

ASB Fees Challenged

Ex-Organizations Commissioner Pat McElroy's desire to turn the Associated Student Body into a "free society of free men" began to take definite form at Tuesday's Student Council meeting.

Dr. Don Karshner, Dean of Students, warned the council that McElroy is in contact with him about staging an election to de-

cide whether or not student body fees shall be mandatory.

Dean Karshner plans to ask for a legal ruling from the California State College Chancellor's office on the form of the election, which will probably be held this semester if McElroy's plans are successful.

McElroy declared his intention to fight organized student government when he resigned from the Council two weeks ago.

A second major item before the council was the proposed ASB constitution drafted by John Rawlinson. Representative-at-Large Glen Dreher presented members copies of the document for further study.

Chuck Freitas was approved as

student director of the 1963 Frosh Camp, following a recommendation by Dr. E. Nedd Girard.

Pat Plessas reported that her committee to investigate the allocation of Sequoia Theater would depend on a similar Green and

Gold Key committee for further information. That committee will meet at 4 p.m. Sunday in the CAC.

Treasurer Bill Wagner announced that Board of Finance hearings on the 1963-64 ASB budget will start Friday.

Debaters Win Title, Go on Annual Tour

First place championship was won by HSC speech department in an eight state regional speech tournament at Linfield College, last weekend.

The championship climaxed 10 years of participation in similar speech tournaments. Dr. Edward Steele, Associate Professor of Speech, coached HSC students.

Larry Hines and Jack Turner tied for first place in a one man cross examination tournament.

HSC competed among 450 students, participating from colleges all over the United States. There were representatives from University of the Pacific, University of Idaho, Utah State, Linfield College, Pacific Lutheran College, Coe College, Gonzaga University, University of Iowa and Humboldt State College.

Larry Hines and Jack Turner placed first in a debate, the topic being, "Non-communist countries should establish an economic immunity."

Five teams from HSC won more than 60% of the debates they participated in. Yvonne Ching was finalist in an oral interpretation of literature and Mike Palmer won fifth place in the lower division, men's semi-finals, in the category of one man cross examination tournament.

The five teams that won more than 60% of their debates were: Don Sauls and Mike Samuelson, Barbara Backlund and Dee Johnson, Jack Turner and Larry Hines, Gary Anderson and Mike Palmer and Judy Jilka and Janice Banducci. Nancy Linser and Peggy Hansen won 50% of their debates.

HSC, in cooperation with Orange State College and University of the Pacific, participated in the

sixth annual mid-year debate tour during semester break.

The mid-year tour participants are speech students from HSC and guest speech students from other colleges, who tour the north coast of California.

The purpose of the tour is to give speech students actual experience before many kinds of audiences, to acquaint the public with the nature of the speech department at HSC and to help speech teachers in the schools gather new ideas on the subject.

Guests of the Speech Department were Dave Quadro and Stan Zimmerman from the University of the Pacific and Mike Hubbard and Sandra Mathews from Orange State College.

The guests were chosen as being outstanding speakers from their colleges. HSC invites guests from other colleges to make competition for HSC speakers and to add variety.

The group put on programs and demonstrations in six counties and for service clubs, high schools and elementary school groups, private organizations and for inmates at San Quentin Prison. The audiences ranged from 12,000 persons to 12.

Students who participated in the five day mid-year tour were: Mike Palmer, Dee Johnson, Lowell Mingee, Don Sauls, Mike Samuelson, Barbara Backlund, Rose Shelton, Lana Linsen, Jack Turner, Yvonne Ching, Larry Hines, Peggy Hansen, Del Harper, Penny Horel, Janice Banducci;

Gary Anderson, Linda Drington, Tim Dinsmore, Ray Prigler, Walt Bratten, Brion Silver, Bev Eyeler, Bill Bishop, and Margaret Morse.

Third AWS Day Held Wednesday

The Associated Women Students sponsored the third annual Women's Day Wednesday. The theme for the day, "It's a Woman's World," was displayed atop a twelve-foot weather balloon.

The day began with a Pancake Breakfast for all women officers. At noon a panel was held in the Founders Hall Auditorium with guest speakers: Justine Will, buyer for the Emporium; Sister Agnes Therese, x-ray technician; Natalie King, creative writer; and Alva Quarnheim, teacher.

HUMBOLDT STATE COLLEGE

Vol. XXXVI

ARCATA, CALIF., FRI., MARCH 8, 1963

No. 18

Andrea Molnar, Olympic Gymnast, To Perform Here Today, Tomorrow

Andrea Molnar, one-time Olympic Gold Medal gymnast, will visit the HSC campus today and tomorrow to participate in a gymnastic clinic.

Mrs. Molnar, who took part in the Austrian Olympics, fled Hungary during the 1956 uprising and was sponsored by Sports Illustrated in a tour through the United States. She is now a resident of San Francisco.

The Physical Education department and ASB are sponsoring her this weekend as a service to elementary and secondary physical education teachers and interested students.

Mrs. Molnar is teaching gymnastics for the Anna Head private school for girls near Berkeley, Calif., at San Francisco State College, and participates in clinics around the Bay Area.

She received her Physical Education degree in Hungary but was unable to use her credential in the United States. Last year she earned a degree at the University of California at Berkeley.

