Trustees Change Budget Policy

Journalism students attending the California Intercollegiate Press Association convention in Berkeley last weekend brought home three awards. The Sempervirens won third place in overall yearbook competition while former Lumberjack staffer Neil Gilchrist won first in sports photography with Dale Potts

winning third place in editorial writing. Humboldt State was participating in the competition against 17 other California schools. USC won the Sweepstakes at this year's convention. The above photo was taken during Saturday's awards banquet.

ASB Council Cuts Prexy Expenditure

By STEVE BRANDOM

The Legislative Council last Tuesday passed a motion to give the ASB President a \$50 per month honorarium for nine months per year and to cut his expense budget from \$1000 a year to \$750 a year.

This motion will supersede the one passed last week which called for an \$80 per month grant-in-aid. Earlier in the meeting, a motion calling for the rescinding of last week's motion was defeated, as was one calling for a \$50 per month salary which also stipulated that the issue be placed on the ballot at the next general election.

In other Council news, President Chuck Freitas read a letter from Chancellor Glenn Dumke which stated that the Chancellor's Office concurred with the Legislative Council about the pro-

(Continued on Page 6)

Pacific Association Of Residence Halls To Meet April 21-24

Humboldt State College is sending three of its students to the National Convention of the Association of College and University Residence Halls. The conference is to be held April 21-24 on the Washington State University campus in Pullman, Washington.

The students are as follows: Ed Waldaphel, president of Redwood Hall and president of the Pacific Coast Association of College and University Residence Halls; Barbara Moon, president of Sunset Hall and secretary-treasurer of the Pacific Coast Association; and April Byard, the representative of Sunset Hall. Mr. Jack Altman, housing director here and advisor of the Pacific Coast chapter will also be attending the conference.

The purpose of the conference is to co-ordinate the member schools of the regional residence hall association into a combined and unified body for the purpose of integrating ideals and exchanging the ideas of the member associations.

FCC Drops In For Check On Campus Station

For the first time in its five years of operation the campus radio station, KHSC-FM, came under the scrutiny of the Federal Communications Commission when Mr. Angelo R. Ditty Jr., an engineer for the commission, stopped by last Thursday, April 1.

KHSC-FM received a "citation" from the commission for its power output according to Dr. Dale Anderson, station advisor. Anderson further stated, "As the FCC interprets the law we were slightly over-modulating our FM signal. There is a five percent allowed deviation from the ten watts of power assigned to us, and we were broadcasting at 11 when the maximum was ten and one-half."

Anderson also mentioned that the inspector complimented the station on the responsible manner in which it is operated, as well as the general quality of broadcasting.

Remedial action for the over-modulation has already been taken care of by chief engineer Del Han-

Siemens Reports Step May Curtail Enrollment

By KEN BRYANT

Second-rate education is no better than none at all when you have a choice, HSC president Dr. Cornelius H. Siemens said this week in announcing a major change in state college budget policy.

Foresters Place Over-all Second At Montana Meet

Humboldt State's Forestry Club delegation finished second in the competition at the Association of Western Forestry Clubs conclave at Missoula, Mont., it was announced at the club meeting last Monday.

Montana State won the event when they defeated the Humboldt aggregation by three points. Some difficulty arose when all of the schools except the host, Montana State, arrived for the competition with their saws sharpened for pine and found out that they would be cutting larch instead.

In the axe throw Humboldt finished second overall when Terry Grosz won second place in the individual competition. In the single bucking Grosz took first place and Joe Dillard captured third to give Humboldt an overall first in the event. In the chopping HSC again took a second when Grosz and Dave Rosgen tied for second with identical times. A third second place finish was nailed down by Humboldt in the pulp throw.

At the close of the chopping contest the times were recalculated and HSC lost first place to Montana State by 6/100 of a second. This finish cost Humboldt the overall victory.

In other Forestry Club business last Monday Mr. A. Van Donkeelaar of the Georgia-Pacific Corporation spoke about the new pulp mill being built in this area by the Georgia-Pacific Corp.

He described the Kraft process which will be used to convert redwood and fir chips to pulp, which will be sold to processors to convert to paper, primarily tissue paper.

The change is based on the Board of Trustees' decision to reduce the quantity of students attending the several colleges. Budget cuts and salary deficiencies prompted the decision, Dr. Siemens said.

The new step is to "partially close out" college offerings whenever and wherever qualified instructors cannot be obtained because of employment conditions, primarily salary.

Programs and enrollments have been limited in the past due to shortage of buildings. The policy change will cut programs although students have met entrance requirements and buildings are available. What will be missing is the instructor.

