

Party Forms, Elections Postponed

Peterson Tops Slate Of Officers

Gary Peterson, junior awards commissioner and Tau Kappa Epsilon member, announced he will head a slate of candidates running under the banner, "Lumberjack Independents", the first party to form this spring for the upcoming general student body elections.

At the same time, Peterson released a seven-point platform he and the other Leaders candidates will run under.

Although petitions have not yet been filed, other candidates that have announced intentions are Dick Maynard for president and Bill Connolly for organizations commissioner.

Peterson's running mate is first semester freshman Pat O'Leary, writer on the Forum staff. Others on the slate include Helen Wilson, secretary; Dick Griffith, treasurer; Karen McDonald, rally commissioner; Roy McKeg, assembly commissioner; Dave Crane, organizations commissioner; Dennis Giuntini, publications commissioner. There were no assemblies commissioner candidate since that office is expected to be abolished in the new constitution. Peterson did not name an award commissioner candidate.

The Leaders' platform follows:

1. World University Service become permanently established on this campus.
2. Council discuss international issues concerning WUS.
3. Temporary snack bar in the Campus Activity Center.
4. Make better use of ICS to eliminate trivialities that the student council is now participating.
5. Constitution revision is not to be completed after this election. Eventually, the student government will consist of a bi-cameral legislature.
6. Each number of the student card will stand for a certain event. This will give the student an idea how student card is used and how he benefits by having one.
7. Publish a summary of the 1961-62 budget so that the student body has a better idea of what student body card is used for and thus stimulate better relations between the student council and the student body.

Conservation Week Opens Here Monday

The students in the Wildlife Building are busy this week, preparing for observance of Conservation Week, March 6-13.

Ron Coulter, chairman of the Forestry Club's Conservation Committee said, "We plan to display exhibits of reforestation, good forest management, forest protection, and research. At the present time, members of the committee are collecting material for these displays from private industry, as well as federal, state, and county forestry organizations, and plan to have these exhibits ready for next week."

Conservation Week is an annual attempt to educate more people to the importance of proper use and preservation of natural resources.

Business Club Schedules Career Day Wednesday

By MERRIENE DUNCAN
Career Day, sponsored by Humboldt State College's Business Club, begins a day long program planned to give vocational assistance to all students in a business field with registration in the Campus Activities Center at 9 a. m., March 8.

"Career Day is for all students that are seeking employment in business, with the two major fields being business and natural

resources," Ed Schmidt, publicity chairman, said.

Changing the name to Career Day from Business Day reflects the widening in scope effected to take in all areas and aspects of business so that the event is now pertinent and available to students in all majors, rather than just being of interest to business majors.

Conferences are scheduled with representatives from eight career areas to allow students to attend two groups during the morning

sessions.

Guest speaker Dr. Lawrence E. Turner, executive dean, will speak during the luncheon for speakers, hosts, faculty, and club officers in the cafeteria from 12 to 1:30.

Covered during Career Day will be the areas of accounting; business education; finance; management; fisheries, wildlife, and forestry; real estate; retail merchandising; and secretarial-clerical, with one to four representatives in each field.

Making plans for the annual Career Day, slated Wednesday on campus, are members of the Business Club, left to right, Ed Schmidt, publicity; Loren August, president; Dolores Azevedo, rooms and facilities; Mrs. Lee Melon, general chairman; Stanley Baird, assistant professor of business; Joanne Muessig, career speakers; and Ken Klovee, vice-chairman for

Career Day. Not pictured are Truman Boler, rooms and facilities; Jim Green, luncheon; Margie Freeman, coffee hour; Bill Jacobson, reception and welcoming; and Mrs. C. N. Faulkenberg, faculty advisor. Students from Redwood area high schools will attend the all-day session.

Lynn Loebner Named Frosh Sweetheart

Miss Lynn Loebner, freshman social science major, was named Sweetheart of 1961 by her classmates at the annual Sweetheart Ball sponsored by the freshman class Saturday. She was crowned by frosh President Dennis Dinsmore. The daughter of Mr. and Mrs. Ernest Loebner, the new sweetheart now resides in Eureka but is originally from Olympia, Wash.

Lynn Loebner, a freshman social science major from Olympia, Wash., was announced as the choice of the freshman class to reign as Sweetheart of 1961 over the annual Sweetheart's Ball held last Saturday night in the Men's Gymnasium.

Her majesty was crowned by Frosh President Dennis Dinsmore at the 11:30 p.m. intermission and was presented with a personally engraved compact and a bouquet of roses. Other members of her court, were Pat Plessas, Marge Jackson, Linda Hampson, and Carolyn Brown, also received a dozen roses.