Mrs. Molnar visited the HSC campus in 1960, in a program similar to the one being presented this weekend. The last performance of her Olympic routine was presented before an audience of HSC students during her 1960 visit.

The program during her visit this weekend includes exhibitions and workshops in these areas: 10 a.m., modern dance; 11 a.m., free apparatus; 1 p.m., a clinic for women physical education majors; 2 p.m., teacher trainees; 3 p.m., a repeat of the 11 a.m. performance; 4 p.m., a program for high school students.

She will attend a cafeteria dinner Friday evening at 5:30 and will lead an after dinner discussion with coaches on three main topics concerning gymnastics: How to develop a routine, how to judge events, and competition hints.

Saturday, Mrs. Molnar will conduct a gymnastic workshop for women and children from 9 a.m. to 12 p.m.

Two movies will be presented Saturday: The 1959 Gymnastic competition for women, and the 1961 Russian Gymnasts visit to the United States.

Students participating in the clinic will be charged 25 cents and spectators will be admitted free of charge. Instructions regarding the clinics may be obtained from Mrs. Kay Chaffee, in the Women's gym.

'Charley's Aunt' Cast Announced

Director George Goodrich announced this week his cast for the upcoming Sequoia Masque production of "Charley's Aunt" by Brandon Thomas, to be presented April 26, 27 and May 3, 4.

Ivan Arnold has the leading role of Charley Wykeham; Don Jacobsen, most recently seen in "Oedipus Rex," will play Spettigue. Kathy Brown will be Amy Spettigue.

Veteran performer Michael Glimpse will be Sir Francis. Others are Jeff Davis as Jack Chesney, Don Christianson as Brassett, Linda Dungan as Donna Lucia.

Daryle Lindley, Laura in "Look Homeward, Angel," is cast as Kitty Verdun. Bill Thompson will play Fancourt.

Rehearsals are now under way for the popular comedy.

A Lesson in Semantics—It seems that a new bus purchased for the Forestry Department field trips has been appropriately labelled "Humboldt State College Bus." One bemused observer of this label was heard to remark "What did they think it was, a redwood tree?" Others have noticed that the Administration Building, so tagged with large metal letters, is obviously a building.

Green, Gold Key Honors Second to Beauty Queen

By DALE POTTS

Seven undergraduate students had the honor of being tapped for Green and Gold Key, the highest student activity honorary on campus, but somehow the importance of the occasion was lost in the hustle and bustle of crowning a queen at a spring dance.

What should have been a high point and a moment of pride for every person connected with HSC went virtually unnoticed.

But in spite of the publicity received by the dance and the queen these seven still cherish that moment that linked them with a long list of outstanding leaders whose personal achievements were recognized by their induction into the Green and Gold Key.

The Green and Gold Key was established in the spring of 1955 by President Cornelius Siemens and the Student Executive Council, who authorized a nucleus of six outstanding student leaders to form a senior honorary for women and a senior honorary for men. The organizations were formed to encourage more active participation in student activities at HSC and to provide recognition for outstanding services to the students.

The charter members, Joline Bettendorf, Joan Guyn, Joyce Jacobs, Larry Flammer, George Ibarreta, and Craig Stark, drew up a constitution for each honorary stating the purpose, methods of

selection, and privileges for membership. And in 1957 James Nameth was instrumental in revising the constitution by working out a detailed point system for membership selection.

2.5 Required

HSC's honorary differs from that in most schools because it requires a 2.5 grade point average. To qualify a student must be outstanding in at least two major student activity fields which include: athletics, speech (drama, forensics, and radio-TV), student government, service organizations, musical activities, art of benefit to the student body, activities in natural resources, or publication, and must be of high character.

Although membership was originally limited to seven in each organization, an additional member may be added for each enrollment increase of 200 students above 1200 full time students. A maximum of 11 per honorary may be admitted per year.

The honoraries serve as a "clarification committee" of the associated students. They have the power to analyze and suggest solutions for various problems which fall between the jurisdiction of the college administration and that of the students.

Members are nominated by a secret faculty committee appointed by Dr. Siemens and elected by a majority vote of the combined honoraries.

Many Activities

The latest group to receive their robes and keys has innumerable activities and achievements to their credit. The seven join 53 men and 53 women who were previously recognized for their leadership abilities with membership in the honoraries.

Gayle Frakes, P.E. major from Arcata, is the Women's Recreation Association president, and has served as co-chairman of Dad's Day, Homecoming and the Sno-Ball.

Julie Fulkerson, music major from Arcata, is a member of the Mu Epsilon Psi honorary, the Student Activities Commissioner, and has served as song queen, vice president of the choir and as frosh camp counselor.

Lois Johnson, elementary education major from Eureka, is the president of the Associated Women's Students, dream girl of Delta Sigma Phi fraternity, and has been chairman of Women's Day and the Popera King candidates and co-chairman of the leadership conference, Mother's Day Tea and the Sweetheart Ball.

Brian Kinnear, a fisheries major from Santa Maria, is the secretary of the Western Forestry Clubs and has been the dorm vice president.

