

# Parade, Bonfire, Dance, Alumni Banquet, Highlights Homecoming

Princess Nancy

Linda Arvola has been chosen from a field of five finalists to reign over Humboldt State's 16th annual Homecoming.

The 19-year-old junior from Eureka was sponsored by the Forestry Club and will rule over Homecoming activities this weekend.

720 students turned out to elect the 5'7" blonde in what turned out to be one of the closest queen elections at Humboldt.

Miss Arvola, who has green eyes and weighs 130 pounds is currently the Associated Women's Corresponding Secretary, junior class representative at Inter-Club Senate, and vice president of the Womens Recreation Association.

Queen Linda was crowned by Dr. Ned E. Girard at today's assembly, and will be honored at tonight's dance; she will lead the parade tomorrow morning; be honored at half-time ceremonies at the football game; and will conclude her reign at tomorrow night's dance.

Queen Linda and her attendants will ride in the parade on their sponsor's float.

The physical education major

was selected as the Best Dressed Woman of the Year in 1960 and was also Sempervirens Sweetheart last year.

The four other candidates chosen as princesses are Kathy McGregor, Nancy Mendes, Kay Suffran and Joan Iversen.

Miss McGregor, a business education major from Riverside insists she stands 5'11 1/2" without heels and the blue-eyed pretty adds she weighs 105 pounds.

The 19-year-old junior is sponsored by the Comus Club and the WRA. She served as Sunset Hall secretary and has "brown, brown" hair.

Miss Mendes, a 20-year-old junior from Arcata is majoring in elementary education. Sponsored by Conservation Unlimited, the 5'4" (which she says she has been for four years) brown eyed, brown haired miss states she weighs exactly 115 pounds.

Miss Mendes has served as executive secretary to the student council, vice president of the WRA in 1959, and served on the Homecoming committee and leadership conference. She is presently a

song queen and corresponding secretary to the ASB council.

Redwood Hall sponsored Miss Suffran. The 22-year-old senior is a business administration major from Napa.

Miss Suffran weighs "a bit under 100", stands 5'3" and has blue eyes to go with her brown hair.

She has put her major to work while at college, serving as treasurer of the Business Club and Sunset Hall.

Miss Iversen, sponsored by the Tau Kappa Epsilon fraternity, is a 20-year-old senior from Gualala. The 5'6" music education major has brown eyes and light brown hair.

Her activities have included participation in the band, choir, and Madrigals for four years; opera workshop for three years and Mu Epsilon Psi for four years.

She is also listed in Who's Who in American Colleges in 1960, a member of the Green and Gold Key in 1960-61 and is currently AWS president.

Miss Arvola and her court will be honored at half time tomorrow night at the Nevada vs. Humboldt football game.

Kick-off time for the game is 8 p.m. in Redwood Bowl. Clifton Branstetter will also be formally initiated into the Humboldt Hall of Fame. The Alumni Band will also perform during half-time.

"Adventures in Paradise," the Homecoming Dance, will be held in the men's gym following the game. Admission prices for the dance will be 50 cents stag and \$1 a couple with student body card and 75 cents and \$1.50 a couple without.

Karen McDonald, chairman of the bonfire, has announced that it will be held behind the Redwood Bowl bleachers next to the Field House. The rally will begin at the Plaza at 7 tonight and proceed to the site of the bonfire.

The parade will begin at noon tomorrow in North Arcata, proceed to downtown Arcata, and then to Eureka.

Tonight's dance in the men's gym will follow the bonfire. A Hawaiian theme has been chosen. Charges for this will be 25 cents with student body card and 50 cents without.

Princess Kathy

## LUMBERJACK

Vol. XXXV Arcata, Calif., Fri., Nov. 10, 1961 No. 10

### Popera Opens Nov. 17 In Men's Gymnasium

The twelfth annual Popera will be on Friday, Nov. 17, at 8:15 p.m. in the men's gymnasium. The program will include a classical concert, the crowning of the Popera King, and a dance, in that order. The master of ceremonies will be professor James T. Mearns.

The concert will include two works by the Humboldt Symphony under the direction of Charles Fulkerson, four works by the College Choir under the direction of Leon Wagner, four works by the Choralers under the direction once again of Leon Wagner, a trumpet trio, a number by both the Choir and Choralers, four works by the Symphonic Wind Ensemble under the direction of David Smith, and four works by the Humboldt chorale under the direction of Leland Barlow.

Following the concert will be the crowning of the Popera King, by the homecoming queen. The King is the most popular man on campus as determined by voting on Friday, Nov. 17, both during the day and just before the concert. Any campus organization is open to sponsor a candidate for this activity.

Following the crowning there will be a dance. This will follow immediately and there will be no extra charge added to the admission price of the concert.

Members of the Popera Committee are Joan Iversen, General Chairman, Joan Byker, tickets,

Lynn Ricker, publicity, Mike Walker, dance, Judy Chase, King contest, and Kay Magnuson, "white elephants." In explanation, "white elephants" are little items collected around the campus by the committee from cheerful donors, which will be used as door prizes at the dance.

The admission charge is 50c with an A.S.B. card and \$1.00 for adults.

### Band Presents Legion Theme At Half-Time

The theme for the half-time show at the football game tomorrow night will be "The Humboldt Legions." The band will present a show that should prove to be one of the more interesting shows of the season.

The first formation of their Roman show is one of a chariot, typifying the legions of Rome. It employs the use of a prop which adds more novelty to the formation.

The second formation will be of a gladiator shield and the third of a violin, the latter being a symbol of Nero, etc.

The show was originated, planned and charted by Rowland Nielson, a senior music major from the band. He also devised special musical arrangements.

Princess Joan

### Homecoming Activities

#### TODAY

Queen's Coronation Assembly and Variety Show.....Sequoia Theater, 1-3 p.m.  
Bonfire Rally ..... Arcata, 11 a.m.  
Green and Gold Key Capping Ceremony  
Hall of Fame Speaker

Buffet Dinner ..... Cafeteria, 4-6 p.m.  
Bonfire Rally ..... 7 p.m.  
"Aloha, Hawaii" Dance ..... Men's Gym, 9 p.m.-1 a.m.

#### SATURDAY

Spurs Reunion Breakfast ... Campus Activities Center, 9 a.m.  
Parade Lineup and Judging ..... Arcata, 11 a.m.  
Parade through Arcata ..... 12 Noon  
Parade through Eureka ..... 2 p.m.  
Alumni Social Hour ..... Eureka Inn, 4:30 p.m.  
Alumni Dinner ..... Eureka Inn, 5:45 p.m.  
Football: HSC vs. University of Nevada

Homecoming Dance—"Adventures in Paradise" ..... Redwood Bowl, Arcata, 8 p.m.  
..... Men's Gym, 10 p.m.

#### SUNDAY

Green & Gold Key Breakfast ..... Baywood Country Club, 10 a.m.

Queen Linda

## New Constitution Presented To ASB Council In Three Weeks

Humboldt State's new constitution drafted after the federal form of government will be presented in its entire concept to the associated student body executive council within the next three weeks, it was learned at Tuesday's meeting.

Dave Crane, chairman of the constitution committee told the council that the committee wished to wait for a period of three weeks and then present the whole constitution at once to the council.

Hugh Clark, representative at large, was appointed by vice president Don Daniels as vice-chairman with Crane to help on the constitution.

Clark suggested holding study sessions with the council sitting in with the constitution committee and studying the proposed bi-cameral form of government.

Crane also told the council that his committee will have Dr. Wilmer Bohlmann, assistant professor of Political Science as a constitutional adviser.

Ron Sells, compiler of the recently released student directory, was given \$50 as part of the original contract between him and the student council, with \$150 more upon completion of selling and advertising the handbook.

The amount settled for Sells finally came after the council discovered a mistake in the original production price was made. The council found that instead of \$400 for the completion of the directory, it was \$450.

Bill Turner informed the group that next Tuesday's meeting will be held at president C. H. Siemsen's house.

Dick Griffith, student body treasurer, gave prices of an after

### Sequoia Masque Casts 27 For Second Play Dec. 8

Sequoia Masque's second production, "The Good Woman of Setzuan," is cast and will open Dec. 8. In contrast to "The Innocents" cast of six, this play will involve a cast of 27.

The style of the play is one which is prominent in Europe and is slowly moving on to the stages of the United States. It is referred to as "epic-theatre" and is somewhat similar to "Our Town" as it involves the performers talking directly to the audience at times.

One other feature of the play is its use of fragmentary scenery; that is, the use of very little scenery, forcing the imagination to a great extent throughout the play.

A morality play written by Bertolt Brecht, it involves three gods who come to a poor village in search of one good woman. They find such a one in Shen Te, a prostitute. She is hospitable to them, and in return they give her 1000 pieces of money. With this she buys a tobacco store, and liberally gives board and room to the needy and to parasites as well.

The director of the play is Dr. Jerry Turner, assistant professor of Speech and Drama.

game dance sponsored by the Business Club in the Women's Gym Nov. 18. The prices of 50 cents with a student body card and 75 cents without were unanimously approved.

Griffith also said the freshman class will start selling mums today for homecoming, with prices set at 50 cents with card and 75 cents without the student body card.

Bob Garzee, freshman class president, told the council his class rejected buying pom poms because the price of \$94 was too much for the class to undertake.

Jack Moore, activities commissioner, said his commission is organizing an on campus tour for rooters from Central Washington.

Jack Frost, assemblies commissioner, said that sometime in December, an assembly for Republican students is expected to be scheduled. He also said that later in the year two speakers from each party is being planned.

Publications commissioner, Dennis Giuntini, asked the council if it would be possible to sell the surplus stock of this year's annuals (about 200). Howard Goodwin, graduate manager, said it would be necessary to reduce the prices to order to sell the surplus.

Chuck Freitas, sophomore class president, told the council that his class has organized a committee to draft a constitution.

Freitas and Carl Wolf, junior class president, went over the Student California Teachers Association constitution and wrote out reason for rejection. They asked that reasons for rejection be given to the SCTA.

Crane asked all council members to be present at Leadership Conference (CONTINUED ON PAGE 2)

## Hall of Fame Lists Six Greats

The idea of a Hall of Fame was developed by Mr. and Mrs. W. B. McKittrick in 1935. Since then, one all-time HSC athlete has been selected to reside in the Hall of Fame and be honored at the annual Homecoming game each year.

These athletes were chosen by a committee consisting of Dr. Don Karshner, Dr. Griffith, Francis Givins and Fred Telonicher. This was the original committee.

The first all-time HSC great to be honored at a Humboldt Homecoming was Earl Meneweather. Earl, "the greatest Lumberjack football player of them all," was a member of the famed 1935-36-37-38 teams. These teams won 19 and lost 8 while playing such powers as St. Mary's Frosh and Santa Clara Frosh. Although well under 6 feet tall and weighing only 165 pounds, Earl excelled not only in football, but also in basketball and baseball. He is remembered by his teammates as "The guy who always got the job done," a great breakaway runner and always a threat either passing or rushing.