Preceding the crowning of Miss Loebner as Freshman Sweetheart, the following Seniors were named as this semester's members of the Green and Gold Key, a scholastic-activities honor society: Jack Mays, Carolyn Sanders, and Joe Romero.

Revisions To Move Up Election Day

By CLIFF HAWTHORNE

The Humboldt State student executive council was expected to move up elections until after Easter Vacation at their regular meeting last night.

The move was contemplated because of the new constitution which must be presented to the students at least 15 school days before adoption.

The council held a special meeting Tuesday, but was unable to take any action, lacking a simple majority quorum.

Proposed revisions still facing council approval or disapproval include the question of class presidents being allowed a seat on council. Objections were brought out by Ross Stromberg, revision committee chairman, and Joe Mayfield, who said, "All other student council members are elected by the student body but class presidents are elected only by their classes."

However, the student body approved the class presidents serving on council less than a year ago. At the time, it was thought that the largest class, the freshman, was not being represented.

It was brought out at the meeting that the classes have no distinct function. However, sophomore class president Dave Crane and freshman president Dennis Dinsmore have said they will fight a move to push the

(Continued from Page 3)

TV EQUIPMENT SET

Humboldt State will soon have one of the best equipped television production centers in Northwestern California.

New television equipment including two studio floor cameras, a film chain, and a kinescope recorder are expected to arrive here about March 17.

Hilltop Calendar Of Coming Events

SAT., March 4 — HSC-University of Pacific track meet at 2 p.m. in Redwood Bowl.
Second Annual Track and Field Carnival in Field House.

Dorm dance from 9 to 1 in Sunset Hall. Public invited.

SUN., March 5 — First of foreign film series, "Calle Mayor", Spanish film, at 2:30 p.m. in Sequoia Theater.

MON., March 6 — Conservation Unlimited week begins.

WED., March 8 — Career Day for high school students, sponsored by HSC Business Club.

SAT., March 11 — Conservation Unlimited banquet.

Council Approves Showing Of 'Operation Abolition'

"Operation Abolition", highly controversial film of the riots at the House of Un-American Activities hearing last spring in San Francisco, will probably be shown on campus sometime after the Easter vacation, resulting from action at the student executive council last Thursday.

Paul Marsh, appearing as an interested student body member, requested the council to okay a showing of the movie to be accompanied by pro and con speakers as well as a tape, produced by University of California students refuting the movie.

Dean Don Karshner told the council that a similar program was held at Chico State and that more

than 300 turned out, adding another 200 were turned away.

Marsh said the movie was being used every day in Southern Humboldt county and was scheduled for Del Norte county showings for more than 30 days in a row. Marsh said the movie is being shown as often as three times a day.

Faculty Named to Enterprises

Professor Hazel Hagen, of the education department and Dr. William Jackson of the business department have been selected as the faculty representatives on the Lumberjack Enterprises Board of Directors.

These two along with the other members of the board of directors, President C. H. Seimens, Dr. Laurence Turner, Dean Don Karshner, Frank Devere, Joe Mayfield, Ross Stromberg and Gerald

petition to be forwarded to Sacramento in order to be legally recognized.

It is hoped that the necessary preliminary action can be completed within the next several weeks so that the group may begin functioning, Dean Turner said.

It will be necessary for this group to draw up the necessary Hansen met some time next week in their first formal session.

'Socialism' Is Not Communism

To say we don't believe in freedom of expression would be like saying we shouldn't exist. But outright propaganda shrouded by ill-fitted philosophical terms is not only wrong, but a mockery of our inherent and constitutional rights.

A recent article appearing in an off-campus periodical has been directed toward Humboldt State students as the theory of "Socialism." This essay is nothing more than a page torn from the Communist Manifesto.

The lumping of Communism and Socialism into one term, "Socialism" is a convenient method employed by today's sabotaging Communists attempting to make inroads in the United States.

The article uses the terms "violence" and "class struggle". These are not words which Socialists who have changed the economic structure in the United States the past few years would use, but they are terms which the uprising Communists have used to capture the minds of the weak, impoverished peoples of the world. It is an insult to our intelligence for the Communists to use the same hackneyed methods that have been successful in China and in Russian.

We draw attention to this because students should be aware, although most already are, that the "Socialist" term used in this article should instead be branded "COMMUNIST."

This brings to mind the good taste and common sense of those responsible for allowing an article such as this to appear in an American publication. Rather than a truth at face value, IT IS A LIE.

