ARCATA, CALIF., FRIDAY, MARCH 17, 1961

No. 22

2nd Bunny Hop Features Opening of IK Meeting

The Intercollegiate Knights service fraternity will hold its annual convention at Humboldt State this weekend.

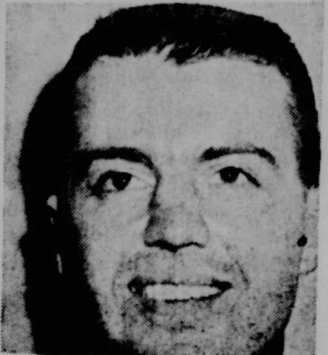

The convention will be held in conjunction with the Annual IK Bunny Hop and announcement of Playboy of the Year. The dance will be from 9 p.m. to 1 a.m. in the Men's Gymnasium.

Contestants for HSC's Playboy are Frank Chester (Delta Zeta), Bill Connolly (Tau Kappa Epsilon), Al Snarski (Delta Sigma Phi), Bob Spivey (Forestry Club), and Jim Malone (Spurs).

Representatives from four chapters, Portland State, Pacific University, Linfield and Oregon College of Education are expected to arrive today.

Executive Dean Lawrence Turner will welcome the visitors at a breakfast tomorrow in the cafeteria followed by a tour of the campus conducted by the Spurs. Discussion groups will be formed in the CAC with topics of the national and local structure of IK, rituals and sweaters, and service improvement projects to be discussed.

Following the discussion period will be the election of a new district viceroy and also a district princess to represent district nine at the national convention April 9 at Moscow, Idaho.

Here are four of the five candidates running for "Playboy". Top row (L-R) are Bill Connolly and Al Snarski and bottom are Frank Chester and Bob Spinas. The foursome, along with Jim Malone, are vying for the crown to be determined by penny votes cast this week in the cafeteria.

Lumberjack Reviews Subversion

Accuser Remains Steadfast Despite Wave of Indignant Protests, Charges

At press time Wednesday, Louis Francis adamantly maintained he has sufficient evidence that Humboldt State is subversive and that he will produce it for his proposed joint senate-assembly Un-American activities committee, but not to the Congressional committee or the FBI. His refusal to retract his charges resulted from a heated Assembly debate Tuesday that was kicked off by Eureka assemblyman Frank P. Belotti, who asked Francis to retract his allegations.

The Assembly voted 77-0, with Francis casting a yes vote, to print a letter in its journal, demanding Francis retract the charges.

Belotti (R-Eureka) joined the protest band wagon Tuesday when he asked Francis to make a public retraction of the charges. Belotti said the charges have cast a black shadow on HSC, that the citizens of Humboldt County are protesting charges without sufficient establishment of evidence and that it was regrettable that Francis made the denouncement of HSC.

Charges of irresponsibility, witch hunt, and naive assertions were hurled from virtually every corner of the state in defense of Humboldt State College, its faculty and students after the institution was alleged to be a hotbed of subversives.

Despite this, the chief, and only known prosecutor, Assemblyman Louis Francis (R-San Mateo) held steadfast, claiming he has been "slandered", "libeled" and "misquoted" and that he has the evidence to prove his allegations.

In an exclusive interview last week with the Lumberjack, Francis said he is waging a fight to save the state's educational system, government, labor and communications from becoming infiltrated. He charges the people with being "apathetic."

Francis admitted to the Lumberjack he could not lay his finger on "any single Humboldt State student or faculty member who is a communist."

But Francis said there are some who are guilty of "aiding agents of communism" by being influenced by subversive groups, whether intentional or not.

The four-term legislator did say, "I do believe though, 90 percent

of the faculty and students are good, loyal Americans."

He added he has been accumulating information on HSC over the past year. He says he has many sources, including a former communist. "I intend to reveal it within the next month," he said.

But he refused to say how and where he got the evidence or when, where and how he will release it. When told there are many apprehensive students, he replied, "They will just have to sit and wait. I cannot allow my sources to be victims of harassment or anything else."

Francis denied a press association story that he would ask the FBI to investigate his charges. He

(CONTINUED ON PAGE 3)

Clarification

In the March 10 issue of the "Lumberjack" a statement was ascribed to Dr. Homer P. Balabanis, Dean of Instruction, indicating that "a total of 20 new instructors will be needed for Humboldt State this fall. For the main part these new instructors will be replacing people who will be leaving Humboldt."

The corrected statement follows: "The number of new instructors is 20. Of these, two are replacements and three are one-year replacements for faculty going on sabbatical leave. The other 15 are new positions. Thirteen of the 20 candidates have been offered positions and have accepted."

Maynard versus Turner In Presidential Final; 3 Other Contests Set

Voting in the spring semester runoff elections starts this morning at 8 a.m. in the cafeteria as four offices will be decided by what is hoped to be a large turnout. Balloting will continue through 4 p.m.

