our recreational areas to begin the rape of one of the last of our heritages — the great outdoors.

Dick Nitsos is now stationed in Eureka and is working for the California Dept. of Fish and Game on marine fisheries. Dick, along with another F & G employee, Dan Gottshall, are recent HSC graduates from our Fisheries Department. Dan gave a slide talk on the commercial fisheries of our state at the last C. U. meeting and indicated that tremendous population growth potentials are possible by improving the habitat for various fishes on the ocean floor. This might be a good project for local sportsmen?

The new Forester hired during

tary of the PE Majors Club, Frosh Camp counselor, on the Homecoming Committee as chairman of the annual beanfeed, and chairman of the AWS handbook.

The Delta Zeta's hope to have their sorority house on campus in the near future.

Easter as reported in this column is Dr. Ed Sturgeon. He hails from the eastern part of the country where he now heads a two-year forestry program at Michigan Tech. which is close to the Canadian border at a town named Saulte St. Marie. Dr. Sturgeon is a graduate of the University of Michigan's School of Forestry where he took his M. S. and Ph. D. degrees, after growing up in southern Illinois.

The conviction in a local stream pollution case against the Hammond-California Redwood Corporation by the California Department of Fish and Game was reversed in a higher court recently, due to a loophole. Any of you who ever want to catch a salmon in George Orwell's classic year of 1984, (which is getting here all too soon), had better get busy and start chunking in these loopholes in our Fish and Game laws and PDQ!

Dick Holmes, C. U. president, has received word that he will be hired this fall at the University of California, at Berkeley as a Teaching Assistant in Zoology. Dick's summer plans are to study the lemmings and shore bird population at Joint Barrow, Alaska, and

Summer Term Pre-registration Set For Next Week

Student now attending HSC who wish to pre-register for the 1959 summer session may do so next week, May 4-8, according to Mrs. Mary Ann Smith, registrar.

The week has been set aside to give regular students an opportunity to consult with their advisers about courses they plan to take during the summer. Students may register at any time during the week during regular business hours of the Registrar's office. Fees are payable at the Business office at the time of registration.

The advance registration is not open to any but students regularly enrolled in the present spring semester. Students who fail to pre-register May 4-8 must wait until the regular summer session registration date of June 22.

DORM DINNER SET

Nelson Hall women will hold their annual dorm dinner at the Big Four on Thursday evening. Each woman student living in the dorm is obligated to pay dues of \$2 a year, which are used for the dinner at the end of the spring semester.

work on his Master's Thesis. This is possible through a contract between U. C.'s Museum of Vertebrate Zoology and the Naval Arctic Research Lab. Dick's done a fine job here at HSC and we wish him luck.

Do You Think for Yourself? (TAKE THIS FAST QUIZ AND FIND OUT!*)

1. Which would you consider more essential to a happy marriage: (A) the mates' similarity in ages and backgrounds, or (B) their intelligence and adaptability?

A ☐ B ☐

2. Which of these two famous men would you most prefer to be like: (A) King Midas, or (B) Ludwig van Beethoven?

A ☐ B ☐

3. If neither party's candidate in an election was satisfactory to you, would you (A) not vote, or (B) vote for the "lesser of two evils"?

A ☐ B ☐

4. If your performance in a group effort was being unjustly criticized, would you (A) settle the score directly with your critic, or (B) ignore it and let the group decide its merits?

A ☐ B ☐

5. Do you believe that the meeting with your future mate is primarily a matter of (A) geography, or (B) fate?

A ☐ B ☐

6. If you were to come unexpectedly into a sizable sum of money, would you (A) bank or invest it and spend only the income, or (B) take a year off to travel around the world?

A ☐ B ☐

7. Do you think the saying "It never rains, but it pours" is (A) generally untrue, or (B) invariably true?

A ☐ B ☐

8. Would you rather invest money in: (A) great art, or (B) diamonds?

A ☐ B ☐

9. Are you influenced more in your choice of filter cigarette by (A) your own taste and judgment, or (B) friendly advice?

A ☐ B ☐

Next time you light up, take a moment to think about what you really want in your filter cigarette. Most men and women who think for themselves choose VICEROY... for the very sound reason that it's the one cigarette with a thinking man's filter and a smoking man's taste.

*If you checked (B) on three out of the first four questions, and (A) on four out of the last five, you really think for yourself!

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!

Debaters Attend Experimental Tournery In S. F.