According to a bulletin issued recently by the Board of Trustees, California state colleges have less than 20 per cent of their requirements for new faculty committed for 1965-66. Salary, again, was cited as the major recruiting disadvantage. Since 1957, the bulletin said, California state colleges have lagged far behind those in other states.

A salary increase of at least 15.8 per cent is needed if the state schools are to approximate their former position and vie competitively for "first class" instructors, the report read.

Dr. Siemens and representatives from local chambers of commerce and the HSC Alumni Association, along with Dr. William Kerr of the Advisory Board, will attend a meeting April 20 at San Francisco State College to discuss the "financial crisis of state colleges."

Objectives of the conference, according to Dr. Siemens, are to forcefully bring the colleges' needs to the attention of the governor; the Department of Finance and the state legislature. The conference delegates will ask for an augmentation of the proposed budget, a 15.8 per cent salary increase and greater flexibility in budget operation.

Large Student Loan Fund Program at HSC

By DONNA VANNI

Humboldt State College, having the sixth largest loan program among state colleges in California, has made loans to more than 600 students this year, according to Placement Officer, James Hoffe.

Five years ago, said Hoffe, the loan fund had approximately \$9,000; and the scholarship fund had \$20,000, totaling \$29,000. Five years later there is \$27,000 in scholarships; \$244,000 in loans; \$29,100 in the Work-Study program; and \$2,500 in the California Grange Grants for girls, totaling \$302,600.

According to Hoffe, there are essentially two kinds of loans. The so-called short term and long term loans. The short term averages \$50 a loan, and is made up of small

funds contributed by individuals and organizations on a revolving basis.

The loans are paid back within the following semester, and include such loans as North Coast Auto Wholesalers, Arcata Lions Club, Crocker Memorial Fund, The Class of 1964, General Alumni, Humboldt Associated, Upper Division, Naomi Cottrell.

Others include Ann V. Craig Student Loan, Humboldt Bay Teachers Association, H. W. Jackson, Kitchenberg Memorial Fund, McCready Fund, Northern Humboldt Teachers Association, George C. Scheppeler Memorial, Scottish Rite, Laura Settle, and "Toddy" Thomas.

The second type is the long term,

low-interest loan. It is made up of the National Defense Student Loan and the United Student Aid Fund.

The NDSL was authorized by the enactment of Public Law 85-864, the National Defense Education Act of 1958. The law was established to make available low-interest loans to financially needy students in order for them to pursue higher education.

Each recipient of the loan must be at least a part-time student (carrying 8 or more units) college undergraduate or graduate; must demonstrate financial need; and must be capable of maintaining good standing in the chosen course of study. Special consideration is given to needy students with a

superior academic background.

The borrower of the NDSL must sign a promissory note showing his obligation and agreeing to interest and repayment terms established by the college. No interest on the loan, prior to the beginning of the repayment schedule is required, and interest is to be paid at the rate of three percent per year on the unpaid balance.

The United Student Aid Fund is a private, nonprofit corporation which endorses low-cost loans made by hometown banks to needy college students.

Undergraduate students may borrow up to \$2,000 per year or up to a combined total of \$4,000. Repayments begin the first day of the fifth month after finishing the

undergraduate or graduate education, and no notes under this plan can bear more than 6% simple interest.

The college contributes a part of the reserve of the USA Funds, recommends the loan, certifies students academic standing, and estimates college expenses.

In the fall of 1964 and spring of 1965, approximately \$210,000 was loaned to 420 college students on the long term basis, and \$12,000-\$15,000 to 270 students on the short term basis, said Hoffe.

The funds are growing every year and students interested in knowing more about them, may consult the Placement Officer, Room 212 Admin. Bldg., where application blanks may be obtained.

The Greek Way

By NEAL THOMPSON

Seven members of Delta Sigma Phi attended a northwest conference of the fraternity at Moscow, Idaho. Other colleges in attendance were: Oregon State University, Montana State University, Montana State College, Washington State University, and the University of Idaho.

The men attending from Humboldt were Ray Wallace, Mark Keller, Ron Cook, Dayle Pipher, Steve Ruden, Jim Voelsow, and Neal Thompson.

Other news from Delta Sigma Phi include sending delegates to the Western Regional Interfraternity Council conference at Portland, Oregon over the spring vacation.

Last Monday night the Delta Zeta Sorority entertained at the Humboldt County Rest Home in Eureka. The girls, donned in their Easter bonnets, sang several tunes.

The evening was climaxed with the arrival of the Easter Bunny with colored eggs dyed by the pledge class.

On April 24 the pledge class will be sponsoring a car wash with two locations; one in Arcata and the other in Eureka. On April 23 the women of Delta Zeta will hold a bake sale on campus.