Redwood Debate Tourney Slated To Open Tonight

Debaters from at least nine schools will compete this weekend in the fifth Annual Redwood High School tournament as over 125 students vie for individual and school sweepstakes awards.

Running from 6 p.m. Friday to 6 p.m. Saturday, the tourney consists of four basic forensics events—debate, oral interpretation of English literature, extemporaneous speaking, and oratory—with six teams for debate and four persons for the other events allowed per school. Members of Humboldt State's forensics squad will be judging the events.

Defending champions of the north-coast area squads is Arcata High School, which accumulated the highest number of points to win last year's tournament.

Schools expected to participate are Mendocino, Anderson Valley, South Fork, Leggett, Trinity of Weaverville, Fortuna, Eureka, Arcata and Del Norte high schools.

Headlining today's runoffs is the Maynard-Turner battle for president. Bill Turner, present rally commissioner, polled 230 votes in voting Monday and Tuesday while Dick Maynard, present vice-president, recorded 161.

Others seeking office in the runoff include Dave Crane and Dewey Riscioni for organizations commissioner, Don Daniels and Pat McElroy for vice president and Belinda Thompson and Jack Frost for assemblies commissioner.

Six other officers were determined in tabulations announced Tuesday afternoon. A smaller than expected 625 students turned out.

Helen Wilson edged Pat Leslie for secretary in a close battle, 309-293. Dennis Giuntini won the publications commissioner post, coming from behind in the early counting to pass Sandy Wilbur, 320-273. Jack Moore won the activities post over Rene Vit, 440-139.

The Wildlife students, many of whom filed at last moment, finished strong. Riscioni, McElroy and Frost are involved in the runoffs while Jim Currihan won the awards commissioner job, running unopposed.

Following is the complete results:

President: Turner, 230; Maynard, 161; Peterson, 98; Brewer, 88; Rawlinson, 37.

Vice-President: Daniels, 256; McElroy, 148; Oneto, 104; McKeag, 89.

Secretary: Wilson, 309; Leslie, 293; Treasurer: Griffith (unopposed), 521.

Commissioners: Assemblies—Thompson, 226; Frost, 190; Smith, 141; Organizations—Riscioni, 236; Crane, 223; Connolly, 125; Activities—Moore, 440; Vit, 139; Publications—Giuntini, 320; Wilbur, 273; Awards—Currihan (unopposed), 509; Rally—McDonald (unopposed), 524.

There were also 38 write-in votes cast, including four for Pat O'Leary for vice-president. Other students named were Goff, Graham, Mouton (2), Ross, Householder (4), Schultz, Stromberg, Gruslin, Romero, Tobey, Livingston, Sears, Pollock, Asp, Hunt, Anderson, Flanagan, Turner, Dunbar, Rance, Clark (2), Allen, Lindblam, Caldwell, Ringo, Hunt, Lee, and Dick Turner.

Hilltop Calendar Of Coming Events

FRI., March 17 — IK Bunny Hop at 9 p.m. in Men's Gymnasium.

Woman Gymnast workshop, 9 a.m. to 4 p.m. in Women's Gymnasium.

Band Variety Show at 8 p.m. in Sequoia Theater.

SAT., March 18 — HSC-College All Stars baseball game at 1 p.m.

SUN., March 19 — German Film at 2:30 p.m. in Sequoia Theater.

MON., March 20 — Faculty Forum featuring Dr. Clarence Howe at 8 p.m. in the Science Auditorium.

THURS., March 23 — "Mandrill", at 8:15 p.m. in Sequoia Theater.

Marine Fisheries Lab Proposed For Humboldt

By DREW DILLARD

A marine fisheries laboratory, to be used for research and experimentation in the fields of natural resources and biological sciences, is being considered for Humboldt State College, according to Dean Lawrence Turner.

Dean Turner said, "If and when the budget, the location and building site, and other details are decided on and approved, construction will begin on the laboratory at Trinidad Cove, 15 miles north of Arcata, in July of 1962."

Nothing has been definitely decided upon at this date. The funds for the final design are in Gov. Edmund G. Brown's proposed budget for 1961-62. A site for the building has been selected as the Walker property on the southern edge of Trinidad.

"The proposed building would cost an estimated \$430,000, varying on the cost of the salt-water system and similar features, and on

facilities such as a private school boat. The laboratory would have a capacity of 87 lab stations, various laboratory facilities, and a lecture-classroom for 20 students.

Dr. George Allen, associate professor of fisheries, said, "If the laboratory is approved and constructed, it will benefit nearly all of the HSC biological science and natural resources departments and their various inter-related fields of study." He went on to say that oceanography, marine biology, and marine fisheries would benefit the most from the laboratory.

In addition to the proposed laboratory, HSC President C. H. Sie-

"The College Man"

Between the last years of teenage sanity and the advancement of adulthood lurks a loathsome creature called the college man. College men come in assorted sizes, weights, and states of sobriety.

