'Mandragola', Comedy, Continues At Theater Tonight, Tomorrow

By ANNE HOUSEHOLDER

"Mandragola," written by Niccolo Machiavelli, is the fourth play of the current drama season at Humboldt State. "Mandragola" opened last night and will continue tonight and tomorrow night. It is being presented in the Studio Theater, starting at 8:15 p.m.

Bill Livingston, a senior drama major is the director of "Mandragola". This is the first play Livingston has directed. His reasons for directing the play were to "round out theater work as a

whole," and to receive scholastic credit.

Livingston said that he had two main problems in directing "Mandragola." The first was the extremely short rehearsal schedule of four weeks. The second was that he attempted to develop a style of playing that was distinctively suited to 16th century play writing.

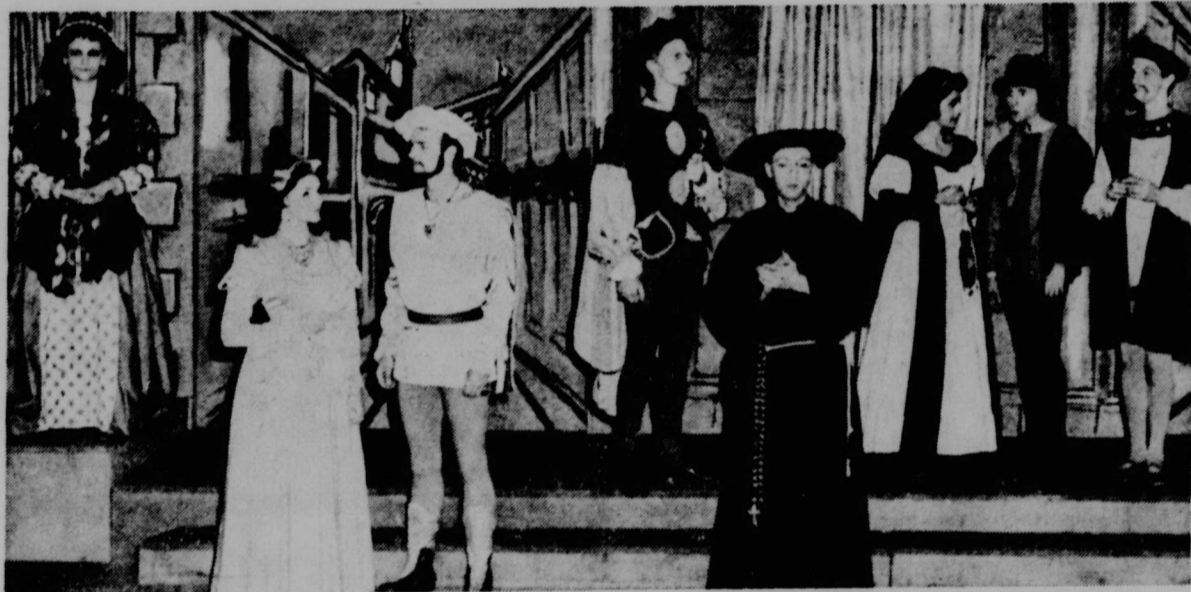

Livingston will be graduated from Humboldt State College this spring. He plans to attend the University of Illinois next year where he will teach part time and do graduate study.

"Mandragola" is a comedy about a young amorous man who tries

to have an affair with the wife of an old lawyer.

The eight-member cast includes Art Rathburn as Callimaco, Pat O'Leary as Siro, John Simpson as Necia, Pat Wilson as Lucrezia, Stanley Mott as Timetheo, Marilyn Beckwith as Sostrata, Phyllis Ferroni as the Lady and Bob Graham as Figurio.

Graham and Rathburn are veteran Humboldt actors while Mrs. Beckwith, a blind student, is making her second appearance on the stage, having played a role in "Importance of Being Ernest" last fall.

The closing scene of Mandragola, which opened last night, and continues this evening in the Studio Theater, shows the entire eight-member cast (L-R), including Marilyn Beck-

with, Pat Wilson, Art Rathburn, John Simpson, Stanley Mott, Phyllis Ferroni, Pat O'Leary and Bob Graham.