Earl, now a teacher in the Oakland public schools, attended the 1955 game between HSC and Sacramento State, as a guest of honor. At half time, he was given a hero's ovation and presented with a blanket and a four-year letterman's jacket. At the close of the game, completing a 39 to 6 win, Earl was awarded the game ball and carried off the field by the triumphant Lumberjacks.

The second of Humboldt's all-time greats to be selected for the Hall of Fame was Dr. William Lee of Petaluma, the "Billy" Lee

who thrilled HSC basketball, football and tennis partisans from 1938 to 1942.

Weighing only 135 pounds and standing 5 feet six inches, Billy was a standout on defense and offense in football for the Lumberjacks, and was No. 1 man on the tennis team, and an all-conference basketball player.

It was in basketball that he made his most lasting impression at HSC. In four years he scored a thousand points and was the sparkplug of the 1941-42 team that brought Humboldt its first Conference Championship. As the Far Western Conference leading scorer that season, he averaged 17.3 points per game and was an overwhelming choice for all-conference honors. "Billy" was honored at the annual Alumni banquet at Nelson Hall.

Roy (Doby) Harrison, four-year baseball and football letterman during the time that Humboldt was just getting started in intercollegiate sports, was selected as the third member of the Hall of Fame. Harrison was described by Prof. Fred Telonicher, the first coach of Humboldt intercollegiate football as "one of those dedicated young boys who played for Humboldt when we were just getting started in sports and when we had very little in physical resources." Roy entered Humboldt in 1925 and excelled as a second baseman on the baseball squad, the first of Humboldt's teams to engage in intercollegiate competition. He was also an excellent hitter.

In 1927, when Humboldt embarked in intercollegiate football by taking on Southern Oregon, (CONTINUED ON PAGE 6)

Women's high school Sports Day sponsored by WRA is to be held in the Men's Gym beginning 8 a.m. to 3 p.m.

SUN., Nov. 19—Foreign Film entitled "The Roots" in Sequoia Theater—8 p.m.

## To Teach or to Research?

Editors Note: The following article was taken from the Friday, Oct. 27, 1961 issue of the Daily Californian. It does not necessarily represent the opinion of the Lumberjack staff.

Appendix C of the Faculty handbook states "Teaching is a primary activity of the University." It also lists as primary activities: research and creative work, professional competence and activity, and University and public service. The relationship between teaching and other activities is an important question on this campus.

Is a teacher to teach or is he to research? Many faculty members put the greatest portion of their time into "pet" projects. Many of these projects are important and contribute greatly to the advancement of mankind, but this research is not the primary function of the University.

The primary function of the University is to teach. The faculty of the University is mandated by the people of the state of California to disseminate to the assembled students the information needed to fill their respective positions in society. The role of teaching should not be "a primary activity" of the faculty member but rather, the primary role. All other considerations should be subordinate to this one function.

Members of the administration state that in order to attract an outstanding faculty, the University must place emphasis on research and research opportunities. This statement may be true, but then an obvious question is: What good does it do to listen to a teacher who may have a Nobel prize if he cannot be understood by the students? A good teacher is not always synonymous with a good researcher. Often the opposite is the case. An individual who places his main emphasis on research may not have the time to prepare himself properly for class or to develop the personal traits necessary to be a good teacher. A teacher must be available to his students, but if he is always busy with his research he cannot possibly develop the contact with his students which is also necessary to good teaching.

The University administration and the faculty must realize that the first duty of the institution is to teach. Everything else must be secondary to this duty. Teaching on this campus sometimes reaches the abominable. It must change.

—F. D. Jeans,  
The Editor

## From Other Campuses

Reserved or not reserved? That is the question at Riverside City College, as a controversy over home-game seating policy is threatening to split the RCC student body. Fraternity and sorority members are arguing for the right to rope-off sections on the fifty-yard line for their groups while non-frat members are fighting against it. The battle of the bleachers is raging so strongly that a change in the constitution is being considered.

Oh where, oh where has my parking space gone, is a lament not only familiar to HSC drivers but to those at Cal Poly also. The ideal spot to park according to "Poly Views" is in the dorm parking area. Here you have a fighting chance as only 624 parking permits have been issued for the 600 available places.

Success and failure of communication in the Soviet Union was the topic of Dr. S. I. Hayakawa, internationally known semantist, when he spoke to the student body at Modesto Junior College recently. Hayakawa, a professor of language arts at San Francisco State

## Faculty Forum Meets Nov. 15

The faculty forum's regularly scheduled meeting has been set back a day to Wednesday, Nov. 15, according to Dr. Ralph Roake, chairman of the group.

Dr. Bob Kittelson will be guest speaker at the meeting and his topic is "The Characteristics of American Economy."

The meeting will be held in the science auditorium and everyone is invited to attend, said Roake.

### Spurs Breakfast

A Spurs breakfast in the form of a coffee hour will take place in the Campus Activities Center at 9 a.m. Saturday, Nov. 11. The breakfast is an annual event sponsored by the HSC Spurs for the primary purpose of giving inactive Spurs a chance to get together and talk over old times.

## School Failures Not All Laziness, Says Professor

Not all students who flunk out of college are lazy.

Students with less than a 2.0 grade point take heart, psychologists say you may not be lazy at all, as your parents would have you believe. You may just be neurotic. Perhaps you are a masochist.

Alwyn Sessions, assistant professor of psychology, had this to say when questioned about the reasons potentially good students fail in college:

"When a student who is flunking a course comes to me, I avoid the too automatic reaction of telling him he lacks the ambition for college work and that he should quit school; it is generally assumed a student is failing for one of two reasons, either he is lazy or lacks the necessary intelligence. Actually, a student may be failing for any of a multitude of reasons."

In short, what outwardly appears to be, in the study of behavior, is often oversimplification.

To develop Professor Sessions' point further, it is possible that a student would do below-capacity work when constantly faced with a parking problem at school, or because the police department pointedly refuses to let him drive as fast as he would like on the freeway.

A continued restriction on his driving, for example, would block the subject from realizing his goal of independence. He would become frustrated. A psychological reaction can become generalized. The frustrated speeder might, consciously or unconsciously, further rebel against the restriction on his freedom of having to go to classes at a certain time, and hand in assignments before a deadline.

The frustrated, rebellious student might turn to sleep as an escape mechanism. Instructor's roll books record that quite a number of morning classes are missed. But then, maybe it is due to faulty alarm clocks.

There is very little probability that the above hypothetical example will apply to many non-producing students, Professor Sessions says. It is only one of countless variations of the basic problem—frustration.

It does serve as an example of the complexity of human behavior. "Cases similar to it are numerous," said Professor Sessions.

"One immediate benefit a student can realize from an understanding of the varied psychological factors which figure in his attitude toward himself and others," says Professor Sessions.

No serious psychological problem will be resolved overnight, but the more the troubled student is able to objectively examine himself, the better oriented he will be.

Increased awareness of the importance of mental hygiene in college is resulting in expanded counseling programs aimed at discovering the "poor student's" real problems, rather than telling him he is lazy or stupid, stated Professor Sessions.

An example of this expanded interest is Humboldt State's student counseling center established this year. The center's personnel work individually with students in problems of adjustment and evaluation.

In addition to aiding students with educational problems, the counseling center helps students with vocational, financial and health problems, which can directly or indirectly effect a student's academic work.

## Debate Squad Leaves for SF To Tournament

Humboldt's debating team left for San Francisco Thursday where they participated in over 80 debates. Dr. Steele said, "The team did as well as previous teams and each team won its share of debats." On the whole, Humboldt won over 36 per cent of its debates which is a very good showing, considering the many schools represented and this being Humboldt's first tournament.

Humboldt's top team of Larry Heines and John Rawlinson beat San Francisco State twice and Stanford once, for the upper division.

The best teams in the lower division were Fred Milard and Jack Turner who defeated Stanford, University of Nevada, and University of Pacific. The team of Ricky Baumgarten and Dave Crane beat Stanford, University of Nevada and San Mateo College. Also, the team of Frank Lawson and Ken Barelles defeated San Mateo College, University of Nevada and Stanford.

Individually, Dave Crane took one first and two seconds in the extemporaneous speaking, while Ricky Baumgarten took two firsts and one fourth. Each contest consisted of about 6 or 7 people who talked after only 1 hour of preparation.

The rest of the lower division participated in impromptu. This is where the debaters choose one of two topics and speak on it for five minutes without the benefit of outside preparation. Dr. Steele said, "These students made a fine showing."

### Bewildered Students

## 'Kidnapped' Pair To 'Visit' Campus

Sometime before "High Noon" tomorrow, a Greyhound stage will lurch into Arcata carrying a pair of handcuffed, hungry and penniless San Fernando Valley State students who will be here as unwilling guests of Humboldt's Homecoming.

The men are victims of a southern California "kidnaping", according to a San Fernando "contact".

Apparently the victims of a fraternal coup, the students are high ranking officers in the San Fernando Valley State chapter of Delta Sigma Nu, a national fraternity.

"Little Ron," or Ron Barnholtz as he is known to casual acquaintances, is president of the fraternity chapter. "Big Don," Don Bethle, is pledge master of the fraternity and president of the associated student body.

According to the "Lumberjack's" contact, the victims were abducted from their homes by the Delta Sigma Nu pledge class, attired in appropriate clothing, handcuffed together and boarded on a train bound for San Francisco.

At 7:15 tomorrow morning, the kidnappees are scheduled to arrive in San Francisco, where they will transfer to a bus scheduled to arrive in Eureka at 8:41 p.m.

After a half-hour layover, the continuation of the journey to Arcata will be made.

"Big Don" has been previously described as standing 6'2" and weighing 200 pounds. He is reportedly dressed in a traditional striped convict's uniform with a serial number on the left pocket. "Little Ron" is believed to be dressed in an old double-breasted suit. He is 5'5" and weighs about 135 pounds.

The sole provisions allowed the unhappy students for their trip consist of \$1.00 for cab fare in San Francisco to enable them to get to the bus depot, a large locked suitcase, a ration of peanut butter sandwiches and a baby bottle (complete with nipple) full of milk.

## Victory Bell Rings During Football Games

Ding-dong, ding-dong, ding-dong.

For whom does the bell toll? Comus Club members, along with all HSC fans, are hoping the Victory Bell will spend its fifth homecoming anniversary tolling for HSC touchdowns.

The Victory Bell which will be making its fifth appearance at a homecoming game tomorrow night will be representing both the old and the new. It is new in that it has just had a facelift. Last week John McKnight and Bob Stevenson, president and vice president of the Comus Club, repainted the ball giving it a coat of Bronze automobile paint — 1962 Cadillac Bronze.