Five members of the HSC debating team went to San Francisco State College last Friday and Saturday to attend the Experimental Tournament which is held every spring. Members included Karl Harber, Chuck Atkinson, Bernard Mouton, Ed Spencer and Karla Kaski. One person from each participating college was on each panel.

The purpose of the tournament was to create new forms and new combinations of ideas on speech situations. There was an experimental division in radio and television speaking.

In the Oral Interpretation event and discussion progression, Humboldt scored highest in the discussion progression event. The first three hours were devoted to a discussion of the question, "What Policy Should Now Be Followed With Respect To Public Intriguation."

In the discussion rounds the members of the panels evaluated each other's contributions and then selected the most effective participants. Karl Harber was selected first in his panel and Chuck Atkinson was selected second in his panel.

In the subsequent rounds of debate, Atkinson and his partner from COP placed second. Harber and his partner, Jim O'Sullivan, were undefeated, but lost in rating. Harber won fourth in the sweepstakes and first in the discussion.

This was the second major individual trophy Humboldt has won this year.

Mays To Attend CIPA Meeting

Jack Mays, editor of the 1959 Sempervirens, will attend a planning meeting at San Francisco State College tomorrow for the 1960 meeting of the California Intercollegiate Press Association.

Mays was elected second vice president of CIPA, the first Humboldt student honored by election in the organization, at the annual CIPA convention in San Bernardino in March. The 1960 CIPA convention will be held in San Francisco.

Owner-operators of small businesses in Eureka and Arcata are helping students in Prof. Paul Menges' business management courses learn at first hand just what is required to operate a home-town business successfully.

The classes have been visiting various businesses this spring semester to study pricing, advertising methods, volume and traffic of merchandising. Shown here are Fred Nunnemaker, Don Johnson,

Prof. Menges, Pete Swanson and Dale Poovey of the Small Business Management class, with Mr. Douglas Rex of Rex's Redwood Gift Shop, Eureka, who played host to the class last week.

During the semester classes have made plant studies of the Lazio Fish Co., and Simpson Redwood Co., and have visited the Arthur B. Siri Aggregate Co., North Coast Mercantile Warehouse, Arcata Plywood and the Humboldt Land and Title Co.

Spurs Installation Ceremonies Scheduled For Middle Of May

Billie Frasier, freshman elementary education major from Eureka, will be formally initiated and installed as president of Spurs, at a dinner May 14 at the Country Club in Arcata. Rosilee Waits, secretary science major from Fortuna, will assist Miss Frasier as vice president next year. Other officers have not been announced.

Student Poets' Talent Sought

The deadline for the Dorothy F. Kerr Poetry Writing Contest is today!

Many inquiries have been received concerning this search for poetic talent, according to Dr. James McNelis, faculty administrator of the award program. The primary objective of this search is the stimulation of interest in writing poetry within the student body. Dr. McNelis pointed out that results of the contest are very evident from the progressive improvement in Toyon over the past few years, and was optimistic with the future for creative writing on campus.

The award program was started in 1957 by Mrs. Dorothy F. Kerr, of Kerrydale Ranch, Korb, who is a poet herself. Awards of \$50, \$30 and \$20 will be made to the three top student poets. The awards are given as an incentive to interest and ability, rather than for purely competitive purposes.

I. A. Instructors Attend Meeting

Dr. Ernest Bednar and Dr. Arthur Stegeman last week traveled to Long Beach to attend the national convention of the American Industrial Arts Association and Industrial Arts Teacher Educators.

Dr. Bednar served as a member of a special panel. The topic of the panel was "How Can Industrial Arts Teachers Reach the Individual Exceptional Learner and Develop His Unique Capabilities?" Dr. Stegeman served as recorder for the same panel.

Dr. Stegeman also interviewed several candidates for a teaching position in the Industrial Arts department for the fall semester.

Miss Frasier is a graduate of Eureka Senior High school, where she was active as the sophomore class secretary, Girls' League president, in French Club, a capella choir, CSF, and took part in the Senior Class play.

The HSC Spurs are an outgrowth of Spokes, an honorary sophomore service organization. The Spokes were on campus for many years, receiving their charter in 1956 to become Spurs. Since that time the Spurs have been striving to improve old ideas and foster new ones which will improve the organization on campus. The purpose of the organization is to promote school spirit and support all activities in which the student body participates, to foster among the women of the college a spirit of loyalty and helpfulness, and to uphold all the traditions of HSC.

Many traditions of Spurs in the past have included their annual reunion, sponsoring a Homecoming queen, sending a delegate to the regional Spur convention, Star Lighting, Spur Tea, Tapee Dinner, and the installation and initiation luncheon.