Lucy Santino, elementary education major from Eureka, was president of the SPURS, vice

Touring Actors Present Ibsen's 'Ghosts' Monday

The national touring company of Cleveland Playhouse, the oldest professional theatre in the United States, will appear in a one-night performance of Henrik Ibsen's "Ghosts" in Sequoia Theater, Monday night at 8:30.

The 10-member troupe is currently on its third coast-to-coast tour. Its appearance here is sponsored by Sequoia Masque. Tickets are \$1 with student body card and \$2 general admission. They can be purchased at the bookstore or at the box office. All seats will be reserved.

The 19th Century Norwegian playwright Ibsen is credited with having the greatest influence on the modern theater. He turned the theater into a forum for the discussion of often disruptive ideas and introduced a new realism. His plays astounded, shocked, and delighted Europe during the late 1900's.

Ibsen preferred unpopular causes. "Ghosts" is an answer to the critics of his controversial masterpiece "A Doll's House." They insisted that a woman's first duty was as a wife and mother, her function being to preserve the sanctities of the home.

The heroine of "Ghosts," Mrs. Alving does preserve these sanctities and the result is an appalling tragedy.

Mrs. Alving wants to leave her husband, who is a drunkard and a libertine, but Parson Manders, the man she really loves, persuades her that her Christian duty is to maintain the home.

The husband finally dies from his dissipation which Mrs. Alving had concealed from the world, in-

Bookstore Sales Set New Mark

Bookstore sales have established an all time record high of 15% over last year's record, according to Howard Goodwin, graduate manager.

Best selling items are those of necessity: soap, combs, clothing, etc. Records are also selling well.

"Although sales are at an all time high, stealing hasn't increased," he added.

president of the sophomore class of '64 and is a member of the lower and upper division scholastic honoraries, Rho Sigma and Chi Sigma Epsilon.

Leo Sears, business administration major from Eureka, is president of the Delta Sigma Phi fraternity, a member of the Board of Control, and was secretary of the Comus Club.

Marilee Starkey, elementary education major from Arcata, is a song queen, the '61 Tau Kappa Epsilon fraternity's dream girl, Miss June for the national TKE, student director of frosh camp, received the AWS activities award, sang and danced in several college productions and has made the president's list.

High School Audiences To Hear College Choir

The College Choir will open its spring concert season today with programs at Del Norte and McKinleyville high schools.

The choir, numbering 48 members, will leave the Arcata campus at 9:30 a.m. by private and state car caravan and is scheduled to sing at Crescent City at 11:30. Following lunch as guests of the high school, the choir will return to present

March 24, at 3:00 p.m. in Sequoia Theater.

On the weekend of March 14-15, the choir will again take to the road, this time heading east on Highway 299 for Thursday concerts at Shasta High School and Shasta Junior College in Redding. The high school choral organizations will provide overnight hospitality for the itinerant Humboldt singers, who will return to Arcata on Friday, with stopovers for concerts in Weaverville and Hoopa.

According to director Leon Wagner the choir will be a well balanced group this semester, with 15 sopranos, 13 altos, 10 tenors and 10 basses. Between-semester losses in enrollment were particularly heavy this year, Wagner added, due to student teaching assignments, work and family problems, and scheduling conflicts.

New members have been added to fill the gaps, with added rehearsals which have brought the organization back to concert form. The choir's annual spring concert date has been reset for Sunday,

cluding their son who was studying in Paris. Following her husband's death, Mrs. Alving sends for the son. His arrival creates new problems.

In essence, the "Ghosts" Mrs. Alving is battling are the social traditions and moral codes to which she is subjected. She sees the lies and hypocrisy on which they are based.

Academic Senate Gets Report on Lumberjack Enterprises

Dean Lawrence Turner's report to the Academic Senate on the functioning of Lumberjack Enterprises, Inc., delivered Feb. 28 in response to a Senate request, has been taken under consideration by a committee headed by Mrs. Kathryn Corbett, Associate Professor of Sociology.

The 23-page report, which took nearly an hour to deliver to the Senate, traces the legal basis of Lumberjack Enterprises, the history and development of the college bookstore, cafeteria and the corporation and ownership of the bookstore.

The Senate committee is just beginning its investigation, according to Mrs. Corbett. It plans to meet with the Board of Lumberjack Enterprises soon. Its report to the Senate has not been scheduled.

Other members of the committee are Mr. James Cunningham, Test Officer; Dr. Charles Yocom, Professor of Wildlife Management; Dr. Edwin Beilfuss, Associate Professor of Zoology; Mr. Russell Connitt, Assistant Professor of Business; Dr. Frederick Cranston, Associate Professor of Physics;

and Dr. Robert Brant, Assistant Professor of English.

Explains Issues

Dean Turner's report, as well as explaining the legal basis for Lumberjack Enterprises and its history, comments on several issues which have purportedly caused some discussion among students, including ownership of the bookstore, the price of cafeteria meal tickets, and lack of knowledge about the corporation.

Actual legal ownership of the bookstore is a matter of doubt, according to the report. The store developed as a "self-generating" enterprise, and the Associated Student Body made no financial investment in it other than from funds raised by the store itself.

Since state space, credit and employees were involved throughout development of the store, a strong case for state ownership could be made, the report says.

