## Play Is Held Up, Day's Roll

### Dark of the Moon Is Postponed Until May 6, 7 & 8

Sequoia Masque's production of "Dark of the Moon," planned for this week-end has been postponed until May 6, 7, and 8, according to director George Goodrich.

The plans have been changed because Tom Thompson, male lead, broke a toe during rehearsal. Because Thompson's role as the witch boy calls for vigorous leaping around the stage, his broken toe would be a serious handicap to the performance.

The play relates the folk legend of Barbara Allen. Barbara Allen, played by Kerry Collins, is a mountain girl who falls in love and marries a witch boy named John, played by Tom Thompson.

The play is an unusual mixture of legend and myth combined with home-spun gaiety and a lively assortment of folk music.

Music and dancing are an important element of the play itself, while folk songs will be heard between the nine scenes.

Musical contributions will be made by an exciting folk group on campus comprised of James Byker, Joan Byker, Christine Ela, Darrauld Vaughn, and Roger Mattison.

The large cast combined with seven scenes and the lively and spirited action make the play a vibrant test of the technical capability of all involved in the production.

Dr. Howard Richardson, author of "Dark of the Moon," will attend the final performance on Saturday night. He is expected to meet and talk with the cast after the play and will remain in the area till Monday when he will give a lecture in Sequoia Theater on the problems of the American playwright.

Aside from Kerry Collins and Tom Thompson, major roles will be handled by Tom Redmond as Preacher Haggler, Jon Keppel as Marvin Hudgens, Irina White and Pamela Holbert as the witches. Others in the cast include Lila Evans, Reginald Mintey, Gary Kilgore, Jean Morrison, Betty Philpott, Carolyn Jahn, Wayne Konkright, Ted Ballard, Stephen Land, Leonard Lang, Nancy Damon, Alan Falstreau, Laura Fisher, Susan Preston, Sharon Gneiting, Michael Murphy, and Amanda Besaw.

Tickets for "Dark of the Moon" may be purchased at the box office in front of Sequoia Theater.

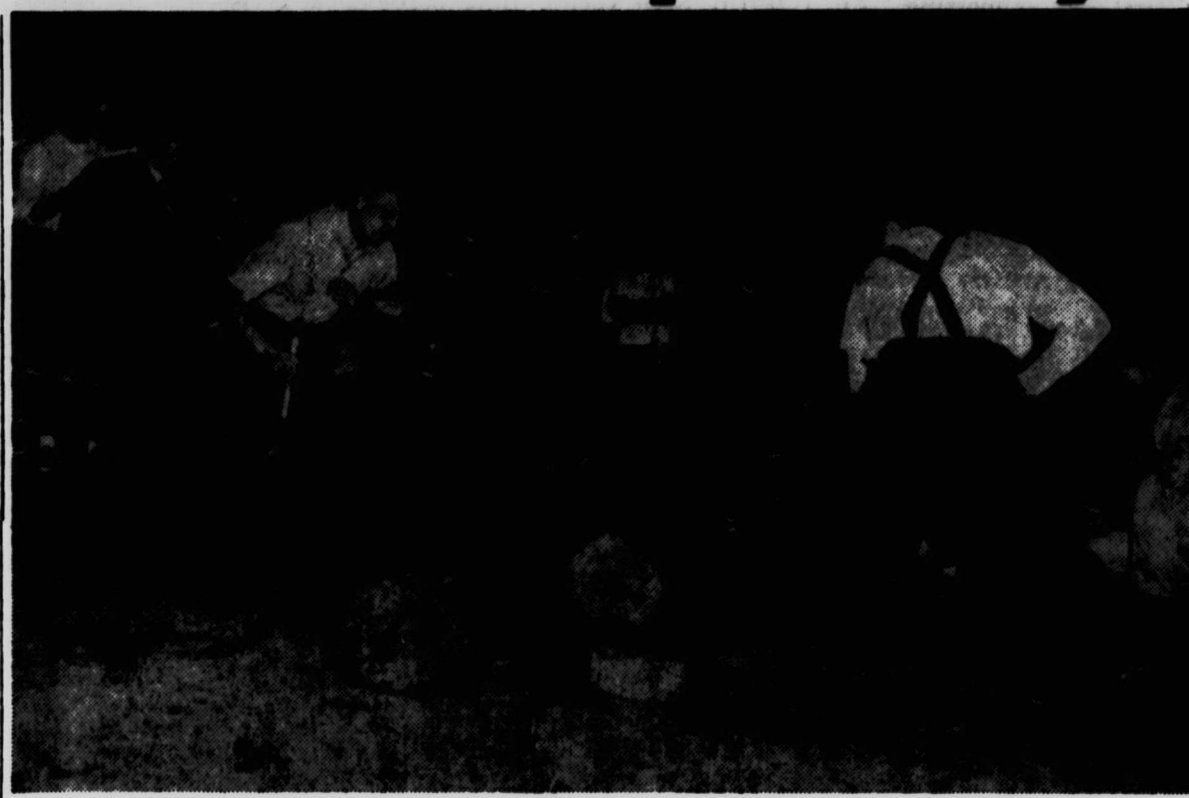

### Hilltop Calendar

**TODAY** — Classes dismissed at 12:00 for Lumberjack Days. (See schedule of events)  
—Water Show, 1:00 in College Pool.

**MONDAY** — Lumberjack Ent. meeting 7:00 in President conference room.  
—ASB Election, 8-4 Cafeteria, 8-12 Forestry Bldg., 12-4 Library.

**TUESDAY** — ASB Election, 8-4 Cafeteria, 8-12 Forestry Bldg., 12-4 Library.

**WEDNESDAY** — Recreation night, 7-9 in Men's Gym and swimming pool.

During the height of last year's Lumberjack Days, two campus loggers square off in the "Double Bucking" contest against the clock, that is. According to reports, this year's activities promise to be as exciting as last year's. The celebration began last night with the Spring Sing and will continue through today and tomorrow. (Photo Courtesy Sempervirens Staff)

### Lumberjack Days Gains Momentum, Classes Out at 12

By STEVE PEITHMAN

Lumberjack Days '65 gains momentum as classes are dismissed at 12 today, and the weekend's activities begin.

Last night's Spring Sing got things off to a good start, and the rest of the schedule is crammed with events guaranteed to divert every school-weary student.

A slave auction, sponsored by Delta Zeta sorority, kicks off the afternoon's activities at 12:15 in the cafeteria. The sorority will be auctioning off their pledge class to the highest bidders. The slaves are restricted to manual labor — cleaning house, washing the car — but some wise bidders have seen in this the perfect opportunity to bag a date for the weekend. In the past, girls have brought prices as high as \$30.