The qualifications of freshman women to become a Spur are to show an interest in and participate in college activities, dependability, sense of honor, unselfishness, a sense of democracy, and a scholarship rating equal to at least a C plus average. Those meeting the qualifications receive an invitation by the active Spur members, and are thus voted upon. Tapping ceremonies are held in the spring semester.

Spur officers during the past year were president, Joan Boynton; vice president, Pat Waters; secretary, Ellen McKeowen;

Boot and Blister Club Schedules Weekend Outing

The weekend of May 16-17 is scheduled for the Boot and Blister Club's adventuresome outing to the lofty Trinity Alps.

The trip will begin on Friday evening with a rendezvous after supper in Arcata. A "cold camp" will be made at the trail head above Dedrick, which is at the end of the road. Dedrick is reached from a turnoff roughly 30 miles east of Willow Creek on U. S. 299.

Highlights of the trip will depend on the condition of the snow fields, since a low snow level on the peaks will make the Canyon Creek Lakes inaccessible.

A community-cook type of supper is planned for Saturday night and fishing above the waterfall is possible, again depending on the snow level.

Sunday morning will offer varied activities for the choice of each adventurer, with the possibility of some fine steelhead fishing on the nearby Trinity River.

Rich Wheeler, club president, urged all interested students and faculty members to feel welcome and join the group for this event.

Rides are usually available on a split-the-cost basis and arrangements should be made beforehand by those who plan to participate.

AWS ELECTIONS

The AWS elections, previously scheduled for this week, were not held due to the conflict with the student body elections. A new date for elections will be set for next week, according to Mrs. Mary Farr, AWS adviser. The AWS constitution proposed amendments will also be voted on during the forthcoming election.

Junior Prom Set For May 16 As 'Days' Finale

The Junior Prom will be held on Saturday, May 16, at the Eureka Inn to top off the gala Lumberjack Days celebration.

"The dance is the highlight of the spring social season. It's only two weeks away, so all dates should be made now," said Jack Mays, junior class president.

Theme of this year's dance is "Garden in the Rain." Music of Woody Thompson and his orchestra will be featured. Decorations will be centered around the garden idea.

The dance is semi-formal.

The committees appointed this week are: invitations and bids, Bill Hayward; decorations, Barbara Brown; band and publicity, Joe Romero; refreshments, Ellie Spencer. All committee heads have reported that they have been getting excellent response from the members of the Junior Class and any class members interested in working on the dance may contact either one of the committee heads or Mays.

Bids will go on sale next week at the price of \$2.50 per couple. The exact time for the beginning of the bid selling will be announced in the daily bulletin. "The junior class wants to make it clear to the students that the Prom is open to the student body and not just the juniors," Mays said.

Pottery Exhibit Goes Up Monday

An exhibit of 17 works of Frank Hamilton, internationally famous potter of Belvedere, Calif., will be displayed in the Art Gallery from Monday until May 21.

Hamilton is noted for his precision work, and Reese Bullen, professor of art, who arranged for the exhibit, called the artist "one of the best craftsmen in pottery working today in America."

Wilder Play Given

An appreciative audience Tuesday evening viewed Thornton Wilder's one-act comedy, "Queens of France," directed by Mrs. Jean Wagner. The play was presented as a semester project in Dr. Jerry Turner's class in directing.

SPEECH TEACHERS MEET

Members of the HSC Speech Faculty Department will be hosting a meeting of speech teachers from California state colleges and universities May 8 and 9. The group are members of Western Speech Association.

HSC Dumps Sacramento

FINISH of the mile relay last Saturday at the Humboldt State and Sacramento State track meet saw the Lumberjack batonmen win the final running event to insure HSC its seventh straight dual meet win. The Jacks upset the high-flying Hornets 71½-59½ to claim a tie with Sacramento for the unofficial Far Western Conference Dual Meet title.

'Jack Golfers In Four-Way Match At San Francisco

The Humboldt State golf team traveled to San Francisco yesterday to participate in a four-way

match at the Golden Gate City with Far Western Conference linksmen from Cal Aggies, Sacramento State and host San Francisco State.

Traveling with the squad were coach Phil Sarboe, John Yingst, Pete Dye, Chuck Blackburn, Rich Bailey, Billy Caver, Mel Bailey, Rod Sandretto and Pat Benson.

Yesterday's match was the last before the FWC finals on May 9 and 10 at Woodland.