But, because of ASB participation in operational management of the store, the Board of Directors of Lumberjack Enterprises felt that it would be assumed that the accumulated assets of the store had been owned by the ASB.

Subsidy Controversial

The Board offered to pay the ASB \$103,896.14 for this "assumed interest." Controversy developed, the report says, over the annual bookstore subsidy to the ASB which amounted to \$8,000 by the time of the transfer. It was feared that the subsidy would be eliminated, despite a by-law of the corporation making the payment mandatory.

This controversy was ended late last year, when the Student Council voted to accept the Lumberjack Enterprises proposal of:

1. Payment of an assumed interest of \$103,896.14, with \$50,000 to be paid Jan. 1, 1963.
2. The balance to be paid at \$8,000 a year, including interest.
3. Subsequent to the retirement of the debt, Lumberjack Enterprises will pay the ASB an annual subsidy of one-half the bookstore profit.

Meal Prices

The meal ticket issue was discussed most recently when it was announced in January that rates were to go up. The report points out, however, that the hike was to the level of 1961, and was thus elimination of a reduction tried during 1962.

The cafeteria, during the period from June 1 to December 31, 1962, had an excess of expenditures over income of \$12,499.29. This loss was during the period in which the reduced meal ticket prices were in effect.

Student claims to lack of knowledge about Lumberjack Enterprises are attributed to poor attendance at information meetings held when the corporation was being considered, the report indicates.

Feekes Elected DSP President, Heads New Slate

The Delta Sigma Phi Fraternity of Humboldt State elected a new slate of officers Monday night for 1963.

The term of office is one year for the five officers elected by the active membership.

The newly elected president of Delta Kappa chapter is Monty Feekes, a junior PE major. Feekes was vice president last year and has been named to head the chapter the coming year.

Vice-president elect was Frank Schmidt; Secretary, Rich Stewart; Treasurer, Dennis Giaccone; and Sergeant-at-Arms, Bob Brown.

The officers will guide the chapter in its scholastic, social and community service endeavors.

Out going officers are President Leo Shears, Vice-president Monty Feekes, Secretary Don Westlake and Treasurer Bob Anderson.

Following the meeting, Sears was thrown into the chapter's traditional fish pond as a climax to his term of office as the membership actively celebrated the election of the new officers.

Founders Hall Rewiring Slated

The rewiring of Founders Hall will begin in the middle of March at a cost of several thousand dollars, according to Frank E. Devary, Business Manager.

Rewiring will be handled by day labor and not contracted out for bids. The foremen of the job will come from Sacramento, while the crew will be composed of local laborers.

The job is part of the central campus project which is scheduled to start on June 10 and be completed by the first of September.

At one "mass meeting" to discuss the proposals, held on Dec. 14, 1960, two people—one student and one faculty member—showed up.

Booklet Planned

To provide information now, however, the Board of Directors is preparing a booklet on Lumberjack Enterprises. It will be issued by the end of this month, according to the report.

Dean Turner's statement to the Senate also delved into the relationship of Lumberjack Enterprises to the State College Board of Trustees, the authority and responsibility of President Cornelius Siemens, and studies of similar corporations at other state colleges.

Similar bodies include the Aztec Shops, Ltd. at San Diego State; Forty-Niner Shops at Long Beach State; the Hornet Foundation at Sacramento State; the San Francisco State College Foundation; the Los Angeles State College Foundation; and the Fresno State College Foundation.

HAIL TO THE DEAN!

Today let us examine that much maligned, widely misunderstood, grossly overworked, wholly dedicated campus figure—the dean.

The dean (from the Latin *Deanere*—to expel) is not, as many think, primarily a disciplinary officer. He is a counselor and guide, a haven and refuge for the troubled student. The dean (from the Greek *Deanos*—to skewer) is characterized chiefly by sympathy, wisdom, patience, forbearance, and a fondness for homely pleasures like community singing, farina, spell-downs, and Marlboro Cigarettes. The dean (from the German *Deange-macht*—to poop a party) is fond of Marlboros for the same reason that all men of good will are fond of Marlboros—because Marlboro is an honest cigarette. Those good Marlboro tobaccos are honestly good, honestly aged to the peak of perfection, honestly blended for the best of all possible flavors. Marlboro honestly comes in two different containers—a soft pack which is honestly soft and a Flip-Top box which honestly flips. You too will flip when next you try an honest Marlboro, which, one honestly hopes, will be soon.

There is not a dry eye in Utah

But I digress. We were learning how a dean helps poor, troubled undergraduates. To illustrate, let us take a typical case from the files of Dean S. . . . of the University of Y. . . . (Oh, why be so mysterious? The dean's name is Sigafos and the University is Utah.)

Wise, kindly Dean Sigafos was visited one day by a freshman named Walter Aguinocourt who came to ask permission to marry one Emma Blenheim, his dormitory laundress. To the dean the marriage seemed ill-advised, for Walter was only 18 years old and Emma was 91. Walter agreed with the dean, but said he felt obligated to go through with it because Emma had invested her life savings in a transparent rainhood to protect her from the mist at Niagara Falls, where they planned to spend their honeymoon. If Walter called off the wedding, what use would the poor woman possibly have for a rainhood in Utah? The wise, kindly dean pondered briefly and came up with a brilliant answer: let Walter punch holes in the back of Emma's steam iron. With steam billowing back at the old lady, she would find a rainhood very useful—possibly even essential.