Several of the members of the sorority will be taking part in a fashion show sponsored by the Panhellenic Council for graduating High School Seniors on April 13 in the college commons.

Dr. Girard Calls For Applicants In Overseas Program

A call for new applicants for the foreign overseas program, sponsored by the International Programs of California State Colleges, is now being made to students by Dr. Ned Girard, Associate Dean, Counseling and Testing.

Potential applicants must have an upper division or graduate standing at the beginning of the 1965-66 academic year, present 30 units of course work with a grade point average of 3.00 or better prior to the fall of 1965, and demonstrate proficiency in the language of instruction at the host university.

The International Programs of the California State Colleges — voluntary, cooperative and system-wide in character — are open to qualified students and graduates of all the California State Colleges.

The programs are designed as bona fide academic undertakings, with educational and professional objectives. They are entirely insulated from commercial tour arrangements and no academic credit is granted for travel per se, according to Girard.

Qualified students interested in applying for this program should contact Dr. Girard or his secretary, said Girard.

Letters To The Editor

Dear Editor:

Since for over fifty years thousands of students have attended Humboldt State College, and have graduated from Humboldt State College; and since, unlike the other State Colleges, Humboldt State College was named for Baron Alexander Von Humboldt, the great naturalist and explorer; the members of Theta-Epsilon Chapter of Tau Kappa Epsilon wish to register their objection to S. B. No. 443 which would amend the Education Code to give the trustees of the California State Colleges the ability to change the name of Humboldt State College.

At any rate, we as undergraduate students would like to at least see S. B. No. 443 amended to insure the preservation of the name Humboldt State College.

Sincerely yours,
The Men of
Tau Kappa Epsilon
Robert J. Henry
President

Meet Prof. Series Cancelled Today

There will be no Meet Your Professor series today, according to Activities Advisor Terry Smith, however it will resume again after Easter vacation.

Since today is the last day before vacation, it is felt that most students will be leaving as soon as possible and no one would attend.

CES Library Closes

During Easter vacation the College Elementary School Library will be closed. The main library will be opened 9 a.m. to 5 p.m., April 12-15 & 19. It will be closed April 10, 16 & 17.

THE WAR BETWEEN THE SEXES

History: Part II

The Great War has now been going on for over ten thousand years, and yet a decisive battle has yet to be fought simply because there is so much fraternizing between the forces. (However, if this be treason, let us make the most of it). The driving force in this war is sex, which nature invented to insure the carrying on of the species, and so they've been carrying on ever since.

The Middle Ages, which we discussed last week, have been so well covered by historians that they are often called the Dark Ages. Somewhere, during those dark years, someone turned on the lights and discovered the Renaissance. "Renaissance" means a rebirth, a tiresome and time-consuming procedure that was hardly necessary and only succeeded in proving that once is enough.

We shall pick up the War in the year 1450 which, although not the spot we left it lying in last week, is important as the beginning of the Age of Exploration, when men ventured out onto strange seas and

into foreign lands in search of new trade routes, spices and recruits for the Queen Isabella fan club.

Columbus made his historic voyage in 1492 in order that future generations of school children could recite "In 1492, Columbus sailed the ocean blue," instead of something like "In 1398, Columbus crossed the Golden Gate" which although poetic is hardly historically accurate. Little is known about Columbus's wife, but it seems logical to assume that no ordinary woman could have driven a man over several thousands of miles of uncharted ocean in three oversized rowboats. Behind every great man there is a woman.

The biggest happening of the next century was the birth of Henry VIII, who was overweight all his life. Henry, known as VIII to his friends, married six times, executed several of his wives and invented divorce — an illustration of the belief that united we stand, but divided we can stand it better.

Henry's daughter, Elizabeth, failed to carry on the family tradition and never married even once. She was called the Virgin Queen for short, which really wasn't any shorter than Elizabeth, but looked good on her stationary and always brought a good laugh from her ladies in waiting.

In France, the Bourbon emperors managed to stagger through a lengthy reign, culminating in Louis XVI and his queen, Marie Antoinette, whose statement "Let them eat cake" was not only in poor taste, but nutritionally unsound.

By this time, England had undergone a change, and so had the war. The Puritans had taken over, pouring righteous indignation into all the wrong things, and forcing the war underground. Not only was sinning forbidden in public, but also in private — an intolerable state of affairs. The Puritans were ousted in the Glorious Revolution, and sin was reinstated.

Next time we will continue with our broken narrative. Until then, remember, "People who live in glass houses don't do much living." THINK about it.