'Jack Trackmen Crown Best Season In History

By HUGH CLARK

Humboldt State reached an unpredicted zenith in track here last Saturday as they overcame all expectations to drop the surprised Sacramento State Hornets 71½-59½.

The win brought Humboldt Far Western Conference recognition, a dual meet win string of seven straight, an end to Sacramento's dominance of the FWC this year and their yearly domination over the Lumberjacks.

In the win came five new records including a tremendous discus mark by Humboldt's Bill Hook and a new Redwood Bowl mark by javelin expert Vester Flanagan.

From the win came one of the best meets that has ever been witnessed on the Hilltop campus. It provided a large turnout of fans who braved a near-constant downpour to watch the meet. An all-inspiring performance with closeness that can only be found in tremendous athletic performances that the Jacks gave their loyal track and field filberts.

Starting as a dismal affair with Sacramento's favorite Hornets taking a mammoth lead of almost 2-1 in the early stages, the meet progressed into a tight affair that went right down to the wire with only the mile relay and discus left to decide the winner.

Humboldt took the relay with an all-out effort by co-captain Marshall Stevens, leadoff man Frank Alden and anchor runner Keith Weidkamp. Along with Frank Stanley the foursome traveled with a clocking of 3:26.8 to garner a 20 yard win from the touted Hornets.

Then came Hook's throw of 159'5½" in the discus to establish a new school and bowl record as well as being the best recorded effort by any FWC weight win in the conference history. And then came Tom Schubert's second in the event with a one and one-eighth of an inch win over Bill Popejoy.

What really made the difference was the efforts of all the field men with a near-sweep in the high jump led by Bill Crichton's 6'2" jump, a sweep in the pole vault with Roger Biffle winning at an easy 11'6", coming back with an exhibition jump of 14'3" and the one-two in the broad jump and javelin.

Flanagan's toss of 188'10½" was good enough for a new Redwood Bowl mark, while freshman teammate Jim Marker got a 184 foot throw for a close second.

Dean Carrier won the high hurdles and placed second in the lows as he gained his first HSC win.

Weidkamp toured the quarter mile in a streaking :50.2 over the wet, muddy track. Stevens took a strong third in the event while Ray Stanley made a valiant try in the half mile, only to come in third, behind Urvan Gasperi's new record of 1:58.4. The little Sacramento thincled also won the mile.

It crowned a track accomplishment that no other cinder team at HSC has been able to claim. That of the unofficial FWC dual meet title, along with the beaten Hornets. Both teams now have a 4-1 record.

Baseballers Play Southern Oregon Sunday; Aggies Series Rained Out

Tangle at Ashland

Humboldt State's Lumberjack baseballers take a breather from Far Western Conference competition this weekend as they travel to Ashland, Oregon for a non-conference doubleheader with the Southern Oregon Red Raiders on Sunday afternoon.

Coach Ced Kinzer and a 15-man traveling squad will leave Humboldt Saturday afternoon. The Jack mentor has selected Alva Kinney and Bill Drabble for starting action on the mound, with relievers Gary Mauney, Jack Maze and Verne Friedli standing by.

Humboldt took two wins from the Raiders in a similar series played here last month, but the SOCE team has reported to be much improved in that they are leading their conference.

Awards Presented At Annual WAA Spring Banquet

Monday evening at 7 p. m. the WAA Banquet was held at the Towers Inn in Arcata.

Miss Kay Gott and Dr. Louise Watson were the guests at the banquet.

The banquet is an annual affair each spring held to present the various awards WAA members earn during the year. The awards range from a WAA pin to a white sweater.

Officers for next fall were also announced at the banquet.

LOSE EIGHTH

Humboldt State's Junior Jack baseball team suffered its eighth defeat of the season last Tuesday afternoon at the hands of the Arcata High Tigers as the prepsters downed HSC 15-3. Charlie Jones was the losing pitcher and Gary Howard received the win. Ozzie Gooden led the batting attack for the collegians with two singles.

More Darn Trouble

Rain brought a finish to a somewhat disastrous road trip for Humboldt's baseballers Saturday afternoon at Davis. Trouble plagued the Lumberjacks during the whole trip.

While driving to Davis, all three cars had some sort of trouble. One had the clutch go out, another had radiator trouble and to end it all, a flat tire. One of the cars is still in Sacramento being repaired. Coach Ced Kinzer finally made it home late Sunday night.

The game was called at the end of four and one-half innings with the score knotted at 3-3. Pitcher Alva Kinney had a touch of control trouble in the first inning as four walks, an error and a triple tallied 3 runs for the Aggies.