Many people will admit they have Socialist leanings. If so, this article adds more to the Socialist realm. In the article, "Socialist America," the author implies "if you are a Socialist, you are a Communist."

Now, who is Tom Scribner? Is he a student, a government employee, a professor, a philosopher, a Communist, a well-known publisher, or a man who knows not what he says? We don't know, but we would like to know what authority qualifies Scribner to write of Socialism in the Communistic vein.

It is a well-known fact that Communists are making their progress through the students of the world because the latter have impressionable minds and are grasping for new ideas and philosophies. We don't want HSC to develop Communist inroads.

Authorities, whoever they may be, should investigate and report their findings to the student body, telling it what group is attempting to influence HSC through this off-campus periodical.

If it is Communistic, we want to know and be on guard. If not, let it be clearly said that it is not. The college has officially washed its hands of this publication, declaring it "off limits" and not allowing distribution on campus. Perhaps the administration had foresight which student groups lacked.

We are NOT demanding the abolition of this off-campus group, but we do not want to be hoodwinked by propaganda and lies. We do believe in airing contemporary issues of student concern, but do not believe in aiding the very hand that holds the spear of world destruction.

And At The Other Camp...

By MARTHA GABRIEL

Fresno State College—Two new classes will be offered at Fresno State to keep students better informed on current events. One will be a history course on world events and a journalism course which will survey world news.

These new courses were announced after the results of a survey by Dr. Joseph E. Garai, assistant professor at Staten Island Community College, were announced.

Dr. Garai's questionnaire revealed that 83 per cent of the college students did not know the name of the secretary of defense, and 87 per cent of students interviewed did not know the capital of Canada. Twenty-seven students called Nehru the Prime Minister of Israel, 34 regarded Arkansas Governor Faubus as a rock n' roll singer, confusing him with Fabian, and four identified Castro as the capital of Cuba.

Dr. Garai concluded that the knowledge of the collegians about entertainment, sports and well-known brands of products was more extensive than their familiarity of current affairs.

Fresno State College—Dr. John H. Duke, professor of journalism at Fresno, has written a 100 page booklet intended to help answer the questions of secondary teachers who are beginning advisers of school newspapers.

Southern Oregon College — "Time is running out! The Western World is shrinking! Half of the world's land is run by some form of Communist Government!" warned Paul Voronoff, member of Freedom Crusade speaking before Southern Oregon Assembly on "The Truth and Facts of Life Behind the Iron Curtain."

Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

WORDS: THEIR CAUSE AND CURE

Today let us take up the subject of etymology (or entomology, as it is sometimes called) which is the study of word origins (or insects, as they are sometimes called).

Where are word origins (insects) to be found? Well sir, sometimes words are proper names that have passed into the language. Take, for instance, the words used in electricity: *ampere* was named after its discoverer, the Frenchman Andre Marie Ampere (1775-1836); similarly *ohm* was named after the German G. S. Ohm (1781-1854), *watt* after the Scot James Watt (1736-1819), and *bulb* after the American Fred C. Bulb (1843-1912).

There is, incidentally, quite a poignant little story about Mr. Bulb. Until Bulb's invention, all illumination was provided by gas, which was named after its inventor Milton T. Gas who, strange to tell, had been Bulb's roommate at Cal Tech! In fact, strange to tell, the third man sharing the room with Bulb and Gas was also one whose name burns bright in the annals of illumination—Walter Candle!

The three roommates were inseparable companions in college. After graduation all three did research in the problem of artificial light, which at this time did not exist. All America used to go to bed with the chickens. In fact, many Americans were chickens.

Well sir, the three comrades—Bulb, Gas, and Candle—promised to be friends forever when they left school, but success, alas, spoiled all that. First Candle invented the candle, got rich, and forgot his old friends. Then Gas invented gas, got rich, bankrupted Candle, and forgot his old friends. Then Bulb invented the bulb, got rich, bankrupted Gas, and forgot his old friends.

Candle and Gas, bitter and impoverished at the age respectively of 75 and 71, went to sea as respectively the world's oldest and second oldest cabin boy. Bulb, rich and grand, also went to sea, but he went in style—as a first-class passenger on luxury liners.

Well sir, strange to tell, all three were aboard the ill-fated Lusitania when she was sunk in the North Atlantic. And, strange to tell, when they were swimming for their lives after the shipwreck, all three clambered aboard the same dinghy!

Well sir, chastened and made wiser by their brush with death, they fell into each other's arms and wept and exchanged forgiveness and became fast friends all over again.