Geology Professors To Attend Conference Over Spring Vacation

Dr. Frank Kilmer and Dr. John Young, both associate professors of Geology, will be attending the Cordillera Section of the Geological Society of America on April 15 through 17 at Fresno State.

The states included in this western section are; California, Washington, Oregon, Nevada, and Arizona.

A paper entitled, "Late Cretaceous Stratigraphy and Paleontology, El Rosario, Baja California, Mexico" will be presented by Dr. Kilmer. This paper is in the form of a lecture with a short paragraph of the central ideas appearing in the program booklet. Dr. Kilmer's findings and research for the paper were done last year in lower California.

Throughout the trip Dr. Young will be collecting fossils, minerals and rocks for study next year. They also will be scouting places for possible field trips for a new class next fall which pertains to these excursions.

Navy Recruiters Set To Appear Here April 28

In search of qualified naval aviation prospects, two veteran navy procurement officers will 'come a calling' on Northern California. Utah and Colorado colleges and universities for one month commencing April 21 with a visit to Yuba College in Marysville, Calif.

Working independently, Lieutenant Commanders R. G. Hansen and R. C. Butler, both officer pilots, will use — as their calling card — a handsomely outfitted recruiting tractor & trailer equipped with extensive information on the navy's Aviation Officer Candidate (AOC) and Naval Aviation Cadet (NAVCAD) programs as they canvass 17 schools.

Lieutenant Commander K. D. Nelson, utilizing recruiting tractor and trailer, will visit the Humboldt State College campus in Arcata, Calif. for three days, beginning April 28.

Primary objective of the visit

Men's Glee Club Sings Here Tuesday

The University of California Men's Glee Club will give a free concert Tuesday evening, April 13, 8 p.m., Sequoia Theater.

Tuesday's sing is part of a "Rainbow Tour" in the floodstruck areas of Northern California.

The University of California glee club, throughout its eighty-seven-year history, has been a choral club for University men from all parts of the campus, the state, the country, and the world.

The 1965 club is made up of 40 singers and is led by Jerry Brown of Sacramento.

Siemens Appointed To Constitutional Revision Committee

President Cornelius H. Siemens was notified recently that he has been elected to membership on California's Constitutional Revision Commission by the chairman of the Joint Committee on Legislative Organization, Assemblyman James R. Mills.

The Commission was established by the 1963 Legislature for the purpose of recommending revisions to the State Constitution.

The State Constitution adopted in 1879 has been enlarged five times over through amendments, and its 70,000 word length is almost 10 times as voluminous as the United States Constitution. It is deemed to include unnecessary detail, inconsistencies, and matters which could more properly be contained in the statutory law of the State.

It is planned that the work of the Commission will eventuate in recommendations for basic revisions to the Constitution to be placed on the 1966 November ballot.

The membership of the committee is drawn from various political, economic, educational, and social groupings. Other members from higher education serving with President Siemens include Chancellor Franklin Murphy of the University of California at Los Angeles, President Norman Topping of the University of Southern California, former President Gordon Sproul of the University of California at Berkeley, and Dean Frank C. Newman, School of Law, University of California.

Nominations Open

Nominations for Associated Student Body president, vice-president, treasurer, and six representatives-at-large are open through Friday, April 23, 1965.

At that time petitions for nominations must be turned into the Activities Office (Rm. 214) in the administration building, or to Election Chairman Paul Turner, (Rm. 237) Redwood Hall.

Debaters Return From Tourney At Nevada Univ.

Two debate teams from HSC attended the University of Nevada championship tournament April 1, 2, and 3, according to speech instructor Ron Young.

The teams were composed of Mike Holler and Judy Jylkka and Mike Seely and Nancy Hansen.

Young said that neither team placed, but that they recorded victories over the University of Montana, University of Idaho, Fresno State, and the U. S. Military Academy.

Young noted that several events are on the agenda for Easter vacation.

Eight students are attending the Chico oral interpretation festival this Friday and Saturday. In addition, Peter Coyne and Peggy Hansen are representing HSC at the national Pi Kappa Delta tournament in Tacoma, Washington. They will be in Tacoma Sunday through Thursday.

Registrar Working On Semi-Automated Admission Forms

Registrar Thomas Price has disclosed that he has recently been working on a system whereby forms for admission next fall will be semi-automated.

Price said that anything which can be quantified will be fed to the IBM 1620 computer.

Price noted that the use of the computer will aid students by eliminating human error. Although, Price added, "Our girls do have a good reputation for accuracy."

There are several purposes for increasing the automative aspects of admission. According to Price, the computer will help the registrar's office find mistakes early enough to prevent inconveniences for students at registration.

Price also stated that the increased use of the computer will help his office keep records up to date for the state and administration.