At 1:00, the synchronized swimming class will present a Water Show in the college pool. The colorful show is free to the student body.

The sounds of axe against wood, and the whine of chain saws can be heard in the fieldhouse today as the Bull of the Woods contest gets under way at 1:30. Events include double and single bucking — and if you don't know what bucking is, this is as good a chance as any to find out — axe throwing and other he-man activities. The girls won't be left out, however; they can compete with a man in mixed bucking, or set their caps for the title of Belle of the Woods, by showing their prowess at cutting and chopping. Contest chairman, Bob Gratton, looks forward to an exciting and fun-filled afternoon.

The men's gym will be transformed into a replica of Reno's famed Harold's Club tonight for the Sophomore class-sponsored Casino Night, from 7:30 until 1:00. Besides poker, blackjack and craps (with play money, of course) there will be dancing to the music of the Aesthetics. At 10:00 will be the Beard Growing Contest. All entrants be sure to be there.

There will be no slacking up on activities Saturday. Three hours of races and contests will start at 11:00 on the College Elementary School playground. Included in the events are a tricycle race, a

(Continued on Page 3)

### Two Candidates Are Vying For President Post As Spring Elections Are Monday and Tuesday

Associated student body members go to the polls Monday and Tuesday to pick new officials for almost every major position in student government.

Voting booths, which will hold ballots listing candidates for all head government slots except four carry-over representative-at-large posts, will be open in the cafeteria both days from 8 a.m. to 4 p.m.

Robert Henry

In addition, booths will be set up both days in the Forestry building (8 a.m. to noon) and the Library (noon to 4 p.m.).

According to rep-at-large Paul Turner, election chairman, candidates meeting last Friday's petition deadline have provided contests in all races but one. Sophomore political science major Jack Sheridan, present organizations commissioner, will run unopposed for the ASB vice-president position.

Candidates for ASB president are seniors Robert J. Henry, current ASB vice-president, and Dale G. Potts, a rep-at-large.

#### Henry

Henry, a 21-year-old political science major from Fortuna, in addition to his VP duties, is a member of the student disciplinary board, the Lumberjack Enterprises Revision Committee and is president of the Tau Kappa Epsilon fraternity. He served one year as a rep-at-large, was a member of the student union committee and is active in the Young Democrats Club.

#### Potts

Potts came to HSC in 1961 with a President's Physical Education Scholarship and served on the Freshman Executive Council that year. A varsity trackman, he joined the Delta Sigma Phi fraternity as a sophomore and was a member of the Humboldt Choral.

The native Arcatan joined the Lumberjack staff in his sophomore year and has served as sports editor, news editor, editor (twice) and distribution manager. He has twice been a discussion group leader for Humboldt-Del Norte Leadership Conferences.

A journalism major, Pott's activities also include membership in the Newman Club, Alpha Phi Gamma journalism honorary, the student union committee and he headed the local protest on the proposed library budget cut. Co-chairman for the 1964 Frosh Camp, he was chosen this year's Senior "Man of the Year."

#### Other Candidates

The only other two-man contest this spring is for the ASB treasurer post, now held by Dick Visser. Don Rubin and Richard Sanford have filed petitions.

A baker's dozen are seeking election to the six open rep-at-large positions. The winners will fill the slots vacated by Jane Cleveland, Joe Forbes, Helga Muncheimer,

Steve Peithman, Dale Potts and Andy Roccaforte. The remaining four representative posts, which are considered in the Fall election, are held by Suzi Winters, Paul Turner, Darius Adams and Tom Williams.

The candidates listed alphabetically, are: Allen Badgett, Suzanne Berrian, Ruth Bodner, Tom Cooper, Steve Eckard and Phil Hubbs.

Dale Potts

Also, Marcia Matson, Lowell Mengel, Doug Minkema, John Moring, Mark Morse, Steve Ruden and Bill Wright.

The election chairman said that all positions have one-year terms and urged students interested in responsible student government to cast their votes.

The ballots will be counted immediately following a short Legislative Council meeting at 4 p.m. Tuesday, by Election personnel. The Lumberjack will have the results in next week's paper.

### Schedule of Events

#### TODAY

- 12:00—Classes Dismissed
- 12:15—Slave Auction, Cafeteria
- 1:00—Water Show, Pool
- 1:30—Bull of the Woods Contest, Field House
- 7:30—Casino Night, Men's Gym

#### TOMORROW

- 11:00—Saturday Activities, C.E.S. Playground
- 12:00—Lunch, C.E.S.
- Activities Continue
- 2:00—Bed-Pushing Contest, North Arcata
- Bull of the Woods finalists compete
- Drawings after Bed Contest

## Let's Participate and Support

For perhaps the first time, a group from the local community surrounding the Humboldt State College campus, is doing something for the students of this college.

The North Arcata Merchants, realizing the economy that this campus means to their respective businesses, is doing something of major importance. The merchants, as many of you know, are sponsoring what is called "Appreciation Days", which is sponsored by the group this year in conjunction with Lumberjack Days.

Among the activities being sponsored include, a drawing for \$200 worth of merchandise, gifts and so forth contributed by each store in the association. Also, the group is sponsoring a bed race prior to their drawing and have provided an excellent trophy for the winner. This in itself is an excellent opportunity for student groups, fraternities, and the residence halls to enter into a well rounded and well handled activity. Not some beer bust as has occurred in past years.

The North Arcata Merchants are also supporting the band for this year's Casino Night as they have put up \$75 of the band fee.

The Lumberjack would like to encourage students, staff and others to participate in this "first" by supporting "Appreciation Days", and the merchants that are finally realizing the value that the students and campus has to their community.

Now all that has to be done, is to get the entire area interested, not just the North Arcata Merchants in returning some gratitude to Humboldt State for its support of the local economy and the opportunity that it has given to local people to better themselves by adding to their education while attending classes on the hill.

## Enrollment Here Limited to 2700 Full-Time Students By Chancellor

Maximum enrollment of full-time students at HSC for the 1965-66 academic year has been set at 2700 by the chancellor of the California State Colleges, Associate Dean of Admissions and Records Robert A. Anderson announced this week.

"The figure," Anderson said, "raises to 3,200 when counting part-time enrollment, but this number can be handled only if the college can secure qualified faculty members to fill present vacancies." The combined figure represents an increase of 300 students over the fall semester, 1964, he said.

Anderson said there is evidence that more qualified students may wish to attend than can be accommodated. Applications for admission are now running 44 per cent ahead of one year ago.