US Officials To Survey Trinidad Cove, Site Of New HSC Marine Fisheries

United States Fish and Wildlife Service officials will survey Trinidad Cove today as the possible site of a new Pacific Coast marine sport fisheries research center.

The site, where Humboldt State plans to build a new marine fisheries laboratory, is located 15 miles north of the college.

Congressman Clem Miller of the First District said in a release recently that the survey party will be led by Albert H. Swartz, of the Fish and Wildlife Service, Wash-

ington, D. C., director of the new marine sport fish research program.

President C. H. Siemens of Humboldt State College told Fish and Wildlife Service officials in Washington recently that he had hopes that construction of the college's research lab at Trinidad will begin by August 1962. He said Governor Edmund Brown requested final design funds from the Legislature. The request is in the Governor's 1961-62 budget now before the Legislature. Total cost of the college facility is estimated at \$430,000.

Miller told Fish and Wildlife Service officials he hoped it would be possible this year to set up temporary quarters at Humboldt State's main campus until facilities are available at Trinidad.

Miller also stated that following the group's visit to Trinidad and Arcata, Swartz and James Squire will attend meetings of the Pacific Marine Fisheries commission at Portland, Ore. There, March 30, (CONTINUED ON PAGE 3)

Hilltop Calendar Of Coming Events

FRI., March 24 — Second performance of "Mandragola" at 8:15 p.m. in the Studio Theater.

Easter vacation begins.

SAT., March 25 — "Mandragola" at 8:15 p.m. in Studio Theater.

MON., April 3 — Instruction resumes.

April 4-6 — World University Service drive.

Howe Reviews Translation At Faculty Forum

A small group of 45 faculty members and students attended the Faculty Forum Monday to hear Assistant Professor of philosophy Dr. Clarence Howe review his translation from German to English of Ernst Cassirer's "The Logic of the Humanities."

The title of Dr. Howe's speech was "Nature and Human Nature in the Philosophy of Ernst Cassirer." It was comprised in part of his doctoral thesis.

Dr. Howe attempted in his speech, as in his book, to establish Cassirer's place in modern philosophy and to determine the place of his "Logic of the Humanities" in his work as a whole.

Dr. Howe also sought in his speech to correlate his discussion of Cassirer's contribution to philosophy to C. P. Snow's concern with the gulf between the two cultures existing in contemporary society. The two conflicting culture groups Dr. Howe discussed were the literary (humanities) and scientific cultures.

Students and faculty members interested in studying Cassirer in more detail should keep in mind that Dr. Howe's translation will be published sometime in April by Yale University Press.

Daniels, Frost, Riscioni Win Other ASB Offices In Surprise Runoff Vote

Bill Turner, Humboldt State music major from Eureka, was elected 1961-62 student body president to lead a slate of unexpected victors to the winners' circle in the special runoff election held last Friday.

HSC Subversion Charges Still Being Reiterated

Assemblyman Louis Francis' charges of Humboldt State being subversive and communistic were still being reiterated this week as nearly every public official either asked him to retract his charges, turn over his "evidence" to various agencies or continued to label him irresponsible.

Newspapers throughout the state carried news stories on the incident during the past week. And some took editorial stands, charging Francis with being irresponsible, another Joe McCarthy, or smearing state colleges.

Here are the latest developments:

—Majority leader William A. Munnell, of the assembly, asked FBI director J. Edgar Hoover to initiate investigation of charges and see if they can be substantiated.

—Humboldt County district attorney Leonard Conry requested Governor Edmund G. Brown investigate Francis' reports and the college (HSC).

—Francis assured Humboldt County Board of Education that there is no evidence of communist infiltration in elementary or secondary schools.

—Francis broadened his charges in a United Press International story to include "University of California and some other state colleges". He refused to make retraction in answer to Assemblyman Frank Belotti's letter that he do so. His answers to Belotti's letter and broadened charges were made in an interview with the Lumberjack some 10 days earlier.

Turner was joined by Don Daniels, vice-president, John Frost, assemblies commissioner, and Dewey Riscioni, organizations commissioner, as members of the student council.

Earlier, Dick Griffith, Helen Wilson, Dennis Giuntini, Jack Moore, Jim Currian, and Karen McDonald were elected in the regular voting.