Commenting on a growing mistrust of automation, Price said, "While it looks like we are de-personalizing by using the computer, actually, we are trying to free-up more time so that we can give more personal service to students."

Price will be working closely with the computer office in the next few weeks working out the details of this new system.

May 15 Deadline Set For Entrance In Essay Competition

The last day to enter the Charles R. Barnum History Essay Competition, with prizes of \$100, \$50 and \$25 to be awarded, is May 15, according to Dr. Hyman Palais, professor of history.

Essays can be written on any specific topic of Humboldt County History, and will be judged on content, originality, literature, excellence and contribution to the county history.

Charles R. Barnum was a Eureka businessman who, according to Palais, wanted to contribute to the knowledge of the county's history. For this reason he set up the annual award for graduate or undergraduate students before his death ten years ago.

A copy of the winning essay will be sent to the college library and the Humboldt County Historical Society.

For more information, contact Dr. Palais, FH 131C.

Head-Hunters On The Move

A Lumberjack head-hunter is shown above just doing his duty as a member of Kinzer's army. The 'Jacks will be out hunting next week when they play ten games in eight days on their Tenth Annual Easter Road Trip. On the trip they will battle against the Cal Aggies, Sacramento State, California, Moffett Field, and Southern Oregon.

'Jacks All Set For Ten Battles On Easter Trip

Next week will mark the most intensive battle action in the war for Humboldt's baseballers as the 'Jacks leave this afternoon on their Tenth Annual Easter Road Trip in which they will play ten games in eight days.

The Lumberjack head-hunters will travel in a 16 man platoon and will invade such areas as Davis, Sacramento, Berkeley, Moffett Field and Ashland, Oregon.

Coach Ced Kinzer is planning an all out attack on all teams his squad will face on the trip but, insists that the opening double-header against the Cal Aggies tomorrow is a must win for his squad. This is the only conference action the 'Jacks will take part in on the tour so Kinzer is planning to go with his two top hurlers in Dennis Filkins and Billy Wilkinson.

Then Kinzer will move his head-hunters into Sacramento for a get even series with the Hornets. The 'Jacks suffered a double loss to the Sacramento squad two weeks ago up here when the Humboldt men failed to come up with enough hits to back up some fine pitching. This series is where the Lumberjack nine came up with their name of the head-hunters as before the Hornets pulled out of Arcata they took with them the scalps of Wilkinson and Filkins when they beat them 4-0 and 10-4.

The 'Jacks now will have their clubs ready for that fearful Sac. pitching and don't be surprised if they come out of the two game affair at least even.

Berkeley will be the next place for Kinzer's crew to take arms when they take on the big, tough, rough University of California Bears. The Bears are presently second in their conference which is believed to be the toughest baseball conference in the nation.

Coach Kinzer has hopes for a good showing by his 'Jacks against the Bears and he plans to use his two top hurlers, Filkins and Wil-

kinson, to try for an upset.

The following day the 'Jacks will invade Moffett Field in a single contest. Then the Lumberjack nine will use Thursday as a traveling day and arrive in Ashland, Oregon for a four game series with Southern Oregon which will start Friday and finish up Saturday.

The 'Jacks increased their season record to 11-5-1 last weekend as they knocked off a 'home made' team twice in a three game series.

The Lumberjacks lost their game last Friday to a team made up of some Junior Jacks, some varsity players, and some All Stars by a 6-5 score. The 'Jacks then came back Saturday to defeat the same squad 3-1 and 11-4.

Fine pitching performances were turned in by Filkins and Wilkinson in the double-header on Saturday. Filkins limited the home made squad to five hits and struck out nine while Wilkinson gave up seven hits and also struck out nine.

Net Men Host Gators Tomorrow; Out For Fourth Straight FWC Win

Coach Larry Kerker's Lumberjack tennis team will be out for its fourth straight victory tomorrow when the 'Jacks host San Francisco State in a 10 a.m. match on the Humboldt courts near the field house.

Last week the 'Jacks increased their league record to 3-1 when they squeaked by the Cal Aggies 5-4.

In this meet the 'Jacks were forced to play under pressure as going into the doubles competition it was all tied up at 3-3. The Lumberjacks, who have played well under pressure before, did very good again as they captured two of the three doubles matches and the match.

In the singles competition the 'Jacks' Jerry Allen, Bob Daoust, and Dennis Oakes all came up with wins for the Lumberjacks.

Abbott Squire and Allen teamed up to give the 'Jacks their first

doubles victory as they won 6-2, 6-1. Daoust and Steve Clapp teamed up to put the icing on the cake as they also won 6-2, 6-3.

In the third doubles Mick Miller and Oakes were defeated 4-6, 6-3, 4-6.