In view of these developments, HSC has established the policy of admitting students for the fall semester, 1965, up to the estimated enrollment limitations in the order of the following priorities: (1) continuing and returning students, (2) upper division and graduate transfer students, (3) first time freshmen and lower division transfer students who are qualified shall be granted admission up to 85 per cent of available spaces on a first-come, first-served basis.

Other qualified first-time freshmen and lower division transfer students may be chosen in consideration of: the applicant's geographical proximity to the college, the applicant's declared program objectives and individual situations which might seriously curtail the applicant's educational experience were he not admitted.

Other criteria are a determination by the college that admission of the student is necessary in order

to maintain a balanced program with respect to foreign students, out-of-state students, recipients of scholarships and awards, and with respect to students who would make a significant contribution to the college because of their background or special abilities.

Anderson stressed the importance of sending in applications for admission now, as those who wait may be turned down, even though they are qualified.

President Cornelius Siemens added that the maximum enrollment has "become an operational necessity" for Humboldt State and other state colleges.

"When it comes to the question of quantity or quality in Humboldt's educational program, there is just no alternative but to hold the number of students down to a realistic ratio to the number of qualified faculty and to the limit of financing provided in the proposed budget," he said.

He said that the Governor's 1965-66 budget authorizes 30 new faculty positions for Humboldt State. In addition, 24 vacancies are caused by leaves of absences, resignations and positions filled temporarily. This means that a total of 54 new faculty is needed for the opening of Humboldt's fall semester, but as of today, only 26 faculty appointments have been made, leaving 28 positions vacant with the normal recruitment period rapidly drawing to a close.

## Discipline Board Tests New Plan

Student disciplinary board members will establish procedural precedents today when they meet to hear three cases involving student misconduct.

Meeting in closed session at an undisclosed hour, the board will subject a procedure chart drawn up by pre-law student Bill Briody to its initial test. Students involved in the cases can appeal the recommendations of the board to the administrative level, according to the new plan.

A general session of the disciplinary board met yesterday to discuss the plan and set policies prior to the first cases. Those attending the session were Dr. Don Karshner, Dean of Students; Mr. James R. Cunningham, Test Officer; Dr. Nedd Girard, Dean of Testing and Counseling; Chuck Freitas, ASB president; Bob Henry, ASB vice-president; Jim Browne, Chairman of the Board of Control, and Bill Briody, board consultant.

The plan, which will govern procedures in all future misconduct situations, establishes five levels of jurisdiction, with the right of expulsion resting solely at the highest level, the Chancellor's Office. Warnings, probation and suspensions can be issued at the four lower levels of jurisdiction.

The plan explains the position of its sponsors and their goals in its preamble which reads, in part, "This Council believes that when a student applies to and is accepted by HSC that a contractual obligation is thereby in force between the two parties and that certain rights and privileges are accorded both parties."

## New Geography Course To Be Offered In Fall

A new historical geography course will be offered next fall semester and according to John Coleman, assistant professor of geography, it will give history students "an entirely new viewpoint" of this country's development.

The course is to cover the history of the United States from a standpoint of how the nation's major rivers, mountains and valleys helped influence migration patterns in the development of the nation.

Historical Geography will be open to undergraduates and recommended for all history majors.

By STEVE PEITHMAN

### THE WAR BETWEEN THE SEXES

#### Conclusion

Our little sojourn through history has shown the weaker sex to be winning many of the battles in this age-old conflict for the simple reason that the so-called "weaker sex" is actually the stronger sex on account of the weakness of the stronger sex for the weaker sex.

Last time we were immersed in the last decades of the 18th century, also known as the "snap-crackle-pop" era, or the Age of Revolution because of the tremendous number of people who were revolting. (Later, with the advent of indoor plumbing and the invention of the bathtub, they became less so).

The period between 1800 and

the present is reflected in the literature of the times. First there was the Romantic Period, when poets took time off from their daily affairs to write down all sorts of romantic things. Next came the Victorian Era, when people wouldn't even think about such things, much less write about them. Finally, the twentieth century, in which most people have been too busy to write.

Napoleon and Josephine were the most famous couple of the early 19th century. They got along fairly well, except on the issue of Josephine's cooking, which was atrocious. Napoleon usually tried to eat out (e.g. the Waterloo Cafe), but even so, portraits of the mighty emperor often pictures him grabbing at his stomach, obviously in the throes of heartburn caused by one of Jo's culinary horrors.

Most of the 19th century was taken up by Queen Victoria, who had a large family and needed the extra room. Victoria sat on the English throne for over 60 years—a tribute to her stamina and the craftsmanship of British throne-makers.

Victoria's husband, Prince Albert, stayed pretty much in the background. Later, an enterprising American tobacco company transferred that background, with Albert still in it, to a tobacco can, where it has remained ever since.

The 20th Century brought with it change and progress — and the War Between the Sexes underwent far-reaching changes too. The biggest changes occurred in the Roaring 20's which were silent enough at the start, but which ended with a bang somewhere on Wall Street.

In recent years, war tactics have tended towards — oh, the lady across the street had a good word for it, oh yes — sex. Those gownless-evening straps what are a compromise between the law of decency and the law of gravity are eye-catchers, to be sure, but most men look down on low-cut dresses.

In recent years, men seem to have gained in their struggle, but women are as determined as ever, and so the War continues to rage and neither side has yet to concede. Who will win? — ask any woman.

Until next time, we leave you with the following ancient Chinese proverb discovered by Dr. Philbert H. Raczinowci inside a bogus fortune cooky: "Tippacone and Minkema too." And that's thirty from the inscrutable East.

## Letters To The Editor

### TO THE STUDENTS:

I have thanked as many of those who worked long and hard on the College Union Election, but cannot possibly get to all of them: realizing that they might not be around to reap the harvest of a College Union they nevertheless contributed long hours toward making this campus a better place in which to obtain a real education.

Most of the student body felt this way, too, for they, in realizing the potential of a Union voted for change — for a College Union. But with more than 1/2 of those voting opposing establishment of a Union, even the largest turnout for a campus election could not bring it about.

I feel genuinely sorry for those who opposed it, and even more so for the future Humboldt State College students who will not have the use of the true center of the campus. In not securing the necessary two-thirds vote, I did not lose; the College Union Committee did not lose; the President did not lose; the Chancellor's office did not lose; nor did the Board of Trustees: the students lost.

Sincerely,  
Peter E. Black  
Chairman,  
College Union Committee

Dear Sir:

I think it safe to assume that the great naturalist, Alexander von Humboldt, who gave his name to the college, would be in favor of a National Redwood Park if he were alive today.

Now that we hear so many debates about the Park, while at the same time there is a movement underway to change the name of the College, I have been wondering: Is there a connection between these two discussions?