Whimpering with gratitude, Walter kissed the dean's Phi Beta Kappa key and hastened away to follow his advice—and the results, I am pleased to report, were madly successful!

Today Emma is a happy woman—singing lustily, wearing her rainhood, eating soft-center chocolates, and ironing clothes—twice as happy, to be candid, than if she had married Walter. . . . And what of Walter? He is happy too. Freed from his unwanted liaison with Emma, he married a girl much nearer his own age—Agnes Yucca, 72. Walter is now the proud father—stepfather, to be perfectly accurate—of three fine, healthy boys from Agnes's first marriage—Everett, 38; Wilhelm, 43; and Irving, 55—and when Walter puts the boys on a lead and takes them for a stroll in the park on Sunday afternoon, you may be sure there is not a dry eye in Utah.

And Dean Sigafos? He too is happy—happy to spend long, tiring hours in his little office, giving counsel without stint and without complaint, doing his bit to set the young, uncertain feet of his charges on the path to a brighter tomorrow.

© 1963 Max Shuman

We don't say Marlboro is the dean of all cigarettes, but we're sure it's at the head of the class. Get some soon—wherever cigarettes are sold in all fifty states of the Union.

Baseball Team To Battle Shasta Again

Record Improves With Two Victories

The Lumberjack baseball squad fresh off a pair of wins will entertain the Shasta College Knights tomorrow at the College field in a twin-bill starting at 1 p.m. On Sunday the 'Jacks will renew their series with the All-Stars in a game starting at 1 p.m.

Humboldt currently sports a 3-2 season mark after splitting with Shasta 7-2 and 9-3, while dumping the All-Stars 9-7 in action last weekend. In the opener Larry Taylor was bombed for four runs in the first inning as he hit the first batter, gave up a double, walked two in a row and was tapped for two singles.

The 'Jacks were shutout until the fifth inning but scored on singles by Gary Mayes and Scott Clow followed by a pinch hit single by pitcher Tom Leitz. Shasta came right back with one run on two singles and a passed ball. Humboldt tallied their final run in the sixth as Tom DiMercurio tripled and came home on Ralph Mayo's single.

Shasta pitcher Tom Moore gained the nod by pitching a six hitter while fanning seven. Taylor was tagged for the loss after getting relief from Jay Dickinson in the

fifth. Mayo led the 'Jack batsmen getting two hits in three times at bat.

HSC	0	0	0	1	1	0	-	2	6	2
Shasta	4	0	0	1	2	x	-	7	11	0

Humboldt picked up five quick runs in the first three innings of the nightcap to coast to their 9-3 victory. Pitcher Tom Leitz had one of his better days at bat as he collected two-for-two and also contributed two stolen bases.

The 'Jacks scored two runs in the first on a single by Mayes, a double by Dave Minor, a pair of walks and a wild pitch. In the second it was Leitz's leadoff single, two stolen bases, a walk and two wild pitches. Humboldt scored one in the third on DiMercurio's double and a single by Dan Cook.

Shasta came back with a run in the first inning on a walk, a stolen base and a single. The Knights tallied another loner in the third on the identical situation. Ron Stammer got credit for the win after relieving Leitz in the fourth. Stammer gave up only one run in his three inning stint. Humboldt scored one run in the fourth on singles by Mayes, Joe Taylor and DiMercurio and three more in the sixth on a walk, a hit batter, a single by Mayo and a double by Cook.

Mayes led the Humboldt batters with four hits in five trips while DiMercurio and Leitz each collected two for two. Cook, who collected a pair of hits, chipped in three RBI's.

HSC	2	2	1	1	0	3	0	-	9	14	0
Shasta	1	0	1	0	0	1	0	-	3	4	0

The 'Jacks took a liking to All-Star hurler Steve Cottrell scoring six runs in the first two innings to pace a 13-hit attack and a 9-7 win. Humboldt scored their first three runs on a pair of All-Star errors, a misjudged fly ball and a two run single by Mayo. In the second they added three more on singles by Dave Minor, Mayo and Joe Taylor plus another All-Star bobbie, a wild pitch and three stolen bases.

The Stars came back with a

The basketball season is over for Humboldt State, however no season would be complete without the naming of an All-Far Western Conference cage quintet.

Our selections are based on what we have seen during the season and also the statistics received from the other college's publicity departments.

Starting with the front line, the choices are clear-cut to Wendell Hayes (6'2½", HSC) and Brad Duggan (6'4", SF State). Hayes led the Lumberjacks in rebounding, season scoring and was an outstanding defensive performer. Wendell is also a fine passer and coach Franny Givins is more than happy that he has another year of eligibility left.

The Gators' star forward Duggan is another junior who will be back next season to haunt FWC opponents. Duggan averaged 18 points a game and was San Francisco's leading rebounder. Most of Duggan's points came by way of an excellent outside shot. He hit 45 per cent from the floor in 24 games.