College men are found everywhere—playing poker, inciting riots, jumping bail, recovering from hang-overs and burning effigies.

"Mothers love them, big girls love them, and Satan protects them. A college man is laziness with peach-fuzz on its face, idiocy with lanolin on its hair, and the 'Hope of the Future' with an overdrawn bank book in its pocket.

"A college man is a composite—He has the energy of Rip Van Winkle, the practicability of a Don Quixote, the appetite of a gargantua, and the aspirations of Casanova, and when he wants something it is usually money.

"He likes good liquor, bad liquor, cancelled classes, high school girls, Playtex ads and Al. He is not much for hopeful mothers, irate fathers, sharp-eyed ushers, campus policemen, alarm clocks and letters from the dean's or registrar's office."

No one else on earth can cram into one pocket what the average college man has in his—a slide rule, a Playboy calendar, Game Management Handbook, a collapsible pool table, latest issue of Mad and a Deck of cards.

You can lock the college man out of your heart, but you can't lock him out of your liquor chest. You can get him off your mind, but you can't get him off your expense account.

You might as well give up, he is your jailer, and your boss—a bleary-eyed, no account, girl-chasing bundle of worry. When he returns on vacations or because he has run out of money, he can make your hope and dreams insignificant with four magic words: "I flunked out, Dad."

(Note: Portions of this were taken from the University of Pennsylvania Nursing School Newspaper article.)

Foreign Series Features Flier

"Des Teufel's General" of "The Devil's General" will be presented in Sequoia Theater Sunday at 2:30 p.m.

The movie, which is in German, concerns a conscience-ridden German flier who works for Hitler because he loves his air force, but is sickened by many of Hitler's ideas.

This film is based on the play by the same title written by Carl Zuckmayer and is dedicated to his friends in the German resistance who were killed by the Nazis.

Proposed Lab Would Be Sited At Trinidad

(CONTINUED FROM PAGE 1)
mens is now in Washington, D.C., discussing a proposed U. S. Fish and Wildlife Service Pacific Coast Marine sport fisheries research center. While conferring with congressman Clement W. Miller and Department of Interior officials, Dr. Siemens formally offered to share a part of HSC's proposed 12-acre laboratory site at Trinidad Cove with the federal agency.

Congressman Miller, in a statement sent to Dr. Turner, said U. S. Fish and Wildlife Service officials will inspect the Trinidad Cove site March 24.

The advantages of the Trinidad site Congressman Miller listed include: the fact that HSC's Trinidad fisheries laboratory will be the only research station on the West Coast operated on a year-round basis in pollution-free water and HSC's active working relationship with the state Department of Fish and Game.

Next Production To Be Presented Here March 23-25

Rehearsals are now in session for "Mandrakala", a story of a young man, Callimaco, who is in love with the wife of a lawyer. The lawyer, Nicia, and his beautiful wife, Lucrezia, want to have children, but are childless.

Callimaco poses as a doctor and gives Lucrezia a potion that will make it possible for her to have children. The potion has one bad thing about it. It would cause the first man with whom she had intimate relations to die within a week. In reality, the potion is harmless, but this fact is known only to Callimaco and his faithful servant, Siro.

In order to obtain Lucrezia's consent to take the potion, Callimaco bribes her confessor, Friar Timetheo so he will tell Lucrezia that it is the right thing to do.

Lucrezia consents, and everyone involved agrees that the best thing to do would be to find a stranger for the first man to have relations with her, because it would be such a terrible thing to do to someone they knew.

"Mandrakala" will be presented by the HSC Drama Department March 23, 24, and 25.

Humboldters Attend CIPA Convention

Humboldt State's Alpha Phi Gamma members attending the California Intercollegiate Press Association convention in San Diego today and tomorrow will be competing with other State colleges in an attempt to win a sweepstakes trophy, to be awarded to the member school scoring the highest points in contests held at the El Cortez Hotel in San Diego.

All colleges will have an equal opportunity to win the trophy since the number entries in each contest is limited. The contests vary from newswriting to sports writing, and editorial writing.

Honored At CU Banquet

Dr. Raymond Dasmann was awarded an honorary lifetime membership in Conservation Unlimited at the C.U. Banquet Saturday.

Dr. Dasmann spoke on his recent research in Southern Rhodesia. Awarded a Fulbright Award in 1959, Dr. Dasmann undertook his research in Africa for the purpose of determining better methods of game management for that area so as to attain the most profitable use of the wildlife.

On Campus with Max Sholman
(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

BOOM!