Luckily, Dennis Pontoni's home run in the fourth tied the game. Had the score not been tied, the game would have counted.

If these two games will affect the league standings, they will be played sometime after May 16. However, if Humboldt has the title sewed up, the games will not be replayed.

HSC Golfers Take 19-2 Practice Win Over Fortuna

The Humboldt State Golf team took a 19-2 practice win from the Fortuna High Husky linksmen last Monday afternoon at the Rohnerville course.

Led by freshman John Yingst who turned in a 77, the Jacks took a clean sweep winning every match. Yingston won medalist honors as he downed Dick Visser 3-0.

Pete Dye took a 3-0 win from Paul Snell, Bill Caver earned a 2 1/2-1/2 decision over Jim Beacom, Mel Bailey won a 3-0 triumph from Scott Anderson and Rich Bailey downed Bob Larsen 2 1/2-1/2.

Rod Sandretto continued for the collegians with a 2-1 win over Ben Gimpetti and Pat Benson scored a 3-0 win over Gary Behedritin.

Sacramento State Shuts-Out 'Jack Tennis Team, 7-0

Last Friday Sacramento State's tennis squad shut out Humboldt 7-0 at San Francisco. A scheduled match between Humboldt and San Francisco State on Saturday was rained out.

The results: Jack Geary, H, lost to Tony Damiani, S, 2-6, 16; Art Dalianes, H, lost to Hal Roach, S, 4-6, 2-6; Gary Peterson, H, lost to Bill Burns, S, 1-6, 2-6; Paul Zinselmair, H, lost to Bob Nielson, S, 2-6, 1-6; and Bruce Paige, H, lost to Jerry Tollifson, S, 2-6, 2-6.

In the doubles matches, Dalianes and Geary lost to Damiani and Roach of Sacramento State 0-6, 7-5. Peterson and Zinselmair of Humboldt lost to Tollifson and Roy Boyer 2-6, 2-6.

NO SWITCH-BACK

After a seven year withdrawal, the Santa Clara Broncos announced that they intend to return to football next fall on a limited basis. Officials remarked that the move did not indicate a switch-back to "big-time" football.

High-Flying HSC Track Team Off To Ashland Meet

Humboldt State's track and field team in quest of its eighth straight dual meet win of the season travels to Ashland, Oregon this afternoon for a dual meet with the Southern Oregon Raiders tomorrow afternoon at 1:30.

Boasting a fine cinder track and a few standouts, the Raiders are not favored but could upset the Jacks who may have hit their peak in last week's tremendous triumph over Sacramento State.

In a meet earlier in the season, the Jacks handily defeated the SOCE thinclads, both on the dual meet and triangular basis, but now the Raiders are strengthened and could be tougher.

Led by a host of freshmen, Coach Bob Doornink and his team which is already acclaimed as the best team ever to don the spikes in HSC's history are shooting for a near-perfect mark of eight straight and eight of nine dual meet wins for the year.

After tomorrow's action the Jacks find themselves involved in a hard fight for the Far Western Conference title with Sacramento State and University of Nevada in the finals on May 9.

With some good weather and with the good condition of the SOCE track the record breakers could have a field day. Last week Humboldt accounted for three new records in the mud and rain.

Bill Hook will continue his double in the shot and discus, Bill Crichton in the high jump, Loren August and Fran Alden in the broad jump, Vester Flanagan and Jim Barker in the javelin and Roger Biffle and Bob Kaufman in the pole vault put together a heavy segment of Humboldt's scoring strength.

Then there is Manuel Vasquez in the dashes, Kieth Weidkamp in the 220 and 440, Dean Carrier in the hurdles, Bob Smith and Harold Scott in the distances and Ray Stanley in the 880 to give Humboldt a conceivable clean sweep of all first places.

Circle K, IK To Meet In Softball Contest Sunday

The annual Circle K and Inter-collegiate Knight rivalry will be carried this Sunday to the diamond as the two service clubs fight it out in a softball game.

The two, unable to account for wins and losses in the past, will be all-out to claim the title of superiority at the college field at 2 p. m.

Respective coaches have not yet selected starting lineups, but announced they will be potent and in fact may be the best ever to play in the yearly series.

THEY WON IN '58

Chico State's Wildcats are the defending champions of two Far Western Conference championships. The Cats won the golf title and took the track crown in last spring's athletic competition.

Sacramento State won the baseball title for the third straight year and now stands at 1-1 in conference play behind Humboldt's 3-1 in its fourth bid for FWC honors.