The Victory Bell will be representing the old, in that it has just recently been returned to its original home. Until a few weeks ago the bell was in the hands of the Circle K but they relinquished their responsibility to the rally commissioner who in turn gave it to the Comus Club. So the bell has returned home, much to the joy of Comus Club members, according to Stevenson.

The bell was donated by Dows Prairie School District to the Comus Club in 1956, when it was removed from the old Dows Prairie school house which was replaced with a new building. The club in turn donated the bell to the student body in 1957 in memory of Don Smith.

Smith, who lost his life in July 1957, in an auto-logging truck accident near Blue Lake, was elected ASB treasurer for 1957, an office which he never was able to fill.

The bell, which is 85 years old, is used for rallies, parades, and half-time activities, as well as tolling the scores at the football games. It is not used during basketball season because it isn't allowed on the floor.

The only cost entailed in keeping the bell is that of replacing its frame and stand. This has been done five times since its birth as HSC's Victory Bell at a cost of about \$300. The cost is so high because of the quality of lumber needed to support its 600-pound body.

## Student Directory On Sale in College Book Store Today

The student Directory of Humboldt State College was placed on sale in the Book Store this week. A need developed for students to have fixed locations where they could purchase it, according to Ron Sells, the directory's compiler.

Sells said his method of having roving student salesmen distribute the directory was working fine, but the salesmen would often give priority to their studies, rather than making the person-to-person contact he had hoped would be made. "I was anticipating that every student would have a chance to purchase the directory. I feel they will have a need for it sometime during the school year, but as it has worked out many students and large blocks of students, such as those in the Wildlife building have been skipped. The Book Store will give these students a chance to purchase the directory."

Sells said that approximately 400 copies have been sold. He anticipates an eventual sale of 1400 copies. "They are going at a steady pace. As students see the directory's usefulness, they buy it," said Sells.

The directory lists in alphabetical order all the students attending

## Homecoming Car Stickers Now on Sale

This year, car bumper stickers have taken the place of the usual pin buttons to advertise Humboldt State's Homecoming.

The Homecoming Committee came up with the idea of car bumper stickers to avoid pin buttons' duplication with similar buttons sold during Lumberjack Days.

Stickers are being sold to Arcata and Eureka merchants as well as to students in promoting the advertisement of HSC Homecoming to a greater extent.

Activities advisor Art Dalaines urges students to purchase the stickers, not only for advertisement purposes, but for souvenirs as well.

The stickers are 10 cents each and will be on sale in the bookstore all day today.

Dalaines commented that there are quite a few left, considering the excitement and attention given Homecoming.

ing HSC. It gives both their permanent address and their local address, as well as their telephone numbers, majors, and student box numbers in the CAC.

### POVERTY CAN BE FUN

It is no disgrace to be poor. It is an error, but it is no disgrace. So if your purse is empty, do not skulk and brood and hide your head in shame. Stand tall. Admit your poverty. Admit it freely and frankly and all kinds of good things will happen to you. Take, for instance, the case of Blossom Sigafos.

Blossom, an impecunious freshman at an Eastern girls' college, was smart as a whip and round as a dumpling, and scarcely a day went by when she didn't get invited to a party weekend at one of the nearby men's schools. But Blossom never accepted. She did not have the rail fare; she did not have the clothes. Weekend after weekend, while her classmates went frolicking, Blossom sat alone, saved from utter despair only by her pack of Marlboros, for even an exchequer as slim as Blossom's can afford the joys of Marlboro—joys far beyond their paltry price: rich, mellow tobaccos, lovingly cured and carefully packed, and an exclusive selectrate filter. Croesus himself could not buy a better cigarette!

However, Marlboro's most passionate admirers—among whose number I am paid to count myself—would not claim that Marlboro can entirely replace love and romance, and Blossom grew steadily morose.

"Accept these Gifts from Tom."

Then one day came a phone call from an intelligent sophomore named Tom O'Shanter at a nearby men's college. "Blossom," said Tom, "I want you to come down next week for the barley festival, and I won't take no for an answer."

"No," said Blossom.

"Foolish girl," said Tom gently. "I know why you refuse me. It is because you are poor, isn't it?"

"Yes," said Blossom.

"I will send you a railroad ticket," said Tom. "Also a hard-boiled egg in case you get hungry on the train."

"But I have nothing to wear," said Blossom.

Tom replied, "I will send you one suit of cashmere, two gowns of lace, three slacks of velvet, four shoes of calf, five socks of nylon, and a partridge in a pear tree."

"That is most kind," said Blossom, "but I fear I cannot dance and enjoy myself while back home my poor lame brother Tiny Tim lies a-bed."

"Send him to Mayo Brothers and put it on my tab," said Tom.

"You are terribly decent," said Blossom, "but I cannot come to your party because all the other girls at the party will be from rich, distinguished families, and my father is but a humble woodcutter."

"I will buy him Yosemite," said Tom.

"You have a great heart," said Blossom. "Hold the phone while I ask our wise and kindly old Dean of Women whether it is proper for me to accept all these gifts."

She went forthwith and asked the Dean of Women, and the Dean of Women said her wise and kindly old Dean on Blossom's cheek and said, "Child, let not false pride rob you of happiness. Accept these gifts from Tom."

"Oh, bless you, Wise and Kindly," breathed Blossom, dropping grateful tears into the Dean's reticule. "I must run and tell Tom."

"Yes, run, child," said the Dean, a smile wrinkling her wise and kindly old eyes. "And ask him he has got an older brother."

# Humboldt's History Leaves Many Questions Unanswered

By BARBARA OBERDORF  
Staff Writer

"How many presidents has Humboldt had since its origin?" "Has Humboldt always been referred to as Humboldt State College?" "When was Redwood Bowl constructed?"

These questions, plus continuous streams of more, are often asked of Humboldt State's development. Of interest to all students but missed by most, an outline of the historical events are available right in the college manual.

Here, only highlights are presented, but further information is available at the College Library for those that would like to further satisfy their interests.

June 16, 1913: Humboldt State Normal School was established by action of the California Legislature. The first president was Nelson B. Van Matre; a local board of trustees was appointed by Gov. Hiram Johnson.

April 6, 1914: Instruction began in the Arcata Grammar School Building.

May 26, 1915: First commencement was held, with 15 candidates receiving diplomas.

Jan. 1, 1916: College moved to temporary buildings on its permanent site of 51 acres, donated by William A. Preston and the Union Water Company.

1917: Legislature appropriated \$245,000 for the construction of Founders Hall.

1921: Name was changed to Humboldt State Teachers College and control was transferred to the State Board of Education. Three and four-year curriculums and granting of the Bachelor of Arts Degree in education were authorized.

1922: Founders Hall was completed and occupied.

1924: Dr. Ralph W. Swetman became president.

1926: First Bachelor of Arts Degree was conferred on May 7th.

1930: Arthur S. Gist became president; the Women's Gymnasium was completed; the first Liberal Arts curriculums were authorized.

1933: The College Elementary School was completed.

1935: The name was changed to Humboldt State College; authorization given to grant the Bachelor of Arts Degree in the Liberal Arts.

1937: Bachelor of Education degree authorized.

1940: Nelson Hall was completed, the first permanent residence hall on a state college campus.

1946: Redwood Hall was completed.

1950: Jenkins Hall (Industrial Arts Building) was completed and dedicated. The first Master of Arts Degrees were conferred. Dr. Cornelius H. Siemens became president.

1953: Library, Biological Science

and Corporation Buildings were occupied. Forestry-Lumbering curriculum added to the two-year occupational training program.

1955: Wildlife Management Building occupied.

1956: Master of Science degree offered in Wildlife Management and Fisheries.

1957: Outdoor facilities for Wildlife Management, the Art-Home Economics Building, the Music Building, the Men's Gymnasium and the Home Management Cottage were occupied.

1958: First Master of Arts Degrees in Liberal Arts fields authorized.

1959: The following were occupied: Administration Business Education Building, Speech Arts-Auditorium Building, Field House, Natatorium, Sunset Hall, Redwood Hall.

1960: The college was accredited for a five-year period by the Western College Association and the State Board of Education. The Health Building and Cafeteria were occupied.

1961: Wait and see!

## State Approves Land Purchase For Marine Lab

The state of California public works board has given approval for the purchase of land at Trinidad for construction of Humboldt State's long awaited marine fisheries laboratory.

This announcement was made by Dr. Franklin Matsler, assistant to the executive dean. This action makes eventual construction of the laboratory a certainty, said the administrator.

The college must now wait only for the state legislature to approve fund appropriations to begin actual construction. The legislature will decide on this item next year, according to Dr. Matsler.

Meanwhile, the college will continue to work with the state division of architecture in drawing up preliminary plans for the buildings, and begin negotiations for the purchase of the land.

The laboratory will be a research center for the study of all marine biology, oceanography and research into local sea conditions, according to Dr. Ernest Salo, associate fisheries professor.

## 16 African Teachers Visit Here

Traveling under the auspices of the U.S. International Cooperation Administration (I.C.A.), sixteen African educators will visit Humboldt State Tuesday. The trip was arranged by the State Department of Education.

The group is traveling throughout the country studying teaching methods used in the United States. Previous to the visit to our area, the teachers toured Southern California.

A committee of local administrators and college personnel will guide the women during their brief visit.

President Siemens will give a welcoming speech at 8 a.m. in the Studio Theatre. From 8:15 until 8:45, an orientation session, guided by Oden W. Hansen for elementary education, and Patrick McGlynn, coordinator of secondary education at Humboldt, will be given the educators before their visits to local schools.

Beginning at 8:45 until noon, and again from 1 p.m. until 3, the group will be dispersed among the local schools for observation.

African countries represented by the group are Liberia, Ghana, Sierra Leone, Kenya, Zanzibar, Tanganyika, Southern Rhodesia, Northern Rhodesia, Nyasaland and Nigeria.

A dinner at the Baywood Country Club, sponsored by the Arcata Rotary Club, will climax the visit.

## One Million Are Mentally Ill Says Dr. Bower

Dr. Eli Bower of the California State Department of Mental Hygiene was the guest speaker of an assembly in Sequoia Theater last Monday.

Dr. Bowers' topic was "Rumpelstiltskin and Reserpine". He pointed out that while Rumpelstiltskin was the magic word for a princess in a fairy tale, Reserpine, a new tranquilizer, is not the magic word for the mentally ill.

"Tranquilizers don't change the patient's problem, they just allow him to relax more," said Dr. Bowers.

One million people in the U.S. are psychotic or mentally ill to the greatest degree, according to Bowers. "Today's state hospitals are overcrowded and the whole problem of mental illness is a difficult one to deal with."

Another big problem is the large amount of mentally unstable people out on the street and driving cars, said Bowers. Suicide and delinquency are both becoming bigger problems.

Bowers concluded by saying the state is doing its best to help the mentally ill. Presently one out of five working for the state is in the field of mental hygiene.

secure a just, peaceful settlement on worldly problems.