For three years they drifted in the dinghy, shaking hands and singing the Cal Tech rouser all the while. Then, at long last, they spied a passing liner and were taken aboard.

They remained fast friends for the rest of their days, which, I regret to report, were not many, because the liner which picked them up was the Titanic.

What a pity that Marlboros were not invented during the lifetimes of Bulb, Gas, and Candle! Had there been Marlboros, these three friends never would have grown apart because they would have known how much, despite their differences, they still had in common. I mean to say that Marlboros can be lit by candle, by gas, or by electricity, and no matter how you light them, you always get a full-flavored smoke, a filter cigarette with an unfiltered taste that makes anyone—including Bulb, Gas, and Candle—settle back and forget anger and strife and smile the sweet smile of friendship on all who pass!

© 1961 Max Shulman

Another peaceful smoke from the makers of Marlboro is the brand-new unfiltered king-size Philip Morris Commander. Try one soon and find out how welcome you'll be aboard.

Sweetheart's Court, New Green and Gold Key at Frosh Ball

1961 Sweetheart Lynn Loebner was crowned and new members of Green and Gold Key, scholastic-activities honorary on campus, were named during intermission activities at the Sweetheart Ball Saturday night. Members of the Sweetheart court and escorts, top photo, left to right, are Greg Lorzensky, Carolyn

Brown, Marge Jackson, Bill Crichton, Sweetheart Lynn Loebner, Paul Davis, Linda Hampson, Tim Auxier, Pat Plessas and John Warren. Members of Green and Gold Key, left to right, are Judith Warren, Jack Mays, Joan Iverson, Ross Stromberg, Mike Walker and Carolyn Sanders.

'Big Daddy' Simas To MC First HSC Variety Show

Manuel "Big Daddy" Simas, former HSC footballer, will temporarily step out of his pizza palace to be master of ceremonies at the First Annual HSC Variety Show, "Green and Gold Capers," to be held March 16 and 17 in Sequoia Theater.

The band-sponsored event will feature Bill Chastain in an Indian dance and a comedy routine; Larry Gault in a unicycle act; as well as Sarah Hallin on the piano and the band in "Rhapsody in Blue," by George Gershwin. In his Indian dance, Chastain uses a live yellow snake which eventually ends up in his mouth!

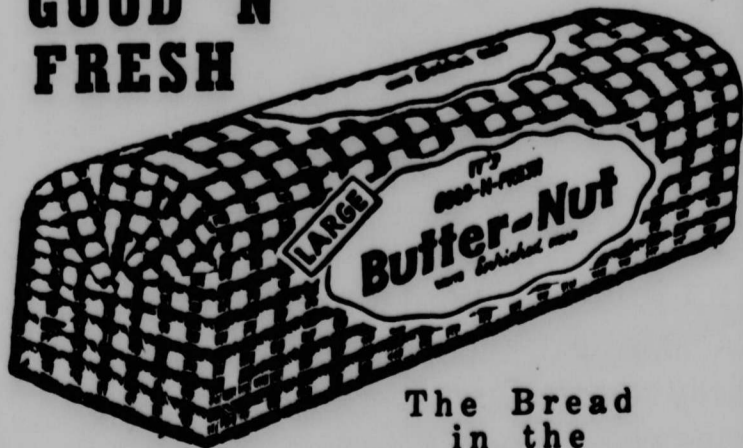

Roland Neilsen will present a percussion novelty number, "The Worried Drummer"; Carmen West in a solo dance number and a self-choreographed dance with the song queens; and Jerry Moore and the Studio Band, who will be in the pit as well as on the stage. This show is being put on to

raise special travel funds for the band for special events like the Holiday Bowl this year or an additional away game. According to Dr. David Smith, assistant professor of music, "If this idea really gets rolling, the band may not have to ask for travel funds in the future."

presidents off the council. Dan Bryant, senior class president, added, "We'll fight it tonight, we'll fight it Thursday and we'll fight it to the end."

Also under fire is the proposed World Affairs Commissioner, who is supposed to take the place of the present Assemblies Commissioner.

Assemblies Commissioner Neil Evans suggested to the eight members that were on hand that the World Commissioner be placed on trial for two years as the Assemblies Commission was when that commission was created.

Dasmann Speaks At Annual CU Banquet March 11

Dr. Raymond F. Dasmann, outstanding conservationist and former Humboldt State professor, will be the guest speaker at the Conservation Unlimited's banquet March 11.