Today, foregoing levity, let us turn our keen young minds to the No. 1 problem facing American colleges today: the population explosion. Only last week four people exploded in Cleveland, Ohio—one of them while carrying a plate of soup. In case you're thinking such a thing couldn't happen anywhere but in Cleveland, let me tell you there were also two other cases last week—a 45 year old man in Provo, Utah, and a 19 year old girl in Bangor, Maine—and in addition there was a near-miss in Klamath Falls, Oregon—an eight year old boy who was saved only by the quick thinking of his cat Walter who pushed the phone off the hook with his muzzle and dialled the department of weights and measures. (It would perhaps have made more sense for Walter to dial the fire department, but one can hardly expect a cat to summon a fire engine which is followed by a Dalmatian, can one?)

Science will ultimately solve the problem

I bring up the population explosion not to alarm you, for I feel certain that science will ultimately solve the problem. After all, has not science in recent years brought us such marvels as the transistor, the computer, the bevatron, and the Marlboro filter? Oh, what a saga of science was the discovery of the Marlboro filter! Oh, what a heart-rending epic of endless trial and error, of dedication and perseverance! And, in the end, what a triumph it was when the Marlboro scientists after years of testing and discarding one filter material after another—iron, nickel, lead, tin, antimony, sponge cake—finally emerged, tired but happy, from their laboratory, carrying in their hands the perfect filter cigarette! What rejoicing there was that day! Indeed, what rejoicing there still is whenever we light a Marlboro and settle back and enjoy that full-flavored smoke which comes to us in soft pack or flip-top box at tobacco counters in all fifty states and Cleveland!

Yes, science will ultimately solve the problems rising out of the population explosion, but in the meantime the problems hang heavy over America's colleges. This year will bring history's greatest rush of high school graduates. Where will we find classrooms and teachers for this gigantic new influx?

Well sir, some say the answer is to adopt the trimester system. This system, now in use at many colleges, eliminates summer vacations, has three semesters per annum instead of two, and compresses a four year course into three years.

This is good, but is it good enough? Even under the trimester system the student has occasional days off. Moreover his nights are utterly wasted in sleeping. Is this the kind of all-out attack that is indicated?

I say no. I say desperate problems call for desperate remedies. I say that partial measures will not solve this crisis. I say we must do no less than go to school every single day of the year. But that is not all. I say we must go to school 24 hours of every day!

The benefits of such a program are, of course, obvious. First of all, the classroom shortage will immediately disappear because all the dormitories can be converted into classrooms. Second, the teacher shortage will immediately disappear because all the night watchmen can be put to work teaching calculus and Middle English poetry. And finally, overcrowding will immediately disappear because everyone will quit school.

Any further questions?

© 1961 Max Sholman

Yes, one further question: Have you tried Marlboro's newest partner in pleasure—the unfiltered, king-size Philip Morris Commander? If not, by all means come aboard. You'll be glad you did.

"BIG DADDY"

Governor, Senator, HSC President, Council Deny Subversion Here

(CONTINUED FROM PAGE 1)
then said HSC is just one of many "communist hotbeds" and added that evidence on San Jose State would be released sometime soon.

The San Mateo assemblyman said Humboldt County's two representatives, Assemblyman Frank P. Belotti and Senator Carl Christensen, were behind his anti-communist legislation, saying "Belotti is one of my strongest supporters."

He made this statement without knowledge of a blast by the Senator, who called Francis "irresponsible."

However, Belotti's statement on the matter brought about a rap by a Humboldt County paper editorial, which questioned the long-time assemblyman's allegiance to Humboldt County and Humboldt State.

SUBPOENA JOINT REQUEST

Meanwhile, Francis has requested a joint senate-assembly Un-American Investigating Committee to be formed with full power to subpoena and cross examine witnesses. He also asked for \$100,000 to finance the investigations. He envisions investigating many "hotbed schools", including HSC, University of California, San Jose State, Los Angeles State and San Francisco State.

GOVERNOR CHARGES

This proposal drew a sharp attack by Gov. Edmund G. Brown, who charged Francis with being "completely irresponsible."

The Governor said, "I can't conceive of anything more irresponsible than the charges by Francis that he had evidence Humboldt County was the 'most subversive in the state.'"

Brown told reporters at a Sacramento press conference, "I certainly do not," when he was asked if he agreed with Francis' proposed investigating committee.

Brown said he feels the state senate, congressional un-American activities committee and the work of the FBI is enough in this field.

"This is completely irresponsible. It gives aid and comfort to the radical right—the John Birch Society—that called President Eisenhower a left-winger—and attacked Chief Justice Warren."

POOR MAN'S McCARTHY

Humboldt County District Attorney Leonard Conry called Francis a "poor man's McCarthy," adding he was trying to launch a witch hunt.

Conry said he doubted if Francis had been north of the Golden Gate Bridge, if he said things of this type about Humboldt County. He said, "There is not a college in the country without a fringe element."

These statements came under Francis' fire as the San Mateo man labeled Conry "irresponsible", "wreckless" and "discourteous". He said the district attorney did not even extend him a telephone call. He then added he has been in Eureka and on the HSC campus several times while serving on committees.