If the United States is flexible in its tactics and firm in its principles it cannot only liberate Germans, Poles, Hungarians and others, but also millions of people who are worst under western colonialism in Africa, Asia and the Americas. The United States, in the interest of peace should be ready to make any concession which does not violate the principle of self-determination, and it must absolutely reject any concession which would violate this.

It would be suicidal short-sightedness for the nation to turn its back on the principle of self-determination. Such a betrayal of principle would, at most, give the world a couple of years of Munich-like peace to be followed by an atomic holocaust far more infernal than that of World War II. In that thermonuclear war, even the shelters of any sort will be useless except extending one's life to a point where he suffers and dies of starvation. Just like a chicken and how you like it—fried on the fire or baked in an oven.

It is human to want peace as well as freedom. But what kind of peace? Freedom loving people of every race, region and religion can never accept the peace of slavery, the peace of the prison or the cemetery. All that people want is peace with freedom. It is my personal view that American people and their government want honest negotiations at the right time and in the right atmosphere—free from ultimatums and the pressures of "rocket-blackmail diplomacy"—to

## Green, Gold Key Honors Outstanding Students

Humboldt State has a unique method of honoring students who are outstanding in leadership and participation in campus activities. This is by membership in the Green and Gold Key senior honoraries.

The two societies, Green Key for men, and Gold Key for women, are made up of a number of seniors who have taken major parts in at least two college activity areas and while maintaining a high grade average.

The selections of membership candidates is made by a secret faculty committee. The active members of both groups then choose those to be admitted from the candidates.

New members are generally admitted during the school year, in public ceremonies, at Homecoming, just before the coronation of the Homecoming Queen, and during the Sweetheart Ball, in February. Their records are read and they receive black gowns and gold keys of the honoraries.

The primary function of the groups, besides conferring honors, is to act as a student classification committee, which is advisory to the president.

The Green and Gold Key was started in 1955. The organization can have as many as 11 members at a time. Since its beginning it has had 43 Green Keys and 43 Gold Keys as members.

The present members are Ross Stromberg, John Rawlinson, Mike Walker, Patricia Sanderson, Judith Warren, Joann Iverson, and Lynn Ricker.

This year new members will be chosen at Homecoming as in previous years.

## Ballying Points Set for Alumni

As Humboldt State alumni return to campus this weekend, there will be several rallying points at downtown Arcata, stores where they may get together. These "rallying points," each with a specific graduate year, will be open all day.

Included are 16 stores and their respective graduate years: 1938, Freddie Slack Insurance; 1939, Dinner Bell; 1940, Hornbrooks; 1942, DeFino Jewelry; 1943, A. Brizard Inc.; 1944, Ben Franklin; 1946, Arcata Stationers; 1949, Ned's Men's Wear; 1952, Pierce's Stationery; 1954, Seely and Titlow; 1955, Jones Variety Store; 1956, Graves Department Store; 1957, White House of Arcata; 1958, Falors Pharmacy; 1960, Hutchin's Grocery; and 1961, Hotel Arcata.

All the above stores are located either on the plaza or on "G" or "H" streets with the exception of Seely and Titlow, Falors Pharmacy and Hutchin's Grocery. Seely and Titlow is on "I" street, while both Falors Pharmacy and Hutchin's Grocery are located in North Arcata.

One of the most unique plantings is a rare and almost extinct species of redwood, the Meta-sequoia, transplanted from the interior of China.

## Delta Sigma Phi All Set For Homecoming

Homecoming will not be without representation at Humboldt State's Delta Kappa chapter of Delta Sigma Phi fraternity. Several activities are scheduled and include a float in the Homecoming parade, an alumni reception and buffet, and an after-game party.

Along with other school organizations, the Delta Sigs will display a float in the Homecoming parade. In relation to the main theme of the parade, "Tell Me A Story," the fraternity will present "Mother Goose."

An alumni reception and buffet will be held at the chapter house from 3-5, Saturday afternoon. All chapter graduates and their dates will attend, as well as all undergraduate members. A big turnout is expected according to Delta Sigma Phi president, Al Snarski.

Also included is a chapter party. To be held at the Danish Hall in Arcata, it is scheduled to begin immediately following the game. Again, all alumni and members and their dates will attend.

## Greek Chapters Holding Open House Sunday

The Delta Sigma Phi Fraternity and the Delta Zeta Sorority will hold open house this Sunday as a Homecoming event.

Open house at the Delta Zeta House at 9th and D Streets in Arcata will be held from 2-4 on Sunday afternoon. The Delta Zeta Mothers Club will provide refreshments for the affair and the girls will conduct tours of the house. Everyone and anyone is invited.

The Delta Sigma Phi Fraternity will hold open house for all Delta Sigma Phi Alumni and their guests. The open house will be held from 3-5 Sunday afternoon and will include a buffet dinner.

## Delta Sigs Hold Pinning Oct. 26

Delta Sigma Phi fraternity held a formal pledge pinning ceremony on Oct. 26. The event, which signifies the start of pledgship, included seven prospective members for Fall 1961.

The new pledges include: Chuck Freitas, sophomore forest management major from Los Angeles; Galen Demello, Eureka sophomore majoring in business administration; Dennis Giaccone, business administration sophomore from Eureka; Dave Rosgen, Moscow, Idaho sophomore majoring in forest management; Rick Stromberg, Arcata junior majoring in industrial arts; John Warren, sophomore physics-chemistry major from Arcata; and Cliff Williams, business administration sophomore from Eureka.

First Lumberjack publication began in 1931.

## THE BELL TELEPHONE COMPANIES SALUTE CARL HORN

How many more people will need telephone service in Illinois by 1970? How many more telephone buildings should be built, how much more equipment ordered? Helping to find the right answers (because the wrong ones could be very expensive) is the job of Carl Horn, a telephone company economist who graduated from college just last year. His studies and estimates help management

make important forecasting decisions. Decisions that will bring advanced communications to the nation. Carl Horn of Illinois Bell Telephone Company, and other young men like him in Bell Telephone Companies, help make your telephone and communications service the finest in the world.

Mr. Dhillon

By  
Pam Dhillon  
From  
Punjab, India

The teacher of common sense is wisdom. Wisdom is always available, but a man capable of receiving it, and then, by little amount, capable of amending and improving our common sense, is a rare man. This does not mean that we are predestined to increasing wisdom—his of all ages, in the foremost files of times, for we have in our own generation been savage, destructive, and cruel, and have by our own blind unwisdom invited back doom to overhang us.

No matter how wise we the people of this planet were or will be, we have repeated writing again and again the monumental pages of history with the bloodshed of millions of innocents who were the victims of other's wrath.

We have a policy of saying that history repeats itself rather than we repeat history. Once I watched a strange moment on television—the face of Adolf Eichmann that seemed to have grown more and more dried and wizened. Abruptly the scene shifted to Berlin. Disconcerted, we were faced with the tanks and uniforms at the Brandenburg Gate—the split in the German capital and the cleavage of the nation. And then something became crystal-clear, what is happening now, is happening not only because the other things happened—the same thing is happening once more on German soil.

If we turn a few pages of our

history and go back 16 years, we had a policy that gave Stalin a free hand in Central and East Europe. Latvia, Estonia and Lithuania, Poland, a part of Germany, Rumania, Bulgaria, Albania, Yugoslavia and Hungary fell under the Communist rule and Berlin experienced a partitioning that could only lead to the direst of difficulties. Ever since July 17, 1953, and since the Hungarian revolt of 1956, it has been clear that isolated uprising, restricted to a few towns or limited national regions will be quelled by the Kremlin in the bloodiest manner.

Many questions arise here—whether the Soviet Union's policy of suppression will not some day spur a general revolt behind the Iron Curtain, a revolt in which not only Germans and Hungarians will participate, but Poles, Czechs, Rumanians, Bulgarians and Albanians? Does anyone believe that the Russians stand solidly behind the Kremlin?

If the Berlin question is submitted to the UN, it will give all members and delegates another chance for making fruitless speeches, appeals and demonstrations. Finally, on voting the issue—the Kremlin will be supported by its satellites and condemned by the Westerns. Neutrals or unaligned will be readers, writers, listeners or spectators in the same boat because Western block itself is not ready to give its colonies a chance of self-determination.

America is the strongest nation in the world not only militarily, but politically, economically and psychologically. It has the potential of exercising a policy of non-alignment which your "great honorable father George Washington" followed in the late 18th century.

It is human to want peace as well as freedom. But what kind of peace? Freedom loving people of every race, region and religion can never accept the peace of slavery, the peace of the prison or the cemetery. All that people want is peace with freedom. It is my personal view that American people and their government want honest negotiations at the right time and in the right atmosphere—free from ultimatums and the pressures of "rocket-blackmail diplomacy"—to

# Construction Evolution Commenced In 1921 At Humboldt State College

By MIKE BERRY  
Staff Writer

"I'm lost on my own campus." That's a comment that will be voiced many-a-time when Humboldt State alumni return to the campus this weekend. It is no wonder either with all the construction that has (and is) gone on in the past five years and for the benefit of the alumni it would be good to review what has happened to the campus in their years of absence, as well as a little history of the whole HSC construction growth.

The construction evolution of Humboldt State dates back to 1921 when the Normal School, which had been established in 1913, was changed to Humboldt State

Teachers College. Under this the oldest permanent building of the campus was erected in 1922. This was Founders Hall. Nelson Hall was the next permanent building and was built in 1940. Jenkins Hall (Industrial Arts Building) was built in 1950. The present library, biology-science and corporation buildings were completed in 1953. These structures were soon followed by the Wildlife-Fisheries building which was built in 1955. Then under Dr. Siemens, president of HSC, an ambitious building program was launched in 1957 under what is known as the Master Plan Unit. This plan, which has the ultimate goal of accommodating 5,000 students in the 1970's, includes all the buildings recently completed, as well as those under construction at the present time or planned for the future. All told, these new buildings, which in the final analysis will cost millions of dollars, will increase twofold the total floor space of the school. It will increase the permanent buildings on campus to 25.

Under the "Master Plan" the first buildings to be completed were the Music building, the art-homes economics building, the men's gym and the home management cottage. These additions, completed by Fall 1957, represented quite an advancement to Humboldt State. They provide better facilities as well as the opportunity to offer more programs.

The second phase of building was then started and included seven projects totaling over \$6,000,000 in new construction. The athletic field house was one of the buildings scheduled in this project. This building, which can only be described as mammoth, is one of the few of its kind in the nation. A 50 foot high roof covers an area one-half the size of a football field. It has nine wood girders, each weighing 12 tons and 226 feet in length. It is used for many sports and enables athletic activity to proceed uninterrupted in the rainy season.

The natorium is another project that was included on this phase of the program. This new pool, 75x42 feet, was opened for classes in February of 1959. It enables the physical education department to greatly expand the swimming program. Together with the field house these two projects represent a \$561,150 investment.