Dr. Dasmann, who left HSC to make a tour of Africa and to do research on Africa's conservation problems, is currently teaching at the University of California. His book, Environmental Conservation, is used as a text in Humboldt's general education class, Natural Resource Conservation.

The C. U. banquet will be held in the Cafeteria, and tickets can be purchased from C. U. members for \$2.50. The purpose of the banquet is to honor National Conservation Week, scheduled March 6-11.

CASUAL CAMPUS

By Kay

President McKinley had company down at Arcata Plaza recently. Members of Delta Sigma Phi tied Don Westlake to the statue as part of their ritual to celebrate his pinning to Kathne Carr. Kathne had to go down and free him to complete the tradition; then the fraternity serenaded the couple to formally announce their pinning.

Midge Smith, girl scientist, performed a master operation of dissecting a calf's eyeball in a demonstration for her seventh grade class at CES. Midge is one of nine student teachers getting their practical experience at CES this semester.

Something that certainly isn't a rumor are the handsome new Arrow dress shirts that are a must for you men this spring. These shirts, available in fabulous new "fashion tones", soft green, light blue, apricot, gold, are even more attractive because they need NO ironing! Be sure to check them out—Daly's Mens Store; \$5.00 each.

Humboldt State students were complimented by the Activities Dean from Chico State on the friendly attitude which prevails here. This is really a tradition which we can take pride in, and one that we should strive to maintain!

Lynn Loebner made a lovely Freshman Sweetheart and all who attended the affair agreed the Freshman Class did a tremendous job of making the dance a big success—

Speaking of lovely - have you seen the beautiful new bathing suits in Daly's Sportswear? Beach party weather is fast approaching and you girls will want to be prepared with a figure flattering one-piece suit, hi-lighted by a "V" front and plunging back; or the equally popular two-piece model in a variety of prints, solids, checks, and stripes. Jantzen-Catalina by Rose Marie Reid beach-bait! \$9.98 to \$27.95.

Congratulations to Vester Flanagan and Pat Menewether on their recent engagement. Pat, last year's Freshman Sweetheart, came up from Oakland to see this year's sweetheart crowned.

Also in the romance department is Student Body Vice President Dick Maynard who pinned Kerry Neblett last week-end. Kerry is an ex-Humboldt Stater now attending Cal at Berkeley.

Congratulations are also in order for the newly honored members of Green and Gold Key. Judy Warren, Joan Iverson, Pat Sanderson, Carolyn Sanders, Lynn Ricker, John Rawlinson, Ross Stromberg, Jack Mays, Mike Walker, and Joe Romero.

Incidentally, during "Blouse Days" on Daly's Main Floor, 2nd Floor, Sportswear, and Bargain Center this week-end you can see for yourself that . . .

Spring is here I know, I know
The new clothes at Daly's tell
Me so!

See ya around!

'Un-Expurgated' Copies Available

'China Lobby In American Polictics' Deserves Wide Attention, Reviewer Says

(Editor's Note: Thomas is a sophomore political science major with more background and experience in that field than journalism. We believe he has brought forth an unbiased review of this book written by a Humboldt professor, having a marked effect on America today.)

By TED THOMAS

"The China Lobby in American Politics," Ross Y. Koen's controversial and much-publicized political study published by the MacMillan Company last year and since recalled by the publisher pending partial revision, is a book deserving wide attention, although few "un-expurgated" copies are available to the public.

Why the book was objected to and by whom will not be dwelled upon here, as this has already been reported in the Lumberjack and other newspapers. Nor is it the purpose of this article to become involved in "righteous" debate concerning political pressures which may or may not have been brought to bear on Dr. Koen's publishers by certain factions. It is time consideration was devoted to the book itself.

The book is a study of the China lobby in the United States and its influence on U. S. legislators in Washington and the minds of Americans by expert employment of false propaganda.

Dr. Koen traces construction of a false conception of China by means of propaganda to 1941, when a distorted picture of the Chinese war effort was painted under the guidance of Chiang Kai-shek and General Claire Chennault. General Chennault was the American leader of the volunteer airmen known as the "Flying Tigers," who flew for China against Japanese invaders during World War II. Dr. Koen cites several references to document this accusation.

Just what, though, was the purpose of the China lobby which was active primarily during the late 40's and early 50's? Author Koen says, "The one common denominator among the individuals and groups associated with the term 'China lobby' appears to have been the desire to secure the backing and support of the United States for the government of Chiang Kai-shek."

Dr. Koen refers to the utilizing of paid lobbyists and to the receiving of aid from American and Chinese parties who had a direct interest, especially financial, in continued American aid to Chiang. Other discrediting accusations are also made.