Most sincerely and gratefully yours,  
Gisela Gimbel (Mrs.)

## Late Breaking News

## College Administration Vacancies Filled By Eastern Replacements

The appointments of Dr. Robert Leon Ewigleben, Fort Wayne, Indiana, as Dean for Administrative Affairs and Dr. James D. Turner, Carbondale, Illinois, to the post of HEC Vice President for Academic Affairs were announced last week by President Cornelius Siemens.

Dr. Ivan Milhous since the retirement in June, 1964, of Dr. Homer Balabanis has been filling the Office of Vice President for Administrative Affairs on an interim basis. Since the death of Dr. Lawrence Turner, the post of Dean for Administrative Affairs has been vacant.

The new Academic Vice President, Dr. Turner, will be leaving the post of Assistant to the President at Southern Illinois University, Carbondale. Presently he is on special assignment at Camp Breckinridge, Kentucky, as director of some 2,000 youths at the Job Corps urban training center. Dr. Turner also holds the rank of full professor of sociology.

Dr. Turner is a native of Edinburg, Mississippi, and is a retired major in the Marine Corps after serving as a fighter pilot during World War II. He obtained his bachelor's degree from Mississippi Southern University in 1946 and from Indiana University he received both his Masters degree in sociology and his Doctor of Philosophy degree. Prior to teaching sociology at SIU and serving as administrator of the University's East St. Louis center, Dr. Turner taught at Indiana University and Florida State University.

Editing a seven-volume publication, "The Administration of Criminal Justice in the United States" and being a member of both the national and regional professional societies are two of Dr. Turner's outside activities. He is 45-years-old, married and has three sons.

## Activity Office Asks Final Event Schedule For Master Calendar

Calendar dates for the school year 1965-66 are requested by the Activities Office since the College Master Calendar is now in preparation, according to Miss Kate Buchanan, Dean of Activities.

Miss Buchanan points out that as the number of scheduled events increases, it becomes more difficult each year to add or change scheduled dates. Those scheduled early are reasonably sure of getting their choice of calendar date.

Requests for late-scheduled events will not be granted if they jeopardize in any way the attendance or success of any event scheduled earlier.

In the past it has been possible to schedule many events in the fall and even during the school year, as well as to move dates of scheduled events with some freedom. The fact that this is no longer feasible is of great importance to clubs and organizations, as well as to faculty and ASB groups.

Date requests should be submitted in writing to Dean of Activities, 214 Administration Building, as soon as possible, if a specific date is of concern, said Miss Buchanan.

## Forbes Resigns In Protest To Council's Action

By STEVE BRANDOM

During the Legislative Council meeting held last Tuesday night at the home of Dr. and Mrs. Cornelius H. Siemens, ASB President Chuck Freitas announced the resignation of Joe Forbes, representative at large.

In his letter Forbes stated that he was resigning because he felt that Council had ignored the feelings of the students they represent by defeating the motion which called for the placing of the question of paying the ASB President on the ballot at the next election. Council accepted his resignation.

In other business, Jack Swickard read a letter from the Board of Control stating that the Freshman Class Constitution which had been accepted by Council was invalid.

It was the consensus of Council that since they had not received official notification as to the validity of the Constitution prior to their action, the Constitution is still valid.

After Council had finished its business, President Siemens allowed members to question him on any phase of the school that they wished to.

## Day's Roll

(Continued from Page 1)

sidewalk surfing contest, a volks-wagon-carrying contest, a tug-of-war and relay races. Both organizations and individuals will be competing for prizes. The campus activities will be climaxed by the IK-sponsored chariot race. Teams from various organizations will pull chariots over a rough and rugged course layed out by the service organization.

A picnic-style lunch will be served at 12, and contests will continue until two. At two, attention moves to North Arcata, where merchants are sponsoring a Bed-Pushing Contest through North Arcata. Several teams will compete in this wacky race for the oversized trophy. Other events in North Arcata include competition between the Bull of the Woods finalists, and drawings for merchandise.

The Spring Formal will bring Lumberjack Days to a close. The semi-formal affair is sponsored by the four classes and bids are available for \$2.00 a couple.

Members of the Lumberjack Days committee include Shirley Nicholson, Bob Gratton, Alice Thomson, Vern Frost, Doug Minckema, Terry Marquette, Don Riddle, Paula Brink, Jean Esget, and advisor Terry Smith.

SANDRA MARKLEY

## Spring Formal To Close Out Three-Day Blast

The annual Spring Formal will be held tomorrow night in the men's gymnasium beginning at 9:00 p.m. under the sponsorship of the freshman, sophomore, and junior classes.

The Ken Davis Quartet will provide music for the "Spring Fantasie", and buffet will be served.

Bids are two dollars per couple.

The coronation ceremony will highlight the evening's activities, with Sandra Markley, Louise Bonomini, or Sandy Burroughs reigning as queen of the affair, according to Roger Schmidt, coronation committee Chairman.

The Junior class sponsored candidate is Sandra Markley, a blue-eyed, brown-haired junior who hails from Crescent City. She is majoring in biology, and eventually plans to enter into internship as a medical technologist.

Louise Bonomini, a 19 year old sophomore from Eureka, is the Sophomore class queen candidate. Majoring in Spanish, Louise will be studying overseas as a participant in the overseas study program, next year. She will return to HSC for her final year of college, to prepare herself for a teaching career in Spanish.

The Freshman class has decided on Sandy Burroughs to represent it in the contest. Blond-haired, green-eyed Sandy graduated from St. Bernards High School in Eureka last June, and is presently majoring in Spanish. Upon graduation she plans to make a career in elementary education.

Appropriate dress for this affair is semi-formal, with men wearing dark suits and women wearing short cocktail dresses.

## 'Guest Night' Is Last Performance Of Year For Chamber Music

The last chamber music program of the semester was presented last Sunday evening featuring HSC music students and area musicians in what Mr. Floyd Glende, in charge of the programs, called a "Guest Night" performance.

The program began with a Sextett in E-flat by W.F.E. Bach and "Kleines Konzert" by the contemporary European composer Alfred Uhl. Music student Kenneth Thruston was featured cello soloist in the Concerto in A Minor by A. Vivaldi, a Baroque composer noted for his hundreds of concertos and string works.

Sonata I, Opus 14, by eighteenth century composer Carl Stamitz, was written as one trio of six and performed by flute, violin and harpsichord and cello acting as one instrument. The program closed with a Suite by the contemporary modern composer Earnst Krenek who is well known in the field of atonal and 12-tone scale music, said Mr. Glende.

Since the date for the May chamber music program falls during finals, Mr. Glende said it would be omitted and the next program would not take place until fall.