He asked if Conry were a "full-time district attorney."

Christensen blasted Francis in a lengthy statement. The Senator as a judge and former prosecuting attorney, said he deplores public officials searching for headlines and "casting a stigma on an educational institution of national repute with no more knowledge of facts than that obtainable from the most outrageous forms of heresy."

Christensen maintained that in any institution worth the price of tuition there must be a free discussion of ideas and an open appraisal of public issues. "It is a process that does not always appeal to the type of mentality which writes anonymous letters."

NEED NOT APOLOGIZE

He goes on to say the people of Humboldt County need not apologize for anything. He said the loyalty of HSC needs no defense from such charges. Christensen concluded he was proud to have worked with HSC and to have witnessed achievement in athletics and academics.

An interesting sidelight was interjected when a resident of Francis' district wrote him, telling him to keep his nose out of Humboldt County.

Here is the letter dated March 8 from Thomas L. Brandt, a constituent of Francis' assembly district. A copy was also mailed to Conry, who released it for publication.

"Dear Mr. Francis:

"My evening newspaper carries an account of your 'exposure' of 'subversive activities' in Humboldt County. As a San Mateo County taxpayer I respectfully suggest that you might better serve your constituency by keeping your nose out of Humboldt County and directing your efforts to some of the less sensational legislation required by the residents of this county."

"It is no source of pride to me to know that our county has produced the new Jack B. Tenney in this state, and it appears that you plan to do less real work for your constituency than Tenney did for his."

"It is currently reported in political circles in the county that you are preparing to introduce no less than 100 bills into the State Legislature on the subject of so-called communist activities in California. It is my understanding that it costs approximately \$100 to introduce a bill into the Assembly. It is therefore of interest to me as a taxpayer to know from what source will come the \$10,000 needed to finance your 'crusade'."

"An investigation of Jack B. Tenney, whose career you parallel in so many ways, revealed sources of contributions which represented most sinister implications for our American freedoms."

"Would you care to reveal your sources of political contributions? If you do not wish to do this I am certain a group can be formed in the Northern part of the county to petition Attorney General Mosk to investigate financial support of your career."

"Please let me hear from you at your earliest opportunity."

"Respectfully yours,
"/s/ Thomas L. Brandt"

COUNCIL RESOLUTION

The student council was also disturbed by the charges and issued its own statement on a motion by Paul Asp. The ASB treasurer headed a committee which drew up a statement, protesting Francis' allegations.

The resolution adopted at Thursday's ASB Council meeting, and unanimously approved follows:

"We, the members of the Student Executive Council of Humboldt State College, wish to offer a strong protest toward the wanton accusations made toward the faculty and student body. Due to the lack of substantial evidence,

we believe that the charges are absurd at this time."

"We emphatically endorse the privileges of free discussion of ideas as presented at Humboldt State College."

"We wish to commend the stand of our Executive Dean, Dr. Lawrence Turner, and the support given to us by District Attorney Leonard Conry, State Senator Carl Christensen, and others."

"We are certain the citizens of Humboldt County have no question concerning the moral integrity of our college and will not be influenced by naive assertions of irresponsible people."

Dr. C. H. Siemens, college president, fired back to the charge after reading it in newspapers in New York where he is on a teacher recruitment tour.

He said he was "shocked" and "disturbed", calling the charges "flimsy hearsay" and "harmful for it tends to undermine the spirit of trust in our college and our young people."

ATTEMPT TO SMEAR

"Any attempt to smear the reputation of the college and its faculty under such circumstances will be looked upon as an irresponsible act not worthy of any citizen, much less a state assemblyman."

"Just as Humboldt State College will not knowingly tolerate subversive activities, so, also, will it not tolerate unwarranted attacks upon its faculty and students."

Dr. Siemens adds whenever real evidence is presented, he will be the first to act. He said fortunately, "Those who know this college and appreciate its function and purpose will quickly dispell any hallow charges," concluding, "It was heartening to read the strong statements of support," citing statements made by Brown, Christensen and Dean Turner.

students and probably by faculty members was how the two professors of the HSC's small political science department felt.

Both admitted the charges pointed closely because of the small staff. They said they feel the result of the controversy has affected their instruction and one, Dr. Ross Y. Koen, said it has changed the content of his lectures.

DISTRACTING

Dr. Wilmer Bohlmann said "It is distracting. I don't see why it should affect my content." He added, "I am not getting overly excited, which would feed this sort of thing needlessly."

Dr. Koen also said the incident caused distraction, "because of concern and worry, particularly to my family." He said it would affect the content of his material inasmuch as some of it will have a bearing on the recent happenings. He said "it will definitely not change what I teach."

Dr. Koen said he must plead guilty to teaching idealistic theories, because that is what he is being paid to do. He explained a political scientist's job is to critically analyze various governments.