The administration - business building was also under construction at this time. A three story building was also under construction, located across from Nelson Hall, it includes administrative offices in the upper floor and the basement (IBM machines here) and the business department

on the second floor. It was completed in July of 1959.

Another impressive structure that was completed in the fall of 1959 is the language arts building. Besides having complete facilities for speech and journalism students, it also boasts the beautiful Sequoia Theater. This 800-seat theater has been lauded by many sources for its excellence and beauty. Also included is an extensive radio-television section with the latest facilities. The school radio station, KHSC-FM, broadcasts from here.

The new students health unit was completed by early 1960 and opened on April 1 of that year. This \$152,000 structure boasts the latest in medical equipment and methods and processes many students in a day.

The building located in front of Founders Hall was completed somewhat later than the rest because of a steel strike. This structure includes the cafeteria (at a cost of \$604,000) and the ASB bookstore (with a \$50,000 tab). The cafeteria is able to serve many students per day in its modern facilities. The bookstore, located below the cafeteria, is also very modernistic and enables the staff to display more items.

Last, but not least, among the newly completed buildings are the residence halls. Keeping up with the tradition of progressive housing at HSC (Humboldt was the first state college to have on-campus housing), these two structures have been in operation for two years now. Both structures, Redwood Hall for boys and Sunset Hall for girls, can accommodate over 400 students. These two structures, as well as the others mentioned above, were dedicated on May 12, 1960.

There are also several projects under way at the present time. Included are five structures: a science addition, an education-psychology building, a forestry building, a library and a new greenhouse.

The science addition is in its last stages of construction. This structure, which will handle all the physical sciences, is being

built at a cost of \$1,536,300 plus an additional \$500,000 for equipment.

On the southern-most part of the campus a new educational-psychology building is being constructed. This \$830,000 structure will have two stories and cover 24,932 square feet. It will include ten lecture rooms, 19 offices, a child study and observation center as well as facilities for animal experiments. It is slated for completion by Fall, 1962.

The forestry department will also have a new building. Formerly operating in the wildlife management building, the department will move into a new two story \$500,000 structure. It also will be ready by Fall, 1962.

The new library being constructed south of the administration-business building represents one of the biggest investments in Humboldt State College. The price tag for this building will be \$1,300,000. It was originally planned to add two additions to the old library, but its inconvenient location plus fear it would not accommodate a sufficient number of the student body caused this idea to be changed. The new library will cover 28,818 square feet and include three stories. Unlike the present library, which will be converted into classrooms when the new one is completed, there will be main sections for the different fields of study (i.e. Social Sciences, etc.) and provide a more convenient access to books.

There is also a new greenhouse being built at the present time. This \$33,000 building is to be located east of the "home-ec" building.

Two more buildings are also being planned for future construction. These are the marine fishery lab, to be located at Trinidad Cove. It will be started sometime in July of 1962. The child care center will be used for the nursing and home economics departments.

New buildings completed, being completed or planned for the future dominate a big part of the activities here at HSC. Alumni, even though they will be sorry to see old structures like the Coop and the old Redwood Hall gone, will, we hope, be pleased by this progress of California's northernmost state college.

## Commissioner Speaks At Student Assembly

Mortimer M. Caplin, U.S. Commissioner of Internal Revenue, spoke at a student assembly, Wednesday, 3 p.m., in Sequoia Theater. Caplin was appointed to his present post early this year and took office Feb. 7.

He received his B.A. degree from the University of Virginia in 1937, where he was a member of Phi Beta Kappa scholastic fraternity and graduated with the highest undergraduate scholastic record in the history of the University. While attending the University's law school, he was editor of the "Virginia Law Review".

Since 1950 he has been a partner in a Virginia law firm and professor of law at the University of Virginia. Two prominent students who attended classes under him are Robert Kennedy, and his brother Theodore Kennedy.

Humboldt State Normal School was established on June 16, 1913.

## LITTLE MAN ON CAMPUS

## TV Butterflies Is Problem Encountered By Chairmen

The parade? The election of Homecoming Queen? The bonfire rally? Which of these would you guess caused the greatest problems for Homecoming chairmen Lewis Karstenson and Rick Stromberg?

According to the chairmen, none of them!

The most horrifying and funniest experience encountered during their chairmanship was last week's TV appearance. The Homecoming committee appeared on channel 3 last week in an effort to publicize Homecoming activities and the confusion and butterflies that resulted constituted the greatest problem faced by the chairmen.

According to Karstenson, all the problems that had to be met by the Homecoming committee this year centered around the central problem of organization. The problems were met and solved because, as Karstenson said, "I had a very competent committee to work with."

Plans for this year's Homecoming began in April last year. At that time Bud Kolding was appointed chairman of the Homecoming committee. Preliminary events, communications and "red tape" had to be cut at this time, before the beginning of the fall semester.

## Homecoming Sees Floats, Bands at Parade

The Homecoming Parade including 33 floats and bands will start through Arcata at twelve tomorrow. The parade will start formation in Jill's Drive Inn in North Arcata at 10:30 a.m. and judging will start at 11:30. The parade will begin to move through downtown Arcata at 12 noon. The parade will then move to Eureka in caravan with a California Highway Patrol escort.

The parade order will be as follows: Color Guard; Grand Marshall, Hall of Fame, Mr. Branstetter; HSC Band; ASB President; Homecoming Chairman and Co-Chairman; Homecoming Committee; Miss Eureka; Miss Humboldt; Victory Bell; Rally Club; Fire Engine; Alumni Band; Antique Car; Forestry Club Float; Conservation Unlimited Float; Redwood Hall Float; Comus Club Float; Tau Kappa Epsilon Float; Arcata High Band; S. C. T. A. Float; Freshman Class Float; Music Department Float; Newman Club Float; I.K. Float; Delta Sigma Phi Float; Business Club Float; Spur Float; Redwood Hall 2nd Floor Float; Industrial Arts Float; Arcata Downtown Merchants Float; Eureka High Band; Phoenix Club Car.

The parade will disband again in Eureka and travel singularly back to the campus.

With the beginning of fall, Kolding was unable to continue as chairman, and Karstenson was selected to replace him, and Stromberg was named co-chairman. The more specific Homecoming plans began to take shape as the Homecoming committee began at the first of the semester to hold weekly meetings.

Karstenson, a senior, is a social science major. He served on last year's Homecoming committee and was co-chairman for Lumberjack Days last spring.

Sromberg, a junior, is an industrial arts major and has served on the Frosh Camp committee for two years.

## Radio-TV Guild Holds 1st Meet

The first meeting of the 1961 Radio-Television Guild was held in the television studio Nov. 1. The group functions as a talent pool and workshop in radio and television for interested HSC students. The general objective is to promote interest and participation in radio-television productions in the campus facility. According to Terry Wakeman, plans of the group include a radio drama before Christmas vacation and a circuit troupe of HSC members in radio drama presentations to local high schools.

John Rawlinson is writing a constitution for the Guild. "It is an auxiliary to classroom work. There are opportunities for students not enrolled in radio-TV classes to prepare radio dramas and broadcast special events along with those in the classes," says Rawlinson.

The next meeting of the Guild will be Nov. 15. Mr. George Goodrich, adviser to the group, urges all interested persons to attend. The Guild's activities will climax in the spring with a banquet and award presentations to outstanding performers in the productions.

The Sequoia Theater seats 816 people, 375 on the lower floor.

## Homecoming Attraction Set For This Weekend

By KAREN LEE  
Staff Writer

Today starts Humboldt State's 1961 Homecoming celebration. The Homecoming committee, under the direction of Lewis Karstenson, chairman, and Rick Stromberg, co-chairman, has worked hard to make this a memorable event for HSC alumni and students.

Starting the three days of events is the variety show this afternoon at 1 in Sequoia Theater. Anne Pierson, chairman, reports that Don Westlake will be master of ceremonies for the show which will include musical numbers, gymnastics, monologues, and something different in the form of an art show with lights.

Coronation of the Homecoming Queen will also take place at the variety show, as will the introduction of J. Clifton Branstetter, the seventh person to be admitted to HSC's Hall of Fame.

Robert Olds, cafeteria manager, is in charge of a buffet dinner which will be held in the cafeteria from 4 to 6 p.m.

A conga line will form at 7 p.m. in the Plaza and then wind its way back to the campus where a bonfire and rally will be held in back of the Redwood Bowl bleachers by the Field House. The HSC rally committee and the freshman class, under the chairmanship of Karen McDonald, are sponsoring the rally and bonfire.

The men's gym will be completely converted into a tropical paradise to carry out the Hawaiian theme of the dance beginning tonight at 9. Under the direction of Nancy Mendes, a group of girls selected on a basis of activities records is doing the decorating to make this transition from gym to tropics. Prices for admission are 25 cents per person with ASB cards and 50 cents without.

At 9 a.m. Sat., the Spurs' Breakfast will be held in the Campus Activities Center. This breakfast is for all past and present members of Spurs.

Parade time is noon Saturday. The fifteen floats, five foot units, and cars of dignitaries will start in North Arcata, proceed down G street, and go around the Plaza. From Arcata the parade will move to Eureka.

The alumni banquet begins with a cocktail hour at 4:30 in the Eureka Inn, followed by dinner at 5:45.

Kick-off time for the HSC-University of Nevada football game is 8 p.m. in Redwood Bowl. At half time the HSC band and the alumni band will perform. Presented at this time will be the Homecoming Queen candidates and J. Clifton Branstetter.

"Adventures in Paradise" is the theme for the Homecoming dance held in the men's gym following the football game. Sharon Dayenport, chairman, announced that the Queen and her court will again be presented, and parade trophies awarded by parade chairman Gary Peterson. Admission prices are 50 cents per person with ASB cards and 75 cents per person without.

Breakfast for Green and Gold Key members will be Sunday at 10 a.m. at the Baywood Country Club. Car bumper stickers are on sale for 10 cents in the bookstore, and the freshman class is selling mums for 50 cents each with ASB cards and 75 cents each without.

Key members will be Sunday at 10 a.m. at the Baywood Country Club.

Car bumper stickers are on sale for 10 cents in the bookstore, and the freshman class is selling mums for 50 cents each with ASB cards and 75 cents each without.

Arcata merchants are wholeheartedly supporting Homecoming. They have provided their stores as meeting places for the past HSC classes. A register will be placed in each participating store so alumni can see what classmates are in attendance and where they are staying.

Following the parade on Saturday there will be a short merchant-sponsored band concert and variety show in the Plaza. Pizza and hot dogs will be sold.

The H.S.C. library contains over 75,000 volumes.

# Nevada In For Rough Time If Last Decade Counts

By NORM KAVA  
Staff Writer

If homecoming games of Humboldt State College in the past decade are any indication of what's to come Saturday night, the Wolf Pack from the University of Nevada is in for a rough time.