Cal Aggies	1	5

Junior Jacks Lose Four Of Five Games

A single win over the varsity was the only bright spot in a predominately poor week as the Junior Jacks dropped four of five contests.

Eureka High's Rich Kahoali handled the Hilltoppers with comparative ease as he pitched his way to a 14-5 win. Teammate Paul Jackson helped the hurler out with a four for five day at the plate.

Arcata High batsmen had a field day as they patted college pitching for a 9-0 win. The bats of Arcata's Damon Dickinson, Gary Thurber, Ken Starkey, and Gary Thurber literally wrapped up the game as they put together three, three run innings in their win.

Mike Harding pitched his way to a hard-fought 6-5 win over the varsity Friday as the youngsters showed them how it was done. Keith Ayala knocked in all five Lumberjack runs to stop the youngsters from registering a complete wipe-out.

Saturday the Lumberjacks took double revenge as they took a doubleheader from the Junior Jacks 3-1 and 11-4.

Jon Burgess whapped a homer in each game as he led the varsity to an easy win in the second game and ruined the fine pitching of Larry Taylor with a game-winning homer in the first game.

Thinclads Host Gators Tomorrow; Also Meet Idaho Here on Tuesday

During Easter vacation the Humboldt State thinclads have slated two dual meets. Tomorrow the Lumberjacks play host to the San Francisco Gators on the Redwood Bowl oval with the meet starting at 11 o'clock.

On Tuesday, the University of Idaho trackmen travel here for a dual meet against the Lumberjacks, with the field events starting at 1 o'clock.

The Lumberjacks are still seeking their first win, while the Gators seek revenge after their 110-35 loss to the Sacramento State Hornets. According to Dr. Ralph Hassman, tomorrow's meet against the Gators should be "a tossup."

"The University of Idaho have

a few outstanding performers but, in the last few years they have lacked in depth," said Dr. Hassman.

Last Saturday the Hilltoppers suffered a 113-32 loss against the Cal Aggies at Davis. The Cal Aggies captured 16 out of the 17 first places, while setting 8 meet records and 2 school records.

The lone first place for the speedsters came from Tom Farmer in the triple jump, when he won that with a leap of 43 ft. 10 3/4 in. The Lumberjacks also took six seconds and seven thirds.

Dr. Hassman praised Brian Furman in the 2 mile, Pete Sturman in the 120 yd. high hurdles and Bob Beckstrom, who ran a 10 flat hundred.

Golfers Dump Sonoma Season's Second Win

Five Lumberjack golfers traveled to Sonoma State with coach Franny Givins on April 2 and garnered Humboldt's second win of the season, scoring 18 points to Sonoma's 3.

The win gave the Hilltoppers a 2 and 3 record. Rodger Sesna lost his match to Dennis Murr 3-0, but Doug Brown won over Terry Dale 3-0 and earned HSC the team match, 3-1. Humboldt won the second team match when Dick Visser and Dave Perry both scored 3-0 triumphs over Pet Golis and Eric Bjorkman. Kip Peterson topped Glenn Isaacs 3-0 in the final match.

The golfers next match will be with Reno on April 24.

Optometry Offers Excellent Life In Health Service

Unusual opportunity for a career in health service is being offered by the University of California's School of Optometry at Berkeley.

The school is seeking more students for its professional program to help meet California's rising need for optometrists.

Scholarships ranging from \$400 to \$500 are available to students planning to take the two-year pre-optometry program and three years of professional study. It is tentatively planned to adopt a four year professional study commencing in 1966. The scholarships are being offered by the U.C. Optometry Alumni Association.

Optometry is a young, vigorous profession with a high potential of public service, personal satisfaction and financial reward, as well as excellent working conditions. Optometry offers careers in research, teaching, industry and government as well as private practice, the Association reported.

After pre-optometry study in any college, students receive professional education at Berkeley in small classes and modern clinics from the nation's largest optometry faculty. Nearly 95 per cent of the school's graduates have passed state examinations which are required for practice.

Because the demand for service exceeds the supply of optometrists, the Association urges students to consider a career in optometry. For further information, they should write Student Relations Panel, School of Optometry, University of California, Berkeley 4.

Expenditure Cuts

(Continued from Page 1)

posed library budget cut and that everything possible would be done to prevent the budget from being cut.

Council also established a group of standards by which prospective song queens and cheerleaders will be graded when they try out for the respective posts. The regulations also contained some stipulations that the individuals are expected to adhere to while they occupy these positions, such as attendance at basketball games.

Bill Howe gave a report on the proposed activities calendar, stating that he has received price estimates and is in the process of securing sponsorship by various organizations of girls whose pictures will appear in the calendar.