OCCUPATIONAL HAZARD

Neither professor intends to investigate the charges brought against them, either individually or collectively. Both considered the attack as "an occupational hazard."

Individually Humboldt State students "revolted" against the

attack. One group was responsible for stringing red balloons on a flagpole. Another was caught in the act of painting hammers and sickles on a garbage can, while others wore crudely made buttons and signs, proclaiming "HUAC Forever", "I like Barry Goldwater", "I like Dan Smoot," and "McCarthy for Security".

But Francis holds firm, saying, "I have evidence." He said he conferred with Assemblyman Belotti, showing him the evidence. He added he was not sure that Belotti was certain there was subversion at Humboldt State.

11 Foresters Attend Annual Logging Conclave

Eleven Humboldt State forestry students visited the Annual Redwood Region Logging Conference last weekend in Ukiah. The event drew 350 loggers and foresters this year from private industry, colleges, and national and state forestry organizations.

Discussions included the harvesting of timber as related to better forest management, fire prevention, road construction, and public relations.

Bernard Baughn, of the Pacific Lumber Company, raised the question, "Are our forestry schools producing students too technically trained and not prepared to meet the public?" He reviewed the importance of public relations in the field of forestry, commenting that foresters should have sufficient training not only in engineering and forestry but a satisfactory background in public relations as well.

The Masonite Corporation of Ukiah lead the group on a tour of its plant, showing the necessary operations going into the construction of the widely used fiber boards.

Two HSC students, Bob Spivey and John Bryant, served as recorders for the gathering. Other students attending, under the leadership of Henry A. Froehlich, associate professor of forestry, were: Ron Coulter, Helmut Muschield, Walter Salmen, Richard Montague, Charles Hall, George Pardee, James Currihan, Mack McMenemy, and Bob McDonald.

Marianne Merrick of Arcata was crowned HSC Freshman Sweetheart of 1950.

Howe Featured In Faculty Forum Monday Evening

Dr. Clarence Howe, Humboldt State assistant professor of philosophy, will speak at the Faculty Forum, Monday, 8 p.m. in room 107 of the Science Building.

The subject will be his translation of the book, "The Logic of the Humanities" by the German philosopher Ernst Cassirer, which will be published by the Yale University Press this April. Dr. Howe has been working on this translation for the past year.

Cassirer was a doctor of philosophy and was president of the Hamburg University until 1933, when he resigned because of the growing anti-Semitic feeling in Germany and came to the United States where he taught at Yale and Columbia. He died while teaching at Columbia in 1945.

CTA Will Feature Visiting Professor

Humboldt State Student California Teachers Association will meet Monday in the Campus Activities Center at 7:30 p.m. The program will feature Dr. Charles Hamilton from CTA headquarters in Burlingame. He will discuss the proposed credential revisions.

A nominating committee will be selected to prepare for the forthcoming election of officers.

All students and faculty members interested in education are invited to attend.

CTA CONVO SET

The 1961 Spring SCTA Conference on Professional Problems will be held at San Francisco State College on Saturday Mar. 18. Delegates leave this afternoon and return Sunday.

Green Sturgeon On Display In Aquarium

A green sturgeon (*Acipenser Medirostris*) is now in the aquarium of the Humboldt State Wildlife Building.

The sturgeon was caught by the HSC charter boat Seagull Feb. 21 in Humboldt Bay. The sturgeon are common in this area but this was the first one taken by trawling conducted by the college study, according to Dr. George Allen, associate professor of fisheries.

The fisheries and ichthyology students aboard the Seagull made six trawl hauls in the Pacific Ocean and four in Humboldt Bay, catching 30 species of fish fauna common to this area.

Model for model...there are 18 Cherrolets lower priced than any other full-sized car!

Leave it to these Jet-smooth Chevies to go easy on your family budget! All told there are 18 Chevrolet-V8's and 6's—priced lower than comparable competitive models*. Sumptuous Impalas, sprightly Bel Airs, bottom-priced Biscaynes and a whole stable of wonderful new wagons. And every

one of them has a road-gentling Jet-smooth ride. Body by Fisher refinements and dozens of engineering details you'd expect only in the most expensive makes. Look them over at your Chevrolet dealer's one-stop shopping center and see how easy it is to drive out in just the one you want!

* Based on comparison of manufacturers' suggested retail prices (including Federal tax) for models with 118-inch wheelbase or above.

Four Basketball Teams Unbeaten In Intramurals

The intramural basketball program rounded out its second week of competition with four remaining unbeaten teams.

Humboldt Village "A" and the Old Timers remain undefeated in the 4 p.m. league while Conservation Unlimited and Independent "A" have not been topped in the 5 p.m. league.

The Old Timers have posted a 3-0 record but trail Humboldt Village "A" which has compiled a 4-0 mark. These two teams are followed by Delta Sigma Phi, 5-1; Tau Kappa Epsilon, 3-3; Redwood Second, 1-2; Redwood Third and Independent "C", 0-3; and Sunset Hall, 0-4.