A special recount of the Miss Wilson-Pat Leslie secretary contest was ordered with the former still winning, but by a closer margin of 302-294. The first count showed Miss Wilson winning by a 304-293 for a 11 vote edge.

Turner defeated Dick Maynard, present vice-president, 311-214. The two emerged from a heavy slate of candidates, including Gary Peterson, Dave Brewer and John Rawlinson.

Daniels captured the vice-presidential post, receiving 286 votes to Pat McElroy's 234. Duane Oneto and Roy McKeag were eliminated from the four-man race in the earlier voting.

Frost downed Belinda Thompson for the assemblies commissioner post, 265-249, a difference of 16 votes. Dewey Riscioni won the organizations commissioner office, defeating Dave Crane, 330-195.

Riscioni, Turner, Frost, and Daniels, all victors, filed their petitions during the last two days. The earlier contestants were favored by many, providing HSC's student politics with its biggest surprise in some time.

Only two of the new 10-member student council-elect have served before—Turner and Miss Wilson. Three are from the Natural Resources division, perhaps an all-time high.

HSC Journalists Place 5th In State Competition

Humboldt State journalism students placed fifth among 17 colleges in writing, photography and layout contests at the Annual California Intercollegiate Press Association convention in San Diego last weekend.

The HSC delegates won four places, while Cliff Hawthorne, assistant editor of the Lumberjack, was elected second vice-president of the CIPA.

Lumberjack editor Hugh Clark won first in sportswriting, competing against 16 other entries, including last year's winner, Vicky Williams, Lumberjack news editor, was third in newswriting contest. Both events were conducted on the spot. Judges were editors of the San Diego Union-Evening Tribune.

Sempervirens editor Ron Kunstal was awarded third place in yearbook layout, while William Abbey, Hilltopper writer, placed second in feature writing for his article in the fall magazine. There were 33 entries. These contests were judged by the Oregonian staff in Portland, Ore., by mailed entries.

San Jose State won the championship perpetual trophy with 11 points, Fresno State followed with 10 and Chico State and Long Beach State tied for third with eight each. HSC had seven.

Kunstal, outgoing CIPA second vice-president, was given a special trophy for his work during the

past year. His successor, Hawthorne, was elected in a special runoff against Dee Slocum of Cal Poly of Pomona by an 8-6 margin with the deciding votes cast by UCLA and USC.

Clark was elected student chairman of the western region of the Alpha Phi Gamma, national journalism honorary co-educational fraternity. Serving with him will be Dave Reid, vice-chairman, and Pat Cook, secretary, both of Long Beach State. Miss Cook served in the same capacity last year, while Clark was vice-chairman.

Hawthorne will serve with Joel Schwarz of Fresno State, new president of CIPA. Next year's convention will be in Sacramento with Sacramento State as host college. Al Senger of Sacramento State became first vice-president when his college was selected as host.

WIND ENSEMBLE TRAVELS

The Symphonic Wind Ensemble will travel to South Fork Thursday, April 6, to play two children's concerts in the schools of the Southern Humboldt Unified School District in the afternoon.

A Challenge Ahead

It is often said, following an election of public officials, that the new officeholders have a great challenge to meet. The sideline observers watch with interest how these persons react to these challenges.

The newly elected Humboldt State officials also appear to have a great challenge ahead. No matter how trite it sounds, or how you slice it, there are crucial and real problems on the road ahead.

This new group of student officers which takes over at the end of this semester will have some disadvantages and some advantages that make their challenges unique from their predecessors.

First, HSC is a growing institution. Changes by the dozen are occurring each year. There is a controversial constitution revision before the council at the present time. A bi-cameral legislature has been proposed. Various interest groups want more say in student affairs.

Second, the group faces the serious problem of obvious lack of experience in student government at Humboldt State. Only two of the ten elected members have been on the council before. Three other present council members who were seeking office were defeated.

There are some advantages. The elections were held much earlier than in the past. This group will have the opportunity to use the time between now and installation to acquaint itself with the various problems, both present and future, and the structure and organization of Humboldt student government. It would be a wise move for the group to informally organize and educate itself. It would also prove advantageous to attend student council meetings and to prepare for the coming year.