Not only have the Lumberjacks won eight of their last ten homecoming encounters, but they also have won the last six (1955-1960).

Ten years ago the Cal Aggies ruined HSC homecoming night by downing the Jacks 27-13 before a record crowd of 5,000 at Redwood Bowl.

Humboldt quarterback Jerry Garcea threw TD strikes to Rich Harris and Glen Wallace for the local two tallies.

The Lumberjacks bounced back

in 1952 to slaughter Chico State 41-6. This homecoming victory was the last success against arch-rival Chico until 1956.

Keith Darling and Jerry Garcea were HSC's big guns against the Wildcats, as each hit paydirt twice. Center Gene McKamey was the outstanding lineman of the one-sided contest.

Humboldt got a large measure of revenge against the Cal Aggies in 1953. Trailing 13-7 at halftime, the Jacks exploded for four second half TD's and romped to a 33-13 homecoming win.

Ray Mechals' passing and the hard running of George Paaros touched off the second half fireworks.

**Humboldt Takes Last Loss**  
Chico handed Humboldt State its last homecoming loss to date

when the Wildcats rallied in the second half for an 18-7 triumph.

Fog conditions delayed the start of the '54 game for over an hour as the Wildcats were forced to stop over in Crescent City.

The Lumberjacks clobbered Sacramento State 39-6 in 1955 to make it a great homecoming game for everyone. The Jacks scored twice in each of the first three periods against the outclassed Hornets and then coasted home.

Quarterback Warren Baker had a sensational night against Sacramento, completing 8 of 9 aeriels for 168 yards. Fullback George Paaros racked up 95 yards in 14 carries to lead all rushers.

**HSC Regains Ax**  
Humboldt regained the ax for the first time in four years with a

thrilling 7-6 win over Chico State in the 1956 homecoming contest.

Ralph Mayo sparked the HSC drive goalward and scored the lone teedee, while Chuck McAninch booted the crucial extra point.

The Cal Aggies were the homecoming victims in 1957 as HSC came out on the long end of a 25-0 score.

Quarterback Ralph Mayo passed for 101 yards, but the big star was halfback Earl Barnum, who ran for 154 yards in 11 carries. Barnum averaged 13.5 yards a try and had touchdown scampers of 82 and 20 yards.

Behind the running of backs Marion Mayes and Earl Barnum, HSC garnered an 18-0 homecoming win over traditional foe Chico State in 1958.

Sophomore quarterback Fred Whitmire, a future small college All-American, passed for 194 yards against Chico as the powerful Lumberjack gridders rolled 441 yards in total offense.

**Jacks Take Fifth**  
The fifth straight homecoming win for HSC came two years ago over a stubborn Cal-Aggie squad 21-12.

Dave Littleton ran over, around and through the bewildered Aggies, gaining 136 yards in 20 carries. Halfback Cecil Stephens, one of HSC's all-time greats, picked up 81 yards.

Dan Herrera led the "Green Chain" and was chosen defensive man of the week for his efforts.

Last year, the team that was destined to become Western NA-

IA champs and national runner-up, played host to Chico before 7,500 fans.

Humboldt didn't disappoint the big homecoming crowd as they ran roughshod over the Wildcats 33-6.

Quarterback Fred Whitmire connected on 10 of 16 passes for 136 yards and two touchdowns. Other standouts were Cecil Stephens, with three TD's; defensive back Jim Walker, offensive captain Pete Carpino and fullback Ed White, who gained 72 yards rushing.

Of course, past records don't tell the whole story, but if Nevada is coming to the Hilltop Campus with victory in mind, they'd better be prepared to play their best game.

## One-Two From The Bench

### 10 in Last HSC Homecoming Game

Ten Humboldt football players will take part in their last Humboldt State Homecoming game tomorrow night, nine of which were key members in the Green and Gold's greatest team.

Carl Carlson is the only senior on the 1961 squad that was not on the 1960 team that collected so many honors for HSC, and without a doubt he would have been on the undefeated team had he been in school.

Humboldt's hard charging fullback Ed White will play in his last HSC Homecoming game. The 5'8", 205 pounder came off the bench in 1959 to replace the injured Dave Littleton, and he is the leading ground gainer for the Lumberjacks this year. White has received Associated Press (AP) Little All-American honorable mention, AP Little All-Coast first team, United Press International (UPI) Little All-Coast second team, and All-Far Western Conference first team.

Another 1961 Lumberjack offensive back, Jim Walker, will be in his last Homecoming game. Walker has done the Humboldt kicking for three years besides being a standout on defense. Walker was All-Far Western Conference last year.

Dennis Giuntini will also be in his last Homecoming. He has done the HSC punting for three years along with defensive safety work.

# 16th Homecoming Game - - HSC vs. UN

## Humboldt, Nevada Meet In Cross Country; Extra Homecoming Attraction

Humboldt State's distance men will host the University of Nevada cross-country team at Redwood Bowl here tomorrow in a dual meet beginning at 12 noon.

The Harrier meet will be an added attraction to the HSC homecoming festivities as the Lumberjack runners close out their dual meet season in preparation for the FWC finals next weekend.

The Wolf Pack is rated as a shoo-in for the Far Western Conference title since the meet will be held on their home course.

The Jacks, with a 1-3 dual meet record, lost to the same Chico Wildcats that were beaten earlier this season by the 'Pack 18-38.

The Humboldt Harriers opened the season losing to San Francisco State, came back to beat the University of California at Davis, and then lost to Sacramento and Chico.

HSC coach, Ford Hess, says, "we will be happy if we can break into the first five and place three men in the first seven."

"I predict a new record is in the offing. The Wolf Pack run a hilly course at home and have four

strong, outstanding distance runners.

"This team will probably have no trouble in capturing the FWC cross country crown next weekend," concluded the HSC mentor.

Freshman Ron Lee and veteran runner Doug Ketrone have been running a personal dual as they have led the Pack to several rough-shod victories.

Ketrone has clocked a 9 minute two-mile during the track season for the conference record. Lee, in his first college competition posted a conference record as he bested his teammate by one second and clocked a 14:53 on the hilly Nevada home course against the Wildcats.

Two other Nevada distance men, John Barney and Truce Truman, closely followed with below 16 minute times to give the Wolf Pack a very strong and well balanced group.

Humboldt's 3.6 mile course record is currently held by Tim Jordan of the Sacramento State Hornets who recently clocked a 19:55 time.

Jim Mangan will lead the Lumberjacks with a season's best of 20:34 for the course. Teammate Clarence Sousa closely follows Mangan with a 20:52 time. Humboldt will also be represented by Charles Ehlers, Eber Lusty, Steve Runyan, Ken Rowley and Alex Ellis in the team scoring.

## Tight League Races Featured In Intramurals

A tight battle for the championship of the 5 p.m. league highlights the final week of intramural flag football.

Circle K and Redwood Hall 2nd floor, both with 3-0-1 records, are knotted with 57 1/2 points each. Redwood Hall 2nd gained the spot by dumping the Newman Club (1-2-1) 30-6, and Redwood Hall 3rd floor (0-4) 24-6.

Meanwhile, Circle K was winning its only game of the week from the Forestry Club (1-3) 12-0.

In other action Conservation Unlimited (2-1-1) and the Newman Club battled to the second tie game of the season, 6-6. Earlier the two top teams Circle K and Redwood 2nd played to an 18-18 tie.

The Huffs clung to their lead and their unbeaten record (4-0) in the 4 p.m. loop by clouting Redwood Hall 1st floor (2-2) 24-12 in an important contest.

TKE (1-3) and Delta Sigs (2-2) gained victories the easy way as each won by forfeit over Nelson Hall (0-4). However the TKE's also came out on the losing end of a game last week against the second place Independent "A" team (3-1), 18-6.

**Gold Starts**  
Nineteen men have entered the intramural golf tournament to be held Monday at the Baywood Country Club.

Competition will consist of a one round medal play tournament.

In order to make the tournament more equal in terms of skill, the Calloway Automatic Handicap system will be used.

Under this method, a player's handicap is determined, after each round, by his gross score for 18 holes and by the worst or highest individual hole scores he has made.

If a player shoots par or better no deductions are made. The higher the score the more the deduction.

# '61-'62 Cagers Can Only Go Up; Givens Works With 18 Candidates

By DAN MCGREW  
Staff Writer

After posting a 4-20 record in its 1960-61 season, the '61-'62 version of the Humboldt State Basketball team can go nowhere but up.

Head coach Franny Givens wishes they would go up, not only in the won-loss column but in the height column as well.

With only 18 candidates out for both the varsity and junior varsity, Givens doesn't have much to pick from with four reserves back from last year's team and five more up from the junior varsity. The average height is about 6'1".

Givens hasn't come up with a satisfactory offense as yet, the lack of height makes it difficult to work a slow offense, and yet he hasn't the speed or depth to go to a fast, pass-shoot type.

The absence of eight "prospects" was the biggest blow to the Lumberjacks personnel wise. All-Conference forward Felix Rogers, the leading scorer on the team with a 15 point average was called to duty in the Army.

Larry Krupka 6'5" and Bill Crichton a 6'2" first string forward from a year ago are working. Drew Roberts, a top reserve, also has work commitments; Jack Atwood, another reserve, is going into the Army; and Joe Brouillard was a top notch candidate for a starting berth but is now working.

Ron Nelson (6'4") and Jim Potts (6'3") a pair of transfers, are both unable to play because of injuries. Another promising candidate, Dana Brenner, a former Eureka High standout, quit school and joined the Air Force.

"I could have made a real good team out of those eight," Givens commented, "throw in Good (Ron) and Taylor (Joe) and I would have a tough outfit. In fact that would be my first ten."

Among this group are three starters from last year. Rogers, who should have had his greatest year, Krupka, who certainly could lend a hand under the boards this year; and Crichton is no slouch in either the scoring or rebound departments.

This trio, combined with the others who have now departed and those now on the varsity, would have eased Givens' grip on his towel, but as it stands, a herd of wild horses couldn't dislodge it from the nine-year mentor's teeth.

Ron Good and Joe Taylor head the list of prospects with Jack Penrod and Norman Moe the other two veterans. Up from the Junior Varsity is Bob Halvorsen, who played two years, Mike Glimpse, Dennis Grinsell, Pat O'Brien, and Tom Hope.

Givens singled out Good as doing well and Taylor for his shooting so far. Good and Taylor will form the nucleus for this year's club with Penrod a good bet for the starting center spot.

O'Brien played considerable Junior Jack ball and should be in the battle for a starting berth. Four former H-D-N performers are in the thick of the fight, Jerry Gonzales from Ferndale, Dennis Eulinger, Byron Dahlen and Ted Snapp from Arcata and Gary Hibler, who was on Eureka's Big Four Championship team that went to the Tournament of Champions in Oakland last year.