Other forwards who rate some kind of mention include: Punky Rogers (HSC), Stew Johnson (Nevada), Bill Baker (Sacramento State), Darnell Mikel (Alameda State) and Mike Leitner (Chico). Rogers, of course, is a former all-conference selection, who closed out a brilliant career at Humboldt by going over the 1000 point mark.

Mikel and Johnson are a pair of fine shooters, who came up with some big scoring nights. The 6'4" Mikel made the 1961-62 All-FWC team. Baker and Leitner also got their share of points, but were more noted for rebounding.

At the center slot the choice was not as easy. Bill Robinson, Nevada's great pivotman, would have been a certain selection here if he hadn't been set down for scholastic reasons. With Robinson removed it became a wide-open tussle between Wes Walsviak (Chico), Larry Krupka (HSC), Tom Cleary (SF State) and Ron Rohrer (Sac. St.).

Walsviak (6'5" junior) wins the nod because of his late surge in both scoring and rebounding. Big Wes averaged 13.5 points a game, mainly on short jump shots and driving layins.

HSC's Krupka is a very close runnerup. The 6'6" string-bean displayed marked improvement in his scoring (11.5 a game) to go with his always fine rebounding and defensive abilities. Cleary, the biggest center in the conference at 6'7", has a good hook shot and was particularly effective the second half of the season.

The class of the FWC's backcourt men is Mike Carson (5'9", SF State). Carson was the main cog in the Gators' drive to the conference championship. He hit for 18 points a contest, played tough defense and was the team leader. Carson rates a slight edge over Hayes for the conference's MVP award because he played on the championship team.

Our other selection at guard is Alameda's Earl Busby, who like Carson is a senior. Busby was a tough man for the Lumberjacks to stop, hitting double figures in both games against HSC. John Dille (6'2", Sac. St.) and Bob Donlan (6', Nevada) are another pair of good guards.

Dille was hampered by a knee injury for a great part of the season, but still had two 25-point nights. Donlan picked up a lot of the slack when the Wolfpack lost Robinson. Both Donlan and Dille have closed out their collegiate basketball careers.

pair of runs in the third off of freshman pitcher Mike Thurber on a pair of walks, a wild pitch and two Lumberjack bobbles. The Stars added another in the fourth on a pair of singles, a walk and a sacrifice fly. The 'Jacks cinched the win in the seventh on a walk, an infield hit by Scott Clow and a sacrifice fly by Monty Feekes. Mayes followed with his second double of the day with Minor following with another double.

In the eighth inning the All-Stars came back with four runs on an error, a hit batter, a single and finally a home run by former 'Jack captain Ike Peterson which cleared the right center field fence.

Minor and Cook each collected three hits while Mayo and Mayes collected two apiece. Mayes and Mayo also each nabbed three RBI's with Mike Thurber getting his initial college victory.

Gators Face Chapman Five

Far Western Conference champion SF State meets Chapman college in the first game of a basketball doubleheader to determine the West's small college NCAA representative. The host team Fresno meets the University of Calif. at Santa Barbara in the nightcap.

The winners will battle it out tomorrow night for the championship.

Hagerstrand Bids for Win

Covington Also Ready For Fresno

Humboldt State College will be represented by Al Hagerstrand and Howie Covington tomorrow in the NCAA-PCI small college wrestling meet at Fresno State College.

Hagerstrand, who compiled an imposing 13-2 record during the regular season, is conceded an excellent chance of finishing high in the 177-pound class. The top three in each division will have the opportunity of going back to Ames, Iowa for the National championships.

Covington, who wrestled at 130 pounds all year, will be stepping up to the 137-pound division where he figures to be much stronger. Howie had a 9-4 mark in 1961-62, but didn't fare as well this year.

The PCI university meet was held last weekend at Ashland and Washington University's Rich Bell (177) was selected the outstanding wrestler. Bell defeated Hagerstrand in the quarter-finals of last year's PCI tourney.

A rematch at Ames between the two powerful light-heavyweights is a distinct possibility. Hagerstrand's two losses this season were to OTI's Ed Appleman, 7-3 and 3-2. Appleman can not compete in any of these post-season meets because he attends a two-year college.

Dave Rockwell, who captured the 147-pound Far Western Conference title, will not compete in the meet because freshman are ineligible to participate.

In May of 1956 a pre-football highlight noted that 22 lettermen would return for duty for the coming campaign.

Cagers End Season

'Jacks Lose To Gators, Alameda

It's all over for coach Franny Givins and his basketball team. They closed the season on a sour note, losing to both Alameda State (73-61) and San Francisco State (72-61), however this only slightly tarnishes Humboldt State's great comeback within the last year.

After finishing last season winless, the Lumberjacks remained in the thick of the Far Western Conference title chase until the final weekend before faltering to a 7-5 record, which was still good enough for second place behind SF State (11-1).

Humboldt also played above .500 ball for the entire season with a 13-11 mark.

The 'Jacks ran into a pair of hot-shooting clubs down in the Bay Area and just couldn't cope with them. The locals fought Alameda on even terms through the first 24 minutes, but Larry Krupka fouled out and Pioneer forward Art Keller went on a shooting binge to sew up the game.

Punky Rogers had one of his best nights, hitting for 25 points, however Wendell Hayes had a cold evening and hit just three field goals to wind up with 11 points. Krupka scored eight points in less than a half of actual playing time.