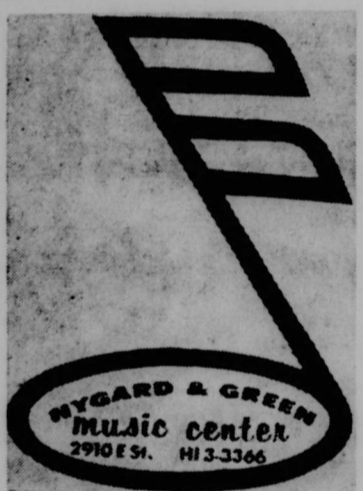

Actually, this group is no different than any other in that it must meet a common challenge to prove itself to its constituents. But in order to bring about this proof, it must first meet and deal with more specific challenges that will provide the test for the new Humboldt State executive council.

TECHNIQUES DISCUSSED

Graphics techniques were discussed Monday evening by Professor Max Butler at the second art lecture series of the year. In his lecture Prof. Butler explained the printing processes Intaglio, lithography and silk screen.

Representative To Interview Students Today

Humboldt State's placement office has announced today a representative of Cal Pack will be on campus to interview students interested in obtaining positions with the company.

Mr. James Hoffe, placement officer for Humboldt State, advises, that the representative from Cal Pack as well as other organizations are in a position to hire every qualified student they can meet on campus, so great is the need on the industrial level.

The recruiters are anxious to talk to all students regardless of their year in school. These men are interested in establishing contact with students even though they may have several years of college remaining.

Hoffe advised, that most of the organizations offer formal and on the job training for managerial and technical positions.

Students that are interested in being interviewed by the Cal Pack representative, or any of the other organizations that will have recruiters on campus next month are to contact Mr. Hoffe in room 212 of the Administration Building.

Mr. Hoffe stated, that on April 6, a representative of Wells Fargo will be on campus, on April 20, a representative of Pacific Telephone and Telegraph and on April 26, a representative of Bank of America.

Pottery, Paintings To Feature April HSC Art Exhibit

Pottery and contemporary paintings will be the subject matter for an art exhibit to be displayed April 3-27 in the Humboldt State Art Gallery.

The pottery was made by Ruth Rippon, professor of art at Sacramento State College.

The paintings were done by top modern painters from New York and San Francisco, according to Professor Melvin Schuler of the HSC art department. Schuler said paintings were also borrowed from Gump Gallery in San Francisco.

Square Dance Club Schedules Dance

The Square Dance Club, known as the Lumberjacks and Jills, is acquiring new records and is preparing for a Square Dance Party to be held in the Women's Gym April 29.

Del Holt, club president, says that all students and faculty members are invited to attend the regular meetings which are held every Monday night in the Green and Gold Room.

Two or three meetings is enough to learn the basic steps, according to Holt.

Plans for the Square Dance Party are still being worked out.

TEKES Sponsor Beard Contest

One of the feature events of the coming Lumberjack Days will be a beard contest sponsored by Tau Kappa Epsilon Fraternity.

Contestants will register clean shaven, in the cafeteria between April 3-7. Registration fee will be 50 cents.

The Contest will be judged by a barber from the local area and a representative of the college administration.

A trophy will be awarded for the best beard on Friday night May 5th. Proceeds from Lumberjack Days will go to the World University Service.

HAPPINESS CAN'T BUY MONEY

With tuition costs spiralling ever upward, more and more undergraduates are investigating the student loan plan. If you are one who is considering the "Learn Now, Pay Later" system, you would do well first to study the case of Leonid Sigafos.

Leonid, the son of an upholsterer in Strained Circumstances, Idaho, had his heart set on going to college, but his father, alas, could not afford to send him. Leonid applied for a Regents Scholarship, but his reading speed, alas, was not very rapid—two words an hour—and before he could finish the first page of his test the Regents had closed their brief cases crossly and gone home. Leonid then applied for an athletic scholarship, but he had, alas, only a single athletic skill—balancing a stick on his chin—and this, alas, aroused only passing enthusiasm among the coaches.

And then, huzzah, Leonid learned of the student loan plan: he could borrow money for his tuition and repay it in easy monthly installments after he left school!