## HSC Debators Attend Forensics Tourney

Six HSC debators attended the Northern California Forensics Association tournament at San Francisco State College April 23 and 24, according to speech instructor Ron Young.

Those attending were: Mike Seeley, Gary Anderson, Mike Viera, Jim Bloxham, Penny Deacon, and Janice Robb.

Seeley and Anderson placed fourth in the Senior Division while Viera and Bloxham had a four-two record in Junior Division.

## KHSC Airs Live Jazz Program On Weekends

The campus radio station, as it expands its operations, now offers several live broadcasts, one of which is Jazz Enthusiast Rex Heuschkel's live Jazz show now appearing on the "Saturday at State" series.

Heuschkel has produced the taped series, "Dialogues in Jazz" on the campus station for the past year and now has expanded his interest into offering listeners a live show with talent coming from the Hilltop campus.

Among his guest are Gary Coon on the piano, Ken Davis on the Saxophone with Hal Brown, Ben Randle, Steve Wright along with John Mell completing the group.

In an interview with the Lumberjack, Heuschkel said, "we have lots of local talent, and I've decided that our station could be livened up a bit by introducing more live programming."

For interested onlookers, Heuschkel has stated that everyone is invited to attend the session which is held in the Television Studio in the Language Arts building at 2 p.m. on Saturdays.

The regular scheduled taped series, Dialogues in Jazz still is on the air in its regular scheduled time slot on Thursday nights.

## Exchange of Tickets For Dark of the Moon

People holding tickets for this week's production of "Dark of the Moon," are asked to exchange them in the box office for next week's performance on May 6, 7, and 8.

Lumberjack Acct.

## Television Drama Wins First Place For Department

First award plaque for college television drama was awarded to Humboldt State College for its program entry of "A Midsummer Night's Dream" on April 23, according to Dr. Dale Anderson, head of Radio-Television department.

The award was made at the fifteenth annual Radio-Television Guild of San Francisco State College. Members from all aspects of the broadcasting industry as well as representatives, faculty and students from colleges and universities on the west coast attended.

Entries were judged by a panel from the broadcasting industry in the Bay Area on the basis of originality, technical competence, and commercial acceptability.

"These awards are presented to both the broadcasting industry and educational institutions for their outstanding contributions to the fifteenth annual conference, so we are extremely proud of HSC," Anderson said.

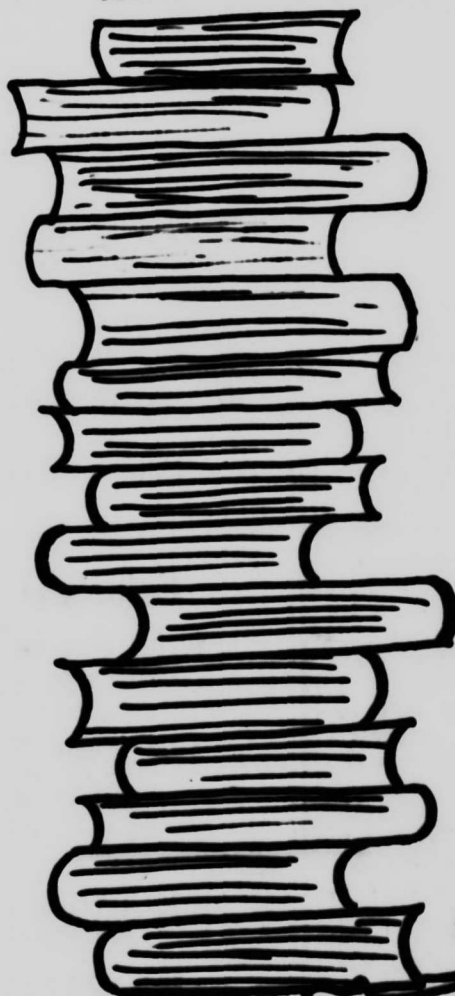

At last year's fourteenth annual conference, HSC took two first place awards in both television and film divisions of competition.

## Water Show Changed To Today At 1 p.m. In The College Pool

The performance of the water show has been changed from yesterday to today. The show will begin at 1 p.m. in the college pool.

The show is under the direction of Dr. Leela Zion with the students of the synchronized swimming class and the water show production class doing their own choreography, sound effects, costumes, makeup and stage props.

Choreographers for the show and their swimming numbers are, "The Bull Fight," Jonel McCoy and Marcia Troy; "Sophistication," Kathleen Leber; "Fear," Mike Wagner; "Desert Sounds," Jonel McCoy; and "Aspiration," Kathleen Leber.

## Green, Gold Key Pick Six Students At Spring Sing

Recognition for "excellence in student affairs" went to five juniors and one senior last night as the Green and Gold Key organizations initiated new members during Spring Sing ceremonies.

The six, who will form the nucleus for the joint organizations' expansion next year, are Darius Adams, Linda Edwards, Robert Henry, Lana Linzer, Steve Peithman and Dale Potts. The group brings to 133 the number of students recognized since 1955.

DARIUS ADAMS is a forestry major and a member of the Xi Sigma Pi honorary. He served as chairman of the 1964 Homecoming, twice as a representative-at-large, and is also a member of the academic honorary Chi Sigma Epsilon.

LINDA EDWARDS, a business major, is president of the Delta Zeta sorority. She was a member of the Homecoming committees of '62, '63 and '64, and was an officer in the Associated Women Students. Both as cheerleader and a songleader, she was the recipient of the College President's Leadership Award.

BOB HENRY, current ASB vice-president, spent one year as rep-at-large and served on the student union committee. A political science major, he is president of the Tau Kappa Epsilon fraternity.

LANA LINZER is a history major preparing for a career in speech correction. She was a member of Spurs, secretary of the Inter-Club Senate, and secretary of the Class of 1966. A contributor to the 1964 Casino Night, Dad's Day and Frosh Camp, she has also been on the forensics squad and is a member of its Pi Kappa Delta honorary.

STEVE PEITHMAN, an English major, has been active in music, journalism, and student council. He has been a member of the Student Activities Commission and is chairman of the Lumberjack Days committee. A three-year member of the HSC Madrigal Choir, the music group Mu Epsilon Psi, and an actor in last year's Pirates of Penzance, he has also served on the Lumberjack and Toyon staffs and is a member of the Alpha Phi Gamma honorary.

DALE POTTS, a journalism major and the only senior in the group, has filled several Lumberjack posts, including twice being editor. He is a track letterman, co-chaired the 1964 Frosh Camp and has helped organize the High School Leadership confabs. He is also active in student council and is currently a rep-at-large.