There is a tie for first place in the 5 p.m. league between Independent "A" and C.U., both with 4-0 records. Trailing them are Independent "B", 3-1; Circle K, the Misfits, and Independent "D", 1-2. Following in seventh place are Block "H" and Humboldt Village "B" with 1-3, and trailing the league is Forestry, 0-3.

Next week rounds out the regular scheduled league play. The play-off games between the two leagues are scheduled April 5 and 6.

"Seems I can't even walk down the street in my A-1 Rapier slacks without being followed by women. I wish they'd show more self-control. Not that I blame em. A-1 Rapier slacks are hard to resist."

Nevada Captures Unofficial Honors

The Humboldt State track team participated in an informal relay meet at Davis Saturday. University of Nevada took unofficial honors by sweeping seven relays.

Humboldt took a second in the 880-yard relay, thirds in the mile, sprint, and two mile relays.

Mike Snapp, Dave Littleton, Pat O'Brien and Ron Remington made up the 880 team.

Track Hopes Dim As Star Injured

Humboldt State track hopes dimmed this week when coach Bob Doornick announced that Keith Weidkamp may be lost for the season.

The middle distance star injured his Achilles tendon earlier in the season, but was expected to recover in time to see action.

Dave Littleton has recovered from his back injury and will see action tomorrow when the team travels to Sacramento to enter a three-way meet with Sacramento State and Fresno State.

Doornick said, "Sacramento is always tough. Fresno hasn't been too strong in the last two years, but could be this year."

Ten HSC Women To Participate In Sport's Day

Ten women from Humboldt State are travelling to Santa Rosa Junior College this weekend to participate in a basketball sports day. Ten colleges and junior colleges from Northern California are slated for action.

The team will play its traditional rival Chico State College, as well as other teams.

Those attending will be Sandra Abrahamson, Daren Backlund, Gayle Frakes, Martha Gabriel, Marge Jackson, Judy Maahs, Michelle Nance, Carolyn Sander, Betty Jane Theophillis, and Marlene Thompson.

Olympic Gold Medalist To Hold Clinic At HSC

Mrs. Andrea Molnar, Olympic gold medal gymnast from Hungary, will conduct a workshop and clinic today and tomorrow in the Women's Gym.

The Clinic will be held at 1 p.m. today, and the assembly committee has invited all students who are interested to attend.

Mrs. Molnar will conduct physical education classes this morning and a faculty class tonight. She will hold a workshop tomorrow morning for interested students from the surrounding area.

Mrs. Molnar is teaching part-time at Amma Head school in Berkeley while attending the University of California.

She won her gold medal in the 1956 Olympics at Melbourne. She was one of 40 Hungarians who came to the United States instead of returning to her homeland.

The gold medalist toured the United States for two years, meeting her husband who was publicity director for the tour.

She has a college degree from Hungary, but it has not been hon-

Baseball Team To Try Again

The Humboldt State baseball team attempts to play two double headers tomorrow and Sunday with the College All-Stars starting at 1 p.m. both days at the College Field.

The Lumberjacks have suffered five straight rain outs. A single game with San Quentin was rained out March 5 and last weekend two double headers were washed out.

Coach Ced Kinzer hopes his team can get some experience before leaving on its annual Easter road trip next week.

HSC Fencers Capture Fifth In First Outing

The Humboldt State fencing team entered its first intercollegiate match Saturday in San Francisco. Humboldt finished fifth in the eight team match.

Bill Robinson and Jim Guedmin finished sixth in the men's division while Nancy Young took a fifth and Kara-Lynn Scott captured a sixth in the women's division.

Coach Thelwall Proctor said, "Our team did very well considering their experience and caliber of competition."

CASUAL CAMPUS

By Kay

Campaigning, platforms, posters, and all that denotes Student body elections have come and gone. Our congratulations to all the candidates for their interest in student government, and to all the voters who made an effort to prove that our attitude is not one of apathy!

All the bunnies on campus will be hopping tonight to the tune of the 1K dance in the gym. Anyone interested in who is the campus playboy will be clued in at this affair!

One thing every 'playboy' is sure to know is that no wardrobe is complete without the new short-sleeved Sport Shirts in DALY'S Mens Store! These terrific shirts of cotton and cotton-rayon come in classy solids with trim, and in a variety of prints in any color you can name.

Intramural basketball must be getting a little rough these days, at least, to look at Rego Piva's eye it would seem that way.

"Kidnaped" is the title for a recent chapter in the lives of several fraternity men. Several actives were snatched by a band of pledges and sprinted away to a point south of here. At their first opportunity the victims yelled for help and were rescued by interested parties.

A glorious week of vacation will soon be here (sigh!) and the new Smartee Knit slim capris, sheath skirts, and assorted tops are especially made to make your vacation fun more enjoyable. DALY'S Sportswear has these 100% cotton knits in bold, pin, and hombre stripes, checks, and solids of bright 'sun' colors, black, and beige, \$2.98-5.98.