Happily Leonid enrolled in the Southeastern Idaho College of Woodpulp and Restoration Drama and happily began a college career that grew more happy year by year. Indeed, it became altogether ecstatic in his senior year because Leonid met a coed named Salina T. Nem with hair like beaten gold and eyes like two squirts of Lake Louise. Love gripped them in its big moist palm and they were betrothed on the Eve of St. Agnes.

Happily they made plans to be married the day after commencement—plans, alas, that never were to come to fruition because Leonid, alas, learned that Salina, like himself, was in college on a student loan, which meant that he had not only to repay his own loan when he left school but also Salina's, and the job, alas, that was waiting for Leonid after graduation at the Boise Raccoon Works simply did not pay enough, alas, to cover both their loans, plus rent and food and clothing.

Sick at heart, Leonid and Salina sat down and lit Marlboro Cigarettes and tried to find an answer to their problem—and, sure enough, they did! I do not know whether or not Marlboro Cigarettes helped them find an answer; all I know is that Marlboros taste good and look good, and when things close in and a feller needs a friend and the world is black as the pit from pole to pole, it is a heap of comfort and satisfaction to be sure that Marlboros will always provide the same unflinching pleasure, the same unstinting quality, in all times and climes and conditions. That's all I know.

Leonid and Salina, I say, did find an answer—a very simple one. If their student loans did not come due until they left school, why, then they just wouldn't leave school! So after receiving their bachelor degrees, they re-enrolled and took masters degrees. After that they took doctors degrees, loads and loads of them, until today Leonid and Salina, both aged 78, both still in school, hold doctorates in Philosophy, Humane Letters, Jurisprudence, Veterinary Medicine, Civil Engineering, Optometry, and Dewey Decimals. Their student loans, as of last January 1, amounted to a combined total of eighteen million dollars, a sum which they probably would have found great difficulty in repaying had not the Department of the Interior recently declared them a National Park.

© 1961 Max Shulman

You don't need a student loan—just a little loose change—to grab yourself a new kind of smoking pleasure from the makers of Marlboro—the unfettered king-size Philip Morris Commander. Welcome aboard!

May 1 Deadline Set For Annual Kerr Contest

The final date to submit poems for this year's Dorothy Kerr Poetry Contest is May 1.

The poems submitted must deal with physical nature in traditional poetic forms. The following prizes will be awarded: a first prize of \$50, a second prize of \$20, and three third prizes of \$10 each.

Winning poems will be published in next year's Toyon. Judging for the contest will take place on May 15.

Mrs. Kerr is a poetess herself and is interested in encouraging poetry. She lives on a large ranch near Korb with her husband Dr. William Kerr, who was formerly head of the School of Medicine at the University of California.

Officials Survey Fisheries Site

(CONTINUED FROM PAGE 1) they plan to discuss location of the new research center with representatives of fish and game departments of all Pacific states.

He said he expects Secretary of the Interior, Stewart L. Udall to decide the location of the center this year.

Congressman Miller said advantages of the Trinidad site include:

1—The fact that the college's Trinidad fisheries laboratory will be the only marine research station on the West Coast operated on a year-round basis in pollution-free water.

2—The college's strong faculty and staff in its fisheries curriculum. "They are widely and increasingly respected in their profession for their research work as well as instruction," Miller said.

3—The college's active working relationship with the State Department of Fish and Game.

4—Proximity of the site to the mouths of major salmon-spawning rivers.

Humboldt Co-ed Elected IK Region Princess

Mary Lou Robertson, Humboldt co-ed, was selected Intercollegiate Knights princess of Region Nine during the region convention hosted by the Humboldt State Yurok chapter Friday and Saturday.

She was chosen on the basis of poise, talent, beauty and personality over candidates from Linfield college, McMinnville, Ore., and Pacific University, Portland, Ore., and will compete for national honors at the April 19 national IK convention in Moscow, Ida.

Outgoing regional IK Viceroy Don Daniels, also of HSC will relinquish his post to newly elected Hugh Hudson, Linfield college, during national convention activities.

Arcata Captures Prep Forensics Tourney Here

Arcata, Eureka, and Mendocino High Schools placed first, second, and third, in the fifth annual Redwood Forensic Tournament held here last weekend for northwest California high schools.