Guard Earl Busby led Alameda with 19 and Keller was right behind with 17. Alameda led by a narrow 30-29 halftime margin.

San Francisco State shot a red-hot 49 per cent in its victory with the entire Gator starting five doing plenty of damage. Center Tom Cleary, a 50 per cent shooter on the season, hit his first five hook shots and wound up the game with 11 points.

Brad Duggan, Mike Carson and Dave Roberts all came through with double figure performances. The Gators led by 12 at 33-21 after the first half and stretched that margin to as much as 18 points before the Lumberjacks put on a late scoring surge.

Wendell Hayes hit for 16 points in the second half and wound up with 22. Hayes also garnered 12 rebounds to lead both teams in that department. Punky Rogers scored 15 points to push over the 1000-point mark for his career at HSC. Rogers made the charmed circle with 13 points to spare and became the highest scoring Lumberjack in modern history.

Golf Team Loses

A talent-laden Chico State golf team ruined Humboldt State's 1963 debut with a 19-2 shellacking at the Bayside Golf Course last Saturday.

Don Harling and Dick Visser led the Lumberjacks in their losing cause with 77s. Ron Modafferri fired an 83. Jeff Ziegler had an 84 and freshman Brad Bishop chipped in with an 81.

Jesse Crawford paced the Wildcats with a four-under-par 68.

The Lumberjacks met Sacramento State yesterday on the Hornets home course.

Junior Jacks Split With Bay Area Fives

The Humboldt State College Junior Jacks dumped Alameda State's junior varsity 53-42 and dropped a 59-48 decision to a taller, fast-breaking San Francisco State frosh five to close out their season with an imposing 14-6 mark.

The Junior Jacks filtered through Alameda's zone defense and piled up a 15-point lead with about two minutes to go in the first half. The Junior Pioneers managed to close the gap to 29-19 at the intermission.

The Pioneer's top scorer, Don Montgomery, fouled out five minutes into the second half and the Junior Jacks dominated the rest of the game, holding between an eight and 12-point edge.

Ken Kline paced the Humboldt-ers with 18 points and Roger Barisdale added 12. Montgomery hit 15 points for the Junior Pioneers before retiring.

San Francisco broke loose midway in the first half with a torrid fast break and went on to post a 34-24 halftime lead.

The San Franciscans came out with an identically quick fast break in the third quarter and rolled to a 19 point lead.

The Junior Jacks ran into a little more than they could handle on the boards in 6'7" Mike Ryan and 6'5" Al Cox.

In the final three minutes of the game Kline hit nine points for the HSC quintet as they pulled to

within 11 points after trailing by as many as 19.

Kline wound up with 20 points to pace the Junior Jacks and Don Taylor and Jerry Word led the winners with 14 and 13 points respectively and Ryan added another 10.

The loss was the first in the Junior Jacks last five outings and their season record at 14-6, one of the finest ever for a Junior Jack team.

CAMPUS CASUALS

By Peggy

Adv.

Hello there!!!

Welcome to another gab session about the activities on our beloved HSC Campus.

DSP John Warren pinned Homecoming Princess Roylene Bishop.

Roylene, always a bestdressed coed, looked especially cute wearing her new casual-type outfit of black and white knit from Daly's.

The boat-necked, long sleeved shirt topped ankle-length pants. What a comfortable and neat outfit for evening and week-end wear!

These outfits are also in shell, turtle-neck, or scoop necked shirts, all with matching cardigans, slacks and skirts.

Colors are black, blue, white, avocado or orange and are very mix-n-matchy. Priced from \$3.98-8.98.

Oh yes. At the recent Leadership Conference I learned something.

Do all you modern coeds know how to tell if your skirt is EX-ACTLY the right length ??? Get on your knees. If the hemline just brushes the floor, that is the mostest in hemlines.

And more for the "I do" bit. Ardith Meadows and Jerry Carter are now Mr. and Mrs. So are Bonnie West and Fred Borchert.

Guess that everyone has at one time or another been involved in a romantic triangle.

But that of Pete Silva's (TKE) absolutely tops the list of lu-lus.

1. Pete had to work on a Friday night.

2. Pinmate Penny Horel wanted to go to a party.

3. TKE Frater Joe Forbes, he's an awful obligin' sorta person, offered to escort Penny.

4. Pete said OK. And Penny did too,—natch.

5. Penny and Joe went to the party.

6. Pete's work wase cancelled at the last minute, he stayed home to study while pinmate and fraternity brother laughed it up at party.

HO! HO! HO! HO! HO! Followup of the above little caper:

The next party that Pete n' Penny attended, it was together all right—with Penny tied to Pete with a big rope!!!!

But Pete's understanding nature was rewarded. For what did Penny give him, but a new Cardigan Casual type jacket from Daly's.

It is a cozy gray (also comes in wheat olive and checks), is beautifully lined and washable. Priced from \$18.95 to \$25.00. Daly's also has buttoned or zipper-styles.

More for the marriage go round. Jan Cole is now Mrs. Mike Harper. Bestest wishes.

Carolyn Hinkley is engaged and in June will marry DelMar Lorenzetti. Congrats.

Guess what P.E. and I.A. spells—in this case, a romance between two faculty members from guess what divisions.