Council is also looking into the possibility of securing the Kings Men for a show and dance here in the near future. Attendance will not be restricted to the college community if the program is scheduled.

List of June Graduation Candidates Released by Office of Admissions

The Office of Admissions and Records has released the names of those students who have applied for bachelor's and master's degrees in June. Those students who are planning to graduate this spring and whose names do not appear on this list should check with the Office of Admissions and Records.

The following are the names of candidates for bachelor's degrees:

Thomas Ackerman, Game Mgmt.; Douglas Adams, Zoology; John Ammon, Industrial Arts; Barbara Amundson, Music; Joyce M. Anderson, Bus. Education; Thurman Lee Anderson, Math; Ivan W. Arnold, Business Adm.; Philip S. Aune, Forest Mgmt.; Barbara Gene Avilla, Education; Howard Baer, Industrial Arts; Patricia Lee Baker, English; Roger K. Barnard, Business Adm.; Gregory M. Barnes, History; Ronald A. Bass, Business Adm.; William H. Batt, Business Adm.; JoAnn C. Becker, Art; Carl J. Bellas, Business Adm.; Lee O. Belletto, Forestry; Bonnie Bennett, Math; Marilyn Kay Betts, Elementary Ed.; David Behler, English; Linda Bishop, Art; Dennis Solinger, Industrial Arts; Perry Lynne Bolton, Elementary Ed.; Donna Bellard Bonomini, Speech Therapy;

Gregory N. Bos, Game Mgmt.; Pamela Perake Bower, English; Stephen H. Brandom, Forest Mgmt.; Paula Brink, History; Emilie Britove, Social Science; Carol L. Brogdon, Education;

James Thornwell Brown, For. Mgmt.; Kathleen R. Brown, Theater Arts; James Charles Browns, Soc. Science; Jack Buehler, Social Science;

Walter Kenneth Bunt, Jr., For. Mgt.; Howard Cadenhead, Physical Ed.; DiAnne Campbell, Nursing;

Deanna R. Carlson, Physical Ed.; Gerald L. Carter, Business Ed.; Russell Allen Case, Forest Mgmt.; Judy D. Chase, Elementary Ed.; Andrew John Chasko, Physics;

Larry R. Christensen, Psychology; Barbara Christie, Psychology; Rex Donald Clark, Forest Mgmt.; Charles E. Clifton, Business Adm.; Lynde E. Cochran, Business Adm.; Larry Coe, Fisheries;

Anne Coffey, English; Les Coombes, Game Mgmt.; Gary E. Coon, Music; Robert Coon, Forest Management;

Fred Cope, Civil Engineering; Alfred T. Corda, Forest Mgmt.; David Cotrell, Forest Management;

Peter M. Coyne, Speech; Jim Craile, Business Administration; Frederick P. Cross, Social Welfare;

John Curry, Social Science; Gaylor James Dague, Forest Mgmt.; Carolyn A. Davis, Business Ed.; Kenneth L. Davis, Music;

Judith DeBoni, Physical Education; Kenneth Luis Deffino, Forest Mgmt.; Linda Derr, Physical Education;

John R. Dibble, Forest Mgmt.; Gary A. Dolack, Psychology; Georgene Marie Dolezal, Soc. Science;

Larry Michael Doyle, Zoology; Dexter H. Duehn, Forest Mgmt.; Dixie C. Duehn, Education;

Elaine Easterly, Math; Betty Eichelberger, Elementary Ed.; David S. Edwards, Forest Mgmt.; Patricia Eisele, English;

Maurine K. Endicott, Business Ed.; H. R. Engelke, German; Gail Ericson, Fisheries;

Susan Estes, Wildlife Management; Evelyn J. Fewell, Business Ed.; Patrick Joseph Folkins, Jr., Fish.; Joe Forbes, Social Science;

Ruthmarie von S. Frank, Phy. Ed.; Rick Gardner, Psychology; Robert Paul Garza, Group Major;

Lawrence T. Gault, Game Mgmt.; Dennis C. Gleason, Business Adm.; Terry M. Gibson, Forestry;

Neil Gilchrist, General Studies; Michael J. Glimpse, Theater Arts; Sharon D. Gmeling, English;

Charlotte M. Graham, Elem. Ed.; David L. Gray, Biology; Gary C. Gronoweg, Business;

Lionel W. Gross, Music; Dennis Grotting, Physical Ed.; Margaret Grotting, Social Welfare;

David Thomas Grove, Zoology; Jorgen J. Guliksen, Forest Mgmt.; Sandra Guthrie, Elementary Ed.;