BIDS OPEN

All campus organizations desiring to submit bids for the operation of the concession booth for football season, patrolling the football field during the fall games, or ushering and selling programs at the games are to submit bids to the Graduate Manager not later than May 12. Bids for compiling the Student Directory will also have to be submitted at that time.

What's What

- - IT'S NOT LONG - -

by hugh clark

No, it's not long until finals are here and over, summer comes and goes and once again fall has arrived. And along with fall comes America's traditional sport, the King of Sports, football.

Athletic director and head football coach Phil Sarboe has already announced the coming schedule and laid out initial plans for the grid-iron campaign.

Practice has been set for September 1 with all freshmen or junior varsity candidates and varsity hopefuls turning out for beginning drills.

After the turnout, Sarboe said the team will determine the practice schedule. Practices will be held twice daily either morning and afternoon, morning and evening, or afternoon and evening.

After classes begin he said for the first time, the Lumberjacks may have evening workouts. The Junior Jacks working out at 6 p. m. and the varsity following at 8 o'clock.

Sarboe also announced contrary to rumors that most or all of the Humboldt home games will be played at Redwood Bowl. He said there is a possibility that the Thanksgiving Day game with Whittier will be played in Eureka at Albee Stadium.

However, in the following year, it is very possible that there will not be any games played at the Redwood Bowl although plans call for the last two or three '60 games.

A large allocation has been made for a revision of the bowl with a new track being constructed, the east grandstands being moved back and the crown of the field changed. All this will probably take a little over a year.

If the construction starts right after the Nevada game next fall it is probable that there may be some home games in 1960.

The Axe, the Axe —

Back to the grind of the axe again. We must say that there is a little more interest in it, or rather the loss of it.

No news from the mighty Chico State campus but they haven't fooled anyone here at the Lumberjack campus. They left their little note saying the axe was on campus and would be returned if not found by Easter.

What shyness, why we imagine that Humboldt would have sung for the axe if they had taken it from Chico. Yes, Chico, your ways are not in form with good axe stealing.

Biffle steals the show —

Roger Biffle, outstanding Humboldt pole vaulter nearly stole the show last week. After winning his favorite event at a relative 11'6", the junior star came back out when the weather looked as if it were about to clear, and began jumping.

With the antics of a real showman he performed to the crowd's satisfaction. First he went over around 10 feet. A one time his cowboy hat which he wore at every jump almost came off and he adjusted it just before going over the bar.

Later he cleared 14'3" in his exhibition. Biffle is probably the only Humboldt athlete who can get a crowd to watch him practice.

TIGER'S DEN

945 16TH ST., ARCATA
Open Monday through Friday
8:30 a. m. - 5 p. m.
Meat Boat Sandwiches, Hamburg-
ers, Foot Long Hot Dogs,

COLLEGE PUZZLE CONTEST

FOR STUDENTS AND FACULTY MEMBERS

2 GRAND PRIZES

*Rambler "American"!
Big-car roominess...
small-car economy...
tops in performance!*

WIN A RAMBLER STATION WAGON!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win! So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

ENTER OFTEN—HAVE FUN—AND WIN! But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's P--N." Either "I" (PIN) or "E" (PEN) would seem to fit. But only *one* answer is apt and logical as decided by the judging staff, and therefore *correct*. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

RULES—PLEASE READ CAREFULLY

1. The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and its advertising agencies.

2. Fill in all missing letters . . . print clearly. Use of obsolete, archaic, variant or foreign words prohibited. After you have completed the puzzle, send it along with six empty package wrappers of the same brand from L&M, Chesterfield or Oasis cigarettes (or one reasonable hand-drawn facsimile of a complete package wrapper of any one of the three brands) to: Liggett & Myers, P. O. Box 271, New York 46, N. Y. Enter as often as you wish, but be sure to enclose six package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.

3. Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 5, 1959.

4. Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and aptness of thought of solutions. In the event of ties, contestants will be required to complete in 25 words or less the following statement: "My favorite cigarette is (Chesterfield) (L&M) or (Oasis) because . . .". Entries will be judged on originality, aptness of thought and interest by the Bruce-Richards Corporation. Duplicate prizes will be awarded in event of final ties. Illegible entries will not be considered. By entering all entrants agree that the decision of the judges shall be final and binding.

5. Solutions must be the original work of the contestants submitting them. All entries become the property of Liggett & Myers and none will be returned.

6. Winners will be notified by mail as soon as possible after completion of the contest.

7. This contest is subject to all Federal, State and local laws and regulations.