Poor Lucy Santino. When her car ran out of gas she walked to the nearest gas station. All her friends passed her up, waving and smiling—thinking that she was walking to school as part of the fifty-mile-hike fad!!!!

Has everyone heard the story of the Black Widow???

Well, with that little ditty, toodle-ooooo.

In the meantime—somebody do something! I had an awful time trying to get enough intellectual activity to report.

See ya 'round in a couple weeks.

'Typical Freshman' Discovered

By Harmony Moreland

"The subject is a white, Protestant, unmarried male, aged 17, a native of California, and a resident of either Humboldt or Del Norte County."

Do you know this man? He may be your next door neighbor, he may be your class-

mate, he may have smiled at you at a college dance, shared your table at the cafeteria, or worked with you in a campus organization.

He is the "typical" Humboldt State College freshman of the entering class of September, 1962, as revealed by the college Counseling Center in a socio-economic study compiled from 505 Personal

Data Sheets completed at the time of registration.

Only 40 Per Cent Girls

Freshman, of course, are made of sugar and spice as well as snips and snails and puppy dog tails. Out of every five freshman, however, is a happy hunting ground for those in search of an "M.R.S. degree." A few freshmen of both sexes, however, have already found their mates as indicated by the fact that 31 of the 505 listed themselves as married, at the time of their admission.

The class indicated religious affiliation as Catholic, 70; Protestant, 271; and "Other," 8. No affiliation was recorded by the remaining 156.

The most numerous age-group are the 17-year-olds, who number 237 or 46.9% of the class. There are almost as many 18-year-olds, 169 of the class members having reached this youthful landmark. Three 16-year-olds constitute the youngest group, 41 students are classified as "21 years or older," while 36 are aged 19 and 19 are in their twenties.

Most Natives

In enrolling at Humboldt State, most of these freshmen have not wandered very far from the parental roof-tree. More than two-third list Humboldt or Del Norte

as "permanent home" and slightly more than half were born in California.

The freshman's father is most typically a skilled or unskilled laborer or a clerical worker, with slightly more than 60% of the fathers being employed in one of these three categories. The rest are employed in professional, semi-professional or managerial capacities in almost equal proportions.

Daddy probably finished high school—41.6% of the fathers did. He may, however, have had eight or less years of education (12.1%) or have graduated from college with a bachelor's degree or better (16.2%). Almost as many fathers (16.2%) had some college education but never completed, and 13.4% had less than a complete high school education.

Oversight

Mothers of freshman are not classified as to occupation, an interesting oversight in a country where, according to statisticians, one-third of all married women work outside the home. Educationally, they rank in exactly the same order as fathers, with the largest number falling into the "high school graduate" classification, and the fewest in "less than 8 years of schooling."

Seven percent fewer mothers than fathers, however, were grouped into the lowest educational category and 4% more had had some college experience or had graduated with a bachelor's degree or better. The mothers of Humboldt State College appear, on the whole, to have had slightly better educations than did their husbands.

The college does not inquire into national or racial backgrounds.

The Counseling Center has been preparing similar socio-economic studies for the past three years, too short a period to afford any information as to whether or not changes in background are occurring.

Congratulations

Congratulations are due two students who are involved in campus politics. Student Council Representative-at-Large Glen Dreher and ex-Organizations Commissioner Pat McElroy have recently stood up for their convictions, unpopular as they may be.

Dreher, at a recent council meeting, moved that the ASB reduce its share of the Graduate Manager's salary. He later suggested that his motion be dropped but that a committee be established to study the manager's duties and salary. The council rightly defeated his original motion, and no committee was set up, but Dreher is to be commended for the courage to speak up and defend his controversial position.

McElroy's stand is somewhat different. He resigned his job as Organizations Commissioner because he felt that student government was a fraud and that the President and "his agents in Puppet Hall" were the ultimate authority.

McElroy vowed to turn the ASB into a "free society of free men." He has yet to succeed in this task, whatever it may be. But he deserves some recognition for courage enough to reverse publicly his stand of just a few months ago.

Last December McElroy was quoted as hoping to make the Inter-Club Senate a stronger part of student government. He may be right or wrong in now considering student government a "fraud," but at least he admits that he has changed his beliefs.

In their own ways, Dreher and McElroy are doing their best to make student opinion more powerful. Dreher chooses to work within the present structure of government, McElroy does not. But right or wrong, both at least are doing something.

Movie Series Opens Thursday With Top Film

Outstanding motion pictures will be presented this spring by the Activities Commission.

The commission is a student group designed to operate the Campus Activities Center and promote student relaxation, pleasure, and entertainment of various types.

The sponsorship of the new film series is in addition to the present lecture series presented for the educational benefit of HSC students.

The first film, "Anatomy of a Murder," will be presented Thursday. "Once More with Feeling" will follow March 28, with "Of Mice and Men" April 30 and "A Raisin in the Sun" May 23.

Showing of the motion pictures will be in the CAC and free to ASB card holders.

Faculty Reports No Longer Run

"Faculty Reports," which have been appearing in the Lumberjack, will no longer be published.

Several articles submitted have run well over the Lumberjack's space limitations, to the extent that campus news has been omitted.