The effects of the acceptance of the views of the China lobby by this country are considered at length by Dr. Koen. Americans, governmental figures and private citizens alike, come into criticism for being so politically un-informed on the actual Chinese situation that they allowed this to happen.

The most serious effect the China lobby has had on American policy and attitude, according to Dr. Koen, is the belief that we can never negotiate effectively with Communist China without endangering our national freedom. At the conclusion of his book, Dr. Koen calls for a re-examination of our policy toward Red China, and for a break with the influences of the defunct China lobby.

HSC Hosts 250 At Leadership Conference Here

The Sixth Annual High School Leadership Conference was attended by 250 students.

Students came from Arcata, Del Norte, Fortuna, Eureka, Ferndale, Hoopa, St. Bernard's, and South Fork High Schools. George C. Jacob's and Eureka junior highs also sent representatives.

The students arrived on campus at 9 a.m., were registered and taken on guided tours of the campus.

The first general assembly followed. Gary Peterson, conference chairman, introduced the discussion leaders and key-note speaker Mary Vetelesen, student body president of Holy Names College in Oakland.

The delegates went to their discussion groups at 10:30, and broke for lunch at 12 noon.

At 1:15 the students returned to the afternoon discussion groups until 2:45 at which time a second general assembly was held where discussion leaders summarized progress.

Lumberjack Staff Votes Against Religious Request

A request by some of the religious clubs on campus to publish a Biblical quotation each week in the Lumberjack was defeated last week by a vote of the Lumberjack staff.

Fourteen staff members were against the idea, 10 voted for it, one abstained, and two did not vote.

The clubs earlier asked the student council for authorization. The executive group approved the idea, sending it to the Lumberjack for a staff vote.

The group appeared twice before the staff, and members were polled. The staff agreed a simple majority would be its final decision.

WINSTON TASTES GOOD like a cigarette should!

By SANDY WILBUR

Practice conservation everyday. These three words constitute the slogan for this year's California Conservation Week, scheduled March 7 through 14. Those same three words might well be the slogan for Humboldt State College's Conservation Week which, appropriately is scheduled for the same week.

It's an appropriate slogan in that conservation cannot possibly be effectively practiced for one week, one month, or even eleven months out of the year. It has to be an everyday job and, yet, how many people not directly associated with the out-of-doors give a thought to wildlife and wildland management even Conservation Week!

Actually, in a way, it's a good thing that some people don't get interested in conservation - at least, conservation as they understand it. There are so many misconceptions and half-truths associated with the word "conservation" that a few more "conservationists" could wipe us out completely! Little wonder though, when you find such contrary words as "protection", "use", and "management" all wrapped up in the same definition. It can, and does, lead to all sorts of problems.

For simplicity, we can divide the people of the United States into three groups according to their degree of understanding of the subject of conservation:

1. Those who don't know anything about it and know that they don't know anything about it.
2. Those who don't know anything but think they know something.
3. Those who understand.

This last group can be divided into two lesser groups consisting of those who know the principles and who try to practice them and those who know the principles and who, with a fine bit of juggling, try to change those principles for their own betterment.

In analyzing these groups, we can say that the first group is dangerous because they don't know anything. Their apathy and their willingness to believe almost anything is the cause of much trouble for the conservation cause.

The second group is probably more dangerous due to the noise they make and the harmful impressions they create. In this group are film producers who create a false picture of the out-of-doors with their "nature faking"; sports-writers on widely circulated newspapers who pass on their "knowledge" of wildlife management to a myriad of naive readers who know as little as the sportswriters; and well-meaning groups of "protectionists" who cause bad blood between conservationists and land-owners with such fiascos as the "Kings Peak Wilderness Bill". Here are good examples of a little

knowledge being a dangerous thing.

Lastly, we come to those two groups of people who really understand the principles of conservation. Of the first of these groups, what is there to say? They know that conservation entails use of our resources but they also realize that use must be wise use.

They know that resource management does not always mean that the resource must be locked up, completely inviolate. They know what must be done. The other group knows what must be done also but they will do what is best for them, even if it means taking the word "wise" away from wise use. They are the exploiters of the natural scene and, because they know what they are doing, they are probably the most dispicable group. However as far as real damage to the cause of conservation, is this the group that does the most harm? I think not. It is apathy and ignorance that make conservation of our natural resources such a difficult job. Therefore, the road to practicing conservation everyday will become clear only after a firm foundation of education has been laid. Are you helping with that job?