## KHSC To Observe Nat'l Radio Month To Explain Services

Radio station KHSC-FM announced today that it would join more than 3,000 other radio stations in observing National Radio Month, May 1-31.

The annual, month-long event is designed to acquaint the public throughout the country with the many and varied services radio provides. It is sponsored by KHSC and other radio stations and network members of the National Association of Broadcasters.

Gordon Schmidt, general manager for KHSC said the theme for this year's observance will be "radio—the sound of year round pleasure". He also mentioned that the station will be broadcasting musical announcements and brief programs designed to highlight radio month.

Designation of May as national radio month pre-dates World War II, said Schmidt. Recent years have seen the observance grow to an industry wide participation, with many allied industries, civic organizations and retailers joining in commemorating the event.

This semester KHSC broadcasts 45 hours a week, with a staff made up entirely of students.

## Student Science Club Visits Radiation Lab

Recently the Physical Science Club went on a field trip to the Lawrence Radiation Laboratory in Livermore. The main purpose of the trip was to observe types of physical research the future students might undertake in an industrial laboratory.

Dean Hodges, Jessica Chasko, Steven Harold, Carl Gragg, Brian Riecke, Andrew Chasko, Tim Gentile, Leo Ferroni, and Carol Cranston were among the students participating.

At the laboratory they viewed the Livermore Pool-Type Research Reactor and the Linear Accelerator. The students were hosted by Dr. Walter John and Donald White.

Professor Fred Cranston, who is a consultant for the Lawrence Radiation Laboratory, accompanied the group.

## Concert Choir Tour Is Set For May 3-4

The Concert Choir has planned a two-day concert tour for May 3-4 to Willits, Ukiah, Cloverdale, Lakeport, and Upper Lake, announced Dr. Leon Wagner, director.

They will sing at high schools in each community and will present an evening community concert in Cloverdale.

The group will travel by bus and state car and will spend the night in Cloverdale.

## HSC Wins First In Wildlife Meet

In spite of opposition from the weather and tough competition from other schools, Humboldt State won first place in the Wildlife Bowl at the first annual meeting of the Western Students Wildlife Conclave, held April 9-10 at Utah State University in Logan, Utah.

HSC defeated Colorado State University twice and Utah State University once to win the contest. Other schools attending were: University of Oklahoma, Texas A. & M., Sacramento State College, and Oregon State University.

HSC's four team members were Fred Zeilemaker, Mark Morse, Richard Sanford, and Jim Andrews. Others attending were Carol Sharp, Jim Wangberg, Bob Wielk, and Bill Smith.

Theme of the WSWC this year was "Reaching for Professional Excellence", which was the topic of the keynote speech, given by Dr. C. L. Cottam, director of the Welder Wildlife Foundation in Texas. Other speakers were William L. Reavley, Western Field Representative of the National Wildlife Federation, and Jack H. Berryman, past-president of The Wildlife Society.

Also included in the program were WSWC business meetings, a banquet, a panel on student readiness for employment, and field trips to Heart Ranch Elk Refuge, Bear Lake Fisheries Biology Station, and Bear River Migratory Bird Refuge.

At the final meeting, the members voted to have the WSWC meet at Colorado State University in Fort Collins, Colorado in 1966.

## Student Recital Scheduled For Sunday Evening

A recital of folk, classical, and contemporary vocal music will be presented to the public by two music students on Sunday evening, May 2, at 8:15 p.m. in the music building.

Miss Gale Wilcox, soprano, and Gerald Hampton, bass baritone, will each present two sets of songs. Hampton will open the program with "Vittoria, Mio Core" by Carissimi and selections by Lully, Mozart, and Beethoven. In his second set he will sing three romantic and contemporary pieces.

Miss Wilcox's selections will include songs by Scarlatti, J. S. Bach, and Peri. She will conclude her last set with songs by Gounod, Grieg, and A. Bax. Miss Wilcox and Hampton will conclude their recital with two duets by Mozart.

Hampton, who will be accompanied by Mark Gaedicke, is a junior music major, a transfer from Modesto Junior College. He sang the lead in two musicals there and is a member of Choir and Madrigals here.

Mary Kay Hartman will accompany Miss Wilcox in her recital and is also a junior music major. She lives in Eureka, is a member of Choir and Madrigals, and had the lead in "Pirates of Penzance" here last year.

Dr. Leon Wagner, director of Choir and Madrigals and instructor of the two students, said that the public is invited to the recital and that there is no admission charge.

## Park Discussion Postponed, Set For Next Fall

The pro-con forum which was to be held on the 'Ecological and Economic Impact of the Proposed Redwood National Park' has been postponed reports chairman Dale Bridges.

The panelists of the proposed May 6 event were to range from state to federal figureheads, representing both sides of the story.

The heated park-issue event was temporarily called off since none of the desired speakers are available until next fall; at which time the campus planners hope to recall the debate it was reported.

"A debatable issue as this could have brought a tremendous campus turnout of local citizens, and still should next fall," says interested onlooker Jim Harter.

The affair had been in the making for the past three months through the workmanship of three clubs; Boot 'N Blisters, C.U., and Forestry. At a past meeting, the Boot 'N Blisters instigated the idea and with the okay and delegate support of the other two clubs, began the task of preparation.

Representatives were Jim Andrews - C.U., Warren Warfield - Forestry, and Norma Gartner, Marilyn Green and Chairman Dale Bridges - Boot 'N Blisters.

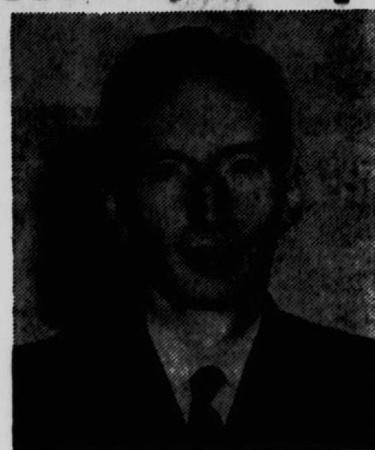

## Hagestrand Injured, Is In Fair Condition

Allen Hagestrand, a graduate student working for his masters in physical education, remains in fair condition in the Trinity Hospital as a result of injuries he received in an accident last weekend.

Formerly an All Far Western Conference wrestler, Hagestrand suffered major injuries in the Saturday morning accident which totally demolished the car he was driving south of Arcata.

FOR SALE—8-speed bicycle, excellent condition, \$60. See Noel Groshong or call 822-7898.

## Former Student Promoted to Capt.

CAPT. LORIN WOODCOCK

The promotion of Commander Lorin F. Woodcock, 46, of Alton, Calif., and former Humboldt State student, to Captain in the commissioned corps of the nation's oldest scientific body was announced recently by the Coast and Geodetic Survey, U.S. Department of Commerce.