Robert C. Halvorsen, Business Adm.; Jim Hannan, Zoology; Sandra Hanna, Elementary Ed.;

Robert N. Hansen, Physics; Jeffrey Hanson, Forest Mgmt.; Joyce Diane Harper, Physical Ed.;

JoAnn Harrington, Art; Michael Hartman, Biology; Jim Hase, Elementary Education;

Leonard Heitler, Social Science; Richard Heppner, Physics; Michael R. Hiatt, Forest Mgmt.;

Dennis Alan Hodges, Physical Ed.; Marvin Royce Holden, Forest Mgmt.; Kristina Kay Holland, Soc. Science;

Ken Holmes, Business Education; Beverly Ann Hoven, Physical Ed.; Ann C. Hope, Elementary Ed.;

Hugh A. Hope, Art; Charles David Hunter, Zoology; Gloria Irby, Social Science;

John Jones, Physical Education; Darrell Juve, Wildlife Management; Alva J. Kinney, Physical Education;

Kallas Grant Koehn, Forest Mgmt.; Ronald L. Kramer, Psychology; William D. Kuhl, Industrial Arts;

Dave Kuhn, Zoology; Vickie Martin La Frenz, History; Susan Latta, English;

Linda Jean Larson, English; Lyne Laverty, Forest Management; Louise D. Lawrence, Elem. Ed.;

Lois Leber, Physical Education; William Kenneth Lee, Forest Mgmt.; Daniel R. Leedy, Forest Mgmt.;

Randall C. Long, Wildlife Mgmt.; Sandra Ann Lovrich, History;

Gary Lozansky, Sociology; Robert Allan Magle, Wildlife Mgmt.; Wayne S. Manaka, Wildlife Mgmt.;

Susan Maring, Elementary Ed.; Susan Carole Marzella, Elem. Ed.; Lynette Andrea Marshall, Elem. Ed.;

William McCall, Forest Mgmt.; John Larry McCain, Education; Roy M. Martin, Fisheries;

Joan McCall, Physical Education; James Robert McCallister, For. Mgt.; Gerald A. McCormick, Forest Mgmt.;

George G. McCormick, For. Mgmt.; Jane McCracken, Elementary Ed.; Francis A. McDonald, Social Welfare;

D. Angus McDonald, Psychology; James Kendall McDowell, Wildlife Management;

Katherine McLaughlin, Elem. Ed.; Michele Ann McKamera, English; Arlene Merriam, Zoology;

Kathleen Miller, Sociology; Sherry Miller, Elementary Ed.; Bertha J. Mills, Industrial Arts;

Richard Bruce Miner, Forest Mgmt.; Glenn Moore, Forest Management;

Beryl Munther, Elementary Ed.; Catherine A. Nelson, Elem. Ed.; John T. Nelson, Fisheries;

Kendall Nelson, For. Mgt.; Mickey K. Newman, Business Ed.; Robert A. Nisbet, Forest Mgmt.;

Wayne G. Norris, Psychology; Maxine Ogawa, Spanish; DuWayne R. Oide, Music;

Vernon Hartman Osburn, Elem. Ed.; Peter Palmquist, Art; Robert Patenaude, Math;

Dennis Patten, Game Management; Gertrude Penicks, Business Ed.; Jack R. Penrod, Physical Ed.;

W. Robert Perkin, Psychology; David W. Phillips, Forest Mgmt.; Allen Arthur Pierce, Jr., Fisheries;

Paul Pratt, Forest Management; Linda Pollock, Wildlife Mgmt.; Linda Porter, Physical Education;

Dale Purcell, English; Bonnie Redden, Elementary Ed.; Kenna April Reed, Physical Ed.;

Wildlife Students, Staff Members Leave Tomorrow

Two separate expeditions of wildlife students and staff leave within the weekend on their five-day spring field trips, both one unit courses.

The Range-wildlife group, including instructor James Yoakum, will depart Sunday at 8 a.m. with the fisheries group setting out the following morning.

The latter of the two, supervised by Dr. Ernest Salo, numbers seven, enabling them to travel by state cars throughout their five days on the road.

Going by way of Oregon, the fisheries group plans on getting as far north as the University of Washington where they will be guests and be given a fisheries tour with lodgings.

Jim Yoakum's range-wildlife group will at this time be heading for Oregon, Northeastern California, or Western Nevada (Reno) as their agenda lists at that day.

Guided stops in these areas will include such points of interest as the northern interstate deer herd, the Sheldon game range and refuge, the Nevada Bureau of Land Management offices, and others.

At each mapped layover, the HSC naturalists will be able to see the practical application of fish and game in actual use, as well as talk with the professionals behind it all.