Forestry Club Joins With German Group

The Forestry Club acquired international atmosphere this week, as it took steps to establish official relations with the German forestry fraternity "Tanne".

Helmuth Muscheid, representative of the project and member of the Tanne Fraternity, received an answer in reply to an earlier request the Forestry Club had sent to the Tanne, asking that the two organizations establish permanent friendship around the globe.

The Tanne is a group of about 25 forestry students at the University of Göttingen, where Muscheid has studied for three years.

Muscheid said, "We hope to maintain close relations by sending letters, photographs, and items of interest to foresters back and forth between the two groups. However we must also attempt to exchange students, so as not to lose the friendship that we have begun."

The Forestry Club hopes to continue its communication with the Tanne, making it possible for future visitors to either country to have personal contact with students in the field of forestry. They also foresee the possibility of additional exchange student pro-

Lumberjack Days Committee Meets At CAC Today

Agenda items for the 1961 edition of Lumberjack Days will be planned at a meeting of the committee today in the Conference Room of the Campus Activities Center at 4 p.m.

Chairman for the week-end affair, scheduled May 5-6, is Pam Schoenbeck, junior physical education major from Eureka. Miss Schoenbeck is a transfer from University of California at Santa Barbara and was elected representative-at-large in the fall semester elections.

Traditional Lumberjack Days events are the Spur Spring Sing, Friday night dance, all campus dinner and the Mother's Day Tea.

Humboldt State's participation in the World University Service program will be boosted during Lumberjack Days and an international theme will be employed in conjunction with the WUS committee.

All interested students are invited to attend the committee meeting today.

grams in the future, if the financial hurdle can be overcome.

KHSC Repeats 'War of Worlds'

Orson Welles' radio production "War of the Worlds" will be repeated tonight from 9:30 to 10:30 on KHSC-FM.

This tense radio drama was presented last week-end and because of popular demand it is being repeated. Members of the cast are Dr. William Turner, Dr. Harold Hurwitz, Dr. Edward Steele, George Goodrich, John Rawlinson, Ross Stromberg, Lynn Hunsinger, Charles Hughes and Ron Malone. Ed Schmidt and Marion Brooks are in charge of sound and production and the show will be directed by Dale Anderson.

Patient coming out of an anesthetic: "Why are all the blinds down, doctor?"

Doctor: "Well, there's a fire across the alley, and I didn't want you to wake up and think the operation was a failure."

HSC Cindermen Open Season Tomorrow

One-Two From The Bench

Chess Added To Collegiate Sports

by Duane Ouellet

In the day and age of introducing collegiate sports, California Polytechnic College at San Luis Obispo has started the intellectual sport of chess.

Last year there was a turnout of 30 contestants for the tourney, and Poly is hoping for 40 this year. Anyone interested in entering should contact David Sullivan at Cal Poly.

Tom Schubert, intramural adviser, was pleased with the interest shown on the part of the faculty during the intramural swimming meet.

The first day most of the PE department were on hand. However, interest dropped the second day as only three members were present.

We thought they did a good job in sticking to the scheduled times. In fact, after watching a swimming meet in Eureka, we think they did a tremendous job.

Big doings in the Field House tonight for all track fans. Local high school thinclads will participate in the Second Annual Indoor Track and Field Carnival here.

As our last item of the week, we would like to clear up any misunderstanding that last season's baseball team had a losing season. It did not, according to coach Ced Kinzer.

It is true they finished with a 7-8 record, but at the Winter Far Western Conference meeting it was decided that Humboldt State and San Francisco State had incomplete seasons.

Kinzer said he will debate the point with anyone. In fact he is proud that he has never had a losing year at Humboldt, as he well should be.

SWIMMERS DROP OPENER

The Humboldt State swimming team dropped its opening meet to the Eureka High Loggers recently 63-29. The Loggers led the entire meet on greater depth. Jay Stock took the lone Lumberjack first place in the 100-yard breast stroke.

Wrestling Team Wins Fourth Place in FWC

The Humboldt State Lumberjacks placed fourth in the Far Western Conference wrestling championship in Chico Friday.

Chico State's Wildcats upset favored Cal Aggies, while San Francisco tied the latter at 29-29. Humboldt State was fourth with seven points.

Humboldt's disaster started fast when Darwin Schager, favorite to recapture the 123-pound title, failed to make weigh-ins.

In the 130-pound go Ron deSilva took consolation honors as he pinned Aggie John Green with a half-nelson arm bar in 1:33 of the second period. DaSilva lost in the preliminary, 7-4 to Paul Sengo from Chico.