Since January, Woodcock has been commanding officer of the C&GS Ship PATHFINDER, one of 14 vessels in the agency's "white fleet" which surveys coastal waters, searches for underwater hazards to navigation, makes gravity and magnetic measurements, conducts tidal and tidal current surveys, and engages in deep sea oceanographic research.

Prior to this, Woodcock was executive officer of the PATHFINDER from March 1964.

A native of Rohnerville, Calif., Woodcock attended high school in Fortuna, and Humboldt State College, and graduated in 1940 from the University of California with a degree in civil engineering. In June 1964 he received a master's degree in geodetic and photogrammetric engineering from Cornell University.

## Junior Jacks Take Double-Header Win

The Junior Jacks prepared for the final few games of their season by defeating Ft. Bragg in both ends of a double header on March 29.

The first game was a catastrophe for the high school nine as Mike Wolfington and Carryl Clement collected three hits apiece in leading the collegiates to an 11-1 victory. Jim Constantino gave up only four hits in registering the victory.

In the second game the five-hit pitching of Ken Overmore settled the contest at 3-0 in the Junior Jacks favor.

## Net Men Meet Oregon Tomorrow In Final Match Before FWC Meet

Coach Larry Kerker's Lumberjack tennis team will host Southern Oregon in a non-conference match today at 1 p.m. on the 'Jacks' courts.

Yesterday the 'Jacks' played host to the Chico State Wildcats in a Far Western Conference match. The Humboldt squad went into yesterday's action with a 4-2 conference mark.

Today's match will serve as a final tune-up for the Far Western Conference meet to be held next Friday and Saturday at Sacramento State.

Last week the 'Jacks' bettered their conference record with a 6-3

victory over the Nevada Wolf Pack.

Humboldt dropped the opening singles match but, came back strong to sweep the final five singles contests and then captured one of the three doubles matches.

Bob Daoust and Mike Schmidt led the 'Jacks' to their victory as each won their singles match and then teamed together to win the 'Jacks' lone doubles victory.

Daoust, playing number two, won his singles match as he defeated Kurt Taylor 4-6, 6-1, 6-4. While playing in the number six position, Schmidt won his match over John Young 3-6, 6-4, 8-6.

Later Daoust and Schmidt teamed up to defeat Bill Tine and Dave Chism 1-6, 6-2, 6-1 to give the 'Jacks' their only doubles victory of the match.

Other singles winners for the Lumberjacks were Abbott Squire, Mick Miller, and Dennis Oakes. Squire took his match from Tine 6-2, 6-0, while Miller was dropping Jack Raycraft 6-1, 6-0, and Oakes was decisioning Chism 6-1, 6-0.

Jerry Allen, the 'Jacks' number one man in the match, was edged out in three games 6-3, 3-6, 1-6.

## Golfers Take On Cal Aggies Here

Franny Givins' golf team topped Nevada in a dual match Saturday played at Reno.

The 12½ victory gave them a 3-3 record with only one dual match left in the season. Tomorrow the Cal Aggies will meet the Hilltoppers at the Baywood Country Club with the tee off set for 8 a.m. Coach Givins hopes his club will be able to handle the Aggies and go into the Far Western Conference Finals with a winning record. The Finals are scheduled for May 13-14.

In last Saturday's match Dennis MacManus scored a 2-7 win over Lance Hanson (77-79) while teammate Ron Harling bowed to Arnie Manpin 3-0 (85-78). The Aggies took 3 points for the best ball. Then Roger Sesna and Dave Perry scored wins over Bill Jakard and Luke Whalen, 2½ to ½ (78-80) and 3-0 (77-84). This time Humboldt was awarded the best ball and 3 more points to ice the match.

Gators to notch the win with a six hitter.

The Lumberjacks left 13 men on base as they could not come up with hits with men on base. In the second and seventh innings the 'Jacks' had the bases loaded but failed to come up with a run either time.

Wilkinson started the game for the 'Jacks' and went seven innings and gave up four hits and four runs. He was relieved in the eighth by George Lottritz who pitched the final two frames and gave up one run on two hits.

Catcher Ben Terry accounted for half of the 'Jacks' six hits in the second game as he hit a single, double, and a home run.

## Over 200 Students Form Two Eight Team Leagues

Over 200 students are presently participating in the intramural softball program here which began last week. There are two leagues—American and National—each with eight teams.

Fifty-six games are on the schedule which continues until May 30. Three games are played every afternoon from Monday through Thursday.

To accommodate all the games three fields have been put into use. Field "A" is located at left field line of the baseball field. Field "B" is located at right field line of the baseball field and Field "C" is located at the intramural field across from the new Corporation Yard.

Games on the first two fields start at 6 p.m. while those on the third field begin at 5 p.m.

Each game lasts five innings or one hour and fifteen minutes.

Teams competing in the American League are the Individuals, Low Rollers, Los Malos, Hookers, Delta Sigma Phi, The Brown Helmets, The Little Rascals, and the Forestry Club.

The National League is made up of the Bashabazooks, Nelson Hall, The D.O.M.S., Psychology Dept., Intercollegiate Knights, Moon Racers, Stickers, and the Fickle Hill Athletic Club.

Schedules of all games can be picked up in the gym.

A typical Southern Oregon Red Raider is shown above all ready to take on a Lumberjack tennis player in today's match on the Humboldt courts. The match is scheduled to start at 1 p.m.

## Varsity Nine At Nevada For Double-Header Today

The Lumberjack baseball team will be out for its first Far Western Conference double header sweep today when they take on the Nevada Wolf Pack in Reno.

The 'Jacks' failed in their third bid for a sweep last weekend when they were edged by San Francisco State in the night-cap after winning the opener.

The 'Jacks' now sport a 2-4 FWC record and a 17-9-1 overall mark.

Coach Bill Ireland's University of Nevada team enters today's action after losing two games to league leading Sacramento State last weekend. The Wolf Pack now has a league mark of 3-5.

The Silver and Blue squad has their greatest depth in many seasons. Back this year is senior Barry McKinnon, all Conference outfielder last year, and a power hitter. Returning also are catcher Steve Kosach, infielders Rod Mathisen and Bruce Nickerson, and outfielder Nik Walters.

Lumberjack coach Ced Kinzer will probably go with his usual top starters in today's twin bill with righthander Dennis Filkins and lefty Bill Wilkinson.

Last weekend the Lumberjacks split their double-header with the Gators as the 'Jacks' won the opener behind Filkins' two hit pitching 7-1 and dropped the night-cap 5-2.