Others out are Chuck Ciacenico,

## Wolf Pack Invades Bowl After Upsetting Hornets

The Humboldt State Lumberjacks wrap up the 1961 Far Western Conference football season tomorrow night at 8 o'clock when they meet the fired-up University of Nevada Wolf Pack in Redwood Bowl.

The game is the highlight of the 10th Annual Humboldt Homecoming weekend.

The Wolf Pack came into its own Saturday, upending the Sacramento State Hornets, 14-8, throwing the FWC race into chaos.

The Lumberjacks can assure a tie for the title by closing out their FWC season with a victory over the visitors.

However, the Pack, with a win over the Hilltoppers, has an outside chance of a tie. The visitors have a mark of 2-2 coming into the game, and could move into a four-way deadlock for the FWC championship.

The out-of-staters have defeated Chico State for their other win while losing to San Francisco State and the Cal Aggies.

**'Pack Hit By Injuries**  
Dick Trachok's gridders have been hard hit by injuries this year losing six halfbacks to ailments. But the 'Pack has found the depth to remain a definite threat in the FWC.

Barring the recovery of one of the six, the visitors will probably field a backfield of Jerry McKinzie and Gordy Lemich at halfbacks, Jack Echave at fullback, and Jack Renwick at quarterback.

Renwick is the 'Pack's leading scorer besides the number one signal caller.

For the six injured, Calvin Campbell, Ray Del Turco, Gary Sullivan, Gene Lang, Bob Herron and John Prida, there is little possibility of seeing action Saturday.

McKenzie is a 170-pound senior from Stockton. He attended Stockton City College. Echave is a sophomore and also tips the scales at 170 pounds.

**Culp Heads Line**  
The Wolf Pack line is led by senior Max Culp. The 170-pounder has been a standout for the 'Pack baseball team, and has a habit of being at his best when meeting the Lumberjacks.

With Culp holding down the middle of the line, Jim Whitaker, three year veteran, handles one end position. Lumberjack fans will remember Whitaker as a running mate to his brother when Nevada visited the Green and Gold two years ago.

Rick Miles is Whitaker's running mate at the other end this trip, and these two make a pair of fine receivers for Renwick.

Bill Daniels and Dick Pinion will start at guards while Bob Zuliani and Tony Klenakis round out the small but fast 'Pack forward wall.

**HSC Looking Forward**  
Back at HSC, coach Phil Sarboe has stated he is looking forward to the Nevada game after Humboldt's win over Chico.

The Lumberjacks have defeated the Wildcats, San Francisco State, and the Cal Aggies while falling to Sacramento State.

Comparing FWC scores, the Hilltoppers defeated San Francisco 7-6 while the Gators ran over the 'Pack 48-0. But on the other hand, Nevada dumped the Hornets 14-8 while the capital city eleven took Humboldt 19-7.

As usual comparative scores mean nothing for this game. But to continue, the Lumberjacks edged the Aggies 20-18 while Nevada fell 36-12 to the Davis crew.

The other common foe for both teams is Chico. The Hilltoppers rolled to a 29-12 victory with a fourth quarter spurge. The 'Pack eased to 27-6 over the 'Cats.

The Lumberjacks put forth a team effort against the Wildcats Saturday as three key men were seeing limited action.

Ed White and Jim Barker were injured in the game, and Monty Feekes didn't make the trip.

However, all three should be ready for the Homecoming game.

**'Jacks' Depth Ready**  
In case they aren't, Sarboe shouldn't have too many worries about filling the vacant spots. Rego Piva gained 107 yards in his fill-in role at Chico while Danny Sousa and Roger Toft led the Lumberjacks to their highest output in yards gained this season.

Piva's filling in for White adds touches of the 1959 football season when Dave Littleton, HSC's first string fullback until the Chico game, was injured; White filled in the rest of the season.

Mike Ross, who missed the last two games with a bad leg, should be able to see some action against the 'Pack.

**Four Seniors Captains**  
Sarboe has chosen four seniors for his game captains, White, Al

## FWC Finish In FiveWay Tie?

With only five games remaining, the Far Western Conference title race has become a mad scramble with the possibility of a five-way tie for the crown.

Tomorrow Humboldt meets Nevada, Sacramento meets San Francisco and the Cal Aggies meet Chico.

Next week the Aggies meet Sacramento and San Francisco meets Chico.

The five-way tie will result if Nevada beats Humboldt, Sacramento beats San Francisco, the Aggies beat Chico and Sacramento, and San Francisco beats Chico.

This will give Humboldt, Nevada, Sacramento, San Francisco and the Aggies 3-2 records, and Chico will bring up the rear with an 0-5 mark.

The real question is the probability of this happening. The way the FWC has gone in 1961 it's probable.

After the first round of play, Humboldt looked like a shoo-in. They defeated San Francisco, and Lumberjack fans felt the worst was over.

But Sacramento had its say and Frakes, Vester Flanagan, and Jim Walker.

Frakes and Flanagan will start in the offensive line at guard and tackle while Walker will be at defensive linebacker. Walker will also do the kicking for the Lumberjacks.

Of the teams with one lost, the Hornets have the roughest schedule. They must play San Francisco and the Aggies back-to-back. And the Aggies, no matter how poor in the past, are making life miserable for all FWC teams.

The Davis crew has beat Nevada, made Humboldt play "five" quarters to beat them, and fought the Gators until the final gun.

No matter how you look at it, the FWC race is in shambles, and the probability of a five-way tie is very probable.

## Humboldt State College Goes All-Out For Visiting Alumni at Homecoming

By JIM SCHUPP  
Staff Writer

"Humboldt is going all-out this weekend to show returning alumni a really bang-up Homecoming celebration. Varied activities have been scattered through the five days to provide great entertainment for students, faculty, and the alumni." This is a quote from Bob Titlow, chairman of the Homecoming Festivities ten years ago.

Along with its "new" library, its first win in two years in football, its "new" band uniforms, and its 519 students, Humboldt State did apparently have a "bang-up" time on its Homecoming weekend, Oct. 12, 13, and 14, 1951.

To begin their activities, the students had a Free Bean Feed on Friday, Oct. 12. It took place in back of Nelson Hall in the parking lot from 5:00-6:15 p.m. The menu included baked beans, tossed salad, milk or coke, French bread and butter. From available evidence, it was a great success, too.

The next item on the agenda was a "Noise Parade" headed by the members of the football team down to the ball park.

Sponsored by the Rally Committee, the parade ended at the baseball diamond on the campus where the freshman class and the Rally Committee sponsored the annual freshman Homecoming Bonfire Rally.

After the rally the crowd followed the band and football team to the auditorium where Alpha Psi Omega, the honorary dramatic society, and the lower division drama club presented a one hour variety show, under the direction of Dr. Don Karshner.

On Saturday evening was the football game with HSC hosting Cal Aggies (which we lost 27-13). At halftime the HSC and Eureka High School bands marched in full dress on the turf, and the Homecoming Queen, Shirley Pitlock, was presented to the student body.

Following the game was the after-game dance sponsored by the

Intercollegiate Knights. It was held in the gym from 10:00-1:00 and featured the Eddy Clay 12-piece band. During the dance the queen was crowned and she and her court were presented their gifts.

On Sunday was held the Alumni Reception in Nelson Hall. New to the college was the honoring of the classes of every fifth year starting with 1916; that is, the classes of '16, '21, '26, '31, '36, '41, and '51. On hand were Dr. and Mrs. Siemens, ASB President Francis "Toads" Stebbins, and one representative from each of the honored classes, forming a reception line. The affair was from 3:00-4:30 and was informal.

To add some culture to the activities, Mu Epsilon Psi, the music society, presented a concert Monday at 8:15 in the CES auditorium. Mr. and Mrs. Charles Fulkerson, Mrs. Esther Thompson, and James Mearns, faculty members, performed on piano, cello, violin, and piano respectively. Leland Barlow, then an assistant professor of music, gave a baritone solo. The Home Economics Club provided a Coffee Hour at intermission.

The Alumni Banquet was on Tuesday night at 7:00 in Nelson Hall. This was the first time the banquet had been held on campus. Mrs. Estelle Preston McDowell, an alumnae, was in charge of the arrangements for the dinner.

## Building of Parade Floats Great Problem for Clubs

By DICK WENGI  
Staff Writer

Float building, as all float building experts will tell you, is an extremely esoteric art. Not many people do it. Not many want to. If you've ever tried to muster the club for a float raising, you'll know what we mean.

A design for the float is the first task to complete. Usually this is brought up at a club meeting. The Float Building Committee (F.B.C.) chairman will rise and ask if anyone has an idea for the float design. Silence. Then he will ask the Float Building Theme Committee (F.B.T.C.) chairman what theme has been decided on, feeling, for some reason, the two are connected in some vague way.

The chairman of the F.B.T.C. will announce the theme. Something like, "Stories Behind The Bar," or, "The True Story About Lady Godiva."

When the theme is selected, a design must be drawn to suit. The Float Building Design Committee (F.B.D.C.) chairman must now be appointed. An attempt will be made to select someone from the art department. But your club, naturally, has no artists. So the Prez appoints some poor soul who has been trying for the past 15 years to write his name legibly.

A week later, the F.B.D.C. chairman will come up with what he considers a masterpiece in float design. It doesn't matter that you have to have a Peterbilt tractor and a set of doubles, an authentic redwood—furnace from the Avenue of the Giants—and three pair of matched white horses pulling a beer wagon. But no matter, onward!

Next problem. Where to build? With the size of the equipment the Prez decides they need a chairman to find a place to build. The Float Building Hunting and Seeking Committee (F.B.H.S.C.) scours the area for a proper site. This turns out to be difficult. Nobody wants you back. You didn't clean up the mess last year. You finally settle on the corporation yard. Where else have you got to go?

Now that you have the place, you start gathering materials.

Sticky wheat paste, lots of newspaper and cardboard, and lots of chicken wire are the essentials. With these three, things begin to take shape. That is if the loyal and faithful club members turn out.

The building proceeds rapidly (it's 3 a.m. tomorrow). There have been constant interruptions. Such as, "I make a motion we adjourn to the nearest bar." "I second." "All those in favor..." "Question." Saved by the F.B.C. chairman who cites some obscure parliamentary rule, convinces them they can work while arguing, and ponders his own sanity while nailing a lath to an outsized pumpkin with no top.

Now the float is done. All is well, you think. Some wise guy just happens to mention there will be a queen on the thing. You forgot her. There is no place for her to sit. Suggestions come by the ones. "We'll put her in one of the barrels. If she's too short, cut the barrel." "Let her ride a horse." It's finally decided to let her drive the truck. Nobody thought of that either.

The Float Transportation, Driving and Disposal Committee (F.T.D.D.C.), an integral part of the F.B.C., now takes over. Transportation and driving go smoothly.