In the finals, Eureka took a first, second, and third in debate, and Arcata did the same in serious oral interpretation. Teams and individuals earned the right to compete in finals from their standings in four rounds of debate or two rounds of individual events.

The three top squads split most of the remaining honors in the other events—humorous oral interpretation, original oratory, and extemporaneous speaking—with Del Norte capturing two third places in final rounds.

Approximately 125 students from Arcata, Eureka, Mendocino, Leggett Valley, Del Norte, Weaverville, Fortuna, and Anderson Valley competed. Judges for the events were HSC forensics squad members and speech professors.

A 1936 Lumberjack quotes G. B. Wilson, professor of speech, "The male sex of Humboldt State use the voice too much for cooling alone, thereby unfitting it for its manly office of cheering and war-hooping."

D-Z WINS TWO AWARDS
Eight members of the Humboldt State College chapter of the Delta Zeta Sorority recently attended a province convention and workshop in San Jose. They won two awards while there. One was for the pledge class with the highest grade point and the other was for the greatest grade point improvement.

Do all Air Force Officers have Wings?

Decidedly not. In fact most executive jobs are on the ground. Of course, all officers may apply for pilot and navigator training if they meet the eligibility requirements. There will always be a need for piloted aircraft. And it is foreseeable that in your working lifetime, there will be piloted spacecraft—piloted and navigated by Air Force officers.

But right now, there is also a big future for college-trained Air Force officers on the ground. New and exciting technical jobs are opening up. Important administrative positions must be filled as World War II officers move into retirement.

How can you—a college student—become an Air Force officer? First, there's Air Force ROTC. Then for college graduates, men and women in certain fields, there is Officer Training School. The graduate of its three-month course wins a commission as a second lieutenant. Other ways are the Navigator Training program, and the Air Force Academy.

Some benefits that go with being an Air Force officer. Starting salary plus allowances compare with the average in equivalent civilian jobs. Then there's free medical and dental care, thirty-day vacation, the chance to win graduate degrees at Air Force expense, and liberal retirement provisions.

No, Air Force officers do not need wings to move up. There's plenty doing on the ground. Perhaps you could be one of these young executives in blue. Ask your local Air Force Recruiter. Or write, Officer, Career Information, Dept. SC13, Box 7608, Washington 4, D.C., if you want further information about the navigator training or Officer Training School programs.

Constitution Election, Blood Bank, Lumberjack Days Highlight Meeting

Headlining a short and poorly-attended executive student council meeting were discussions of the constitution election, blood bank drive, and Lumberjack Days.

Hopes were set for a special constitution election in April provided the council can approve the constitutional revisions by then.

Roger Olsen, organizations commissioner, said that there would probably be a need for the polls to remain open two or three days in order to get one-third of the student body vote.

Olsen also suggested the polls be opened at night in order for the part-time students to obtain their ballots.

Kay Gerdes, representative at large, commented that it would be the council's job to see that the students vote even if it means manning the polls for weeks.

Pam Schoenbeck, also representative at large, explained that the Lumberjack Dance during Lumberjack Days, will be jointly sponsored by the student body and sophomore class with 55 percent of the profits going to the World University Service and the remainder going to the sophomore class.

Olsen stated "WUS" seems to be taking proceeds from every activity on campus."

Miss Schoenbeck countered by saying that up until this year no admission was charged and that last years student body's sponsorship cost \$80 with no profit. This year it is costing the student body \$50 and the profit may go to the WUS and sophomore class.

Bill Turner, rally commissioner, reported that soon after Easter vacation, a song queen-yell leader clinic will open for those interested in becoming song or yell leaders. Song queens and yell leaders are elected by student council on basis of ability.

Miss Gerdes informed the council that March was their month to donate to the Humboldt Blood Bank. Donors from the council included, Turner, Olsen, Neil Evans, Paul Asp, and Miss Schoenbeck.

Closing out the meeting was a complaint registered by Ron Edwards, HSC student, stating an infraction of rules by The Lumberjack. Edwards explained that under article 1112 of the present Humboldt State Constitution the Lumberjack must print the minutes of the student council weekly.

Selective Exams Slated April 27

A Selective Service College Qualification test will be administered on April 27. Applications are now available at the Selective Service Board in Eureka.