Some very impressive and some not-so beards have been appearing on campus recently in preparation for the Conservation Unlimited-Forestry Club clambake. Anyone without a three-week growth will be thrown in the ocean. Some of the most impressive beards are to be found below the mouths of George Pardee, Tom Wheat, Conrad Nussbaumer, E. V. Andersen, and Dr. James Gast. James Curivan faces the fate of the clean-shaven, three weeks have elapsed since he stopped shaving, and his beard has still failed to appear.

One further word. Remember, you don't have to sit there dreaming about DALY'S clothes... You can get a charge account if you go after it! Inquire at DALY'S and see how fast you can be well dressed, too!

See ya around!

Near Capacity Audience Hears HSC Professor's Speech On China Problem

By DAN BRYANT

"Policies with wide bases" and "a multi-lateral approach" in U.S.-Red China relations were called for by Dr. Ross Koen, in his speech, "The China Problem," before a near capacity audience of more than 550 in the Sequoia Theater Monday.

Dr. Koen, author of "The China Lobby in American Politics" and expert on the Far East, listed exploration and testing of Red China's willingness to co-operate with other powers as being held by experts to be "in accord with existing realities."

The program of exploration and negotiation would provide more flexible relations and "a clearer degree of collective agreement."

Dr. Koen explained that full accommodation of Red China's demands would weaken the U. S. alliances with other nations and has little support in the U. S.

Liberation or all out pressure on the Peking government through internal overthrow or invasion from Formosa seems remote at this time, he said.

The U. S. is currently engaged in isolation by limited pressure which is brought to bear by prohibition of all contracts between her and Red China. The neutralization of the Taiwan Straits is a facet of this program, he continued.

Red China's economic growth is attributed by Dr. Koen to the commitment of her great manpower, extension of industries, raises in agricultural production and utilization of the history of the USSR as a precedent.

Decisions, he said, are passed down from the elite party leaders at the top of the hierarchy to the members of the neighborhood cells at the "grass roots level" to expedite the Red objectives of "a powerful centralized state with a minimum of interference" in its bold programs and a "massive domestic revolution to bring China up to the West in heavy industry."

A rigorous system of ideological training, criticism and self-reform laced with intense nationalism molds the Chinese into an "organization man."

The Red Chinese propaganda machine uses the themes of depicting the U. S. as a menace to its people and hailing the Red success and potential power to tighten Communist control.

The future of the Western world, according to Dr. Koen, rests on the goals of the U. S. in Asia with the re-emergence of this country of the ancient world, which contends that "the East wind will triumph over the West wind."

Summer Workshop In Journalism Set

A two-unit summer workshop in school journalism will be offered at HSC this year if enough interest is shown in the course.

The workshop would include the teaching and supervision of high school and junior high journalism, including newspaper and yearbook activities. It is especially recommended for English, language arts, social studies, history and art majors and teachers.

The class would meet for two weeks for three hours a day, five days a week.

It is planned to spend about seven days on problems of journalism teaching and of directing the newspaper. Students will discuss such problems as the role of the journalism teacher, correlating the journalism curriculum, organization and recruitment of newspaper staff members, teaching the writing skill (news, features, editorials, sports, columns), editing, headline writing, financing, makeup, printing, distribution of the paper, grading of students, evaluating the paper, using rating services and evaluating journalism texts.

Business Club Discusses Grant Criteria

Business Club members approved criteria for selecting the recipient of their scholarship at a recent meeting. In addition, they heard speaker Don Malte, adopted a new constitution.

"What I would do differently if I were to repeat my college career," was presented by Malte, a Humboldt State graduate and presently employed by a stock-broking company in Eureka.

A recipient of the \$100-per-year business club scholarship will, according to professor S. J. Baird, have a minimum 2.75 grade point, have completed 30 units toward a degree, and be a Business major. Applicants meeting these requirements will be further screened by the Scholarship committee on the basis of financial need.

Howard Grist, former president of Humboldt State, retired in 1950.

'Roadside' Tryouts

Tryouts for "Roadside", the last play of the spring semester, will be held March 21 and 22 in the Studio Theater from 3-5 p.m. The play has eight male and two female parts.

"Roadside" is written by Lynn Riggs, who wrote the libretto to the musical "Oklahoma" and concerns the courtship of two very American type people in the Oklahoma territory. Production dates have been set for May 5, 6, 12, and 13.

Humboldt Greeks Hold Co-Function

Humboldt's national fraternities, Tau Kappa Epsilon and Delta Sigma Phi, held their first co-functional activity last Friday at the town hall in Trinidad.

Everything from logger boots to straw hats were in order for the "barn party" which was under the directorship of Greeks, Bill Robinson TKE and Dick Wild DSP.