The first game was a case of good pitching and power as the 'Jacks' breezed to an easy victory. Filkins pitched the entire seven innings giving up just two hits, both doubles, while walking just one and striking out nine.

In the night-cap lefty Ron Fell went the full nine innings for the

Who Me!!!! Yes, the 'Jack golf team takes on the Cal Aggies tomorrow on the Baywood Golf and Country Club course. Tee off is scheduled for 8 a.m.

## Thinclads In FWC Championships Next Saturday At Sacramento

The Lumberjack track squad will travel to Sacramento on Saturday, May 8 for the Far Western Conference track championships with the meet starting at 1 p.m.

The Far Western Conference championships will be a tossup between the University of Nevada and the Sacramento State Hornets with the Cal Aggies standing a good chance of taking third. The Wolf Pack is stronger in the sprints than the Hornets while the Hornets have the edge in the distance races.

Cal State, the most surprising team this year, has a good chance of taking a top place.

Last night the Hilltoppers hosted the Chico State Wildcats on the Redwood Bowl oval.

Last Saturday the Lumberjacks traveled to Reno for a dual meet against the University of Nevada Wolf Pack and came back with a 129-16 romping.

Several men turned in their best performance this season but it was not good enough as the locals were only able to take one first. The lone first place was won by Tom Farmer as he won the triple jump. The Wolf Pack swept 8 of the 10 track events and 2 out of the 7 field events.

Other finishers were John Lewis who took second in the javelin, while Tom Atzet placed second in the broad jump. Pete Sturman took

a third in the 330 intermediate hurdles, Ed Wallace took a third in the 120 high hurdles, Roger Davy placed third in the discus and D. Cain third in the high jump.

### When Has There Ever Been A Sport Like Bowling?

... that people of all ages can participate in and enjoy together? That provides groups like yours with year-round activity plus an annual social event, the awards dinner? That can be used by groups or organizations for fund raising? That allows everyone to participate in, no matter what the ability? ... and that's so easy to learn?

What other sport can you take part in that offers you so many advantages such as meeting new people who like to enjoy life, companionship, a sense of belonging to a group, and gaining recognition.

Yes, gaining recognition, everyone wants to achieve something on their own that will give them pride in themselves. In bowling this can be done, and not only are you rewarded through self pride, but through the league you bowl in and through the national associations such as the ABC and WIBC.

Prize money too, is awarded to you when you bowl in a league. Whether your team is 1st place or last place.

And, don't let us forget the healthful advantages that bowling has to offer. Swimming uses more muscles and burns more calories than any other sport. Bowling is 2nd. But, unless you own a swimming pool, or live in a tropical climate who can swim year around? Bowling keeps you young.

Cost, you say ... instruction is free, and where else can you have so much fun in an hour's time for only \$1.00 to \$1.50. Even costs less if your group is larger. Whether it is by the hour or by the game, it's fun, wholesome and economical.

No one gets turned down when they "try for the team" and no one is unable to bowl, unless you are armless.

Paraplegics do bowl, people who are blind, bowl. Yes, entire leagues are built of people with the problems just mentioned above. Why don't you bowl?

### Six P. E. Instructors Participate During Recent Conference

Six members of the physical education staff recently attended the annual California Association of Health, Physical Education, and Recreation conference at Monterey.

This was an in-service meeting of over two thousand physical and health educators for the interchange of ideas, consideration of new trends in the professions with the latest information offered by nationally prominent professional people from universities, colleges, medical profession, manufactures, public schools, and government agencies.

Dr. Ford Hess and student Howard Covington presented a research report in health education while Mrs. Kay Chaffey chaired a section on the modern dance. Dr. Joseph Forbes and Dr. Louise Watson were on the program of the colleges and universities division. Mr. Francis Givins checked on new programs in folk and square dancing, while Dr. Leela Zion attended sessions on professional preparation of teachers.

A discussion of the effects of the Fisher Bill on the profession and the latest regulations of the Department of Education, with regard to scheduling of physical education in public schools, was held.

### Speech Students Vie In Easter Week Meet

Six students competed during Easter week at the oral interpretation festival at Chico, according to Mr. Ron Young who accompanied the students.

Of the eight entries, HSC received awards for excellence in oral interpretation. In addition, Judy Jylkka received a superior award in oratory.

Students attending the tournament, in addition to Judy, were: Mike Viera, Allen Branco, Jan Esget, Dolores Fahlander, Beverly Eyer.

### HSC To Gamble At Casino Night In Men's Gym

By JOYCE CLOER

Casino Night! That's tonight, and it highlights the Friday night edition of the gala festivities of traditional Lumberjack Days.

Yes, tonight's the one night that gambling on the Hilltop campus has been completely legalized via paper money.

Casual clothes should help set the right mood for this western-type affair that will get underway at 7:30 p.m.

And facilities donated by the famous Harold's Club of Reno should help set the right mood for some money-making madness as the volunteer men from the Tau Kappa Epsilon fraternity begin their roles as dealers when the doors to the men's gym open.

If the first hour of Casino Night proves fatal to one's stack of paper green, there's no need for distress. A local HSC student group hailing from Gold Crest, the Aesthetics, will brighten the night again by providing dancing music from 8:30 to 1:00.

Therefore, there's really no problem if one isn't a real card sharp. Just some wild movements better known as the Jerk, Frug, Swim, Surf, etc., will certainly double the pleasure, double the fun, etc.

Not only will the Pepsi Generation attend, but some P.E. sponsored chaperons will also be on hand to try for a winning streak, thanks to George Dyer.

And all this is free, according to Terry Marquette, Sophomore Class President and chairman of tonight's event.

He has planned this event in collaboration with other Sophomore officers Don Riddle, Nancy Yocom, and Lana Cox.

"We sure hope it will be the best Casino Night ever," said Marquette, "and we think it can if most of the student body turns out for all the fun."

So, dig up the old Lumberjack spirit! Remember, tonight just might be your lucky night! The only way to find out is to GO!

### Some Three Hundred Students Attended Recent Tournament

Over 300 business students from seven high schools attended the 10th Annual Business Tournament last Saturday.

The tournament, designed to interest outstanding business students in attending Humboldt State, brought students from Fort Bragg, Del Norte, Fortuna, McKinleyville, Arcata, Ferndale and Eureka High Schools.

First place trophies were awarded in the fields of shorthand, and typing, both electric and manual to the best three member team in each field of competition. Eureka High took firsts in shorthand and manual typing, while Fortuna sweep a first in electric typing.

The highest individual typing scores were achieved by Susanne Ghens of Fort Bragg with 54 net words per minute and four errors in the manual typing competition, while Carol Allen from Fortuna's Electric typing team scored 72 net words per minute with three errors.