Students planning to take this test should fill out the application at once and mail it to, Selective Service Examining Section, Educational Testing Service, P. O.

Box 586, Princeton, New Jersey. Applications for this test must be postmarked no later than midnight, April 6.

New Track To Be Initiated Tomorrow

HSC Baseball Team Leaves On Crucial Easter Trip; To Play Chico Tomorrow

The Humboldt State baseball team leaves on one of its most crucial Easter trips since coach Ced Kinzer came to the Green and Gold, tomorrow, playing nine games in six days.

The Lumberjacks have managed to play only three of 15 scheduled games to date. With the Far Western conference opening April 15, the 'Jacks have one weekend of play left after Easter vacation for non-loop games.

Other FWC teams have been playing every chance they get. Sacramento State, perennial powerhouse, is the team to beat again

this year. The Hornets have upset Fresno State and lost two one-run decisions to the University of Pacific.

The nine game trip starts tomorrow when the 'Jacks play Chico in two games starting at 1 p.m.

Sunday and Monday the Hilltoppers will be in San Francisco for single games with the University of San Francisco and San Francisco State. Game time is 1 p.m. both days.

The 'Jacks travel to Sacramento Tuesday for a doubleheader with the Hornets at 1 p.m. and return to the Bay Area city for games Wednesday with San Francisco Presidio and Thursday with St. Mary's.

Kinzer will open the trip with Larry Taylor and Al Snarski on the mound against the Wildcats tomorrow. Tom Leitz will start the game with USF, and Kinzer will rely upon Don Solberg, Ron Stammer, and Bob Foreman for starting and relieving work throughout the trip.

The catching duties will be handled by Joe Siino and Larry Taylor. However, Taylor will see his main action at first.

Tom DiMercurio, showing good power hitting in the action so far, will start at shortstop while Monty Feekees will handle the second base spot.

Larry Wimer rounds out the in field, starting at third.

Kinzer has moved Rich Tomasini into the outfield, starting him at right. The other two spots will be handled by Ken Matias, left, and Dennis Pontoni, center. Both are junior, two-year lettermen.

Others making the trip are Don Lampe, Drew Roberts, and Joe Taylor.

Humboldt Faces Hornets in Dual With Sacramento

Humboldt State's new track will be initiated tomorrow when the Sacramento State Hornets seek to spoil the Lumberjacks home opening of the season.

The Lumberjacks finished behind the Hornets in a three-way meet in the Capital City Saturday.

The field events will be Humboldt's main power. Vester Flanagan will head the Lumberjack entries in the javelin. Gordon Bobell and Larry Haddorff will add depth. Flanagan's main opponent will be Jim Popejoy who finished second to Flanagan in the earlier meet.

In the high jump, Humboldt's one-two combination of Bill Crichton and Larry Krupka will meet competition from Bob Felter.

Rego Piva and Bud Edson will represent the 'Jacks in the pole vault.

In the other two field events, the discus and shot put, Chris Carr and Bobell will represent Humboldt.

Manuel Vasquez and Frank Alden will be Humboldt's sprinters in the 100 and 220-yard dashes. Jim Poe and Jackie Williams will enter for Sacramento. Williams ran the 100 in 9.8 Saturday.

In the 440, Humboldt will enter Alden and Pat O'Brien. Rick Stromberg, Alex Ellis and Don White are the Lumberjack runners in the 880.

In the mile and two mile, the Lumberjacks will have Ken Williams, Rick Scott and Frank Newman. Saturday, the Hornets swept the two mile, taking all four places.

Dave Littleton and Bob Haley will be Humboldt's entries in the 220 low hurdles. They will also be in the 120 high hurdles along with Jim Hasz.

Athletic Director Phil Sarboe hoped that the new rubber track would be completed by meet time. However, the weather has been hindering the painting of lanes and Sarboe was not sure that the paint-

Trackmen Finish Last in Tri-Meet At Sacramento

The Humboldt State track team finished third in a three-way meet in Sacramento Saturday behind Fresno State and Sacramento State.

The 'Jacks had 19½ points while Fresno had 72 and Sacramento had 63½.

The Lumberjacks scored mainly in the field events. Vester Flanagan won the javelin with a toss of 199'1", and Bill Crichton took the high jump clearing 6'2".