Howard Covington gave HSC a third place, posting a decision over SF's Charlie Jones, former HSC student in the 137-pound match. Bob Frescuera of Cal Aggies decisioned Tony Chess for third place in the 147-pound match. San Francisco's Jack Woodward decisioned Carl Struby 11-1 for third place in the 157-pound go. HSC's Gene Van Horn was beaten by Chico's Terry Gough for consolation.

Bill Vines became the only Lumberjack finalist as he decisioned Chico's Clyde Forrest in the first match. However, Bill Moore from Cal Aggies followed with an 8-0 decision over Vines.

Humboldt heavyweight John Bobell suffered two straight upset losses in the featured unlimited match.

'Jacks To Host UOP In Dual On Rubber Track

The 1961 track and field season opens here tomorrow as the Humboldt State Lumberjacks host University of Pacific in a dual meet at Redwood Bowl, starting at 2 p.m.

It will be the first meet at the renovated bowl where a new revolutionary all-rubber track has been built, insuring HSC against the usual high number of postponements and cancellations because of rainy weather.

Coach Bob Doornink's thinclads will be minus at least one standout entry and possibly more. HSC 220 and 440 record holder and ace anchor man on the relay team junior Keith Weidkamp is sidelined with an Achilles' tendon and is definitely out.

Meanwhile, hurdler and high jumper Dave Littleton and outstanding distance running prospect Larry Williams are doubtful entries.

UOP's Bengals are pretty much an unknown team, with several promising candidates on hand, but only two veterans. One is sprinter Raymond Hall and the other is versatile Wollie Hector, who placed in five events, taking two firsts, a pair of seconds and a third.

Humboldt upset the Bengals last year in the final event, as the two teams swapped three-place sweeps, HSC taking the distances while UOP managed the sprints and weight events.

HSC's three-year veteran sprint star Manuel Vasquez has returned after a year layoff and promises to be a top entry in the 100 and 220.

Javelin thrower Vester Flanagan, high jumpers Bill Crichton and Larry Krupka, and miler Rick Scott, all HSC record holders, top the returnees.

HSC Golfers Open In Three-Way Meet At Davis

The Humboldt State Golf team opens its 1961 season tomorrow in a tri-meet in Davis at 10 a. m. Nevada and the Cal Aggies will round out the three-way meet.

Only two members of the HSC squad have completed qualifying rounds for the traveling squad. Dick Visser has the team low with 144 for 36 holes and 68 for 18 holes while John Yingst has a 153 total.

College All-Stars Sweep Double Bill Over 'Jacks

The College All-Stars swept a doubleheader from the Humboldt State nine Sunday, 9-2 and 4-2, on the muddy College Field. Saturday's twin bill was rained out.

The hitting of Ron Reynolds and pitching of Alva Kinney won the first game for the Stars, and the Lumberjacks threw the second one away, committing six errors.

The Stars jumped off to a three run lead in the first inning of the opener behind the three run homer of Ron Reynolds.

The Stars added two more in the second and seventh. The latter two coming on Reynolds' second home run of the day.

Kinney held the Lumberjacks' offense until the seventh when the 'Jacks managed to score once on a double and two singles.

The Stars added two more in the ninth, and the Lumberjacks managed to get one back in their half of the inning on two singles and a walk.

Kinney pitched eight innings giving up one run and six hits, walking three, hitting two and fanning seven. Maury Ayala finished up for the Stars.

Larry Taylor started for the 'Jacks and was relieved by Al Snarski in the fifth. Snarski worked until the ninth when Tom Leitz replaced him and finished the game.

In the nightcap, the Lumberjacks scored in the first on two walks and a single, but the lead was short-lived as the Stars tied the score in the second on four walks and an error.

The 'Jacks took the lead again

in the third scoring once on two hits and a walk.

In the fourth the Stars tallied three times taking the lead for good. They collected two hits and a walk along with two 'Jack errors.

The game was called at the end of five innings because of darkness.

'Jacks Play Two Game Set With Cal, Bucs

The Humboldt State baseball team travels south tomorrow and Sunday in hopes of eluding the rain for two games.

The 'Jacks open the trip against the University of California at Berkeley and move to San Quentin for Sunday's game.

Those making the trip are Tom Leitz, Larry Taylor, Larry Taylor, Al Snarski, Don Solberg, Bud Freeman, Joe Siino, Rich Tomasini, Mike Snapp, Larry Wimer, Monty Feekes, Tom DiMercurio, Ken Matias, Dennis Pontoni, Don Lampe, and Earl Love.