The big problem is disposal. Burn it. Trade it. Park it in a public park and let the kids play on it (teaches them citizenship). The F.T.D.D.C. is finally forced, at great difficulty and expense, to cut in an outside expert. Within three short weeks the float is disposed of, each club member carrying a piece of it in his pocket each day off campus and stealthily throwing it away.

## Wives Attend Dinner Dance

A dinner dance was held for the Student Wives at 8:15 p.m. in the cafeteria last Saturday. Music was provided by the Rhythm Kings.

Mr. and Mrs. John McKnight won the dance contest, Bob Stevenson won the bean-throwing contest, and Mrs. Bob Semmens won the musical chairs contest. Prizes were given for all of the events.

Another feature of the night was the awarding of numerous door prizes.

The next meeting of the Student Wives will be on Nov. 16 at 7:30 p.m., instead of 8:00. It will be in the Home Economics Building and will include a pot luck supper. All the wives are invited and are asked to bring their own eating utensils.

## Humboldt Choir Presents Music At Program

The Humboldt State choir, under the direction of Dr. Leon Wagner, presented a program of sacred choral music at the First Methodist Church, Fortuna, Nov. 5. The program was sponsored by the Methodist Youth Fellowship of the church.

Soprano Kay Magnuson was heard in Bach's aria, "My Heart Ever Faithful," accompanied by Dr. Wagner, and was followed by a duet for soprano and tenor from Mendelssohn's "Hymn of Praise," sung by Joan Iversen and Joseph McAllister, accompanied by Judy Nilan.

The "Benedictus" from Mozart's "Requiem" was sung by a quartet of soloists, including Joan Iversen, soprano, Judy Nilan, alto, Joseph McAllister, tenor and Robert Lewis, bass, with Gary Coon at the piano.

Baritone soloist Lewis was featured in the American folksong "Nine Hundred Miles" and the program concluded with Howard Worthy's rollicking modern spiritual, "Hallelu, Amen." The overall effect was one of precision and tonal beauty coupled with a sense of inspiration and vitality further enhanced by the excellent acoustics of the Fortuna Methodist Church auditorium.

## Hall of Fame Lists Six Greats

(Continued from Page One)  
Harrison was the quarterback and also defensive halfback.

Roy took up teaching after college until World War II, when he entered the Navy. He is now a building contractor in Hayfork, in Humboldt County.

The fourth member to be chosen to the Hall of Fame, was Leonard Longhlim. Leonard was honored at the 1958 Homecoming. He attended Humboldt from 1938 to 1942. During these years, he received four letters in football, four in basketball and four letters in track. Len was noted for his tremendous broken field running which helped Humboldt win many a game. Len, after leaving college, was drafted by a professional football team, the Philadelphia Eagles, but Len refused the offer.

The basketball season of 41-42 saw Humboldt win the Far Western Conference. During this season, Len alternated as high point man, with a great friend, "Billy" Lee, another member of the Hall of Fame. In track, he set the Humboldt State pole vault record of 12 feet which was to stand for some time.

The fifth, and only woman selection to the Hall of Fame, was Mrs. Elta Cartwright Stromberg. "Cinder Elta" as she was called, was at one time hailed by national sportswriters as "the greatest woman athlete in America," after she had won the broad jump, 100, and 50 yard dashes, the three events she entered in the Olympic tryouts.

Her team was the first woman's to be sent to the Olympics by the United States. During the Olympics in 1926, Mrs. Stromberg set a world's record in the running broad jump with a leap of 17 feet and four inches.

She was one of the seven-member track team from HSC which captured the National Championship in 1927 at Newark, New Jersey.

Mrs. Stromberg graduated with a bachelor of arts degree and a general elementary credential. She taught for many years in the Eureka and Arcata elementary system.

Franny Moore, Humboldt's most valuable football player from 1934-37, was the sixth and last person to be chosen for Humboldt's Hall of Fame last year at Homecoming.

A guard on the 1935 team, he shifted to halfback in 1936 and 37. As a person, runner and placekicker, he helped the 1936 squad to a 20-0 win over San Jose State, a big threat during those years. During the same season, he kicked 17 extra points. Franny also played basketball and was varsity baseball pitcher.

Born in Korb, Franny graduated from Eureka High, and later on he coached Arcata High. In 1947 and 48 his teams won all titles.

## Meets in CAC Popera Committee

Wednesday afternoon the Popera committee, headed by Joan Iversen, met in the Campus Activities Center to discuss more details and to present improvements on the 12th annual Popera next Friday.

## Piva, Frasier Pace HSC To 29-12 Win Over Chico

"I was pleased with the way the second team came through," said head coach Phil Sarboe following the Lumberjacks' 29-12 win over arch rival Chico State Saturday night. "Rigo Piva and Dodd Frasier came through magnificently."

The Lumberjacks put together their best offensive effort to date piling up 307 yards on the ground and 142 in the air. Piva rolled up 107 yards in 16 carries to lead the offense.

Sarboe went on to say, "They did a good job in spite of the disturbing breaks that went the wrong way. Both the defense and the offense played real well."

The offense garnered 449 yards net while the defense held Chico to 174 yards. Humboldt won the battle of first downs 26-11. Ed White gained 62 yards although forced to leave the game with an ankle injury, and Frank Buda chipped in with 80 yards more.

Volunteer coach Art Stegeman also had a word of praise for the second string backfield. "It was outstanding the way our second string backfield performed. They took over real well when Jim Barker and White were injured."

"Barker received a head injury and could not remember the plays and White left the game with an injured ankle and quarterback Monty Feeckes did not make the trip."

"The kids took over and put together a rock-ribbed defense and the best ground game we've had all year," said Stegeman.

The Lumberjacks struck quick-

ly scoring with only four minutes gone in the game. A 23-yard pass play from Dan Sousa to Barker and a second from Roger Toft to Drew Roberts good for 29 yards launched the drive. Frank Buda scored from the 19 in two plays to put Humboldt ahead.

Following a Chico score the Lumberjacks moved 52 yards to score and take a 14-6 halftime lead. Chico scored again early in the fourth quarter but the 'Jacks came back to score twice in the final eight minutes of play.

Buda tallied his second teedee of the day for the third score and Sousa flipped a 27-yarder to Baker to cap the scoring.

Sarboe was happy with the overall team performance and will be looking forward to this week's battle with the University of Nevada.

The Wolfpack upended Sacramento State 14-8 last week to put the Hilltoppers atop the conference standings with a 3-1 record. The Hornets are now 2-1 and Nevada is 2-2.

"We've got to beat the team that beat the team that beat us," was Sarboe's outlook of the upcoming game. "To us it is the championship game!"

The 'Jacks could sew up a tie for the crown with a win.

"IF YOU DON'T WANT TO SPONSOR 'PROUD WEEK'—BE CO-CHAIRMAN OF HOMECOMING FLOATS—ADVISE 'YIPPEE CLUB' SPONSOR OUR GAME NITE PROGRAM—AS A SCIENCE PROFESSOR AT THIS COLLEGE—JUST HOW DO YOU EXPECT TO FIT IN AROUND HERE?"

## Congressman Clem Miller Speaks at HSC

"Congress is concerned with rebuilding the quality as well as the quantity of education," was the general thesis of Congressman Clem Miller's address at an assembly held yesterday morning.

Miller, the first of a series of political speakers to be presented by the assembly committee, presented a summary of the actions of Congress in the field of Federal aid to education, along with predictions of future actions.

"Most congressmen agree there is a need for federal aid to education and this year's failure of passage of a bill rests on three factors."

"First, the administration was involved with foreign problems," so that it was unable to give the needed support to the education bill. According to Miller, unless the administration backs a bill the Congress is just too unorganized to get it passed.

The second factor aiding in the failure of the bill was the Education Committee of the House. "There are as many parties in that committee as there are members." When they finally agreed on a bill to pass the bill died on the floor in a "72 vote shalacking."

The failure of the floor support in the bill was the last factor that killed the bill. According to Miller, by the time a bill reaches the floor it must be limited to a major issue. In the case of the education bill there was none, and each debate on its many issues killed the bill a little more.

"There is still a desire for Federal Aid to Education, but any action will have to be done with semantics."

## Naval Reserve Officers Soon At Humboldt

Cmdr. Bethel Hume and Lt. Cmdr. Dick Hansen will be on campus Nov. 30 and Dec. 1 to talk to interested students about the U.S. Naval Air Reserve.

The two officers are with the Naval Aviation Information Team from Alameda.

A four year college man is eligible to apply for an officer candidate program offered by the unit. You must be between the ages of 19 and 26 and meet mental and physical criteria to qualify for the program.

Seniors not qualified for pilot training can apply for the Navy's non-pilot officer program. Careers in electronics, navigation and air intelligence are being offered to this group.

Two year college men also are eligible to apply for the pilot training program. An additional requirement for this person is that he must be single.

As a matter of convenience, the mental examination required will be given on campus to those who desire to see if they qualify in this respect.

## LUMBERJACKS OF THE WEEK

Two men responsible for the Lumberjacks third touchdown against Chico Saturday are 'Jacks of the Week. Rego Piva (left) and Tom DiMercurio were the key men giving Humboldt a 20-12 lead. Piva gained 106 yards while DiMercurio gained 30 yards on the ground and completed an 11-yard pass.

## 'Jacks Rated 10th in NAIA

The Humboldt State Lumberjacks climbed back into the top ten in the NAIA weekly small college poll after a weeks absence, rising from 11th to 10th.

The Lumberjacks slid from second place early in the season following their 19-7 loss to Sacramento State. The disqualification of Northern Michigan from the poll and West Chester (Pa.) State's 40-13 loss to Villanova aided the 'Jacks in their short jump.

Although they rose in the standings the Lumberjacks' hopes of a bowl bid did not get any brighter as both of the other top rated teams on the West Coast jumped higher. Linfield (7-0) moved from eighth to fifth place and Whittier (7-0) climbed a notch from seventh to sixth.

The NAIA top ten include: 1.—Pittsburgh State (Kan.); 2.—Baldwin-Wallace (O.); 3.—SE Louisiana; 4.—Central Oklahoma; 5.—Linfield (Ore.); 6.—Whittier (Calif.); 7.—Florida A&M; 8.—Northern St. (S.D.); 9.—Arkansas Tech; 10.—Humboldt State.

## Junior Jacks Are Working Out for Chico

The Humboldt State Junior Jacks are preparing for their season finale against arch rival Chico State November 18 by scrimmaging the varsity. The Junior Jacks are enjoying their second straight successful season, currently boasting a 2-1 record.

Last year the Junior Jacks posted their first winning season in three previous seasons with a 3-1 mark and are running almost parallel to that now.

This year they have beaten Chico State 14-6 and San Quentin 7-6 while losing to Shasta Junior College 8-6. Last year they beat Chico 20-0 and 7-0 and downed San Quentin 11-9 after losing to Shasta 26-0.

The first president of H.S.C. was Nelson B. Van Matre.