Larry Krupka tied for second in the high jump while Chris Carr tied for fourth in the shot put.

Frank Alden and Ron Remington took third and fourth in the 440, respectively.

Manuel Vasquez captured a third in the 220.

ing would be completed by tomorrow.

NAIA Selects Site for Bowl

The annual National Association of Intercollegiate Athletics Holiday Bowl will be held in Sacramento next year.

The game was moved to Sacramento in view of several problems with the former St. Petersburg Fla. location. The Florida city had promised the NAIA a larger stadium but failed to fulfill the promise.

Another reason cited was a segregation question raised by Humboldt State.

In 1936 two student body elections were held because the first election was declared dishonest.

Forester's Speech Highlights Meeting

Larry Marshall, forester from U.S. Plywood Corp., spoke on the early travels of explorer and mountaineer Jedediah Smith at the Forestry Club meeting here. Smith was the first explorer to enter what is now eastern and northern Humboldt County.

Blood Bank Program Goes Into Operation In March

Blood is the word for March!!

Machinery for the Annual Blood Bank Program at Humboldt State went into operation this month with the announcement of Student Council and Circle K as donors for March.

These two organizations are asked along with other interested parties to supply the ten pints of blood needed for the March quota.

Each month different organizations are being asked to supply the amount needed.

Plans of the local bank, with headquarters at 2524 Harrison Avenue in Eureka, call for Humboldt to furnish a minimum of 60 pints a year. The Humboldt Blood Bank committee under the direction of John Ammon has arranged so the amount is spread over a half year period beginning this month.

Other students, faculty, administration staff, employees and the immediate families of these groups are all included in the program on a voluntary basis.

If persons covered under the program need blood at any time, they need only to inform the doctor or hospital that they are in the Humboldt State Blood Bank Program and they will not be charged the usual fee of \$30 for each pint of blood used in a transfusion.

The blood may be donated as often as desired either individually or as a club function.

A scale chart is located in the cafeteria showing the names of donors and the organization they represent.

Each donor must have his blood pressure and temperature checked. A hemoglobin test must be made to be certain he is not anemic. Students under 21 must obtain their parents signature before they can give blood.

After these precautions, the donor is told he must eat a low fat meal at least four hours before giving blood. Coffee, tea, fruit, or fruit juices, cereal with milk, toast, jam or jelly are recommended. No cream, butter or fried foods should be eaten.

If students are willing they can be placed on call list for emergency blood requests. Those interested can contact Art Dalianes in the Campus Activities Center.

Chester Featured As Playboy At IK Bunny Hop

Frank Chester was elected Playboy of the Year at the Second Annual Intercollegiate Knight's Bunny Hop, held Friday night in the Men's Gymnasium.

Chester, a senior psychology major from Laguna Beach, was sponsored by the Delta Zeta sorority and received 3,248 penny votes. He escorted Jan Mackins, a freshman English major.

Al Snarski, a senior physical education sponsored by the Delta Sigma Phi fraternity, received 2841 votes for second place. He escorted Genny Barnes, a sophomore physical education major.

Details Received on Peace Corps

Humboldt State has received information from Washington on the country's proposed "Peace Corps." The Peace Corps, first proposed by President J. F. Kennedy, will be an organization of young Americans who will be sent to foreign nations to help them toward a better life.

According to James F. Hoffe, HSC placement officer, any college graduate may apply for the Peace Corps. No specific age requirements have been set, but it is expected that applicants will be between 21 and 36.

After an individual is accepted he will enter a training period which will vary from six weeks to six months. During this time he will learn the language and culture of the country to which he is assigned. He will also be trained in the work skill he will instruct the natives of the country in.

There are three general fields

in which Peace Corps volunteers will work. They are in order of emphasis given them, teaching, agriculture and health. Foreign assignments in these fields will be from two to three years. No Salaries will be given.

The Peace Corps is to be organized under the International Cooperation Administration (ICA). By the end of 1961 it is expected that there will be from 500 to 1,000 Peace Corps members working abroad, according to the information received from Washington.

No specific details have been released regarding the method of application, according to Hoffe. It is probable that a national recruiting system will be established, but individual colleges and universities may take the initiative and develop local recruiting systems as Mid-western institutions have done.
